officers having power to issue them will be implied to extend to the making of recitals therein essential to their validity, i.e., that all conditions precedent to their issuance have been fulfilled; and where they recite that the city council has caused the corporate seal to be affixed to them and the signatures of the mayor and clerk attached, the city is estopped to contend that they were signed by those officers without authority. *Edmunds v. City of Glasgow*, 89 M 596, 599 et seq., 300 P 203.

Town could not lawfully contract for installation of water system in excess of constitutional debt limitation without approval of taxpayers. *Lumbermen's Trust Co. v. Town of Ryegate*, 50 F 2d 219.

Id. Town which did not submit to taxpayers question whether constitutional debt limit might be exceeded held not liable, on implied contract, to holder of special improvement district bonds for construction of water supply system, where bonds were declared void.

5039.64. Sidewalks and foot pavements. The city or town council has power: To regulate and provide for the construction or repair of sidewalks and foot pavements, and if the owner of any lot fails to comply with the provisions of the ordinance within such time as may be prescribed thereby, the council may contract for the construction and repair of such sidewalks or pavements, and the city or town may pay for the same, and the amount so paid is a lien upon the lot, and may be enforced or the amount may be recovered against the owner by a suit before any court of competent jurisdiction.

History: En. Subd. 65, Sec. 5039, R. C. M. 1921; amd. Sec. 1, Ch. 115, L. 1925; amd. Sec. 1, Ch. 20, L. 1927. See also history of Sec. 5039.

Sidewalks

An assessment levied in 1908 to pay for the expense incurred by a city in the construction of a sidewalk without first giv-

ing the owner of the abutting property notice and affording him an opportunity to construct it himself, as required by the statute and an ordinance of the city then in force, was invalid and constituted no lien on the property. *Murray et al. v. City of Helena et al.*, 65 M 485, 491 et seq., 211 P 197.

5039.65. Granting of railroad rights of way—regulation of railroads—speed—flagmen at street crossings. The city or town council has power: To grant the right of way through the streets, avenues, and other property of a city or town for the purpose of street or other railroads, and to regulate the running and management of the same, and compel the owner of such street or other railroads to keep the street in repair when occupied by such street or other railroad; to regulate the speed of railroad engines, and to require railroad companies to station flagmen at street crossings.

History: En. Subd. 66, Sec. 5039, R. C. M. 1921; amd. Sec. 1, Ch. 115, L. 1925; amd. Sec. 1, Ch. 20, L. 1927. See also history of Sec. 5039.

Right of Way

The use to which a railroad proposed to be constructed in the streets of a city by a mining company was to be put in haul-

ing supplies, ores, etc., to and from the company's mine, as well as supplies, ores, merchandise, etc., which might be offered for carriage by any person or corporation, was a public use. *Kipp v. Davis-Daly Copper Co.*, 41 M 509, 520, 110 P 237.

Id. A railroad proposed to be constructed by a mining company over the streets, and entirely within the limits of a city,

for the carriage of supplies, ores, etc., which would otherwise have to be conveyed by teams, is not a "commercial" railroad as distinguished from street railroads; such contemplated use of the city's streets falls within their ordinary uses; and hence no additional servitude is cast upon the owner of abutting real property for which compensation must first be made.

The municipal authorities which have control of streets and highways may use or permit the use of them in any manner

or for any purpose reasonably incident to the appropriation of them to public travel. For such changing public uses the owner of abutting property is presumed to have received compensation when the way was created. *Kipp v. Davis-Daly Copper Co.*, 41 M 509, 516, 110 P 237; *Smith v. Northern Pacific Ry. Co.*, 50 M 539, 550, 148 P 393.

This section carries out the plain intent of section 12 of article XV of the constitution. *Kipp v. Davis-Daly Copper Co.*, 41 M 509, 516, 110 P 237.

5039.66. Fire escapes and safety exits. The city or town council has power: To compel the owner of a building to erect fire-escapes and proper exits and entrances when necessary for safety.

History: En. Subd. 67, Sec. 5039, R. C. M. 1921; amd. Sec. 1, Ch. 115, L. 1925; amd. Sec. 1, Ch. 20, L. 1927. See also history of Sec. 5039.

5039.67. Grading of streets—requirements for change of grade. The city or town council has power: To establish the grade of any street, alley, or avenue, and when the grade has been established, it must not be changed except by a vote of the majority of the council, and not then until the damage to property owners, caused by the change of grade, has been assessed and determined by three disinterested appraisers who must be appointed by the mayor and confirmed by the council, who must make an appraisal, taking into consideration the benefits, if any, to the property, and file their report with the clerk within ten days after receiving notice of their appointment, and the amount of damages so assessed must be tendered to the owner or his agent before any change of grade is made.

History: En. Subd. 68, Sec. 5039, R. C. M. 1921; amd. Sec. 1, Ch. 115, L. 1925; amd. Sec. 1, Ch. 20, L. 1927. See also history of Sec. 5039.

Grade of Streets

After the grade of a street has once

been established, the city, under this section, and 5300, may not change it until the damages to abutting property have been determined and tendered to the owner. *State v. Northern Pac. Ry. Co.*, 88 M 529, 545, 295 P 257.

5039.68. Sprinkling of streets and public places. The city or town council has power: To provide for the sprinkling of the streets, alleys, and public places of the city or town, and to fix the rates to defray the cost of said work.

History: En. Subd. 69, Sec. 5039, R. C. M. 1921; amd. Sec. 1, Ch. 115, L. 1925; amd. Sec. 1, Ch. 20, L. 1927. See also history of Sec. 5039.

Sprinkling of Streets

Held, in view of statutory provisions relating to the power of cities to provide for the sprinkling, cleaning, etc., of streets, and for the establishment of a

board of health, that the sprinkling of streets is more naturally referable to the maintenance of its streets—a corporate, not a governmental function—than to the preservation of the public health, and that therefore defendant city was properly held liable for injuries inflicted by the negligence of the driver of a sprinkling truck. *Griffith v. City of Butte*, et al., 72 M 552, 562, 234 P 829.

5039.69. Location of steam boilers—signs and awnings—constructions from sidewalks. The city or town council has power: To regulate the location of steam boilers, the putting up of signs and awnings, and the construction of entrances to basements, cellars, and other floors to buildings from the sidewalks.

5039.71. Requiring owners to repair dangerously damaged structures. The city or town council has power: To require the owner of a sidewalk, house, or other structure which is dangerous to passers-by, to repair or remove the same after notice.

History: En. Subd. 72, Sec. 5039, R. C. M. 1921; amd. Sec. 1, Ch. 115, L. 1925; amd. Sec. 1, Ch. 20, L. 1927. See also history of Sec. 5039.

5039.72. Laying of gas, water and other mains. The city or town council has power: To permit the use of the streets and alleys of the city or town for the purpose of laying down gas, water, and other mains, but no excavations must be made for such purpose without the permission of the council or its authorized officer; and the streets and alleys must be placed in as good condition by the person or corporation making the excavation, as they were before the excavation was made, and the mains laid down, and in default thereof the council may order the same to be done at the expense of such person or corporation.

History: En. Subd. 73, Sec. 5039, R. C. M. 1921; amd. Sec. 1, Ch. 115, L. 1925; amd. Sec. 1, Ch. 20, L. 1927. See also history of Sec. 5039.

Laying of Mains

A water company authorized by this section to make an excavation is liable to an individual for injuries received through its negligence in failing in its duty to restore the street to its former safe condition. *Robinson v. Mills*, 25 M 391, 398, 65 P 114.

Operation and Effect

The power of private water companies

to sell water to consumers in a city depends upon legislative grant, the granting power having authority to attach conditions to its exercise, and under this section the legislature has delegated authority to cities and towns to grant such companies the right to lay its pipes and mains, imposing upon them the obligation to keep them in repair. *Nord v. Butte Water Co.*, 96 M 311, 338, 30 P 2d 809.

5039.74. Power of condemnation. The city or town council has power: To condemn private property for opening, establishing, widening, or altering any streets, alley, park, sewer, waterway, in the city or town, or for any other public use, and the ordinance authorizing the taking of private property for any such use is conclusive as to the necessity of the taking, and must conform to and the proceedings thereunder had as provided in the code of civil procedure concerning eminent domain.

Condemnation

In condemnation proceedings to acquire title to property for a water supply, it is not necessary to allege or prove that the city had endeavored to obtain the consent of the owners of the property to the taking thereof. *City of Helena v. Rogan*, 27 M 135, 137, 69 P 709.

Under section 4985, the fee to the land covered by a street once established is vested in the public; for the form of dedication required of the owner, when the plat of a city or town or an addition thereto is recorded, is equivalent to a deed; but, as the respective rights of the

abutting owners and of the public are dependent upon the fact of dedication, it is not important to inquire where the fee is vested. *Kipp v. Davis-Daly Copper Co.*, 41 M 509, 516, 110 P 237.

Authority to condemn property for a public use must be clearly expressed in the law before such right will be allowed. *State ex rel. McLeod v. District Court*, 67 M 164, 169, 215 P 240.

Operation and Effect

This section conferring the right upon cities to accept by gift, deed or devise land for a public park, does not by implication clothe it with power to condemn land for a public road leading thereto. State ex rel. McLeod v. District Court, 67 M 164, 169, 215 P 240.

Where at the time of the death of a testator who bequeathed property to a

town for library purposes the law did not provide a method by which the municipality could accept the donation, but later, after the estate had been distributed and the decree of distribution had become final by failure of appeal therefrom and the trust created thereby became effective, the legislature enacted a statute under which a town could accept, the trust was not subject to attack on the ground of the town's former incapacity to accept. Town of Cascade v. County of Cascade, 75 M 304, 311, 243 P 806.

5044. Who may make gift, donation, or grant—property included therein—how used and administered. Any donation, gift, or grant may be made by any person, company, copartnership, or corporation to any city or town organized under the laws of the state of Montana, of any property, real, personal, or mixed, or any improved or unimproved park or playground, or any water or water right, water reservoir or watershed, or any timber land or reserve, or any fish or game reserve in any part of the state of Montana, to be held for the use and benefit of said city or town; and any person over the age of eighteen years and of sound mind and discretion may make any gift, grant, donation, or testamentary disposition of property, real, personal, or mixed, or any improved or unimproved park or playground, or water or water right, water reservoir or watershed, or timber land or reserve, or any fish or game reserve in any part of the state, to any city or town organized under the laws of the state of Montana; but in the event of any gift, donation, grant, devise, or bequest.

shall be made to any such city or town, or to any officer or board of such city or town, the same shall be construed as a gift, donation, grant, devise, or bequest to such city or town, and shall be administered and used for such city or town, and for the particular purpose for which the same was given, donated, granted, bequeathed, or devised. And in the event no particular purpose is mentioned in such gift, donation, grant, devise, or bequest, then the same shall be used for the general support, maintenance, or improvement of any such city or town.

The council has power to establish and maintain a free public library, and for that purpose may provide by ordinance for a tax as follows: In a city or town having assessed valuation of seven hundred and fifty thousand dollars or more, a tax not exceeding two and one-half mills on the dollar on the property may be levied. In a city or town having an assessed valuation of less than seven hundred fifty thousand dollars, a tax not exceeding three mills on the dollar on the property may be levied. The tax so levied and collected constitutes a fund known as the "library fund," and must be expended only for the purchase of books and other things necessary for a library, and the support and maintenance thereof; provided, that no increase over the present authorized levy shall be made until the question of such increase has first been submitted to a vote of the taxpayers affected thereby.

5050. Submission of questions to electors. Before any such ordinance is passed the council must submit to the qualified electors of the city or town at an election the question. At such election the ballot must have printed or written thereon the words, "Public Library—Yes," "Public Library—No," and in voting the elector must make a cross thus, "X," opposite the answer for which he intends to vote.

History: En. Sec. 5040, Pol. C. 1895; re-en. Sec. 3489, Rev. C. 1907; re-en. Sec. 5050, R. C. M. 1921.

5051. Library to be established when majority vote favors—election at which question may be submitted. If the majority of the votes cast at such election is in favor of the establishment of a public library, then such library must be established as above provided. Such question may be submitted at the annual or at any special election held in such city or town, and must be submitted at any such election on the petition of one hundred or more inhabitants of such city or town.

History: En. Sec. 5041, Pol. C. 1895; re-en. Sec. 3490, Rev. C. 1907; re-en. Sec. 5051, R. C. M. 1921.

5052. What constitutes a quorum. A majority of the members of the council constitute a quorum for the transaction of business, but a less number may meet and adjourn to any time stated, and may compel the attendance of absent members, under such rules and penalties as the council may prescribe.

History: En. Sec. 4801, Pol. C. 1895; re-en. Sec. 3261, Rev. C. 1907; re-en. Sec. 5052, R. C. M. 1921. Cal. Pol. C. Sec. 4406.

5053. May prescribe rules. The council may determine the rules of its proceedings, punish its members for improper conduct, and expel any

member for the same by a two-thirds vote of the members elected, and must cause to be kept a journal of the proceedings, which must be open to inspection.

History: En. Sec. 4802, Pol. C. 1895; re-en. Sec. 3262, Rev. C. 1907; re-en. Sec. 5053, R. C. M. 1921. Cal. Pol. C. Sec. 4407.

5054. Ayes and noes must be called, and a majority elects. The ayes and noes must be called and recorded on the final passage of any ordinance, by-law, or resolution, or making any contract, and the voting on the election or appointment of any officer must be *viva voce*, and a majority of the whole number of the members elected is requisite to appoint or elect an officer, and such vote must be recorded.

Operation and Effect

This section does not apply to an election by a city council to fill a vacancy in its own body, caused by resignation or

death; the provisions governing such election are found in section 5015. State ex rel. Wilson v. Willis, 47 M 548, 551, 133 P 962.

5055. Style of ordinance. The style of ordinances may be as follows: "Be it ordained by the council of the city of....., or town of.....," and all ordinances may be published or posted, as prescribed by the council.

History: En. Sec. 4804, Pol. C. 1895; re-en. Sec. 3264, Rev. C. 1907; re-en. Sec. 5055, R. C. M. 1921.

5056. Ordinances—how prepared. All ordinances, by-laws, and resolutions must be passed by the council and approved by the mayor, or the person acting in his stead, and must be recorded in a book kept by the clerk called "The Ordinance Book," and numbered in the order in which they are passed, and take effect from and after their passage, except as otherwise ordered, and no ordinance shall be passed containing more than one subject, which shall be clearly expressed in its title, except ordinances for the codification and revision of ordinances.

History: En. Sec. 4805, Pol. C. 1895; re-en. Sec. 3265, Rev. C. 1907; re-en. Sec. 5056, R. C. M. 1921.

NOTE.—See also section 5060 which deals with effective date of ordinances.

Operation and Effect

An ordinance calling for a special election for the authorization or rejection of an increase of the city's indebtedness by the issuance of water and sewer bonds, was not obnoxious to the prohibition contained in this section, that no ordinance shall be passed containing more than one subject. The general subject of the ordinance was the incurring of the indebtedness, and the different purposes named in it as making the indebtedness necessary were matters of detail for the information of the voters. *Carlson v. City of Helena*, 39 M 82, 108, 102 P 39.

Id. The observance of the limitation imposed by this section, relative to ordin-

ances containing more than one subject, which must be clearly expressed in its title, is mandatory, and renders void any ordinance which violates it. But whatever is germane, incidental, or necessary to the main or general subject of an ordinance may be included in it, and is not a separate subject. Compare *State v. McKinney*, 29 M 375, 382, 74 P 1095. See also *State ex rel. Moreland v. Police Court*, 87 M 17, 285 P 178.

A resolution of intention is not valid unless approved by the mayor, and all proceedings taken thereunder are void. *Hinzeman v. City of Deer Lodge*, 58 M 369, 374, 193 P 395.

The restriction placed by this section upon the city council in enacting ordinances to the effect that none shall be passed containing more than one subject which shall be clearly expressed in its title, like that imposed upon the legislature in enacting a statute, must be liberally con-

strued, and the ordinance will be sustained unless it appears beyond a reasonable doubt that it does not meet the requirement. *State v. Mayor of City of Butte*, 69 M 232, 237, 221 P 524.

Id. An ordinance establishing a police department, repealing a series of ordinances dealing therewith, and those relating to the location and conduct of the city jail, held not open to the objection that it was void as in contravention of the provisions of this section.

Held that an ordinance the title of which states that its purpose was the suppression of the liquor traffic in a given city and in the body of which it was provided that possession of liquor was unlawful when made so by the laws of the United States, i.e., when kept for the purposes of being sold, bartered, exchanged,

given away, furnished or otherwise disposed of in violation of the national prohibition act, was not open to the objection that its title was defective in that "traffic" did not warrant the prohibition against possession without the purpose of sale, barter, etc., possession for any of such purposes being clearly germane to the general subject of "liquor traffic." *State ex rel. Moreland v. Police Court*, 87 M 17, 19, 285 P 178.

5057. Certain ordinances validated. Any and all ordinances of any city or town within Montana, which have been heretofore duly recorded and signed by the mayor or presiding officer of the council and by the city clerk, as provided by section 334 of an act entitled "An act to amend section 334 of the Compiled Statutes of Montana, fifth division, relating to printing and posting city ordinances," duly approved March 9, 1889, which may have been published in some newspaper published within the limits of the city or town, or written copies of which said ordinances may have been posted in not less than five conspicuous places within the limits of such city or town, are hereby declared to have the same legality and validity as if such publishing or posting had been duly directed by the council of such city or town, and as if the city clerk had attached, at the expiration of each term of posting and at the end of any such ordinance or ordinances as recorded in the book of ordinances, his certificate as to the fact of posting such ordinance or ordinances, as provided for by said act herein referred to.

History: En. Sec. 5043, Pol. C. 1895; re-en. Sec. 3492, Rev. C. 1907; re-en. Sec. 5057, R. C. M. 1921.

5058. Initiative in cities—petition. Ordinances may be proposed by the legal voters of any city or town in this state, in the manner provided in this act. Eight per cent. of the legal voters of any city or town may propose to the city or town council an ordinance on the subject within the legislative jurisdiction and powers of such city or town council, or an ordinance amending or repealing any prior ordinance or ordinances. Such petition shall be filed with the city or town clerk. It shall be the duty of the city or town clerk to present the same to the council at its first meeting next following the filing of the petition. The council may, within sixty days after the presentation of the petition to the council, pass an ordinance similar to that proposed in the petition, either in exact terms or with such changes, amendments, or modifications as the council may decide upon. If the ordinance proposed by the petition be passed without change, it shall not be submitted to the people, unless a petition for referendum demanding such submission shall be filed under the provisions of this act. If the council shall have made any change in the

proposed ordinance, a suit may be brought in the district court in and for the county in which the city or town is situated, to determine whether or not the change is material. Such suit may be brought in the name of any one or more of the petitioners. The city shall be made the party defendant. Any elector of the city or town may appear in such suit in person or by counsel on the hearing thereof, but the court shall have the power to limit the number of counsel who shall be heard on either side, and the time to be allowed for argument. It shall only be necessary to state in the complaint that a petition for an ordinance was filed in pursuance of this act; that the city council passed an ordinance on the subject different from that proposed in the petition; and that the plaintiff desires a construction of the ordinance so passed to determine whether or not it differ materially from that proposed. The petition and the ordinance proposed thereby, and the ordinance actually passed, may be set out in the complaint, or copies thereof annexed to the complaint. The names to the petition need not be set out. Such cases shall be advanced and brought to hearing as speedily as possible, and have precedence over other cases, except criminal and taxation cases. The court shall have jurisdiction in such cases to determine whether or not the change made by the city council is material, and also whether the petition was regular in form or substance, and shall also have power to decide, if the fact be put in issue by the defendant, whether or not the petition was signed by a sufficient number of voters and was regular in form. If the court shall decide that the change was material and that the petition was regular in form and signed by a sufficient number of legal voters, then the ordinance proposed by the petition shall be submitted to the people as provided in this act. If the court shall decide that the ordinance passed by the council was not materially different from that proposed in the petition, or the petition was not regular in form, or not signed by a sufficient number of legal voters, the ordinance shall not be submitted to the people. If the court shall decide that the changes made by the council were material, but that the petition was irregular for some reason, or not properly or sufficiently signed, a new petition, regular in form, may be presented by the required number of legal voters, asking the council to submit such ordinance to the people, and thereupon the same shall be so submitted as provided in this act. If the council shall not, within sixty days, pass an ordinance on the subject of the ordinance proposed in the petition, then the ordinance proposed by the petition shall be submitted to the people. Before submitting such ordinance to the people, the mayor or city or town council may direct that a suit be brought in the district court in and for the county, in the name of the city or town, to determine whether the petition and ordinance are regular in form, and whether the ordinance so proposed would be valid and constitutional. The complaint shall name as defendants not less than ten nor more than twenty of the petitioners. In addition to the names of such defendants, in the caption of the complaint, there shall be added the words, "and all petitioners whose names appear on the petition for an ordinance filed on the..... day of....., in the year.....," stating the date of filing.

The summons shall be similarly directed and shall be served on the defendants named therein, and in addition thereto shall be published at least once, at the expense of the city, in at least one newspaper published in the city or town. In all suits brought under this section the decision of the district court shall be final except in cases where it shall decide that the proposed ordinance would be unconstitutional or invalid as being beyond the powers of the city or town council, and in such excepted cases the petitioners, or any of them, may appeal to the supreme court as in other cases, but shall not be required to give any bond for costs. The decision of the district court holding such ordinance valid or constitutional shall not, however, prevent the question being raised subsequently, if the ordinance shall be passed and go into effect, by any one affected by the ordinance. No costs shall be allowed to either side in suits or appeals under this section.

History: En. Ch. 167, L. 1907; Sec. 3266, Rev. C. 1907; re-en. Sec. 5058, R. C. M. 1921.

Operation and Effect

The initiative and referendum provisions applicable to cities apply, and were evidently intended to apply only, to matters of general legislation in which all electors without distinction may take an

active interest. *Carlson v. City of Helena*, 39 M 82, 113, 102 P 39.

The adoption of the initiative and referendum as applied to municipal legislation, among other things, indicates that it is the policy of this state to confide to the citizens of municipalities the right of local self-control to the utmost extent compatible with an orderly system of state government. *State ex rel. Gerry v. Edwards*, 42 M 135, 150, 111 P 734.

5059. Submission of question at regular election. Any ordinance proposed by petition as aforesaid, which shall be entitled to be submitted to the people, shall be voted on at the next regular election to be held in the city or town, unless the petition therefor shall ask that the same be submitted at a special election, and such petition be signed by not less than fifteen per cent. of the electors qualified to vote at the last preceding municipal election.

History: En. Ch. 167, L. 1907; Sec. 3267, Rev. C. 1907; re-en. Sec. 5059, R. C. M. 1921.

5060. No ordinance to be effective until thirty days after passage. No ordinance or resolution passed by the council of any city or town shall become effective until thirty days after its passage, except general appropriation ordinances providing for the ordinary and current expenses of the city or town, excepting also emergency measures, and in the case of emergency measures the emergency must be expressed in the preamble or in the body of the measure, and the measure must receive a two-thirds vote of all the members elected. In emergency ordinances the resolutions shall include only such measures as are immediately necessary for the preservation of peace, health, and safety, and shall not include a franchise or license to a corporation or individual, nor any provisions for the sale of real estate, nor any lease or letting of any property for a period exceeding one year, nor the purchase or sale of personal property exceeding five thousand dollars in value.

History: En. Ch. 167, L. 1907; Sec. 3268, Rev. C. 1907; re-en. Sec. 5060, R. C. M. 1921.

Operation and Effect

This section has no application to an ordinance providing for the issuance of

water and sewer bonds after sanction of the taxpayers affected thereby has been obtained. The law has to do with matters of general legislation on which all electors, whether taxpayers or not, may vote, while the question whether bonds shall be issued can be submitted to taxpayers only. *Carlson v. City of Helena*, 39 M 82, 113, 102 P 39.

Held that the provision of section 5026, that the salary of a city officer shall not be increased or diminished during his term of office, means the term the officer is then serving, and that therefore, where the salary of a mayor

was increased by ordinance near the close of his first term, which increase could not, under this section become effective until after his second term had commenced, the increase was made during his prior term and not during the term he was then serving, and the officer was entitled thereto. *Broadwater v. Kendig et al.*, 80 M 515, 522, 261 P 264.

5061. Referendum petition. During the thirty days following the passage of any ordinance or resolution, five per cent. of the qualified electors of the city or town may, by petition addressed to the council and filed with the clerk of the city or town, demand that such ordinance or resolution, or any part or parts thereof, shall be submitted to the electors of the city or town.

History: En. Ch. 167, L. 1907; re-en. Sec. 3269, Rev. C. 1907; re-en. Sec. 5061, R. C. M. 1921.

5062. Referendum to be had at regular election. Any measure on which a referendum is demanded under the provisions of this act shall be submitted to the electors of the city or town at the next municipal election; provided, the petition or petitions shall have been filed with the city clerk at least thirty days before such election. If such petition or petitions be signed by not less than fifteen per cent. of the qualified electors of the city or town, the measure shall be submitted at a special election to be held for the purpose.

History: En. Ch. 167, L. 1907; Sec. 3270, Rev. C. 1907; re-en. Sec. 5062, R. C. M. 1921.

5063. Special election may be ordered. The city or town council may in any case order a special election on a measure proposed by the initiative, or when a referendum is demanded, or upon any ordinance passed by the city or town council, and may likewise submit to the electors, at a general election, any ordinance passed by the city or town council.

History: En. Ch. 167, L. 1907; re-en. Sec. 3271, Rev. C. 1907; re-en. Sec. 5063, R. C. M. 1921.

5064. Proclamation of election. Whenever a measure is ready for submission to the electors, the clerk of the city or town shall, in writing, notify the mayor thereof, who, forthwith, shall issue a proclamation setting forth the measure and the date of the election or vote to be had thereon. Said proclamation shall be published four days in four consecutive weeks in each daily newspaper in the municipality, if there be such, otherwise in the weekly newspapers published in the city or town. In case there is no weekly newspaper published, the proclamation and the measure shall be posted conspicuously throughout the city or town.

History: En. Ch. 167, L. 1907; Sec. 3272, Rev. C. 1907; re-en. Sec. 5064, R. C. M. 1921.

5065. Ballots and method of voting. The question to be balloted upon by the electors shall be printed on the initiative or referendum ballot, and the form shall be that prescribed by law for questions submitted at state elections. The referendum or initiative ballots shall be counted, canvassed, and returned by the regular board of judges, clerks, and officers, as votes for candidates for office are counted, canvassed, and returned. The returns for the questions submitted by the voters of the municipality shall be on separate sheets, and returned to the clerk of the municipality. The return shall be canvassed in the same manner as the returns of regular elections for municipal officers. The mayor of the municipality shall issue his proclamation, as soon as the result of the final canvass is known, giving the whole number of votes cast in the municipality for and against such measure, and it shall be published in like manner as other proclamations herein provided for. A measure accepted by the electors shall take effect five days after the vote is officially announced.

History: En. Sec. 167, L. 1907; Sec. 3273, Rev. C. 1907; re-en. Sec. 5065, R. C. M. 1921.

5066. Qualifications of voters. The qualifications for voting on questions submitted to the electors, under the provisions hereof, shall be the same as those required for voting at municipal elections in the city or town at elections for mayor or aldermen thereof. And where, by the laws of the state, or by ordinance of the city or town made in pursuance thereof, electors are required to register in order to be qualified to vote at municipal elections, the registration book or books shall be prima facie evidence of the right to sign any petition herein provided for.

History: En. Ch. 167, L. 1907; Sec. 3274, Rev. C. 1907; re-en. Sec. 5066, R. C. M. 1921.

5067. Forms of petitions and conduct of proceedings. The form of petitions and the proceedings under this act shall conform as nearly as possible, with the necessary changes as to details, to the provisions of the laws of the state relating to the initiative and referendum, and be regulated by such laws, except as otherwise provided in this act. The city clerk shall perform the duties which, under the state laws, devolve upon the county clerk and secretary of state, in so far as the provisions relating thereto may be made to apply to the case of the city or town clerk; but it shall not be necessary to mail or distribute copies of the petitions or measures to the electors of the city or town.

History: En. Ch. 167, L. 1907; Sec. 3275, Rev. C. 1907; re-en. Sec. 5067, R. C. M. 1921.

5068. To what ordinances applicable. The provisions of this act regarding the referendum shall not apply to ordinances which are required by any other law of the state to be submitted to the voters or the electors or taxpayers of any city or town.

History: En. Ch. 167, L. 1907; Sec. 3276, Rev. C. 1907; re-en. Sec. 5068, R. C. M. 1921.

CHAPTER 384

MUNICIPAL CONTRACTS AND FRANCHISES

- Section 5069. Officers must not be interested in contracts.
 5070. Awarding contracts.
 5071. Contractor—oath of.
 5072. Alteration and modification of contract—how made.
 5073. No allowance for extra work.
 5074. Franchise, how granted.
 5075. Grant of franchise must be submitted to tax-paying freeholders.
 5076. Same—notice of election.
 5077. When voted, council must pass ordinance.

5069. Officers must not be interested in contracts. The mayor, or any member of the council, or any city or town officer, or any relative or employee thereof, must not be directly or indirectly interested in the profits of any contract entered into by the council while he is or was in office.

History: En. Sec. 345, 5th Div. Comp. State. 1887; amd. Sec. 4806, Pol. C. 1895; re-en. Sec. 3277, Rev. C. 1907; re-en. Sec. 5069, R. C. M. 1921.

Operation and Effect

This section is not applicable to a mayor

who was not interested in a contract made with the city, but who agreed, after the contract was accepted and filed with the proper official, to take stock in a corporation succeeding to the rights of the original contractor. *State v. Great Falls City Council*, 19 M 518, 530, 49 P 15.

5070. Awarding contracts. All contracts for work, or for supplies or material, for which must be paid a sum exceeding five hundred dollars (\$500.00), must be let to the lowest responsible bidder, under such regulations as the council may prescribe; provided, that no contract shall be let extending over a period of three years, or more, without first submitting the question to a vote of the resident taxpayers of said city or town.

History: En. Sec. 1, Ch. 48, L. 1907; re-en. Sec. 3278, Rev. C. 1907; re-en. Sec. 5070, R. C. M. 1921; amd. Sec. 1, Ch. 22, L. 1927.

Operation and Effect

To successfully attack the letting of a contract for a municipal improvement, it must be shown that the contract was not let to the lowest responsible bidder, that there was not any opportunity afforded for competitive bidding, or that there was collusion or bad faith on the part of the council or such gross mistake as to preclude the exercise of sound judgment. *O'Brien v. Drinkenberg*, 41 M 538, 550, 111 P 137.

Where a city council incorporated in a resolution ordering the paving of a street, as well as in the call for bids, the requirement that in the construction of the pavement certain patented processes and compounds should be used, and the company controlling the patent agreed that the cost of such material, which constituted only a part of the gross cost of the improvement, should be the same to all bidders, while in other respects, such as the cost of labor, other materials, etc., the principle of competition was retained, the proceedings were not void as being violative of this section. *Ford v. City of Great Falls*, 46 M 292, 311, 127 P 1004.

Id. This section is designed to prevent favoritism and to secure to the public the

best possible return for the expenditure of the funds which the property owners are required to furnish, through the payment of taxes and assessments.

Id. The requirement of this section extends to and includes expenditures made from the general revenues of the municipality, as well as from funds derived from special assessments.

Under the exclusive rather than directory nature of the limitation upon the power of cities to let contracts prescribed by this section, a contract entered into by a city with a street railway company, according to the terms of which the latter was to be paid the cost of removing and replacing its tracks on certain streets to enable the former to lay sewers, was void, it not having been let to the lowest responsible bidder as required by the statute. *Missoula St. Ry. Co. v. City of Missoula*, 47 M 85, 95, 130 P 771; *Commonwealth Public S. Co. v. Deer Lodge*, 96 M 48, 64, 29 P 2d 667.

A contract with a city for the construction of a system of waterworks is governed by the provisions of this section and sections 5071 to 5073. *City of Forsyth v. Crellin*, 210 F 835, 838.

5071. Contractor—oath of. No money must be paid to any person claiming under a contract with the council, until such person has first filed with the clerk a statement, under oath, disclosing the names of all persons directly or indirectly interested in the contract, of the proceeds or profits thereof, declaring that no persons other than those named are interested, and that no person forbidden by this title has any interest in the same.

5072. Alteration and modification of contract—how made. When it becomes necessary, in the prosecution of any work, to make alterations or modifications of the specifications or plans of a contract, such alteration or modification must only be made by resolution of the council, and such resolution is of no effect until the price to be paid for the same is agreed to in writing, and signed by the contractor and approved by the council.

5073. No allowance for extra work. No contractor must be allowed anything for extra work caused by an alteration or modification, unless a resolution is made and an agreement signed as provided in the preceding section, nor must he in any case be allowed more for such alteration than the price fixed by such agreement.

5074. Franchise, how granted. The council must not grant a franchise or special privilege to any person save and except in the manner specified in the next section. The powers of the council are those only expressly prescribed by law and those necessarily incident thereto.

5075. Grant of franchise must be submitted to tax-paying freeholders. No franchise for any purpose whatsoever shall be granted by any city or town, or by the mayor or city council thereof, to any person or persons, association, or corporation, without first submitting the application therefor to the resident freeholders whose names shall appear on the city or county tax-roll preceding such election.

Operation and Effect

A city is prohibited from granting a

franchise to a gas company to lay its mains in its streets, until the application for it has first been submitted to and approved by the qualified electors. *State ex rel. Billings v. Billings Gas Co.*, 55 M 102, 108, 173 P 799.

5076. Same—notice of election. A notice of such election must be published at least in one daily newspaper, if there be one published in the

city or town, and if not, in some weekly newspaper of general circulation, at least once a week for three successive weeks, and such notice must be posted in three public places in the city or town. The notice must state the time and place of holding the election, and the character of any such franchise applied for, and the valuable consideration, if any there be, to be derived by the city. At such election the ballots must contain the words, "For granting franchise," "Against granting franchise," and in voting, the elector must make a cross thus, "X," opposite the answer he intends to vote for. Such election must be conducted and canvassed and the return made in the same manner as other city or town elections.

5077. When voted, council must pass ordinance. If the majority of votes cast at the election be "For granting franchise," the mayor and city council must thereupon grant the same by the passage and approval of a proper ordinance.

History: En. Sec. 3, Ch. 85, L. 1903; re-en. Sec. 3293, Rev. C. 1907; re-en. Sec. 5077, R. C. M. 1921.

CHAPTER 385

PRESENTATION AND PAYMENT OF CLAIMS—CITY WARRANTS

- Section 5078. Presentation of claims—limitation of actions.
 5079. Allowance and payment of claims—cash basis.
 5080. Defective highways and public works—notice of claim for injuries.
 5080.1. Non-liability of municipality for injuries caused by accumulations of snow or ice in streets or public ways.
 5081. City warrants—rate of interest.
 5082. Call for payment.
 5083. Registry of warrants.

5078. Presentation of claims—limitation of actions. All accounts and demands against a city or town must be presented to the council duly itemized and accompanied by an affidavit by the party or his agent, stating the same to be a true and correct account against the city or town for the full amount for which the same is presented, and that the same accrued as set forth, and with all necessary and proper vouchers, within one year from the date the same accrued; and any claim or demand not so presented within the time aforesaid is forever barred, and the council has no authority to allow any account or demand not so presented, nor must any action be maintained against the city or town for or on account of any demand or claim against the same, until such demand or claim has first been presented to the council for action thereon; provided, however, that in case the total indebtedness of a city or town has reached three per centum of the total assessed valuation of the taxable property of such city or town, as ascertained by the last assessment for state and county taxes, it shall be lawful for, and such city or town is hereby authorized and empowered, to conduct its affairs and business on a cash basis as provided and contemplated by the next section of this code.

History: En. Sec. 4812, Pol. C. 1895;
 re-en. Sec. 2, Ch. 30, L. 1903; re-en. Sec.
 3288, Rev. C. 1907; re-en. Sec. 5078, R. C.
 M. 1921.

Operation and Effect

The provision of this section, requiring claims against a city to be verified and filed with the municipality, has no appli-

eration to a claim for salary fixed by ordinance; hence a police officer was under no obligation to so present his claim to entitle him to recover his salary for the time he was unlawfully deprived of his office. *Wynne v. City of Butte*, 45 M 417, 423, 123 P 531.

Under this section, if moneys paid under protest, for a special assessment in an improvement district, are not for a "tax, license, or other demand for public revenue," such payment, if it can form the basis of an action at all, stands as a mere demand against the city, not suable until after presentation to and disallowance by the city council, which presentation and disallowance must appear upon the face of the complaint. *Leggat v. City of Butte*, 54 M 137, 140, 168 P 38.

This section was evidently intended to cover claims against the city arising in the ordinary course in carrying on the city government, in providing for the city's welfare in sundry directions, and in transacting the business and economic affairs of the city, but not on such contracts as are specifically provided for, which it must be presumed are designed to contain their own specific provisions, and, among other material and essential conditions, stipulations respecting the time and manner of the payment of the consideration on the part of the city. *City of Forsyth v. Crellin*, 210 F 835, 838.

Where a city has reached its limit of

indebtedness as prescribed by section 6, article XIII, of the constitution, any further indebtedness incurred is void; thereafter it is without power to allow claims against it and draw warrants in payment thereof, but under this section and the next section, may operate under the pay-as-you-go plan, i.e., by payment in cash. *Commonwealth Public S. Co. v. Deer Lodge*, 96 M 15, 28 P 2d 472.

Id. By enacting this and the next sections, authorizing cities to operate on a cash basis where they have reached the constitutional limit of indebtedness, the legislature did not attempt what it has no power to do: permit them to create indebtedness in excess of such limit, but provided a device by which, without creating an additional indebtedness, they may function on a cash basis.

City of Helena*, 92 M 366, 16 P 2d 1.

5079. Allowance and payment of claims—cash basis. All accounts and demands against a city or town must be submitted to the council, and if found correct, must be allowed and an order made that the demand be paid, upon which the mayor must draw a warrant upon the treasurer in favor of the owner, specifying for what purpose and by what authority it is issued, and out of what funds it is to be paid, and the treasurer must pay the same out of the proper fund; provided, however, that in case the total indebtedness of a city or town has reached the limit of three per cent. provided in section 6 of article XIII of the constitution of the state of Montana, it shall be lawful for, and said city or town is hereby authorized and empowered, to thereafter manage and conduct its business affairs on a cash basis and pay the reasonable and necessary current expenses of the city or town out of the cash in the city or town treasury and derived from its current revenues, under such restrictions and regulations as the city or town council may by ordinance prescribe; and in the event that payment be made in advance, the city or town shall have power to require a cash deposit as collateral security and indemnity, equal in amount to such payment, and may hold the same as a special deposit with the city treasurer, in package form, as a pledge for the fulfilment and performance of the contract or obligation for which said advance shall have been made; and provided, further, that before the payment of the current expenses above mentioned, the city or town council shall first set apart sufficient moneys to pay the interest upon its legal, valid, outstanding bonded indebtedness

and any sinking funds therein provided for, and shall be authorized to pay all valid claims against funds raised by tax especially authorized by law for the purpose of paying such claims.

History: En. Sec. 1, Ch. 30, L. 1903; re-en. Sec. 3287, Rev. C. 1907; re-en. Sec. 5079, R. C. M. 1921.

Operation and Effect

Where a city had exceeded its debt limit, it could not incur an indebtedness not payable from a specially authorized tax, but payable from funds previously appropriated, under an agreement that the claimants should accept warrants in payment of their claims, and if the warrant should not be paid, the city should not be liable thereof. The payment of such claims on the theory that the appropriation by ordinance was an assignment of the funds so appropriated for the payment of the claims was unauthorized. *Helena W. W. Co. v. City of Helena*, 27 M 205, 208, 70 P 513.

The provisions of this and the following section do not apply to a claim for damages arising from personal injuries. *Dawes v. City of Great Falls*, 31 M 9, 13, 77 P 309.

Where a city has reached its limit of indebtedness as prescribed by section 6, article XIII of the constitution, any further indebtedness incurred is void; thereafter it is without power to allow claims against it and draw warrants in payment thereof, but under this section and the preceding section, may operate under the pay-as-you-go plan, i.e., by payment in cash. *Commonwealth Public S. Co. v. Deer Lodge*, 96 M 15, 28 P 2d 472.

Id. By enacting this and the next section, authorizing cities to operate on a cash basis where they have reached the constitutional limit of indebtedness, the legislature did not attempt what it has no power to do: permit them to create indebtedness in excess of such limit, but provided a device by which, without creating an additional indebtedness, they may function on a cash basis.

What Are Current Expenses

The term "current" was doubtless employed by the legislature to distinguish the common, recurring, running expenses of a city from such expenses as partake of the nature of an investment, or such as are to be incurred in a substantial or permanent improvement. *Helena W. W. Co. v. City of Helena*, 31 M 243, 248, 78 P 220.

Id. The determination of what is a current expense is for the courts; but the determination of the city council as to whether a particular current expense is

reasonable and necessary is not subject to review by the courts in the absence of fraud or abuse of discretion. See also *State ex rel. Rowling v. Mayor of Butte*, 43 M 321, 335, 117 P 604.

An expenditure to install and operate a water system to belong to the city is not for current expenses, and not authorized by this statute. *Helena W. W. Co. v. City of Helena*, 31 M 243, 248, 78 P 220.

This section and the one following were enacted to permit cities, which have reached their constitutional limit of indebtedness, to conduct their affairs upon a cash basis and pay reasonable and necessary current expenses out of current revenues, or in cash in advance, upon requiring indemnity in the form of a cash deposit, to be held by the treasurer. *Palmer v. City of Helena*, 40 M 498, 505, 107 P 512.

Id. Under this and the next succeeding section, a city, which is indebted in excess of the limit prescribed by the constitution, is permitted to conduct its affairs upon a cash basis and pay "reasonable and necessary current expenses from its current revenues," but the authority of such a city extends no further than to make expenditures both reasonable and necessary for the corporate existence of the city; in other words, the right to expend public money is limited to those items of expense which may properly be designated as "living expenses."

Id. A city which is indebted beyond the constitutional limitation may not use its surplus revenues, no matter from what source derived, to acquire an electric light plant to supply itself and its inhabitants with light, where a company, operating both gas and electric light systems, under a franchise from the city, has ample facilities to meet all requirements. An expenditure of this character does not fall within the definition of "reasonable and necessary current expenses" which a city laboring under such disability, has power to incur under this and the following sections.

A city which, having reached the constitutional limit of indebtedness, finds itself in financial straits, will not be heard to say, in defense of its violation of a civil service statute in removing a fireman contrary to its provisions, that it did so to reduce expenses, where it has failed to take advantage of this and the following section, authorizing cities in such condition to pay their running expenses from current revenues upon a cash

basis. *State ex rel. Driffill v. City of Anaconda*, 41 M 577, 584, 111 P 345.

5080. Defective highways and public works—notice of claim for injuries. Before any city or town in this state shall be liable for damages for, or on account of, any injury or loss alleged to have been received or suffered by reason of any defect in any bridge, street, road, sidewalk, culvert, park, public ground, ferry-boat, or public works of any kind in said city or town, the person so alleged to be injured, or some one in his behalf, shall give to the city or town council, or trustee, or other governing body of such city or town, within sixty days after the alleged injury, notice thereof; said notice to contain the time when and the place where said injury is alleged to have occurred.

History: En. Sec. 1, Ch. 93, L. 1903; re-en. Sec. 3289, Rev. C. 1907; re-en. Sec. 5080, R. C. M. 1921.

Amendment of Notice

The notice required by this section is not subject to amendment, and at the expiration of the time limited by that section the claimant is bound by the one he has served, and his right to institute an action is to be tested by it and none other. *Berry v. City of Helena*, 56 M 122, 128, 182 P 117.

"Any Defect"

The words "any defect in any sidewalk," found in this section, refer to any and every defect, deficiency, or obstruction likely to interfere with the proper use of the walk, such as an accumulation of snow and ice, etc., and not merely to some structural deficiency in the walk itself. *Tonn v. City of Helena*, 42 M 127, 133, 111 P 715.

Burden on Plaintiff to Show That Notice Was Given

In an action against a city to recover for personal injuries alleged to have been sustained by reason of the defective condition of a sidewalk, the plaintiff cannot prevail without affirmatively establishing the fact that the notice required by this section has been given, no matter how meritorious his claim may be. Where no testimony whatever was presented as to who filed, presented, or received the notice, it was fatal to a judgment in favor of the plaintiff. *Murray v. City of Butte*, 51 M 258, 265, 151 P 1051.

Constitutionality

This section, requiring the giving of notice of a personal injury, occasioned by a defective sidewalk, as a prerequisite to the recovery of damages from the city or town, is not unconstitutional as making an unjust discrimination in favor of munici-

palities and against all others who may be defendants in personal injury actions; the classification made by the section is not unreasonable, and, where all cities and towns are treated alike, it cannot be said that the particular city or town in which the injury occurred is granted a special immunity, where the notice provided for has not been given. *Tonn v. City of Helena*, 42 M 127, 133, 111 P 715.

Filing Notice

Where, in an action against a city for personal injuries, a notice of claim for damages, marked "filed" by the city clerk, and bearing an indorsement that the claim had been referred to the judiciary committee of the council and disallowed, was received in evidence without objection, the requirements of this section were sufficiently complied with. *O'Flynn v. City of Butte*, 36 M 493, 498, 93 P 643.

This section is sufficiently complied with by filing the notice with the city clerk, and the failure of the city council to meet for sixty days does not defeat the injured party's right to sue. *Tiggerman v. City of Butte*, 44 M 138, 142, 119 P 477; *Hensley v. City of Butte*, 36 M 32, 37, 92 P 34. Distinguished.

Neither indorsement nor signature by the city clerk is essential to prove the giving of the notice to a city required by this section. The fact may be established by any competent evidence, such as that the filing mark was in the handwriting of the city clerk or one of his deputies, that it was made at his office, or that the notice had been called to the attention of the council. *Murray v. City of Butte*, 51 M 258, 265, 151 P 1051.

Injuries to Property—Notice Not Required

This section, having been enacted under the title, "an act relating to actions

against cities and towns for damages to persons injured on streets and other public grounds by reason of the negligence of any public officer, agent, or employee in any city or town in Montana" (laws 1903, c. 93), such section applies only to injuries to persons, as distinguished from injuries to property. *Kelly v. City of Butte*, 44 M 115, 118, 119 P 171; overruling *Butte Machinery Co. v. City of Butte*, 43 M 351, 116 P 357.

Must Allege Giving of Notice

Compliance with this section is a necessary prerequisite to plaintiff's right of action, and an appropriate allegation of such compliance is an indispensable part of the statement of a cause of action. *Berry v. City of Helena*, 56 M 122, 128, 182 P 117.

Purpose

The purpose of this section is to require that notice of any injury arising from a defective sidewalk, street, etc., shall be given to the city, not alone that the city may have an opportunity to examine the place where the injury occurred, and consult those who may be witnesses, but as well to enable the city to settle the claim and avoid the expense of litigation if investigation discloses a legal liability on its part. For this reason it is not sufficient that the city officers had notice of the defect. It is knowledge of the injury which the statute requires shall be brought to the attention of the city authorities. *Tonn v. City of Helena*, 42 M 127, 133, 111 P 715; *Fby v. City of Lewistown*, 55 M 113, 122, 173 P 1163.

A city of this state is one of its governmental agencies, and enjoys such privileges and is subject to such liabilities only as are imposed by law, and when conditions are attached to the enforcement of such liabilities as are imposed upon a city, the latter may rightfully insist upon a strict compliance with the conditions as in case of a notice of injury required by this section. *Berry v. City of Helena*, 56 M 122, 126, 182 P 117.

Id. This section is not in any sense a statute of limitations, which the municipality may waive or not, as it may choose, but its provisions are intended for the benefit of the public, and the notice prescribed must have been given before any liability whatever attaches.

The purpose of this section, requiring the giving of notice to a city or town of an injury received because of a defect in a sidewalk as a condition precedent to liability for damages, is to give the city an opportunity to have the place where the accident occurred examined, consult witnesses and to enable it to settle the claim

if the investigation discloses a legal liability on its part. *Nagle v. City of Billings*, 80 M 278, 282 et seq., 260 P 717.

The requirement of this section that the notice which one must give to a city before he may maintain an action against it for damages for injuries sustained must contain the time when and the place where the accident occurred, is for the purpose of enabling the city, or its representatives, to examine the place and investigate the question of its liability, if any. *Campbell v. City of Helena*, 92 M 366, 381 et seq., 16 P 2d 1; *Lynch v. City of Butte*, 99 M 287, 43 P 2d 652.

Variance Between Description of Place in Notice to City and Proof at Trial—When Immaterial

Where city officials apparently experienced no difficulty in locating the place on a sidewalk at which a pedestrian suffered an injury by falling, from a description thereof in the notice of the accident to the city, the fact that there was a difference of four feet in the place described and that shown by the evidence, did not warrant a nonsuit on the ground of variance; the variance was immaterial. *Lynch v. City of Butte*, 99 M 287, 290, 43 P 2d 652.

What Is Sufficient Notice

The giving of notice of injury is *prima facie* sufficient where, upon its face, it purports to have been given, in the plaintiff's behalf, by the attorneys who brought the action for him. *McEnaney v. City of Butte*, 43 M 526, 533, 117 P 893.

A notice, signed in behalf of the injured person by his attorney, is sufficient under the provisions of this section, the acts of the attorney being presumed to be regular and by authority, especially where the objection to the signature was not made in the trial court. *Pullen v. City of Butte*, 45 M 46, 55, 121 P 878.

Matter additional to that required by this section to be stated in the notice must be treated as surplusage. *Irving v. Town of Stevensville*. 51 M 44, 46, 149, P 483.

Where, from the description of the place at which an accident due to a defective sidewalk happened, given in the notice to the city council required by statute, it inferentially, though not in terms, appeared that the injury occurred within the city limits, it was sufficient; the members of the council being presumed to know the limits of their jurisdiction. *Murray v. City of Butte*, 51 M 258, 264, 151 P 1051.

The notice which must be given a city by one who claims to have sustained personal injuries by reason of a fall upon an ice-covered sidewalk must contain, among other things, an accurate statement of the

time when they were received, on giving the time as "on or about" a certain day, when in fact the accident had occurred two days later, not meeting the requirement. *Berry v. City of Helena*, 56 M 122, 127, 182 P 117.

When a notice of the nature of the above (personal injury) so designates the place where a pedestrian was injured because of a defect in the sidewalk that the officers of the city or town, as men of common understanding and intelligence, can by the exercise of reasonable diligence find the place, it sufficiently complies with the provisions of this section. *Nagle v. City of Billings*, 80 M 278, 282 et seq., 260 P 717.

Id. Held, on appeal by plaintiff in a personal injury action against a city from an order granting defendant city a new trial on the ground that the notice served by plaintiff on defendant in pursuance to this section was insufficient, that the notice, stating that the injury occurred "at the corner of Fifth avenue and 32nd street," describing the defect in a gutter covering which caused plaintiff to be thrown to the ground, not, however, set-

ting forth at which one of the four corners of the street intersection the particular gutter covering could be found, was sufficient under the rule stated in the paragraph above, and that the court erred in granting a new trial.

When Notice is Not Necessary

Where plaintiff sued defendant city for flooding his mine by reason of a defective plan adopted for the construction of a sewer, the cause of injury was not a "defect," within the meaning of this section. *Kelly v. City of Butte*, 44 M 115, 117, 119 P 171.

Held, that this section, requiring as a condition precedent to the right to maintain an action against a city for damages for injuries to persons on the streets or other enumerated places in the city, a notice of the claim, does not apply in an action where the injury was the result of drinking contaminated city water from which he contracted typhoid fever. (District Judge W. H. Meigs, sitting in place of Mr. Justice Galen, disqualified, dissenting.) *Campbell v. City of Helena*, 92 M 366, 381 et seq., 16 P 2d 1.

5080.1. Non-liability of municipality for injuries caused by accumulations of snow or ice in streets or public ways. No city or town in this state shall be liable in damages for any negligence or mis-management on its part, or for any negligence or mis-management on the part of any officer, agent, servant, or employee of such city or town in causing, permitting or allowing snow or ice to remain or accumulate on or in any road, street, alley, sidewalk, cross walk, public way, or gutter within said city or town.

History: En. Sec. 1, Ch. 132, L. 1929.

NOTE.—A like section was enacted in 1923 (see ch. 45, L. 1923). This has been omitted.

Operation and Effect

Where the gravamen of the complaint in a personal injury action against a city was its negligence in permitting the obstruction of a sidewalk compelling plaintiff to go into the street where she fell

on an accumulation of snow and ice, defendant city may not in defense rely upon this section, declaring cities and towns not liable in damages for injuries due to snow or ice upon sidewalks or streets. *Bensley v. Miles City*, 91 M 561, 563, 9 P 2d 168.

5081. City warrants—rate of interest. When any warrant, drawn upon the treasurer of a city or town, pursuant to any ordinance or resolution or direction of the council of such city or town, is presented to the city or town treasurer for payment, and the same is not paid for want of funds, such treasurer must indorse thereon "Not paid for want of funds," annexing the date of presentation, and sign his name thereto; and from that time until such warrant is called for payment the warrant shall bear interest at a rate fixed by ordinance, and not to exceed six per cent. per annum.

5082. Call for payment. When there are moneys in the city or town treasury applicable to the payment of any warrants drawing interest, suf-

ficient to pay the same, the city or town treasurer must give notice in some newspaper published in such city or town, or if none is published therein, then by written notice posted in a conspicuous place on the outer door of the office of the city treasurer, stating that he is ready to pay the said warrants, and giving the number of the warrants to be paid. From the time of the first publication or posting of such notice the warrants so called shall cease to draw interest.

5083. Registry of warrants. Upon the presentation of any warrant or warrants indorsed, as specified in section 5081 of this code, it shall be the duty of the city treasurer to record the same in a book to be provided for that purpose, the date of such presentation, the number and date of the warrant, to whom payable, the fund on which drawn, and the amount thereof, and all warrants to be redeemed, as provided for in the preceding section, shall be redeemed in the order of their registration, beginning with the date of the warrant so first registered.

5083.1. Municipal budget law—application—definitions. The provisions of this act shall apply to all cities in this state, and it may be referred to as the “Municipal Budget Law.” As used herein the terms “municipal corporation” or “municipality” shall mean city; the term “council” shall mean city council or city commission; the term “clerk” shall mean the clerk of the city.

History: En. Sec. 1, Ch. 121, L. 1931.
Not Applicable to Cities Under Commission-Manager Form

The municipal budget law does not ap-

ply to cities operating under the commission manager form. Attorney General's Opinions, No. 364, Vol. 15.

5083.2. Fiscal year defined. The fiscal year of each and every city in this state commences on the first day of July of each year and ends on the last day of June of each year.

History: En. Sec. 2, Ch. 121, L. 1931.

5083.3. Estimates of revenues and disbursements to be filed by officers—forms—penalty for failure to file. On or before the first day of July of each year the clerk of each city shall notify in writing each official, elective or appointive, in charge of an office, department, service or institution of the municipality to file with such clerk, on or before the tenth day of July following, detailed and itemized estimates, both of the probable revenues from sources other than taxation, and of all expenditures required by such office, department, service or institution for the current fiscal year. The council shall submit to the clerk the estimate of expenditures for all purposes for such council. The mayor of the municipality shall submit to the clerk a detailed estimate showing the amount to be appropriated from any funds belonging to the municipality to defray the municipality's portion of the cost of making improvements in special improvement districts, and of maintaining the same, and of installing lighting systems in special lighting districts, and maintaining the same; but there shall not be included in such estimate, nor in either the preliminary or final budget of any municipality, any part of any such cost which is to be paid by special assessments against the property within such districts, or any part of the cost in sprinkling districts which is to be defrayed by special assessments against the property therein.

The council shall also submit to the clerk detailed estimates of all expenditures for construction or improvement purposes proposed to be made from the proceeds of bond issues not yet authorized and from the proceeds of tax levies which are required to be submitted to and approved at an election to be thereafter held.

The estimates required in this section shall be submitted on forms provided by the clerk, and prescribed by the state examiner, and may only be varied or departed from with permission and approval of said officer. The city treasurer shall prepare the estimates for interest and debt reduction. The clerk shall prepare all other estimates the preparation of which properly falls within the duties of his office.

It shall be the duty of each of said officials to file such estimates within the time and in the manner provided in said form and notice, and the clerk shall deduct and withhold, as a penalty, from the salary or compensation of each official failing or refusing to file such estimates as herein provided, the sum of ten dollars for each day of delay; provided, that the total penalty against any one official shall not exceed fifty dollars (\$50.00) in any one year; and provided further, that in the absence or disability of any such official the duties required herein shall devolve upon the official or employee in charge of such office, department, service or institution for the time being. The said notice shall contain a copy of this penalty clause.

History: En. Sec. 3, Ch. 121, L. 1931.

5083.4. Tabulation by clerk of expenditure program—classifications, items included in. From such estimates the clerk shall prepare a tabulation showing the complete expenditure program of the municipality for the current fiscal year, and the sources of revenue by which it is to be financed. Such tabulation shall set forth the estimated receipts from all sources other than taxation for each office, department, service, or institution

for the current fiscal year, the actual receipts for the last completed fiscal year, the surplus or unencumbered treasury balances at the close of such last fiscal year, and the amount necessary to be raised by taxation; the estimated expenditure for each office, department, service or institution for the current fiscal year, the actual expenditures for the last completed fiscal year, and all contracts or other obligations which will affect the current year revenues.

Such estimates, appropriations and expenditures shall be classified under the general classes of (1) salaries and wages; (2) maintenance and operation; (3) capital outlay; (4) interest and debt redemption; (5) miscellaneous; and (6) expenditures proposed to be made from bond issues not yet authorized, or from the proceeds of a tax levy or levies which are required to be submitted to and approved at an election to be thereafter held.

Within the general class of "salaries and wages" each salary shall be set forth separately together with the title or position of the recipient, provided that an unitemized appropriation may be made to cover the expenses of special deputies or assistants in any office where the services of such special deputies or assistants may be required during a part of the fiscal year only. Wages for day labor may be given in totals by designating the general purpose or object for which the expenditure is to be made but the proposed rate per diem for each class or kind of labor shall be set forth. Expenditures under the general class of "maintenance and operation" shall be classified according to a standard classification to be established by the state examiner. Expenditures for "capital outlay" shall set forth and describe each object of expenditure separately. Under the general class of "interest and debt redemption" proposed expenditures for interest and for redemption of principal shall be set forth separately for each series or issue of bonds, and warrant interest and redemption requirements shall be set forth in a similar manner. Under the general class of "miscellaneous" expenditures for all purposes not listed in, or which cannot properly be assigned to any of the foregoing general classes, shall be set forth and itemized in detail.

The total amount of emergency warrants issued during the preceding fiscal year shall be set forth with the amount issued for each emergency and the amount issued against each fund.

History: En. Sec. 4, Ch. 121, L. 1931.

5083.5. Consideration of budget by council—notice of budget meeting. The said tabulation shall be submitted to the council by the clerk on or before the twentieth day of July. Upon receipt thereof the council shall immediately consider the same in detail, and shall on or before the twenty-fifth day of July make any revisions, reductions, additions or changes therein that they deem advisable, and such tabulation, with such revisions, reductions, additions or changes as have been made therein, as herein provided, shall constitute the preliminary budget of the municipality for the fiscal year which it is intended to cover. The council shall then cause a notice to be published stating that said council has completed their preliminary municipal budget for the current fiscal year, and that said budget

has been placed on file and is open to inspection in the office of the clerk of the municipality, and that said council will meet on the Wednesday immediately preceding the second Monday in August thereafter, for the purpose of fixing the final budget and making appropriations, designating the time and place when and where such meeting will be held, and that any taxpayer may appear thereat and may be heard for or against any part of said budget. Said notice shall be published at least one time in the official newspaper of the municipality, or if there be none, then in a newspaper of general circulation in the county in which the municipality is situated.

History: En. Sec. 5, Ch. 121, L. 1931.

5083.6. Hearings on budget—adoption—fixing of tax levy. On the Wednesday immediately preceding the second Monday in August the council shall meet at the time and place designated in the notice provided in section 5083.5, at which time any taxpayer may appear and be heard for or against any part of such budget. Such hearing may be continued from day to day but must be concluded not later than the second Monday in August and prior to the fixing of tax levies by such council. The council shall have power to call in the official in charge of any office, department, service or institution, at the time the estimates for their respective offices are under consideration, for examination concerning such estimates, and such official shall be called in by such council upon the request of any taxpayer for questioning, either by the council or any taxpayer upon such estimates.

Upon the conclusion of such hearing the council shall fix and determine each item of the budget separately and shall by resolution adopt the budget as so finally determined and enter the same in detail in the official minutes of the council.

Said budget as finally adopted shall specify the fund or funds against which warrants may be issued for the expenditures so authorized, respectively, and the aggregate of all expenditures authorized against any fund shall not exceed the estimated revenues to accrue to such fund during the current fiscal year from all sources including taxation.

On the second Monday in August, and after adoption of such final budget, the council shall fix the amount of the tax levy for each fund necessary to raise the amount of estimated expenditures to be made therefrom, as finally determined, less the estimated revenues from sources other than taxation, available surpluses and expenditures that are to be made from bond issues.

The clerk shall immediately forward a copy of the final budget together with the tax levies to the state examiner.

History: En. Sec. 6, Ch. 121, L. 1931.

5083.7. Appropriations—transfers among appropriations—use of borrowed money—liabilities for expenditures in excess of budget. The estimates of expenditures, itemized and classified as required in section 5083.4, and as finally fixed and adopted by said council, shall constitute the appropriations for the municipality for the fiscal year intended to be covered thereby, and the council and every other municipal official, shall be limited in the making of expenditures or incurring of liabilities to the amount of

such detailed appropriations and classifications, respectively; provided that upon a resolution adopted by the council at a regular or special meeting, and entered upon its minutes, transfers or revisions within the general class of "salaries and wages" and of "maintenance and support" may be made, provided, that no salary shall be increased above the amount appropriated therefor. Transfers between the general classes provided in section 5083.4 shall not be permitted, provided and except that in the case of appropriations to be expended from municipal road or bridge funds, any transfer between or among the general classes of (1) salaries and wages, (2) maintenance and support, and (3) capital outlay, may be made.

Moneys received from borrowings shall be used for no other purpose than that for which borrowed, except that if any surplus remain after the accomplishment of the purpose for which borrowed it shall be used to redeem the municipal debt. Where any budget shall contain an expenditure program to be financed from a bond issue to be authorized thereafter, no expenditure shall be made or obligation incurred thereunder until such bonds have been duly authorized and the proceeds are available, and where any expenditure program is to be financed from a tax levy required to be authorized and approved at an election no expenditure shall be made or obligation incurred thereunder until such levy is so authorized and approved.

Expenditures made, liabilities incurred, or warrants issued, in excess of any of the budget detailed appropriations as originally determined, or as thereafter revised by transfer, as herein provided, shall not be a liability of the municipality, but the official making or incurring such expenditure or issuing such warrant shall be liable therefor personally and upon his official bond. The council shall not approve any claim, and the clerk shall not issue any warrant for any expenditure in excess of said detailed budget appropriations as finally adopted, or as revised under the provisions hereof, except upon an order of a court of competent jurisdiction, or for an emergency as hereinafter provided. Any municipal officer or officers approving any claim or issuing any warrant in excess of any such budget appropriation, except as above provided, shall forfeit to the city fourfold the amount of such claim or warrant, which shall be recovered in an action against such officer or officers, or all of them, and their several sureties on their official bonds, and it shall be the duty of the city attorney to bring an action therefor in the name of the municipal corporation.

History: En. Sec. 7, Ch. 121, L. 1931.

5083.8. Emergency expenditures—notice and hearing—objections by taxpayers—appeal—notice and hearing dispensed with in extreme cases—emergency warrants—tax levy—lapse of appropriations. In a public emergency, other than such as are hereinafter specifically described, and which could not reasonably have been foreseen at the time of making the budget, the council, by unanimous vote of the members present at any meeting, the time and place of which all of the members shall have had reasonable notice, shall adopt and enter upon their minutes a resolution stating the facts constituting the emergency and the estimated amount of money re-

quired to meet such emergency and shall publish the same, together with a notice that a public hearing will be held thereon at the time and place designated therein, but which shall not be less than one week after the date of said publication, at which any taxpayer may appear and be heard for or against the expenditure of money for such alleged emergency. Such resolution and notice shall be published once in the official newspaper of the municipality, and if there be none then in a newspaper of general circulation in the county in which the municipality is situated. Upon the conclusion of such hearing, if the council shall approve of such emergency expenditure, they shall make and enter upon their official minutes, by unanimous vote of all of the members of the council present at such meeting, an order setting forth the facts constituting such emergency together with the amount of expenditure authorized by them therefor, which order, so entered, shall be lawful authorization for them to expend such amount, but no more, for such purpose, subject, however, to the following limitations: No expenditure shall be made or liability incurred pursuant to said order until five (5) days, exclusive of the day of entry of said order, shall have elapsed, during which time any taxpayer or taxpayers of said municipality feeling aggrieved by said order may appeal therefrom to the district court for the county in which the municipality is situated, by filing with the clerk of such court a verified petition, a copy of which shall theretofore have been served upon the clerk of said municipality. Said petition shall set forth in detail the objections of the petitioner or petitioners to said order, giving their reasons why the said emergency does not exist. The service and filing of such petition shall operate to suspend such emergency order and the authority to make any expenditure or incur any liability thereunder, until final determination of the matter by the court. Upon the filing of such petition the court shall immediately fix a time for hearing such petition which shall be at the earliest convenient time. At such hearing the court shall hear the matter de novo and may take such testimony as it deems necessary. Its proceedings shall be summary and informal and its determination as to whether an emergency, such as is contemplated within the meaning and provisions of this Act, exists or not, and whether the expenditure authorized by said order is excessive or not shall be final.

Upon the happening of any emergency caused by fire, flood, explosion, storm, earthquake, epidemic, riot or insurrection, or for the immediate preservation of order or of public health, or for the restoration of a condition of usefulness of any public property the usefulness of which has been destroyed by accident, or for the relief of a stricken community overtaken by calamity, or in settlement of approved claims for personal injuries or property damages, exclusive of claims arising from the operation of any public utility owned by the municipality, or to meet mandatory expenditures required by law, the council may, upon adoption by unanimous vote of all members present at any meeting, the time and place of which all members shall have had reasonable notice, of a resolution stating the facts constituting the emergency and entering the same upon their minutes, make the expenditures or incur the liabilities necessary to meet such emergency without further notice or hearing.

All emergency expenditures shall be made by the issuance of emergency warrants drawn against the fund or funds properly chargeable with such expenditures, and the city treasurer is authorized and directed to pay such emergency warrants with any money in such fund or funds available for such purpose, and if, at any time, there shall not be sufficient money available in such fund or funds to pay such warrants, then such warrants shall be registered, bear interest, and be called in for payment in the manner provided by law for other city warrants.

The clerk shall include in his annual tabulation to be submitted to the council the total amount of emergency warrants issued during the preceding fiscal year, and the council shall include in their tax levies a levy for each fund sufficient to raise an amount equal to the total amount of such warrants, if there be any, remaining unpaid at the close of such preceding fiscal year because of insufficient money in such fund to pay the same; provided, however, that no levy shall be made for any fund in excess of the levy authorized by law to be made therefor; and provided, further, that the council may submit the question of funding such emergency warrants at an election, as provided by law, and if at any such election the issuing of such funding bonds be authorized it shall not then be necessary for any levy to be made for the purpose of paying such emergency warrants.

All appropriations, other than appropriations for uncompleted improvements in progress of construction, shall lapse at the end of the fiscal year; provided that the appropriation accounts shall remain open for a period of thirty days thereafter for the payment of claims incurred against such appropriations prior to the close of the fiscal year and remaining unpaid. After such period shall have expired all appropriations, except as hereinbefore provided regarding uncompleted improvements shall become null and void, and any lawful claim presented thereafter against any such appropriation shall be provided for in the next ensuing budget.

History: En. Sec. 8, Ch. 121, L. 1931.

5083.9 Clerk's report of expenditures and liabilities against budget appropriations, receipts from taxes and other sources. At the first meeting of the council, in each month, the clerk shall submit to the council a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding calendar month, and like information for the whole of the fiscal year to the first day of the month in which such report is made, together with the unexpended balance of each appropriation. He shall also set forth the receipts from taxes, and in detail the receipts from all other sources by each fund for the same period.

History: En. Sec. 9, Ch. 121, L. 1931.

5083.10. State examiner to make rules and regulations for carrying out act—accounting systems. The state examiner is hereby empowered, and it is made his duty to make such rules, regulations and classifications, and prescribe such forms as may be necessary to carry out the provisions of this Act, to define what expenditures shall be chargeable to each budget

account, and to establish such accounting and cost systems as may be necessary to provide accurate budget information.

History: En. Sec. 10, Ch. 121, L. 1931.

5083.11. Construction of act. This act shall not be construed to create any new fund or funds or to authorize a levy to be made for any fund in excess of the limitation now prescribed by existing law or acts amendatory thereof.

History: En. Sec. 11, Ch. 121, L. 1931.

5083.12. Violation of act constitutes misdemeanor. Any person violating any of the provisions of this act shall be guilty of a misdemeanor.

History: En. Sec. 12, Ch. 121, L. 1931.

CHAPTER 387

JUDGMENTS—RESPONSIBILITY FOR DAMAGE BY RIOTS

Section 5084. Judgments against cities and towns—mode of payment.

5085. Judgment may be funded.

5086. Cities and towns responsible for damages by mobs and riots.

5084. Judgments against cities and towns—mode of payment. On the certificate of a justice of the peace or the clerk of the court in which any judgment is rendered, showing the amount of the judgment and the date of its entry, the council must, by ordinance, direct that the amount of such judgment be paid out of the general fund, and that a warrant issue therefor on the general fund if there is sufficient money therein, exclusive of the appropriations for the current fiscal year, to pay the same, and the council must at the proper times levy and cause to be collected a tax on all the property of the city or town for the payment of such judgment within a period of three years from its presentation, if there is not sufficient money as aforesaid in the general fund to pay the same.

History: En. Sec. 5037, Pol. C. 1895; re-en. Sec. 3486, Rev. C. 1907; re-en. Sec. 5084, R. C. M. 1921. Cal. Pol. C. Sec. 4455.

Operation and Effect

Under this and the following sections, the first of which makes it the duty of a city or town council to levy sufficient tax to pay a judgment against the municipality within three years where there is not sufficient money in the general fund to pay it, whereas the next section author-

izes the council to fund the debt if the judgment exceeds \$10,000, the board of councilmen is vested with discretionary power to proceed in any of the several methods of procedure prescribed, and may therefore not be compelled by the judgment creditor, through writ of mandate, to make a specific levy for any one year to satisfy the judgment. State v. District Court et al., 97 M 523, 525 et seq., 37 P 2d 329.

5085. Judgment may be funded. If any judgment rendered against any town or city exceeds the sum of ten thousand dollars, the council may fund the same as other indebtedness against the city or town is funded.

History: En. Sec. 5038, Pol. C. 1895; re-en. Sec. 3487, Rev. C. 1907; re-en. Sec. 5085, R. C. M. 1921.

Operation and Effect

Under section 5084 and this section, the first of which makes it the duty of a city or town council to levy a sufficient tax to pay a judgment against the municipality within three years where there is not sufficient money in the general fund to pay it, whereas this section au-

thorizes the council to fund the debt if the judgment exceeds \$10,000, the board of councilmen is vested with discretionary power to proceed in any of the several methods of procedure prescribed, and may therefore not be compelled by the judgment creditor, through writ of mandate, to make a specific levy for any one year to satisfy the judgment. State v. District Court et al., 97 M 523, 526 et seq., 37 P 2d 329.

5086. Cities and towns responsible for damages by mobs and riots. Every city or town is responsible for injuries to real or personal property within its corporate limits, done or caused by mobs or riots.

History: En. Sec. 5036, Pol. C. 1895; re-en. Sec. 3485, Rev. C. 1907; re-en. Sec. 5086, R. C. M. 1921. Cal. Pol. C. Sec. 4452.

Operation and Effect

The sole purpose of this section was to create a liability which did not exist at common law, and to impose a new burden upon municipal corporations. It does not indicate a legislative intent to exempt cities from liability for all other torts than those mentioned therein. *May v. City of Anaconda*, 26 M 140, 142, 66 P 759.

The liability of a city for damages to property through riots or mobs is absolute, except where the plaintiff owner by his own unlawful conduct induced the injury for which he seeks damages, in which

event he cannot recover. *Butte Miners' Union v. City of Butte*, 58 M 391, 401, 194 P 149.

Id. The bare fact that the plaintiff labor union had stored arms and ammunition in its building to protect its property and the lives of its members was not alone sufficient to defeat its right to recover damages, since the right to protect property and to bear arms in defense of person and property is guaranteed by the constitution.

Id. The purpose of this statute is not only to create municipal liability, but to instill in the minds of every person liable to contribute to the public expense, a will to discourage violence and to stimulate effort to preserve public safety.

CHAPTER 388

JUDICIAL POWERS—POLICE COURTS

Section 5087. Police court established.

5088. Jurisdiction of police courts.

5089. Jurisdiction for violation of ordinances, and civil and criminal jurisdiction.

5090. When judge cannot act.

5091. Preliminary examinations—proceedings in.

5092. Proceedings in criminal actions.

5093. Proceedings in civil actions.

5094. Who to prosecute.

5087. Police court established. A police court is established in each city or town, which court must always be open, except upon non-judicial days, and upon such days it may transact criminal business only.

History: En. Sec. 4910, Pol. C. 1895; re-en. Sec. 3296, Rev. C. 1907; re-en. Sec. 5087, R. C. M. 1921.

Operation and Effect

Police courts, like justices' courts, are courts of limited jurisdiction and have only such authority as is expressly conferred upon them. *State ex rel. Marquette v. Police Court*, 86 M 297, 308, 283 P 430.

References

Cited or applied as section 4910, political code, in *State ex rel. City of Butte v. District Court*, 37 M 202, 204, 95 P 841; as section 3296, revised codes, in *Grant v. Williams*, 54 M 246, 251, 169 P 286; *Sham-pagne v. Keplinger*, 78 M 114, 119, 252 P 803.

5088. Jurisdiction of police courts. The police court has concurrent jurisdiction with the justice of the peace of the following public offenses committed within the county:

1. Petit larceny.

2. Assault and battery, not charged to have been committed upon a public officer in the discharge of his official duty, or with intent to kill.

3. Breaches of the peace, riots, affrays, committing wilful injury to property, and all misdemeanors punishable by fine not exceeding five hundred dollars, or by imprisonment not exceeding six months, or by both fine and imprisonment.

4. Proceedings respecting vagrants, lewd, or disorderly persons. Such offenses must be prosecuted in the name of the state of Montana.

Said police court shall have no jurisdiction of any civil cause, except as provided in the next section.

History: En. Sec. 4911, Pol. C. 1895; amd. Sec. 1, Ch. 16, L. 1903; re-en. Sec. 3297, Rev. C. 1907; re-en. Sec. 5088, R. C. M. 1921. Cal. Pol. C. Sec. 4426.

Operation and Effect

A justice of the peace had jurisdiction under the above section, as it existed prior to its amendment, over misdemeanors committed in a town or city within his township. In re Ryan, 20 M 64, 67, 50 P 129.

This section and section 5091 merely confer jurisdiction upon the police court or judge in the cases and proceedings enumerated; the compensation to which he is entitled is provided for elsewhere in the

code. State ex rel. Rowe v. District Court, 44 M 318, 322, 119 P 1103.

Keplinger, 78 M 114, 119, 252 P 803; State ex rel. Marquette v. Police Court, 86 M 297, 308, 283 P 430.

5089. Jurisdiction for violation of ordinances, and civil and criminal jurisdiction. The police court also has exclusive jurisdiction:

1. Of all proceedings for the violation of any ordinance of the city or town, both civil and criminal, which must be prosecuted in the name of the city or town;

2. Of any action for the collection of taxes and assessments levied for city or town purposes; or for the erection or improvement of public buildings; for the laying out, or opening, or improving any public street or sidewalk, alley, or bridge; or for the purchase of or the improvement of any public grounds; or for any and all public improvements made or ordered by the city or town within its limits, when the amount of the tax or assessments sought to be collected against the person assessed does not exceed three hundred dollars; but no lien upon the property taxed or assessed for the non-payment of the taxes or assessment can be foreclosed in any such action;

3. Of an action for the collection of money due to the city or town or from the city or town to any person, when the amount sought to be collected, exclusive of interest and costs, does not exceed three hundred dollars;

4. For the breach of any official bond given by any city or town officer, and for the breach of any contract, and any action for damages in which the city or town is a party, or is in any way interested; and all forfeited recognizances given to or for the benefit or in behalf of the city or town; and upon all bonds given upon any appeal taken from the judgment of the court in any action above named, where the amount claimed, exclusive of costs, does not exceed three hundred dollars;

5. For the recovery of personal property belonging to the city or town, when the value of the property (exclusive of the damages for the taking or detention) does not exceed three hundred dollars; and,

6. Of an action for the collection of any license required by any ordinance of the city or town.

History: En. Sec. 4912, Pol. C. 1895; re-en. Sec. 3298, Rev. C. 1907; re-en. Sec. 5089, R. C. M. 1921. Cal. Pol. C. Sec. 4427.

NOTE.—For history of earlier acts see State ex rel. Rowe v. District Court, 45 M 205-209, 122 P 270.

Operation and Effect

Non-compliance with an ordinance, making it the duty of an occupant of premises within the limits of a city to keep a sidewalk free from snow and ice, is not in its essence a crime or misdemeanor, and ac-

tions arising therefrom are properly prosecuted in the name of the city. *City of Helena v. Kent*, 32 M 279, 290, 80 P 258; *State ex rel. Streit v. Justice Court*, 45 M 375, 381, 123 P 405. See also *State ex rel. City of Butte v. District Court*, 37 M 202, 206, 95 P 841.

The police court of a city or town has exclusive jurisdiction of all proceedings for the violation of an ordinance defining vagrancy and prescribing punishment for such offense, and prosecutions thereunder must be conducted in the name of the city. *State ex rel. City of Butte v. District Court*, 37 M 202, 208, 95 P 841.

Id. Police courts have concurrent jurisdiction with justices' courts to punish vagrancy as a crime against the state, and such prosecutions must be instituted and conducted in the name of the state.

Prosecutions for violations of local ordinances must be conducted in the name of the municipality. *State ex rel. Streit v. Justice Court*, 45 M 375, 380, 123 P 405.

Id. A justice of the peace, designated by the town council to act as police judge, has exclusive jurisdiction of all cases arising under the ordinances, in addition to his jurisdiction as a justice.

A police magistrate had jurisdiction to determine the validity of a town ordinance for a violation of which he sentenced plaintiff in an action for false imprisonment to serve a term in the county jail. *Shampagne v. Keplinger*, 78 M 114, 119, 252 P 803.

Police courts, like justices' courts, are courts of limited jurisdiction and have only such authority as is expressly conferred upon them. *State ex rel. Marquette v. Police Court*, 86 M 297, 283 P 430.

The mere fact that an action for the violation of a city ordinance was entitled in the name of the "town" of H, whereas in the body of the complaint it was alleged that defendant had violated an ordinance of the named city, did not deprive the police court of jurisdiction; such a defect being curable by amendment prior to trial halted by application for writ of prohibition. *State ex rel. Moreland v. Police Court*, 87 M 17, 21, 285 P 178.

History: En. Sec. 1, Ch. 136, L. 1907; re-en. Sec. 3304, Rev. C. 1907; re-en. Sec. 5095, R. C. M. 1921.

Department Cannot be Abolished

The police force cannot be abolished as a whole, for under this section the city is required to maintain it; nor can it be abolished in part; the power of the city extends only to a reduction in its numbers for economical reasons, and it must be exercised in good faith. State ex rel. Quintin v. Edwards, 40 M 287, 306, 106 P 695.

Mandatory as to Cities of First Class

The metropolitan police law, placing the police department under civil service rules, is mandatory as to cities of the first class, but is left optional with the authorities of the smaller cities and towns whether they shall bring themselves within its provisions. State ex rel. Buckner v. Mayor of Butte, 41 M 377, 382, 109 P 710; Grush v. Bishop, 46 M 97, 101, 126 P 619.

Other Offices

The metropolitan police law contemplates that in addition to the office of chief of police, which the act itself creates, there shall be different grades and other offices established by the city council, as indicated in section 4863, or by the mayor in the event the council fails to act, as shown by section 5096. State ex rel. Dwyer v. Duncan, 49 M 54, 58, 140 P 95.

5096. Mayor to have charge of police department. The mayor of all cities and towns shall have charge of and supervision over the police department thereof. He shall appoint all the members and officers thereof. Subject to the provisions of this act, he shall have the power to suspend or remove any member or officer of the force. He shall make rules and regulations, not inconsistent with the provisions of this act, the other laws of the state, or the ordinances of the city or town council, for the government, direction, management, and discipline of the police force.

History: En. Sec. 2, Ch. 136, L. 1907; re-en. Sec. 3305, Rev. C. 1907; re-en. Sec. 5096, R. C. M. 1921.

How Construed as to Appointment and Removal

A chief of police whose duties are the same as those of the ordinary policeman,

Purpose

The purpose of the legislature in enacting the metropolitan police law was to remove the police force as far as possible from the control of partisan political influences by putting it under civil service rules, and thus raise the standard of efficiency. State ex rel. Quintin v. Edwards, 40 M 287, 303, 106 P 695; State ex rel. Bennetts v. Duncan, 47 M 447, 454, 133 P 109.

The legislature, in enacting the "Police commission bill," employing, as it did, many expressions which are exclusive in their meaning, intended to supplant all existing legislation as to the mode of constituting the police departments of cities, and to put all members thereof under civil service rules. State ex rel. Wynne v. Quinn, 40 M 472, 478, 107 P 506.

except that the additional one of supervision and control of the entire force is imposed upon him, is a "policeman," and, as such, after appointment under the act placing the police departments of cities under civil service rules, he is secure from removal from office in any other manner

than that provided in the act. State ex rel. Wynne v. Quinn, 40 M 472, 476, 107 P 506.

Id. This section is wholly inconsistent with the notion that the mayor, or the council, or both together, may appoint or remove any member of the department in any other manner than that prescribed in the later law of which the section forms a part.

The power to reduce the police force, as constituted under the metropolitan police law, if unnecessarily large or for economical reasons, resides in the city council, and not in the mayor. State ex rel. Rowling v. Mayor of Butte, 43 M 331, 336, 117 P 604.

The metropolitan police law is quite similar, in its provisions relating to the appointment, suspension and discharge of the chief of police and of members of the police force, to the provisions of the firemen's act, as respects the chief and members of the city fire department. As to policemen, this court has held that the mode of their suspension or removal prescribed by the metropolitan police law obtains under the commission form of government as forcibly as under the aldermanic form. State ex rel. McDonald v. Getchell, 51 M 323, 152 P 480; State ex rel. Lease v. Wilkinson, 55 M 340, 177 P 401; State ex rel. Lease v. Wilkinson, 59 M 327, 196 P 878; State v. Dryburgh, 62 M 36, 46, 203 P 508.

Organization by Ordinance

A city ordinance, providing for the organization of the police department of the city, in conformity with the statute gov-

erning that matter, has, when duly passed, the force and effect of a statute. State ex rel. Dwyer v. Duncan, 49 M 54, 59, 140 P 95.

Review of Action by Mayor

If the mayor of a city puts members of the police department out of active service, but afterwards complies with an order of court to reinstate them, and, after they have served a short time, again retires them, he is not in contempt. State ex rel. Rowling v. District Court, 41 M 532, 534, 110 P 86.

Id. In proceedings, under writ of supervisory control, to review the action of the district court in holding that the mayor of a city, to whom a writ of mandate had been issued to restore certain policemen to their offices, from which they had been unlawfully ousted by him under the provisions of the metropolitan police law, the only question presented was whether said mayor had actually in good faith obeyed the order by restoring the officers to their places. Under these circumstances, the question whether the mayor could relieve the men from active duty and place them on the eligible list, and other kindred propositions not theretofore presented to the district court for adjudication, were not properly determinable.

5097. Terms of members of police force. All appointments to the police force must be appointed by the mayor and confirmed by the city council, but no such appointment must be made, until an application for such position on the police force has been filed with the mayor, and by him referred to the police commission, where such commission exists, and such applicant has successfully passed the examination required to be held by such police commission, and a certificate from such police commission that the applicant has qualified for such appointment has been filed with the mayor. Every applicant who has passed such examination and received such certificate must first serve for a probationary term of not more than six months. At any time before the end of such probationary term, the mayor may revoke such appointment. After the end of such probationary period, and within thirty days thereafter, the appointment of such applicant must be submitted to the city council, and if such appointment is confirmed by the city council, such applicant becomes a member of the police force, and shall hold such position during good behavior, unless suspended or discharged as provided by law.

History: En. Sec. 3, Ch. 136, L. 1907; re-en. Sec. 3306, Rev. C. 1907; amd. Sec. 1, Ch. 198, L. 1921; re-en. Sec. 5097, R. C. M. 1921; amd. Sec. 2, Ch. 119, L. 1923.

Operation and Effect

A policeman, discharged contrary to the provisions of the metropolitan police law, is not guilty of laches in delaying, for

thirteen months, to take any action by mandamus for his reinstatement, where he is awaiting the final decision of law questions in a similar pending proceeding. State ex rel. Bennetts v. Duncan, 47 M 447, 452, 133 P 109.

Id. It is obligatory upon the mayor of a city to appoint to permanent service on the police force a policeman who, after service for the probationary term of six months, has demonstrated his fitness for the position.

5098. Police commission required in first class cities—other cities and towns may provide for commission by ordinance. In cities of the first class the mayor shall nominate, and with the consent of the city council appoint three residents of such city, who shall have the qualifications required by law to hold a municipal office therein, and who shall constitute a board to be known by the name of "police commission" who shall hold office for three years, and that one such member must be appointed annually, at the first regular meeting of the city council in May of each year. Provided, that at the first meeting of the council in the month of May after the passage of this act, the mayor, subject to the approval of the council, shall appoint three members of such police commission, one to serve for one year, one for two years and one for three years from the date of their appointment and confirmation.

The compensation of the members of such board shall be fixed by the city council, not to exceed ten dollars per day, nor more than fifty dollars per month for any month for each member in cities of the first class.

The council of any town or city, other than a city of the first class, may provide by ordinance for such a police commission in any such city or town.

Operation and Effect

The law, in effect, commands that there shall be an examining and trial board of the police department, the members of which the mayor is required to nominate, and as to cities of the first class the law is mandatory, and, as to other cities and towns, it is permissive only. All applicants for positions on the police force, whose application shall have been referred to the police commission, shall be required successfully to undergo an examination before the police commission, and to receive a certificate from said commission that the applicant is qualified for such appointment for the probationary period upon the police force.

It shall be the duty of the police commission to examine all such applicants as to their age, legal, mental, moral and physical qualifications, and

their ability to fill the office as a member of the police force, it shall also be the duty of the police commission subject to the approval of the mayor, to make such rules and regulations regarding such examinations not inconsistent with this act or the laws of the state.

Any applicant who shall make any false statement to the police commission as to his age or other qualifications required, at his examination before the police commission, shall be subject to suspension or dismissal from the police force, after trial.

Operation and Effect

The effect of this provision is that a decision of the examining and trial board on questions of fact is final and conclusive on all courts if there is any substantial evidence to support it. *Bailey v. Examining and Trial Board*, 42 M 216, 218, 122 P 69; *Id.*, 45 M 197, 202, 122 P 572.

Probationary Term

A police captain is a "policeman," and upon appointment, after having served the probationary term of six months is secure from removal from office except as provided by law. *State ex rel. Bailey v. Edwards*, 40 M 313, 318, 106 P 703.

A probationer, being a member of the police force, can be removed only upon charges made and trial had in conformity with this and the following section. *State ex rel. Bennetts v. Duncan*, 47 M 447, 455, 133 P 109.

5100. Presentation and trial of charges against policemen. The police commission shall have the jurisdiction, and it shall be its duty to hear, try and decide all charges brought by any person or persons against any member or officer of the police department, including any charge that such member or officer is incompetent, or by age or disease, or otherwise, has become incapacitated to discharge the duties of his office, or has been guilty of neglect of duty, or of misconduct in his office, or of conduct unbecoming a police officer or has been found guilty of any crime, or whose conduct has been such as to bring reproach upon the police force.

Any charge brought against any member of the police force must be in writing in the form required by the police commission and a copy thereof must be served upon the accused officer or member at least three days before the time fixed for the hearing of such charge.

It is the duty of the police commission at the time set for hearing a charge against a police officer, to forthwith proceed to hear, try and determine the charge according to the rules of said police commission. The accused shall have the right to be present at the trial in person and by counsel, and to be heard, and to give and furnish evidence in his defense. All trials shall be open to the public.

The chairman, or acting chairman, of the police commission, shall have power to issue subpoenas, attested in its name, to compel the attendance of

witnesses at the hearing and any person duly served with a subpoena is bound to attend in obedience thereto, and the police commission shall have the same authority to enforce obedience to the subpoena, and to punish the disobedience thereof, as is possessed by a judge of the district court in like cases.

The police commission must, after the conclusion of the hearing or trial, decide whether the charge was proven or not proven, and shall have the power, by a decision of a majority of the commission, to discipline, suspend, remove or discharge any officer who shall have been found guilty of the charge filed against him.

Such action of the police commission shall, however, be subject to modification or veto by the mayor, made in writing, giving reasons therefor, which shall become a permanent record of the police commission.

The findings and decisions of the police commission shall be final and conclusive unless modified or vetoed by the mayor, within five days from the date of the filing of such findings and decision with the city clerk.

When a charge against a member of the police force is found proven by the board, and is not vetoed by the mayor, the mayor must make an order enforcing the decision of the board, or if modified by the mayor, then such decision as modified, and such decision or order shall not be subject to review by any court on a question of fact.

The district court of the proper county shall have jurisdiction, however, in a suit brought by an officer or member of the police force, to determine whether the essential requirements of law as to the method of trial have been complied with, but no suit to review such hearing or trial or for reinstatement to office shall be maintained unless the same is begun within a period of sixty days after the decision of the police commission or order of the mayor has been filed with the city clerk, and in no case shall any officer or member who has been suspended or discharged, or placed upon the eligible list, be entitled to any salary or other emoluments of office, during the period of suspension, or during the time he remains upon the eligible list, or from the date of his discharge by the police commission or the mayor, to the time of his re-instatement if the court should finally find he was entitled to be re-instated. No court shall have jurisdiction to hear or determine any question or controversy concerning the salary or compensation of any member of the police force now or hereafter accrued, except for services actually rendered.

In no case shall any officer or member of the police force, be discharged without a hearing or trial before the police commission, as herein provided, in all cities of the first class.

The mayor or chief of police, subject to the approval of the mayor, shall have the power in all cases, to suspend a policeman, or any officer, for a period of not exceeding ten days in any one month, without any hearing or trial, such suspension to be with or without pay as the order of suspension may determine. The mayor of any city shall have the power and authority at any time when he deems it expedient to employ not to exceed two persons at one time for a period not to exceed thirty days to do police duty who are not members of the police department.

History: En. Sec. 6, Ch. 136, L. 1907; re-en. Sec. 3309, Rev. C. 1907; re-en. Sec. 5100, R. C. M. 1921; amd. Sec. 4, Ch. 119, L. 1923.

Charge to be in Writing

The requirement of this section, that a complaint charging a police officer with any of the offenses triable by the examining and trial board of the police department shall be reduced to writing, is met if it in substance makes out any of the offenses mentioned therein. *Bailey v. Examining and Trial Board*, 45 M 197, 199, 122 P 572.

Trial

It is contemplated that charges against any officer in the department shall be heard by the examining and trial board. *State ex rel. Dwyer v. Duncan*, 49 M 54, 188, 140 P 95.

Under the metropolitan police law there is no inherent right of indefinite tenure in the office of policeman, but, when remiss in their duty, the members of the police force are subject to discipline or removal from office after trial before the police commission which has quasi-judicial powers not limited by the provisions of the constitution applicable to courts. *State ex rel. Mueller v. District Court*, 87 M 108, 112 et seq., 285 P 928.

Id. In the absence of statutory provision for the disqualification of members of the police commission on the ground of bias or prejudice, vested, as it is, with exclusive jurisdiction to hear and determine charges against members of the police force, the right of a member of the commission to participate in a hearing of charges against a policeman is not vulnerable to such attack, the rule of disqualification not applying to officers not judicial.

Id. The writ of prohibition lies only to arrest proceedings without or in excess of jurisdiction—the power to hear and determine the case; therefore where the affidavit for the writ does not present a jurisdictional question, as where a policeman under charges for misconduct seeks to disqualify a member of the police board from participating in the hearing for bias and prejudice but the statute does not provide for such disqualification, leaving the question of jurisdiction unaffected, the writ does not lie.

Id. Where the chairman of a police commission, though restrained from officially participating in the trial of a policeman for misconduct in office by writ of prohibition, improperly issued, nevertheless was present at the trial throughout though not acting as chairman, his right to join his colleagues in the final disposition of the case, after dismissal of the prohibition proceeding, was not affected by the issuance of the writ.

What is Sufficient Misconduct

A police officer who, after having been notified of an obstruction on a sidewalk by a pedestrian who was injured by falling over it, paid no attention to the complaint further than to say that nothing could be done unless the complainant should swear out a warrant against the owner of the premises, was guilty of misconduct in office, in view of police regulations governing such matters, as well as of neglect of duty; and a charge substantially embodying these facts was sufficient to state either or both of these offenses made triable by the trial board of the police department. *Bailey v. Examining and Trial Board*, 45 M 197, 202, 122 P 572.

In every proceeding for the removal of an officer the charges against him are not to be tested by the rigid rules of criminal procedure, but the ultimate inquiry is the fitness of the accused to hold his position, and such inquiry is raised by the specific questions whether he is incompetent or has been guilty of neglect of duty or misconduct in office, or conduct unbecoming an officer. *State ex rel. O'Brien v. Mayor of Butte*, 54 M 533, 536, 172 P 134.

Id. The sufficiency of charges against a police officer cannot be defeated by the fact that the specifications considered as a basis for criminal prosecution may be barred by the statute of limitations.

5101. Active and eligible lists of policemen—filling vacancies—limitation of eligible list. The city council shall have absolute and exclusive power to determine and limit the number of police officers and members to comprise the police force of any city, and to divide the police membership into two lists, one an active list, who are to be actually employed and receive pay while so employed; and one an eligible list, who shall not receive pay, while not actually employed as an officer, or member, and to

reduce the number of the police force at any time. That such officers or members of the active list, temporarily relieved, from duty, shall become members of the eligible list without pay and shall be first entitled to re-instatement on the active list, in case of vacancy, according to their seniority in the service, and all others on the eligible list shall be entitled to fill a vacancy, in the order of their appointment. Such action of the council shall not be subject to review by any court.

In no event shall there be any officers or members placed on the eligible list, except in case of temporary reduction of the police force, when the number already on the eligible list shall equal in number twenty per cent of the active list.

Operation and Effect

The act of the mayor and city council in retiring a lieutenant of police to the eligible list, on the ground of economy, and immediately thereafter appointing another to fill the same office, was a violation of the civil service principle upon which the metropolitan police law is

founded and did not deprive the plaintiff of his office. State ex rel. Dwyer v. Duncan, 49 M 54, 59, 140 P 95.

5104. Prohibited from soliciting for votes. It shall be unlawful for any officer or member of the police department to solicit any person to vote at any political caucus, primary, or election for any candidate, or to challenge any voter, or in any manner to attempt to influence any voter at any political caucus, primary, or at any election, or be a member of any political committee.

ordinances, not inconsistent with this act, or any law of the state, for the government of the police department, and for regulating the powers and duties of its officers and members.

History: En. Sec. 11, Ch. 136, L. 1907; re-en. Sec. 3314, Rev. C. 1907; re-en. Sec. 5105, R. C. M. 1921.

In every case a police officer must be a citizen of the United States, and have been a resident of the city or town in which he is appointed at least two years prior to such appointment, such qualifications also to apply to every officer on the eligible list, at the time he shall be transferred to the active list.

Every police officer must be able to speak and write understandingly the English language.

But the money of said fund shall not be invested in any other than bonds of the United States or of the state of Montana, or bonds or warrants of the city or town, in which said fund exists, which are general liabilities of the whole city or town. And said trustees shall make sale of such bonds or securities when desirable and as directed by the city or town council. All such bonds and warrants shall be deemed part of the said fund and shall be kept in the possession of the city or town treasurer, and the treasurer shall be responsible therefor in the same manner as he is for all other moneys or funds of the city or town. 5110. Fire department to consist of what—compensation. Such fire department, when established, may consist of one chief of the fire department, as many assistant chiefs of the first department, and such number of firemen as the council may from time to time provide, and may also include a city electrician, and as many assistant electricians as the council may from time to time provide. The mayor shall nominate, and, with the consent of the council, appoint the chief of the fire department, the assistant chief or chiefs of the fire department, and all firemen, and such appointment shall be first made for a probationary term of six months, and thereafter the mayor may nominate, and, with the consent of the council, appoint such chief and assistant chief or chiefs of the fire department and firemen, who shall thereafter hold their appointment during good behavior, and while they have the physical ability to perform their duties. The chief of the fire department, and the assistant chief or chiefs of the fire department, and the firemen, shall not be deemed officers of the municipal corporation in which such fire department is established.

History: En. Sec. 2, p. 73, L. 1899; re-en. Sec. 3327, Rev. C. 1907; amd. Sec. 1, Ch. 46, L. 1911; re-en. Sec. 5110, R. C. M. 1921.

Operation and Effect

Section 4999 has no application to a fireman, since this section declares that he is not to be deemed a municipal officer. State ex rel. Drifill v. City of Anaconda, 41 M 577, 581, 111 P 345.

5111. Powers of mayor to suspend firemen. The mayor may suspend the chief and assistant or any fireman of the fire department for neglect of duty or a violation of any of the rules and regulations of the fire department; the chief of the fire department may suspend the assistant chief of the fire department or any fireman, and the assistant chief of the fire department may suspend any fireman for a like cause. In all cases of suspension the person suspended must be furnished with a copy of the charge against him in writing, setting forth reasons for the suspension, and such charges must be presented to the next meeting of the council and a hearing had thereon, when the suspended member of the fire department may appear in person or by counsel and make his defense to said charges; if such charges are found proven by the council, the council, by a vote of a majority of the whole council, may impose such penalty as it shall determine the offense warrants, either in the continuation of the suspension for a time limited, or in the removal of the suspended person from the fire department; should the charges be not presented to the next meeting of the council after the suspension, or should the charges be found not proven by the council, the suspended person shall be reinstated and be entitled to his usual compensation for the time so suspended.

History: En. Sec. 3, p. 74, L. 1899; re-en. Sec. 3328, Rev. C. 1907; re-en. Sec. 5111, R. C. M. 1921.

Operation and Effect

If a fireman has been removed without written charges his action in asking for reinstatement after his discharge did not constitute a waiver of his right to be con-

fronted with written charges, as there can be no waiver of a right that has been lost. State ex rel. Driffill v. City of Anaconda, 41 M 577, 582, 111 P 345.

5112. Reduction of force in reverse order of appointment. Should the council at any time reduce the number of firemen in the fire department, those most recently appointed shall be selected for retirement from the fire department, and the city or town clerk shall keep a list of such retired firemen, and should the number of firemen be again increased by the council, the men on said list shall be called into service, the longest service firemen being first selected for service in the fire department.

History: En. Sec. 4, p. 74, L. 1899; re-en. Sec. 3329, Rev. C. 1907; re-en. Sec. 5112, R. C. M. 1921.

Operation and Effect

The city council must, if it deems it necessary to reduce the number of paid

firemen, retire the one last appointed, and may not exercise any discretion in the premises and discharge the one thought least efficient even though oldest in point of service. State ex rel. Driffill v. City of Anaconda, 41 M 577, 584, 111 P 345.

5113. Qualifications of firemen. The qualifications of firemen shall be that they shall be qualified voters of the city or town, not over forty-five years of age, and shall have passed a physical examination by a practicing physician duly authorized to practice in this state, which examination shall be in writing and filed with the city or town clerk. Such examination shall disclose the ability of such applicant to perform the physical work usually required of firemen in the performance of their duty. Should there be any firemen in the existing fire department of cities and towns, whose age at the time of their appointment is forty-five years or over, the same shall be retired from the service of such department.

History: En. Sec. 5, p. 74, L. 1899; re-en. Sec. 3330, Rev. C. 1907; re-en. Sec. 5113, R. C. M. 1921.

Operation and Effect

Where a discharged fireman seeks reinstatement by mandamus, a statement in his affidavit that he had been duly appointed and confirmed as a member of

the fire department, and that at all times he had the physical ability to perform his duties as such, was a sufficient allegation that he possessed the qualifications of a fireman as defined by this section; otherwise he would not have been appointed in the first instance. State ex rel. Driffill v. City of Anaconda, 41 M 577, 581, 111 P 345.

5114. Duties of chief and assistant chief of fire department. The chief of the fire department shall have sole command and control over all persons connected with the fire department of the city or town, and shall possess full power and authority over its organization, government, and discipline, and to that end may from time to time establish such disciplinary rules and regulations as he may deem advisable, subject to the approval of the city or town council; he shall have charge of and be responsible for the engines and other apparatus, the property of the town or city furnished the fire department, and see that they are at all times ready for use in the extinguishing of fires. The assistant chief of the fire department shall aid the chief in the work of the department and in his absence shall perform his duties.

History: En. Sec. 6, p. 75, L. 1899; re-en. Sec. 3331, Rev. C. 1907; re-en. Sec. 5114, R. C. M. 1921.

Operation and Effect

While in cities of the first class operating under the commission form of government authorized by chapter 57, laws of 1911, the members of the fire department are protected in their tenure by the provisions of the firemen's act (Rev. C. 1907, sec. 3328), the chief of the department may be removed at any time by a majority vote of the council. State v. Dryburgh, 62 M 36, 203 P 508.

Id. The chief of the fire department of a city operating under the commission form of government was removed by the

council, his name, however, being restored to the roll of members, thus entitling him to the safeguards afforded him as such member under the civil service rules of the firemen's act. He later was suspended under subdivision (c) of section 25, chapter 57, laws of 1911, but a hearing on his appeal was not accorded him. Held, that failure to hear his appeal rendered the order of suspension of no effect, automatically reinstated him and entitled him to compensation during the period of his suspension.

Operation and Effect

Held, that under this section, a city fireman may properly be awarded benefits from the firemen's disability fund for incapacity from duty caused by illness

in an amount equal to his monthly salary during the time of such incapacity, and that in such case the provisions of sections 5132 and 5133, providing for a service pension and limiting it to one-half the monthly salary last received by such member have no application. 5124. Embezzlement of funds. Any person who shall embezzle any of the money or other valuable thing belonging to the disability and pension fund of any fire department relief association, or who shall take part, in, or in any manner aid in any scheme or plan whereby said fund or association shall be defrauded out of any of the money in said fund, shall be guilty of a felony, and upon conviction thereof, shall be punished by imprisonment in the state prison for not less than one year or more than ten years.

No money shall be paid to the treasurer of such fire department relief association until such report is so filed. No one serving as a substitute or on probation, nor any person who has not been confirmed a member of an organized fire department is eligible for membership in the relief association. No treasurer of any such association shall enter upon his duties until he has given to the association a good and sufficient bond of not less than fifty per cent (50%) of the amount of the cash funds and securities of the association, for the faithful performance of his duties according to law, the amount of such bond to be approved and paid for by such association. Provided, however, that in no case shall such official bond be in excess of the amount of twenty-five thousand dollars (\$25,000.00). Provided further, that upon a majority vote of the members of the association, the city or town treasurer shall be ex-officio treasurer of the fire department relief association and the official bond of such city or town treasurer shall cover the faithful discharge of his duties as ex-officio treasurer of the fire department relief association, and the cash in the firemen's relief fund shall have the same protection as to depository securities furnished by banks, as the other funds of the city or town. All of the financial books and accounts of such association with reference thereto shall be subject at all times to examination by the state examiner. The state examiner is hereby authorized, empowered and required to make such examination at least once each year, for which service the association shall pay to the state treasurer on or before the first day of July of each year, in all cases where the fund is in excess of one thousand dollars (\$1,000), a fee in the amount of ten dollars (\$10.00), which shall be credited to the state general fund. Upon complaint being duly made to him that the money or any part thereof paid under the provisions of this act to the treasurer of such association

has been or is being expended for any unauthorized purpose, and if such money upon examination is found to have been expended contrary to the authority given, he shall so report to the governor, upon whose directions to the state auditor, no further warrants shall be issued to such fire department relief association treasurer until the money so expended has been returned.

Such pension may be decreased or increased within the amount specified, whenever the amount of funds on hand or the lack of funds render such action advisable or necessary. No such pension shall be paid to any person while he remains a member of the fire department and any person receiving such pension shall not be entitled to other relief from such association. In case of volunteer or call men the compensation shall not exceed the sum of seventy five dollars (\$75.00) per month.

5141. Appointment of and duties of fire warden. The board of county commissioners must, upon petition of ten residents of any unincorporated city, town, or village in the county, appoint a fire warden for such city, town or village, whose duty it is to examine all chimneys, stoves, stovepipes, ovens, furnaces, boilers, and appurtenances thereto belonging.

History: En. Sec. 1, p. 101, L. 1876; re-en. Sec. 639, 5th Div. Rev. Stat. 1879; re-en. Sec. 1139, 5th Div. Comp. Stat. 1887; re-en. Sec. 3230, Pol. C. 1895; re-en. Sec. 2074, Rev. C. 1907; re-en. Sec. 5141, R. C. M. 1921.

5142. Removal of dangerous chimneys, etc.—penalty. When any chimney, stove, stovepipe, oven, furnace, boiler, or appurtenance thereto is

defective, out of repair, or so placed in any building as to endanger it or any other building by communicating fire thereto, the fire-warden, on complaint of any citizen, either orally or in writing, or upon his own examination, or other satisfactory proof, must give written notice to the owner or occupant of the building or premises, directing the owner or occupant to repair the same so as to make it secure against accident by fire; and he may in the notice require the occupant or owner to replace any defective flue or stovepipe with a new and safe one; and if the occupant or owner neglects for the space of three days to comply with the terms of said notice, he is guilty of a misdemeanor and punishable accordingly.

History: En. Sec. 2, p. 101, L. 1876; re-en. Sec. 640, 5th Div. Rev. Stat. 1879; re-en. Sec. 1140, 5th Div. Comp. Stat. 1887; re-en. Sec. 3231, Pol. C. 1895; re-en. Sec. 2075, Rev. C. 1907; amd. Sec. 1, Ch. 17, L. 1921; re-en. Sec. 5142, R. C. M. 1921.

5143. Fire companies—how organized. Fire companies in incorporated cities and towns are formed and organized under special laws, or under authority conferred upon the city or town government. Those in unincorporated towns and villages are organized by filing, with the county clerk of the county in which they are located, a certificate in writing, signed by the foreman or presiding officer and secretary, setting forth the date of the organization, name, officers, and roll of active and honorary members, which certificate and filing must be renewed every three months. There must not be allowed to any such towns or villages more than one company for each one thousand inhabitants, but one company must be allowed in any city, town, or village where the population is less than one thousand. There must not be allowed to any fire company more than twenty-eight certificate members.

5144. Elect officers, make by-laws, exempt firemen. Every such fire company must choose or elect a foreman, who is the presiding officer, and a secretary and treasurer, and may establish and adopt by-laws and regulations, and impose penalties, not exceeding five dollars, or expulsion for each offense. The officers and members of unpaid fire companies regularly organized and exempt firemen are entitled to the following privileges and exemptions, viz: Exemption from payment of poll-tax, road-tax, and head-tax of every description; exemption from jury duty; exemption from military duty, except in case of war, invasion, or insurrection. Every fireman who has served five years in an organized company in this state is an "exempt fireman," and must receive from the chief engineer of the department to which he belonged a certificate to that effect. Every active fireman must have a certificate of that fact, signed by the chief of the fire department or the foreman of the company to which he belongs; such certificates must be countersigned by the secretary, and over the seal of the company, if one is provided. Each certificate entitles the holder to exemption from military and jury duty.

History: En. Sec. 3233, Pol. C. 1895; re-en. Sec. 2077, Rev. C. 1907; re-en. Sec. 5144, R. C. M. 1921.

5145. County clerk may issue exempt certificates. In lieu of issuing certificates to exempt firemen by the chief of the fire department, as pro-

vided in the last section, on the certificate of the foreman and secretary of any fire company, or the chief of the department, provision being made therefor in the by-laws of the company, "exempt certificates" may be issued by the clerk of the county, over his official seal and signature, which entitles the holder to like exemption from military and jury duty.

History: En. Sec. 3234, Pol. C. 1895; re-en. Sec. 2078, Rev. C. 1907; re-en. Sec. 5145, R. C. M. 1921.

5146. Seal and record of membership. Every fire department regularly organized may adopt a department seal, the name of the particular fire department to which it belongs, which must be under the control of and for the use of the secretary, and be by him affixed to exempt certificates, certificates of active membership, and such other documents as the by-laws may provide. The secretary of every department having a seal must take the constitutional oath of office and give such bond as the by-laws provide for the faithful performance of his duties. The secretary of the fire department, or fire company must keep a record of all certificates of exemption or active membership, the date thereof, and to whom issued; and when no seal is provided, similar entries of certificates issued to obtain county clerk's certificates. Every such certificate is prima facie evidence of the facts therein stated.

History: En. Sec. 3235, Pol. C. 1895; re-en. Sec. 2079, Rev. C. 1907; re-en. Sec. 5146, R. C. M. 1921.

5147. Duties of chief. The chief of every fire department must inquire into the cause of every fire occurring in the town of which he is the chief, and keep a record thereof; he must aid in the enforcement of all fire ordinances duly enacted, examine buildings in process of erection, report violations of ordinances relating to prevention or extinguishment of fires, and, when directed by the proper authorities, institute prosecutions therefor, and perform such other duties as may be by proper authority imposed upon him. His compensation, if any, must be fixed and paid by the city or town authorities. He must attend all fires with his badge of office conspicuously displayed, must prevent injury to, take charge of, and preserve all property rescued from fires, and return the same to the owner thereof on the payment of the expenses incurred in saving and keeping the same, the amount thereof, when not agreed to, to be fixed by any justice of the peace.

History: En. Sec. 3236, Pol. C. 1895; re-en. Sec. 2080, Rev. C. 1907; re-en. Sec. 5147, R. C. M. 1921.

5148. Fire protection—establishment of fire districts. The board of county commissioners is authorized to establish fire districts in any unincorporated town or village, or any territory lying within ten (10) miles of the limits of any incorporated city whenever requested in writing so to do by the owners of fifty per cent (50%), or more, of the area included within the proposed district and who constitute a majority of the taxpayers who are freeholders of such territory and whose names appear upon the last completed preceding assessment roll; and at the time of the annual levy of taxes may levy a special tax upon all the property within such districts for the purpose of buying apparatus and

maintaining the fire department of any such district, and such tax must be collected as are other taxes. All moneys so collected by the county treasurer shall be disbursed by him upon warrants signed by the treasurer of the fire company and countersigned by its foreman. In the drawing of such warrants against the funds so collected by the county treasurer, the foreman and treasurer of the fire company shall be governed by the by-laws of such fire company. It is provided that the provisions of this section shall not apply to payment of bonds and interest thereon as provided by sections 5149 to 5158 of this code.

5149. Commissioners ex-officio directors of fire districts—issuance of bonds—limitation on amount—election—term. Whenever the board of county commissioners shall have established a fire district in any unincorporated town or village, said board of county commissioners shall be and is hereby constituted ex-officio a board of directors of such fire district. The board of directors of any duly established fire district in unincorporated towns or villages within this state shall, whenever a majority of the directors so decide, submit to the electors of the district the question of whether the board shall be authorized to issue bonds to a certain amount, not to exceed three per cent of the percentum of the assessed value of the taxable property in such district, and bearing a rate of interest not exceeding six per cent, for the purpose of purchasing fire equipment, necessary lands, erecting buildings for fire purposes, acquiring a water supply, purchasing or otherwise acquiring or constructing a water system and establishing pipe lines. No such bonds shall be issued unless a majority of all the votes cast at any such election shall be cast in favor of such issue. Such bonds may be either amortization or serial bonds, but shall not extend over a longer term than ten years.

The faith of each fire district is solemnly pledged for the payment of the interest and redemption of the principal of the bonds which shall be issued under the provisions of this act. And for the purpose of enforcing the provisions of this act, each fire district shall be a body corporate, which may sue and be sued by or in the name of the board of fire directors of such district.

History: En. Sec. 4, Ch. 107, L. 1911; re-en. Sec. 5152, R. C. M. 1921.

5153. Levy and collection of tax. The fire directors of each district shall ascertain and levy annually the tax necessary to pay the interest when it becomes due, and a sinking fund to redeem the bonds at their maturity; and said tax shall become a lien upon the property in said fire district, and be collected in the same manner as other taxes for fire purposes.

History: En. Sec. 5, Ch. 107, L. 1911; re-en. Sec. 5153, R. C. M. 1921.

5154. Payment and liquidation of bonds. The county commissioners, at the time of making the levy of taxes for county purposes, must levy a tax for that year upon the taxable property in such district, for the interest and redemption of said bonds, and such tax must not be less than sufficient to pay the interest of said bonds for that year and such portion of the principal as is to become due during such year, and in any event must be high enough to raise, annually, for the first half of the term said bonds have to run, a sufficient sum to pay the interest thereon; and during the balance of the term, high enough to pay such annual interest, and to pay annually a portion of the principal of said bonds equal to a sum produced by taking the whole amount of said bonds outstanding and divide it by the number of years said bonds have to run; and all money so levied, when collected, must be paid into the county treasury to the credit of such district, kept in a separate fund, and be used for the payment of principal and interest on said bonds, and for no other purpose; provided, that the board may, with the surplus of such sinking fund, when the same shall be one thousand dollars or more, purchase any of the outstanding bonds issued by the board. Such purchase shall be made at the lowest price such bonds can be purchased at, but at no more than par value of such bonds; and whenever there shall be such a surplus of sinking fund amounting to the sum of one thousand dollars, the board shall purchase therewith like bonds on the same terms and conditions as hereinbefore specified.

If for any reason such bonds cannot be purchased as hereinbefore specified, such sinking fund shall be invested by the treasurer under the direction of the board of directors, at such times as the board shall direct, in the interest-bearing bonds of the United States or of the state of Montana, which shall be purchased at the lowest market price. Interest accruing upon such bonds shall be invested in the same manner, and for the same purpose, as sinking fund. Such bonds shall be held by the treasurer until the principal of any bonds issued by the board of directors shall become due, and shall be sold at the highest market price, and the proceeds applied to the payment of bonds; provided, further, that if at any time the board shall deem it best, it shall be lawful to sell such bonds for the purpose of purchasing the bonds issued by such board; but all such sales shall be at the highest market price, and the bonds of the board, purchased with the proceeds of such sale, shall be purchased at the lowest price they can be obtained for, and not above the par value of such bonds; provided, further, that the bonds first maturing shall be purchased, if they can be purchased, on terms as favorable to the board as others offered for sale to the said board. All bonds of the said board purchased under the authority hereby given, or paid by the board, shall be forthwith canceled as provided in the next succeeding section.

History: En. Sec. 6, Ch. 107, L. 1911; re-en. Sec. 5154, R. C. M. 1921.

5155. Sinking fund and redemption. When the sum in said sinking fund shall equal or exceed the amount of any bond then due, the county treasurer shall give notice to each bondholder, if known to him, and shall post in his office a notice that he will, within thirty days from the date of

such notice, redeem the bonds then payable, giving the numbers thereof, and preference shall be given to the oldest issue; and if at the expiration of the said thirty days the holder or holders of said bonds shall fail or neglect to present the same for payment, interest thereon shall cease; but the treasurer shall at all times thereafter be ready to redeem the same on presentation, and when any bonds shall be so purchased or redeemed, the county treasurer shall cancel all bonds so purchased and redeemed, by writing across the face of such bond or bonds, in red ink, the word "Redeemed," and the date of such redemption; provided, that whenever, in the judgment of the board of fire directors and prior to the redemption of said bonds, said board shall deem it advisable and for the best interests of the fire district to invest said sinking fund, or any part thereof, the board may, by an order entered upon their minutes, direct and require the county treasurer to invest said sinking fund, or any part thereof, in state or county bonds or warrants until such redeemable period.

History: Ap. p. Sec. 415, 5th Div. Comp. Stat. 1887; amd. Sec. 16, p. 185, L. 1889; amd. Sec. 4814, Pol. C. 1895; re-en. Sec. 3342, Rev. C. 1907; amd. Sec. 1, Ch. 103, L. 1911; amd. Operation and Effect

Construing prior to amendments of 1923 and 1925, this court held, under this section, that a city had the power to levy special taxes for the purpose of paying interest on bonded indebtedness and creating a sinking fund, and that the contention that the taxing power of a city of a class other than the first class was limited to a ten mill levy for all purposes by this section, has no merit. *First Nat. Bank of Glendive v. Sorenson*, 65 M 1, 5, 210 P 900.

Construing prior to amendments of 1923 and 1925, this section provides that towns may levy taxes for general municipal purposes, not to exceed ten mills on the as-

essed value of their taxable property. Under sections 1999 and 2000, the "taxable value" of property of different classes is fixed at a certain percentage of the assessable value, that of real property being fixed at thirty per cent of its assessed value. Defendant town assumed to levy a tax of twenty mills, contending that on the value as fixed by sections 1999 and 2000, the tax so imposed did not exceed ten mills on the assessed value as fixed by this section. Held, in an action to recover taxes paid on real property under protest, that this section and sections 1999 and 2000 being in irreconcilable conflict, and such sections (1999, 2000) being the later enactments, are controlling to the extent of the repugnancy, that the taxable value as fixed by those sections, and not the assessed value fixed by this section, is the standard prescribed for computing taxes, and that therefore the tax in excess of ten mills on the dollar of taxable value was invalid. *Wibaux Improvement Co. v. Breitenfeldt*, 67 M 206, 207 et seq., 215 P 222.

5195. Cities and towns may raise money by taxation in excess of levy now permitted, how. Whenever the council of any city or town shall deem it necessary to raise money by taxation, in excess of the levy now allowed by law, for any purpose for which said city or town is authorized to expend moneys raised by taxation in said city or town, it shall submit the question of such additional levy to the legal voters of such city or town who are taxpaying freeholders therein, either at the regular annual election held in said city or town, or at a special election called for that purpose by the council of such city or town; provided, however, that such additional levy shall not exceed five mills.

History: En. Sec. 1, Ch. 12, L. 1919; re-en. Sec. 5195, R. C. M. 1921.

5196. Notice of election. Where the question of making such additional levy is so submitted, notice thereof shall be given by publication for at least thirty days prior to such election in every newspaper published in said city or town, and by posting a like notice for the same period of time in a public place in each ward of said city or town.

History: En. Sec. 2, Ch. 12, L. 1919; re-en. Sec. 5196, R. C. M. 1921.

5197. Submission of question to state object of levy—use of funds—balance. The submission of said question shall expressly provide for what purpose such additional levy is to be made, and, if authorized, the money raised for such additional levy shall be used for that specific purpose only; provided, that if any balance remain on hand after the purpose for which said levy was made has been accomplished, such balance may, by vote of the council, be transferred to any other fund of said city or town.

History: En. Sec. 3, Ch. 12, L. 1919; re-en. Sec. 5197, R. C. M. 1921.

5198. Separate ballots when levy for more than one purpose—form of ballot and marking—conduct of election. If at any time it is desired

to submit the question of additional levies for more than one purpose, such propositions shall be submitted on separate ballots, each of which ballots shall be in substantially the following form: Shall the city (or town) council be authorized to make a levy of (here insert the number) mills taxes in addition to the regular levy now authorized by law for the purpose of (here insert the purpose for which the additional levy is to be made.)

☐

Against Additional Levy.

☐

For Additional Levy.

The voters shall mark the ballot or ballots in the same manner as other ballots are marked under the election laws of this state. The election shall be held and the votes canvassed and returned as in other city or town elections. If the majority voting on the question are in favor of such additional levy or levies, the city or town council shall so certify, and such additional levy or levies of taxes shall be made by the city or town council for that year.

History: En. Sec. 4, Ch. 12, L. 1919; re-en. Sec. 5198, R. C. M. 1921.

5199. Registration of electors. The council may provide by ordinance for the registration of qualified electors who are tax-paying freeholders in such city or town, and no person shall be entitled to register or vote at such election who is not such tax-paying freeholder and qualified elector.

History: En. Sec. 5, Ch. 12, L. 1919; re-en. Sec. 5199, R. C. M. 1921.

5199.1. Qualifications for voting on creation or increasing indebtedness. That from and after the passage and approval of this act, only such registered electors of the city, town, school district, or other municipal corporation whose names appear upon the last preceding assessment roll shall be entitled to vote upon any proposal to create or increase any indebtedness of city, town, school district or other municipal corporation, required by law to be submitted to a vote of the electors thereof.

History: En. Sec. 1, Ch. 98, L. 1923; amd. Sec. 1, Ch. 47, L. 1929.

Operation and Effect

Held, on original application for writ of injunction, that the provisions of this section et seq., and not sections 5009, 5278 and 5279, govern the procedure to be followed for the registration of electors and their qualifications in a special city election called for the purpose of submitting to them the question of the issuance of city water plant bonds. *Weber v. City of Helena et al.*, 89 M 109, 112 et seq., 297 P 455.

Id. By the enactment of chapter 47, laws of 1929, amendatory of chapter 98, laws of 1923 (this section), the legislature intended to provide the procedure for the holding of all elections called for the purpose of determining whether in-

debtedness of the political units therein mentioned shall be created or increased when the approval of the electors is required by law, including the issuance of city water bonds.

Id. Held, that where a city mistakenly called and conducted a special election submitting the question of increasing its indebtedness by the issuance of bonds for water plant purposes under sections of the revised codes which had been superseded by this section, none of the provisions of which chapter were observed, the election was void irrespective of the good faith in which the city authorities acted.

5199.2. Lists of registered voters—posting. The county clerk shall, immediately after the closing of the registration books of his county preceding such election, as provided by law, prepare lists of the registered electors of the city, town, school district, or other municipal corporation whose names appear upon the last preceding assessment roll, and shall prepare poll-books therefor as provided by section 568, and furnish copies thereof to the city, town, school district or municipal corporation in which such election is to be held for which he shall receive compensation as provided in section 571. When the election is upon a proposal to create or increase the indebtedness of a city, town, school district or other municipal corporation, the county clerk shall deliver such lists to the clerk of the city, town, school district or other municipal corporation, holding such election, and it shall be his duty to post such lists in the manner provided in section 567.

History: En. Sec. 2, Ch. 98, L. 1923; amd. Sec. 1, Ch. 47, L. 1929.

5200. Special taxes and assessments. The council may also assess and levy the special taxes or assessments provided for in sections 4955 through 5309.

History: En. Sec. 4815, Pol. C. 1895; re-en. Sec. 3343, Rev. C. 1907; re-en. Sec. 5200, R. C. M. 1921.

Operation and Effect

Held, under this section, that a city had the power to levy special taxes for the purpose of paying interest on bonded in-

debtedness and creating a sinking fund, and that the contention that the taxing power of a city of a class other than the first class was limited to a ten mill levy for all purposes by section 5194, has no merit. *First Nat. Bank of Glendive v. Sorenson*, 65 M 1, 6 et seq., 210 P 900.

5201. Taxes in cities and towns which have exceeded the constitutional limit of indebtedness. All taxes heretofore levied and collected, or to be collected for municipal and administrative purposes by any city or town, the indebtedness of which equals or exceeds the limit provided in section 6, article XIII of the constitution, may be used in payment of current expenses during the fiscal year for which said taxes were levied, the same as though a special levy had been made for each of said purposes. And the council of any such city or town is hereby authorized to designate the amount of said general levy applicable to each of said purposes, and the amount so designated shall constitute a special fund for the special purpose of paying the expenses incurred for such purpose, and such expenses shall be payable out of such fund and not otherwise; provided, that the aggregate of all taxes authorized for general municipal and administrative purposes shall not exceed one and one-half per cent annually upon the per centum of the assessed value of all taxable property in such city or town.

History: En. Sec. 1, Ch. 106, L. 1907; re-en. Sec. 3344, Rev. C. 1907; re-en. Sec. 5201, R. C. M. 1921; amd. Sec. 2, Ch. 175, L. 1925.

5202. City authorized to levy special taxes. Hereafter any city, the indebtedness of which equals or exceeds said limit, shall be authorized to levy and collect special taxes for municipal and administrative purposes, and the city council in making such levy shall designate the amount thereof for each of said purposes, and each tax, when collected, shall constitute a fund out of which the expenses incurred for the purpose for which such tax was levied shall be paid. The expenses incurred for any such purpose shall be paid out of the fund so to be provided therefor, and not otherwise.

History: En. Sec. 2, Ch. 21, L. 1903; re-en. Sec. 3345, Rev. C. 1907; re-en. Sec. 5202, R. C. M. 1921.

5203. Annual tax—equalization and collection. The council has power to levy, collect, and equalize annually taxes on all the property in the city or town taxable for state and county purposes, and may by ordinance provide for the levy, assessment, equalization, and collection of the same.

History: En. Sec. 4860, Pol. C. 1895; re-en. Sec. 3346, Rev. C. 1907; re-en. Sec. 5203, R. C. M. 1921.

Operation and Effect

Under this section and section 5216, as the latter stood before its amendment, a town council had power to levy taxes, and taxes levied for street purposes could not be worked out by taxpayers, if they elected to do so under the law as it then

existed. Town of White Sulphur Springs v. Pierce, 21 M 130, 132, 53 P 103.

This section and city ordinances must yield to chapter 96, laws of 1923, fixing the time and method of collecting taxes and interest thereon. Thomas v. City of Missoula et al., 70 M 478, 482, 226 P 213.

5204. Levy, etc., to be made under this chapter. Until the passage of such ordinance the levy, assessment, equalization, and collection of municipal taxes are, and the proceedings for such purposes must be, as provided in this chapter.

5205. Basis of taxation. The assessment made by the county assessor for state and county purposes is the basis of taxation for cities and towns for the property situated therein.

History: En. Sec. 4862, Pol. C. 1895; re-en. Sec. 3348, Rev. C. 1907; re-en. Sec. 5205, R. C. M. 1921.

Operation and Effect

The municipal authorities of an incorporated city could make a legal assessment in electing to take the assessment made by the county and state assessing authorities as the basis for the levy of municipal taxes on property within such city; and the levy of lawful taxes thereon by such city, according to the provisions of its charter and ordinances, constituted a legal levy. Lockey v. Walker, 12 M 577, 583, 31 P 639.

Under this section and section 5216, as it stood prior to its amendment, the assessment of property of a city was not completed until the date of the resolution

of the city council fixing and levying the amount of taxes to be levied and assessed for such year. State ex rel. City of Butte v. Johnson, 16 M 570, 572, 41 P 706.

Under the provisions of this section and other statutes applicable and in force from time to time, the basis of taxation for a city or town has been the valuation made by the county assessor for state and county purposes. The city or town council has had no authority to amend or change the items listed in the roll furnished by him, its office being merely to ascertain the rate of taxation necessary to produce the amount required to meet the expenses of the city or town government, and to certify it to the county treasurer. Lockey v. City of Bozeman, 42 M 387, 397, 113 P 286.

5206. Duty of county assessor. It is the duty of the county assessor, in making the assessment-book, to designate therein the real and personal property, stating each separately and distinctly, situated in the cities and towns within the county.

5207. Copies of assessment-books to be furnished cities and towns. On or before the second Monday in July of each year the assessor must furnish to all cities of the third class and towns within his county which

shall make written request for the same, on or before the first Monday in April of each year, a complete certified copy of his assessment-book, so far as such assessment-book pertains to property within the limits of said cities and towns.

History: En. Sec. 1, Ch 69, L. 1911; re-en. Sec. 5207, R. C. M. 1921.

5208. Charge of assessor for making copies. The assessor may charge such cities and towns five cents per folio of one hundred words for each copy of his assessment-book furnished such cities and towns as provided in the preceding section.

History: En. Sec. 2, Ch. 69, L. 1911; re-en. Sec. 5208, R. C. M. 1921.

5209. Equalization of taxes. The equalization of assessments of property made by the county board of equalization applies to the assessment of property in any city or town, and must be taken as the equalization thereof. But the council may at any time after the adjournment of said board, upon good cause shown, reduce the city or town taxes or penalties thereon as is just and equitable, or order any tax that has been improperly assessed or paid by mistake to be refunded.

5210. Affidavit of aggrieved party. The person aggrieved must first make an affidavit stating the facts, which must be filed with the clerk.

5211. Preparation of assessment-book. It is the duty of the county clerk, on or before the first Monday in October in each year, to make a duplicate of the corrected assessment-book for each city in the county, the treasurer of which is required by ordinance of such city to collect its taxes. Such book shall be styled "The Duplicate Assessment-Book for the City of", and must contain a copy of the "corrected assessment-book" of the county as far as the same refers to city property.

5213. Delivery of book to city clerk. The county clerk must deliver such duplicate assessment-book to each city treasurer, and take his

receipt therefor, having attached thereto the affidavit similar to the one set out in section 2161 of this code.

History: En. Sec. 4869, Pol. C. 1895; amd. Sec. 1, p. 224, L. 1897; re-en. Sec. 3355, Rev. C. 1907; re-en. Sec. 5213, R. C. M. 1921.

Operation and Effect

The word "similar" in this section does not require the county clerk to make

an affidavit identical with the one required by section 2161, but merely requires an affidavit covering all the facts showing that the clerk had done his duty in making the copy of the assessment-book. State ex rel. City of Butte v. Weston, 29 M 125, 131, 74 P 415.

5214. Collection of taxes—delinquent taxes. The county treasurer of each county must collect the tax levied by all cities and towns in his respective county, except in case of such cities of the first and second and third classes as may provide by ordinance for the city treasurer to collect the taxes from such corrected assessment-book. The county treasurer must collect such city or town taxes, including unpaid road poll-taxes, at the same time as the state and county taxes, with the same penalties and interest in case of delinquency. All publications for sales for delinquent taxes shall include such city or town taxes, there being but one sale for each piece of property, such sale to cover the aggregate of such city or town, county, and state taxes, with the penalties, interest, and cost of advertising provided by law. All moneys received from sales, redemptions, and from sales by the county, after deed given by the county treasurer as provided by law, shall be credited to the state, county, and city or town, pro rata, in the same proportions as provided in sections 2234 and 2235 of these codes.

History: En. Sec. 4870, Pol. C. 1895; amd. Sec. 1, Ch. 24, L. 1907; Sec. 3356, Rev. C. 1907; re-en. Sec. 5214, R. C. M. 1921.

Operation and Effect

Under this section, the county treasurer must collect taxes for a city or town which has not by ordinance placed the duty of collection upon its own treasurer, no provision, however, being made as to when the money so collected must be turned over to the city or town treasurer. Held, that the county treasurer must within a reasonable time after collection compute the amount due the city or town and pay it over to the proper custodian, and that the lapse of one month after collection of the bulk of the city or town taxes is not a reasonable time within which to perform that duty. State v. McNamer, 62 M 490, 494, 205 P 951.

Where a city has failed to provide by ordinance for the collection of its taxes by its own treasurer, the treasurer of the county in which such city is situated must, under this section, collect and pay

them to the city treasurer without delay. State v. McFarlan, 78 M 156, 158 et seq., 252 P 805.

"Tax" and "Taxes"

Assessments for special city improvements which under section 5251, the county treasurer is required to collect, held to fall within the meaning of the words "tax" and "taxes" as employed in this section, making it the duty of the county treasurer to collect city taxes where a city has not imposed that duty upon its own treasurer. State v. McFarlan, 78 M 156, 158 et seq., 252 P 805.

5215. Repealed—Chapter 163, laws of 1935.

5215.1. Delinquent tax—sales of property taxed or specially assessed by cities or towns. Whenever, in a city or town whose treasurer collects its own taxes or special assessments, or both thereof, any such taxes or

assessments shall become delinquent, no tax sale shall be held by such city or town treasurer therefor, but such city or town treasurer must, within ten (10) days after the date the same become delinquent, certify all such delinquent taxes and assessments to the county treasurer of the county in which the city or town is situated. Such certificate shall contain the description of each lot or parcel of land on which any tax or assessment has become delinquent, the name and address of the person to whom assessed, the date when the same became delinquent, the amount of the delinquent tax or assessment, the penalty to be added thereto, and the total amount of such delinquent tax or assessment with penalty added. If any special assessment is payable in installments and any installment thereof becomes delinquent, the amount of such delinquent installment shall be included in such certificate, provided, however, that if the city or town council, by the adoption of an appropriate resolution shall declare the whole of the assessment remaining unpaid to be delinquent, as provided in section 5251, then the whole of the assessment remaining unpaid shall be included in such certificate.

Upon receipt of such certificate the county treasurer shall enter such delinquent taxes and assessments in the delinquent tax list of the county, and the county treasurer in selling property for delinquent taxes must include all such city and town delinquent taxes and assessments, there being but one sale for each piece of property, such sale to cover the aggregate of such city or town, county and state taxes and special assessments, with the penalties, interest and costs provided by law.

History: En. Sec. 1, Ch. 148, L. 1927.

Operation and Effect

Held in an action in mandamus to compel a county treasurer, under this section to spread upon the delinquent taxroll of the county certain assessments for special city improvements which became delinquent on a city lot after the county had

bought it in at a tax sale that special assessments are not taxes within the meaning of section 2215, that therefore the liens of such assessments were extinguished upon issuance of the tax deed, and hence that the county treasurer could not be compelled to spread the assessments upon his records. *State v. Jeffries*, 83 M 111, 114, 270 P 638.

5215.2. Collection of delinquent taxes by cities authorized. All cities in the state of Montana, who by ordinance provide for the collection of city taxes and assessments, are hereby authorized and empowered to solicit payment, ask for, receive and receipt for delinquent taxes and assessments due any such city, and upon receipt of payment thereof by the city treasurer of such city, it shall be the duty of such city treasurer to immediately certify to the county treasurer of the county in which such city is situated, the fact of such payment with the amount thereof, a description of the property charged with such delinquent taxes or assessments so paid and the name of the person to whom the same were assessed; provided, however, that nothing in this act is intended to or shall prevent the county treasurer of the county in which such city is situated to collect such delinquent taxes or assessments, but is intended as an aid to the collector of such delinquent taxes and assessments.

History: En. Sec. 1, Ch. 145, L. 1933.

5216. Fixing amount of tax levy—certification to county or city clerk. The council must on or before the second Monday of August of each year, by resolution, determine the amount of the city or town taxes for all pur-

poses, to be levied and assessed on the taxable property in the city or town, for the current fiscal year and the city or town clerk must at once certify to the county clerk a copy of such resolution and the county treasurer must collect said taxes as in this chapter provided. Provided, that in cities where the council has provided by ordinance for the collection of such taxes by the city treasurer, the city clerk must certify a copy of such resolution to said city treasurer.

History: En. Sec. 379, 5th Div. Comp. Stat. 1887; amd. Sec. 4872, Pol. C. 1895; amd. Sec. 1, p. 224, L. 1897; re-en. Sec. 3358, Rev. C. 1907; amd. Sec. 1, Ch. 1, L. 1919; amd. Sec. 1, Ch. 9, Ex. L. 1919; amd. Sec. 1, Ch. 165, L. 1921; re-en. Sec. 5216, R. C. M. 1921; amd. Sec. 1, Ch. 49, L. 1925.

Operation and Effect

The requirement of this section that after the city council had determined the amount of city taxes to be levied on city property for all purposes, the city clerk must certify the resolution passed by the council in that behalf to the county clerk, held to have been sufficiently complied

with by his attestation, the terms "certify" and "attest" meaning substantially the same thing, to-wit, that what appears in the instrument is genuine or true. *Morse v. Kroger et al.*, 87 M 54, 59, 285 P 185.

5217. Fiscal year. The fiscal year of cities and towns commences on the first day of July of each year, and ends on the last day of June of each year.

5218. Annual appropriation—manner and time of making. The council must, during the month of July in each fiscal year, pass an ordinance to be known as the "Annual appropriation for the.....of.....for the fiscal year beginning July 1, 19.....," in which ordinance there must be appropriated enough money to defray the expenses or liabilities of the city or town for such fiscal year, and there must be specified therein the amount appropriated for each separate object or fund, and the salary or compensation to be paid to each officer of the city or town.

Operation and Effect

The fact that the city council, in ac-

cordance with this section, appropriated a sum to pay for water furnished under a contract, does not make the city liable therefor, since the contract out of which the liability arose is void, and no lawful authority to pay it exists. *State ex rel. Helena W. W. Co. v. City of Helena*, 24 M 521, 537, 63 P 99.

5219. Road poll-tax. All able-bodied male inhabitants of a city or town, between the ages of twenty-one and forty-five years, must pay an annual road poll-tax not exceeding three dollars.

History: En. Sec. 4875, Pol. C. 1895; re-en. Sec. 3361, Rev. C. 1907; re-en. Sec. 5219, R. C. M. 1921.

5220. List of persons liable for poll-tax. The city clerk must make a list of all persons liable for such tax, and present the same to the council

for inspection and correction at a regular or special meeting to be held not later than the third Monday of May. On or before the first regular meeting in June the council must direct a copy of such list, as corrected, certified by the clerk, to be delivered to the city treasurer, and the city treasurer must forthwith collect such taxes from the persons named in the list, and from such other persons liable for the same as he may add thereto; provided, that any person who is assessed for a property tax in the city may pay such poll-tax at the time he pays his general tax, and in such case the poll-tax shall be added upon the assessment list to other taxes of persons liable therefor paying taxes upon real and personal property, by the county clerk upon a list of the names of persons liable for the same being certified to by the city clerk.

The city or town clerk, in making such list, and the city or town treasurer in collecting such tax, have the same powers in reference thereto as the county assessor and county treasurer have in assessing and collecting the poll-tax provided for in sections 2273 to 2295, inclusive, of this code.

5222. Poll-tax—how expended. The money so collected must be expended for street purposes in the city or town. No street or alley in a city or town is a county road or a part thereof, nor constitutes a part of a road district of a county.

5224. License tax may be levied. The council may, by ordinance, license all industries, pursuits, professions and occupations, as provided in section 5039.3, of this code, and the city treasurer must collect the same in the manner and at the time prescribed by ordinance. The city clerk must issue such licenses.

Operation and Effect

What is a reasonable license fee must depend largely upon the sound discretion

of the city council, having reference to the circumstances and necessities of the case. Unless, however, the amount is manifestly unreasonable, in view of its

purpose as a regulation, the court will not adjudge it a revenue measure. City of Bozeman v. Nelson, 73 M 147, 155, 237 P 528.

5226. Special improvement districts—placing wires underground—cost per lineal foot. Whenever the public interest or convenience may require, the city council is hereby authorized and empowered to create special improvement districts, and order the whole, or any portion or portions, either in length or width, of any one or more of the streets, avenues, alleys, or places or public ways of any such city, graded or regraded to the official grade, planked or replanked, paved or repaved, macadamized or remacadamized, graveled or regraveled, piled or repiled, capped or recapped, surfaced or resurfaced, oiled or reoiled, and to order the construction or reconstruction therein of sidewalks, crosswalks, culverts, bridges, gutters, curbs, steps, parkings, including the planting of grass-plots and setting out of trees; sewers, ditches, drains, conduits, and channels for sanitary and drainage purposes, or either or both thereof, with outlets, cesspools, manholes, catchbasins, flush tanks, septic tanks, connecting sewers, ditches, drains, conduits, channels, and other appurtenances; waterworks, water-mains, and extensions of water-mains; pipes, hydrants, hose connections for irrigating purposes; appliances for fire protection,

tunnels, viaducts, conduits, subways, break-waters, levees, retaining walls, bulkheads, and walls of rock or other material to protect the same from overflow or injury by water; the opening of streets, avenues, and alleys; the planting of trees thereon; and to maintain, preserve and care for any and all of the improvements herein mentioned; and the construction or reconstruction in, over, or through property or rights of way owned by such city, of tunnels, sewers, ditches, drains, conduits, and channels for sanitary and drainage purposes, or either or both thereof, with necessary outlets, cesspools, manholes, catchbasins, flush tanks, septic tanks, connection sewers, ditches, drains, conduits, channels, and other appurtenances; pipes, hose connections for irrigating, hydrants and appliances for fire protection; and break-waters, levees, retaining walls and bulkheads; walls of rock or other material to protect the streets, avenues, lanes, alleys, courts, places, public ways, and other property in any such city from overflow by water; and to order any work to be done which shall be deemed necessary to improve the whole or any portion of such streets, avenues, sidewalks, alleys, or places or public ways, or property, or right of way of such city. The city council is also hereby authorized to create a district as hereinafter specified, for the purpose of defraying the cost of acquiring private property for the purpose of opening, widening, or extending any street, avenue, or alley within the corporate limits of such city.

It is further provided that the council shall have the same jurisdiction and powers as in this section above provided, to (before doing any of the work mentioned in this act) require any public service corporation, or company, firm, or person occupying such streets, avenues, or alleys, at their own expense and within a reasonable time to be fixed by the council, place in an underground conduit in such manner as may be directed by the city council, all wires, electric conduits, telephone, telegraph, power, or power transmission lines, or appurtenances thereto, or appliances owned, held, or enjoyed in connection therewith; provided, however, that the whole cost so assessed shall at no time exceed the sum of one dollar and fifty cents per lineal foot, plus the cost of the pipe so laid of the entire length of the water-mains laid in such district.

Constitutionality

Laws providing for the creation of special improvement districts, and imposing a tax by way of assessment upon the property legislatively determined to be benefited, are not open to the objection that they deprive the owner of his property without due process of law. *McMillan v. City of Butte*, 30 M 220, 225, 76 P 203.

Id. In the absence of proof that the burden imposed on a property owner by a municipal assessment is altogether out of proportion to the benefit actually accruing to the property, he cannot assert that his property is thereby taken without compensation.

Assessments for special municipal improvements, such as the construction of

sewers or the building of sidewalks, are not taxes, and constitutional and statutory provisions exempting property from taxation have no application to such assessments. *City of Kalispell v. School District 45 M 221, 226, 122 P 742.*

Federal Property

Where property belonging to the federal government abuts on a street for the purpose of paving which a special improvement district is created, the city may devote its street fund or any money in its treasury not otherwise appropriated to the payment of that portion of the improvement which, but for its exemption from such imposition, would be properly assessable against such property. *Ford v. City of Great Falls*, 46 M 292, 308, 127 P 1004.

Id. The constitutional provision that a state shall not impose any taxes upon property therein belonging to the United States

includes special assessments for street improvements.

Id. Where streets are to be improved, the fact that property, exempt from special assessment, such as that of the federal government and its instrumentalities, lies on one side of one of the streets is no obstacle to the city's proceeding with the improvement of that street.

Limitation of Cost

The limitation of \$1.50 per lineal foot placed upon municipal improvements by this section has no application to street grading, draining, paving or curbing and gutter work. *Reeve v. City of Billings*, 57 M 552, 189 P 768.

Operation and Effect

A law providing for the creation of special improvement districts is a legislative declaration that all the property in the proposed district is benefited by the improvement, and to the same extent. *McMillan v. City of Butte*, 30 M 220, 224, 76 P 203.

The property of a school district, devoted exclusively to public school purposes, is, in the absence of express constitutional or statutory exemption, liable for the payment of assessments made for special municipal improvements. *City of Kalispell v. School District*, 45 M 221, 230, 122 P 742.

The statutes of this state relating to the creation of special improvement districts not only qualify and limit the powers which the city council may exercise, but they define with particularity the mode in which the restricted authority may be used, and compliance with their provisions is the *sine qua non* to the creation of a special improvement district for making improvements the expenses of which is to be a charge against the property included. *Shapard v. City of Missoula*, 49 M 269, 279, 141 P 544; *Cooper v. City of Bozeman*, 54 M 277, 283, 169 P 801; *Johnston v. City of Hardin*, 55 M 574, 581, 179 P 824.

Where an owner joined in a petition for the creation of a special improvement district, and thereafter, in creating it, a large part of the property described therein was excluded by the city council, the petitioner was not estopped to subsequently attack the validity of the creation by the fact that he joined in the petition. *City of Lewistown v. Warren*, 52 M 356, 357, 157 P 954.

Theory of Act

The whole theory of local taxation or assessments is that the improvements for which they are levied afford a remuneration in the way of benefits. *Power v. City of Helena*, 43 M 336, 341, 116 P 415.

With respect to special improvements, the "superficial area" rule is the rule of this state; it amounts to a legislative declaration that all property in a proposed district is, presumptively, equally benefited by the improvement contemplated. *Mansur v. City of Polson*, 45 M 585, 595, 125 P 1002.

5226.1. Connections with water and gas-pipes. The city or town council shall have power to require connections from gas-pipes, water-pipes, steam-heating pipes, and sewers to the curb line of the adjacent property to be made before the permanent improvement of the streets whereon they are located, and to regulate the making of such connection on the streets already improved, or on unimproved streets; and in case the owners of the property on such streets shall fail to make such connections within the time fixed by the council, they may cause such connections to be made, and shall assess against the property in front of which said connections are made the entire cost and expense thereof. All assessments levied under the provisions of this section shall be enforced and collected in the same manner as other special assessments provided.

5227. Resolution of intention—notice—materials. Before creating any special improvement district for the purpose of making any of the improvements, or acquiring any private property for any purpose authorized by this act, the city council shall pass a resolution of intention so to do, which resolution shall designate the number of such district, describe the boundaries thereof, and state therein the general character of the improvement or improvements which are to be made, and an approximate estimate of the cost thereof; provided, however, that when any improvement is to be made in paving, the city or town council may in describing the general character of the same describe several kinds of paving. Upon having passed such resolution the council must give notice of the passage of such resolution of intention, which notice must be published for five days in a daily newspaper, or in some one issue of a weekly paper published in the city or town, or in case no newspaper be published in such city, then by posting for five days in three public places in the city or town, and a copy of such notice shall be mailed to every person, firm, or corporation, or the agent of such person, firm, or corporation having property within the proposed district at his last known address, upon the same day such notice is first published or posted. Such notice must describe the general character of the improvement or the improvements so proposed to be made, and state the estimated cost thereof, and designate the time when and the place where the council will hear and pass upon all protests that may be made against the making of such improvements, or the creation of such district; and said notice shall refer to the resolution on file in the office of the city clerk for the description of the boundaries. The city council may include in one proceeding under one resolution of intention and in one contract any of the different kinds of work mentioned in this act, and any number of streets and rights of way, or portions thereof, and it may except therefrom any of said work, already done, upon a street to the official grade.

Where the special improvement contemplated is the paving of a street in which car tracks have been constructed, the city shall have the power and authority to order the general character of the material between the rails and one foot on each side of the rails to be of a different kind from that used in the remainder of the street; providing that the general character of the material to be used between the car tracks and one foot on each side of the rails be described in the resolution of intention, in the same manner as the general character of the material used for the rest of the contemplated pavement.

The lots or portions of lots fronting upon said excepted work, already done, shall not be included in the assessment for the class of work from which the exception is made; provided, that this shall not be construed

so as to affect the special provisions as to grading contained in section 5238 of this code.

History: En. Sec. 3, Ch. 89, L. 1913; amd. Sec. 2, Ch. 142, L. 1915; re-en. Sec. 5227, R. C. M. 1921.

Boundary

Under this section, a city has the power to fix the boundary of a special improvement district at any distance from the front line of a street and is not required to include the whole platted area of each lot. *Ricker et al v. City of Helena et al.*, 68 M 350, 360 et seq., 218 P 1049.

Departure from Resolution

One who charges that a contemplated municipal improvement has been materially and substantially changed by the city council from the original plan as evidenced by the resolution authorizing it, has the burden of proving the materiality of the change. *Mansur v. City of Polson*, 45 M 585, 594, 125 P 1002.

In its resolution of intention to create a special improvement district, the city council must describe the character and nature of the contemplated improvements with sufficient particularity to advise the taxpayer affected, and the improvements to be made must correspond substantially with those set forth in the resolution, and no material change or departure therefrom can be made. *Evans et al v. City of Helena et al.*, 60 M 577, 588 et seq., 199 P 445.

Id. Under a resolution of intention to create a special improvement district for the purpose of paving streets, with the necessary excavations, cutting, filling, etc., and "incidental work," held that defendant city was properly enjoined from entering into a contract the provisions of which departed substantially from the purposes set forth in the resolution, in that they included reduction in the street widths and the construction of new parking, curbing and storm sewers, each of which constitutes a distinct city improvement under this section, and none of which was therefore subject to inclusion under the term "incidental work."

Discretion of Council

The city council as a special tribunal to conduct the hearing is clothed with limited powers only, and no presumption in favor of its jurisdiction will be indulged. The statute measures its authority, and compliance with the terms of the statute is a condition precedent to the right to act. *Johnston v. City of Hardin*, 55 M 574, 579, 179 P 824.

In an action to set aside the proceedings of a city council had in the creation of a special street improvement district and to enjoin the carrying out of a paving contract entering into, on the grounds that

the city had joined in one district property abutting on several streets, that the character of work to be done on one street was different from that to be done on others, and that property on several streets would not be benefited by the paving on another, proceedings reviewed and held, in view of the power lodged in the city council by this section to include in one district and in one contract any number of streets, any kind of work, etc., that the council did not abuse its discretion. *Ricker et al v. City of Helena et al.*, 68 M 350, 360 et seq., 218 P 1049.

Necessary Steps to Create Districts

The successive steps necessary to be taken by a city council in the creation of a special improvement district are: (1) The adoption of a resolution of intention; (2) the service of the required notice; (3) a hearing and determination against protests; and (4) the passage of a resolution creating the district, the first three of which are jurisdictional, and a failure to take any one of these is fatal to the proceedings. *Shapard v. City of Missoula*, 49 M 269, 273, 141 P 544; *Johnston v. City of Hardin*, 55 M 574, 579, 179 P 824.

Notice

The contents of the resolution, in so far as they relate to notice of what improvements are contemplated, are for the legislature to dictate, and so long as a reasonably comprehensive notice is provided for, the courts have no power to declare it insufficient, and a detailed description of the work intended to be done is unnecessary. *Mansur v. City of Polson*, 45 M 585, 593, 125 P 1002.

Publication of a notice of intention to create a special improvement district which contained the proper reference to time and place for hearing objections to its final adoption was sufficient. *Allen v. City of Butte*, 55 M 205, 207, 175 P 595.

The caption of a notice is no part of the notice itself, and cannot be looked to to supply any deficiency in the notice. *Johnson v. City of Hardin*, 55 M 574, 581, 179 P 824.

Id. In the absence of the statutory notice of the city council's intention to create a special improvement district, plaintiff property owner was not called upon to act, an inference deducible from his complaint that he had actual knowledge that his property was to be included in the proposed district being insufficient.

A resolution passed by the town council reciting the creation of an improvement district and that the resolution should be deemed one of intention to cre-

ate, and creating it, followed by a description of its boundaries and of the character of the proposed improvements, with an estimate of the cost, etc., and that objections to its creation and the final adoption of the resolution would be heard in a certain place at a given time, held to have been in substantial compliance with statutory provisions. *Harvey v. Town of Townsend et al.*, 57 M 407, 188 P 897.

Id. Failure of the notice mentioned in this section to refer to the resolution for a description of boundaries is insufficient to vitiate the proceedings.

Operation and Effect

A resolution providing that the cost of a special street improvement, comprising principal as well as side streets, should be paid for by the levy of an assessment based upon the "superficial area" rule, was not void as inequitable, in that under it owners of inside lots were required to bear the same proportion of expense as owners of corner lots of the same area, although the benefits to accrue to the former are disproportionate to those received by the latter. *Mansur v. City of Polson*, 45 M 585, 595, 125 P 1002; approving *McMillan v. City of Butte*, 30 M 220, 76 M 203.

To make the complaint of a property holder asking a court of equity to be relieved from the payment of a special improvement tax levied on his property for the purpose of defraying the cost of the construction of a storm sewer on the alleged ground that his property was so situated that it could not be benefited by the sewer, proof against a general demurrer, it must set forth that plaintiff appeared at the time and place designated in the resolution of the council for hearing objections to the proposed improvement, and that his protest was ignored; otherwise, after the improvement is made and warrants issued in payment thereof, he is estopped upon the face of his pleading. *Power v. City of Helena*, 43 M 336, 342, 116 P 415.

By a resolution to create a special improvement district described as being bounded by certain lots, such lots were not incorporated in, but excluded from, the proposed district. *City of Lewistown v. Warr*, 52 M 353, 355, 157 P 953.

Where no work has been done under contracts for the installation of a special improvement, or warrants issued, the claim that a liberal and indulgent view of faulty proceedings in creating the district should be taken has no merit. *Cooper v. City of Bozeman*, 54 M 277, 284, 169 P 801.

District sewers are such as accomplish the purpose of a sewer system without other or outside aid, except as they receive by the carrying off of their dis-

charges by the main trunk line—the public sewer; such sewers may be constructed by the creation of special improvement districts, under this section, and paid for by assessing the cost of the improvement against the property within the districts created. *Crutchfield v. Nash et al.*, 84 M 556, 563, 276 P 938.

Sufficiency of Resolution

Where a certain lot was assessed for municipal improvements for its entire area, the fact that only one-half of such lot was included in the description in the resolution creating the assessment district was immaterial. *McMillan v. City of Butte*, 30 M 220, 227, 76 P 203.

While a city council may not so change the nature of a special street improvement set forth in the resolution of intention as to be materially and substantially different from that authorized, and the cost of the same increased in proportion, work which substantially follows that outlined in the resolution, though omitting one feature of the contemplated improvement, is not open to complaint in this respect. *Mansur v. City of Polson*, 45 M 585, 594, 125 P 1002.

Though a mere informality in the resolution of intention to create an improvement district would not have rendered the effort of the city council to acquire jurisdiction nugatory, if the subsequent steps had been pursued in conformity with the statute, the proceeding was abortive where a resolution of intention was deemed sufficient to bring about the creation of the district. *Shapard v. City of Missoula*, 49 M 269, 280, 141 P 544. Compare *Cooper v. City of Bozeman*, 54 M 277, 283, 169 P 801.

The resolution of intention is the primary step to be taken in every instance and is the basis of the whole proceeding, the omission of which is fatal and renders all the subsequent proceedings nugatory. *Shapard v. City of Missoula*, 49 M 269, 279, 141 P 544.

Proceedings for the imposition of a special improvement tax are in invitum, and before property can be held subject to the burden, it must be described with sufficient certainty that the owner cannot be misled; it being the intention of the statute that the resolution of intention shall contain a description of the proposed district by a line which marks its exterior boundaries. *City of Lewistown v. Warr*, 52 M 353, 355, 157 P 953.

Before a special improvement district can be created, the city council must pass a resolution of intention to do so, give notice of its passage, etc. Where the council, in an endeavor to create such a district, passed a resolution which proclaimed the creation of the district and an intention to assess the property liable for

the cost of the improvement, the proceedings were void in limine for want of a proper resolution of intention. *Cooper v. City of Bozeman*, 54 M 277, 282, 169 P 801.

Id. Failure to pass a proper resolution of intention to create a special improvement district cannot be corrected by subsequent interpretation at the hands of the council, to the effect that the resolution passed was meant to operate as one of intention.

Where a resolution of intention to create a special improvement district described the boundaries of an entirely different district from that referred to in the notice served upon the owner of property affected, the city council did not acquire jurisdiction to proceed with the improvement. *Johnston v. City of Hardin*, 55 M 574, 580, 179 P 824.

A resolution of intention to create a special improvement district, the title of which stated that it was a "resolution of intention," etc., the body of which substantially contained the recitals required by statute and advised the taxpayers of the time and place where their objections to its creation would be heard, was sufficient as against the objection that in it the city council had not declared its intention to create it. *Aiken et al. v. City of Glendive et al.*, 60 M 1, 2, 197 P 1003.

5228. Assessment of extended district including lots not fronting on improvement. Whenever the contemplated work of improvement, in the opinion of the city council, is of more than local or ordinary public benefit, or whenever, according to estimates furnished by the city engineer, the total estimated costs and expenses thereof would exceed one-half of the total assessed value of the lots and lands assessed, if assessed upon the lots or lands fronting upon said proposed work or improvement, according to the valuation fixed by the last assessment roll whereon it was assessed for taxes for municipal purposes, the city council may make the expenses of such work or improvement chargeable upon an extended district and which may include other lots not fronting on the improvement, and which the said city council shall, in its resolution of intention, declare to be the district benefited by said work or improvements and to be assessed to pay the costs and expenses thereof.

History: En. Sec. 4, Ch. 89, L. 1913; re-en. Sec. 5228, R. C. M. 1921; amd. Sec. 1, Ch. 135, L. 1923; amd. Sec. 1, Ch. 150, L. 1929.

Operation and Effect

In an action to recover improvement taxes paid under protest, held that, this section not so providing, a resolution of intention to create an extended improvement district including lots not fronting on the improvement, for the purpose of installing water-mains and fire protection

Description contained in resolution of intention to establish special improvement district for purpose of raising funds to pay for water system and improvement held sufficient. Improvement was described as the construction of pipes, hydrants, and hose connections for irrigating appliances and fire protection which were to be installed upon and along certain designated streets, so that without reference to plans or specifications subsequently filed, the length of the pipe was fairly disclosed by the resolutions. *Lumbermen's Trust Co. v. Town of Ryegate*, 61 F 2d 14.

Id. Where improvement was amply covered by general description contained in resolution of intention, that water-works were to be constructed outside of special improvement district for purpose of furnishing water for pipes laid in district held immaterial, so far as concerns description of work chargeable to district.

5229. Protests against proposed work. At any time within fifteen days after the date of the first publication of the notice of the passage of the resolution of intention, any owner of property liable to be assessed for said work may make written protest against the proposed work, or against the extent or creation of the district to be assessed, or both. Such protest must be in writing, and be delivered to the said clerk of the city council, who shall indorse thereon the date of its receipt by him. At the next regular meeting of the city council after the expiration of the time within which said protest may be so made, the city council shall proceed to hear and pass upon all protests so made, and its decision shall be final and conclusive; provided, however, that when the protest is against the proposed work, and the cost thereof is to be assessed upon the property fronting thereon, and the city council finds that such protest is made by the owners of forty per cent of the property fronting on the proposed work, or when the protest is against the proposed work, and the cost thereof is to be assessed upon the property within an extended district, and the city council finds that such protest is made by the owners of more than forty per cent of the area of the property to be assessed for said improvements, no further proceedings shall be taken for a period of six months from the date when said protest was received by the said clerk of the city council; except in case the improvements are the construction of sanitary sewers, when the said protest may be overruled by an affirmative vote of a majority of the members of the city council; unless such protest is made by the owners of more than sixty per cent of the property affected as herein provided, in which event the protest must be sustained as to the construction of such sanitary sewers.

In determining whether or not sufficient protests have been filed on a proposed district to prevent further proceedings therein, property owned by a county, city, or town shall be considered the same as other property in the district. The city council may adjourn said hearing from time to time.

Effect of Action Against Protest

Taxes levied by a city for special improvement purposes are absolutely void, where the city council proceeds to create an improvement district, notwithstanding owners representing more than one-half of the area of the property to be assessed to defray the cost of such improvement, appear before it and object to the adoption of the resolution creating the district for the purpose indicated. *Hensley v. City of Butte*, 33 M 206, 210, 83 P 481.

Operation and Effect

For a decision under a former statute in regard to the right of property owners to appear before the council and protest against the making of the proposed improvement, see *Hensley v. City of Butte*, 36 M 32, 92 P 34.

The provision of this section that objections to a proposed special improvement shall be heard at the next regular meeting of the city council after the expiration of the fifteen days in which protest can be made, etc., is directory only. *Harvey v. Town of Townsend*, 57 M 407, 188 P 897.

Property Owned by City also Must be Computed

In determining whether forty per cent of the owners of property affected by a proposed special improvement have filed protests against it, the city or town council is authorized by this section to take into consideration property owned by it and included in the district, such property being subject to assessment therefor the same as privately owned property. *Ricker et al. v. City of Helena et al.*, 68 M 350, 358, 218 P 1049.

Sufficiency of Protest

An alleged protest to street paving, filed by abutting owners, stating the rea-

sons why they did not desire the paving done during a certain year, and stating that they were willing to have the street paved two years later, and that payment therefor should be required in three annual instalments, was not an unqualified protest to the paving. *McMillan v. City of Butte*, 30 M 220, 228, 229, 76 P 203.

Withdrawal from Protest

A property owner in a city, who has signed a protest against the creation of a special improvement district, may, within the time allowed for presenting such pro-

test, withdraw therefrom, and thus defeat the protest. *Hawley v. City of Butte*, 53 M 411, 413, 164 P 305.

5230. Jurisdiction to order proposed improvements. When no protests have been delivered to the clerk of the city council within fifteen days after the date of the first publication of the notice of the passing of the resolution of intention, or when a protest shall have been found by said city council to be insufficient, or shall have been overruled, or when a protest against the extent of the proposed district shall have been heard and denied, immediately thereupon the city council shall be deemed to have acquired jurisdiction to order the proposed improvements. But before ordering any of said proposed improvements, the city council shall pass a resolution creating the said special improvement district in accordance with the resolution of intention theretofore introduced and passed by the city council.

History: En. Sec. 6, Ch. 89, L. 1913; amd. Sec. 4, Ch. 142, L. 1915; re-en. Sec. 5230, R. C. M. 1921.

Operation and Effect

It is only after the lapse of fifteen days from the first publication of notice of intention to create an improvement district, and after all protests have been disposed of adversely to objecting property owners, that the city council shall be deemed to have acquired jurisdiction to order the improvement. *Shapard v. City of Missoula*, 49 M 269, 278, 141 P 544.

By failure of an objecting property owner to give notice of defects or irregulari-

ties in the proceedings to the council within sixty days after the contract for the work is let, he waives all claim for damages, under this section. *Harvey v. Town of Townsend et al.*, 57 M 407, 188 P 897.

Id. The passage of the resolution creating a special improvement district constitutes a sufficient order for the making of the contemplated improvements.

5231. Sufficiency of description after resolution of intention. In all resolutions, notices, orders, and determinations subsequent to the resolution of intention and notice of improvements, it shall be sufficient to briefly describe the work or the assessment district, or both, and to refer to the resolution of intention for further particulars.

History: En. Sec. 7, Ch. 89, L. 1913; re-en. Sec. 5231, R. C. M. 1921.

5232. Bid for work and award of contract. Notice inviting proposals, and referring to the specifications on file, shall be published at least twice in a daily, semi-weekly, or weekly newspaper, published and circulated in said city, designated by the council for that purpose, and in case there is no newspaper published in said city, then it shall be posted in at least three (3) public places.

The city council may call for bids or proposals for several kinds and types of materials for any improvements proposed to be made under sections

5225 to 5257 of this code, reserving the right to select the kind or type of material to be used in making any such improvements, after the bids or proposals therefor shall have been opened, examined, and declared.

The time fixed for the opening of bids shall be not less than ten (10) days from the time of the final publication of said notice. All proposals or bids offered shall be accompanied by a check payable to the city, certified by a responsible bank for an amount which shall not be less than ten per centum (10%) of the aggregate of the proposal. Said proposals or bids shall be delivered to the clerk of the said city council, and said city council shall, in open session, publicly open, examine, and declare the same; provided, however, that no proposal or bids shall be considered unless accompanied by said check. The city council may reject any and all proposals or bids should it deem this for the public good, and also the bid of any party who has been delinquent or unfaithful in any former contract with the municipality, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the prices named in his bid.

If the bids are rejected, or no bids are received, the city council may, at any time within two (2) years thereafter, and whenever and as often as the city council deems it advantageous, re-advertise for proposals or bids for the performance of the work as herein provided, without further proceedings, and thereafter proceed in the manner in this section provided, and shall thereupon return to the proper parties the checks corresponding to the bids so rejected. But the checks accompanying such accepted proposals or bids shall be held by the city clerk of said city until the contract for doing said work, as hereinafter provided, has been entered into, either by said lowest bidder, or by the owners of over fifty per centum (50%) of the frontage, whereupon said certified check shall be returned to said bidder. But if said bidder fails, neglects, or refuses to enter into the contract to perform said work or improvements, as hereinafter provided, then the certified check accompanying his bid, and the amount therein mentioned, shall be declared to be forfeited to said city, and shall be collected by it and paid into the general fund. The provisions hereof shall be applicable to all special improvement districts created within one (1) year preceding the passage and approval of this act.

History: En. Sec. 8, Ch. 89, L. 1913; amd. Sec. 5, Ch. 142, L. 1915; re-en. Sec. 5232, R. C. M. 1921; amd. Sec. 1, Ch. 173, L. 1931.

Operation and Effect

Contracts for the construction of spe-

cial street improvements, let without first giving ten days' notice for bids, and more than nine months after the award, were invalid as in contravention of the provisions of this section. *Cooper v. City of Bozeman*, 54 M 277, 284, 169 P 801.

5233. Contract by owner to do work. The owners of three-fourths of the frontage of lots and lands liable to be assessed, or their agents, and who shall make oath that they are such owners or agents, shall not be required to present sealed proposals or bids, but may, within three days after the said award, elect to take such work and enter into a written contract to do the whole work at a price at least five per cent. less than the price at which the same has been awarded, and all work done under such contract shall

be subject to the same plans and specifications governing the lowest responsible bidder. Should the said owners fail to elect to take said work, and to enter into a written contract therefor within three days, or to commence the work within fifteen days after the date of such written contract, and to prosecute the same with diligence to completion, it shall be the duty of the city council to enter into a contract with the original bidder to whom the contract was awarded, and at the prices specified in his bid.

History: En. Sec. 9, Ch. 89, L. 1913; re-en. Sec. 5233, R. C. M. 1921.

5234. Reletting contract after default of contractor. But if such original bidder neglects, fails, or refuses for fifteen (15) days after the notice of award to enter into the contract, then the city council, without further proceedings, shall again advertise for proposals or bids, as in the first instance, and award the contract for said work to the then lowest regular bidder. Should no bids be received in response to the call for proposals, the council may again advertise for bids under the same proceedings at any time within six (6) months from the time set for the last reception of bids, and let the contract to the then lowest bidder, and such delay shall in no way affect the validity of any of the proceedings or assessments levied thereunder. The bids of all persons and the election of all owners, as aforesaid, who have failed to enter into the contract, as herein provided, shall be rejected in any bidding or election subsequent to the first for the same work.

History: En. Sec. 10, Ch. 89, L. 1913; re-en. Sec. 5234, R. C. M. 1921; amd. Sec. 2, Ch. 173, L. 1931.

5235. Default of contractor—reletting of work. If the contractor or owner who may have taken any contract does not complete the same within the time limited in the contract or within such further time as the city council may give him, the city engineer shall report such delinquency to the city council, which may relet the unfinished portion of said work after pursuing the formalities prescribed hereinbefore for the letting of the whole in the first instance; or the city shall have the right at its option to complete the contract, and deduct any cost in excess of the contract price thereof from any money, bonds, or warrants due such contractor, or owners, and in the event there is no money, bonds, or warrants due such contractor or owners, from which to deduct such cost, then and in such event the city shall have the right to sue such contractor or owners, and recover from him such cost.

History: En. Sec. 11, Ch. 89, L. 1913; amd. Sec. 6, Ch. 142, L. 1915; re-en. Sec. 5235, R. C. M. 1921.

5236. Bond of contractor. All contractors, contracting owners included, shall, at the time of executing any contract for street work, execute a bond to the satisfaction and approval of the city council, with two or more sureties, and payable to such city, in a sum not less than twenty-five per cent. of the amount of the contract, conditioned for the faithful performance of the contract, and indemnifying the city from any detriment, damage, or loss growing out of said work; and the sureties shall justify before any person competent to administer an oath, in double the amount mentioned in said bond, over and above all statutory exemptions; provided, however, that

nothing herein contained shall be construed as to prevent or prohibit the city council from requiring or accepting in any case a bond furnished by a surety company authorized to transact business in the state of Montana.

History: En. Sec. 12, Ch. 89, L. 1913; re-en. Sec. 5236, R. C. M. 1921.

5237. Notice of defective proceedings—penalty. At any time within sixty days from the date of the award of the contract any owner or other person, having any interest in any lot or land liable to assessment, who claims that any of the previous acts or proceedings relating to said improvements, are irregular, defective, erroneous, or faulty, or that his property will be damaged by the making of any of the improvements in the manner contemplated, may file with the city clerk a written notice, specifying in what respect said acts or proceedings are irregular, defective, erroneous, or faulty, or in what manner and to what extent his property will be damaged by the making of said improvements. Said notice shall state that it is made in pursuance of this section. All objections to any act or proceeding or in relation to the making of said improvements, not made in writing and in the manner and at the time aforesaid, and all claims for damages therefor, shall be waived by such property owner; provided the notice of the passage of the resolution of intention has been actually published and the notices of improvements posted, as provided in this act.

History: En. Sec. 13, Ch. 89, L. 1913; re-en. Sec. 5237, R. C. M. 1921.

NOTE.—So much of the above section as makes the giving of the notice necessary in order to maintain an action for damages was held unconstitutional in *Eby v. City of Lewistown*, 55 M 113, 120, 173 P 1163.

Operation and Effect

Failure of a property owner to appear before the city council to protest against the inclusion of his property in a special improvement district before its creation does not estop him from thereafter ques-

tioning the validity of its acts, where he relies on lack of jurisdiction in the council to act at all; in such case he may properly, under the provisions of this section, raise the question within sixty days from the date the contract for doing the work is awarded, by filing with the city clerk a written notice specifying in what particulars the acts of the council are irregular. *Crutchfield v. Nash et al.*, 84 M 556, 561 et seq., 276 P 938.

5238. Methods for payments of improvements. To defray the cost of the making of any of the improvements provided for in this act, the city council shall adopt one of the two following methods of assessment:

(a) The city council shall assess the entire cost of such improvements against the entire district, each lot or parcel of land within such district to be assessed for that part of the whole cost which its area bears to the area of the entire district, exclusive of streets, avenues, alleys, and public places; provided, however, that the city council, in its discretion, shall have the power to pay the whole or any part of the cost of any street, avenue, or alley intersections out of any funds in its hands, available for that purpose, or to include the whole or any part of such costs within the amount of the assessment to be paid by the property in the district. In order to apportion the cost of any of the improvements herein provided for between the corner lot and the inside lots of any block, the council may, in the resolution creating any improvement district, provide that whenever any of the improvements herein provided for shall be along any side street, or

bordering or abutting upon the side of any corner lot of any block, that the amount of the assessment against the property in such district, to defray the cost of such improvements, shall be so assessed that each square foot of the land, embraced within any such corner lot, shall bear double the amount of the cost of such improvement, that a square foot of any inside lot shall bear.

(b) The city council shall assess the cost of such improvements against the entire district, each lot or parcel of land within such district, bordering or abutting upon street or streets whereon or wherein the improvement has been made, in proportion to the lineal feet abutting or bordering the same; provided, however, that this method of assessment shall not apply to assessments in improvement districts created under the provisions of section 5228 of this code; and provided, further, that the city council, in its discretion, shall have the power to pay the whole or any part of the cost of any street, avenue, or alley intersections out of any funds in its hands, available for that purpose, or to include the whole or any part of such costs within the amount of the assessment to be paid by the property in the district.

Whenever any portion of the surface of a paved street is occupied or used for railway or street railway purposes, it shall be and continue to be the duty of the owner or operator of such railway or street railway to fully repair any injury or damage to such pavement caused by such railway or street railway either in the operation of its cars or in the laying or repair of its tracks, and in case of a failure or refusal of such owner or operator so to repair such pavement within a reasonable time after notice by the city council, the city council is authorized and empowered to cause such repairs to be made and to assess the cost thereof to such owner or operator and to enforce collection thereof as in the case of taxes.

Whenever any lot, piece or parcel of land belonging to the United States, or mandatory of the government, shall front upon the proposed work or improvement, or be included within the district declared by the city council in its resolution of intention to be the district to be assessed to pay the costs and expenses thereof, said council shall, in the resolution of intention, declare that said lots, pieces or parcels of land, or any of them, shall be omitted from the assessment thereafter to be made to cover the costs and expenses of said work or improvement, and the cost of said work or improvement in front of said lots, pieces or parcels of land shall be paid by the city from its general fund.

It shall be lawful for the owner or owners of lots or land fronting upon any street, the width and grade of which shall have been established by the city council, to perform, at his or their own expense (after obtaining permission from the council so to do, but before said council has passed its resolution of intention to order grading exclusive of this), any grading upon said street, to its full width, or to the center line thereof and to its grade as then established, and thereupon to procure, at his or their own expense, a certificate from the city engineer, setting forth the number of cubic yards of cutting and filling made by him or them in such grading, and proportions performed by each owner, and that the same is done to estab-

lished width and grade of said street, or to the center line thereof, and thereafter to file said certificate with the city engineer, which certificate the engineer shall record in a book kept for that purpose in his office, properly indexed. Whenever thereafter the city council orders the grading of said street, or any portion thereof, on which any grading certified as aforesaid has been done, the bids and contracts must express the price by the cubic yard for cutting and filling in grading; and the said owner or owners and his or their successors in interest shall be entitled to credit, on the assessment upon his or their lots and lands fronting on said street for the grading thereof, to the amount of the cubic yards of cutting and filling set forth in his or their certificate, at the prices named in the contract for said cutting and filling; or, if the grade meanwhile has been duly altered, only for so much of said certified work as would be required for grading to the altered grade; provided, however, that such owner or owners shall not be entitled to such credit as may be in excess of the assessments for grading upon the lots and lands owned by him or them, and proportionately assessed for the whole of said grading; and the city clerk shall include in the assessment for the whole of said grading upon the same grade the number of cubic yards of cutting and filling set forth in any and all certificates so recorded in his office, or for the whole of said grading to the duly altered grade so much of said certified work as would be required for grading thereto, and shall enter corresponding credits, deducting the same as payments upon the amounts assessed against the lots and land owned respectively, by said certified owners and their successors in interest; provided, however, that he shall not so include any grading quantities or credit any sums in excess of the proportionate assessments for the whole of the grading which are made upon any lots and lands fronting upon said street, and belonging to any such certified owners or their successors in interest. Whenever any owner or owners of any lots and lands fronting on any street shall have heretofore done, or shall hereafter do any work (excepting grading) on such street, in front of any block, at his or their own expense, and the city council shall subsequently order any work to be done of the same class in front of the same block, said work so done at the expense of such owner or owners shall be excepted from the order ordering work to be done; provided, that the work so done at the expense of such owner or owners shall be upon the official grade, and in condition satisfactory to the city engineer at the time said order is passed.

History: En. Sec. 14, Ch. 89, L. 1913; re-en. Sec. 5238, R. C. M. 1921; amd. Sec. 1, Ch. 163, L. 1925.

Damages

Evidence to show the cost of filling plaintiff's lots and raising his buildings to grade, and the market value of the property before and after making the improvement, was competent and material in an action to recover damages occasioned by the change. *Eby v. City of Lewistown*, 55 M 113, 128, 173 P 1163.

Id. Under allegations of the complaint that plaintiff's property had been permanently injured by change in street

grade, rendered inaccessible and undesirable for the purposes for which used, necessitating large expenditures in filling and adjusting the lots to grade, etc., and defendant's denial of any damage whatever, the latter was entitled to introduce evidence tending to show that the property had not been injured or that the damage was less than claimed by plaintiff.

Necessity of Notice

All statutory requirements as to the form and contents of a special improvement assessment must be substantially complied with, they being regarded as mandatory and jurisdictional, and the appor-

tionment of the cost is essential to the validity of the assessment, as is notice to the owners to enable them to be heard and contest if desired; failure to give notice will render the assessment void, whether or not notice is expressly required by law. *Morse v. Kroger et al.*, 87 M 54, 60, 285 P 185.

Objections to District

To estop a taxpayer from attacking the validity of the creation of a special improvement district by payment of an instalment of the tax, the payment must have been voluntarily made. A city could not be prejudiced by the payment of such instalment tax, which, being invalid, it was not entitled to collect, and was therefore not in a position to claim an estoppel. *City of Lewistown v. Warren*, 52 M 356, 357, 157 P 954.

Public and District Sewer Distinguished

The cost of constructing a public sewer, as distinguished from a district sewer, must be provided for, under the next sec-

tion, either from the general or sewer fund or by the sale of bonds, and may not be assessed on the basis of area under the special improvement district plan provided by this section. *Rush v. Grandy et al.*, 66 M 222, 226, 213 P 242.

What may be Assessed

An easement in a city street in favor of a railway company for right of way purposes in crossing it is not susceptible of assessment for a special improvement, where the basis adopted for apportioning the cost thereof is front footage; nor is the tract itself assessable under such plan, since under it the lot or parcel of land bordering or abutting on the street on which the improvement was made must bear the cost proportionately, and a street cannot border or abut upon itself. *Chicago, Milwaukee & St. Paul Ry. Co. v. Poland*, 54 M 497, 503, 172 P 541.

5238.1. Including and assessing unplatted lands in improvement district. That whenever any unplatted, undedicated or unsurveyed lot, piece or parcel of land that separates one platted part of the city from another platted part of said city, lying wholly within the boundaries of any city or town, except land owned by the United States, shall abut or border upon any special improvement district, or be included within the boundaries of any special improvement district of such city or town, the council of such city or town may cause the same to be included within and made a part of such special improvement district, in the same manner as other property within such special improvement district and may assess the same for its proportionate share of the cost of making or maintaining such improvements in the same manner as other property within such special improvement district.

History: En. Sec. 1, Ch. 16, L. 1923.

5239. Sewer systems. A sewer system may be established in a city or town, which system may be divided into public, district and private sewers.

Public sewers may be established and constructed along the principal course of drainage at such times, to such an extent, of such dimensions and material, and under such regulations as may be prescribed by the council; and there may be constructed such branches and extensions of sewers already constructed, or to be constructed, as may be considered expedient.

To defray the cost of such public sewers, the city or town council may appropriate moneys therefor from the general or sewer fund, or by availing itself of moneys derived from a bond issue authorized by the constitution and laws of the state. It is further provided that when a public or main sewer also serves as a district sewer, the city council may assess the property bordering or abutting upon such public sewer, either at the time of

its construction or at any future time, for an amount equal to the estimated cost of such district sewer capable of accommodating such property.

And/or to provide such sewer fund, and/or to provide for the retirement of such bonds, and/or the payment of the interest on such bonds, and/or for any purpose herein mentioned, the city council shall, upon being petitioned by five (5) per cent of the qualified electors who must be taxpaying freeholders, as shown by the last assessment for taxable purposes, at the annual municipal election or at any special election called for that purpose, submit to a vote to the qualified electors who must be taxpaying freeholders, the question whether or not the city council may establish and collect rentals for the use of such sewer system and may fix scale of such rentals and prescribe the manner and time at which such rentals shall be paid, and if a majority of votes is cast in favor of such proposition then the city or town council may establish and collect rentals for the use of any such sewer system and may fix the scale of such rentals and prescribe the manner and time at which such rentals should be paid and to change such scale of rentals from time to time as may be deemed advisable; providing, that the total revenue to be collected from all of the above sources in a given year shall be provided for by the council in such a manner as to provide funds for the payment of all bond issues and interest thereon, as well as for all necessary expenses of the operation, maintenance and repair of any such sewer system. For the purpose of making such rental charges equitable, property benefited thereby may be classified, taking into consideration the volume and character of sewage or waste and the nature of the use made of such sewage facilities. Said rentals shall be collected or taxed against the property in like manner as water rentals are collected and taxed, or by such procedure as may be prescribed by the city or town council, the revenues in this paragraph provided shall be in addition to and not exclusive of other revenues which may be now legally collected for sewer payment.

The funds received from the collection of sewer rentals shall be kept as a separate and distinct fund by the city treasurer, subject only to disbursement by order of the council. This fund shall be used for (1) the payment of the cost of management, (2) maintenance, (3) operation and (4) repair of the sewage system, including treatment and disposal works, (5) for the creation of a sinking fund for the retirement of any indebtedness, (6) for the payment of interest on any such indebtedness, and any surplus in such fund may be used for the enlargement or replacement of the same and for the payment of the interest on any debt incurred for the construction of such sewage system, including sewage pumping, treatment and disposal works, and for retiring such debt, but shall not be used for the extension of a sewage system to serve unsewered areas or for any purpose other than one or more of those above specified.

Any twenty-five (25) or more freeholders of such a municipality may file complaint with the public service commission to the effect that the rental charges so fixed are unreasonable or unjustly discriminatory, and the public service commission shall, upon public hearing thereon, file its findings and determination, stating therein in what respect, if any, said rental charges are unreasonable or unjustly discriminatory, and the municipi-

pality at interest shall forthwith readjust its rental charges so as to remove any unreasonable or unjustly discriminatory features so found by the public service commission.

It is further provided that all the provisions of this act referring to sewer rentals, shall apply to special improvement districts for the constructing and maintaining and operating of sanitary sewers and storm sewers, as provided for in chapter 133, laws of 1929 and the powers herein conferred on councils shall be and are hereby conferred on the several boards of county commissioners for the purposes of said chapter 133, laws of 1929—insofar as the same relates to sewers.

History: En. Sec. 15, Ch. 89, L. 1913; re-en. Sec. 5239, R. C. M. 1921; amd. Sec. 1, Ch. 149, L. 1933.

NOTE.—The reference above to chapter 133, laws of 1929, refers to sections 4574, 4584 and 4592 of these codes.

Operation and Effect

The theory upon which a municipality may levy an assessment for a special improvement, such as the construction of a sewer, is that the property charged receives a corresponding physical, material and substantial benefit from the improvement. *Power v. City of Helena*, 43 M 336, 341, 116 P 415.

A “trunk” sewer, i.e., one which receives the discharge from district sewers, is a public sewer within the meaning of

this section. *Rush v. Grandy et al.*, 66 M 222, 226, 213 P 242.

Id. The cost of constructing a public sewer, as distinguished from a district sewer, must be provided for, under this section, either from the general or sewer fund or by the sale of bonds, and may not be assessed on the basis of area under the special improvement district plan provided by the preceding section.

Whether the expense of making a municipal improvement shall be paid out of the general treasury or be assessed upon abutting property or other property specially benefited, and, if in the latter mode, whether the assessment shall be upon all property found to be benefited or alone upon that abutting, is a question of legislative expediency. *Crutchfield v. Nash et al.*, 84 M 556, 562, 276 P 938.

5240. Assessment to pay cost of improvements. To defray the cost of making improvements in any special improvement district, or of acquiring property for the opening, widening, or extending any street or alley, or to defray the cost and expense of changing any grade of any street, avenue, or alley, the city council shall by resolution levy and assess a tax upon all property in any district created for such purpose, by using for a basis for assesment one of the methods set forth in section 5238 of this code. Such resolutions shall contain a description of each lot and parcel of land, with the name of the owner, if known, and the amount of each partial payment to be made, and the day when the same shall become delinquent.

The payment of assessments to defray the cost of constructing any improvements in special improvement districts may be spread over a term of not to exceed twenty years, payments to be made in equal annual instalments.

History: En. Sec. 16, Ch. 89, L. 1913; amd. Sec. 7, Ch. 142, L. 1915; re-en. Sec. 5240, R. C. M. 1921.

5241. Hearing of objections—modification of assessment. Such resolution, signed by the mayor and clerk, shall be kept on file in the office of the city clerk, and a notice signed by the city clerk stating that the resolution levying the special assessment to defray the cost of such improvements is on file in his office, subject to inspection for a period of five days, shall be published at least once in a newspaper published in the city or town. Such notice shall state the time and place at which

objections to the final adoption of such resolution will be heard by the council, and the time for such hearing shall not be less than five days after the publication of such notice. At the time so fixed the council shall meet and hear all such objections, and for that purpose may adjourn from day to day, and may, by resolution, modify such assessment in whole or in part. A copy of such resolution, certified by the city clerk, must be delivered to the city treasurer within two days after its passage.

History: En. Sec. 17, Ch. 89, L. 1913; re-en. Sec. 5241, R. C. M. 1921.

5242. Care of street parking—resolution levying assessment. Where trees have been planted, grass plots constructed, and grass sown thereon, or any one or more of said improvements have been made in a special improvement district, it is hereby made the duty of the council of said city or town to cause said trees and grass to be watered, the grass cut, and trees trimmed, and to otherwise maintain and preserve said improvements, as the council shall deem suitable and proper, and the whole cost of so maintaining said improvements in any improvement district shall be paid by assessing the entire district in either one of the two methods set forth in section 5238 of this code. It shall be the duty of said council to estimate, as near as practicable, the cost of maintaining the improvements in each district for the season; and before the first Monday in September of each year, the council shall pass and finally adopt a resolution levying and assessing all the property within the several districts with an amount equal to the whole cost of maintaining said improvements within the several districts, and in the manner as hereinabove provided. Said resolution levying assessments to defray the cost of maintenance of such improvements shall be in every manner prepared and certified to the same as a resolution levying assessments for making improvements in said special improvement districts, and the money collected therefore shall be paid into a fund known as "special improvement district No. maintenance fund," the number of which shall correspond with the number of the special improvement district in which the improvements so maintained are situate; provided, however, that the city council shall have the power not more than once in a year of changing by resolution the boundaries of any maintenance district.

5243. Damages to property and payment thereof. Whenever the owner or any one interested in any property situated within any special improvement district, after having filed with the clerk the written notice required by section 5237 of this code, shall be awarded or recover any amount on account of damages sustained to such property by reason of the construction of any improvement in said special improvement district, if the resolution levying assessment to defray the cost of making such improvements in said district has not been passed and adopted by the city council, the amount so awarded or recovered shall be added to and constitute a part of the cost of the making such improvements; but if the resolution levying assessments to defray the costs and expenses of making said improvements has been passed and adopted by the city council, it shall pass and adopt a supplemental resolution levying addi-

tional assessments against all the property in said district for the purpose of paying the amount so awarded or recovered. Said supplemental resolution shall be made and in every manner prepared and certified the same as the original resolution levying assessments to defray the cost of making such improvements.

5244. Construction of sidewalks and curbs without formation of special improvement district. The city council may order sidewalks and curbs constructed in front of any lot or parcel of land without the formation of a special improvement district, and whenever the council shall order any such sidewalk or curb constructed, such order shall be entered upon the minutes of the council and shall name the street along which said sidewalk or curb is to be constructed. After the making of such order, written notice thereof shall be given the owner or agent of such property, in such manner as the council may direct. If the owner or agent of such lot or parcel of land shall fail or neglect for a period of thirty days after the date of service of such notice to cause such sidewalk or curb to be constructed, the city may construct or cause such sidewalk or curb to be constructed, and shall assess the cost thereof, including engineering costs and the costs enumerated in section 5246 of this code, against the property in front of which the same is constructed.

When any such sidewalk or curb is constructed by or under direction of the city council, payment for the construction thereof shall be made by special warrants in such form as may be prescribed by ordinance drawn against a fund to be known as special sidewalk and curb fund, which warrants shall bear interest at the rate of six per centum (6%) per annum, and the council may provide for the payment of said interest annually.

The payment of assessments to defray the cost of construction of said sidewalks and curbs may be spread over a term of not to exceed eight years, payment to be made in equal annual installments.

The city council shall annually, and before the first Monday of October of each year, pass and adopt a resolution levying an assessment and tax against each lot or parcel of land in front of which sidewalks and curbs have been constructed under orders of the city council. Said resolution levying such assessment shall be in every manner prepared and certified the same as resolutions levying assessments for the making of improvements in special improvement districts.

5245. Interest on assessments. Upon all special assessments and taxes, levied and assessed in accordance with any of the provisions of this act, simple interest shall be charged at the rate of six per cent. per annum, and the treasurer, in collecting such special assessment taxes, if the same are payable in one instalment, shall collect such interest as may be shown to be due thereon by the resolution levying such assessment; and if such assessment be payable in instalments the treasurer shall, at the time of

collecting the first instalment, collect such interest as may be shown to be due on such assessment by the resolution levying such assessment, and thereafter he shall collect with each subsequent instalment interest on the whole amount remaining unpaid.

5246. Costs and expenses considered as cost of improvements. The cost and expense connected with and incidental to the formation of any special improvement district, including costs of preparation of plans, specifications, maps, plats, engineering, superintendence, and inspection, and preparation of assessment-rolls, shall be considered a part of the cost and expenses of making the improvements within such special improvement district; and it shall be the duty of the city engineer to keep an account of all costs and expenses incurred in his office in connection with every special improvement district, and certify the same to the city clerk, whose duty it shall be to prepare all necessary schedules and resolutions levying taxes and assessments in such special improvement districts.

History: En. Sec. 22, Ch. 89, L. 1913; re-en. Sec. 5246, R. C. M. 1921.

5247. Assessments as lien upon property. Any special assessment made and levied to defray the cost and expense of any of the work enumerated in this act, together with any percentages imposed for delinquency and for cost of collection, shall constitute a lien upon and against the property upon which such assessment is made and levied, from and after the date of the passage of the resolution levying such assessment, which lien can only be extinguished by payment of such assessment with all penalties, costs, and interest.

History: En. Sec. 23, Ch. 89, L. 1913; re-en. Sec. 5247, R. C. M. 1921.

Operation and Effect

Where the city council had acquired jurisdiction to order a special improvement and levy the assessment to pay for it, the assessment became a lien against the property benefited by it from the date the assessment became due, not affected by the circumstance that plaintiffs had recovered judgments against the city for damages caused by the improvement. *Allen v. City of Butte*, 55 M 205, 209, 175 P 595.

Under our statutory provisions with relation to special improvements in cities and towns, any special assessment made and levied to defray the cost and expenses of special improvements constitutes a lien upon all property included in an improvement district, but, under the provisions

of section 2215, such a lien is extinguished by the issuance of a tax deed on sale of the property for delinquent taxes. (*State ex rel. City of Great Falls v. Jeffries, County Treasurer*, 83 M 111, 270 P 638). *Stanley v. Jeffries*, 86 M 114, 124, 284 P 134.

Advertising costs are also collectible by reason of this section and section 5214, to which section 5251 makes reference. (*State ex rel. City of Wolf Point v. McFarlan*, 78 M 156, 252 P 805). *School District No. 1 v. City of Helena*, 87 M 300, 287 P 164.

5248. Mistakes or misnomers not to invalidate assessment. When under any of the provisions of this act special taxes and assessments are assessed against any lot or parcel of land as the property of a particular person, no misnomer of the owner or supposed owner, or other mistake relating to the ownership thereof, shall affect such assessment, or render it void or voidable.

History: En. Sec. 24, Ch. 89, L. 1913; re-en. Sec. 5248, R. C. M. 1921.

5250. Payment under contracts. The city or town council may provide for making payments for improvements in any special improvement district in one of the two following methods:

1. The council may provide in the contract for the making of the improvements that such contract shall be payable in bonds or warrants issued under the provisions hereof, and that such bonds or warrants shall be delivered to the contractor, or contractors, either in installments as the work progresses, or upon the entire completion thereof; provided, however, that no bonds or warrants must be delivered to the contractor or contractors in excess of the amount of work actually done at the time of delivery, nor shall the total amount issued be in excess of the total cost and expense of the improvements, and no bond or warrant shall be delivered or received in payment of a less sum than its face value.

2. The city or town council may sell bonds or warrants issued under the provisions hereof, in an amount sufficient to pay that part of the total cost and expense of making the improvement which is to be assessed against the property within the district, to the highest and best bidder therefor for cash, and may use the proceeds of such sale in making payment to the contractor, or contractors, and such payment may be made either, from time to time, on estimates made by the engineer in charge of such improvements for the city or town, or upon the entire completion of the improvements and the acceptance thereof by the city or town council.

When it becomes necessary to pay for private property taken for the opening, widening or extending of any street, avenue, or alley, or to pay any amount awarded or recovered on account of damages to any property caused by the making of any improvements, in money in cases where the person whose property is so taken or damaged refuses to receive his pay in warrants or bonds, then the council shall have the power, under such regulations as it may prescribe, to sell such bonds or warrants, for not less than par, and devote the moneys derived therefrom to the payment of the damages assessed or agreed upon for such property or the damages thereto.

History: En. Sec. 26, Ch. 89, L. 1913; re-en. Sec. 5250, R. C. M. 1921; amd. Sec. 1, Ch. 46, L. 1927.

Operation and Effect

Held, under this section, that the city council has no power to issue bonds or warrants at a discount in payment of special improvement work, and that therefore a contract let to one who in making

out his bid took into consideration the fact that the warrants he would receive were worth only ninety cents on the dollar, and therefore added ten per cent to the actual cost, was invalid as an attempt to do indirectly what the council was prohibited from doing directly. *Evans et al. v. City of Helena et al.*, 60 M 577, 588 et seq., 199 P 445.

5251. Collection by county treasurer—city treasurer to certify special assessments. It shall be the duty of the city or town treasurer of every city or town whose taxes for general, municipal and administrative purposes are certified to and collected by the county treasurer in accordance with the provisions of section 5216 of this code, immediately after the second Monday of August of each year, and at the same time the copy of resolution determining the annual levy for general taxes is certified by the city or town clerk to the county clerk as required by said section 5216, to certify to the county clerk of the county in which such city or town is situated all special assessments and taxes levied and assessed in accordance with any

of the provisions of this act, and the county treasurer must collect the same in the same manner and at the same time as said taxes for general, municipal and administrative purposes are collected by him.

History: En. Sec. 27, Ch. 89, L. 1913; amd. Sec. 1, Ch. 166, L. 1921; re-en. Sec. 5251, R. C. M. 1921; amd. Sec. 1, Ch. 156, L. 1925; amd. Sec. 1, Ch. 78, L. 1929.

to collect city taxes where a city has not imposed that duty upon its own treasurer. *State v. McFarlan*, 78 M 156, 161 et seq., 252 P 805.

Operation and Effect

Assessments for special city improvements which under this section the county treasurer is required to collect, held to fall within the meaning of the words "tax" and "taxes" as employed in section 5214, making it the duty of the county treasurer

5251.1. City treasurer to collect special assessments, when. In every city or town which shall provide by ordinance for the collection of its taxes for general, municipal and administrative purposes by its city or town treasurer, such city or town treasurer shall collect all special assessments and taxes levied and assessed in accordance with any of the provisions of this act, in the same manner and at the same time as said taxes for general, municipal and administrative purposes are collected by him; and all of the provisions of section 5215 and 5215.1 of this code, shall apply to the collection of such special taxes and assessments in the same manner as such provisions apply to the collection of other city or town taxes. When one payment becomes delinquent all payments shall, at the option of the city or town council, by appropriate resolutions duly adopted become delinquent, and the whole property shall be sold the same as other property is sold for taxes.

History: En. Sec. 5251, R. C. M. 1921; amd. Sec. 1, Ch. 156, L. 1925; amd. Sec. 1, Ch. 78, L. 1929. See also history of Sec. 5251.

NOTE.—Section 5215 was repealed by Ch. 163, laws of 1935.

5251.2. City treasurer may collect special assessments, when. Any city or town whose taxes for general, municipal and administrative purposes are certified to and collected by the county treasurer, in accordance with the provisions of sections 5216 and 5215.1 may, nevertheless, provide by ordinance for the collection by its city or town treasurer of all special assessments and taxes levied and assessed in accordance with any of the provisions of this act in the same manner and at the same time as said taxes for general, municipal and administrative purposes are collected by the county treasurer and all of the provisions of sections 5215 and 5215.1 shall apply to the collection of such special taxes and assessments in the same manner as such provisions apply to the collection of other city or town taxes. When the payment of any one installment of any special assessment becomes delinquent, all payments of subsequent installments shall, at the option of the city or town council, by appropriate resolution, duly adopted, become delinquent, and such delinquent special assessments shall be certified to the county clerk of the county in which such city or town is situated, and the county treasurer must collect such delinquent special assessments and taxes in the same manner and at the same time as said taxes for general, municipal and administrative purposes are collected by

him, and in case the same are not paid, the whole property shall be sold, the same as other property is sold for taxes.

History: See history of Sec. 5251. This section en. Sec. 1, Ch. 78, L. 1929.

NOTE.—See note to section 5251.1.

5251.3. Special assessments, when payable. All special assessments, or installments of special assessments in cities and towns, duly and regularly levied by resolution, according to law, shall be payable on or before 6 o'clock p. m. on the 30th day of November of each year, and in event the same are not paid on or before said date, the same shall be subject to the same interest and penalties for non-payment as are or may hereafter be provided by the laws of the state of Montana for other delinquent taxes.

History: See history of Sec. 5251. This section en. Sec. 1, Ch. 78, L. 1929.

5251.4. Delinquent assessments may be reinstated. When any special assessment, or installment, or installments of special assessments, have become delinquent, and are so declared by appropriate resolution by the city or town council, and have been certified to the county clerk and county treasurer for collection, as herein provided, the city or town council may, nevertheless, at its option, upon the payment to the city treasurer of the assessment, or the installment or installments of special assessments, and interest, up to date, by appropriate resolution, be withdrawn from the county treasurer, and cancelled from his records and proceedings, and reinstated in the office of the city treasurer and on the assessment book thereof. Said withdrawal and reinstatement may be had and made at any time before or after sale of the property for delinquent taxes, and before tax deed therefor has been executed, the certified copy of the resolution of the city or town council with reference to such payment, withdrawal and reinstatement filed with the county treasurer shall be authority to and for the county treasurer to cancel and withdraw said delinquent special assessments or any installments thereof.

History: See history of Sec. 5251. This section en. Sec. 1, Ch. 78, L. 1929.

5252. Correction of assessment—collection upon relevy of tax. Whenever, by reason of any alleged non-conformity to any law or ordinance, or by reason of any omission or irregularity, any special tax or assessment is either invalid or its validity is questioned, the council may make all necessary orders and ordinances, and may take all necessary steps to correct the same and to reassess and relevy the same, including the ordering of work, with the same force and effect as if made at the time provided by law, ordinance, or resolution relating thereto; and may reassess and relevy the same with the same force and effect as an original levy; whenever any apportionment or assessment is made, and any property is assessed too little or too much, the same may be corrected and reassessed for such additional amount as may be proper, or the assessment may be reduced even to the extent of refunding the tax collected. Any special tax upon reassessment or relevy shall, so far as is practicable, be levied and collected as the same would have been if the first levy had been enforced; and any provisions of any law or ordinance specifying a time when, or order in which acts shall be done in a proceeding which may result in a special tax, shall be taken to be subject to the qualifications of this act.

Any and every ordinance, or part thereof, of any council, heretofore passed in substantial conformity with this section, is hereby legalized.

History: En. Sec. 28, Ch. 89, L. 1913; re-en. Sec. 5252, R. C. M. 1921.

Operation and Effect

We think this section does not authorize the reassessment of any of the property in a special improvement district to make up for delinquent assessments against

other property. Its provisions have to do with the correction of invalid or erroneous assessment by reassessment. A reassessment cannot be made unless authorized by statute, and then only in the manner provided. *School District No. 1 v. City of Helena*, 87 M 300, 312, 287 P 164.

5253. Payment of tax under protest—action to recover. When any tax levied and assessed under any of the provisions of this act is deemed unlawful by the party whose property is thus taxed, or from whom such tax is demanded, such person may pay such tax or any part thereof deemed unlawful under protest, to the city or county treasurer, as the case may be, and thereupon such party so paying, or his legal representative, may bring an action in any court of competent jurisdiction against the officer to whom such tax was paid, or against the city in whose behalf the same was collected, to recover such tax or any portion thereof, so paid under protest; provided, however, that any action instituted to recover any tax paid under protest must be commenced within sixty days after the date of payment thereof. The tax so paid under protest shall be held by the city or county treasurer, as the case may be, until the determination of any action brought for the recovery thereof.

History: En. Sec. 29, Ch. 89, L. 1913; re-en. Sec. 5253, R. C. M. 1921.

Operation and Effect

Plaintiff, in an action to recover back a special improvement tax paid under protest, need not allege in the complaint that

his claim had been presented to the city or town council for allowance before action was commenced, this section not contemplating presentation thereof as a condition precedent to his right to maintain the action. *Harvey v. Town of Townsend et al.*, 57 M 407, 188 P 897.

5254. Mistake in name or description not fatal. Any mistake in the description of the property or the name of the owner shall not vitiate any liens created by this act, unless it is impossible to identify the property from the description.

History: En. Sec. 30, Ch. 89, L. 1913; re-en. Sec. 5254, R. C. M. 1921.

5255. Owner of property—definition of terms—publication of notice. The person owning the fee, or the person in whom, on the day the action is commenced, appears the legal title to the lot and lands, by deeds duly recorded in the county recorder's office in each county, or the person in possession of lands, lots, or portions of lots, or buildings under claim, or exercising acts of ownership over the same for himself, or as the executor, administrator, or guardian of the owner, shall be regarded, treated, and deemed to be the "owner" for the purpose of this act, according to the intent and meaning of that word as used in this act. And in case of property leased, the possession of the tenant or lessee holding and occupying under such persons shall be deemed to be the possession of such owner.

The words "work," "improved," and "improvement," as used in this act, shall include all work or the securing of property mentioned in this act, and also the construction, reconstruction, and repairs, of all or any portion of said work.

The term "incidental expenses," as used in this act, shall include the compensation of the city engineer for work done by him; also the cost of printing and advertising, as provided in this act; also, the compensation of the persons appointed by the city engineer to take charge of and superintend any of the work mentioned in this act; also the expenses of making the assessment for any work authorized by this act. All demands for incidental expenses mentioned in this subdivision shall be presented to the city clerk by itemized bill, duly verified by oath of the demandant.

The notices, resolutions, orders, or other matter required to be published by the provisions of this act, shall be published in a daily newspaper or in a semiweekly or weekly newspaper, to be designated by the council of such city, as often as the same is issued during the period specified for said publication, and no other statute shall govern or be applicable to the publications herein provided for; provided, however, that in case there is no daily, semiweekly, or weekly newspaper printed or circulated in any such city, then such notices, resolutions, orders, or other matters as are herein required to be published in a newspaper, shall be posted and kept posted for the same length of time as required herein for the publication of the same in a daily, semiweekly, or weekly newspaper, in three of the most public places in such city except herein otherwise specifically provided. Proof of the publication or posting of any notice provided for herein shall be made by affidavit of the owner, publisher, printer, or clerk of the newspaper, or of the poster of the notice. No publication or notice, other than that provided for in this act, shall be necessary to give validity to any of the proceedings provided for therein. The word "twice," as used in this act, referring to the number of times notices, resolutions, or other matters shall be published, shall be held to mean the publication of the same in two entire issues of a newspaper, one being on one day and the other issue being on a subsequent day of the same or a subsequent week.

The word "municipality" and the word "city," as used in this act, shall be understood and so construed as to include, and are hereby declared to include, all corporations heretofore organized and now existing, and those hereafter organized for municipal purposes.

The words "paved" or "repaved," as used in this act, shall be held to mean and include pavement of stone, whether paving blocks or macadam, or of bituminous rock or asphalt, or of wood, brick, or other material, whether patented or not, which the city council shall by ordinance or resolution adopt.

The word "street," as used in this act, shall be deemed to, and is hereby declared to, include avenues, highways, lanes, alleys, crossings, or intersections, courts, and places, which have been dedicated and accepted according to the law, or in common and undisputed use by the public for a period of not less than five years next preceding, and the term "main street" means such actually opened street or streets as bound a block; and the word "blocks," whether regular or irregular, shall mean such blocks as are bounded by main streets, or partially by a boundary line of the city.

The term "city engineer," as used in this act, shall be understood and so construed as to include, and is hereby declared to include, any person or

officer whose duty it is, under the law, to have the care or charge of the streets, or the improvement thereof in any city. In all those cities where there is no city engineer, the city council thereof is hereby authorized and empowered to appoint a suitable person to discharge the duties herein laid down as those of the city engineer, and all provisions hereof applicable to the city engineer shall apply to such person so appointed.

The term "city council" is hereby declared to include any body or board which under the law is the legislative department of the government of the city.

In municipalities in which there is no mayor, then the duties imposed upon said officer by the provisions of this act shall be performed by the president of the council or other chief executive officer of the municipality.

5259. Special improvement districts for lighting streets—apportionment of cost. The city or town council of any city or town is authorized to create special improvement districts embracing any street or streets or public highway therein, or portions thereof, and property adjacent thereto, or property which may be declared by said council to be benefitted by the improvement to be made, for the purpose of lighting such street or streets or public highway, and to require not more than three-fourths ($\frac{3}{4}$) and not less than one-fourth ($\frac{1}{4}$) of the cost of installing and maintaining such lighting system to be paid by the owners of the property embraced within the boundaries of such districts, and to assess and collect such portion of such cost by special assessment against said property.

History: En. Sec. 1, Ch. 143, L. 1915; re-en. Sec. 5259, R. C. M. 1921; amd. Sec. 1, Ch. 143, L. 1927.

5260. Apportionment of costs—assessments. The portion of the entire cost of erecting and maintaining the posts, wires, pipes, conduits, lamps and other suitable or necessary appliances for the purpose of lighting said streets or public highways and of the annual cost of supplying electrical current for and maintaining the lights thereon in such districts, not less than one-fourth ($\frac{1}{4}$) nor more than three-fourths, ($\frac{3}{4}$) as shall be determined by the city or town council, shall be borne by the property embraced within said district, and the city or town council for the purpose of making the assessment shall adopt one of the two (2) following methods:

(a) The city council shall assess the entire cost of such improvement against the entire district, each lot or parcel of land within such district to be assessed for that part of the whole cost which its area bears to the area of the entire district, exclusive of streets, avenues, alleys and public places; provided, however, that the city council, in its discretion, shall have the power to pay the whole or any part of the cost of any street, avenue or alley intersection out of any funds in its hands, available for that purpose, or to include the whole or any part of such costs within the amount of the assessment to be paid by the property in the district. In order to apportion the cost of any of the improvements herein provided for between the corner lot and the inside lots of any block, the council may, in the resolution creating any district, provide that whenever any of the improvements herein provided for shall be along any side street, or bordering or abutting upon the side of any corner lot of any block, that the amount of the assessment against the property in such district, to defray the cost of such improvements, shall be so assessed that each square foot of the land, embraced within any such corner lot, shall bear double the amount of the cost of such improvement that a square foot of any inside lot shall bear.

(b) The city council shall assess the cost of such improvements against the entire district, each lot or parcel of land within such district bordering

or abutting upon the street or streets whereon or wherein the improvement has been made, in proportion to the lineal feet abutting or bordering the same; provided, however, that the city council, in its discretion, shall have the power to pay the whole or any part of the cost of any street, avenue or alley intersection, out of any funds in its hands, available for that purpose, or to include the whole or any part of such costs within the amount of the assessment to be paid by the property in the districts.

5261. Resolution of intention—notice—protest—hearings—installation of system. Before creating any special improvement lighting district in any such city or town, for the purpose of lighting any street or streets or public highway, or section thereof, in accordance with the provisions of this act, the city council shall pass a resolution of intention so to do, which resolution shall designate the number of such district, describe the boundaries thereof, and state therein the general character of the improvement or improvements to be made and an approximate estimate of the cost thereof; also an approximate estimate of the cost of maintaining such lights and supplying electrical current therefor for the first (1st) year, and the proportion of such cost to be assessed against the property embraced within the district.

Upon having passed such resolution, the council must give notice of the passage of such resolution of intention, which notice of the passage of such resolution must be published for five (5) days in a daily newspaper or in some one issue of a weekly newspaper in the city or town, or in case no newspaper be published in such city or town, then by posting for five (5) days in three (3) public places in the city or town, and a copy of such notice shall be mailed to every person, firm or corporation having property within the proposed district, at his last known address, upon the same day such notice is first published or posted. Such notice must describe the general character of the improvement so proposed to be made and state the estimated cost thereof; also the estimated cost of maintaining the lights and supplying the electrical current therefor within such district for the first (1st) year, and designate the time when and the place where the council will hear and pass upon all protests that may be made against the making of such improvement or the creation of such district, and such notice shall refer to the resolution on file in the office of the city clerk for a description of the boundaries.

At any time within fifteen (15) days after the date of the first publication of the notice of passage of the resolution of intention, any owner of property liable to be assessed for said work may make written protest against the proposed work or against the extent or creation of the district to be assessed or both. Such notice must be in writing and be delivered to the said clerk of the city council, who shall endorse thereon the date of its receipt by him.

At the next regular meeting of the city council, after the expiration of the time within which said protests may be so made, the city council

shall proceed to hear and pass upon all protests so made, and its decision shall be final and conclusive; provided, however, that when the protest is against the proposed work and the cost thereof is to be assessed upon property embraced within the boundaries of the district, and if the city council finds that such protest is made by the owners of a majority of the property embraced within the district to be assessed for the proposed work, no further proceedings shall be taken for a period of six (6) months from the date when said protest was received by the said city clerk of said city council.

In determining whether or not sufficient protest has been filed in a proposed district to prevent further proceedings therein, property owned by a county, city or town shall be considered the same as other property in the district. The city council may adjourn said hearing from time to time.

When no protests have been delivered to the clerk of the city council within fifteen (15) days after the date of the first publication of the notice of the passage of the resolution of intention, or when a protest shall have been found by the city council to be insufficient or shall have been overruled, or when a protest against the extent of the proposed district shall have been heard and denied, immediately thereupon the city council shall be deemed to have acquired jurisdiction to order the proposed improvements; but before ordering any of said proposed improvements, the city council shall pass a resolution creating the special improvement lighting district in accordance with the resolution of intention theretofore introduced and passed by the city council.

The city or town council may cause the posts, wires, pipes, conduits, lamps or other suitable and necessary appliances, for the purpose of lighting said streets, to be procured and erected by contract or by the street commissioner, or by any other official of the city or town, in such way and manner as the council shall provide, and after such lighting system has been installed, may, by contract, in such way and manner as the council shall elect, cause the lights to be maintained thereon and electrical current furnished therefor; provided that the posts in any such district shall be of uniform size and character and shall be distributed uniformly upon the street or streets or public highways, or section thereof, to be lighted in any such district.

5262. Objections to irregular proceedings. At any time within sixty days from the date of the award of any contract by a city or town council under the provisions of this act, or at any time within sixty days from the date, the city or town council requires or instructs the street commissioner, or any other official of the city or town, to cause the posts, wires, pipes, conduits, lamps, or other suitable and necessary appliances for the purpose of lighting said streets of said city or towns, to be procured and erected, any owner or other person having any interest in any lot or land liable to assessment, who claims that any of the previous acts or proceedings relating to said improvements are irregular,

defective, erroneous or faulty, or that his property will be damaged by the making of any improvements in the manner contemplated, may file with the city clerk, who shall deliver the same to the city or town council, a written notice specifying in what respect said acts or proceedings are irregular, defective, erroneous, or faulty, or in what manner and to what extent his property will be damaged by the making of said improvements. All objections to any act or proceeding, or in relation to the making of said improvements not made in writing and in the manner at the time aforesaid, and all claims for damage therefor, shall be waived by such property owners; provided, the notice of the passage of the resolution of intention has been actually published, and the notices of improvements posted as provided in this act.

All cost and expenses incurred in the construction of the improvement specified in this act shall be paid for by special improvement lighting district bonds or warrants, in such form as may be prescribed by ordinance drawn against a fund to be known as "Special Improvement Lighting District No. Fund." Said warrants or bonds shall be in the denomination of one hundred dollars or fractions or multiples thereof; and may be issued in instalments. Such warrants or bonds shall be redeemed by the treasurer when there is money in the fund against which said warrants or bonds are issued available therefor, and may extend over a period not to exceed eight years, and shall bear interest at the rate of six per cent. per annum from the date of registration thereof, until called for redemption or paid in full, interest to be payable annually on the first day of January of each year as expressed by the interest coupon attached thereto, which may bear the engraved facsimile signature of the mayor and city clerk.

5265. Assessing cost of system—resolution—hearings—funds. It shall be the duty of the city or town council to ascertain the cost of installing such lighting system, and on or before the first Monday in October pass and finally adopt a resolution levying and assessing all of the property em-

braced within said district with not less than one-fourth ($\frac{1}{4}$) nor more than three-fourths ($\frac{3}{4}$) of the entire cost of installing the same; each lot or parcel of land in said district to be assessed in accordance with the method adopted by the city council as provided in section 5260 hereof. Any such resolution shall contain a list in which shall be described each lot or parcel of land, and either the total number of square feet of property contained therein or the total number of linear feet abutting the improvements as may be required to determine the total assessment in the district, and the amount levied against each lot or parcel of land set opposite. Such resolution, signed by the mayor and city clerk, shall be kept on file in the office of the city clerk, and a notice signed by the city clerk, stating that the resolution levying the assessment to defray the portion of the cost of installing and maintaining said lights and supplying electrical current therefor for the first (1st) year, as determined by the city or town council, is on file in his office subject to inspection for a period of five (5) days, shall be published at least once in a newspaper published in the city. Such notice shall state the time and place at which objections to the final adoption of such resolution shall be heard by the city or town council, and the time for such hearing shall not be less than five (5) days after the publication of such notice. At the time so fixed the council shall meet and hear all such objections and for the purpose may adjourn from day to day, and may modify such resolution in whole or in part. It shall be the duty of the city or town council to estimate, as nearly as practicable, the cost of maintaining such lights and furnishing electrical current therefor each year, and the portion thereof to be assessed against the property embraced within the district, and before the first Monday in October pass and finally adopt a resolution levying and assessing said property within said district with an amount equal to the proportion of the cost of such maintenance and electrical current so determined to be specially assessed against said property. Any special assessment levied and made for any purpose aforesaid, together with all costs and penalties, shall constitute a lien upon and against the property upon which assessment is made and levied, from and after the date of the final passage and adoption of the resolution levying the same; which lien can only be extinguished by payment of such assessment, with all penalties, costs and interest.

5273. Same—creation of districts. A resolution dividing the whole or any part of their city or town into sprinkling districts, to be known and designated by number, shall be passed; said resolution shall plainly define the boundaries of the several districts, or enumerate the streets, alleys, and public places, or any part thereof, constituting the different districts.

5274. Same—change of district. When once defined, sprinkling districts shall not be changed during the same calendar year, but may be changed by resolution the following year, or any year thereafter.

History: En. Sec. 26, p. 218, L. 1897; re-en. Sec. 3392, Rev. C. 1907; re-en. Sec. 5274, R. C. M. 1921.

5275. Assessment to pay for work. The sprinkling in districts so established may be done by contract, or by forces employed by the city or town, or by both, in such manner as the council may elect, and it shall be the duty of said council to estimate, as near as practicable, the cost of sprinkling in such districts so established for the season, and before the first Monday in November of each year they shall pass and finally adopt a resolution levying and assessing all the property within the several districts with an amount equal to not less than seventy-five per cent. of the entire cost of said work, exclusive of the cost of sprinkling parks and public places.

History: En. Sec. 27, p. 218, L. 1897; amd. Sec. 3, Ch. 123, L. 1903; re-en. Sec. 3393, Rev. C. 1907; re-en. Sec. 5275, R. C. M. 1921.

5276. Same—method of assessment. The assessments for the cost and expense of sprinkling streets shall be made against all of the property embraced within each sprinkling district by one of the three following methods;

1. **Frontage Basis.** Each lot or parcel of land within such district, abutting upon some street upon which sprinkling is done, shall be assessed for that part of the whole cost which its street frontage bears to the street frontage of the entire district.

2. **Area Basis.** Each lot or parcel of land within such district shall be assessed for that part of the whole cost which its area bears to the area of the entire district, exclusive of streets, avenues, alleys and public places.

3. **Combination of Frontage and Area Basis.** A portion of the total cost, to be assessed in each sprinkling district, may be assessed against the several lots or parcels of land within the district by Method No. 1 on a frontage basis, and the remainder of such cost by Method No. 2 on an area basis. The proportion to be assessed in each district by each such method shall be determined and fixed by the city or town council.

5277. Same—method of levy of assessment. The resolution levying the assessment to defray the cost of sprinkling shall contain a list in which shall be described the lot or parcel of land assessed, with the name of the owner thereof, if known, and the amount levied thereon set opposite; such resolution shall be kept on file in the office of the city clerk, and a notice signed by the city clerk, stating that the resolution levying special assessment to defray the cost of sprinkling in the several districts is on file in his office and subject to inspection for a period of five days, shall be published at least once in a newspaper published in a city or town. Such notice shall state the time and place at which objections to the final adoption of such resolution will be heard by the council, and the time for such hearing shall be not less than five days after the publication of such notice. At the time so set, the council shall meet at their regular place of meeting and hear all objections which may be made to such assessment, or any part thereof, and may adjourn from time to time, for that purpose, and may, by resolution, modify such assessment in whole or in part. A copy of such resolution, certified by the city clerk, must be delivered to the city treasurer on or before the first Monday in October, and such assessment shall be placed upon the tax-roll, and collected in the same manner as other taxes.

5277.1. Special improvement district revolving fund. The city or town council or commission of any city or town which has heretofore created, or may hereafter create, any special improvement district or districts for any purpose, may in its discretion, as to such district or districts heretofore created, and shall, as to such district or districts hereafter created, in order to secure prompt payment of any special improvement district bonds or warrants issued in payment of improvements made therein, and the interest thereon as it becomes due, create, establish, and maintain by ordinance a fund to be known and designated as "Special Improvement District Revolving Fund."

Constitutionality

For discussion of the constitutionality,

5277.2. Transfers from general fund and tax levy for revolving fund.

For the purpose of providing funds for such revolving fund the city or town council

(1) may in its discretion, from time to time, transfer to the revolving fund from the general fund of the city or town such amount or amounts as may be deemed necessary, which amount or amounts so transferred shall be deemed and considered, and shall be, loans from such general fund to the revolving fund; and

(2) shall, in addition to such transfer or transfers from the general fund, or in lieu thereof, levy and collect for such revolving fund such a tax, hereby declared to be for a public purpose, on all the taxable property in such city or town as shall be necessary to meet the financial requirements of such fund, such levy, together with such transfer, not to exceed in any one year five per centum (5%) of the principal amount of the then outstanding special improvement district bonds and warrants.

History: En. Sec. 2, Ch. 24, L. 1929.

5277.3. Loans from revolving fund for paying improvement district warrants—authorization by electors. Whenever any special improvement district bond or warrant, or any interest thereon, shall be, at the time of the passage of this act, or shall thereafter become due and payable, and there shall then be either no money or not sufficient money in the appropriate district fund with which to pay the same, an amount sufficient to make up the deficiency may, by order of the council, be loaned by the revolving fund to such district fund, and thereupon such bond or warrant or such interest thereon, or in case of such bonds or warrants due at the time of the passage of this act, such part of the amount due on such bond or warrant, whether it be for principal or for interest or for both as the council may in its discretion elect or determine, shall be paid from the money so loaned or from the money so loaned when added to such insufficient amount, as the case may require; provided, however, that the above provision of sections 5277.1, 5277.2, and 5277.3 of this code shall not apply to any district or districts heretofore created, unless and until, at an election, either the regular annual municipal election or a special election called by the council, a majority of the legal voters who shall be taxpaying freeholders of property situated in the city or town, shall authorize the city or town council to proceed thereunder, such election to be called and conducted in the manner and under such regulations as the council may provide. At such election no person other than such qualified elector and free-holder shall vote on said question, and a majority of those voting thereat shall be sufficient to determine, and shall determine, the question whether the council be authorized or not to proceed under sections 5277.1, 5277.2 and 5277.3 of this code.

History: En. Sec. 3, Ch. 24, L. 1929.

Unconstitutional in Part

Held, that chapter 24, laws of 1929, in

so far as it authorizes cities to assume liabilities for losses suffered by holders of special improvement bonds and warrants

issued prior to the passage of the act, amounts to a reimbursement of the holders of such losses is violative of section 11, article XII, of the constitution, prohibit-

ing taxation for other than a public purpose, and therefore invalid in that regard. Stanley v. Jeffries, 86 M 114, 123 et seq., 284 P 134.

5277.4. Lien for loans from revolving fund—surplus district funds transferred to revolving fund. Whenever any loan is made to any special improvement district fund from the revolving fund, the revolving fund shall have a lien therefor on all unpaid assessments and installments of assessments on such district, whether delinquent or not, and on all moneys thereafter coming into such district fund, to the amount of such loan, together with interest thereon from the time it was made at the rate, or percentage, borne by the bond or warrant for payment of which, or, of interest thereon, such loan was made; and whenever there shall be moneys in such district fund which are not required for payment of any bond or warrant of such district, or of interest thereon, so much of such moneys as may be necessary to pay such loan shall, by order of the council, be transferred to the revolving fund; and after all the bonds and warrants issued on any special improvement district have been fully paid, all moneys remaining in such district fund shall by order of the council be transferred to and become part of the revolving fund.

History: En. Sec. 4, Ch. 24, L. 1929.

5277.5. Use of excess moneys in revolving fund. Whenever there is in the revolving fund an amount in excess of the amount which the council deems necessary for payment or redemption of maturing bonds or warrants or interest thereon, the council may

(1) by vote of all of its members at a meeting called for that purpose, order such excess or any part thereof transferred to the general fund of such city or town, or

(2) use such excess or any part thereof for the purchase of property at sales for delinquent taxes or assessments, or both, or which may have been struck off or sold to the county for delinquent taxes or assessments, or both, and against which property there then be any unpaid assessment for special improvements on account whereof there are outstanding special improvement district bonds or warrants of the city or town.

The council may sell any tax certificates issued on any such sale or sales. After acquiring title to such property, the city or town may lease such property, or sell the same at public or private sale and make conveyance thereof, or otherwise dispose thereof as the interest of the city or town may require. All proceeds from such sales of tax certificates, and from such leasing, sale, or other disposition of the property, shall belong to and be paid into the revolving fund, and be subject to transfer in whole or in part to the general fund by the vote of all the members of the council at a meeting called for that purpose, as hereinbefore provided.

5278.1. Creation of indebtedness—submission to taxpayers. Whenever the council of any city or town having a corporate existence in this state, or hereafter organized under any of the laws thereof, shall deem it necessary to issue bonds for any purpose whatever, under its powers as set forth in section 5039.63, or amendments thereto, the question of issuing such bonds shall first be submitted to the qualified electors of such city or town in the manner hereinafter set forth; provided, however, that it shall not be necessary to submit to such electors the question of issuing funding or refunding bonds to fund or refund warrants or bonds issued prior to and outstanding on the first day of July, 1931, or to fund or refund warrants or bonds issued prior to and outstanding on the first day of July, 1933. In order to issue bonds to fund or refund warrants or bonds issued prior to and outstanding on July 1, 1931, or to fund or refund warrants or bonds issued prior to and outstanding on July 1, 1933, it shall only be necessary for the council, at a regular or duly called special meeting, to pass and adopt a resolution setting forth the facts in regard to the indebtedness to be funded or refunded, showing the reason for issuing such bonds and fixing and determining the details thereof, giving notice of the sale thereof in the same manner that notice is required to be given of the sale of bonds authorized at an election, and then following the procedure prescribed in this act for the sale and issuance of such bonds.

History: En. Sec. 1, Ch. 160, L. 1931; amd. Sec. 1, Ch. 100, L. 1933.

5278.2. Single purpose. Acquiring land for a site for a public building, or for any other public use, and constructing, erecting or acquiring

by purchase any building thereon and furnishing and equipping the same shall be deemed a single purpose; the acquiring of rights-of-way for street, or other purposes, making improvements thereon, or constructing sewers or water pipe lines, shall be deemed a single purpose; the procuring of a water supply and the construction or acquiring of a water system, and improving the same, if necessary, shall be deemed a single purpose.

History: En. Sec. 2, Ch. 160, L. 1931.

5278.3. Limitation on amount of indebtedness. No city or town shall issue bonds for any purpose in an amount which, with all outstanding and unpaid indebtedness, will exceed three per centum (3%) of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes; provided, however, that for the purpose of constructing a sewerage system, or procuring a water supply or constructing or acquiring a water system for a city or town, which shall own and control such water supply and water system and devote the revenues therefrom to the payment of the debt, a city or town may incur an additional indebtedness by borrowing money or issuing bonds. The additional indebtedness which may be incurred by borrowing money or issuing bonds for the construction of a sewerage system, including all indebtedness theretofore contracted, which is unpaid or outstanding, shall not exceed ten per centum (10%) over and above the three per centum (3%) heretofore referred to, of the total value of the taxable property therein as ascertained by the last assessment for state and county taxes. The words "value of the taxable property" as used in this section, are used in the same sense as in section 6 of article XIII of the constitution and shall be given the same meaning; and provided further, that the issuing of bonds for the purpose of funding or refunding outstanding warrants or bonds shall not be deemed the incurring of a new or additional indebtedness, but shall be deemed merely the changing of the evidence of outstanding indebtedness.

History: En. Sec. 3, Ch. 160, L. 1931.

5278.4. Terms of bonds—rate of interest. No bonds for any purpose shall be issued for a longer term than twenty years, and when bonds are issued for the purpose of funding warrants or refunding bonds heretofore issued, as authorized by section 5278.1, such bonds shall not be issued for a longer term than twenty years. All bonds issued for a longer term than five years may be redeemable at the option of the city or town at any time before maturity when so recited in the bonds. The maximum rate of interest which any bonds may bear shall be six per centum and shall be payable semi-annually.

History: En. Sec. 4, Ch. 160, L. 1931; amd. Sec. 1, Ch. 34, L. 1933.

5278.5. Form of bonds. All bonds hereafter issued by any city or town shall be either amortization bonds or serial bonds, and all things being equal amortization bonds shall be issued in preference to serial bonds, otherwise serial bonds may be issued.

The term "amortization bonds", as used in this act, is hereby defined as meaning that form of bond on which a part of the principal is required to be paid each time interest becomes due and payable, which part pay-

ment of principal increases with each following installment in the same amount the interest payment decreases, so that the combined amount payable on both principal and interest is the same on each interest payment date; provided, however, that the final payment may vary in amount from the other payments to the extent resulting from disregarding fractional cents in the other payments.

The term "serial bond", as used in this act, is hereby defined as being a bond issue payable in equal annual installments, one (1) installment consisting of one (1) or more bonds becoming due and payable each year, the amount to be paid and redeemed each year being determined by dividing the total amount of the bonds to be issued by the total number of years the issue is to run, so that the total amount of principal to be paid each year the bonds are to run will be the same; provided, however, that the final payment may vary in amount from the other payments to the extent resulting from fixing the amount of each bond of the other payments at one hundred dollars (\$100.00), or some multiple thereof.

History: En. Sec. 5, Ch. 160, L. 1931.

5278.6. Petition for election—form—proof. No bonds shall be issued by a city or town for any purpose, except to fund or refund warrants or bonds issued prior to and outstanding on July 1, 1931, as authorized in section 5278.1, unless authorized at a duly called special or general election at which the question of issuing such bonds was submitted to the qualified electors of the city or town, and approved, as hereinafter provided, and no such election shall be called unless there has been presented to the city or town council a petition, asking that such election be held and question submitted, signed by not less than twenty per centum (20%) of the qualified electors of the city or town who are taxpayers upon property within such city or town and whose names appear on the last completed assessment roll for state and county taxes, as taxpayers within such city or town. Every petition for the calling of an election to vote upon the question of issuing bonds shall plainly and clearly state the purpose or purposes for which it is proposed to issue such bonds, and shall contain an estimate of the amount necessary to be issued for such purpose or purposes. There may be a separate petition for each purpose, or two (2) or more purposes may be combined in one (1) petition, if each purpose with an estimate of the amount of bonds to be issued therefor is separately stated in such petition. Such petition may consist of one (1) sheet, or of several sheets identical in form and fastened together, after being circulated and signed, so as to form a single complete petition before being delivered to the city or town clerk, as hereinafter provided. The petition shall give the street and house number, if any, and the voting precinct of each person signing the same.

Only persons who are qualified to sign such petitions shall be qualified to circulate the same, and there shall be attached to the completed petition the affidavit of some person who circulated, or assisted in circulating, such petition, that he believes the signatures thereon are genuine and that the signers knew the contents thereof before signing the same. The completed petition shall be filed with the city or town clerk who shall, within fifteen (15) days thereafter, carefully examine the same

and the county records showing the qualifications of the petitioners, and attach thereto a certificate, under his official signature, which shall set forth:

(1) The total number of persons who are registered electors and whose names appear upon the last completed assessment roll for state and county taxes, as taxpayers within such city or town.

(2) Which, and how many of the persons whose names are subscribed to such petition, are possessed of all of the qualifications required of signers to such petition.

(3) Whether such qualified signers constitute more or less than twenty per centum (20%) of the registered electors whose names appear upon the last completed assessment roll for state and county taxes, as taxpayers within such city or town.

History: En. Sec. 6, Ch. 160, L. 1931.

5278.7. Consideration of petition—calling election. When such petition has been filed with the city or town clerk and he has found it has a sufficient number of signers qualified to sign the same, he shall place the same before the city or town council at its first meeting held after he has attached his certificate thereto. The council shall thereupon examine such petition and make such other investigation as it may deem necessary.

If it is found the petition is in proper form, bears the requisite number of signatures of qualified petitioners, and is in all other respects sufficient, the council shall pass and adopt a resolution which shall recite the essential facts in regard to the petition and its filing and presentation, the purpose or purposes for which the bonds are proposed to be issued, and fix the exact amount of bonds to be issued for each purpose, which amount may be less than but must not exceed the amount set forth in the petition, determine the number of years through which such bonds are to be paid, not exceeding the limitations fixed in section 5278.3, and making provision for having such question submitted to the qualified electors of the city or town at the next general city or town election, or at a special election which the council may call for such purpose.

History: En. Sec. 7, Ch. 160, L. 1931.

5278.8. Notice of election—election hours—election officers. Whether such election is held at the general city or town election, or at a special election, separate notice shall be given thereof. Such notice shall state the date when such election will be held, the hours between which the polls will be open, the amount of bonds proposed to be issued, the purpose thereof, the term of years through which the bonds will be paid, and such other information regarding the election and the proposed bonds as the board may deem proper. If the bonds proposed to be issued are for two (2) or more purposes, each purpose and the amount thereof must be separately stated. Such notice shall be posted in each voting precinct in the city or town at least ten (10) days prior to the date for holding such election, and must also be published once a week for a period of not less than two (2) consecutive weeks immediately preceding the date for holding such election in some newspaper published in the city or town, if there be one, and if not then in a newspaper published in the state at a

point in the state nearest to the city or town, and designated by the city or town council.

If the question of issuing bonds is submitted at a special election called for such purpose, the city or town council shall fix the hours through which the polls are to be kept open, which shall be not less than eight (8), and which must be stated in the notice of election, and may appoint a smaller number of judges than is required at a general city or town election, but in no case shall there be less than three (3) judges in a precinct and such judges shall act as their own clerks.

If the question of issuing bonds is submitted at a general city or town election, the polls shall be kept open during the same hours as are fixed for the general election and the judges and clerks for such general election shall act as the judges and clerks thereof.

History: En. Sec. 8, Ch. 160, L. 1931.

5278.9. Form of ballots and conduct of election. Whenever the question of issuing bonds is submitted at either a general city or town election, or at a special election, separate ballots shall be provided therefor. Such ballots shall be white in color and of convenient size, being only large enough to contain the printing herein required to be done and placed thereon, and shall have printed thereon in fair-sized, legible type and black ink, in one (1) line or more, as required, the word "FOR" (stating the proposition and the terms thereof explicitly and at length), and thereunder the word "AGAINST" (stating the proposition and terms in like manner as above); and there shall be before the word "FOR" and before the word "AGAINST", each, a square space of sufficient size to place a plain cross or X therein, and such arrangement shall be in the following manner:

☐

FOR (stating the proposition)

☐

AGAINST (stating the proposition)

If bonds are sought to be issued for two (2) or more separate purposes, then separate ballots must be provided for each purpose or proposition.

The election shall be conducted, and the returns made, in the same manner as other city or town elections; and all election laws governing city and town elections shall govern, in so far as they are applicable, but if such question be submitted at a general city or town election the votes thereon must be counted separately and separate returns must be made by the judges and clerks at such election. Returns must be made separately for each proposition or question submitted at such election.

History: En. Sec. 9, Ch. 160, L. 1931.

5278.10. Who are entitled to vote—registration of electors. Only such registered electors of the city or town whose names appear upon the last preceding assessment roll for state and county taxes, as taxpayers upon property within the city or town, shall be entitled to vote upon any proposition of issuing bonds by the city or town. Such registered and qualified electors may be determined from the registration books and assess-

ment rolls of the county, and lists thereof and poll-books for such election prepared and furnished in the manner provided by sections 5199.1 and 5199.2; provided, however, that the city or town council, in lieu thereof, may provide by ordinance for the registration of the electors of the city or town entitled to vote at any such election, but no person shall be entitled to register or vote at such election who is not a qualified elector and taxpayer as hereinbefore set forth.

History: En. Sec. 10, Ch. 160, L. 1931.

5278.11. Percentage of voters required to authorize the issuing of bonds. Wherever the question of issuing bonds for any purpose is submitted to the qualified electors of a city or town, at either a general or special election, not less than forty per centum (40%) of the qualified electors entitled to vote on such proposition or question must vote thereon, otherwise such proposition shall be deemed to have been rejected; provided, however, that if forty per centum (40%) or more of such qualified electors do vote on such proposition or question at such election, and a majority of such votes shall be cast in favor of such question or proposition, then such proposition or question shall be deemed to have been adopted and approved.

History: En. Sec. 11, Ch. 160, L. 1931.

5278.12. Canvass of election returns—resolution for bond issue. If the bonding election is held at the same time as a general city or town election, then the returns shall be canvassed by the city or town council at the same time as the returns from such general election; but if the question of issuing bonds is submitted at a special election then the city or town council shall meet within ten (10) days after the date of holding such special election and canvass the returns. If it is found that at such election forty per centum (40%) or more of the qualified electors of the city or town entitled to vote at such question or proposition voted thereon, and that a majority of such votes were cast in favor of the issuing of such bonds, the city or town council shall, at a regular or special meeting held within thirty (30) days thereafter, pass and adopt a resolution providing for the issuance of such bonds. Such resolution shall recite the purpose for which such bonds are to be issued, the amount thereof, the maximum rate of interest the bonds may bear, the date they shall bear, the period of time through which they shall be payable, and that any thereof may be redeemed in full, at the option of the city or town, on any interest payment date from and after ten (10) years from the date of issue; and provide for the manner of the execution of the same. It shall provide that preference shall be given amortization bonds but shall fix the denomination of serial bonds in case it shall be found advantageous to issue bonds in that form, and shall adopt a form of notice of the sale of the bonds.

The board may, in its discretion, provide that such bonds may be issued and sold in two (2) or more series or installments.

History: En. Sec. 12, Ch. 160, L. 1931.

5278.13. Form of notice of sale of bonds. The notice of sale shall state the purpose or purposes for which the bonds are to be issued and the

amount proposed to be issued for each purpose and shall be substantially in the form following:

NOTICE OF SALE OF (CITY OR TOWN) BONDS.

Notice is hereby given by the council of the (City or Town) of _____, Montana, that the said council will, on the _____ day of _____, 19____, at the hour of _____ o'clock _____ M., at its council chamber in the (City or Town) of _____, Montana, sell to the highest and best bidder for cash, either amortization or serial bonds of the said (City or Town) in the total amount of _____ dollars, (\$ _____), for the purpose of _____.

Amortization bonds will be the first choice and serial bonds will be the second choice of the council.

If amortization bonds are sold and issued the entire issue may be put into one (1) single bond or divided into several bonds, as the council may determine upon at the time of sale, both principal and interest to be payable in semi-annual installments during a period of _____ years from the date of issue.

If serial bonds are issued and sold they will be in the amount of _____ dollars (\$ _____), each, except the last bond which will be in the amount of _____ dollars (\$ _____); the sum of _____ dollars (\$ _____) of said serial bonds will become due and payable on the _____ day of _____, 19____, and a like amount on the same day each year thereafter until all such bonds are paid, except that the last installment will be in the amount of _____ dollars (\$ _____).

The said bonds, whether amortization or serial bonds, will bear date of _____, 19____, will bear interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, on the _____ day of _____ and on the _____ day of _____, in each year, and will be redeemable (Here insert the optional provisions, if any, recited in the bonds).

Said bonds will be sold for not less than their par value with accrued interest to date of delivery and all bidders must state the lowest rate of interest at which they will purchase the bonds at par. The council reserves the right to reject any and all bids and to sell said bonds at private sale.

All bids other than by or on behalf of the state board of land commissioners of the state of Montana must be accompanied by a certified check in the sum of _____ dollars, payable to the order of the (city or town) clerk, which will be forfeited by the successful bidder in the event he shall fail or refuse to complete the purchase of said bonds in accordance with the terms of his bid.

All bids shall be addressed to the council of the (city or town) of _____, and delivered to the clerk of said (city or town).

Mayor of the (city or town) of _____, Montana.

ATTEST:

(City or Town) Clerk.

History: En. Sec. 13, Ch. 160, L. 1931.

5278.14. Publication of notice of sale. The city or town council shall cause such notice to be published once each week for four (4) successive weeks immediately preceding the date of sale, in a newspaper of general circulation printed and published, if there be one, and if not then in a newspaper of general circulation, in said city or town, printed and published in the county in which said city or town is located; and the council may, in its discretion, cause such notice to be published in such other newspaper or newspapers published either within or without the state as in the opinion of the council will be most likely to give notice of such sale to prospective bidders. The city or town clerk must, at least fifteen (15) days before the date fixed for the sale of such bonds, send a copy of such published notice to the secretary of the state board of land commissioners, and shall thereupon furnish to the said secretary a transcript of the proceedings had for the issuance of bonds, and such other information relating thereto as the secretary may find necessary.

History: En. Sec. 14, Ch. 160, L. 1931.

5278.15. Sale of bonds. The city or town council shall meet at the time and place fixed in the notice to consider bids for the bonds. The bonds shall be sold at not less than par and accrued interest to date of delivery, and each bidder shall specify the form of bonds to be issued, whether amortization or serial, and the rate of interest at which he will purchase the bonds. A bid for amortization bonds shall have the preference over a bid for serial bonds, all other things being equal; and in determining the kind of bonds to be issued the council shall take into consideration not only the rate of interest demanded on each kind but also all other known elements affecting the interests of the city or town, and the council shall accept the bid they shall judge most advantageous to the city or town; provided, that no bid shall be accepted which will require the bonds to bear a rate of interest exceeding six per centum (6%) per annum. No attorneys fees, brokerage or other fees or commissions of any kind shall be paid to any person or corporation for assisting in the proceedings, or in the preparation of the bonds, or in negotiating the sale thereof. The board is authorized to reject any and all bids and to sell the bonds at private sale if they deem it for the best interests of the city or town, provided, however, that such bonds shall not bear a greater rate of interest than six per centum (6%) per annum and shall not be sold at less than par and accrued interest to date of delivery.

History: En. Sec. 15, Ch. 160, L. 1931.

Operation and Effect

Under this section, authorizing the city council to reject all bids for municipal bonds and to sell them at private sale when it deems it best for the interests of the city, a city may contract to exchange

such bonds at their face value for work incident to the construction of a water system at an agreed valuation, the price of the work being determined by a bid which is accepted, such an arrangement being tantamount to a "sale" of the bonds. *Commonwealth Public S. Co. v. Deer Lodge*, 96 M 48, 65, 29 P 2d 667.

5278.16. Form and execution of bonds. At the time of the sale of the bonds, or at a meeting held thereafter, the city or town council shall prescribe the form of the bonds, whether amortization or serial bonds, and of the coupons to be attached thereto. Each and every bond and every coupon attached thereto must be signed by the mayor of the city or town, by the treasurer thereof, and must be attested by the city or town clerk, and

each bond shall have the city or town seal affixed thereto; provided, however, that lithographic or engraved facsimiles of the signatures of the mayor, treasurer and clerk of the city or town may be affixed to the coupons, in place of their signatures, when such fact is so recited in the bond.

History: En. Sec. 16, Ch. 160, L. 1931.

5278.17. Printing of the bonds. Under the direction of the council, the city or town clerk shall cause the bonds, with coupons attached thereto, to be printed or lithographed, at the expense of the city or town at lowest commercial rates; provided, however, that a purchaser of such bonds may furnish the same to the city or town, in the form prescribed by the council, for execution, if the same is done at his own expense and without cost or expense to the city or town.

History: En. Sec. 17, Ch. 160, L. 1931.

5278.18. Registration of bonds—copy to be preserved. When duly executed by the officers of the city or town, as herein provided, the bonds shall be registered by the city or town treasurer in a book provided for that purpose before being delivered to the purchaser. Such registration shall show the number and amount of each bond, the date of issue, date redeemable and date when the same will become due, the amount of all payments of both principal and interest required to be made on each bond with the dates when the same are required to be made and the name and address of the purchaser. The city or town clerk shall also deliver to the city or town treasurer an unsigned and cancelled printed copy of one of the bonds, as so issued and registered, to be preserved in his office.

History: En. Sec. 18, Ch. 160, L. 1931.

5278.19. Delivery of bonds—payment for same—use of proceeds. In case the state board of land commissioners is the purchaser of the bonds, the city or town treasurer shall forward the registered bonds to the secretary of the board who shall cause the same to be delivered to the state treasurer and payment therefor shall be made in the manner provided by law. In case the bonds are purchased by other investors the city or town treasurer shall deliver the bonds to the purchaser upon receiving full payment therefor. All moneys arising from the sale of such bonds shall be paid to the city or town treasurer and shall be immediately available for the purpose or purposes for which the bonds were issued and for no other purpose.

History: En. Sec. 19, Ch. 160, L. 1931.

5278.20. Liability on bonds. All bonds issued under the provisions of this act shall be legal and valid obligations of the city or town issuing the same and the full faith and credit of such city or town are hereby irrevocably pledged for the prompt payment of both principal and interest thereof as the same become due.

History: En. Sec. 20, Ch. 160, L. 1931.

5278.21. Treasurer's certificate as to principal and interest. Whenever any city or town has any issue or series of bonds outstanding and there is not sufficient funds on hand available for the payment of the full amount

of the interest and principal thereof, the city or town treasurer shall, between the first and fifteenth days of July, in each year, while such bonds or any of them remain outstanding, and unpaid, make out and deliver to the city or town clerk, to be by him presented to the city or town council at their next meeting, a statement showing the amount required to be raised by tax levy during the then current fiscal year, for payment of interest and principal becoming due and payable during such fiscal year, or within ninety days thereafter, on each issue or series of bonds outstanding, or if no part of the principal of any such issue or series of bonds will become due and payable within such time, then such statement shall show the amount required to be raised by tax levy during such year for payment of interest becoming due during such time, and to place the proper amount in the sinking fund for the payment of the principal of such bonds when they become due, as provided in section 5278.20.

History: En. Sec. 21, Ch. 160, L. 1931.

5278.22. Tax. The city or town council, at the time of making the levy of taxes for general city or town purposes, must levy a separate and special tax, upon all taxable property in the city or town, for the payment of interest on the principal of each series or issue of bonds outstanding, and the tax levy for any one series or issue of bonds must be entirely separate and distinct from such levy for any other issue or series of bonds. The levy made for the purpose of paying interest on and principal of each series or issue of bonds must be high enough to raise an amount sufficient to pay all interest on and so much of the principal, if any, of such bonds as will become due and payable during the then current fiscal year, or within ninety days thereafter, as such amount is shown by the treasurer's statement provided for by section 5278.21; and if no part of the principal of such bonds will become due and payable within such time, then such tax levy must be high enough to raise an amount sufficient to pay all interest which will become due and payable during the current fiscal year or within ninety days thereafter, and to also place in the sinking fund for such issue or series of bonds, for the payment of the principal thereof when the same become due, an amount not less than a sum produced by dividing the whole amount for which such series or issue of bonds were originally issued by the number of years for which such series or issue of bonds were originally issued to run, as such amounts are shown by the treasurer's statement provided for by section 5278.21.

History: En. Sec. 22, Ch. 160, L. 1931.

5278.23. Liability of members of council. If the council of any city or town shall fail, neglect or refuse in any year to make a levy sufficient to pay the interest on and principal of any issue or series of bonds, as required by the provisions of section 5278.22, the holder of any bond of such issue or series, or any taxpayer paying taxes on property situated in such city or town, may apply to the district court of the county, in which the city or town issuing such bonds is situated, for a writ of mandate to compel the city or town council to make a proper and sufficient levy for such purposes, and if, upon the hearing of such application it shall appear to the satisfaction of the court that the city or town council has failed, neglected

or refused to make any levy whatever for such purposes, or has made a levy, but that the same is insufficient to raise the amount required to be raised for such purposes under the provisions of section 5278.22, the court shall determine the amount of the deficiency and shall issue a writ of mandate directed to and requiring such city or town council, at the next meeting thereof for the purpose of making and fixing city or town levies, to make and fix a tax levy against all taxable property in such city or town sufficient to raise the amount of such deficiency, which levy shall be in addition to the levy required to be made for the then current fiscal year; provided, that any costs which may be allowed or awarded the petition in any such proceeding shall be paid by the members of the city or town council and shall not be a charge against the city or town.

History: En. Sec. 23, Ch. 160, L. 1931.

5278.24. Bond funds. The city or town treasurer shall keep in his books a special and separate sinking and interest fund account for each issue or series of bonds issued by his city or town, and outstanding, and each such fund must at all times show the exact condition thereof. All taxes collected for interest and principal on city or town bonds shall be placed to the credit of the sinking and interest fund for which the same were levied, and such fund shall not be used for any purpose other than payment of the principal and interest on such bonds so long as any of such bonds remain outstanding. When all bonds of any series or issue, with the interest thereon, have been fully paid, or called in for payment, and there remains in the sinking and interest fund for such series or issue any amount not required for the payment of such bonds and interest, such excess amount, and all amounts subsequently collected for such fund, shall be transferred to the general fund of the city or town or to the sinking and interest fund of any other issue or series of bonds outstanding, that the city or town council may designate.

History: En. Sec. 24, Ch. 160, L. 1931.

5278.25. Payment of principal and interest. The city or town treasurer shall pay from the proper sinking and interest fund the interest and principal of each issue or series of outstanding bonds, as such interest and principal become due and at the place where such bonds are payable, upon presentation and surrender of the coupon or coupons, bond or bonds to be paid; provided, however, that if the bonds are held by the state of Montana, then all such payments shall be made at the office of the state treasurer, who shall cancel the coupons, or bonds, and return the same to the city or town treasurer together with his receipt therefor.

Any and all installments of interest or principal of bonds issued under the provisions of this act, not promptly paid when due, shall draw interest at the rate of six per centum (6%) per annum from the date due until actually paid, irrespective of the rate of interest on the bonds themselves.

History: En. Sec. 25, Ch. 160, L. 1931.

5278.26. Redemption of bonds before maturity. Whenever there is available money in any sinking and interest fund, over and above the amount required for payment of principal and interest becoming due on the next interest payment date, sufficient to pay and redeem one or more

of the outstanding bonds of the issue or series to which such sinking and interest fund belongs, and such bonds are held by the state of Montana, the city or town treasurer must apply such available money in payment of as many of such bonds as the same will pay. Not less than fifteen (15) days before the next interest payment date the city or town treasurer must give notice to the state board of land commissioners that on such interest payment date such bond or bonds will be paid, and the city or town treasurer, before such interest payment date, must remit to the state treasurer the amount required to pay such bond or bonds, with the interest thereon. Upon receipt of such amount the state treasurer must cancel such bond or bonds and all unpaid interest coupons attached thereto, and return the same, with his receipt, to the city or town treasurer.

Whenever there is available money in any sinking and interest fund, over and above the amount required for payment of principal and interest becoming due on the next interest payment date, sufficient to pay and redeem one or more of the outstanding optional bonds of the issue or series to which such sinking and interest fund belongs, and which bonds are not yet due but are then redeemable, or will become redeemable on the next interest payment date, and such bonds are not held by the state of Montana, the city or town treasurer must apply such available money in payment and redemption of as many of such bonds as the same will pay and redeem. The city or town treasurer must give notice to the holder of such bond or bonds, if known to him, or to any bank or financial institution at which such bonds are payable, at least fifteen (15) days before the next interest payment date, that such bonds will be redeemed and paid on such date. The city or town treasurer must also publish in some newspaper of general circulation printed and published in the city or town, and if there be none, then in some newspaper of general circulation in such city or town, printed and published in the county in which such city or town is situated, once a week for two successive weeks immediately preceding such interest payment date, a notice that such bond or bonds have been called in for redemption and will be paid in full on such interest payment date. If such bonds are payable at some bank or financial institution the city or town treasurer must remit to such bank or institution, before such interest payment date, an amount sufficient to pay and redeem such bonds. If such bonds are not presented for redemption and payment on such interest payment date interest thereon shall cease on such date.

All bonds paid and redeemed under the provisions of this section must be paid and redeemed in the numerical order in which the same were issued.

History: En. Sec. 26, Ch. 160, L. 1931.

5278.27. Investment of sinking and interest fund. Whenever there is available money in any sinking or interest fund, over and above the amount required for payment of principal and interest becoming due on the next interest payment date, sufficient to pay and redeem one or more outstanding bonds of the issue or series to which such sinking fund belongs, and such bonds are not held by the state of Montana, and are not subject to redemption, the city or town treasurer, at the direction of the city or town council, shall purchase such bond or bonds of such issue or series, if this

can be done at not more than par and accrued interest, or at such reasonable premium as the council may feel justified in paying, not in any case exceeding five per centum (5%).

If the council cannot purchase any of the outstanding bonds at such reasonable price, then such available money in such sinking and interest fund shall be invested by the city or town treasurer, under the direction of the city or town council, in other bonds of the city or town, in warrants of the city or town, in warrants issued by any county of this state, in bonds or warrants of this state, or in bonds or treasury certificates of the United states; provided, however, that such sinking and interest funds shall only be invested in such securities as will become due and payable at least thirty (30) days before the date when the bonds of the city or town of such series will become redeemable.

History: En. Sec. 27, Ch. 160, L. 1931.

5278.28. Cancellation of bonds, coupons and warrants. All bonds and interest coupons paid by the city or town treasurer from time to time shall be cancelled by him, and he shall enter on the records of the registration of such bonds the date of the payment of the same and the several coupons attached thereto, and he shall deliver the same, after such cancellation, to the city or town clerk, with a report showing the numbers of such bonds and the amounts paid as principal and interest thereon, and the city or town clerk shall exhibit such bonds and coupons, with such report, to the city or town council at the next regular meeting thereof.

Whenever bonds are issued for the purpose of funding outstanding warrants or refunding outstanding bonds it shall be the duty of the city or town treasurer to apply the proceeds derived from the sale of such bonds to the payment of such warrants or bonds so refunded or funded, and he shall, upon taking up such warrants or bonds, cancel the same, keep a record thereof, and deliver the same to the city or town clerk, with a report showing the numbers thereof and the amounts paid for principal and interest, and the city or town clerk shall exhibit such warrants or bonds, with such report, to the city or town council at the next regular meeting thereof.

History: En. Sec. 28, Ch. 160, L. 1931.

5278.29. Exchange of bonds for amortization bonds. Subject to the approval of the state board of land commissioners the council of any city or town is hereby authorized to issue amortization bonds for the purpose of refunding any outstanding bonds of such city or town held by the state of Montana and which were not issued either as amortization or serial bonds, and to exchange the same for such outstanding bonds. Such amortization bonds shall conform in all respects to the definition of amortization bonds as set forth in section 5278.5, and shall bear interest at such rate as may be agreed upon between the council of such city or town and the state board of land commissioners, but which shall not exceed six per centum (6%) per annum. Such amortization bonds may be issued and exchanged for such outstanding bonds without submitting the question of issuing the same at an election, and it shall not be necessary to publish any notice of sale of such bonds. This section shall not be construed so as to

deprive city or town councils of the rights to advertise, sell and issue re-funding bonds in the manner provided in this act.

History: En. Sec. 29, Ch. 160, L. 1931.

5278.30. Application of this act to outstanding bonds. All of the provisions of this act with reference to the payment of principal and interest of bonds, redemption and payment thereof, investment of sinking and interest funds, levy of taxes for payment of principal and interest, maintenance of separate sinking and interest funds, and all other provisions of this act which can be made applicable thereto, shall apply to all bonds heretofore lawfully issued by any city or town under any law or laws of this state, and which bonds shall be outstanding at the time this act takes effect, providing, however, that this act shall not in any manner be held to apply to bonds or warrants heretofore issued under the laws of Montana providing for special improvement district bonds of cities and towns in the state of Montana, and particularly under the provisions of sections 5225 through 5277.

5297. Payment of bonds. The faith of the county or incorporated city or town issuing bonds under the provisions of this act is solemnly pledged for the payment of the principal and interest according to the tenure of said bonds and the coupons attached to the same, and the board of county commissioners of the county or council of the incorporated city or town, issuing said bonds, shall ascertain and levy and assess a tax sufficient to pay the interest upon said bonds, and form such sinking fund for the payment of the principal thereof as may be necessary and proper, in the manner provided by law or ordinance, which shall become a lien and be collected as other taxes, and shall be kept as a separate fund, as hereinbefore provided, and all bonds, coupons, orders, and warrants issued and drawn under the provisions of this act shall be promptly paid, registered, and entered in books kept for that purpose, and correct and proper entries made in respect thereto, and the same when paid shall be canceled and preserved, and proper entries made thereof, as provided by law in cases of other bonds, warrants, and orders.

5298. Modification of contract. In the event it shall be found expedient and proper in executing said contract to modify or change the same

in some of the minute details thereof, and such modifications or change shall be agreed upon by the parties thereto, the same may be made with the approval of the judge or judges of the district forming such county, or the judge or judges of the district in which such county or incorporated city or town is included, and, when so approved, shall have the same force and effect as if originally contained therein.

History: En. Sec. 10, p. 146, L. 1893; re-en. Sec. 4840, Pol. C. 1895; re-en. Sec. 3439, Rev. C. 1907; re-en. Sec. 5298, R. C. M. 1921.

5299. Provisions concerning election. No registration under the election laws of this state shall be required for the purposes of the election herein provided for, and the registration had at the last election preceding the same shall govern and control as if especially had and done for the purposes of the election to be held under this act.

History: En. Sec. 11, p. 146, L. 1893; re-en. Sec. 4841, Pol. C. 1895; re-en. Sec. 3440, Rev. C. 1907; re-en. Sec. 5299, R. C. M. 1921.

CHAPTER 401

DAMAGE CAUSED BY CHANGE OF GRADE

Section 5300. Damages must be paid on change of grade.

5301. Appraisement of damages.

5302. Time for report to be made.

5303. Appeals and proceedings thereunder.

5304. Issues made.

5305. Costs—how taxed.

5300. Damages must be paid on change of grade. When the grade of any street or sidewalk in any city or town is established by the corporate authority of such city or town, and a building shall thereafter be constructed upon a lot abutting on said street, no change must be made in the grade of such street or sidewalk which requires the raising or lowering of any building so constructed until the damages which may accrue by reason of such raising or lowering are ascertained and paid, as is hereinafter provided.

History: En. Sec. 4940, Pol. C. 1895; re-en. Sec. 3441, Rev. C. 1907; re-en. Sec. 5300, R. C. M. 1921.

Operation and Effect

After the grade of a street has once been established, the city, under sections 5039.67 and this section, may not change it until the damages to abutting property have been determined and tendered to the

owner. *State v. Northern Pac. Ry. Co.*, 88 M 529, 295 P 257.

Id. Before a city may exercise the power conferred by amended section 5039.11 to order the construction of a subway street crossing necessitating a change in the grade of the street, it must comply with the provisions of section 5039.67, and this section, they being limitations upon the exercise of its police power in that behalf.

5301. Appraisement of damages. In case the council of such city or town and the owner of such building are unable to agree upon the amount of such damages, the council must appoint three disinterested freeholders of such city or town to appraise such damages. The appraisers so appointed, after being duly sworn, must appraise the damage and make two written reports thereof, signed by at least a majority of them, one of which must be delivered to the clerk of such city or town, to be immediately filed in his office, and the other to the owner of the building.

History: En. Sec. 4941, Pol. C. 1895; re-en. Sec. 3442, Rev. C. 1907; re-en. Sec. 5301, R. C. M. 1921.

Operation and Effect

When all the circumstances detailed in the next preceding section exist, the pow-

er of the city to appoint a board of appraisers and clothe it with any authority is made further to depend upon the inability of the city and owner to agree, which, of course, implies effort, and before the

appointment is made, it should appear that they were in fact unable to agree. State ex rel. City of Butte v. District Court, 48 M 614, 617, 139 P 791.

5302. Time for report to be made. Such report must be made and delivered within ten days after the appointment of the appraisers.

History: En. Sec. 4942, Pol. C. 1895; re-en. Sec. 3443, Rev. C. 1907; re-en. Sec. 5302, R. C. M. 1921.

5303. Appeals and proceedings thereunder. Within twenty days after the filing of the report with the clerk, either party feeling dissatisfied with such appraisement may file in the office of the clerk of the district court, within the county in which such city or town is located, a copy of such report, certified by the clerk of such city or town, and file with said clerk and serve on the opposite party a notice of appeal from such report, whereupon the clerk of the district court must cause such proceedings to be entered on the register of actions, designating such city or town as plaintiff, and the owner of the building as defendant, and the question of the amount of damages may be tried by a jury or the court.

History: En. Sec. 4943, Pol. C. 1895; re-en. Sec. 3444, Rev. C. 1907; re-en. Sec. 5303, R. C. M. 1921.

5304. Issues made. The report of the appraisers is the complaint, all the material facts of which in reference to damages are considered denied, and these constitute the issues to be tried.

History: En. Sec. 4944, Pol. C. 1895; re-en. Sec. 3445, Rev. C. 1907; re-en. Sec. 5304, R. C. M. 1921.

5305. Costs—how taxed. In case the owner of the building appeals and the damages are not increased, or in case the city or town appeals, and the damages are decreased in the district court, the costs must be paid by the defendant. In all other cases, or in the case no appeal is taken, the costs must be paid by the city or town.

History: En. Sec. 4945, Pol. C. 1895; re-en. Sec. 3446, Rev. C. 1907; re-en. Sec. 5305, R. C. M. 1921.

CHAPTER 402

BUILDING REGULATION IN CITIES AND TOWNS

- Section 5305.1. Building restrictions by towns authorized.
 5305.2. Districts for effecting building restrictions.
 5305.3. Purposes of act.
 5305.4. Method of procedure.
 5305.5. Changes.
 5305.6. Zoning commission.
 5305.7. Board of adjustment.
 5305.8. Enforcement and remedies.
 5305.9. Conflict with other laws.

5305.1. Building restrictions by towns authorized. For the purpose of promoting health, safety, morals, or the general welfare of the community, the city or town council, or other legislative body of cities and incorporated towns is hereby empowered to regulate and restrict the height, number of stories, and size of buildings and other structures, the percentage

of lot that may be occupied, the size of yards, courts, and other open spaces, the density of population, and the location and use of buildings, structures and land for trade, industry, residence, or other purposes.

History: En. Sec. 1, Ch. 136, L. 1929.

Constitutionality

Held, that this act, authorizing the creation of zoning ordinances in cities and towns and the appointment of a board of adjustment, as well as such an ordinance involved in the case at bar, are free from constitutional objections. *Freeman v. Board of Adjustment et al.*, 97 M 342, 347 et seq., 34 P 2d 534.

State May Delegate Police Power to Municipality

The state, in which the police power is lodged, may by act of the legislature delegate such power to a municipality for the purpose of enacting zoning ordinances, as it did in this state by enacting chapter 136, laws of 1929. *Freeman v. Board of Adjustment et al.*, 97 M 342, 347 et seq., 34 P 2d 534.

5305.2. Districts for effecting building restrictions. For any or all of said purposes the local city or town council or other legislative body may divide the municipality into districts of such number, shape, and area as may be deemed best suited to carry out the purposes of this act; and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair, or use of buildings, structures, or land. All such regulations shall be uniform for each class or kind of buildings throughout each district, but the regulations in one district may differ from those in other districts.

History: En. Sec. 2, Ch. 136, L. 1929.

5305.3. Purposes of act. Such regulations shall be made in accordance with a comprehensive plan and designed to lessen congestion in the streets; to secure safety from fire, panic, and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the over-crowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. Such regulations shall be made with reasonable consideration, among other things, to the character of the district and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such municipality.

History: En. Sec. 3, Ch. 136, L. 1929.

5305.4. Method of procedure. The city or town council, or other legislative body of such municipality shall provide for the manner in which such regulations and restrictions and the boundaries of such districts shall be determined, established, and enforced, and from time to time amended, supplemented, or changed. However, no such regulation, restriction, or boundary shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen (15) days notice of the time and place of such hearing shall be published in an official paper, or a paper of general circulation, in such municipality.

History: En. Sec. 4, Ch. 136, L. 1929.

5305.5. Changes. Such regulations, restrictions, and boundaries may from time to time be amended, supplemented, changed, modified, or repealed. In case, however, of a protest against such change, signed by the owners of twenty per centum (20%) or more either of the area of the lots

included in such proposed change, or of those immediately adjacent in the rear thereof extending one hundred and fifty (150) feet therefrom, or of those directly opposite thereof extending one hundred and fifty (150) feet from the street frontage of such opposite lots, such amendment shall not become effective except by the favorable vote of three-fourths ($\frac{3}{4}$) of all the members of the city or town council or legislative body of such municipality. The provisions of the previous section relative to public hearings and official notice shall apply equally to all changes or amendments.

History: En. Sec. 5, Ch. 136, L. 1929.

5305.6. Zoning commission. In order to avail itself of the powers conferred by this act, the city or town council or other legislative body, shall appoint a commission, to be known as the zoning commission, to recommend the boundaries of the various original districts and appropriate regulations to be enforced therein. Such commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and such city or town council or other legislative body shall not hold its public hearings or take action until it has received the final report of such commission.

History: En. Sec. 6, Ch. 136, L. 1929.

5305.7. Board of adjustment. Such city or town council or other legislative body may provide for the appointment of a board of adjustment, and in the regulations and restrictions adopted pursuant to the authority of this act may provide that the said board of adjustment may, in appropriate cases, and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purposes and intent and in accordance with the general or specific rules therein contained.

The board of adjustment shall consist of five (5) members, each to be appointed for a term of three (3) years and removable for cause by the appointing authority upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.

The board shall adopt rules in accordance with the provisions of any ordinance adopted pursuant to this act. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Such chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board, or bureau of the municipality affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the board, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal specifying the grounds thereof.

The officer from whom the appeal is taken shall forthwith transmit to the board all papers constituting the record upon which the action appealed was taken.

An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board of adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown.

The board of adjustment shall fix a reasonable time for the hearing of the appeal, give public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by attorney.

The board of adjustment shall have the following powers:

1. To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of this act or of any ordinance adopted pursuant thereto.

2. To hear and decide special exceptions to the terms of the ordinance upon which such board is required to pass under such ordinance.

3. To authorize upon appeal in specific cases such variance from the terms of the ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed and substantial justice done.

In exercising the above mentioned powers such board may, in conformity with the provisions of this act, reverse or affirm, wholly or partly, or modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

The concurring vote of four (4) members of the board shall be necessary to reverse any order, requirement, decision, or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance, or to effect any variation in such ordinance.

Any person or persons, jointly or severally, aggrieved by any decision of the board of adjustment, or any taxpayer, or any officer, department, board, or bureau of the municipality, may present to a court of record a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within thirty (30) days after the filing of the decision in the office of the board.

Upon the presentation of such petition the court may allow a writ of certiorari directed to the board of adjustment to review such decision of the board of adjustment and shall prescribe therein the time within

which a return thereto must be made and served upon the relator's attorney, which shall not be less than ten (10) days and may be extended by the court. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.

The board of adjustment shall not be required to return the original papers acted upon by it, but shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by such writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

If, upon the hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.

Costs shall not be allowed against the board unless it shall appear to the court that it acted with gross negligence, or in bad faith, or with malice in making the decision appealed from.

History: En. Sec. 7, Ch. 136, L. 1929.

Powers of Board of Adjustment Broad, General and Discretionary

Contention that the powers of the board of adjustment (or appeal) created by this act, authorizing the enactment of zoning ordinances in cities and towns, are limited to slight variations, such as the height of a building, the distance it must be from the street, etc., held not meritorious, but that on the contrary the board, an administrative body vested with general power to act as a fact-finding body and determine whether in any specific case unusual hardship might result from an enforcement of the strict letter of the ordinance, possesses broad and general powers with a considerable latitude for the exercise of the discretion, the conferring of which powers does not constitute an unlawful delegation of legislative authority. *Freeman v. Board of Adjustment et al.*, 97 M 342, 368, 34 P 2d 534.

Id. Prior to the enactment of a city zoning ordinance a grocery store had been conducted for several years in a rented building later incorporated in a residential district under the ordinance; after its enactment the storekeeper purchased a lot in the same block and but a short distance from the location of the store and contracted for the erection of a structure thereon for store and residence purposes and asked for a building permit. The permit being refused on the ground that the location was in a residential district, he appealed to the board of adjustment appointed under the ordinance, which ordered that the permit be granted because denial of it would result in unnecessary hardship. Held, on appeal by the former landlord of petitioner from a judgment of the district court on writ of certiorari affirming the action of the board, that there was not sufficient substantial evidence to warrant a finding that the board had not abused its discretion in making the order attacked.

5305.8. Enforcement and remedies. The city or town council, or other legislative body, may provide by ordinance for the enforcement of this act and of any regulation or ordinance made thereunder. A violation of this act, or of such ordinance or regulation is hereby declared to be a misdemeanor and such city or town council or other legislative body may provide for the punishment thereof by fine or imprisonment or both. It is also empowered to provide civil penalties for such violation.

In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted or maintained, or any building, structure, or land is used in violation of this act, or of any ordinance or other regulation

made under authority conferred hereby, the proper local authorities of the municipality, in addition to other remedies, may institute any appropriate action or proceedings to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance, or use, to restrain, correct, or abate such violation, to prevent the occupancy of such building, structure, or land, or to prevent any illegal act, conduct, business, or use in or about such premises.

History: En. Sec. 8, Ch. 136, L. 1929.

5305.9. Conflict with other laws. Wherever the regulations made under authority of this act require a greater width or size of yards, courts, or other open spaces, or require a lower height of building or less number of stories, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required in any other statute or local ordinance or regulation, the provisions of the regulations made under authority of this act shall govern. Wherever the provisions of any other statute or local ordinance or regulation require a greater width or size of yards, courts, or other open spaces, or require a lower height of building or a less number of stories, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required by the regulations made under authority of this act, the provisions of such statute or local ordinance or regulation shall govern.

History: En. Sec. 9, Ch. 136, L. 1929.

CHAPTER 403

VACATION AND ABANDONMENT OF STREETS, PARKS, AND TOWNSITES

Section 5306. Council may discontinue streets.

5307. Notice must be given.

5308. Vacation of plats in abandoned townsites.

5309. Vacation of parks, boulevards, and public places in unincorporated towns.

5306. Council may discontinue streets. The council may discontinue a street or alley in a city or town, or any part thereof, upon the petition in writing of all the owners of lots on the streets or alleys, if it can be done without detriment to the public interest; provided that where the street or alley is to be closed for school purposes, a petition signed by seventy-five per cent (75%) of the lot owners on the whole street or alley to be closed, will be required.

History: En. Sec. 429, 5th Div. Comp. Stat. 1887; amd. Sec. 5030, Pol. C. 1895; re-en. Sec. 3479, Rev. C. 1907; re-en. Sec. 5306, R. C. M. 1921; amd. Sec. 1, Ch. 13, L. 1929.

5307. Notice must be given. Before acting upon such petition a notice must be published or posted in three public places, stating when such petition will be acted on, and what street or alley, or part thereof, is asked to be vacated. Such notice must be published in a newspaper or posted at least one week before the petition is acted on.

5308. Vacation of plats in abandoned townsites. When there shall have been filed in the office of the county clerk of any county of this state a plat of any village or townsite, or a plat of any vineyard tracts, acreage tracts, suburban tracts or community tracts designated in section 4993, and it is desired by the owners of said lands to vacate said plat, the county commissioners of the county in which such plat is filed, upon petition of the owners of all the lands described in said plat, and upon such conditions as may be reasonable, shall cancel and annul said plat and shall vacate the lots, streets, alleys, parks and boulevards, if any, described in said plat, and thereafter the designation of said property shall be by metes and bounds or by legal subdivisions if the circumstances may require and the same shall be assessed accordingly. If any post office, store or other business establishment shall be located within such platted area, that fact shall not prevent the cancellation and vacating of said plat in accordance with the terms of this act, but, in all cases where it shall be necessary to designate the location of any such post office, store or other business property by metes and bounds for purposes of identification, such designation shall be made in the order to be entered by the board of county commissioners. Petitions under the terms of this act shall be signed by all the owners of the land in such platted area, shall distinctly refer to the original plat for purposes of identification and shall disclose that the petitioners are the owners of all the lands described in said plat, and that no rights of any person have intervened since the filing of said plat which would be adversely affected by the cancellation and annulment thereof. Provided, however, that when only a portion or portions of any village or townsite in any unincorporated village or town is sought to be vacated or excluded therefrom and said portion or portions is not less than four blocks in area, and situated at the limits or boundaries of said village or townsite, a verified petition may be filed in the office of the clerk of the district court of the county where said village or townsite is situated by the owner or owners of all the property sought to be vacated or excluded, which petition shall be addressed to the district court of the said county, setting forth the description of the portion or portions sought to be excluded and the reason or reasons for desiring such portion or portions to be excluded. A citation shall thereupon be issued by the judge of the court before whom said matter is pending, citing all persons interested in said matter to appear before said court at a time and place specified in said citation, but at a time not less than three weeks from the date of said citation, which citation shall be published in a newspaper of regular circulation in the said county, or if no such newspaper is in said county, then in such a newspaper located in an adjoining county of the state, which citation shall be published once a week for two successive weeks before the date of said hearing. Upon the hearing of said petition and upon conditions that may seem reasonable, the court may vacate and exclude the portion or portions of said village or townsite as prayed for in said petition, including any streets, alleys, parks or boulevards upon which no public easement or easements shall vest, and such excluded property shall be described by metes and bounds in the decree of the court, and said property shall be assessed accordingly.

5309. Vacation of parks, boulevards, and public places in unincorporated towns. Whenever a petition signed by freeholders, owning at least two-thirds of the property fronting on any street of any unincorporated town site in this state, shall be presented to the board of county commissioners of the county in which such town site is situated, praying said board to vacate any park, boulevard, or other public place, bordering on said street and the adjoining property, and not used for road or highway purposes, which park, boulevard, or public place has been dedicated to public use, such board shall hear said petition, and, if in its judgment it appears to be for the best interests of the public that such petition be granted, it shall, by order of the board, duly entered upon its minutes, declare such park, boulevard, or public place vacated, and thereupon the land included therein shall attach to and become part of the adjoining lots of said town site, and the title thereto pass with conveyance of said lots.

5309.2. Declaration of necessity. It is hereby declared that unsanitary or unsafe dwelling accommodations exist in various cities of the first and second class of the state, and that such unsafe or unsanitary conditions arise from overcrowding and concentration of population, the obsolete and poor condition of the buildings, improper planning, excessive land coverage, lack of proper light, air and space, unsanitary design and arrangement, lack of proper sanitary facilities, and the existence of conditions which endanger life or property by fire and other causes; that in all such cities many persons of low income are forced to reside in unsanitary or unsafe dwelling accommodations; that in various cities of the first or second class of the state there is a lack of safe or sanitary dwelling accommodations available to all the inhabitants thereof and that consequently many persons of low income are forced to occupy overcrowded and congested dwelling accommodations; that these conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals and welfare of the citizens of the state and impair economic values; that the aforesaid conditions also exist in certain areas surrounding such cities; that these conditions cannot be remedied by the ordinary operations of private enterprises; that the clearance, re-planning and reconstruction of the areas in which unsanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations for persons of low income are public uses and purposes for which public money may be spent and private property acquired; that it is in the public interest that work on such projects be instituted as soon as possible in order to relieve unemployment which now constitutes an emergency; and the necessity in the public interest for the provision hereinafter enacted, is hereby declared as a matter of legislative determination.

5309.4. Notice, hearing and creation of authority. Any twenty-five (25) residents of a city and of the area within ten miles from the territorial boundaries thereof may file a petition with the city clerk setting forth that there is a need for an authority to function in the city and said surrounding area. Upon the filing of such a petition the city clerk shall give notice of the time, place and purposes of a public hearing at which the council will determine the need for an authority in the city and said surrounding area. Such notice shall be given at the city's expense by publishing a notice, at least ten days preceding the day on which the hearing is to be held, in a newspaper having a general circulation in the city and said surrounding area or, if there be no such newspaper, by posting such a notice in at least three public places within the city, at least ten days preceding the day on which the hearing is to be held.

Upon the date fixed for said hearing held upon notice as provided herein, an opportunity to be heard shall be granted to all residents and taxpayers of the city and said surrounding area and to all other interested persons. After such a hearing, the council shall determine:

(1) Whether unsanitary or unsafe inhabited dwelling accommodations exist in the city and said surrounding area, and/or

(2) Whether there is a lack of safe or sanitary dwelling accommodations in the city and said surrounding area available for all the inhabitants thereof.

In determining whether dwelling accommodations are unsafe or unsanitary, the council shall take into consideration the following: the physical condition and age of the buildings; the degree of overcrowding; the percentage of land coverage; the light and air available to the inhabitants of such dwelling accommodations; the size and arrangement of the rooms; the sanitary facilities; and the extent to which conditions exist in such buildings which endanger life or property by fire or other causes.

If it shall determine that either or both of the above enumerated conditions exist, the council shall adopt a resolution so finding (which need not go into any detail other than the mere finding) and shall cause notice of such determination to be given to the mayor who shall thereupon appoint, as hereinafter provided, five commissioners to act as an authority. Said commission shall be a public body and a body corporate and politic upon the completion of the taking of the following proceedings:

The commissioners shall present to the secretary of the state an application signed by them, which shall set forth (without any detail other than the mere recital) (1) that a notice has been given and public hearing has been held as aforesaid, that the council made the aforesaid determination after such hearing, and that the mayor has appointed them as commission-

ers; (2) the name, and official residence of each of the commissioners, together with a certified copy of the appointment evidencing their right to office, the date and place of induction into and taking oath of office, and that they desire the housing authority to become a public body and a body corporate and politic under this act; (3) the term of office of each of the commissioners; (4) the name which is proposed for the corporation; and (5) the location of the principal office of the proposed corporation. The application shall be subscribed and sworn to by each of said commissioners before an officer authorized by the laws of the state to take and certify oaths, who shall certify upon the application that he personally knows the commissioners and knows them to be the officers as asserted in the application, and that each subscribed and swore thereto in the officer's presence. The secretary of state shall examine the application and if he finds that the name proposed for the corporation is not identical with that of a person or of any other corporation of this state or so nearly similar as to lead to confusion and uncertainty he shall receive and file it and shall record it in an appropriate book of record in his office.

When the application has been made, filed and recorded, as herein provided, the authority shall constitute a public body and a body corporate and politic under the name proposed in the application; the secretary of state shall make and issue to the said commissioners, a certificate of incorporation pursuant to this act, under the seal of the state, and shall record the same with the application.

The boundaries of such authority shall include said city and the area within ten miles from the territorial boundaries of said city but in no event shall it include the whole or a part of any other city nor any area included within the boundaries of another authority. In case an area lies within ten miles of the boundaries of more than one city, such area shall be deemed to be within the boundaries of the authority embracing such area which was first established, all priorities to be determined on the basis of the time of the issuance of the aforesaid certificates by the secretary of state. After the creation of an authority, the subsequent existence within its territorial boundaries of more than one city shall in no way affect the territorial boundaries of such authority.

If the council, after a hearing as aforesaid, shall determine that neither of the above enumerated conditions exist, it shall adopt a resolution denying the petition. After three months shall have expired from the date of the denial of any such petitions, subsequent petitions may be filed as aforesaid and new hearings and determinations made thereon.

In any suit, action or proceeding involving the validity or enforcement of, or relating to any contract of the authority, the authority shall be conclusively deemed to have been established in accordance with the provisions of this act upon proof of the issuance of the aforesaid certificate by the secretary of state. A copy of such certificate, duly certified by the secretary of state shall be admissible in evidence in any such suit, action or proceeding, and shall be conclusive proof of the filing and contents thereof.

History: En. Sec. 4, Ch. 140, L. 1935.

Thereafter, the term of office shall be five years. A commissioner shall hold office until his successor has been appointed and has qualified. Vacancies shall be filled for the unexpired term. Three commissioners shall constitute a quorum. The mayor shall file with the city clerk a certificate of the appointment or reappointment of any commissioner and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his services but he shall be entitled to the necessary expenses including traveling expenses incurred in the discharge of his duties.

When the office of the first chairman of the authority becomes vacant, the authority shall select a chairman from among its members. An authority shall select from among its members a vice-chairman, and it may employ a secretary (who shall be executive director), technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. If any commissioner or employee of an authority owns or controls an interest direct or indirect in any property included or planned to be included in any housing project, he shall immediately disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure to so disclose such interest shall constitute misconduct in office.

5309.8. Removal of commissioners. The mayor may remove a commissioner for inefficiency or neglect of duty or misconduct in office, but

only after the commissioner shall have been given a copy of the charges against him (which may be made by the mayor) at least ten (10) days prior to the hearing thereon and had an opportunity to be heard in person or by counsel.

Any obligee of the authority may file with the mayor written charges that the authority is violating wilfully any law of the state or any term, provision or covenant in any contract to which the authority is a party. The mayor shall give each of the commissioners a copy of such charges at least ten (10) days prior to the hearing thereon and an opportunity to be heard in person or by counsel and shall within fifteen days after receipt of such charges remove any commissioners of the authority who shall have been found to have acquiesced in any such wilful violation.

A commissioner shall be deemed to have acquiesced in a wilful violation by the authority of a law of this state or of any term, provision or covenant contained in a contract to which the authority is a party, if, before a hearing is held on the charges against him, he shall not have filed a written statement with the authority of his objections to, or lack of participation in such violation.

In the event of the removal of any commissioner, the mayor shall file in the office of the city clerk a record of the proceedings together with the charges made against the commissioners and the findings thereon.

(a) To vest in a government the right, upon the happening of an event of default (as defined in such mortgage), to foreclose such mortgage through judicial proceedings or through the exercise of a power of sale without judicial proceedings so long as a government shall be the holder of any of the bonds secured by such mortgage.

(b) To vest in a trustee or trustees the right, upon the happening of an event of default (as defined in such mortgage), to foreclose such mortgage through judicial proceedings or through the exercise of a power of sale without judicial proceedings, but only with the consent of the government which aided in financing the housing project involved.

(c) To vest in other obligees the right to foreclose such mortgage by judicial proceedings, but only with the consent of the government which aided in financing the project involved.

(d) To vest in an obligee, including a government, the right in foreclosing any mortgage as aforesaid, to foreclose such mortgage as to all or such part or parts of the property covered thereby as such obligee (in its absolute discretion) shall elect; the institution, prosecution and conclusion of any such foreclosure proceedings and/or the sale of any such parts of the mortgaged property shall not affect in any manner or to any extent the lien of the mortgage on the parts of the mortgaged property not included in such proceedings or not sold as aforesaid.

History: En. Sec. 17, Ch. 140, L. 1935.

5309.18. Remedies of an obligee of authority. An obligee of the authority shall have the right in addition to all other rights which may be conferred on such obligee subject only to any contractual restrictions binding upon such obligee:

(a) By mandamus, suit, action or proceeding in law or equity (all of which may be joined in one action) to compel the authority, and the commissioners, officers, agents or employees thereof to perform each and every term, provision and covenant contained in any contract of the authority, and to require the carrying out of any or all covenants and agreements of the authority and the fulfillment of all duties imposed upon the authority by this act.

(b) By suit, action or proceeding in equity to enjoin any acts or things which may be unlawful, or the violation of any of the rights of such obligee of the authority.

(a) By suit, action or proceeding in any court of competent jurisdiction to obtain the appointment of a receiver of any housing project of the authority or any part or parts thereof. If such receiver be appointed, he may enter and take possession of such housing project or any part or parts thereof and operate and maintain same, and collect and receive all fees, rents, revenues, or other charges thereafter arising therefrom in the same manner as the authority itself might do and shall keep such moneys in a separate account or accounts and apply the same in accordance with the obligations of the authority as the court shall direct.

(b) By suit, action or proceeding in any court of competent jurisdiction to require the authority and the commissioners thereof to account as if it and they were the trustees of an express trust.

History: En. Sec. 19, Ch. 140, L. 1935.

5309.20. Remedies cumulative. All the rights and remedies hereinabove conferred shall be cumulative and in addition to all other rights and remedies that may be conferred upon such obligee of the authority by law or by any contract with the authority.

No interest of the authority in any property, real or personal, shall be subject to sale by the foreclosure of a mortgage thereon, either through judicial proceedings or the exercise of a power of sale contained in such mortgage, except in the case of the mortgages provided for in section 5309.17. All property of the authority shall be exempt from levy and sale by virtue of an execution, and no execution or other judicial process shall issue against the same. No judgment against the authority shall be a charge or lien upon its property, real or personal. The provisions of this section shall not apply to or limit the right of obligees to foreclose any mortgage of the authority provided for in section 5309.17 and, in case of a foreclosure sale thereunder, to obtain a judgment or decree for any deficiency due on the indebtedness secured thereby and issued on the credit of the authority. Such deficiency judgment or decree shall be a lien and charge upon the property of the authority which may be levied on and sold by virtue of an execution or other judicial process for the purpose of satisfying such deficiency judgment or decree.

History: En. Sec. 21, Ch. 140, L. 1935.

chasers at a sale of real or personal property of the authority whether pursuant to any foreclosure of a mortgage, pursuant to judicial process or otherwise, shall obtain title subject to any contract between the authority and a government relating to the supervision by a government of the operation and maintenance of such property and the construction of improvements thereon.

History: En. Sec. 22, Ch. 140, L. 1935.

It is the purpose and intent of this act to authorize every authority to do any and all things necessary to secure the financial aid and the cooperation of the federal government in the construction, maintenance and operation of any housing project which the authority is empowered by this act to undertake.

History: En. Sec. 23, Ch. 140, L. 1935.

5309.24. Security for funds deposited by authorities. The authority may by resolution provide that (1) all moneys deposited by it shall be secured by obligations of the United States or of the state of a market value equal at all times to the amount of such deposits or (2) by any securities in which savings banks may legally invest funds within their control or (3) by an undertaking with such sureties as shall be approved by the authority faithfully to keep and pay over upon the order of the authority any such deposits and agreed interest thereon, and all banks and trust companies are authorized to give any such security for such deposits.

5309.28. Declaration of necessity. It is hereby declared that unsanitary or unsafe dwelling accommodations exist in various areas of the state, and that consequently many persons of low income are forced to reside in such dwelling accommodations; that these conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals and welfare of the citizens of the state and impair economic values; that the clearance, replanning and reconstruction of the areas in which unsanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations for persons of low income are public uses and purposes for which private property may be acquired; that it is in the public interest that work on such projects be instituted as soon as possible in order to relieve unemployment which now constitutes an emergency; and the necessity in the public interest for the provision hereinafter enacted, is hereby declared as a matter of legislative determination.

It is the duty of the city or town council of any city or town in this state to enter at the proper land office of the United States such quantity of land as the inhabitants of any incorporated city or town may be entitled to claim, in the aggregate, according to their population, in the manner required by the laws of the United States and the regulations prescribed by the secretary of the interior of the United States, and by order entered upon their minutes of proceedings, at a regular meeting, to authorize the mayor and clerk of such council, attested by the corporate seal, to make and sign all necessary declaratory statements, certificates, and affidavits, or other instruments requisite to carry into effect the intentions of this article and the intentions of the act of Congress of the United States entitled "An act for the relief of the inhabitants of cities and towns upon the public lands," approved March 2, 1867, and to make proof when required, of the facts necessary to establish the claim of such inhabitants to the lands so granted by said act of Congress.

History: En. Sec. 5060, Pol. C. 1895; re-en. Sec. 3493, Rev. C. 1907; re-en. Sec. 5310, R. C. M. 1921.

5311. Filing approved plat. The corporate council of every city and town, situated upon the public lands of this state, must, within three months after date of receipt at the United States district land office of the approved plat of the township, embracing the lands upon which the town or city is situated, file in said land office an application in writing, describing the tract of land thus occupied, and thereafter make proof and payment for the tract in the manner required by law.

History: En. Sec. 5061, Pol. C. 1895; re-en. Sec. 3494, Rev. C. 1907; re-en. Sec. 5311, R. C. M. 1921.

5312. Survey. The said council must, after the filing of the application, if not previously done, cause a survey to be made by some competent person of the lands which the inhabitants of said city or town may be entitled to claim under the said act of Congress, located according to the legal subdivisions of the sections and by the section lines of the United States, and the same must be distinctly marked by suitable monuments; such survey must further particularly designate all streets, roads, lanes, and alleys, public squares, churches, school lots, cemeteries, commons, and levees, as the same exist and have been heretofore dedicated in any manner to public use, and by measurement, the precise boundaries and area of each and every lot or parcel of land and premises claimed by any person, corporation, or association within said city or town site must be designated on the map, showing the name or names of the possessor or occupants and claimants if other than the occupant of each particular lot and parcel of land; and in case of any disputed claim as to lots, lands, premises, or boundaries, the said surveyor, if the same be demanded by any person, shall designate the lines in different color from the body of the plat of such part of any premises so disputed or claimed adversely.

History: En. Sec. 5062, Pol. C. 1895; re-en. Sec. 3495, Rev. C. 1907; re-en. Sec. 5312, R. C. M. 1921.

5313. Plat must be made in duplicate—contents. A plat thereof must be made in duplicate, on a scale of not less than eighty feet to one inch, which must be duly certified under oath by the surveyor, one of which must be filed with the county clerk of the county wherein the city or town is situated, and one must be deposited with the city or town clerk. These plats shall be considered public records, and must each be accompanied with a copy of the field notes, and the county clerk must make a record thereof in a book to be kept by him for that purpose. The said surveyor must number the blocks as divided by the roads and streets opened at the time of making such survey, and must number the several lots consecutively in each block, and all other parcels of land within said town or city surveyed as herein provided, which said numbers must be a sufficient description of any parcel of land in said plats, field notes, and records.

History: En. Sec. 5063, Pol. C. 1895; re-en. Sec. 3496, Rev. C. 1907; re-en. Sec. 5313, R. C. M. 1921.

5314. Notice of survey. Before proceeding to make such survey, at least ten days' notice thereof must be given, by posting within the limits of such city or town site not less than five written or printed notices of the time when such survey shall commence, and by publication thereof in any newspaper or newspapers published in the city or town, if one there be. The survey of said city or town lands must be made to the best advantage, and at the least expense to the holders and claimants thereof; and the council is hereby authorized to receive bids for such surveying, and to let the same by contract to the lowest competent bidder.

History: En. Sec. 5064, Pol. C. 1895; re-en. Sec. 3497, Rev. C. 1907; re-en. Sec. 5314, R. C. M. 1921.

All streets, roads, lanes and alleys, public squares, school lots, cemeteries, commons, parks, and levees, surveyed, marked, and platted on the map of any city or town site, as prescribed and directed by the provisions of this chapter, are hereby declared to be dedicated to public use by the filing of such city or town plat in the office of the county clerk, and become the property of such town or city, and be subject to the control of the council or other municipal authority of such town or city.

History: En. Sec. 5065, Pol. C. 1895; re-en. Sec. 3498, Rev. C. 1907; re-en. Sec. 5315, R. C. M. 1921.

5316. What plat must show. Such plat must show such matters as are contained in section 4981 of this code, and must be made, kept, and filed in the same manner as provided in section 4988 of this code.

History: En. Sec. 5066, Pol. C. 1895; re-en. Sec. 3499, Rev. C. 1907; re-en. Sec. 5316, R. C. M. 1921.

5317. Assessment to pay expenses. Each lot or parcel of said lands having thereon valuable improvements or buildings ordinarily used as dwellings or for business purposes, not exceeding one-tenth of one acre in area, shall be rated and assessed by the said corporate authorities at the sum of one dollar; each lot or parcel of such lands exceeding one-tenth,

and not exceeding one-eighth of one acre in area, shall be rated and assessed at the sum of one dollar and fifty cents; each lot or parcel of such lands exceeding in area one-eighth of one acre, and not exceeding one-quarter of an acre in area, shall be rated and assessed at the sum of two dollars; and each lot or parcel of such lands exceeding one-quarter of an acre, and not exceeding one-half of one acre in area, shall be rated and assessed at the sum of two dollars and fifty cents; and each lot or parcel of land so improved, exceeding one-half acre in area, shall be assessed at the rate of two dollars and fifty cents for each half an acre or fractional part over half an acre; and every lot or parcel of land inclosed, which may not otherwise be improved, or uninclosed, claimed by any person, corporation, or association, shall be rated and assessed at the rate of two dollars per acre or fractional part over an acre; and where, upon one parcel of land, there shall be two or more separate buildings occupied or used ordinarily as dwellings or for business purposes. each such building, for the purposes of this section, shall be considered as standing on a separate lot of land; but the whole of such premises may be conveyed in one deed; which moneys so assessed must be received by the clerk and be paid by him into the city or town treasury.

History: En. Sec. 5067, Pol. C. 1895; re-en. Sec. 3500, Rev. C. 1907; re-en. Sec. 5317, R. C. M. 1921.

5318. Claims for lands. Every person, company, corporation, or association, claimant of any city or town lot or parcel of land within the limits of such city or town site, must present to the council, by filing the same with the clerk thereof, within six months after the plat has been filed in the office of the county clerk, his, her, or its affidavit, verified in person or by duly authorized agent or attorney, in which must be concisely stated the facts constituting the possession or right of possession of the claimant, and that the claimant is entitled to the possession thereof as against all other persons, to the best of his knowledge and belief, to which must be attached a copy of so much of the plat of said city or town site as will fully exhibit the particular lot or parcel of land so claimed, with the abutments; and every such claimant, at the time of filing such affidavit, must pay to such clerk such sum of money as said clerk shall thereon certify to be due for the assessment mentioned in the preceding section, together with the further sum of five dollars, to be appropriated to the payment of expenses incurred in carrying out the provisions of this chapter, and the said clerk must thereupon give to such claimant a certificate, attested by the corporate seal, containing a description of the lot or parcel of land claimed, and setting forth the amounts paid thereon by such claimant. The council of every such city or town must procure a bound book, wherein the clerk must make proper entries of the substantial matters contained in every such certificate issued by him, numbering the same in consecutive order, setting forth the name of the claimant or claimants in full, date of issue, and description of lot or lots claimed.

History: En. Sec. 5068, Pol. C. 1895; re-en. Sec. 3501, Rev. C. 1907; re-en. Sec. 5318, R. C. M. 1921.

5319. Deficit in expenses—mode of collection. If it is found that the amounts hereinbefore specified as assessments and fees for cost and

expenses prove to be insufficient to cover and defray all the necessary expenses, the council must estimate the deficiency and assess such deficiency pro rata upon all the lots and parcels of land in such city or town, and declare the same upon the basis set down in section 5317 of this code; which additional amount, if any, may be paid by the claimant at the time when the certificate hereinbefore mentioned, or at the time when the deed of conveyance hereinafter provided for is issued.

History: En. Sec. 5069, Pol. C. 1895; re-en. Sec. 3502, Rev. C. 1907; re-en. Sec. 5319, R. C. M. 1921.

5320. Deed to be given after six months—adverse claims. At the expiration of six months after the issuance of such certificate, if there has been no adverse claim filed in the meantime, the council must execute and deliver to such claimant, or to his, her, or its heirs, administrator, or assigns, a good and sufficient deed of the premises described in the application of the claimant originally filed, which said deed must be signed and acknowledged by the mayor or other presiding officer of the council, and attested by the corporate seal of such city or town. No conveyance of any such lands made as in this chapter provided concludes the rights of third persons; but such third persons may have their action in the premises to determine their alleged interest in such lands against such grantee, his heirs or assigns, to which they may deem themselves entitled either in law or equity; but no action for the recovery or possession of such premises, or any portion thereof, must be maintained in any court against the grantee named therein, or against his, her, or its assigns, unless such action shall be commenced within two years after such deed shall have been filed for record in the office of the county clerk of the county where such lands are situate. Nothing herein shall be construed to extend the time of limitation prescribed by law for the commencement of actions upon a possessory claim or title to real estate, when such action is barred by law at the time of the passage of this code.

History: En. Sec. 5070, Pol. C. 1895; re-en. Sec. 3503, Rev. C. 1907; re-en. Sec. 5320, R. C. M. 1921.

5321. Mining claims. Whenever mining claims have been located prior to the passage of this code, and where the same are prior in location to the claim of any occupant for other purposes, such mining rights, according to the metes and bounds so located and claimed, are not in any manner affected by the provisions of this chapter; nor must any sale be made nor any title be conveyed by reason of any sale of such lands so claimed for mining purposes, until after the occupancy of such mining claims shall have been abandoned by the holders thereof.

History: En. Sec. 5071, Pol. C. 1895; re-en. Sec. 3504, Rev. C. 1907; re-en. Sec. 5321, R. C. M. 1921.

5322. Settlement of adverse claims. In all cases of adverse claims or disputes arising out of conflicting claims to lands or boundary lines, the adverse claimants may submit the decision thereof to the council of such city or town by an agreement in writing specifying particularly the subject-matter in dispute, and may agree that their decision shall be final. The council must hear the proofs, and shall order a deed to be executed

in accordance with the facts; but in all other cases of adverse claim the party out of possession shall commence his action in a court of competent jurisdiction within six months after the filing of the city or town plat in the office of the county clerk. In case such action be commenced, the plaintiff must serve a notice of lis pendens upon the mayor, who must thereupon stay all proceedings in the matter of granting any certificate or deed until the final decision of such suit; and upon presentation of a certified copy of the final judgment of such court in such action, the council must cause to be executed and delivered a deed of such premises, in accordance with the judgment. In case no such action be commenced within the time herein prescribed, the council must deliver a deed to the party in possession, as provided in this chapter.

History: En. Sec. 5072, Pol. C. 1895; re-en. Sec. 3505, Rev. C. 1907; re-en. Sec. 5322, R. C. M. 1921.

5323. Notice of filing plat. The said council must give public notice by advertising for four weeks in any newspaper published in said city or town, and if there be no newspaper published in said city or town, then by publication in some newspaper having the most general circulation in such city or town, and not less than five written or printed notices must be posted within the limits of such city or town site; such notice must state that the plat thereof has been filed in the clerk's office. If any person, company, association, or any other claimant of lands in such city or town, fails, neglects, or refuses to make application to the council for a deed of conveyance to the lands so claimed, and to pay the sums of money specified in this article, within six months after the filing of said plat, the clerk must enter on his book the names of all such persons, with a description of the property or premises, and certify the same as delinquent for the amount of assessment certified to by such clerk as due, under this article; and at the expiration of thirty days after making such entries, if such application be not made and such assessment be not paid, the said council must advertise all such lots and parcels of land for sale, in the same manner as real estate is required to be advertised under execution.

History: En. Sec. 5073, Pol. C. 1895; re-en. Sec. 3506, Rev. C. 1907; re-en. Sec. 5323, R. C. M. 1921.

5324. Sale of delinquent lands. At the time of the sale mentioned in the advertisement, the marshal of the city or town must sell all such parcels of land so remaining delinquent at public auction to the highest bidder for cash, at some public place within the limits of the city or town site; and he must give the purchaser at such sale a certificate of his purchase, setting forth therein the description of the premises sold, the amount paid, and that the same is subject to redemption, as prescribed in the next section; but no sale must be made for less than the whole amount of assessments and the costs of making the sale, which costs shall be divided pro rata among the several parcels offered for sale.

History: En. Sec. 5074, Pol. C. 1895; re-en. Sec. 3507, Rev. C. 1907; re-en. Sec. 5324, R. C. M. 1921.

5325. Redemption. At any time within six months after such sale, the original claimant is entitled to redeem such premises by paying to the

purchaser, or the clerk of the council for the purchaser, double the whole amount of the purchase money; but in case no redemption be made, the purchaser, his heirs or assigns, is entitled to demand and receive from the council a deed of such premises, which deed is absolute as against the parties delinquent, and entitles the grantee, his heirs or assigns, to writ of assistance from the district court having jurisdiction of the premises.

History: En. Sec. 5075, Pol. C. 1895; re-en. Sec. 3508, Rev. C. 1907; re-en. Sec. 5325, R. C. M. 1921.

5326. Unclaimed lands. If there be any unoccupied or vacant unclaimed lands within the limits of such city or town site, the council must cause the same to be laid out and surveyed into suitable blocks and lots, and must reserve such portions as may be deemed necessary for public squares, churches, schoolhouse lots, parks, and levees, and cause all necessary roads, streets, lanes, and alleys to be laid out through the same and dedicated to public use; and the council may sell the same in suitable parcels to possessors of adjoining lands or to other persons of said town at a price not less than five dollars per acre or fraction of an acre; and in case two or more claimants apply for the same tract, or parcel of the same tract, they must sell the same by auction to the highest bidder. If any such lands remain unsold at the end of six months after the filing of the town plat, the council has power to sell such vacant lands at public or private sale in such manner and on such terms as they may deem advisable for the best interests of the town, and shall give deeds therefor to the several purchasers.

History: En. Sec. 5076, Pol. C. 1895; re-en. Sec. 3509, Rev. C. 1907; re-en. Sec. 5326, R. C. M. 1921.

5327. School lots. All school lots and parcels of land reserved for school purposes must be conveyed to the school trustees of the school district in which such city or town is situate, without cost or charge of any kind whatever.

History: En. Sec. 5077, Pol. C. 1895; re-en. Sec. 3510, Rev. C. 1907; re-en. Sec. 5327, R. C. M. 1921.

5328. Payment of expenses—disposition of surplus moneys. All expenses necessarily incurred or contracted by the carrying into effect of the provisions of this chapter are a charge upon the city or town treasury of each particular city or town ordering the work to be done, to be paid out of the treasury, upon the order of the council; and all moneys paid for lands or to defray the expenses of carrying into effect the provisions of this chapter shall be paid into the city or town treasury by the officers receiving the same, and shall constitute a special fund, from which shall be paid all expenses, and the surplus, if any there be, shall be paid into the general fund.

5329. Informality not to invalidate. No mere informality, failure, or omission on the part of any of the persons or officers named in this chapter invalidates the acts of such person or officer; but every certificate or deed granted to any person pursuant to the provisions of this chapter is conclusive evidence that all preliminary proceedings in relation thereto have been correctly taken and performed.

5330. City or town site on school lands. When the lands of such city or town are on a school section or subdivision thereof, and are owned by the state, the council may procure title and purchase the same from the state and dispose of the same in the manner provided in this chapter for the disposing of lands purchased from the United States.

NOTE.—For earlier acts, see sections 2011 to 2030, fifth division compiled statutes 1887.

Operation and Effect

In this section there is a distinct recognition of a town as an entity without

incorporation or municipal charter. State ex rel. Powers v. Dale, 47 M 227, 229, 131 P 670.

5332. Estimate of expenses. The district judge of any county in this state, whenever he is so requested by a petition signed by not less than five residents, householders in any unincorporated town, whose names appear upon the assessment roll for the year preceding such application—which petition shall set forth the existence, name, and locality of such town; whether such town is situated on surveyed or unsurveyed lands, and if on surveyed lands the quarter-sections or lesser subdivisions covered thereby must be stated; the estimated number of its inhabitants; the number of separate lots or parcels of land within such town site, and the amount of land to which they are entitled under said act of Congress—must estimate the cost of entering such land, and of the survey and recording of the same, and must indorse such estimate upon said petition, and upon receiving from any of the parties interested the amount of money mentioned in such estimate, the said district judge may cause an enumeration of the inhabitants of such town to be made by some competent person, who must be appointed for that purpose by such judge; and such enumeration must be returned by the person making the same, exhibiting therein names of all the heads of families and occupants of lots, lands, or premises within such town site, alphabetically arranged, verified by his oath, to the judge.

History: En. Sec. 5101, Pol. C. 1895; re-en. Sec. 3515, Rev. C. 1907; re-en. Sec. 5332, E. C. M. 1921.

5333. Survey of lands. The judge must thereupon cause a survey to be made by some competent person of the lands which the inhabitants of said town may be entitled to claim under the said act of Congress, located according to the legal subdivision of the sections and by the section lines of the United States, and the same must be distinctly marked by suitable monuments. Such surveys must further particularly designate all streets, roads, lanes, and alleys, public squares, churches, school lots, levees, or parks, cemeteries, and commons, as the same exist, and have been heretofore dedicated in any manner to public use; and by measurement, the precise boundaries and area of each and every lot or parcel of land and premises claimed by any person, corporation, or association, within said town site, must be designated on the plat, showing the name or names of the possessor or occupant and claimant, if other than the occupant, of each particular lot and parcel of land. In case of any disputed claim as to lots, lands, premises, or boundaries, the said surveyor, if the same be demanded by any person, shall designate the lines (in different color from the body of the plat) of such part of any premises so disputed or claimed adversely. A plat thereof must be made in triplicate, on a scale of not less than eighty feet to one inch, which shall be duly certified under oath by the surveyor, one of which shall be filed with the county clerk of the county wherein the town is situated, one must be deposited with the judge, and one must be deposited with the justice of the peace resident in or nearest to such town.

History: En. Sec. 5102, Pol. C. 1895; re-en. Sec. 3516, Rev. C. 1907; re-en. Sec. 5333, E. C. M. 1921.

5334. Plats as public records—contents of plats. These plats are public records, and must be accompanied with a copy of the fieldnotes, and the county clerk shall make a record thereof in a book to be kept by him for that purpose. The surveyor must number the blocks, as divided by the roads and streets opened at the time of making such survey, and must number the several lots consecutively in each block, and all other parcels of land within said town site surveyed as herein provided, which said numbers are a sufficient description of any parcel of land in said plat when mentioned by reference to such town plats.

History: En. Sec. 5103, Pol. C. 1895; re-en. Sec. 3517, Rev. C. 1907; re-en. Sec. 5334, R. C. M. 1921.

5335. Notice of survey to be given. Before proceeding to make such survey, at least ten day's notice must be given by the judge, by posting within the limits of such town site not less than five written or printed notices of the time when such survey shall commence, and by publication thereof in a newspaper published in such town, if one there be. The survey of said town lands must be made to the best advantage, and at the least expense to the holders and claimants thereof; and the said judge is hereby authorized to receive bids for such surveying, and to let the same by contract to the lowest competent bidder.

History: En. Sec. 5104, Pol. C. 1895; re-en. Sec. 3518, Rev. C. 1907; re-en. Sec. 5335, R. C. M. 1921.

5336. What dedicated to public use. All streets, roads, lanes, and alleys, public squares, cemeteries, parks, levees, school lots, and commons, surveyed, marked, and platted on the map of any town site, as prescribed and directed by the provisions of this chapter, are hereby declared to be dedicated to public use, by the filing of such town plat in the office of the county clerk, and are inalienable, unless by special order of the board of commissioners of the county, so long as such town shall remain unincorporated; and if such town at any time thereafter becomes incorporated, the same becomes the property of such town or city, and must be under the care and subject to the control of the council or other municipal authority of such town or city.

History: En. Sec. 5105, Pol. C. 1895; re-en. Sec. 3519, Rev. C. 1907; re-en. Sec. 5336, R. C. M. 1921.

Operation and Effect

In this section there is a distinct recog-

nition of a town as an entity without incorporation or municipal charter. State ex rel. Powers v. Dale, 47 M 227, 229, 131 P 670.

5337. What plat must show. Such plat must show the same matters as are contained in section 4981 of this code, and must be made, filed and kept in the same manner as prescribed in section 4988 of this code.

History: En. Sec. 5106, Pol. C. 1895; re-en. Sec. 3520, Rev. C. 1907; re-en. Sec. 5337, R. C. M. 1921.

5338. Assessment for expenses. Each lot or parcel of said land having thereon valuable improvements, or buildings ordinarily used as dwellings or for business purposes, not exceeding one-tenth of one acre in area, must be rated and assessed by the judge at the sum of one dollar; each lot or parcel of such lands exceeding one-tenth, and not exceeding one-eighth of one acre in area, must be rated and assessed at the sum of one

dollar and fifty cents; each lot or parcel of such lands exceeding in area one-eighth of one acre, and not exceeding one-quarter of an acre in area, must be rated and assessed at the sum of two dollars; and each lot and parcel of such lands exceeding one-quarter of an acre, and not exceeding one-half of one acre in area, must be rated and assessed at the sum of two dollars and fifty cents; and each lot or parcel of land so improved exceeding one-half an acre in area must be assessed at the rate of two dollars and fifty cents for each half an acre or fractional part over half an acre; and every lot or parcel of land inclosed, which may not be otherwise improved, or uninclosed, claimed by any persons, corporation, or association, must be rated and assessed at the rate of two dollars per acre or fractional part over an acre; and where, upon one parcel of land, there are two or more separate buildings, occupied or used ordinarily as dwellings, or for business purposes, each such building, for the purposes of this section, is considered as standing on a separate lot of land, but the whole of such premises may be conveyed in one deed; which moneys so assessed must constitute a fund from which must be reimbursed or paid the moneys necessary to pay the government of the United States for said town lands, and interest thereon, if such moneys have been loaned or advanced for the purpose and expenses of their location, entry, and purchase, and the costs and expenses attendant upon the making of such survey and recording thereof.

History: En. Sec. 5107, Pol. C. 1895; re-en. Sec. 3521, Rev. C. 1907; re-en. Sec. 5338, R. C. M. 1921.

5339. Disposition of surplus funds. Any sum of money remaining, after defraying all the necessary expenses of location, entry, surveying, platting, and recording of lands, and the expenses of the judge hereinafter mentioned, must be deposited in the county treasury, to the credit of the fund of each particular town, and kept separate by the county treasurer, to be paid out by him only on the written order of such judge, until after the expiration of the time for a final settlement of the affairs of such town lands, as hereinafter provided, at which time any and all balances of moneys so remaining to the credit of each town shall be transferred by such county treasurer to the school fund of the particular school district in which said town is situated.

History: En. Sec. 5108, Pol. C. 1895; re-en. Sec. 3522, Rev. C. 1907; re-en. Sec. 5339, R. C. M. 1921.

5340. Claimants to make affidavits. Every person, corporation, or association, claimant of any town lot or parcel of land within the limits of such town site, must present to the judge, within six months after the plat has been filed in the office of the county clerk, his, her, or its affidavit, verified in person, or by duly authorized agent or attorney, in which must be concisely stated the facts constituting the possession or right of possession of the claimant, and that the claimant is entitled to the possession thereof, as against all other persons, to the best of his knowledge and belief, to which must be attached a copy of so much of the plat of the town site as will fully exhibit the particular lot or parcel of land so claimed, with the abutments; and every such claimant, at the time of filing such affidavit, must pay to

such judge such sum of money as such judge shall thereon certify to be due for the assessment mentioned in section 5338 of this code, together with the further sum of five dollars, to be appropriated to the payment of the expenses incurred in carrying out the provisions of this chapter, and the judge must thereupon give to such claimant a certificate containing a description of the lot or parcel of land claimed, and setting forth the amounts paid thereon by such claimant. The judge must procure a bound book for each town in his county, wherein he must make proper entries of the substantial matters contained in every such certificate issued by him, numbering the same in consecutive order, setting forth the name of the claimant or claimants in full, date of issue, and description of lot or lots claimed.

History: En. Sec. 5109, Pol. C. 1895; re-en. Sec. 3523, Rev. C. 1907; re-en. Sec. 5340, R. C. M. 1921.

5341. Additional assessments to pay expenses. If it is found that the amounts hereinbefore specified as assessments and fees for costs and expenses prove to be insufficient to cover and defray all the necessary expenses, the judge must estimate the deficiency, and assess such deficiency pro rata upon all the lots and parcels of lands in such town, and declare the same upon the basis set down in section 5338 of this code, which additional amount, if any, may be paid by the claimant at the time when the certificate hereinbefore mentioned, or at the time when the deed of conveyance hereinafter provided for is issued.

History: En. Sec. 5110, Pol. C. 1895; re-en. Sec. 3524, Rev. C. 1907; re-en. Sec. 5341, R. C. M. 1921.

5342. Deeds to be delivered in six months—adverse claims. At the expiration of six months after the issuance of the certificate mentioned in the preceding section, if there has been no adverse claim filed in the meantime, the judge must make, execute, acknowledge, and deliver to each claimant or to his, her, or its heirs, administrators, or assigns, a good and sufficient deed of the premises described in the application of the claimant originally filed. No conveyance of any such lands, made as in this chapter provided, concludes the rights of third persons; but such third persons may have their actions in the premises to determine the alleged interest in such lands against such grantee, his heirs, or assigns, to which they may deem themselves entitled either in law or equity. No action for the recovery of the possession of such premises, or any portion thereof, must be maintained in any court against the grantee named therein, or against his, her, or its assigns, unless such action is commenced within two years after such deeds have been filed for record in the office of the county clerk of the county where such lands are situated. Nothing herein must be construed to extend the time of limitation prescribed by law for the commencement of actions upon a possessory claim or title to real estate when such action is barred by law at the time of the passage of this code.

History: En. Sec. 5111, Pol. C. 1895; re-en. Sec. 3525, Rev. C. 1907; re-en. Sec. 5342, R. C. M. 1921.

5343. Mining claims. Whenever mining claims have been located and held bona fide for mining purposes, such mining rights, according to the metes and bounds located and claimed, must not in any manner be affected

by the provisions of this chapter; nor must any sale be made nor any title be conveyed by reason of any sale or pretended sale of such lands so claimed for mining purposes, until after the occupancy of such mining claims has been abandoned by the holders thereof.

History: En. Sec. 5112, Pol. C. 1895; re-en. Sec. 3526, Rev. C. 1907; re-en. Sec. 5343, R. C. M. 1921.

5344. Adverse claims—actions for possession. In all cases of adverse claims or disputes arising out of conflicting claims to lands or boundary lines, the adverse claimants may submit the decision thereof to the judge by an agreement in writing, specifying particularly the subject-matter in dispute, and may agree that his decision shall be final; in which case the said judge may hear the proofs, and must execute a deed in accordance therewith; but in all other cases of adverse claim, the party out of possession must commence his action in a court of competent jurisdiction within six months after the filing of the town plat in the office of the county clerk. In case such action be commenced, the plaintiff must serve a notice of lis pendens upon the judge, who must thereupon stay all proceedings in the matter of granting any certificate or deed until the final decision of such suit; and upon presentation of a certified copy of the final judgment of such court in such action, the judge must execute and deliver a deed of such premises in accordance with the judgment. In case no such action is commenced within the time herein prescribed, the judge must deliver his deed to the party in possession, as provided in section 5342 of this code.

History: En. Sec. 5113, Pol. C. 1895; re-en. Sec. 3527, Rev. C. 1907; re-en. Sec. 5344, R. C. M. 1921.

5345. Notice of filing plat. The judge must give public notice, by advertisement, for four weeks in some newspaper published in the county, if one there be, and if there be no newspaper published in said county, then by not less than five written or printed notices posted within the limits of such town site, that the plat thereof has been filed in the county clerk's office; and if any person, company, or association, or other claimants of lands in such town, fails, neglects, or refuses to make application to the judge for a deed, and to pay the sum specified, within six months after the filing of said plat, the judge must enter on his book the names of all such persons, with a description of the property or premises, and certify the same as delinquent for the amount of assessments certified to by such judge as due under section 5338 of this code; and at the expiration of thirty days after making such entries, if such application be not made and such assessment be not paid, the judge must advertise all such lots and parcels of land for sale in the same manner as real estate is required to be advertised under execution.

History: En. Sec. 5114, Pol. C. 1895; re-en. Sec. 3528, Rev. C. 1907; re-en. Sec. 5345, R. C. M. 1921.

5346. Sale of delinquent lands. At the time of sale mentioned in said advertisement, the judge must sell all such parcels of land so remaining delinquent, by public auction, to the highest bidder for cash, at some public place within the limits of said town site; and he must give to the purchaser at such sale a certificate of his purchase, setting forth therein a description

of the premises sold, the amount paid, and that the same is subject to redemption, as prescribed in the next section; but no sale must be made for less than the whole amount of assessments, and the costs of making the sale, which costs must be divided pro rata among the several parcels offered for sale.

History: En. Sec. 5115, Pol. C. 1895; re-en. Sec. 3529, Rev. C. 1907; re-en. Sec. 5346, R. C. M. 1921.

5347. Redemption. At any time within six months after such sale, the original claimant is entitled to redeem such premises by paying to the purchaser, or to the judge for the purchaser, double the whole amount of the purchase money; but in case no redemption be made, the purchaser, his heirs, or assigns, is entitled to demand and receive from the judge a deed of such premises, which deed is absolute as against the parties delinquent, and entitles the grantee, his heirs, or assigns, to a writ of assistance from the district court having jurisdiction of the premises.

History: En. Sec. 5116, Pol. C. 1895; re-en. Sec. 3530, Rev. C. 1907; re-en. Sec. 5347, R. C. M. 1921.

5348. Laying out and sale of unoccupied or unclaimed lands. If there be any unoccupied or vacant unclaimed lands within the limits of such city or town site, the judge may cause the same to be laid out and surveyed into suitable blocks and lots, and must reserve such portions as may be deemed necessary for public squares, churches, schoolhouse lots, parks and levees, and cause all necessary roads, streets, lanes, and alleys to be laid out through the same and dedicated to public use; and the judge may sell the same in suitable parcels to possessors of adjoining lands residing thereon, or to other persons, at a price not less than ten dollars per lot; and in case two or more claimants apply for the same lot or lots, he must sell the same by auction to the highest bidder for cash. If any such lots remain unsold at the end of six months after the filing of the town plat, the said judge must sell said unclaimed lots, on application, at public auction to the highest bidder for cash, and give deeds therefor to the several purchasers, but, nevertheless, the judge may sell and he is hereby empowered to sell and execute deeds for any unoccupied, vacant, and unsurveyed portions of a town site, without first causing the same to be surveyed or platted into blocks, lots, roads, streets, and alleys, or otherwise subdivided, whenever it shall be made to appear to the judge, by a written application to purchase the same, established by evidence that the unsurveyed portions of the town site sought to be purchased are irregular and fragmentary strips or pieces of land within the exterior boundaries of the town site, and that they are unoccupied and vacant, and that it would be an unnecessary expense and impracticable to cause the same to be first surveyed or platted into blocks, lots, roads, streets, and alleys, or otherwise subdivided; and the sale of such unoccupied, vacant, and unsurveyed portions of a town site shall be conducted, as near as may be, in the manner provided for the sale of town lots, except that the price to be paid for any one irregular, fragmentary, unoccupied, vacant, and unsurveyed portion of a town site shall not be less than one hundred dollars; and all deeds heretofore executed by the judge who has sold and conveyed irregular, fragmentary, unoccupied,

vacant, and unsurveyed portions of a town site are hereby confirmed and made lawful, valid, and effectual as if such, or any, unsurveyed portion of the town site had first been surveyed and platted into blocks, lots, roads, streets, and alleys or otherwise subdivided.

History: En. Sec. 23, Ch. 57, L. 1911; re-en. Sec. 5388 R. C. M. 1921.

Operation and Effect

The fact that a city has adopted the commission form of government does not

render an ordinance or resolution, enacted as in this section directed, any the less indispensable as a part of the proceedings for the creation of an improvement district. *Shapard v. City of Missoula*, 49 M 269, 280, 141 P 544.

5389. Officers not to be interested in contracts, receive passes, or do electioneering. No officer or employee elected or appointed in any such city shall be interested, directly or indirectly, in any contract or job for work or materials, or the profits thereof, or materials, supplies, or services to be furnished or performed for the city; and no such officer or employee shall be interested, directly or indirectly, in any contract or job for work or materials, or the profits thereof, or services to be furnished or performed for any person, firm, or corporation operating interurban railway, street railway, gas-works, water-works, electric light or power plant, heating plant, telegraph line, telephone exchange, or other public utility within the territorial limits of said city. No such officer or employee shall accept or receive, directly or indirectly, from any person, firm, or corporation operating within the territorial limits of said city, any interurban railway, street railway, gas-works, water-works, electric light or power plant, heating plant, telegraph line, or telephone exchange, or other business using or operating under a public franchise, any frank, free pass, free ticket, or free service, or accept or receive, directly or indirectly, from any such person, firm, or corporation, any other service upon terms more favorable than is granted to the public generally. Any violation of the provisions of this section shall be a misdemeanor, and every such contract and agreement shall be void.

Such prohibition of free transportation shall not apply to policemen or firemen in uniform; nor shall any free service to the city officials heretofore provided by any franchise or ordinance be affected by this section. Any officer or employee of such city who, by solicitation or otherwise, shall exert his influence, directly or indirectly, to influence other officers or employees of such city to adopt his political views, or to favor any particular person or candidate for office, or who shall in any manner contribute money, labor, or other valuable thing to any person for election purposes, shall be guilty of a misdemeanor, and, upon conviction, shall be punished by a fine not exceeding three hundred dollars, or by imprisonment in the county jail not exceeding thirty days.

History: En. Sec. 24, Ch. 57, L. 1911; re-en. Sec. 5389, R. C. M. 1921.

5390. Civil service. Immediately after organizing, the council shall, by ordinance, appoint three civil service commissioners, who shall hold office, one until the first Monday in April in the second year, one until the first Monday in April of the fourth year, and one until the first Monday in April of the sixth year after his appointment. Each suc-

ceeding council shall, as soon as practicable after organizing, appoint one commissioner for six years, who shall take the place of a commissioner whose term of office expires. The chairman of the commission for each biennial period shall be the member whose term first expires. No person while on the said commission shall hold or be a candidate for any office of public trust. Two of said members shall constitute a quorum to transact business. The commissioners must be citizens of Montana and residents of the city for more than three years next preceding their appointment.

The council may remove any of said commissioners during their term of office for cause, a majority of councilmen voting in favor of such removal, and shall fill any vacancy that shall occur in said commission for the unexpired term. The city council shall provide suitable rooms in which the said civil service commission shall hold its meetings; it shall have a clerk, who shall keep a record of all its meetings, such city to supply the said commission with all necessary equipment to properly attend to such business.

Before entering upon the duties of his office, each of said commissioners shall take and subscribe an oath, which shall be filed and kept in the office of the city clerk, to support the constitution of the United States and of the state of Montana, and to obey the laws, and to aid to secure and maintain an honest and efficient force, free from partisan distinction or control, and to perform the duties of his office to the best of his ability.

Said commission shall, on the first Monday of April and October of each year, or oftener if it shall be deemed necessary, under such rules and regulations as may be prescribed by the council, hold examinations for the purpose of determining the qualifications of applicants for positions, which examination shall be practical, and shall fairly test the fitness of the persons examined to discharge the duties of the position to which they seek to be appointed. Such commission shall, as soon as possible after such examination, certify to the council double the number of persons necessary to fill vacancies, who, according to the records, have the highest standing for the position they seek to fill as a result of such examination, and all vacancies which occur that come under the civil service, prior to the date of the next regular examination, shall be filled from said list so certified; provided, however, that should the list for any cause be reduced to less than three for any division, then the council or the head of the proper department may temporarily fill a vacancy, but not to exceed thirty days.

All persons subject to such civil service examination shall be subject to removal from office or employment by the council for misconduct or failure to perform their duties under such rules and regulations as it may adopt, and the chief of police, chief of the fire department, or any superintendent or foreman in charge of municipal work, may peremptorily suspend or discharge any subordinate then under his direction for neglect of duty or disobedience of his orders, but shall, within twenty-four hours thereafter, report such suspension or discharge, and the reason therefor, to the superintendent of his department, who shall thereupon affirm or revoke such discharge or suspension, according to the facts. Such employee (or

the officer discharging or suspending him) may, within five days of such ruling, appeal therefrom to the council, which shall fully hear and determine the matter.

The council shall have the power to enforce the attendance of witnesses, the production of books and papers, and power to administer oaths in the same manner and with like effect, and under the same penalties, as in the case of magistrates exercising criminal or civil jurisdiction under the statutes of Montana.

Said commissioners shall make an annual report to the council, and it may require a special report from said commissioners at any time; and said council may prescribe such rules and regulations for the proper conduct of the business of the said commission as shall be found expedient and advisable, including restrictions on appointment, promotions, removals for cause, roster of employees, certificates of records to the auditors, and restrictions on payment to persons improperly employed.

The council of such city shall have power to pass ordinances imposing suitable penalties for the punishment of persons violating any of the provisions of this act relating to the civil service commission.

The provisions of this section shall apply to all appointive officers and employees of such city, except those especially named in section 5384 of this code, commissioners of any kind, laborers whose occupation requires no special skill or fitness, election officials, and mayor's secretary and assistant attorney, where such officers are appointed.

All officers and employees in any said city shall be elected or appointed with reference to their qualifications and fitness, and for the good of the public service, and without reference to their political faith or party affiliations.

It shall be unlawful for any candidate for office in any such city, directly or indirectly, to give or promise any person or persons any office, position, employment, benefit, or anything of value for the purpose of influencing or obtaining the political support, aid, or vote of any person or persons.

Every elective officer in any such city shall, within thirty days after qualifying, file with the city clerk, and publish at least once in the daily newspaper of general circulation, or weekly, if there be no daily newspaper published, his sworn statement of all his election and campaign expenses, and by whom such funds were contributed.

Any violation of the provisions of this section shall be a misdemeanor, and give ground for the removal from office.

on at least two days' notice. State ex rel. Lease v. Wilkinson et al., 59 M 327, 333, 196 P 878.

Operation and Effect

A police officer may be suspended or discharged for neglect of duty or disobedience of orders by the chief of police under this section, subject to review by the superintendent of the police department, from whose order of approval the accused may appeal to the city council; or by the council under sections 5099 and 5100, upon charges filed with it, a copy of which must be furnished to him, after a trial had

Id. Where an acting chief of police merely recommended to the council that a police officer be removed from office, but did not actually suspend or discharge him, in conformity with this section, there was no order from which he could appeal, and his attempted appeal was ineffectual for any purpose.

The chief of a fire department of a city operating under the commission form of

government was removed by the council, his name, however, being restored to the roll of members, thus entitling him to the safeguards afforded him as such member under the civil service rules of the firemen's act. He later was suspended under this section, but a hearing on his appeal

was not accorded him. Held, that failure to hear his appeal rendered the order of suspension of no effect, automatically reinstated him, and entitled him to compensation during the period of his suspension. *State v. Dryburgh*, 62 M 36, 45, 203 P 508.

5391. Publication of report by council—examination of accounts. The council shall each month print in pamphlet form a detailed itemized statement of all receipts and expenses of the city and a summary of its proceedings during the preceding month, and furnish printed copies thereof to the state library, the city library, the daily newspapers of the city, and to the persons who shall apply therefor at the office of the city clerk. At the end of each year the council shall cause a full and complete examination of all the books and accounts of the city to be made by competent accountants, and shall publish the result of such examination in the manner above provided for publication of statements of monthly expenditure.

History: En. Sec. 26, Ch. 57, L. 1911; re-en. Sec. 5391, R. C. M. 1921.

5392. Revision of appropriations made by former council. If, at the beginning of the term of office of the first council elected in such city under the provisions of this act, the appropriations for the expenditures of the city government for the current fiscal year have been made, said council shall have power, by ordinance, to revise, repeal, or change said appropriations, and to make additional appropriations.

History: En. Sec. 27, Ch. 57, L. 1911; re-en. Sec. 5392, R. C. M. 1921.

5393. Rules for construction of law—definition of terms. In the construction of this act the following rules shall be observed, unless such construction would be inconsistent with the manifest intent, or repugnant to the context of the statute;

1. The words "councilman" or "alderman" shall be construed to mean "councilman" when applied to cities under this act;

2. When an office or officer is named in any law referred to in this act, it shall, when applied to cities under this act, be construed to mean the office or officer having the same function or duties under the provisions of this act, or under ordinances passed under authority thereof;

3. The words "franchise" or "right" shall include every special privilege in the streets, highways, and public places of the city, whether granted by the state or the city, which does not belong to citizens generally by common right;

4. The word "electors" shall be construed to mean persons qualified to vote for elective offices at regular municipal elections.

History: En. Sec. 28, Ch. 57, L. 1911; re-en. Sec. 5393, R. C. M. 1921.

5394. Recall of elective officers. The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by twenty-five per cent. of all qualified electors registered for the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be filed with the city clerk, which petition shall contain a general statement of the grounds for which the

removal is sought. The signatures to the petition need not be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of such paper shall make oath before an officer competent to administer oaths that the statements therein are true as he believes, and that each signature to the paper appended is the genuine signature of the person whose name it purports to be. Within ten days from the date of filing such petition the city clerk shall examine, and from the voters' register ascertain whether or not said petition is signed by the requisite number of qualified electors, and, if necessary, the council shall allow him extra help for that purpose; and he shall attach to said petition his certificate, showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same; without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be deemed to be sufficient, the clerk shall submit the same to the council without delay. If the petition shall be found to be sufficient, the council shall order and fix a date for holding said election, not less than seventy days nor more than eighty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

The council shall make, or cause to be made, publication of notice and all arrangements for holding such election, and the same shall be conducted, returned, and the result thereof declared, in all respects as are other elections.

As far as applicable, except as otherwise herein provided, nominations hereunder shall be made without the intervention of a primary election by filing with the clerk, at least ten days prior to said special election, a statement of candidacy accompanied by a petition signed by electors entitled to a vote at said special election, equal in number to at least ten per cent. of the entire number of persons registered to vote at the last preceding general municipal election, which said statement of candidacy and petition shall be substantially in the form set out in section 5377 of this code, so far as the same is applicable, substituting the word "special" for the word "primary" in such statement and petition, and stating therein that such person is a candidate for election instead of nomination. The ballot for such special election shall be in substantially the following form:

Official Ballot.

Special election for the balance of the unexpired term of.....
as for

(Vote for one only.)

(Name of candidates.)

Name of present incumbent.

Official ballot attest.

(Signature).....

City Clerk.

The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon the qualification of his successor. In case the party who receives the highest number of votes should fail to qualify within ten days after receiving notification of the election, the office shall be deemed vacant. If the incumbent receive the highest number of votes, he shall continue in office. The said method of removal shall be cumulative, and additional to the methods heretofore provided by law.

History: En. Sec. 29, Ch. 57, L. 1911; amd. Sec. 3, Ch. 2, L. 1915; re-en. Sec. 5394, R. C. M. 1921.

5395. Ordinance—how submitted—petition and election. Any proposed ordinance may be submitted to the council by petition signed by electors of the city equal in number to the percentage hereinafter required. The signature, verification, inspection, certification, amendment, and submission of such petition shall be the same as provided for petition under the preceding section. If the petition accompanying the proposed ordinance be signed by electors equal in number to twenty-five per centum of the entire number of persons registered to vote at the last preceding general election, and contains a request that the said ordinance be submitted to a vote of the people, if not passed by the council, such council shall either:

(a) Pass each ordinance without alteration within twenty days after the attachment of the clerk's certificate to the accompanying petition; or,

(b) Forthwith, after the clerk shall attach to the petition accompanying such ordinance his certificate of sufficiency, the council shall call a special election, unless a general municipal election is fixed by law within thirty days thereafter, and at such special or general municipal election, if one is so fixed, such ordinance shall be submitted to the vote of the electors of such city.

But if the petition is signed by not less than ten nor more than twenty-five per centum of the electors, as above defined, then the council shall, within twenty days, pass said ordinance without change, or submit the same at the next general city election occurring after the clerk's certificate of sufficiency is attached to said petition.

The ballots used when voting upon said ordinance shall contain these words: "For the ordinance" (stating the nature of the proposed ordinance), and "Against the ordinance" (stating the nature of the proposed ordinance). If a majority of the qualified electors voting on the proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city; and any ordinance proposed by the petition of which shall be adopted by a vote of the people cannot be repealed or amended except by a vote of the people.

Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this section; but there shall

not be more than one special election in any period of six months for such purposes.

The council may submit a proposition for the repeal of any such ordinance, or for amendments thereto, to be voted upon at any succeeding general city election; and should such proposition so submitted receive a majority of the votes cast thereon at such election, such ordinance shall thereby be repealed or amended accordingly. Whenever any ordinance or proposition is required by this act to be submitted to the voters of the city at any election, the city clerk shall cause such ordinance or proposition to be published once in each of the daily newspapers published in such city, and if there be none, then one time in each weekly newspaper published therein; such publication to be not more than twenty nor less than five days before the submission of such proposition or ordinance to be voted on.

History: En. Sec. 30, Ch. 57, L. 1911; re-en. Sec. 5395, R. C. M. 1921.

5396. Taking effect and suspension of ordinances. No ordinance passed by the council, except when otherwise required by the general laws of this state or the provisions of this act, except an ordinance for the immediate preservation of the public peace, health, or safety, which contains a statement of its urgency, and is passed by a two-thirds vote of the council, shall go into effect before ten days from the time of its final passage; and if, during said ten days, a petition signed by electors of the city equal in number to at least twenty-five per centum of the entire number of persons registered to vote at the last preceding general municipal election, protesting against the passage of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation, and it shall be the duty of the council to reconsider such ordinance; and if the same is not entirely repealed, the council shall submit the ordinance, as is provided by subdivision (b) of the preceding section, to the vote of the electors of the city, either at a general election or at a special municipal election to be called for that purpose; and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of the preceding section, except as to the percentage of signers, and be examined and certified to by the clerk in all respects as therein provided.

History: En. Sec. 31, Ch. 57, L. 1911; re-en. Sec. 5396, R. C. M. 1921.

5397. Abandonment of commission form. Any city which shall have operated for more than one year under the provisions of this act may abandon such organization hereunder and accept the provisions of the general law of the state then applicable to cities of its population.

Upon the petition of not less than twenty-five per cent. of the electors of such city registered for the last preceding general election, a special election shall be called, at which the following proposition only shall be submitted:

"Shall the city of (name the city) abandon its organization under chapter 57 of the acts of the twelfth legislative assembly and become a

city under the general law governing cities of like population; or if formerly organized under special charter shall resume said special charter?"

If the majority of the votes cast at such special election be in favor of such proposition, the officers elected at the next succeeding biennial election shall be those then prescribed by the general law of the state for cities of like population, and upon the qualification of such officers such city shall become a city under such general law of the state, but such change shall not in any manner or degree affect the property, rights, or liabilities of any nature of such city, but shall merely extend to each change in its form of government.

The sufficiency of such petition shall be determined, the election ordered and conducted, and the results declared, generally as provided for by section 5394 of this code, in so far as the provisions thereof are applicable; or if now organized under special charter, may resume said special charter. Whenever the form of government of any city is determined by a vote of the people under the provision of this section, the same question shall not be submitted again for a period of two years, and any ordinance adopted by a vote of the people shall not be repealed or the same question submitted for a period of two years.

History: En. Sec. 32, Ch. 57, L. 1911; amd. Sec. 1, Ch. 128, L. 1913; re-en. Sec. 5397, R. C. M. 1921.

5398. Requirements of petitions. Petition provided for in this act shall be signed by none but legal voters of the city. Each petition shall contain, in addition to the names of the petitioners, the street and house number in which the petitioner resides, his age, and length of residence in the city. It shall also be accompanied by the affidavit of one or more legal voters of the city, stating that the signers thereof were, at the time of signing, legal voters of said city, and the number of signers at the time the affidavit was made.

History: En. Sec. 33, Ch. 57, L. 1911; re-en. Sec. 5398, R. C. M. 1921.

5399. Effect of act upon existing laws. All acts and parts of acts, and all laws, not inconsistent with any of the provisions of this act, now in force or hereafter enacted relative to municipal corporations, are hereby continued in full force and effect, and shall be considered and construed as not repealed by this act, except in so far as the same may be in conflict or inconsistent with the provisions of this act.

Operation and Effect

The question of the sufficiency of a petition, filed under this section, requesting the calling of a county election submitting the proposition of the consolidation of the county and all cities and towns

into one municipal corporation, is to be determined by the county clerk and not the board of county commissioners, and when he certifies the petition as sufficient it is the clear duty of the board to order an election, unless the petition is void on its face. *State ex rel. Freeze v. Taylor et al.*, 90 M 439, 441 et seq., 4 P 2d 479.

5520.3. Form of petition—certificate of county clerk—special election—notice. Such petition shall be substantially in the form and shall be signed, verified and filed in the manner prescribed in this act for initiative, referendum and recall petitions, and shall designate therein the name by which such consolidated government is to be known, which must be either that of the county or of some one of the cities or towns therein. If the county clerk shall find that such petition, or amended petition, so filed, is signed by the required number of qualified electors he shall so certify to the board of county commissioners of such county at their next regular meeting, and such board shall thereupon, and within ten days after receiving the clerk's certificate, order a special election to be held at which election such question shall be submitted to the qualified electors of the county. Such order shall specify the time when such election shall be held, which shall be not less than ninety nor more than one hundred and twenty days from and after the day when such order is made, and the board of county commissioners shall immediately upon making such order issue a proclamation setting forth the purpose for which such special election is held and the date of holding the same, which proclamation must be published and posted in the manner prescribed by section 535.

If the majority of the votes cast at such election shall be in favor of such consolidation and merging, the board of county commissioners of such county must, within two weeks after such election returns have been canvassed, order a special election to be held for the purpose of electing the number of members of the commission to which such consolidated municipality shall be entitled, which order shall specify the time when such election shall be held, which shall be not less than ninety nor more than one hundred and twenty days from and after the day when such order is made, and the board of county commissioners, immediately upon making such order, shall issue a proclamation setting forth the purpose for which such special election is held and the date of holding the same, which proclamation must be published and posted in the manner prescribed by section 535; provided, however, that if any general election is to be held in such county after three months but within six months from the date of the making of such order then such order shall require such special election to be held at the same time as such general election. No primary election shall be held for the purpose of nominating candidates for members of the commission hereinafter provided for, to be voted for at such special election, but such candidates shall be nominated directly by petition which shall be in substantially the same form and be signed by the same number of signers as hereinafter required for primary nominating petitions. Upon receipt of the clerk's certificate the commission shall proceed to reconsider the ordinance or part thereof and its final vote upon such reconsideration shall be upon the question "Shall the ordinance (or part of the ordinance) set forth in the referendum petition be repealed?" If upon such reconsideration the ordinance, or part thereof, be not repealed it shall be submitted to the electors at the next municipal election held not less than ninety days after such final vote by the commission. The commission

Operation and Effect

Held, that the provision of this section that each petition paper shall bear the names and addresses of five electors of the municipality who, as a committee of the petitioners, shall be regarded as responsible for the circulation and filing of the petition, has reference to petitions for the enactment of ordinances under the referendum power after the new municipality has been created, and not to the initial petition looking to the creation of the consolidated government. State ex

rel. Freeze v. Taylor et al., 90 M 439, 441 et seq., 4 P 2d 479.

Id. Held, that the use of the ditto mark to indicate that the signer of an initiative or referendum petition has his residence in the same city or voting precinct as the signer immediately next preceding his signature is a sufficient compliance with the provision of this section requiring an elector to indicate after his name his place of residence, or other description sufficient to identify the place, particularly where there is no allegation that anyone was or could be misled by the addresses given.

5520.30. Petitions, assembling of papers comprising—clerk's certificate. All petition papers comprising an initiative, referendum or recall petition shall be assembled and filed with the clerk as one instrument. Within ten days after a petition is filed the clerk shall determine whether it is signed by a sufficient number of electors and shall attach thereto a certificate showing the result of his examination. If he shall certify that the petition is insufficient he shall set forth in his certificate the particulars in which it is defective and shall at once notify the committee of the petitioners of his findings.

History: En. Sec. 30, Ch. 121, L. 1923.

5520.31. Petitions—amendments—filing new petition not precluded by finding of insufficiency. An initiative, referendum or recall petition may be amended at any time within ten days after the making of a certificate of insufficiency by the clerk, by filing a supplementary petition upon additional papers signed and filed as provided in case of an original petition. The clerk shall, within five days after such amendment is filed, make examination of the amended petition and, if his certificate shall show the petition still to be insufficient, he shall file it in his office and notify the committee of the petitioners of his findings and no further action shall be had on such insufficient petition. The finding of the insufficiency of a petition shall not prejudice the filing of a new petition for the same purpose.

History: En. Sec. 31, Ch. 121, L. 1923.

5520.32. Manager—appointment—powers—removal and suspension—compensation. The commission shall appoint a manager, who shall be the chief executive officer of the municipality. He shall be chosen by the commission solely on the basis of his executive and administrative qualifications and need not when appointed be a resident of the municipality. No

member of the commission shall, during the time for which elected, be chosen manager. The manager shall not be appointed for a definite term, but shall be removable at the pleasure of the commission. In case the commission determine to remove the manager he shall, if he so demand, be given a written statement of the reason alleged for the proposed removal and the right to be heard thereon at a public meeting of the commission prior to the date on which his final removal shall take effect, but pending and during such hearing the commission may suspend him from office. The action of the commission in suspending or removing the manager shall be final, it being the intention of this act to vest all authority and fix all responsibility for any such suspension or removal in the commission. In case of the absence or disability of the manager the commission may designate some responsible person to perform the duties of the office. The manager shall receive such compensation as may be fixed by the commission.

History: En. Sec. 32, Ch. 121, L. 1923.

5520.33. Manager—responsibility—appointment of subordinate officers—qualifications and term of appointees. The manager shall be responsible to the commission for the proper administration of the affairs of the municipality placed in his charge and to that end shall appoint all officers and employees in the administrative service of the municipality, except as otherwise provided in this act and except as he may authorize the head of a department or office, responsible to him to appoint subordinates in such department or office. Appointments by or under the authority of the manager shall be confined to citizens of the municipality, except in such specific cases as the commission may suspend this requirement, and shall be on the basis of the ability, training and experience of the appointees in the work which they are to perform. All such appointments shall be without definite term unless for temporary service not to exceed sixty days.

History: En. Sec. 33, Ch. 121, L. 1923.

5520.34. Removal of appointees—notice—hearing—decision of manager as final. Any officer or employee of the municipality appointed by the manager, or upon his authorization, may be laid off, suspended or removed from office or employment either by the manager or the officer by whom appointed. Verbal or written notice of lay-off, suspension or removal given to an officer or employee, or written notice left at or mailed to his usual place of residence, shall be sufficient to put any such lay-off, suspension, or removal into effect unless the person so notified shall, within five days of such notice, demand a written statement of reasons therefor and the right to be heard thereon before the manager. Upon such demand the officer making the lay-off, suspension or removal shall supply the person notified thereof with a written statement of the reasons therefor and the manager shall fix a time and place for the public hearing. Following the public hearing the manager shall either confirm the lay-off, suspension or removal as specified in the notice, reinstate the person so notified in the service, or make such other disposition of the matter as, in his opinion, the good of the service may require. The decision of the manager in any such case shall be final, and there shall be no appeal therefrom to any officer,

body or court whatsoever. Operation and Effect

While section 8233, revised codes of 1921, appears in the civil code, and section 9467 in the Code of Civil Procedure; both

referring to the right of creditors to enforce obligations secured by lien, they must be deemed to have been passed at the same moment of time (this section), and it must be presumed that it was intended that both should be operative and each should govern as to the title in which it is found, and courts must construe them

together and reconcile them, if possible.

5522. Construction of the codes with relation to each other. With relation to each other, the provisions of the four codes must be construed as though all such codes had been passed at the same moment of time, and were parts of the same statute.

5523-5524. Omitted.

5525. Conflicting sections of the same chapter—which to prevail. If conflicting provisions are found in different sections of the same chapter, the provisions of the section last in numerical order must prevail, unless such construction is inconsistent with the meaning of such chapter.

History: En. Sec. 5165, Pol. C. 1895; re-en. Sec. 3558, Rev. C. 1907; re-en. Sec. 5525, R. C. M. 1921. Cal. Pol. C. Sec. 4484.

Operation and Effect

Where a clause seems to have crept into the body of an act as the result of misconception or ill-advised amendment, and it cannot be given effect without violence to the clear and plain intent of the law, considered in its entirety, it must be regarded as an inadvertence, and as not militating against the legislative intent. *State ex rel. Seres v. District Court*, 19 M 501, 506, 48 P 1104; *State ex rel. Kehoe v. Stromme*, 49 M 25, 28, 139 P 1002; *State ex rel. Eagye v. Bawden*, 51 M 357, 364, 152 P 761.

The circumstance that a section of an act is the last word upon the subject is not sufficient to prevail over all other provisions of the act indicating a differ-

ent legislative intent. *State ex rel. Kehoe v. Stromme*, 49 M 25, 28, 139 P 1002.

The rule enunciated by this section, that where conflicting provisions are found in different sections of the same chapter, those of the last in numerical order must prevail, has no application where the sections were passed at different times. *State v. Zorn*, 99 M 63, 65, 41 P 2d 513.

5526. Repeal of repealed statutes. The repeal of any statute or part of a statute heretofore repealed must not be so construed as a declaration, express or by implication, that such statute or part of a statute has been in force at any time subsequent to such first repeal.

History: En. Sec. 5180, Pol. C. 1895; re-en. Sec. 3560, Rev. C. 1907; re-en. Sec. 5526, R. C. M. 1921. Cal. Pol. C. Sec. 4504.

5527. Omitted.

5528. Arrangement of codes not indicative of legislative intention—annotations not part of statutes. The arrangement and classification of the

several parts of said codes have been made for the purpose of convenience and orderly arrangement, and therefore no implication or presumption of a legislative construction is to be drawn therefrom, nor shall annotations be deemed any part of the statutes.

History: En. Sec. 5182, Pol. C. 1895; re-en. Sec. 3562, Rev. C. 1907; re-en. Sec. 5528, R. C. M. 1921.

Operation and Effect

The division of the codes into parts, titles, chapters, articles, and sections is a mere device for convenience, and no implication or presumption of a legislative construction is to be drawn therefrom. Brown v. Foster, 48 M 114, 119, 135 P 993.

The said bond shall be in the form and be conditioned as required of guardians appointed under the guardianship laws of this state. The court shall have power from time to time to require the guardian to file an additional bond. Where a bond is tendered by a guardian with personal sureties, such sureties shall file with the court a certificate under oath which shall describe the property owned, both real and personal, and that they are each worth the sum named in the bond as the penalty thereof over and above all their debts and liabilities and exclusive of property exempt from execution.

CHAPTER 416

BONDS OF TAXING UNIT OF STATE—PREFERENCE OF AMORTIZATION BONDS—NOTICE OF SALE—FISCAL AGENCIES FOR PAYMENT OF BANKS.

- Section 5668.1. Amortization bonds preferred on bonding of state or taxing districts.
 5668.2. Amortization bonds and serial bonds defined.
 5668.3. Matters to be considered on bids for bonds—interest.
 5668.4. Statement of preference of amortization bonds to be included in notice of sale.
 5668.5. Copy of notice of sale to be sent register of state lands.
 5668.6. Governor to designate fiscal agencies for bonds.
 5668.7. Bond required of fiscal agencies.
 5668.8. Redemption money may be deposited with fiscal agencies.

 5668.11. Bonding district not responsible for funds remitted to fiscal agents.
 5668.12. Liability of treasurer neglecting to perform duty under act.
 5668.13. Change of fiscal agency by governor—notice.

5668.1. Amortization bonds preferred on bonding of state or taxing districts. Whenever the state of Montana, or any county, city, town, school district, or any other taxing unit in the state of Montana having the power to issue and negotiate bonds, does hereafter issue its bonds, such bonds shall be payable on the amortization plan if bonds in this form can be sold and disposed of at a reasonable rate of interest. If amortization bonds can not be negotiated at such reasonable rate of interest, advantageous to the people for whose benefit the same are issued, then in such case, serial bonds may be issued in place of amortization bonds.

History: En. Sec. 1, Ch. 38, L. 1923.

Operation and Effect

Held, that chapter 38, laws of 1923, (this section), providing that the state, municipal corporations or districts in issuing bonds shall give preference to amortization bonds and accept serial bonds only when the former cannot be negotiated to good advantage, is inapplicable to the issuance of irrigation district bonds, and that the provisions of the irrigation law (secs. 7210-7212 and 7214), dealing with

the subject specially, are controlling. *Walden v. Bitter Root Irr. Dist.*, 68 M 281, 292, 217 P 646.

Held, that chapter 38, laws of 1923, declaring that when the state or a subdivision thereof issues bonds they shall be made payable on the amortization plan unless they cannot be negotiated at a reasonable rate of interest in which event serial bonds may be issued in their place, is not retroactive. *Educational Bonds Case*, 68 M 526, 527 et seq., 219 P 637.

5668.2. Amortization bonds and serial bonds defined. 1. The term "amortization bonds" is hereby defined as meaning that kind of bonds on which part of the principal is required to be paid each time interest becomes due and payable, which part payment on the principal increases at each suc-

ceeding installment in the same amount that interest payment decreases, so that the combined amount due on principal and interest on each succeeding due date remains the same until the bond is paid in full.

2. The term "serial bonds" is hereby defined as meaning that form of bonds under which one or more individual bonds become due and must be paid at regular intervals during the term for which the bonds were issued, so that the last bond will be taken up and paid at the expiration of the term for which the bonds were issued.

History: En. Sec. 2, Ch. 38, L. 1923.

5668.3. Matters to be considered on bids for bonds—interest. In considering bids for various classes of bonds, the board or officers negotiating the same, shall take into account not only the rate of interest offered or demanded on the various classes, but also what rate of interest can be realized on such sinking funds as may be required for the payment of serial bonds, and also every other known element affecting the total cost of the bond when paid in full. That kind of bond shall be issued which in the totality of its effect is the most advantageous to the borrower. Provided, however, that this act shall not be so construed as to authorize a higher rate of interest on any kind or class of bond than six per centum per annum.

History: En. Sec. 3, Ch. 38, L. 1923.

5668.4 Statement of preference of amortization bonds to be included in notice of sale. The notice given of the sale of any of the bonds covered by sections 5668.1 and 5668.2 shall have included therein information to the effect that amortization bonds are the first choice and that serial bonds are the second choice. The inclusion of this information as to the order of preference of these kind of bonds in the notice of sale, shall be deemed to be an essential part of such notice, and the omission of this information shall invalidate the issuance of the bonds under such notice.

History: En. Sec. 4, Ch. 38, L. 1923.

5668.5. Copy of notice of sale to be sent register of state lands. A copy of the notice of sale of any kind of the bonds covered by this act shall be forwarded to the register of state lands of the state of Montana in ample time before the date of sale.

History: En. Sec. 5, Ch. 38, L. 1923.

5668.6. Governor to designate fiscal agencies for bonds. The governor of the state of Montana is hereby authorized to designate one or more banks or trust companies in each city in the United States where the bonds or interest coupons of any bonds issued by the state of Montana or any county, city, town, school district, irrigation district or drainage district of Montana, are made payable, as the fiscal agency for the state of Montana for the payment of such bonds and coupons.

History: En. Sec. 1, Ch. 92, L. 1925.

5668.7. Bond required of fiscal agencies. Before establishing and designating such fiscal agency, the governor shall, if he deem it necessary, require a bond to be given by such bank or trust company to the state of Montana, in such amount as the governor may prescribe, approve and deem

sufficient to insure the safety and prompt payment of all funds deposited with such fiscal agent. Such bond shall be approved by the governor and filed in his office.

History: En. Sec. 2, Ch. 92, L. 1925.

5668.8. Redemption money may be deposited with fiscal agencies. From and after the passage of this act, the treasurer of the state of Montana or the treasurer of any county, city, town, school district, irrigation district, or drainage district of Montana may be required to remit to the state fiscal agency, at least fifteen (15) days or such other period as may be agreed upon, before the maturity of any bonds or coupons payable as provided in section 5668.6, a sufficient sum of money to cover the redemption of such bonds or coupons.

History: En. Sec. 3, Ch. 92, L. 1925.

5668.9. Cancellation of bonds and coupons on receipt of redemption moneys by fiscal agencies. On the receipt of any funds by such fiscal agent, it shall be the duty of such fiscal agent to notify the officers from whom received of the receipt thereof, and immediately upon the payment of the bonds or coupons for which such funds were remitted, said bonds or coupons shall be cancelled and shall be returned to the treasurer of the state, county, city, town, school district, irrigation district, or drainage district entitled to the same.

History: En. Sec. 4, Ch. 92, L. 1925.

5668.10. Auditor to be notified by bonding districts of fiscal agents—auditor to advise governor—notice of place of payment. It shall be the duty of the treasurer of the state of Montana, or any county, city, town, school district, irrigation district, or drainage district of Montana, which has issued bonds, to advise the state auditor forthwith, giving the name and location of all banks or trust companies at which said bonds or interest coupons are made payable, whereupon the state auditor shall so advise the governor in order that the necessary fiscal agency may be designated.

It shall be the duty of the state auditor, immediately after the establishment of any fiscal agency provided for in this act, to publish a notice in some newspaper of general circulation in any city where such bonds are made payable, for two weeks, and thereafter all bonds and coupons of the state of Montana, or any county, city, town, school district, irrigation district or drainage district of Montana, which are by their terms payable at a certain bank in said city, shall be paid at said fiscal agency.

History: En. Sec. 5, Ch. 92, L. 1925.

5668.11. Bonding district not responsible for funds remitted to fiscal agents. No state, county, city, town, school district, irrigation district or drainage district treasurer shall be held responsible for funds remitted to any fiscal agency in pursuance of the provisions of this act, after the acknowledgment of the receipt of the same by the fiscal agent.

History: En. Sec. 6, Ch. 92, L. 1925.

5668.12. Liability of treasurer neglecting to perform duty under act. In case any state, county, city, town, school district, irrigation district, or drainage district treasurer shall wilfully neglect or refuse to perform the

duties imposed by this act, he shall be liable to the holder of any bonds or coupons aggrieved thereby, in a sum double the amount of such bonds or coupons as shall be dishonored by the neglect or refusal of such officer to comply with the provisions of this act, provided the state or the municipality shall have funds on hand to pay such obligation herein mentioned which may be recovered in a suit at law against such treasurer.

History: En. Sec. 7, Ch. 92, L. 1925.

5668.13. Change of fiscal agency by governor—notice. - 5668.34. Reports of state treasurer concerning funds.

5668.19. Unified investment plan for investment of Montana trust and legacy fund. This section shall be regarded as a general explanation of the main features of the act. The term Unified Investment Plan as used in this act shall denote the investment and administration by the state board of land commissioners of the various funds which it is authorized to invest and administer under the provisions of this act, and under the provisions of article XXI of the constitution of the state, as one common fund to be known and designated as the Montana Trust and Legacy Fund, as hereinafter in this act more specifically provided. Under this plan all securities purchased and all cash on hand will belong jointly to the funds invested; they will share the interest collected on the same basis, and losses if any will automatically distribute themselves pro-rata over all the funds; but each fund will maintain its separate existence; all receipts for each fund including its share of the interest collected will be added to that fund, and every payment made will be deducted from the proper fund.

History: En. Sec. 1, Ch. 70, L. 1929.

5668.20. Funds to be invested according to unified plan. The state board of land commissioners is hereby authorized and required to invest according to this plan under the provisions of this act the following funds: The escheated estates fund, meaning all of the various sums paid over to the state treasurer from estates escheated or escheating to the state which have not been transferred to the public school permanent fund; all funds arising from any donation, gift, grant, bequest or devise for the support, maintenance or benefit of any institution of learning or any institution supported in whole or in part by the state of Montana and not intended for immediate use but subject to long term investment and not legally in the custody of any lawfully constituted board, unless some other investment agency has been designated by the donor or by statute; all funds which become parts of the Montana trust and legacy fund under the provisions of article XXI of the constitution; and all other public funds of the state subject to long-term investment not legally in the custody of any lawfully constituted board. No fund arising mainly from federal land grants made to the state of Montana shall be invested or administered under this plan.

History: En. Sec. 2, Ch. 70, L. 1929.

5668.21. Departments may request investment of funds according to unified investment plan. Any department of the government of the state of Montana, state board, commission, bureau, institution, office or officer, which has under its or his administration any fund subject to investment,

is hereby granted the right, upon making request therefor, to have such fund or any part thereof invested by the state board of land commissioners according to this plan under the provisions of this act. The said board is hereby authorized and required to invest and administer the fund or part of fund for which such request has been made.

History: En. Sec. 3, Ch. 70, L. 1929.

5668.22. Transfer of investments of permanent funds. Investments belonging to the funds designated in section 5668.20 shall be transferred to the account of the Montana trust and legacy fund as of July 1, 1929.

Investments belonging to any of the funds embraced under the provisions of section 5668.21 of which the state board of land commissioners has assumed the investment administration, shall be transferred to the account of the Montana trust and legacy fund upon request for such transfer made by the officer or authority having charge of such fund, if in the judgment of the board such securities in every way constitute safe and satisfactory investments for the Montana trust and legacy fund.

History: En. Sec. 5, Ch. 70, L. 1929.

5668.24. Investment of funds—supreme court supervision—duty of land commissioners. All funds invested according to the unified investment plan shall be invested as one common fund to be known and designated as the Montana trust and legacy fund as provided in article XXI of the constitution, and shall be invested in the same kinds of securities as the constitution and the statutes prescribe for the investment of the other funds under the administration of the state board of land commissioners, and also subject to the special limitations of the said article XXI. The entire investment administration of all these funds shall be subject to the supervision of the justices of the supreme court as provided in section 17 of the said article. The commissioner of state lands and investments shall perform the same duties and exercise the same powers with regard to the investment administration of the funds under the unified investment plan as he performs with regard to the other investments made by the state board of land commissioners.

History: En. Sec. 6, Ch. 70, L. 1929.

5668.25. Sale and transfer of securities—power of land board concerning. The state board of land commissioners is hereby specifically granted the power and authority to sell and transfer at their full and true value any securities belonging to the Montana trust and legacy fund to any other fund under its control or to investors, when it finds such sale and transfer necessary to raise money for payments due from the said fund.

Every

receipt and collection for each and every fund shall when received be added to the particular fund to which it belongs, and every payment made shall be deducted from the proper fund. The state auditor shall in all cases keep accounts corresponding to those required to be kept by the state treasurer under the provisions of this act.

History: En. Sec. 8, Ch. 70, L. 1929.

5668.27. Compensation of state for administering funds. The state shall be entitled to receive as compensation for the administration of all the funds administered under this act one-twentieth ($1/20$) of all the interest collected thereon each year, less the losses, if any, ascertained during the same year. (See section 11 of article XXI, constitution).

History: En. Sec. 9, Ch. 70, L. 1929.

5668.28. Transfer of accrued interest. On December 31, 1929, the state treasurer shall transfer from the total interest receipts for the Montana trust and legacy fund up to that date all interest accrued but unpaid on July 1, 1929, on all securities taken over by the state board of land commissioners, and add such accrued interest to the individual funds to which it belongs. From the balance of the interest collected up to December 31, the state treasurer shall transfer to the state general fund one-twentieth ($1/20$) less all the losses, if any, on the investments ascertained up to that time.

The balance of the interest collected shall be added pro-rata to each and every fund constituting the Montana trust and legacy fund, which was part of that fund on July 1, 1929, and still remains a part thereof, based on the total thereof on that date, and shall be added to each such fund, or held available for payment, according to the provisions of the statutes and other valid provisions applicable thereto.

The balance of the interest collected shall be credited pro-rata to each and every fund then constituting the Montana trust and legacy fund that was in the keeping of the state on January 1, of that year, based on the total thereof on that date, and shall be added to each such fund, or held available for payment, according to the provisions of section 11 of article XXI of the constitution and of the statutes and other valid provisions applicable thereto. If any fund is larger or smaller on December 31, than on January 1 of the same year, then the average of the amounts on these two dates shall be the basis for calculating the interest to be credited to that fund.

History: En. Sec. 11, Ch. 70, L. 1929.

5668.30. Payments from Montana trust and legacy fund. The principal, and any part thereof, of each and every fund constituting the Montana trust and legacy fund shall be subject to payment at any time when due

under the constitutional and statutory provisions applicable thereto and according to the provisions of the gift, donation, grant, legacy, bequest, or devise through or from which the particular fund arises. Both payments of interest earnings and payments of principal shall be made upon warrants duly issued by the state auditor under orders received by him from the authorities having the legal control of the use of the various funds.

History: En. Sec. 12, Ch. 70, L. 1929.

5668.31. Payments made on order of board—annual statement of treasurer. Whenever any payment is required to be made of interest or principal from any endowment fund or other fund administered as part of the Montana trust and legacy fund, which payment is not subject to the order of any department of the government of the state, state board, commission, bureau, institution, office or officer, other than the state board of land commissioners, the state treasurer shall send a statement in duplicate to such board of the payment or payments to be made showing all essential facts relating thereto. The board shall then issue orders upon the state auditor to issue warrants for all payments approved by it.

During January of each year, the state treasurer shall submit to the board a statement covering all such interest payments to be made for the preceding year and all such payments from principal to be made at that time giving all necessary information relating thereto. History: En. Sec. 14, Ch. 70, L. 1929.

5668.33. Records of treasurer—publicity to contributors given by legislature. The state treasurer shall keep in a book provided for that purpose, a permanent record of all gifts, donations, grants, legacies, bequests, devises and other contributions administered by the state board of land commissioners under article XXI of the constitution and acts and parts of acts carrying this part of the constitution into effect. This record shall show the names of the givers, the purposes of the contributions and all essential facts relating thereto. A duplicate of this record shall be kept by the secretary of state. These records shall be preserved perpetually as a lasting memorial to the givers and their interest in society. 2514.1. Creation of a commission for the blind. There is hereby created a state department for the blind, to be known as the Montana state commission for the blind, hereinafter referred to as the commission, which shall be charged with the duty of promoting the welfare of blind persons by the rehabilitation and vocational training of the adult blind, in the manner hereinafter set forth. [En. Sec. 1, Ch. 42, L. 1939.]

2514.2. Appointment of a commission—compensation. The commission for the blind shall consist of five members, of which three shall be, ex-officio, the president of the Montana school for the deaf and blind; the state supervisor of rehabilitation; the administrator of the state department of public welfare, respectively; and the terms of office of the ex-officio members shall be coincident with their tenures of the aforesaid positions. The chairman of the commission shall be the president of the Montana school for the deaf and blind.

The remaining members of the commission, of whom one at least shall by preference be a blind person, shall be appointed by the governor within thirty days after the passage of this act. The full term of office of the appointed members of the commission shall be three years; but of the first commission appointed one member shall be appointed for a term of two years, one for a term of one year. At the expiration of the term of any member of the commission his successor shall be appointed for a term of three years. Any appointed member may be reappointed to succeed himself.

The members of the commission shall receive no compensation for their services, but shall be reimbursed for their traveling and other necessary expenses incurred in the performance of their official duties. [En. Sec. 2, Ch. 42, L. 1939.]

2514.3. Cooperation with federal government and state agencies. The commission is hereby designated the agency of the state of Montana, to cooperate with the federal government in the administration of the Randolph-Shepherd act approved June 20th, 1936, and in the administration of any other federal acts, and shall cooperate with any departments of the state of Montana, having for their purposes the improving of the condition of the blind of the state of Montana by rehabilitation and vocational training, and said commission is empowered and authorized to apply to such federal and state departments for, and to receive from them, any benefits to which said commission may be entitled. [En. Sec. 3, Ch. 42, L. 1939.]

2514.4. Location of commission office—officers—meetings. Subject to the approval of the state board of education, the commission may have its office at the Montana school for the deaf and blind, and shall within thirty days after its creation, meet and appoint a secretary, and a treasurer who shall be bonded and shall adopt all necessary rules and regulations to gov-

ern itself by, and shall proceed to carry out the purposes for which it is created. The commission shall meet not less than four times each calendar year at regular intervals which shall be determined at the first meeting. [En. Sec. 4, Ch. 42, L. 1939.]

The state supervisor of the blind may establish under the supervision, and at the direction, of the commission one or more training schools and workshops for the training and employment of suitable blind persons, and shall be empowered to equip and maintain the same, to pay to employees suitable wages, and to devise means for the sale and distribution of the products thereof. The commission may also pay for tuition, lodging, support, and all necessary expenses for blind persons during their training or instruction, whenever in the judgment of the commission such training or instruction will contribute to the efficiency or self-support of such blind persons. When special educational opportunities cannot be had in this state, they may be arranged for, at the discretion of the commission, outside of the state. The commission may also aid individual blind persons or groups of blind persons to become wholly or partially self-supporting, by loaning or renting materials or machinery to them necessary to carry on their work, and may also assist them in the sale and distribution of their products; but this shall not be deemed to authorize the making of gifts by the commission. [En. Sec. 5, Ch. 42, L. 1939.]

2514.6. Duties of the commission. It shall be the duty of the commission through its employees to maintain a complete register of the blind in the state of Montana, which shall describe the condition, cause of blindness, capacity for education, and industrial training of each, with such other facts as may seem to the commission to be of value.

The commission shall cause to be maintained by the state supervisor of the blind, one or more departments of vocational aid, the object of which shall be to aid the blind in finding employment, and to teach them trades and occupations which may be followed in their homes or elsewhere, and to assist them in disposing of the products of their home industries. [En. Sec. 6, Ch. 42, L. 1939.]

The commission shall compensate the school for the deaf and blind for any services rendered and expenses incurred in its behalf at the actual cost thereof, subject to the approval of the state board of educa-

tion. All such activities shall conform to rules and regulations determined by the local executive board of the school. [En. Sec. 8, Ch. 42, L. 1939.]

[As amended Sec. 7, Ch. 151, L. 1939.]

2634.12. Montana state egg seal. The commissioner of agriculture is hereby authorized and it shall be his duty to provide and make available a suitable gummed paper seal to be known as the Montana state egg seal; and he shall have the power from time to time to establish the price at which said seal shall be sold, but in no case shall the cost of such seal exceed one and three-quarters mills ($1\frac{3}{4}$) per dozen eggs. The proceeds from the sale of said seals shall be expended by the commissioner of agriculture to assist in defraying salaries and expenses incurred in the enforcement of the provisions of this act. [En. Sec. 8, Ch. 151, L. 1939.]

2634.13. Licensed egg graders. All wholesale and retail dealers who handle more than twenty-five (25) cases of eggs per month supplying eggs to consumers must employ only experienced and licensed graders. The fee for grader's license shall be one dollar (\$1.00) per year. All candlers and graders must pass an examination as required by the commissioner of agriculture. The license shall expire March 31st each year after the date of issuance. [En. Sec. 9, Ch. 151, L. 1939.]

2634.14. Revocation of license. All licenses issued by the department under this act may be revoked by the commissioner of agriculture or his agents in the state of Montana, whenever the holder of such license shall fail to comply with the laws of the state of Montana relative to the conducting of his place of business under such license. If any firm, person or corporation whose license has been so revoked by the commissioner shall thereafter continue to buy, sell or deal in eggs without a license, he shall be deemed guilty of a misdemeanor and shall be subject to the penalties of this act herein provided. [En. Sec. 10, Ch. 151, L. 1939.]

2634.15. Funds from licenses and seals, use of. All funds derived from the licenses herein provided and from the sale of the Montana state egg seal shall be paid to the state treasurer and by him credited to the revolving fund of the dairy division of the department of agriculture, labor and industry. CHAPTER 241, MILK CONTROL BOARD

2630.1-2639.12. [Repealed Sec. 26, Ch. 204, L. 1939.]

2640. Regulation of dairying. [Repealed Sec. 26, Ch. 204, L. 1939.]

CHAPTER 241-A, MILK CONTROL BOARD

2640.1. Declaration of policy and purpose. It is hereby declared:

- (a) That milk is a necessary article of food for human consumption;
- (b) That the production and maintenance of an adequate supply of healthful milk of proper chemical and physical content, free from contamination, is vital to the public health and welfare;
- (c) That the production, transportation, processing, storage, distribution and sale of milk, in the state of Montana, is an industry affecting the public health and interest;
- (d) That unfair, unjust, destructive and demoralizing trade practices have been and are now being carried on in the production, transportation, processing, storage, distribution, and sale of milk, which trade practices constitute a constant menace to the health and welfare of the inhabitants of this state and tend to undermine the sanitary regulations and standards of content and purity of milk;

(e) That health regulations alone are insufficient to prevent disturbances in the milk industry and to safeguard the consuming public from further inadequacy of a supply of this necessary commodity;

(f) That it is the policy of this state to promote, foster and encourage the intelligent production and orderly marketing of fluid milk and cream; to eliminate speculation and waste, and to make the distribution thereof between the producer and consumer as direct as can be efficiently and economically done, and to stabilize the marketing of such commodities;

(g) That investigations have revealed and experience has shown that, due to the nature of milk and the conditions surrounding the production and marketing of milk, and due to the vital importance of milk to the health and well being of the citizens of this state, it is necessary to invoke the police powers of the state to provide a constant supervision and regulation of the milk industry of the state to prevent the occurrence and recurrence of those unfair, unjust, destructive, demoralizing and chaotic conditions and trade practices within the industry, which have in the past affected the industry and which constantly threaten to be revived within the industry and to disrupt or destroy an adequate supply of pure and wholesome milk to the consuming public and to the citizens of this state;

(h) That fluid milk is a perishable commodity, which is easily contaminated with harmful bacteria, which cannot be stored for any great length of time, which must be produced and distributed fresh daily, and the supply of which cannot be regulated from day to day, but, due to natural and seasonal conditions, must be produced on a constantly uniform and even basis;

(i) That the demand for this perishable commodity fluctuates from day to day and from time to time making it necessary that the producers and distributors shall produce and carry on hand a surplus of milk in order to guarantee and insure to the consuming public an adequate supply at all times, which surplus must of necessity be converted into by-products of milk at great expense and oftentimes at a loss to the producer and distributor;

(j) That this surplus of milk, though necessary and unavoidable, unless regulated, tends to undermine and destroy the fluid milk industry, which causes producers to relax their diligence in complying with the provisions of the health authorities and oftentimes to produce milk of an inferior and unsanitary quality;

(k) That investigation and experience have further shown that, due to the nature of milk and the conditions surrounding its production and marketing, unless the producers, distributors, and others engaged in the marketing of milk are guaranteed and insured a reasonable profit on milk, both the supply and quality of milk is affected to the detriment of, and against the best interest of the citizens of this state whose health and well-being is thereby vitally affected;

(l) That, where no supervision and regulation is provided for the orderly and profitable marketing of milk, past experience has shown that the credit status of both producers and distributors of milk is adversely affected to a serious degree thereby entailing loss and hardship upon all within the community with whom these producers and distributors carry on business relations;

(m) That, due to the nature of milk and the conditions surrounding its production and distribution the natural law of supply and demand has been found inadequate to protect the industry in this and other states, and in the public interest it is necessary to provide state supervision and regulation of the fluid milk industry in this state. [En. Sec. 1, Ch. 204, L. 1939.]

2640.2. General purpose. The general purpose of this law is to protect and promote public welfare and to eliminate unfair and demoralizing trade practices in the fluid milk industry. It is enacted in the exercise of the police powers of the state. [En. Sec. 2, Ch. 204, L. 1939.]

2640.3. Definitions. As used in this act, unless the context otherwise requires, "board" means the state agency created by this act, to be known as the Montana milk control board.

"Person" means any person, firm, corporation or association.

"Producer" means any person who produces milk for fluid consumption within the state, selling same at wholesale to a distributor.

"Distributor" means any person purchasing milk and distributing same for fluid consumption within the state. Said term, however, excludes all persons purchasing milk from a dealer licensed under this act, for resale over the counter at retail, or for consumption on the premises.

"Producer-distributor" means any person both producing and distributing milk for fluid consumption within the state.

"Dealer" means any producer, distributor or producer-distributor.

"Licensee" means any person who holds a license from the board.

"Association" means any organized group of dealers in a community or marketing area which has been constituted under regulations satisfactory to the board.

"Milk" means fluid milk and cream sold for consumption as such.

"Consumer" means any person or any agency, other than a dealer, who purchases milk for consumption or use. [En. Sec. 3, Ch. 204, L. 1939.]

2640.4. Milk control board. There is hereby constituted a milk control board to consist of the executive officer of the Montana livestock sanitary board, as chairman, who shall serve in ex-officio capacity without compensation except for necessary expenses while engaged with the duties of the board, and four members who shall be appointed by the governor with the following qualifications: One person who is a "consumer" and who is not otherwise engaged in the milk business, one person who is a "producer" selling to a distributor, one person who is a "producer-distributor", and one person who is a "distributor". The three persons appointed from the industry shall be selected from a market or markets designated and established by the board.

All terms of appointment shall be for a term of four years except the original appointments which shall be for terms of one, two, three and four years respectively as designated by the governor. Any vacancy shall be filled by appointment by the governor for the unexpired term. Three members of the board shall constitute a quorum for the regular transaction of business.

The compensation of the appointed members of the board shall be fixed at five dollars (\$5.00) per day for each day actually engaged in the official functions of the board plus subsistence and necessary traveling expenses at the rate allowed other state employees.

The board may employ necessary assistants and appoint agents and instrumentalities but all expenditure under this act shall be paid from the receipts hereunder.

The board shall have the power, and it shall be its duty to designate an executive secretary who shall serve under the direction and at the pleasure of the board and who shall have charge of the administration of the board's orders, rules and regulations, and who shall also serve as financial officer of the board and who shall be authorized to accept or receive money paid or to be paid to the board, either as license fees or fines as provided by this act. Such person shall, before he enters upon the discharge of his duties, execute and file a bond, in such amount as may be fixed by the board, as may be provided by law for public officers. [En. Sec. 4, Ch. 204, L. 1939.]

2640.5. General powers of the milk control board. The board is hereby vested with the powers, and it shall be its duty to supervise, regulate and control the fluid milk industry of the state of Montana, including the production, transportation, processing, storage, distribution and sale of milk in the state of Montana for consumption within the state, providing however, that nothing contained in this act shall be construed to abrogate or affect the status, force or operation of any provision of public health laws or the law under which the Montana livestock sanitary board is constituted together with the Montana livestock sanitary board regulations or county board of health regulations, or municipal ordinances for the promotion or protection of the public health, but the board shall have the power to cooperate with the state board of health, the Montana livestock sanitary board or any county or city board of health or the state department of agriculture, labor and industries in enforcing the provisions of this act. The board shall have the power to investigate all matters pertaining to the production, transportation, processing, storage, distribution and sale of milk in the state of Montana and to conduct hearings upon any subject pertinent to the administration of this act. The board shall have the power to subpoena milk dealers, their records, books and accounts and any other person from whom information may be desired or deemed necessary to carry out the purposes and intent of this act, and may issue commissions to take depositions of witnesses who are sick or absent from the state. It shall be the duty of any sheriff of any county of the state, when requested to do so by the board, to execute any summons, citations or notice which the board may cause to be issued, for which such sheriff shall be authorized to charge the same fee against the funds provided for the milk control board as he might lawfully charge for the same service of such a document if issued from any district court of the state of Montana. Any person, other than a dealer who is cited for violation of the provisions of this act, or cited to show cause why his license should not be revoked, shall receive for his attendance before the milk control board or its duly designated agent the same compensation as is provided for a witness subpoenaed to appear before the district court, which shall be

charged against the funds provided for the operation of the milk control board. Any duly designated agent of the board may administer oath to witnesses and may conduct hearings or investigations and any such duly designated agent of the board may sign and issue subpoenas requiring witnesses to appear before him or the board, and in addition to the manner provided above for the execution of subpoenas, summons and citations issued by the milk control board to witnesses or dealers, the board, through its designated agent shall have the power to serve said subpoenas, summons or citations upon any person by sending a copy of such subpoena, summons or citation, through the United States mail, postage prepaid, which said mail shall be registered with return receipt attached and such service shall be complete when said registered mail shall be delivered to said person and such receipt returned to the board or its designated agent, signed by the person sought to be summoned, subpoenaed, or cited. Obedience to a subpoena, summons or citation, issued by the board or any person authorized and designated by the board to issue said subpoena, summons or citation, may be enforced by application to any judge of the district court of the county in which such subpoena, summons or citation was issued or to any judge of the district court of the county in which such subpoena, summons or citation was issued or to any judge of the district court of the county in which such person subpoenaed, summoned or cited resides in the same manner as is provided by law for the grand jury of a county to enforce its subpoena or summons and with the same penalty as provided therefor for the failure of any person failing or refusing to comply with such subpoena, citation or summons. The board may act as mediator or arbitrator to settle any controversy or issue pertaining to fluid milk among or between producers, distributors, producer-distributors and/or consumers.

The operation and effect of any provision of this act, conferring a general power upon the milk control board, shall not impair or limit any specific power or powers granted to the milk control board by this act. [En. Sec. 5, Ch. 204, L. 1939.]

2640.6. Markets. The board shall exercise its powers only within and in relation to markets already designated and established or such markets as shall be established in accordance with the provisions of this act.

(a) All natural marketing areas heretofore designated as markets by the milk control board, operating under authority of any hitherto existing milk control law, shall remain as markets as designated and are hereby declared to be legally constituted markets for all purposes of this act. This act shall, immediately upon its passage, become effective in all markets which have heretofore been designated as such by any previously constituted milk control board and are functioning as such at the time of passage of this act, and all schedules, rules and regulations issued and promulgated by any previously existing milk control board in this state that at the time of passage of this act are of force and effect are hereby declared to be of force and effect and shall continue to be of force and effect until altered or rescinded in the manner provided by this act.

(b) The board shall have power, at its discretion, to establish a new market in any natural marketing area of the state that it may designate, provided that before a designated market shall be established, a canvass

shall be made by the board, of all producers, producer-distributors and distributors doing business within the designated market and who are licensed by the Montana livestock sanitary board and who have been, for not less than ninety days, actually engaged in any one of the above indicated branches of the fluid milk industry and in the event that such preliminary canvass shall make it evident to the board that a majority of all the above-designated dealers representing a majority of the fluid milk sold by all said dealers licensed by the Montana livestock sanitary board are in favor of the establishment of such proposed market, the board shall proceed toward the establishment of such market but shall be restrained therefrom until such time as it shall be made evident to the board that a majority of the above-designated dealers are favorable to the establishment of such a market.

This act shall become operative with respect to a newly established market when the requirements of this act for the establishment of a new market have been complied with and when the board shall duly promulgate orders and regulations governing the same, and setting forth the date at which said orders and regulations shall go into effect.

The board shall have power, at its discretion, to disestablish a market and withdraw from functioning therein, provided that before such withdrawal and disestablishment shall take place, a canvass shall be made by the board of all producers, distributors and producer-distributors licensed under this act, and in the event that such canvass shall make it evident to the board that a majority of all the above-designated dealers representing a majority of the fluid milk sold by all the above-designated dealers are opposed to such withdrawal and disestablishment, then the board shall proceed no further toward the proposed withdrawal and disestablishment of such market. But in the event that the board is not restrained, as above provided, the proposed disestablishment of said market shall take place immediately upon due promulgation of orders to that effect by the board. [En. Sec. 6, Ch. 204, L. 1939.]

2640.7. Orders fixing prices and handling charges. Prior to the fixing of prices in any market the board shall conduct a public hearing and admit evidence under oath relative to the matters of its inquiry, at which hearing the consuming public shall be entitled to offer evidence and be heard the same as persons engaged in the milk industry. The board shall by means of such hearing and by any other means available or from facts within its own knowledge, investigate and determine what are reasonable costs and charges for producing, hauling, handling, processing, and/or other services performed in respect to milk and what prices for milk in the several localities and markets of the state, and under varying conditions, will best protect the milk industry in the state and insure a sufficient quantity of pure and wholesome milk to adults and minors in the state, and be most in the public interest.

The board shall take into consideration the balance between production and consumption of milk, the costs of production and distribution, and the purchasing power of the public.

The board after making such investigation shall fix by official order:

(a) The minimum prices to be paid by the milk dealers to producers and others for milk. The orders of the board with respect to the minimum

prices to be paid to producers and others shall apply to the locality or zone in which the milk is produced in respect to the market or markets in which milk so produced is sold, and may vary in different localities or zones or markets according to varying uses and different conditions. Each order fixing prices or handling charges may classify milk by forms, classes, grades or uses as the board may deem advisable and may specify the minimum prices therefor.

(b) The minimum wholesale or retail prices to be charged for milk in its various grades and uses handled within the state for fluid consumption and wheresoever produced when sold by milk dealers whether licensed or unlicensed, to consumer; by stores to consumers except for consumption on the premises where sold; by milk dealers to other milk dealers.

A minimum wholesale or retail price to be charged for milk shall not be fixed higher than is necessary to cover the costs of ordinarily efficient and economical milk dealers, including a reasonable return upon necessary investment.

The board may, upon its own motion, or upon application in writing from any market, or from any party at interest, alter, revise or amend any official order theretofore made by the board provided that before making, revising, or amending any order fixing prices to be charged or paid for milk in any of its grades or uses, the board shall hold a public hearing on such matter in the same manner provided herein for the original fixing of prices.

The retail price to be charged for milk in quart bottles shall not be more than twice the price paid by the distributor to the producer for the same grade and butterfat content of fluid milk purchased from the producer by such distributor. The board shall make adjustment from the basic rate in prices of milk sold in less quantities than quarts and at wholesale. [En. Sec. 7, Ch. 204, L. 1939.]

2640.8. Licenses to producers, producer-distributors, and distributors. In any market, where the provisions of this act apply, it shall be unlawful for any producer, producer-distributor, or distributor to produce, transport, process, store, handle, distribute, buy or sell milk unless such dealer be duly licensed as provided by this act. It shall be unlawful for any such person to buy, sell, handle, process, or distribute milk which he knows or has reason to believe has been previously dealt with or handled in violation of any provision of this act. The board may decline to grant a license, or may suspend or revoke a license already granted, upon due cause and after hearing. [En. Sec. 8, Ch. 204, L. 1939.]

2640.9. License fees. All persons required by this act to be licensed by the board shall pay a yearly license fee computed upon the following rates:

(a) A producer-distributor doing business during the twelve (12) months beginning October first and ending September thirtieth next preceding the license year, shall pay a license fee equal to the sum of one dollar (\$1.00) for each six hundred (600) gallons or fraction thereof of the total volume of fluid milk by him sold.

(b) A producer, doing business during the twelve (12) months beginning October first and ending September thirtieth next preceding the license

year, shall pay a license fee equal to the sum of fifty cents (\$0.50) for each six hundred (600) gallons or fraction thereof of the total volume of fluid milk by him sold.

(c) A distributor, doing business during the twelve (12) months beginning October first and ending September thirtieth next preceding the license year, shall pay a license fee equal to the sum of fifty cents (\$0.50) for each six hundred (600) gallons or fraction thereof of the total volume of fluid milk by him sold, excepting that which is sold to another distributor.

(d) A producer-distributor or distributor, who deals in the handling of sweet cream but sells no fluid milk shall pay a license fee of one dollar (\$1.00).

(e) Any person required by this act to be licensed who, by reason of the fact that he has not previously engaged in the business, or who, for any other reason lacks the record of a full preceding year's business upon which to compute the amount of the fee of the license to be applied for, shall submit to the board such pertinent facts, records and information as the applicant may possess and the board may require concerning the volume of the applicant's business whether past or prospective as the case may be, and it shall be the duty of the board, upon the basis of the information thus or otherwise acquired to determine what, in conformity with the rates heretofore established, is a just and equitable charge for the license so applied for, and the sum so determined by the board shall be the legal license fee said applicant shall pay for the license year, or for the remaining quarter or quarters of the license year then current.

(f) The board may, if it deems advisable, permit licensees to pay license fees in installments.

(g) However, it is specifically provided with respect to the license fees for the license year beginning January first, nineteen hundred and thirty-nine, as follows:

Where any licensee has paid in to the board under the provisions of the heretofore existing milk control law any license fee or fees or assessments the board shall credit to the said licensee and apply the sum or sums so paid upon the amounts due from said licensee in payment for license or licenses required under this act; and the board is hereby authorized to adjust and equalize upon an equitable basis, all adjustment of license assessment accounts requiring adjustment by reason of the repeal of the heretofore existing milk control law and the substitution therefor of the provisions of this act. [As amended Sec. 9, Ch. 204, L. 1939.]

2640.10. Application for licenses. An applicant for license to operate as a producer, producer-distributor, or distributor shall file a signed application upon a blank prepared under authority of the board, and an applicant shall state such facts concerning his circumstances and the nature of the business to be conducted as in the opinion of the board are necessary for the administration of this act. Such application shall certify the applicant to be the holder of all licenses required by the Montana livestock sanitary board for the conduct of his business and such application shall be accompanied by the license fee required to be paid. The board may classify licenses and may issue licenses to dealers to carry on a certain designated kind of business only and shall require each dealer

to obtain a license for each subdivision of the industry in which he may engage whether as producer, distributor, or producer-distributor and a separate license for each separate market in which he may do business, provided that this shall not apply to transactions among and between distributors. Application shall be duly made, within ten days after this act takes effect in any market, by all dealers engaged in business in such market.

In all markets the license year shall begin with January first of each year, but where the case applies, as in the establishment of a new market or the licensing of an applicant newly engaging in business, the license fee shall be reduced twenty-five per cent (25%) for each fully elapsed quarter of the license year prior to the issuance of said license, provided, however, that no license fee, for any period, shall be less than twenty-five per cent (25%) of the yearly total. [En. Sec. 10, Ch. 204, L. 1939.]

2640.11. Declining, suspending and revoking licenses. The board may decline to grant a license or may suspend or revoke a license already granted for due cause upon due notice and after hearing. The violation of any provisions of this act or of any lawful order or regulation of the board, the failure or refusal to make required statements or reports, and aggravated delinquency in the payment of license fees or any of them shall be deemed causes for which the board may, at its discretion, suspend or revoke a license, provided that no license shall be fully revoked except upon the approval of a majority of all members of the board. [En. Sec. 11, Ch. 204, L. 1939.]

2640.12. Delinquency and penalty. Any person who fails to pay his license fee when due or within the time, if any, extended by the milk control board for the payment of such license fee, shall automatically owe a penalty of ten per cent (10%) of the delinquent portion of said yearly license fee. And in the event of a license being revoked for failure to pay a license fee as required in this act, the license shall not be reinstated except upon payment, in full, of the delinquent yearly fee or the delinquent portion thereof, as the case may be, plus a ten per cent (10%) penalty upon the delinquent amount. [En. Sec. 12, Ch. 204, L. 1939.]

2640.13. Rules and orders. The board may adopt and enforce all rules and all orders necessary to carry out the provisions of this act. Every rule or order shall be posted for public inspection in the main office of the board for thirty (30) days, and a copy filed in the office of the board, also a copy sent by registered letter to the secretary of each area, excepting an order, directed only to a person or persons named therein, which shall be served by personal delivery of a copy, or by mailing a copy, in the United States mails, with postage prepaid and properly addressed to each person to whom such order is directed, or, in the case of a corporation, to any officer or agent of the corporation upon whom a summons may be served in accordance with the provisions of the statutes of Montana. Such posting, in the main office of the board, of any rule and of any order, not required to be served as above provided, and such filing in the office of the board shall constitute due and sufficient notice to all persons affected by such a rule or order. A rule or order when duly posted and filed or

served, as provided in this act, shall have the force and effect of law. [En. Sec. 13, Ch. 204, L. 1939.]

2640.14. Rules of fair trade practices. In addition to the general and special powers heretofore set forth, the board shall have the power to make and formulate, in any established market, reasonable rules and regulations governing fair trade practices as they pertain to the transaction of business among licensees under this act within that market. [En. Sec. 14, Ch. 204, L. 1939.]

2640.15. Entry, inspection and investigation. The board, or any person designated for that purpose by the board, shall have access to, and may enter, at all reasonable hours, all places where milk is produced, processed, bottled, handled or stored, or where the books, papers, records, or documents relative to such transactions are kept and shall have the power to inspect and copy the same in any place within the state, and may administer oath, and take testimony for the purpose of ascertaining facts, which, in the judgment of the board, are necessary to administer this act, but any such information so derived shall be treated as confidential by the board and shall be used by it only for the administration of this act and not for general public issue. Any member or employee of the board and any person assisting the board in the administration of this act, who shall acquire any information, while in the employ of the board, in respect to the transactions, property, files, records, or papers of the board, or who shall acquire any information, while in the employ of the board, in respect to the business or mechanical, chemical or other industrial processes belonging to or employed by any person and who shall divulge the same to any person other than members of the board or the superior of any such employee of the board, except when called upon to testify in any action or proceeding in any court, wherein the board is a party, shall be guilty of a misdemeanor. [En. Sec. 15, Ch. 204, L. 1939.]

2640.16. Reports of dealers. The board shall have the power to require all persons holding licenses under it to file with the board such reports at such reasonable or regular time as the board may require, showing such person's production, sale, or distribution of milk, and any information deemed by the board necessary which pertains to the production, sale or distribution of such milk, either under oath or otherwise, as the board may direct, and failure or refusal to file such reports when directed to do so by the board or its duly designated agent shall constitute grounds for the revocation of such person's license and shall constitute a violation for which such person may be fined as hereinafter provided, one or both, at the discretion of the board. [En. Sec. 16, Ch. 204, L. 1939.]

2640.17. Disposition of license fees and fines. All fines assessed in any court for violation of the provisions of this act shall be paid over by the court to the milk control board or its properly designated agent.

All moneys received by the board shall be deposited with the state treasurer and shall be placed by him in an account to be known as the milk control board fund, the state treasurer being hereby directed and authorized to keep account of said fund and pay all warrants drawn by the state auditor, pursuant to this act, out of the said fund hereby established. All

such receipts, including fines assessed for violations of this act, are hereby appropriated for the purposes of this act. [En. Sec. 17, Ch. 204, L. 1939.]

2640.18. Formation of local associations. The board shall have power and it shall be the duty of the board to promote and foster in each established market, an association organized under regulations satisfactory to the board and composed of all licensees of the board and designated as the dairymen's association of such market. It shall be the function of such association to promote the mutual interests of its members and of the dairy industry, but its specific function with relation to the board shall be to provide an instrument whereby the licensees within the market may and they shall unitedly cooperate with and be of assistance to the board in determination, assembling and presentation of facts and findings relative to the costs of production, costs of distribution, and other factors upon which price schedules shall be based, and to otherwise counsel and assist the board as opportunity may afford in carrying out and enforcing the provisions of this act.

Such associations are hereby declared to be instrumentalities of the board and as such may receive as compensation for their services and as a means to their efficiency a percentage of the license fees paid to the board from the market so organized not to exceed ten per cent (10%) of the annual total of such license fees. [En. Sec. 18, Ch. 204, L. 1939.]

2640.19. Cooperative corporations. No provision of this act shall be deemed or construed to prevent or abridge the right of a cooperative corporation or association organized under the laws of the state of Montana and engaged in marketing or making collective sales of milk produced by its members, from blending the net proceeds of all its sales in various classes and paying its producers such blended price, with such deductions therefrom and/or differentials as may be authorized under contracts between such corporation and its members, or from making collective sales of the milk of its members and/or other producers represented by or marketing through it at a blended price based upon sales thereof in the various classes and markets, or to prevent or abridge the right of any milk dealer from contracting for his milk with such cooperative association upon such basis, or to affect or impair the contracts of any such cooperative association with its members or other producers marketing their milk through such corporation, or to impair or affect any contracts which any such cooperative association has with milk dealers or others, or affect or abridge the rights and powers of any such cooperative association conferred by the laws of the state of Montana under which it is incorporated; provided, that the prices to be paid for milk marketed by or through any such corporation shall be those fixed by the order of the board. [En. Sec. 19, Ch. 204, L. 1939.]

2640.20. Hearings—fees. Each officer, other than an employee of the board, who serves any subpoena of the board, shall receive the fees legally provided for such service and each witness who appears in obedience to a subpoena, before the board or a member or its agent, shall receive for his attendance the fees and mileage provided for witnesses in civil cases in district courts, which fees shall be audited and paid in the same manner as other expenses are audited and paid upon the presentation of proper vouchers, approved by the board.

No witnesses subpoenaed at the instance of a party other than the board, or one of its members, or its agent, shall be entitled to compensation unless the board shall certify that his or her testimony was material to the matter investigated. [En. Sec. 20, Ch. 204, L. 1939.]

2640.21. Cooperation with other governmental agencies. In order to secure a uniform system of milk control, the board is hereby vested with power, and it shall be its duty to confer and cooperate with the legally constituted authorities of other states and of the United States, including the secretary of agriculture of the United States, and, for the foregoing purposes, the board shall have the power to conduct joint hearings, issue joint or concurrent orders and exercise all its powers under this act. [En. Sec. 21, Ch. 204, L. 1939.]

2640.22. Violations made misdemeanors—penalties. (a) Any person, required by this act to be licensed, who shall produce, sell, distribute, or handle milk in any way, except as a consumer, without first having obtained a license, as required of him by this act, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding six hundred dollars (\$600.00). Each day's violation of this provision shall constitute a separate offense. A violation of any provision of this act or of any lawful rule of order of the board, including a failure to answer subpoena or to testify before the board, shall be deemed a misdemeanor punishable by a fine not exceeding six hundred dollars (\$600.00), and each day during which such violation shall continue shall be deemed a separate violation.

(b) The district courts shall have original jurisdiction in all criminal actions for violations of the provisions of this act, and in all civil actions for the recovery or enforcement of fines, provided for in this act, and all such actions, both criminal and civil, shall be instituted, prosecuted and tried in the district court.

(c) It shall be the duty of the county attorneys and deputy county attorneys, in their respective counties, diligently to attend all inquisitions held under the provisions of this act and diligently to prosecute all violations of the laws of the state relating to the provisions of this act. [En. Sec. 22, Ch. 204, L. 1939.]

2640.23. Constructions, exceptions and limitations. The license required by this act shall be in addition to any other license required by any statute of Montana or any municipality of the state of Montana. This act shall apply to every part of the state of Montana.

If any portion of this act is held invalid or unconstitutional such holding shall not affect the validity of the act as a whole, or any part thereof which can be given effect without the part so held to be unconstitutional or invalid.

No provision of this act shall apply or be construed to apply to foreign or interstate commerce except insofar as the same may be effective in compliance with the United States constitution, and with the laws of the United States. It is the intention of the legislature, however, that the instant, whenever that may be, that the handling, within the state by a dealer, of milk produced outside of the state, becomes the subject of regulation by the state in the exercise of its police powers, the provisions of this act, affect-

ing intrastate milk, shall immediately apply and the powers conferred by this act shall attach thereto. [En. Sec. 23, Ch. 204, L. 1939.]

2640.24. Additional remedies. The board or its authorized agent may institute such action at law or in equity as may appear necessary to enforce compliance with any provision of this act or to enforce compliance with any order, rule or regulation, of the board pursuant to the provisions of this act or to obtain a judicial interpretation of any of the foregoing, and in addition to any other remedy, the board, after unanimous consent of all members of the board, may apply to the district court of the district wherein the action arises, for relief by injunction, mandamus or any other appropriate remedy in equity without being compelled to allege or prove that an adequate remedy at law does not otherwise exist, nor shall the board be required to give or post bond in any action to which it is a party whether upon appeal or otherwise. All legal actions may be brought by or against the board in the name of the Montana milk control board and it shall not be necessary in any action to which the board is a party that such action be brought by or against the state of Montana on relation of the Montana milk control board. The board shall have the power to institute action by its own attorney or counsellor, but it shall have the right, if it deems advisable, to call upon any county attorney to represent it in the district court, of the county in which the action is taken, or the attorney general to represent it on appeal to the supreme court of Montana, or it may associate its own counsellor with either in any court. [En. Sec. 24, Ch. 204, L. 1939.]

2640.25. Transfer of Assets. All assets, appurtenances and funds of the previously existing milk control board are hereby transferred to the herein created board. [En. Sec. 25, Ch. 204, L. 1939.]

CHAPTER 245, ELECTRICAL CONSTRUCTION—REGULATION— MOVING STRUCTURES WHEN INTERFERENCE WITH POLES OR WIRES NECESSARY

2711.1. Moving of structures—interference with electric wires. No person, firm or corporation moving, hauling or transporting any house, building, derrick or other structure shall cut, move, raise or in any manner interfere with an electric light or electric power wire or poles, or with telephone or telegraph wires or poles, without giving notice to the owner or agent of said wires or poles, as hereinafter provided. [As amended Sec. 1, Ch. 174, L. 1937.]

2711.4. Interference with lines. It shall be unlawful for any person, firm or corporation engaged as principal or employer in moving any house, building, derrick or other structure, as provided in the above sections, to move, touch, cut, molest or in any way interfere with any electric light, electric power, telephone or telegraph wires, or any poles bearing any such wires, except in compliance with the provisions of this act. [As amended Sec. 2, Ch. 174, L. 1937.]

2711.5. Electrical construction by rural electrification associations. That from and after the passage of this act all electrical construction conducted, and to be operated by any rural electrification association and constructed, and to be operated in pursuance of the authority of the rural electrification administration of the federal government, within the state of Montana shall

be in conformity with the rules and regulations set forth in the national electrical safety code approved by the American engineering standards committee as published by the department of commerce of the United States and any and all revisions thereof as the same may exist from time to time. [En. Sec. 1, Ch. 194, L. 1939.]

2711.6. National electrical safety code supersedes state statutes, when. That the provisions of the national electrical safety code, as designated in section 2711.5, wherever the same may be in conflict with or in any manner contravene the provisions of chapter 245 of the Revised Codes of Montana, 1935, shall be deemed and construed as superseding, amending and modifying the provisions of chapter 245 insofar as the provisions thereof conflict with the provisions of the national electrical safety code; provided that the provisions of this section shall apply only to electrical construction conducted and operated in pursuance of the authority of the rural electrification administration of the federal government. [En. Sec. 2, Ch. 194, L. 1939.]

2711.7. Violation of act of misdemeanor—penalty. Every person, firm or corporation which shall violate any provisions of this act shall be guilty of a misdemeanor. [En. Sec. 3, Ch. 194, L. 1939.]

CHAPTER 248, UNIFORM AERONAUTICS ACT

2736.7. Lawfulness of flight—landings—recovery of damages. Flight in aircraft over the lands and waters of this state is lawful, unless at such a low altitude as to interfere with the then existing use to which the land or water, or the space over the land or water, is put by the owner, or unless so conducted as to be imminently dangerous to persons or property lawfully on the land or water, or in violation of the air commerce regulations which have been, or may hereafter be, promulgated by the department of commerce of the United States. The wilful and malicious use of aircraft in stunting or diving over livestock in a manner calculated to frighten or stampede them, shall be deemed an unlawful use thereof, and actual and punitive damages, in addition to the penalties, provided by this act, may be recovered in an action for damages caused therefrom.

The landing of an aircraft on the lands or waters of another, without his consent, is unlawful, except in the case of a forced landing. For damages caused by a forced landing, however, the owner or lessee of the aircraft of the pilot shall be liable for actual damage caused by such forced landing. [As amended Sec. 1, Ch. 109, L. 1939.]

CHAPTER 248-A, ELIMINATING OBSTRUCTIONS NEAR AIRPORTS AND LANDING FIELDS

2736.11. Necessity of eliminating obstructions near airports and landing fields. That for the purpose of insuring and securing safety from death or bodily harm and injury for aeronauts and passengers and to protect the property of those engaged in aeronautics and to encourage and promote air travel and transportation of mail, passengers, express and freight by air, it is deemed necessary to eliminate dangerous obstructions of air space in the vicinity of airports or landing fields which may now be or which may hereafter be acquired, owned, operated or controlled or maintained by the United States, the state of Montana, any county of the state of Montana or

any municipality thereof; and to promote the public order, health and safety by providing unobstructed air space for the safe descent, landing, ascent and operation of aircraft while using or utilizing the said public airports in the state of Montana, the height of buildings and other structures in the vicinity of the airports and landing fields in the state of Montana owned, leased, operated, maintained or controlled by any of the public authorities aforesaid, regulated and restricted as hereafter set forth and provided. [En. Sec. 1, Ch. 12, L. 1939.]

2736.12. Restrictions as to height of structures. For the purposes set forth in section 2736.11 and considering among other things:

(a) Requirements and facilities necessary to secure the safe descent, landing, ascent and operation of aircraft using or utilizing the public airports and landing fields aforesaid in the state of Montana;

(b) Hazard from the obstruction of air space in the vicinity of such airports and landing fields;

(c) The relation of the height of buildings and other structures in the vicinity of such airports and landing fields to such hazards;

(d) The area within which height of buildings and other structures may dangerously obstruct air space in the vicinity of public airports and landing fields;

(e) The height of buildings or other structures within such area, which is consistent with the safe use of such airports and landing fields; and

(f) The maintenance and use of obstruction markers and/or lights upon buildings and other structures within the said areas, as safety devices;

The height of buildings and/or other structures is hereby regulated and restricted within a distance of two (2) miles from any such public airport or landing field, measured at a right angle from any side or in a radial line from any corner of the established boundary line thereof, in any and all directions, as follows:

(1) **Approach Zone:** The trapezoidal portion of the total two mile zone area, 500 feet in width at the boundary of the field or airport, and broadening to a width of 2500 feet two miles distant, the center line of which shall be a continuation of the center line of each runway at and upon such public airports and landing fields, known as the approach zone, shall have no building, or other structure, natural feature or object of any kind therein, the height of which is more than one-twentieth its distance from the nearest boundary of the airport or landing field.

(2) **Turning Zone:** The remaining portion of the two mile zone area surrounding such public airports and landing fields aforesaid, lying between the approach zones aforesaid, and known as turning zones, shall have no building or other structure, natural feature or object of any kind therein, the height of which is more than one-seventh its distance from the nearest boundary of the airport or landing field.

In measuring distances and heights to determine the zone standard, measurements shall be taken from the nearest side of the building or structure or other object, to the nearest side of the airport or landing field aforesaid, and in the event of airports having boundaries not regular, the nearest established perimeter of such port and field shall be used, as distinguished from actual boundary. [En. Sec. 2, Ch. 12, L. 1939.]

2736.13. Enforcement of act. It shall be the duty and authority of every public body or governmental authority owning, operating or maintaining a public airport or landing field, to enforce the provisions of this act as pertains to areas surrounding the particular airport under the control of such body, the same to be enforced in either the court of law or of equity in the state of Montana having jurisdiction of such action, cases to be instituted in the name of the governmental body charged hereunder with the enforcement hereof, and such action may be to prevent the erection, construction or maintenance of such buildings or other structures or parts of buildings or structures, as may exceed the height limits heretofore fixed by this law, or to restrain, correct or abate any such violation, and to prevent the occupancy and use of any part of a building or structure erected in violation of this law. [En. Sec. 3, Ch. 12, L. 1939.]

2736.14. Permit to erect structures near airports or landing fields. It is hereby made the duty of every person, firm or corporation in this state, proposing to erect, establish or maintain any building or other structure, or to grow any natural object that would exceed the height limit established by law when grown, to proceed to erect, establish or maintain such structure, or plant said natural object, without first making application to the proper officer of the United States, the state of Montana, any county or any municipality (where the proposed erection or action is within two miles of a public airport or landing field as herein set forth), whichever of said bodies has control of the airport or landing field affecting the area, and obtaining from the proper authority a permit for the erection, establishment and maintenance of the structure, building or object proposed; and, no permit shall be granted unless the specifications of the building or other structure or object reveal that the total height shall not exceed the height limits fixed by law for the zone in which the same is to be established; and no permit shall be issued in violation hereof, and any erection or maintenance without a permit which is in violation hereof, shall be ineffectual in law or equity, and shall be and remain a nullity so far as this act is concerned, and the enforcement remedies hereunder. [En. Sec. 4, Ch. 12, L. 1939.]

2736.15. Provision with relation to existing structures. With respect to any building or other structure existing at the time of the passage of this act, and which does not conform to the regulations of this act in the matter of height, the governmental authority affected thereby, whether the United States, the state of Montana, the several counties, or the several municipalities, in their own right and name, to protect their own airports and landing fields, and to carry out the purposes and provisions of this act, shall have and they are hereby given the right and authority to acquire by purchase, grant, or by condemnation, such estate or interest in any such building or structure or other object, whether natural object or not, and/or in the lands upon which situated, as is necessary to vest full and absolute ownership and control in perpetuity of the space above such land to the extent necessary to correct or abate the height of any such non-conforming building or other structure or object to meet the requirements of this act as to height limitation, within the zones designated. [En. Sec. 5, Ch. 12, L. 1939.]

2736.16. Definition of terms. Certain words in this act are defined for the purposes of the act as follows, unless the contrary clearly appears from the context, viz:

(a) **Airport and landing field:** These terms apply to any area of land, water, or both, which is used or is made available for the landing and take-off of aircraft, owned, leased, controlled, operated or maintained by the United States, the state of Montana, any county thereof, or any municipality, or any of the authorized agencies or branches thereof, within the state of Montana.

(b) **Height of buildings and structures:** The height of a building or structure for the purposes of this act is the vertical distance measured from the ground or surface level of the airport or landing field, on the side adjacent to the said building or structure to the level of the highest point of the building or structure.

(c) **Buildings or structure:** Any edifice, structure or construction of any kind, character or description, and any object of natural growth, erected, constructed, grown, located or proposed to be erected, constructed, grown or located within the area described in section 2736.12 as safety zones, including any edifice, structure, or construction or object within said restricted zones, erected, constructed, placed or located on or over land and/or water.

(d) **The established perimeter of an airport or landing field,** for the purposes of computing all distances and elevations as contemplated by this act, shall be the metes and bounds and elevations along the respective sides thereof as determined by the United States government, the state of Montana, the several counties, the several municipalities, or other public authority owning, leasing, controlling, operating or maintaining such airport or landing field, the determination and definition to be evidenced by plat showing the metes, bounds and elevations to be filed in and among the records of said public authority for official purposes, and subject to inspection and examination at all reasonable times by any interested persons. [En. Sec. 6, Ch. 12, L. 1939.]

2736.17. Act not applicable to emergency landing strips. This act shall not apply to any landing fields or strips now established or hereafter established by the civil aeronautics authority of the United States government, known as "emergency landing strips", which do not provide at least 1800 feet of landing area in all directions and which do not provide facilities for the housing, supply and servicing of aircraft. [En. Sec. 7, Ch. 12, L. 1939.]

2736.18. Restriction as to lights. No searchlight, beacon light, or other glaring light shall be used, maintained, or operated within said Montana airport zoning areas, so that the same shall reflect, glare, or shine upon or in the direction of the airports. [En. Sec. 8, Ch. 12, L. 1939.]

2736.19. Effect of invalidity of part of act. If any portion or section or clause of this act shall be declared unconstitutional or invalid, such declaration shall not invalidate the remaining portion of this act that can be applied without the aid of the invalid portions, and to that extent and end, the provisions hereof are declared to be severable. [En. Sec. 9, Ch. 12, L. 1939.]

2736.20. Penalty for violations of act. Any person or firm or corporation violating any of the provisions of this law shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than \$500.00 or by imprisonment for a period of not more than six (6) months, or by both such fine and imprisonment. Each such person, firm or corporation shall be deemed guilty of a separate offense for every day during any portion of which any violation of this law is committed, continued or permitted by such person, firm or corporation, and shall be punishable as provided by such law. [En. Sec. 12, Ch. 12, L. 1939.]

CHAPTER 250-A, STATE BOARD OF FORESTRY—PROTECTION AND CONSERVATION OF FORESTS

2778.8. State board of forestry created—members—meetings—compensation. For the purposes of protection and conservation of forest resources, forest range and water, of regulation of stream flow, and of prevention of soil erosion, and for the further purpose of more adequately promoting and facilitating the cooperation, financial and otherwise, between the state of Montana and all of the public and private agencies with which it is now or later may be associated in such work, there is hereby created the Montana state board of forestry, hereinafter designated as the board. The board shall consist of seven members, who shall be appointed by the governor as follows: One member of the state water conservation board of Montana, during his continuance in such office, designated by such board; the dean of the Montana school of forestry during his continuance in such office; one elector of the state of Montana, appointed upon recommendation of the Blackfoot forest protective association, or its successors; one elector of the state of Montana, appointed upon recommendation of the northern Montana forestry association, or its successors; one elector of the state of Montana, appointed upon recommendation of the Montana lumber manufacturers' association, or its successors; one elector of the state of Montana, appointed upon the joint recommendation of the Montana stock growers' association and Montana wool growers' association, or their successors; and one elector of the state of Montana, appointed upon recommendation of the regional forester of region No. 1 of the United States forest service, as a representative of the United States forest service. The members appointed shall serve for a term of four years, or during their

continuance in office as the case may be. In the event of death, resignation or disqualification of any member of the board, his successor shall be appointed in the same manner that he was appointed, and shall serve for the remainder of his term. The board shall hold two regular meetings each year at the times and places designated by it. The dates of such regular meetings shall be shown in the permanent minute book of the board and notice of the date, time and place of each meeting shall be given in the manner prescribed by the board. The board shall at its first regular annual meeting each year elect a chairman to serve during the ensuing year. The state forester of Montana shall serve as secretary of the said board without compensation for such services or for any work done for the board, other than his regular compensation as state forester of Montana. No compensation shall be paid to any member of the said board by the state of Montana for any services rendered or work done, except that members of the board attending authorized regular or special meetings for transacting official business will be allowed actual expenses in attendance at such meetings. Special meetings may be called in the manner prescribed by the board. [En. Sec. 1, Ch. 128, L. 1939.]

2778.9. Function of the board. It shall be the function of the board to cooperate in an advisory capacity with the state water conservation board and all public and other agencies in the development, protection and conservation of the forest, range and water resources in the state of Montana, and to carry out the specific authorities and duties hereinafter imposed upon it. [En. Sec. 2, Ch. 128, L. 1939.]

2778.10. Definitions. The following words and phrases used in this act are hereby defined:

“Organized forest protection district” is defined as a definite forest land area, the boundaries of which are fixed, and wherein, through the medium of an agency recognized by the board, the forest land owners, whether state, county, municipal or private, pay the actual cost of fire protection and fire suppression on a pro rata basis for acreage owned within the district.

“Fire district” is defined as a subdivision of an organized forest protection district, or a forest area outside the boundaries of an organized forest protection district, but adjacent thereto and which can be made a part thereof.

“Recognized agency” is defined as an association of owners of forest lands in an organized forest protection district, organized for the purpose of providing forest protection and fire suppression in such district and financed by the owners in said district, and recognized by the board as giving adequate fire protection to such forest lands in accordance with rules and regulations prescribed by the board. Any public agency administering and protecting forest lands may also be recognized by the board as such an agency.

“Forest fire season” is defined as the period of each year beginning on May first and ending on September thirtieth, inclusive; provided, however, that in the event of excessive or great fire danger, the board may expand the said season within any district, or in any part thereof, for not more than thirty extra days, and when so expanded the board shall give such public notice thereof as it may deem necessary.

“Forest protection” is defined as the work of prevention, detection and suppression of fire in forest material or on forest land.

“Owner” is defined as the person, firm, association or corporation having the actual, beneficial ownership of forest land, or timber, other than an easement, right of way, or mineral reservation. [En. Sec. 3, Ch. 128, L. 1939.]

2778.11. Responsibility of owner and title holder—application of act to state forest lands. (a) In any instance where the owner as herein defined does not appear upon the public records as the holder of the legal title to such land or timber, he is nevertheless primarily responsible for the performance of the acts and duties imposed upon him by this act. In addition thereto, the holder of the legal title to such land or timber as it may appear upon the public records is hereby made secondarily responsible for the performance of the acts and duties imposed upon the owner by this act and is subject to the same liabilities and penalties as such owner. Where the owner of the timber is not the owner of the land, the primary responsibility for the performance of the acts and duties imposed by this act shall be upon the owner of the timber.

(b) This act shall apply to all forest lands within the state of Montana which shall be officially classified by the board as forest lands for which conservation and fire protection measures are reasonably required. [En. Sec. 4, Ch. 128, L. 1939.]

2778.12. Powers of board. To effectuate, accomplish and maintain the purposes of this act, the board is hereby authorized and empowered:

(a) To classify the forest land areas of the state as to forest lands for which conservation and fire protection measures are reasonably required, and to change or modify such classification from time to time as in its judgment shall be proper.

(b) To create fire districts in any organized forest protection district upon recommendation thereof by the recognized agency in such district, the creation of such fire districts to be based upon differences in classification as to timber types, fire hazards, and cost of forest protection between such fire districts and other parts of the forest protection district in which the same are situated. When such fire districts are created by the board the assessment upon owners therein for the cost of forest protection as provided for by this act shall be fixed and determined in accordance with such classification.

(c) To provide for the protection of any forest lands by its own organization, or by contract or any other feasible means, independently or in cooperation with any federal, state or other recognized agency or agencies.

(d) To make and enforce reasonable rules and regulations for the purpose of enforcing and accomplishing the provisions and purposes of this act; provided, however, that such rules and regulations shall not conflict with the powers of the state board of land commissioners.

(e) To cooperate with the government of the United States and any of its bureaus, services and agencies in accordance with federal statutes and regulations thereunder. [En. Sec. 5, Ch. 128, L. 1939.]

2778.13. Advice concerning soil and forest conservation. The board is hereby authorized and empowered to give technical and practical advice to

the farmers of the state concerning soil and forest conservation and the establishment and maintenance of woodlots, windbreaks and shelters. [En. Sec. 6, Ch. 128, L. 1939.]

2778.14. Assistance to state board of land commissioners. The board is hereby directed to assist the state board of land commissioners in the protection, economic development, and use of the state forests and forest land held by the state for the purposes and benefit of the common schools and state institutions. [En. Sec. 7, Ch. 128, L. 1939.]

2778.15. Protection of state-owned forest lands. Where the state has title to forest lands within any organized forest protection district, it shall be considered as an owner and it shall list its lands and pay the assessments to the recognized agencies responsible for lands in such organized forest protection districts. [En. Sec. 8, Ch. 128, L. 1939.]

2778.16. Fire protection—duty of owner to provide—when board may furnish. Every owner of forest land classified as such by the board is hereby required to furnish protection against the starting or existence, and to suppress the spread, of fire on such land during the full period of each forest fire season defined by this act. Such protection and suppression shall be in conformity with reasonable rules and standards for adequate fire protection to be prescribed by the board. If such owner does not provide for such protection and suppression, said board may provide the same, at a cost of not less than one cent or more than five cents per acre per annum, and in the event thereof, the owner of such land shall pay to the county treasurer of the county in which such land is situated, the charge for the same approved by the board, in accordance with the provisions of this Act. [En. Sec. 9, Ch. 128, L. 1939.]

2778.17. Membership in forest protection agency sufficient compliance. Every owner of forest lands within an organized forest protection district, while a member of, or while participating in a recognized agency for forest protection shall be deemed to have fully complied with the requirements of section 2778.16. [En. Sec. 10, Ch. 128, L. 1939.]

2778.18. Collection of cost of forest protection. On or before the first Tuesday in September of each year, the secretary shall determine the actual cost per acre of forest protection furnished and provided by the board in each organized forest protection district, fire district and in all other forest land areas, said cost to be calculated to the end of the preceding fiscal year, June 30. The secretary shall further determine the names of all owners who shall have failed to provide the forest protection for their lands required by this act, together with the description of such lands and the acreage thereof, and calculate the total amount due to the board from each such owner for such forest protection which shall not exceed the maximum hereinbefore specified.

The secretary shall submit a statement of the foregoing to the board and upon approval thereof by the board, the secretary shall certify in writing to the county clerk and recorder of each county, the names of such owners of forest lands in his county, together with a description of such lands and a statement of the amount so found to be due and owing by each of such owners to the board for forest protection which shall not exceed the maximum hereinbefore specified.

Upon receiving such certificate from the secretary showing the amounts due, the clerk and recorder shall extend the amounts so certified upon the county tax rolls covering such lands, and such sums shall become obligations of the owner to be paid and collected in the same manner and at the same time and with like penalties as general state and county taxes upon the same property are collected. All sums so collected shall be promptly transmitted to the state treasurer, who is hereby required to deposit the same in a special fund designated the foresters' cooperative work fund, as hereinafter provided for. [En. Sec. 11, Ch. 128, L. 1939.]

2778.19. Payment of costs under protest. Any owner who is required to pay to the county treasurer any sum for forest protection as required by this act and who contends that he is not legally obligated to pay such sum or some part thereof, shall pay the same to the county treasurer under written protest stating the reasons for such protest. Such payment under protest, and all proceedings subsequent thereto, shall be in conformity with the provisions of the law of the state of Montana, providing for the payment of taxes under protest and action to recover the same. In the hearing and determination of any such action to recover such payment under protest, all questions of the legality and reasonableness of the proceedings of the board may be reviewed and decided. [En. Sec. 12, Ch. 128, L. 1939.]

2778.20. Lien on timber for amounts due—foreclosure. Whenever the said board provides forest protection during a forest fire season for any forest land or timber not protected by the owner thereof as required by this act, the amount due for such forest protection shall be and become a lien upon such land or timber which shall continue until such time as the amount due shall have been paid. Such lien shall have the same force, effect and priority as general tax liens under the laws of the state of Montana, and shall be subject and inferior only to tax liens on such lands. The county attorney of the county in which such land is situated shall on request of the said board foreclose the said lien in the name of the state of Montana and in the manner provided by law, or said county attorney upon the request of the said board, shall institute an action against the forest landowner, in the name of the state, in any district or justice court having jurisdiction, to recover the debt, and the state in such action shall not be required to pay any fees or costs to the clerk of the court or justice of the peace. The complaint and all subsequent proceedings in such action shall conform as nearly as practicable to that provided by section 2254, Revised Codes of Montana of 1935. The remedies provided by this section shall be deemed cumulative and shall not affect the other provisions of this act for the payment and collection of amounts due to the board. [En. Sec. 13, Ch. 128, L. 1939.]

2778.21. Permit required to set fires in forests during fire season—campfires excepted, when. 2812. Careless use of explosives a misdemeanor.

An information charging one as an accessory of another in the violation of the provisions of section 2812, Revised Codes, prohibiting the reckless use of highly explosive substances by which others may be endangered, held insufficient, such offense being declared by that section as a misdemeanor; the contention of the state that since by section 2813, a part of the same act, a violation of any provision of the act is made punishable by imprisonment in the state penitentiary, the offense becomes a felony, not being meritorious.

State v. Williams, 106 M 516, 522 et seq., 79 P 2d 314.

Id. In application of the last above rule to sections 2806-2814, Revised Codes, regulating the handling of explosives and parts of the same act, held that section 2813 declaring penalties is a general provision, that sections 2812 and 2814 must be regarded as exceptions thereto, and that therefore section 2812, involved in the instant case, is controlling as to the gravity of the offense committed.

Sections 2806-2814, Revised Codes, regulating the handling of explosives and parts of the same act, held that section 2813 declaring penalties is a general provision, that sections 2812 and 2814 must be re-

garded as exception thereto, and that therefore section 2812, involved in the instance case, is controlling as to the gravity of the offense committed. *State v. Williams*, 106 M 516, 523, 79 P 2d 314.

power. *State v. District Court et al.*, 103 M 487, 496, 63 P 2d 141.

act were violated by a licensee, refers to the examination of the books of account of the retailer and the premises occupied by him in doing business mentioned in section 2815.30 of the statute. *State v. District Court et al.*, 103 M 487, 500 et seq., 63 P 2d 141.

2815.45. Revocation or suspension of license.

Under the rule of statutory construction that a relative clause must be construed to relate to the nearest antecedent that makes sense, held that the provision of section 2815.45 relative to the cancellation or suspension of beer licenses when the Beer Control Board shall find "upon such examination" that the provisions of the act

were violated by a licensee, refers to the examination of the books of account of the retailer and the premises occupied by him in doing business mentioned in section 2815.30 of the statute. *State v. District Court et al.*, 103 M 487, 500 et seq., 63 P 2d 141.

2815.52. Sale of beer by state board of liquor control unlawful. [Repealed Sec. 10, Ch. 30, L. 1937.]

CHAPTER 255, STATE LIQUOR CONTROL ACT OF MONTANA**2815.60. Citation of state liquor control act.**

Under Chapter 166, Laws of 1935, original jurisdiction is conferred on the district court in all criminal actions arising out of violations of the State Liquor Control Act (Chap. 105 Laws of 1933); hence a demurrer to an information charging such a violation interposed on the ground that a misdemeanor being charged, jurisdiction was in a justice of the peace court, did not lie. *State v. Driscoll*, 101 M 348 et seq., 54 P 2d 571.

Id. Held, that the Liquor Control Act (Chap. 105, Laws of 1933) is not invalid as providing revenue for the support and maintenance of the state by means other than taxation of property or a license tax.

Id. Held, that the contention that Chapter 105, Laws of 1933, the State Liquor Control Act, which originated in the state senate, and the purpose of which is to regulate the manufacture and sale of intoxicating liquor but which incidentally

results in profits to the state from its operation of state liquor stores, is unconstitutional as one enacted for the raising of revenue and hence should have originated in the house of representatives, may not be sustained.

Id. Title to Chapter 105, Laws of 1933, regulating the sale of intoxicating liquor, creating the liquor control board and providing for sale of liquor by state stores, etc., held not to offend against the constitutional provision that the subjects of the act must be clearly expressed in its title.

While under Chapter 29, Penal Code 1921, the sale of intoxicating liquor was made a nuisance, such sale is not now, either under section 8642, nor by the provisions of Chapter 255, Political Codes of 1935, the Liquor Control Act, necessarily a nuisance. *State ex rel. Nagle v. Naughton et al.*, 103 M 306, 316 et seq., 63 P 2d 123.

2815.63. Montana liquor control board—composition—powers—compensation—administrator—assistant—salaries. The "Montana liquor control board" shall consist of three members not more than two of whom shall be of the same political party to be appointed by the governor, with the advice and consent of the senate, and each of said members shall have been a resident of the state of Montana for a period of five years and a citizen of the United States and of the state of Montana. Each member of the Montana liquor control board shall hold office for a term of four years and until his successor is appointed and qualified, provided, however, that in the appointment of the members of the first board to be appointed, under the terms of this act, one of such members shall be appointed to hold office for a term of two years, and two of such members shall be appointed to hold office for a term of four years; and provided, further, that the members of said board may be removed from office at any time by the governor, for cause. The governor shall designate the term of service of each member first appointed, so that the term of one shall end March 1, 1939, and the term of two shall expire March 1, 1941. Each succeeding member shall hold his office for a term of four years and until his successor shall be appointed and shall have qualified. Succeeding appointments, except when made to fill a vacancy, shall be made on or before the 31st day of January during the biennial session of the legislature, next preceding the commencement of the term for which the appointment is

made; provided, that the governor shall nominate and transmit to the state senate the names of the first members of the said board, on or before the 3rd day of March, 1937. Each of the members of the Montana liquor control board shall receive, as compensation for his official services, the sum of ten dollars (\$10.00) per diem, for each day actually engaged in the duties of his office, including his time of travel between his home and place of employment of such duties, together with the traveling expenses while away from home in the performance of the duties of his office, the maximum amount each member of the commission shall receive for per diem shall not exceed five hundred dollars (\$500.00) per annum. The board shall hold its meetings at the city of Helena or at such other places as may be designated by the board. The board shall choose one of its own members as chairman, and shall appoint a state liquor administrator, who shall not be a member of the board and who shall be ex-officio the secretary of the board. The board may also, in its discretion, appoint an assistant state liquor administrator and other employees. Each member of the board shall take and file the constitutional oath of office before entering the performance of his duties, and he shall give bond conditioned for the faithful performance of his duties, in the sum of twenty-five thousand dollars (\$25,000.00). A majority of the members of the board shall constitute a quorum for the transaction of business. The board shall have the powers and duties herein specified and the administration of the state liquor control act of Montana and the Montana beer act, including the general control, management and supervision of all state liquor stores, but the board is authorized to delegate to the state liquor administrator the general control, management and supervision of all state liquor stores, including the power to purchase supplies for same and the power to hire and discharge employees of the board, subject, however, to such regulations and restrictions as the board may impose upon the state liquor administrator.

The board shall fix the salary of the state liquor administrator in such sum as it deems advisable, not exceeding five thousand dollars (\$5000.00) per year, and it shall fix the salary of the assistant state liquor administrator at such sum as it deems advisable, not exceeding four thousand dollars (\$4000.00) per year. The board shall fix the salaries of all other employees of the board, but in no case shall the salaries of such other employees exceed the sum of three thousand dollars (\$3000.00) per year.

The assistant state liquor administrator shall exercise such powers and perform such duties in the administration of the state liquor control act and Montana beer act as the board may prescribe. [As amended Sec. 1, Ch. 30, L. 1937.]

2815.65. Administrator—oath—bond—duties. The state liquor administrator, before entering upon the performance of his duties, shall take and file the constitutional oath of office and he shall give bond in such sum as the board may determine, and he shall devote his whole time and attention to the administration of the state liquor control act of Montana and the Montana beer act and shall receive no other compensation from any source whatsoever, or follow no other occupation. [As amended Sec. 2, Ch. 30, L. 1937.]

2815.66. Term of office of administrator and assistant. The state liquor administrator and the assistant state liquor administrator, if one is ap-

pointed by the board, shall hold office during the pleasure of the board. [As amended Sec. 3, Ch. 30, L. 1937.]

2815.69. State liquor stores—establishment—hours—kinds and prices of liquors. The board shall establish and maintain at county seats and such other places as the board deems advisable, one or more stores to be known as “state liquor stores”, for the sale of liquor in accordance with the provisions of this act and the regulations made thereunder, and the board may, from time to time, fix the prices at which the various classes, varieties and brands of liquor may be sold, and prices shall be the same at all state stores. Such state liquor stores shall be and remain open during such period of the day as the board shall deem advisable, provided, however, that such stores shall be closed for the transaction of business on Sundays, legal holidays, and election days. [As amended Sec. 4, Ch. 30, L. 1937.]

2815.75. Time for sale of liquor from state stores. No sale or delivery of liquor shall be made on or from the premises of any state liquor store, nor shall any store be open for the sale of liquor

- (a) on any holiday;
- (b) on any day on which polling takes place at any national or state election held in the electoral district in which the store is situated;
- (c) on any day on which polling takes place at any municipal election held in the municipality in which the store is situated;
- (d) during such other period and on such other days as the board may direct. [As amended Sec. 5, Ch. 30, L. 1937.]

2815.77. Permits for residents and temporary residents—special permits—fees. (1) There shall be two classes of permits under this act:

- (a) Individual permits;
 - (b) Special permits.
- (2) Upon application in the prescribed form being made to the board, or to any official authorized by the board to issue permits, accompanied by payment of the prescribed fee, and upon the board, or such official being satisfied that the applicant is entitled to a permit for the purchase of liquor under this act, the board or such official shall issue to the applicant a permit of the class applied for, as follows:

(a) An “individual permit” in the prescribed form may be granted to an individual of the full age of twenty-one years, who has resided in the state, for the period of at least one month immediately preceding the date of his making the application, and who is not disqualified under this act, entitling the applicant to purchase liquor for beverage, medicinal or culinary purposes, in accordance with the terms and provisions of the permit, and the provisions of this act, and the regulations made thereunder;

CHAPTER 255-A, RETAIL SALE OF LIQUOR

2815.167. Declaration of policy—retail sale of liquor. It is hereby declared as the policy of the state that it is necessary to further regulate and control the sale and distribution within the state of alcoholic beverages, and to eliminate certain illegal traffic in liquor now existing, and to in-

sure the entire control of the sale of liquor in the Montana liquor control board, it is advisable and necessary, in addition to the operation of the state liquor stores now provided by law, that the said board be empowered and authorized to grant licenses to persons qualified under this act, to sell liquor purchased by them at state liquor stores at retail posted price in accordance with this act and under rules and regulations promulgated by the said board, and under its strict supervision and control, and to provide severe penalty for the sale of liquor except by and in state liquor stores and by persons licensed under this act. The restrictions, regulations and provisions contained in this act are enacted by the legislature for the protection, health, welfare and safety of the people of the state. [En. Sec. 1, Ch. 84, L. 1937.]

Held Constitutional.

State ex rel. Haynes v. District Court, 106 M 470, 473 et seq., 78 P 2d 937.

Held, that a city council could properly, under the statutes, limit the number of places in the city in which beer and liquor at retail might be sold, and after such limit had been reached could properly refuse to issue a license to one to whom a license issued by the State Liquor Control Board had been assigned, and in doing so was not depriving him of property without due process of law. State v. City Council of

City of Libby, 107 M 216, 218 et seq., 82 P 2d 587.

2815.196. Effective date of act—protests—elections. The provisions of this act as to the issuance of licenses as herein provided shall be effective thirty (30) days after the passage and approval of this act. In the event that during the said period of thirty (30) days, a duly verified petition in writing signed by not less than thirty-five per centum (35%) of the registered qualified electors of any county file with the board of county commissioners their protest against the issuance of any licenses as herein provided by the Montana liquor control board under the provisions of this act, then the said Montana liquor control board shall not issue any license or licenses within said county, except as herein provided.

The board of county commissioners must within five (5) days after the filing of said petition, meet and determine the sufficiency of the petition presented by ascertaining whether or not at least thirty-five per centum (35%) of the signers of said petition are registered electors of the territory or county affected. The board of county commissioners must within ten (10) days after the filing of such petition, if such petition be sufficient therefor make an order calling an election to be held within the county in the manner and at the places of holding an election for county offices in such county. Such election to be held on a day fixed by the board of county commissioners not more than thirty (30) days after the filing of such petition for the purpose of determining whether or not any license for the sale of spirituous liquors may be sold within the limits of the county as provided by the provisions of this act. [En. Sec. 30, Ch. 84, L. 1937.]

2815.197. Publication of election notice. The notice of election must be published once a week for four (4) weeks in such newspapers in the county where the election is to be held as the board of county commissioners may think proper. [En. Sec. 31, Ch. 84, L. 1937.]

2815.198. Form of ballots. The county clerk must furnish the ballots to be used at such election, as provided in the general election law, which ballots must contain the following words: "Sale of Alcoholic Beverages, Yes", "Sale of Alcoholic Beverages, No", and the elector in order to vote must mark an "X" opposite one of the answers. [En. Sec. 32, Ch. 84, L. 1937.]

2815.199. Polling places—conduct of election. The polling places must be established, the judges and other officers to conduct the election must be designated, and the election must be held, canvassed and returned in all respects in conformity to the laws of the state. [En. Sec. 33, Ch. 84, L. 1937.]

2815.200. Effect of election—penalty for violating local option—liquor store sales not affected. If a majority of the votes cast are "Sale of Alcoholic Beverages, Yes", the provisions of this act shall take effect immediately. If a majority of the votes cast are "Sale of Alcoholic Beverages, No", the board of county commissioners must publish the result once a week for four (4) successive weeks in the paper in which the notice of election was given, and at the expiration of the time of the publication of such notice all existing licenses shall be cancelled and it shall thereupon be unlawful to sell, either directly or indirectly, any liquor in such county under penalty of a fine of not more than five hundred dollars (\$500.00) or by imprisonment in the county jail for a period not exceeding six (6)

months, or by both such fine and imprisonment; provided, however, that nothing herein contained shall be construed to prevent or prohibit the sale of liquor at or by a state liquor store under the liquor control act. [En. Sec. 34, Ch. 84, L. 1937.]

2815.201. Election contests. Any election held under the provisions of the act may be contested in the same manner as provided by the general election laws. [En. Sec. 35, Ch. 84, L. 1937.]

2815.202. Restriction on holding subsequent elections. If no petition protesting against the issuance of licenses as herein provided be filed with the board of county commissioners within thirty (30) days after the passage and approval of this act, or if a majority of the votes cast at any election held in pursuance of the filing of said petition as herein provided, are "Sale of Alcoholic Beverages, No", then there shall not be submitted to the qualified electors of said county any other or further question as to the sale of alcoholic beverages within said county for a period of two (2) years from and after the date of the filing of said petition protesting the issuance of said license as herein provided with the board of county commissioners. [En. Sec. 36, Ch. 84, L. 1937.]

2815.203. Business in licensees' name—federal license required. No business shall be carried on under any license issued under this act except in the name of the licensee. No license shall be effective until a permit shall have been first secured under the laws of the United States if such a permit is necessary or is required under such law. [En. Sec. 37, Ch. 84, L. 1937.]

2815.204. Penalty for violations—revocation of license. Any person violating any of the provisions of this act, shall upon conviction thereof, be deemed guilty of a misdemeanor and punishable by such fine or imprisonment, or both, as provided by law, except as is herein otherwise provided. If any such licensee is convicted of any offense under this act his license shall be immediately revoked. [En. Sec. 38, Ch. 84, L. 1937.]

2815.205. Saving clause. If any clause, sentence, paragraph, section or any part of this act shall be declared and adjudged to be invalid and/or unconstitutional, such invalidity or unconstitutionality shall not affect, impair, invalidate or nullify the remainder of this act. This act shall apply to the Montana liquor control board as now composed and existing, and to any board or commission which may hereafter succeed the above said board. [En. Sec. 39, Ch. 84, L. 1937.]

CHAPTER 255-B, STATE TEMPERANCE COMMISSION

2815.206. State temperance commission established. That there shall be established in the state of Montana, a commission to be known as the state temperance commission, the same to be composed of the secretary of the bureau of child and animal protection, the superintendent of public instruction, and the secretary of the state board of health, all of whom shall serve ex-officio as members of such commission without additional compensation. [En. Sec. 1, Ch. 201, L. 1937.]

2815.207. President—place of business. The secretary of the bureau of child and animal protection shall be the president of such commission, and

its principal place of business shall be at the capitol building, in the City of Helena, Montana. [En. Sec. 2, Ch. 201, L. 1937.]

NOTE.—The sections of the Revised Codes of Montana of 1935 relating to the State Bureau of Child and Animal Protection were repealed by Sec. 1, Part VII, Chapter 82 of the Laws of 1937.

2815.208. Secretary—salary. The said commission shall be authorized, and is hereby empowered, to appoint and employ a secretary, who shall hold office at the pleasure of the board, and receive a salary of \$1,800.00 a year, to be paid from the fund hereinafter provided. [En. Sec. 3, Ch. 201, L. 1937.]

2815.209. Purpose of commission. It is hereby declared to be the purpose of the establishment of such commission, to prevent the intemperate use of alcoholic beverages in the state of Montana, and to disseminate information by newspaper advertising, by the distribution of literature, radio speeches, and lectures calculated to bring about temperance in the use of alcoholic liquors by the people of the state of Montana, and particularly intended to educate the minor children of the state with respect to the evils incident to the use of alcoholic stimulants, and the injury occasioned to the body and mind of individuals, and to society, incident to intemperance. [En. Sec. 4, Ch. 201, L. 1937.]

2815.210. Preventing use of liquor by minors—public policy. In the administration of this act, it is made the duty of the said commission to make such efforts and endeavor as may appear best calculated to prevent the sale of alcoholic liquors or alcoholic beverages to minors in violation of the law, and to prevent the use thereof by minors; it being hereby declared to be the public policy of this state that the use of alcoholic liquors by minors is injurious to both body and mind and detrimental to society, and that effective efforts should be made to enforce the law prohibiting the sale, or gift, of alcoholic liquors to minors. [En. Sec. 5, Ch. 201, L. 1937.]

2815.211. Cooperation with enforcement officers—investigations. Upon said temperance commission is conferred the power and it is made its duty to co-operate with and assist the attorney general, all county attorneys, sheriffs and peace officers in the rigid enforcement of all laws prohibiting the sale of liquor to minors and the punishment of offenders. It is vested with power and authority to make independent investigations of such law violations and to prefer charges in any court having jurisdiction against persons accused of violating the law, and it is hereby made the duty of county attorneys to prosecute all such charges by it preferred. [En. Sec. 6, Ch. 201, L. 1937.]

2815.212. Temperance commission fund. For efficiently carrying out the purpose of this act and enabling the said commission to administer the law in the interest of society, upon the liquor traffic is imposed the burden; and, therefore, there shall be, and is, hereby created a special state fund to be known and designated as the "temperance commission fund", the same to be derived wholly and exclusively by the setting aside from year to year of one per cent of the net profits obtained by the state of Montana in the sale of alcoholic liquors through the state liquor stores to an amount not to exceed five thousand dollars (\$5,000.00) in any one year, which fund shall be kept and held in the state treasury and be devoted exclusively for the purpose of administering this act, which must be computed by the

state liquor control board and by it paid to the state treasurer on the 31st day of December of each year. [En. Sec. 7, Ch. 201, L. 1937.]

2815.213. Administration of fund. Such fund shall be kept and carried on the books of the state treasurer of the State of Montana under the designation of "temperance commission fund", and all claims incurred by the commission or through its authority in the administration of this act, shall be paid solely and exclusively from such fund upon claims duly presented and approved by the state board of examiners. [En. Sec. 8, Ch. 201, L. 1937.]

2815.214. Appropriation—repayment. That there shall be and is hereby appropriated from moneys in the state treasury to the credit of the general fund, not otherwise appropriated, the sum of five thousand dollars in order to meet the expenses of the commission in organization and the administration of this act before funds are available in the state treasury to the credit of the "temperance commission fund"; and the said commission is hereby directed and required to pay back to the state treasury for credit of the general fund the amount of such appropriation so soon as funds in the state treasury to the credit of the "temperance commission fund" have accumulated in sufficient amount to permit without crippling the said commission in the administration of this act. [En. Sec. 9, Ch. 201, L. 1937.]

CHAPTER 255-C, BREWERS AND WHOLESALERS—TAX— REPORTS

2815.215. Failure to file return—penalty—tax lien—partial release. If any brewer subject to the payment of the tax provided for in subdivision (3) of section 2815.22 hereof or any wholesaler subject to the payment of the tax provided for in section 2815.29 hereof, shall fail, neglect or refuse to make any return required by Montana beer act, or shall fail to make payment of such tax within the time herein provided, the board shall, forthwith after such time has expired, proceed to inform itself as best it may regarding the matters and things required to be set forth in such return and from such information as it may be able to obtain, to make a statement showing such matters and things and determine and fix the amount of such tax due the state from such delinquent brewer or wholesaler and shall add thereto a penalty of five per cent (5%) thereof for the first failure, wilful neglect or refusal; ten per cent (10%) for the second; fifteen per cent (15%) for the third; and twenty-five per cent (25%) for the fourth, and each subsequent failure, neglect or refusal, which shall be in addition to the five per cent (5%) penalty hereinbefore provided for non-payment of such tax within the time hereinbefore provided. Said tax and the penalties added thereto shall bear interest at the rate of one per cent (1%) per month from the date such returns should have been made and said tax paid. The board shall then proceed to collect such tax with penalties and interest. Upon request of the board it shall be the duty of the attorney general to commence and prosecute to final determination in any court of competent jurisdiction an action to collect such tax. All taxes due from any brewer or wholesaler under the provisions of Montana beer act, together with all penalties and interest thereon, shall be a lien upon any and all property of such brewer or wholesaler upon the filing by the

board of a duplicate copy of the statement so made by the board, or a certified copy of any return filed with said board, in the office of the county clerk of the county where such property is situated, which lien shall have precedence over any other claim, lien or demand thereafter filed or recorded and may be enforced in the name of the state of Montana in the same manner as other liens are enforced by law. No action shall be maintained to enjoin the collection of such tax or any part thereof. When the amount due the state is paid in full and before the entry of foreclosure decree, the board shall release the said lien by filing in the office of the county clerk wherein is filed the said lien a written release thereof. At any time prior to the payment of said taxes, penalty and interest, before the entry of foreclosure decree, the board may release from the operation of said lien a part of said property to enable the brewer or wholesaler to mortgage, sell or otherwise dispose of the same in order to procure funds with which to pay said taxes, penalty and interest, provided there remains, in the judgment of the board, sufficient property subject to said lien to insure the payment of the whole of said unpaid taxes, penalty and interest. [En. Sec. 3, Ch. 220, L. 1939.]

2815.216. Carriers' reports on imported beer. Every railroad and every motor carrier transporting beer manufactured out of this state from points without this state and delivering the same to points within this state shall, on or before the fifteenth day of each month, make an exact return to the board of the amount of such beer so transported and delivered by such railroad or motor carrier during the previous month, and shall state in such return the name and address of the consignor, the name and address of the consignee, the date of delivery, and the amount delivered. [En. Sec. 4, Ch. 220, L. 1939.]

CHAPTER 256, WORKMEN'S COMPENSATION ACT

2816. Name of act—what each part to contain.

It is the duty of the Industrial Accident Board, where after a corporation has enrolled under the Workmen's Compensation Act a successor takes over its business, to determine whether the latter is properly enrolled, and if not, see to it that notices displayed in its place of business that it is so enrolled are removed therefrom. *Miller v. Aetna Life Ins. Co.*, 101 M 212, 53 P 2d 704.

Id. The Workmen's Compensation Act was enacted for the benefit of the employee, and the act implies that the first duty of the Industrial Accident Board is to administer it so as to give the employee the greatest possible protection consistent with its purposes.

In an action for injuries, where defendant moved for judgment on the pleadings

on ground that plaintiff was prevented from maintaining the action by acceptance of the benefits under the Act, the court was required to assume that defendant owed a duty to plaintiff, that the duty was breached, and that a tort was committed which proximately resulted in the injuries sustained. *Sullivan v. N. P. R. R. Co.*, 24 F. S. 822.

2835. Attorney general legal adviser of board. The attorney general shall be the legal adviser of the board, and shall represent it in all proceedings whenever so requested by the board or any member thereof.

And it is further provided that the board may, in the investigation and defense of cases under plan three of the workmen's compensation act, employ such other attorney or legal adviser, as it deems necessary, and pay

for the same out of the industrial accident fund. [As amended Sec. 1, Ch. 162, L. 1937.]

2836. Defenses excluded in personal injury action—negligence of employee—fellow-servant—assumption of risk.

Held, that section 2836, Revised Codes, a part of the Workmen's Compensation Act, the effect of which is to deprive an employer of the so-called common-law defenses in an action by an employee in a hazardous occupation for personal injuries sustained in the course of his employment, applies not only to those employers who elect to come under the provisions of the Act, but also to those not so electing; the plaintiff in the latter case being, however, bound to prove that the injury for which he sues was caused by the employer's negligence. *Chancellor v. Hines Motor Supply Co.*, 104 M 603, 608 et seq., 69 P 2d 597.

Id. "Willful" negligence on the part of an employee suing his employer not protected by the Workmen's Compensation Act and which negligence the defendant employer may allege in defense under subdivision 1, section 2836, Revised Codes, is said to be the doing of an act recklessly while the doer thereof is conscious* that he is likely to be injured thereby or with a wanton and reckless disregard of the consequences, or in a conscious and deliberate violation of an accepted and reasonable rule; it embraces the doing of a thing deliberately and intentionally and with design and purpose.

2838. Employers not liable for death or injury other than herein defined—employees who elect not to come under law.

2839. Election of employer and employee to come under act—action against third party causing injury.

Held, that section 2839, Revised Codes, a part of the Workmen's Compensation Act, the widow of a highway flagman, who was struck by a passing automobile while in the discharge of his duties, was entitled to maintain an action for damages against the driver of the car not subject to the provisions of the Act, and that the action was not barred by the fact that plaintiff had received compensation for the death of her decedent as provided therein. *Kopang v. Sevier*, 103 M 234, 238 et seq., 53 P 2d 455.

Id. The Workmen's Compensation Act, including amendments, must be read together as a whole, and every provision and part thereof given proper and harmonious consideration, having in mind the legislative mandate that it shall be liberally construed; so construing it, held in connection with section 2839 and 2839.1, that it was clearly the intention of the legislature in passing said sections to insure to a workman coming within its provisions a cause of action against an independent tort-feasor through whose negligent act he was injured in the course of his employ-

ment, any damages so recovered being in supplement of the regular compensation awarded under the Act, subject to the provisions of said sections relative to the right of the employer or insurance carrier to be subrogated to a part of the gross amount so recovered.

Injury sustained by foreman of company which was employed by railroad to operate certain of railroad's coal docks, in stepping through hole in floor of pump house owned by railroad but controlled by company under its contract, was result of a cause "directly connected with his regular employment" within meaning of Act permitting recovery for injuries against a third party tort-feasor in addition to receiving compensation if cause of injury has no "direct connection with regular employment" so as to preclude foreman from recovering from railroad after accepting benefits from company under the Compensation act. *Sullivan v. N. P. R. R. Co.*, 24 F. 'S. 822.

2841. Employers engaged in hazardous industries—election. Every employer engaged in the industries, works, occupations, or employments in this act specified as "hazardous", shall, on or before the first day of July, 1939, if such employer be then engaged in such hazardous industry, work, occupation, or employment, or at any time thereafter, or, if such employer be not so engaged on said date, shall, on or after thirty days before entering upon such hazardous work, occupation, or employment, or at any time thereafter, elect whether he will be bound by either of the compensation plans mentioned in this act. Such election shall be in the form prescribed

by the board, and shall state whether such employer shall be bound by compensation plan number one, or compensation plan number two, or compensation plan number three, and a notice of such election, with the nature thereof shall be posted in a conspicuous place in the place of business of such employer, and a copy of such notice, together with an affidavit of such posting, shall be filed with the board.

After having once elected to be bound by one or the other of the compensation plans provided in this act, such employer shall be bound by such election, except as hereinafter provided, for said first fiscal year and each succeeding fiscal year, provided, however, that such employer may at any time upon thirty days written notice to the insurer or the board, as the case may be, elect to be bound by a different compensation plan than the one by which he is then governed. Such election must be made in the manner provided for in reference to the first election of such employer under this act. [As amended Sec. 1, Ch. 119, L. 1939.]

2843. Failure to elect—time for which election binds employer. [Repealed Sec. 2, Ch. 119, L. 1939.]

2862. Employer defined.

References

Chisholm v. Vocational School et al., 103 M 503, 510, 64 P 2d 838.

2866. "Major dependent" defined.

A "dependent", within the meaning of the Workmen's Compensation Act, who seeks compensation upon the death of a workman is one who looked to him for support in some measure or to some extent; dependency does not depend on whether the claiming dependent could support himself without decedent's earnings or so reduce his expenses that he could do without such assistance, but whether he was in fact supported in whole or in part by the earnings of decedent under circumstances indicating an intent on the part of deceased to furnish such support, the need of claimant being more important than the extent of contributions theretofore made. Ross et al. v. Industrial Acc. Board, 106 M 486, 494, 80 P 2d 362.

Id. The father and mother—the former 55 years of age and the latter 50—of a workman killed in an industrial accident,

claimed compensation as major dependents. They were receiving \$35.00 a month from federal relief for their support and that of their three minor children, and claimed they needed \$100 per month for that purpose. While living at home until shortly before his death, the son's earnings as a beet worker had been collected by the father, and after leaving home he intermittently sent such sums of money as he could save. The father made affidavit that the federal relief was insufficient to support the family and that claimants were relying upon the support they expected to receive from decedent. Held, that an award of \$40 a month, made by the district court on appeal from an order of the Industrial Accident Board denying relief, during the period of dependency not exceeding 400 weeks, was not unwarranted.

2889. "Plant of the employer" includes what.

Injury sustained by foreman of company which was employed by railroad to operate certain of railroad's coal docks, in stepping through hole in floor of pump house owned by railroad but controlled by company under its contract, was result of a cause "directly connected with his regular employment" within meaning of Act permitting recovery for injuries against

a third party tort-feasor in addition to receiving compensation if cause of injury has no "direct connection with regular employment" so as to preclude foreman from recovering from railroad after accepting benefits from company under the Compensation Act. Sullivan v. N. P. R. R. Co., 24 F. S. 822.

2891. Compensation to children, brothers and sisters, and invalid children—when ceases. In computing compensation to children and to brothers

and sisters, only those under eighteen (18) years of age, except as herein-after provided, shall be included.

Orphan children or orphan brothers and sisters, under the age of twenty-one (21) years, and invalid children over the age of twenty-one (21) years shall also be included, and in case of invalid children, only during the period during which they are under that disability, all within the maximum limitations elsewhere in this act provided, after which payments on account of such person or persons shall cease.

Compensation to children, or brothers and sisters, except orphans and invalid children, shall cease when such persons reach the age of eighteen (18) years, and in all cases shall cease when such person marries; provided that for the purpose of determining the amount of compensation due to injured employees, as provided in sections 2912, 2913, 2914 and 2920 of the Revised Codes of Montana of 1935, no child or children, or brother or sister over the age of eighteen (18) years, except invalid children, shall be considered. An orphan as defined herein shall mean a child who is bereaved of both parents. [As amended Sec. 1, Ch. 53, L. 1937.]

2899. Claims must be presented within what time.

Where the only defect in a claim for compensation under the Workmen's Compensation Act, filed within the six-months period allowed by the statute, was the fact that it was not verified and it being returned to the claimant with the request that it be sworn to, the verified claim was not returned to the Industrial Accident Board until thirteen days after the expira-

tion of such period, the board held not justified in rejecting the claim as not filed within time, in view of the liberal construction of the Act required by it in terms, and the fact that the strict rules of pleading and practice should not be applied to such claims. *Chisholm v. Vocational School et al.*, 103 M 503, 507, 64 P 2d 838.

2900. Exception in case of minors and incompetents as to period of limitation and in case of workmen employed by school districts as to the time when the period of limitations shall begin to run. No limitation of time as provided in section 2899 or in chapter 256 of the political code of the state of Montana, Revised Codes, 1935, known as workmen's compensation act, shall run as against any injured workman who is mentally incompetent and without a guardian, or an injured minor under eighteen years of age who may be without a parent or guardian. A guardian in either case may be appointed by any court of competent jurisdiction in which event the period of limitations as provided for in section 2899, Revised Codes of Montana, 1935, shall begin to run on the date of appointment of such guardian, or when such minor arrives at the age of eighteen years, whichever date may be the earlier. The period of limitations as provided for in section 2899, Revised Codes of Montana, 1935, and any limitation of time for the filing of claims with the industrial accident board contained in chapter 256 of the political code of the state of Montana, Revised Codes, 1935, known as workmen's compensation act, shall not begin to run against any injured workman employed by any school district in the state of Montana until January 1, 1939. [As amended Sec. 1, Ch. 79, L. 1939.]

2907. Contracts or agreements for hospital benefits, conditions governing.

A contract entered into between a mining company and a hospital for the hospitalization of its employees under the

Workmen's Compensation Act (secs. 2907 et seq., Rev. Codes), for the alleged breach of which the widow of a deceased em-

ployee, acting as administratrix of his estate, brought action against the hospital for wrongful refusal to receive him as a patient while suffering from pneumonia,

2910. Questions of law in certain actions.

Under section 2910, Revised Codes, declaring that in an action for damages connected with the treatment or care of a sick or injured employee, the question at issue shall be one of law for the trial court, held that where the damages sought were based upon an alleged wrongful re-

must be construed in the light of the intent and purpose of the Act which became a part of the contract. *Sample v. Murray Hospital*, 103 M 195, 197, 62 P 2d 241.

fusal of a hospital to receive a mining company's employee suffering from pneumonia, and who died four days after such refusal, the court committed error in submitting the issues to the jury. *Sample v. Murray Hospital*, 103 M 195, 201 et seq., 62 P 2d 241.

2911. Who liable for injuries under the different plans of act, and in what amounts.

The Workmen's Compensation Act provides for compensation only for injuries arising out of and in the course of claimant's employment, or, in case of death of the workman, where death is caused by such injuries, and the burden of establishing by a preponderance of the evidence that death in such case resulted from an accidental injury is upon the claimant. *Doty v. Industrial Accident Fund*, 102 M 511, 520, 59 P 2d 783.

The question for decision in a workman's compensation case based upon a claim for compensation for the death of a workman caused by lightning, is whether the accident arose out of and in the course of his employment, or whether by reason of his employment he was exposed to greater danger of being struck by lightning than others in the same locality who were not so

engaged, each case to be decided upon its own fact features. *Sullivan v. Roman Catholic Bishop et al.*, 103 M 117, 122, 61 P 2d 838.

Id. A laborer employed about a cemetery in removing rubbish was directed by his foreman to pick up a piece of galvanized metal pipe from seven to ten feet long and place it on an iron scrap pile and in performing this task was struck by lightning and killed; rain had been falling and the ground was damp; near by were trees, a pole and a wire fence. There was testimony that lightning struck more frequently in and about the cemetery than elsewhere in the vicinity. Held, that decedent's employment increased the danger of being struck by lightning and that his widow was entitled to compensation.

2912. Compensation for injury producing temporary total disability.

Under section 2912, Revised Codes, as amended by Chapter 177, Laws of 1929, providing for compensation of an injured workman for injury producing temporary total disability, where claimant has a wife and child under eighteen years of age, judgment awarding compensation at the

rate of \$18 per week for a total of 300 weeks held correct. *Best v. London Guarantee & Acc. Co.*, 100 M 332, 345, 47 P 2d 456.

2917. Medical and hospital services and such other treatment as approved by the board, to be furnished.

A physician at the request of the employer of an injured workman furnished medical treatment to the latter. The claim of the employee for compensation was settled between him and the insurance carrier with the approval of the Industrial Accident Board, such carrier having prior thereto paid the full amount of \$500 for surgical and hospital service provided for by section 14, Chapter 121, Laws 1925, amendatory of section 2917, Revised Codes. The physician not having been paid instituted a proceeding before the Industrial Accident Board against the insurance car-

rier to recover the amount of his claim. On appeal to the district court from an order of dismissal by the board, the appeal was dismissed. Held that the Industrial Accident Board on approving settlement of the employee's claim had exhausted its jurisdiction to its full extent, therefore had none to hear the proceeding, instituted by the physician, and hence dismissal thereof by the board and by the district court on appeal was correct; if plaintiff had any remedy, it was by an appropriate action in the courts. *Liest v. United States F. & G. Co.*, 100 M 152, 155, 48 P 2d 772.

2924. Compensation in case of changes in degree of injury.

Held, in a cause arising under the Workmen's Compensation Act, that where claimant after receipt of compensation for par-

tial disability made claim for determination of his case as a total permanent disability, and the board made a final al-

lowance, short of the maximum provided by the Act, thus treating the matter as finally ended, the district court on appeal in effect doing likewise, that both board and court erred in making the order final on a conjecture that the disability of claimant would cease at the close of the period for which compensation was allowed, in disregard of the provision of the Act vesting the board with continuing jurisdiction, so long as the maximum of

compensation allowable had not been reached, until the disability had ceased or had otherwise been changed. *Lunardello v. Republic Coal Co.*, 101 M 94, 98, 53 P 2d 87.

2926. Monthly payments converted into a lump sum.

While, under section 2926, Revised Codes, a compromise and settlement of a compensation claim is void without the approval of the Industrial Accident Board, the section has no application where no claim of the workman had been definitely established and there was no compromise between claimant and employer, but a re-

ceipt in full settlement of claimant's demand after he had fully recovered and returned to work had been executed by him, the board approving the transaction and declaring that claimant was entitled to what he had received and receipted for. *Shugg v. Anaconda Copper Min. Co.*, 100 M 159, 167, 46 P 2d 435.

2933. Notice of claims for injuries other than death.

The requirement of the Workmen's Compensation Act that a claimant for compensation must in his notice of injury received give the time and place where the accident occurred and the nature of the injury is not complied with by furnishing a doctor's certificate that claimant "was sick and unable to work from January 17th to February 9th, 1930." *State ex rel. Magelo v. Indus. Acc. Board*, 102 M 455, 462, 59 P 2d 785.

Id. Mere knowledge on the part of an employer that an employee (claimant for compensation under the Workmen's Com-

pensation Act) became sick while at work, or that he was "hurt," or the fact, as testified by claimant, that he had informed the foreman that he had a sore back, does not, in the absence of some knowledge on the part of the employer that some accidental injury was sustained by the employee, amount to actual knowledge of the injury, within the meaning of section 2933, Revised Codes.

2938. Hearings and investigations—technical rules.

The proceedings before the Industrial Accident Board in workmen's compensation cases are in nowise regulated by the provisions of the Code of Civil Procedure, which relate only to proceedings in courts, and under section 2938, Revised Codes, any informality in any proceeding before the board shall not invalidate any order or decision made by it. *State ex rel. Magelo v. Indus. Acc. Board*, 102 M 455, 461, 59 P 2d 785.

Under section 2938, Revised Codes, the Industrial Accident Board is not bound by the technical rules of evidence, and it may accept or reject hearsay in its discretion. *Ross et al. v. Industrial Acc. Board*, 106 M 486, 495, 80 P 2d 362.

2945. Apportionment of costs and disbursements. The costs and disbursements incurred in any proceeding or hearing before the board, or a member thereof, may be apportioned between the parties on the same or adverse sides, in the discretion of the board. Costs and disbursements in any proceeding or hearing, arising out of cases under plan number three may be paid from the industrial accident fund, and in the discretion of the industrial accident board, including the necessary traveling and other expenses and disbursements of the members of the board, its referees or of-

ficers or employees incurred while actually conducting investigations, hearings or proceedings, within or without the state of Montana. [As amended Sec. 2, Ch. 162, L. 1937.]

2947. Jurisdiction of board to hear disputes and controversies.

The Industrial Accident Board, vested with full power and jurisdiction to try and finally determine all matters respecting workmen's compensation, subject to review by the courts, is the trier of fact, its findings being equivalent to the verdict of a jury or the findings of the district court sitting without a jury, and where on appeal to the district court there is no additional evidence adduced, the re-examination of the case by it is a review and

not a trial de novo, and the decision of the board can be said that the evidence clearly preponderates against it. *Doty v. Industrial Accident Fund*, 102 M 511, 518, 59 P 2d 783.

2952. Jurisdiction to rescind or amend any order, decision, award, etc.

The board shall have continuing jurisdiction over all its orders, decisions, and awards, and may, at any time, upon notice, and after opportunity to be heard is given to the parties in interest, rescind, alter, or amend any such order, decision, or award made by it upon good cause appearing therefor. Provided, that the board shall not have power to rescind, alter, or amend any final settlement or award of compensation more than four (4) years after the same has been made, and provided further that the board shall not have the power to rescind, alter or amend any order approving a full and final compromise settlement of compensation. Any order, decision, or award rescinding, altering, or amending a prior order, decision, or award, shall have the same effect as original orders or awards. [As amended Sec. 1, Ch. 67, L. 1937.]

Where a claimant for workmen's compensation more than two years after he had received payment in full for injuries sustained petitioned for a rehearing on the ground that this original claim and proof of injury did not conform to the facts, i. e., on an entirely new theory of the nature of injury suffered, the petition held to have been properly dismissed not only because of change of theory of the injury sustained, but also because under

this section as construed before amendment, the Industrial Accident Board is barred from altering a final settlement or award of compensation more than two years after it had been made. *Shugg v. Anaconda Copper Min. Co.*, 100 M 159, 167, 46 P 2d 435.

2953. Record of proceedings to be kept and testimony to be taken down

—attorneys fees. A full and complete record shall be kept of all proceedings and hearings had before the board, or any member thereof, of any formal hearing had, and all testimony produced before the board or any member thereof shall be taken down by a stenographic reporter appointed by the board, and the parties shall be entitled to be heard in person or by attorney.

Whenever the claimant or plaintiff is represented by an attorney either before the board or the courts, the industrial accident board may, in its discretion or upon the application of the claimant or plaintiff, fix the amount of the attorney fee of the attorney representing the claimant or plaintiff, and the fee fixed by the board shall be paid by the claimant or plaintiff.

In cases of an action to review any order or decision of the board, a transcript of such testimony, together with all exhibits, and of the pleadings, records, and proceedings in the cause shall constitute the record of the board. [As amended Sec. 3, Ch. 162, L. 1937.]

2955. Application for rehearing.

Under section 2955, Revised Codes, providing for rehearings of an order or decision of the Industrial Accident Board in a workman's compensation case, challenging the jurisdiction of the board, the sufficiency of the evidence to support its findings or that the order or decision is unreasonable, etc., the moving party is in the same position as one moving for a new trial in the ordinary case, and his application relates only to the condition and situation prevailing at the time of the original hearing. *Shugg v. Anaconda Copper Min. Co.*, 100 M 159, 163 et seq., 46 P 2d 435.

Id. Where after an order made by the Industrial Accident Board there is a change in the condition of one claiming under the Workmen's Compensation Act, thus rendering the order inapplicable to his then existing condition, the board may review the matter, hear further evidence and modify the order, without regard to either the time provision of twenty days or

the grounds of rehearing specified in section 2955.

The fact that a claimant under the Workmen's Compensation Act in his petition for rehearing addressed to the Industrial Accident Board did not set forth, specifically what evidence he intended to introduce at such rehearing, or give his reasons why it had not been introduced at the original hearing (sec. 2955, Rev. Codes) was insufficient to deprive him, on appeal to the district court, of the right to introduce additional evidence, particularly where his petition for rehearing was prepared by the chairman of the board, in which all the grounds for rehearing provided for by the Act were set forth. *Best v. London Guarantee & Acc. Co.*, 100 M 332, 336, 47 P 2d 456.

2956. Board may at any time diminish or increase an award.

Under the provision of section 2956 Revised Codes, authorizing the Industrial Accident Board to increase compensation awarded a claimant where it appears that his disability has "increased", disability may be held to have "increased" where, though it has remained in a sense constant and unchanged, it is shown that it will

continue to the end for which the statute allows compensation. *Meznarich v. Republic Coal Co.*, 101 M 78, 88 et seq., 53 P 2d 82.

Where a compensation claimant was not represented by counsel at the hearing of his case before the Industrial Accident Board, and the evidence there produced was so incomplete and confusing with respect to the necessary facts to be considered in arriving at an intelligent conclusion and the board after denying compensation had refused a rehearing, the district court on appeal held not to have abused its discretion in permitting the introduction of additional testimony, although much thereof was repetitious resulting in effect in a trial *de novo*. *Tweedie v. Industrial Accident Board*, 101 M 256, 262, 53 P 2d 1145.

2931. Appearances—setting aside conclusions, orders, etc., of board—judgment and findings.

Where the Industrial Accident Board denied claimant for compensation a rehearing asked for on the ground, among others, of newly discovered evidence, resulting in an appeal to the district court where ad-

ditional evidence was properly admitted and judgment rendered in favor of claimant, the supreme court is not required, on the theory that claimant might well have presented his new evidence on the hearing

before the board, to order resubmission of the case to the board instead of affirming the judgment of the district court, the latter court on appeal being vested with authority under section 2961, Revised Codes, to render a proper judgment. *Tweedie v. Industrial Accident Board*, 101 M 256, 265, 53 P 2d 1145.

The district court, after hearing a workman's compensation case on appeal to it from the Industrial Accident Board, at

which hearing additional evidence was introduced, is not obliged to resubmit the case to the board for a ruling in the light of such additional evidence, since under section 2961, Revised Codes, the court has the power to modify or change the decision of the board or render any order or judgment that shall be legal or proper in the premises. *O'Neil v. 2964. Court to give liberal construction to act.

While in hearing and determining claims for compensation under the Workmen's Compensation Act the Industrial Accident Board performs judicial functions, strict rules of pleading and practice should not be applied, and the statute must be liberally construed, the claimant is required to comply with simple rules, particularly those relating to the time within which steps must be taken; "liberal construction" not going to the extent of permitting a court or the board to disregard the plain provisions of the statute. *Shugg v. Anaconda Copper Min. Co.*, 100 M 159, 169, 46 P 2d 435.

While the provisions of the Workmen's Compensation Act must be liberally construed, such construction is no justification for disregarding the plain provisions thereof relative to the time within which a petition for rehearing upon rejection of a claim by the Industrial Accident Board must be filed. *State ex rel. Magelo v. Indus. Acc. Board*, 102 M 455, 462, 59 P 2d 785.

While the Workmen's Compensation Act must be liberally construed, it does not contemplate that the employer shall be an

insurer of his employee at all times during his period of employment, nor is it founded on the theory of life insurance or a social insurance law. *Sullivan v. Roman Catholic Bishop et al.*, 103 M 117, 124, 61 P 2d 838.

Where the only defect in a claim for compensation under the Workmen's Compensation Act, filed within the six-months period allowed by the statute, was the fact that it was not verified, and, it being returned to the claimant with the request that it be sworn to, the verified claim was not returned to the Industrial Accident Board until thirteen days after the expiration of such period, the board held not justified in rejecting the claim as not filed within time, in view of the liberal construction of the Act required by it in terms, and the fact that the strict rules of pleading and practice should not be applied to such claims. *Chisholm v. Vocational School et al.*, 103 M 503, 507.

having nothing to do with the contract of the insurer imposing a liability running directly to the injured employee, and failure to perform them does not inure to the benefit of the insurer. *Miller v. Aetna Life Ins. Co.*, 101 M 212, 220 et seq., 53 P 2d 704.

CHAPTER 256-A, UNEMPLOYMENT COMPENSATION LAW

3033.1. Title of act. This act shall be known and may be cited as the "Unemployment Compensation Law." [En. Sec. 1, Ch. 137, L. 1937.]

3033.2. Declaration of public policy. As a guide to the interpretation and application of this act, the public policy of this state is declared to be as follows: Economic insecurity due to unemployment is a serious menace to the health, morals, and welfare of the people of this state. Involuntary unemployment is therefore a subject of general interest and concern which requires appropriate action by the legislature to prevent its spread and to lighten its burden which now so often falls with crushing force upon the

unemployed worker and his family. The achievement of social security requires protection against this greatest hazard of our economic life. This can be provided by encouraging employers to provide more stable employment and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing power and limiting the serious social consequences of poor relief assistance. The legislature, therefore, declares that in its considered judgment the public good, and the general welfare of the citizens of this state require the enactment of this measure under the police powers of the state for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own. [En. Sec. 2, Ch. 137, L. 1937.]

3033.3. Payment of benefits. Thirty (30) months after the date when contributions first accrue under this act from the employer, benefits shall become payable from the fund to any individual who thereafter is or becomes unemployed and eligible for benefits as is herein prescribed; provided, however, that wages earned for services performed as an employee representative as defined in the railroad unemployment insurance act (52 Stat. 1094), or for services performed for an employer, as defined in said act, shall not be included for the purposes of determining eligibility or weekly benefit amount under this act with respect to any benefit year commencing on or after July 1, 1939, nor shall any benefits with respect to unemployment occurring on and after July 1, 1939, be payable on the basis of such wages under any provisions of this act. All benefits shall be paid through public employment offices in the state of Montana, or other agencies designated by the commission, in accordance with such rules and regulations as the commission may prescribe. [En. Subd. (a), Sec. 3, Ch. 137, L. 1937; Amd. Sec. 1 (a), Ch. 137, L. 1939.]

3033.4. Weekly benefit amount for total unemployment. Each eligible individual, who is totally unemployed (as defined in this act) in any week, shall be paid with respect to such week, benefits at the rate of four per cent (4%) of his total wages in employment for employers in the quarter of his base period wherein his earnings were highest, if a multiple of a dollar, or computed to the next higher multiple of a dollar, but not more than fifteen dollars (\$15.00) per week, nor less than five dollars (\$5.00) per week. [En. Subd. (b), Sec. 3, Ch. 137, L. 1937; Amd. Sec. 1 (b), Ch. 137, L. 1939.]

3033.5. Wage record. The commission shall maintain a record of the wages earned by an individual in accordance with wages earned by him for employment by employers during each quarter. [En. Subd. (c), Sec. 3, Ch. 137, L. 1937; Amd. Sec. 1 (c), Ch. 137, L. 1939.]

3033.6. Duration of benefits. The maximum total amount of benefits payable to any eligible individual during any benefit year shall not exceed sixteen (16) times his weekly benefit amount. [En. Subd. (d), Sec. 3, Ch. 137, L. 1937; Amd. Sec. 1, (d), Ch. 137, L. 1939.]

3033.7. Eligibility for benefits. An unemployed individual shall be eligible to receive benefits with respect to any week only if the commission finds that—

(a) He has registered for work at and thereafter has continued to report at an employment office in accordance with such regulations as the

commission may prescribe, except that the commission may, by regulation, prescribe that such types of cases or situations with respect to which it finds that compliance with such requirements would be oppressive, or would be inconsistent with the purposes of this act, provide for registration and reporting for work by mail or through other governmental agencies.

(b) He has made a claim for benefits in accordance with the provisions of section 3033.9 of this act.

(c) He is able to work, and is available for work.

(d) Prior to any week for which he claims benefits he has been totally unemployed for a waiting period of two (2) weeks. No week shall be counted as a week of total unemployment for the purposes of this subsection:

(1) If benefits have been paid with respect thereto;

(2) Unless the individual was eligible for benefits with respect thereto in all respects except for the requirements of subsections (b) and (c) of this section;

(3) Unless it occurs within the thirteen (13) consecutive weeks preceding the week for which he claims benefits, provided that this requirement shall not interrupt the payments of benefits for consecutive weeks of unemployment; and provided further, that any individual who, prior to the first day of his benefit year, shall have accumulated such two (2) waiting period weeks, shall not be required to accumulate more than two (2) additional waiting period weeks during his ensuing benefit year.

(4) Unless it occurs after benefits first could become payable to any individual under this act.

(e) He has within the base period earned wages for employment by employers equal to thirty (30) times his weekly benefit amount. [En. Sec. 4, Ch. 137, L. 1937; Amd. Sec. 2, Ch. 137, L. 1939.]

3033.8. Disqualification for benefits. An individual shall be disqualified for benefits—

(a) If he has left work voluntarily without good cause, if so found by the commission, for a period of not less than one (1) or more than (5) weeks (in addition to and immediately following the waiting period), as determined by the commission according to the circumstances in each case.

(b) If he has been discharged for misconduct connected with his work, if so found by the commission, for a period of not less than the one (1) nor more than the nine (9) weeks (in addition to and immediately following the waiting period), as determined by the commission in each case according to the seriousness of the misconduct.

(c) If the commission finds that he has failed, without good cause, either to apply for available, suitable work when so directed by the employment office or the commission or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the commission. Such disqualification shall continue for the week in which such failure occurred and for not less than the one nor more than the five weeks which immediately follow such week (in addition to the waiting period) as determined by the commission according to the circumstances in each case.

(1) In determining whether or not any work is suitable for an individual, the commission shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his ex-

perience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

(2) Notwithstanding any other provisions of this act, no work shall be deemed suitable and benefits shall not be denied under this act to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(a) If position offered is vacant due directly to a strike, lockout, or other labor dispute;

(b) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(c) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(d) For any week with respect to which the commission finds that his total unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he is or was last employed, provided that this subsection shall not apply if it is shown to the satisfaction of the commission that—

(1) He is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(2) He does not belong to a grade or class of workers of which immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute;

Provided, that if in any case separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment, or other premises; provided, further, that if the commission upon investigation, shall find that such labor dispute is caused by the failure or refusal of any employer to conform to the provisions of any law of the state of Montana or of the United States pertaining to collective bargaining, hours, wages or other conditions of work, such labor dispute shall not render the workers ineligible for benefits.

(e) For any week with respect to which he is receiving or has received payment in the form of—

(1) Wages in lieu of notice or separation or termination allowance;

(2) Compensation for temporary disability under the workmen's compensation law of any state or under a similar law of the United States, or

(3) Old age benefits under title II of the social security act, as amended, or similar payments under any act of congress, provided, that if such remuneration as referred to in (1), (2) and (3) of this subsection is less than the benefits which would otherwise be due under this act, he shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration. [En. Sec. 5, Ch. 137, L. 1937.]

3033.9. Making claims—regulations. Claims for benefits shall be made in accordance with such regulations as the commission may prescribe. Each employer shall post and maintain printed statements of such regulations

in places readily accessible to individuals in his service and shall make available to each such individual at the time he becomes unemployed, a printed statement of such regulations. Such printed statements shall be supplied by the commission to each employer without cost to him. [En. Subd. (a), Sec. 6, Ch. 137, L. 1937.]

3033.10. Examination and disposition of claim—appeal. A representative designated by the commission, and hereinafter referred to as a deputy, shall promptly examine the claim and, on the basis of the facts found by him, shall either determine whether or not such claim is valid, and if valid, the week with respect to which benefits shall commence, the weekly benefit amount payable and the maximum duration thereof, or shall refer such claim or any question involved therein to an appeal tribunal which shall make its decisions with respect thereto in accordance with the procedure prescribed in 3033.11, except that in any case in which the payment or denial of benefits will be determined by the provisions of section 3033.8 (d), the deputy shall promptly transmit his full finding of fact with respect to that subsection to the commission which, on the basis of the evidence submitted and such additional evidence as it may require, shall affirm, modify, or set aside such findings of fact and transmit to the deputy a decision upon the issues involved under that subsection which shall be deemed the decision of the deputy. The deputy shall promptly notify the claimant and any other interested party of the decision and the reasons therefor. The deputy may for good cause reconsider his decision and shall promptly notify the claimant and such other interested parties of his amended decision and the reasons therefor. Unless the claimant or any such interested party, within five calendar days after the delivery of such notification, or within seven calendar days after such notification was mailed to his last known address, files an appeal from such decision, such decision shall be final and benefits shall be paid or denied in accordance therewith. If an appeal is duly filed, benefits with respect to the period prior to the final decision of the commission, shall be paid only after such decision. Provided, that if an appeal tribunal affirms a decision of a deputy, or the commission affirms a decision of an appeal tribunal, allowing benefits, such benefits shall be paid regardless of any appeal which may thereafter be taken, but if such decision is finally reversed, no employer's account shall be charged with benefits so paid. [En. Subd. (b), Sec. 6, Ch. 137, L. 1937.]

3033.11. Disposal of appeal—further appeal. Unless such appeal is withdrawn, an appeal tribunal, after affording the parties reasonable opportunity for fair hearing, shall affirm or modify the findings of fact and decision of the deputy. The parties shall be duly notified of such tribunal's decision, together with its reasons therefor, which shall be deemed to be the final decision of the commission, unless within ten days after the date of notification or mailing of such decision, further appeal is initiated pursuant to section 3033.14. [En. Subd. (c), Sec. 6, Ch. 137, L. 1937.]

3033.12. Appeal tribunals. To hear and decide disputed claims, the commission shall appoint such impartial appeal tribunals as are necessary for the proper administration of this act, consisting in each case of either a salaried examiner selected in accordance with section 3033.34, or a body

consisting of three members, one of whom shall be a salaried examiner, who shall serve as chairman, one of whom shall be a representative of employers, and the other of whom shall be a representative of employees; each of the latter two members shall serve at the pleasure of the commission and be paid a fee of not more than \$10.00 per day of active service on such tribunal plus necessary expense. No person shall participate on behalf of the commission in any case in which he is an interested party. The commission may designate alternates to serve in the absence or disqualification of any member of an appeal tribunal. The chairman shall act alone in the absence or disqualification of any other member and his alternates. In no case shall the hearings proceed unless the chairman of the appeal tribunal is present. [En. Subd. (d), Sec. 6, Ch. 137, L. 1937.]

3033.13. Commission review. The commission may on its own motion affirm, modify, or set aside any decision of an appeal tribunal on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The commission shall permit such further appeal by any of the parties interested in a decision of an appeal tribunal which is not unanimous and by the deputy whose decision has been overruled or modified by an appeal tribunal. The commission may remove to itself or transfer to another appeal tribunal the proceedings on any claim pending before an appeal tribunal. Any proceeding so removed to the commission shall be heard by a quorum thereof in accordance with the requirements in section 3033.11. The commission shall promptly notify the interested parties of its findings and decision. [En. Subd. (e), Sec. 6, Ch. 137, L. 1937.]

3033.14. Regulations to prescribe procedure on claims. The manner in which disputed claims shall be presented, the reports thereon required from the claimant and from employers, and the conduct of hearings and appeals shall be in accordance with regulations prescribed by the commission for determining the rights of the parties, whether or not such regulations conform to common law or statutory rules of evidence and other technical rules or procedure. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed. [En. Subd. (f), Sec. 6, Ch. 137, L. 1937.]

3033.15. Witness fees. Witnesses subpoenaed pursuant to this act shall be allowed fees at a rate fixed by the commission. Such fees shall be deemed a part of the expense of administering this act. [En. Subd. (g), Sec. 6, Ch. 137, L. 1937.]

3033.16. Appeal to courts. Any decision of the commission in the absence of an appeal therefrom as herein provided shall become final ten days after the date of notification or mailing thereof, and judicial review thereof shall be permitted only after any party claiming to be aggrieved thereby has exhausted his remedies before the commission as provided by this act. The commission shall be deemed to be a party to any judicial action involving any such decision, and may be represented in any such judicial action by any qualified attorney employed by the commission and

has been designated by it for that purpose, or at the commission's request, by the attorney general. [En. Subd. (h), Sec. 6, Ch. 137, L. 1937.]

3033.17. Procedure on review by courts. Within ten days after the decision of the commission has become final, any party aggrieved thereby may secure judicial review thereof by commencing an action in the district court of the county in which said party resides against the commission for the review of its decision, in which action any other party to the proceeding before the commission shall be made a defendant. In such action, a petition which need not be verified, but which shall state the grounds upon which a review is sought, shall be served upon a member of the commission or upon such person as the commission may designate and such service shall be deemed completed service on all parties, but there shall be left with the party so served as many copies of the petition as there are defendants and the commission shall forthwith mail one such copy to each such defendant. With its answer, the commission shall certify and file with said court all documents and papers and a transcript of all testimony taken in the matter, together with its findings of fact and decision therein. The commission may also in its discretion, certify to such court questions of law involved in any decision by it. In any judicial proceeding under this section, the findings of the commission as to the facts, if supported by evidence and in the absence of fraud, shall be conclusive, and the jurisdiction of said court shall be confined to questions of law. Such action, and the questions so certified, shall be heard in a summary manner and shall be given precedence over all other civil cases except cases arising under the workmen's compensation law of this state. An appeal may be taken from the decision of the said district court to the supreme court of Montana in the same manner, but not inconsistent with the provisions of this act, as is provided in civil cases. It shall not be necessary, in any judicial proceeding under this section, to enter exceptions to the rulings of the commission and no bond shall be required for entering such appeal. Upon the final determination of such judicial proceeding, the commission shall enter an order in accordance with such determination. A petition for judicial review shall not act as a supersedeas or stay unless the commission shall so order. [En. Subd. (i), Sec. 6, Ch. 137, L. 1937.]

3033.18. Payment of contributions. (1) On and after January 1, 1937, contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this act, with respect to wages payable for employment (as defined in this act) occurring during such calendar year. Such contributions shall become due and be paid by each employer to the commission for the fund in accordance with such regulations as the commission may prescribe and shall not be deducted, in whole or in part, from the wages of individuals in his employ.

(2) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amount to one-half cent or more, in which case it shall be increased to one cent. [En. Subd. (a), Sec. 7, Ch. 137, L. 1937; Amd. Sec. 3 (a), Ch. 137, L. 1939.]

3033.19. Rate of contributions. Each employer shall pay contributions equal to the following percentages of wages payable by him with respect to employment:

(a) One and eight-tenths per centum with respect to employment during the calendar year 1937;

(b) Two and seven-tenths per centum with respect to employment during the calendar years 1938, 1939, 1940, 1941, and for each calendar year thereafter. [En. Subd. (b), Sec. 7, Ch. 137, L. 1937; Amd. Sec. 3 (b), Ch. 137, L. 1939.]

3033.20. Study of merit rating—report. The commission shall investigate and study the operation of this act and the actual experience hereunder with a view to determining the advisability of establishing a rating system which would equitably rate the unemployment risk and fix the contribution to the fund of each employer or industry and would encourage the stabilization of employment. The commission shall submit their report and recommendations to the governor and the legislature not later than January 1, 1945. [En. Subd. (c), Sec. 7, Ch. 137, L. 1937; Amd. Sec. 3 (c), Ch. 137, L. 1939.]

3033.21. Employers included for entire year. Any employing unit which is or becomes an employer subject to this act within any calendar year, shall be subject to this act during the whole of such calendar year. [En. Subd. (a), Sec. 8, Ch. 137, L. 1937; Re-en. Sec. 4 (a), Ch. 137, L. 1939.]

3033.22. Employer may cease to be subject to act, when. Except as otherwise provided in section 3033.23 an employing unit shall cease to be an employer subject to this act only as of the first day of January, of any calendar year, only if it files with the commission prior to the last day of February, of such year, a written application for termination of coverage, and the commission finds that there were no twenty (20) different days, each day being in a different week within the preceding calendar year within which such employing unit employed one (1) or more individuals in an employment subject to this act, and the total wages payable for employment by said employer in the preceding calendar year did not exceed \$500.00. For the purposes of this section, the two or more employing units mentioned in paragraph (2) or (3) of section 3033.58 (i) shall be treated as a single employing unit. [En. Subd. (b), Sec. 8, Ch. 137, L. 1937; Amd. Sec. 4 (b), Ch. 137, L. 1939.]

3033.23. Election to be subject to act. An employing unit not otherwise subject to this act, which files with the commission its written election to become an employer subject hereto for not less than two (2) calendar years, shall, with the written approval of such election by the commission become an employer subject hereto to the same extent as all other employers as of the date stated in such approval, and shall cease to be subject hereto as of January 1, of any calendar year, subsequent to such two (2) calendar years only if at least thirty (30) days prior to said first day of January it has filed with the commission a written notice to that effect.

Any employing unit for which services that do not constitute employment as defined in this act, are performed may file with the commission, a written election that all such services performed by individuals in its employ in one or more distinct establishments or places of business shall be deemed to constitute employment for all the purposes of this act for not less than two (2) calendar years. Upon the written approval of such

election by the commission, such services shall be deemed to constitute employment subject to this act from and after the date stated in such approval. Such services shall cease to be deemed employment subject hereto as of January 1, of any calendar year subsequent to such two (2) calendar years only if at least thirty (30) days prior to such first day of January such employing unit has filed with the commission a written notice to that effect. [En. Subd. (c), Sec. 8, Ch. 137, L. 1937; Re-en. Sec. 4 (c), Ch. 137, L. 1939.]

3033.24. Unemployment compensation fund—establishment. There is hereby established as a special fund, separate and apart from all public moneys or funds of this state, an unemployment compensation fund, which shall be administered by the commission exclusively for the purposes of this act. This fund shall consist of (1) all contributions collected under this act, together with any interest thereon collected pursuant to section 3033.46; (2) all fines and penalties collected pursuant to the provisions of this act; (3) interest earned upon any moneys in the fund; (4) any property or securities acquired through the use of moneys belonging to the fund; and (5) all earnings of such property or securities. All moneys in the fund shall be mingled and undivided. [En. Subd. (a), Sec. 9, Ch. 137, L. 1937.]

3033.25. Accounts and deposit. The state treasurer shall be ex-officio the treasurer and custodian of the fund who shall administer such fund in accordance with the directions of the commission and shall issue his warrants upon it in accordance with such regulations as the commission shall prescribe. He shall maintain within the fund three separate accounts: (1) a clearing account, (2) an unemployment trust fund account, and (3) a benefit account. All moneys payable to the fund, upon receipt thereof by the commission, shall be forwarded to the treasurer who shall immediately deposit them in the clearing account. Refunds payable pursuant to section 3033.49 may be paid from the clearing account upon warrants issued by the treasurer under the direction of the commission. After clearance thereof, all other moneys in the clearing account shall be immediately deposited with the secretary of the treasury of the United States of America to the credit of the account of this state in the unemployment trust fund, established and maintained pursuant to section 904 of the social security act, as amended, any provision of law in this state relating to the deposit, administration, release, or disbursement of moneys in the possession or custody of this state to the contrary notwithstanding. The benefit account shall consist of all moneys requisitioned from this state's account in the unemployment trust fund. Except as herein otherwise provided, moneys in the clearing and benefit accounts may be deposited by the treasurer, under the direction of the commission, in any bank or public depository in which general funds of the state may be deposited but no public deposit insurance charge or premium shall be paid out of the fund. The treasurer shall give a separate bond conditioned upon the faithful performance of his duties as custodian of the fund in an amount fixed by the commission and in a form prescribed by law or approved by the attorney general. Premiums for said bond shall be paid from the administration fund. [En. Subd. (b), Sec. 9, Ch. 137, L. 1937.]

3033.26. Withdrawals and use of money. Moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the

payment of benefits and in accordance with regulations prescribed by the commission. The commission shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to this state account therein, as it deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and shall issue his warrants for the payment of benefits solely from such benefit account. Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody. All warrants issued by the treasurer for the payment of benefits and refunds shall bear the signature of the treasurer and the counter signature of a member of the commission or its duly authorized agent for that purpose. Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or, in the discretion of the commission, shall be redeposited with the secretary of the treasury of the United States of America, to the credit of this state's account in the unemployment trust fund, as provided in section 3033.26. [En. Subd. (c), Sec. 9, Ch. 137, L. 1937.]

3033.27. Disbursement of funds if federal act becomes inoperative. If Title III or IX of the federal social security act is declared unconstitutional or in any way is inoperative, this act automatically becomes inoperative under the provisions of this act, and the funds which then remain in the unemployment trust fund shall immediately be paid to the state treasurer to be paid into the unemployment compensation fund and funds there held shall be immediately distributed, upon order of the commission, to the employers who have contributed thereto on a proportionate basis. If any part thereof remains undistributed for a period of one (1) year it shall be paid to the general fund of the state of Montana. [En. Subd. (d), Sec. 9, Ch. 137, L. 1937.]

3033.28. Unemployment compensation commission—creation—compensation—terms. There is hereby created a commission to be known as the unemployment compensation commission of Montana. The commission shall consist of three members who shall be appointed by the governor on a non-partisan merit basis within sixty days after the passage of this act and after any vacancy occurs in its membership. Two of the members of the commission shall serve on a per diem basis and shall be paid at the rate of ten dollars (\$10.00) per day of service plus actual and necessary expenses, provided, however, that the total per diem compensation in any one year for each of the said two members shall not exceed the sum of five hundred dollars (\$500.00). Each per diem member shall hold office for a term of six years, except that (1) a member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term; and (2) the terms of office of the member first taking office after the date of enactment of this act shall expire, as designated by the governor at the time of appointment, one at the end of three years, the other at the end of

six years. The third member of the commission, who shall be designated as chairman at the time of his appointment, shall be paid a full-time salary in an amount to be fixed by the governor and shall be the executive director. During his term of membership on the commission no member shall serve as an officer or committee member of any political-party organization. The governor may at any time, after notice and hearing, remove any commissioner for inefficiency, neglect of duty, malfeasance, misfeasance, or nonfeasance in office. [En. Subd. (a), Sec. 10, Ch. 137, L. 1937.]

3033.29. Divisions to be established. The commission shall establish two coordinate divisions: The Montana state employment service division created pursuant to sections 3033.42 and 3033.43, and the unemployment compensation division. Each division shall be responsible to the executive director for the discharge of its distinctive function. Each division shall be a separate administrative unit with respect to personnel, budget, and duties except insofar as the commission may find that such separation is impracticable. [En. Subd. (b), Sec. 10, Ch. 137, L. 1937.]

3033.30. Quorum. Any two commissioners shall constitute a quorum. No vacancy shall impair the right of the remaining commissioners to exercise all of the powers of the commission. [En. Subd. (c), Sec. 10, Ch. 137, L. 1937.]

3033.31. Duties and powers of commission. It shall be the duty of the commission to administer this act; and it shall have power and authority to adopt, amend, or rescind such rules and regulations, to employ such persons, make such expenditures, require such reports, make such investigations, and take such other action as it deems necessary or suitable to that end. Such rules and regulations shall be effective upon publication in the manner, not inconsistent with the provisions of this act, which the commission shall prescribe. The commission shall determine its own organization and methods of procedure in accordance with the provisions of this act, and shall have an official seal which shall be judicially noticed. Not later than the 1st day of February of each year, the commission shall submit to the governor a report covering the administration and operation of this act during the preceding calendar year and shall make such recommendations for amendments to this act as the commission deem proper. Such report shall include a balance sheet of the moneys in the fund in which there shall be provided, if possible, a reserve against the liability in future years to pay benefits in excess of the then current contributions, which reserve shall be set up by the commission in accordance with accepted actuarial principles on the basis of statistics of employment, business activity, and other relevant factors for the longest possible period. Whenever the commission believes that a change in contribution or benefit rates will become necessary to protect the solvency of the fund, it shall promptly so inform the governor and the legislature, and make recommendations with respect thereto. [En. Subd. (a), Sec. 11, Ch. 137, L. 1937.]

3033.32. Regulations and general and special rules. General and special rules may be adopted, amended, or rescinded by the commission only after public hearing or opportunity to be heard thereon, of which proper notice has been given. General rules shall become effective ten days after filing with the secretary of the state and publication in one or more news-

papers of general circulation in this state. Special rules shall become effective ten days after notification to or mailing to the last known address of the individuals or concerns affected thereby. Regulations may be adopted, amended, or rescinded by the commission and shall become effective in the manner and at the time prescribed by the commission. [En. Subd. (b), Sec. 11, Ch. 137, L. 1937.]

3033.33. Publication of act, regulations and rules. The commission shall cause to be printed for distribution to the public the text of this act, the commission's regulations and general and special rules, its annual reports to the governor, and any other material the commission deems relevant and suitable and shall furnish the same to any person upon application therefor. [En. Subd. (c), Sec. 11, Ch. 137, L. 1937.]

3033.34. Personnel. Subject to other provisions of this act, the commission is authorized to appoint, fix the compensation and prescribe the duties and powers of such officers, accountants, attorneys, experts, and other persons as may be necessary in the performance of its duties under this act. The commission may delegate to any such persons such power and authority as it deems reasonable and proper for the effective administration of this act, and may in its discretion bond any person handling money or signing checks hereunder. The commission shall classify positions under this act and shall establish salary schedules and minimum personnel standards for the positions so classified. The commission shall provide for the holding of examinations to determine the qualifications of applicants for the positions so classified, and except for temporary appointments of not to exceed six months in duration, such personnel shall be appointed on the basis of efficiency and fitness as determined in such examinations. No person who is an officer or committee member of any political party organization or who holds or is a candidate for any public office shall be appointed or employed under this act. The commission shall establish and enforce fair and reasonable regulations for appointments, promotions, and demotions based upon ratings of efficiency and fitness and for terminations for cause. [En. Subd. (d), Sec. 11, Ch. 137, L. 1937.]

3033.35. Records and reports. Each employing unit shall keep true and accurate work records, containing such information as the commission may prescribe. Such records shall be open to inspection and shall be subject to being copied by the commission or its authorized representative at any reasonable time and as often as may be necessary. The commission and the chairman of any appeal tribunal may require from any employing unit any sworn or unsworn reports with respect to persons employed by it which the commission deems necessary to the effective administration of this act. Information thus obtained or obtained from any individual pursuant to the administration of this act shall except to the extent necessary for the proper presentation of a claim be held confidential and shall not be published or be open to public inspection (other than to public employees in the performance of their public duties) in any manner revealing the individual's or employing unit's identity, but any claimant or his legal representative at a hearing before the commission or appeal tribunal shall be supplied with information from such records to the extent necessary for the proper presentation of his claim. Any employee or member of the

commission who violates any provision of this section shall be fined not less than twenty dollars nor more than two hundred dollars, or imprisoned for not longer than 90 days, or both. [En. Subd. (e), Sec. 11, Ch. 137, L. 1937.]

3033.36. Oaths and witnesses. In the discharge of the duties imposed by this act, the chairman of an appeal tribunal and any duly authorized representative or member of the commission shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with a disputed claim or the administration of this act. [En. Subd. (f), Sec. 11, Ch. 137, L. 1937.]

3033.37. Subpoenas—contempt—penalty for disobedience. In case of contumacy by, or refusal to obey a subpoena issued to any person, any court of this state within the jurisdiction of which the inquiry is carried on or within the jurisdiction of which said person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the chairman of an appeal tribunal, the commission or any duly authorized representative of any of them shall have jurisdiction to issue to such person an order requiring such person to appear before the chairman of an appeal tribunal, a commissioner, the commission, or any duly authorized representative of any of them there to produce evidence if so ordered or there to give testimony touching the matters under investigation or in question; and any failure to obey such order of the court may be punished by said court as a contempt thereof. Any person who shall without just cause fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, and other records, if it is in his power to do so, in obedience to a subpoena of the commission, the chairman of an appeal tribunal or any duly authorized representative of any of them shall be punished by a fine of not more than \$200 or by imprisonment for not longer than sixty days, or by both such fine and imprisonment, and each day such violation continues shall be deemed to be a separate offense. [En. Subd. (g), Sec. 11, Ch. 137, L. 1937.]

3033.38. Protection against self-incrimination. No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda, and other records before the commission, the chairman of an appeal tribunal or any duly authorized representative of any of them or in obedience to the subpoena of the commission or any member thereof or any duly authorized representative of the commission in any cause or proceeding before the commission, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. [En. Subd. (h), Sec. 11, Ch. 137, L. 1937.]

3033.39. State-federal cooperation. In the administration of this act, the commission shall cooperate to the fullest extent consistent with the provisions of this act, with the social security board, created by the social security act, approved August 14, 1935, as amended; shall make such reports, in such form and containing such information as the social security board may from time to time require, and shall comply with such provisions as the social security board may from time to time find necessary to assure the correctness and verification of such reports; and shall comply with the regulations prescribed by the social security board governing the expenditures of such sums as may be allotted and paid to this state under Title III of the social security act for the purpose of assisting in the administration of this act.

Upon request therefor the commission shall furnish to any agency of the United States charged with the administration of public works or assistance through public employment, the name, address, ordinary occupation, and employment status of each recipient of benefits and such recipient's rights to further benefits under this act. [En. Subd. (i), Sec. 11, Ch. 137, L. 1937.]

3033.40. Reciprocal benefit arrangements. The commission is hereby authorized to enter into arrangements with the appropriate agencies of other states or the federal government, whereby individuals performing services in this and other states for a single employing unit under circumstances not specifically provided for in this act, or under similar provisions of the unemployment compensation laws of such other states, shall be deemed to be engaged in employment performed entirely within this state or within one of such other states and whereby potential rights to benefits accumulated under the unemployment compensation laws of several states or under such a law of the federal government, or both, may constitute the basis for the payment of benefits through a single appropriate agency under terms which the commission finds will be fair and reasonable as to all affected interests, and will not result in any substantial loss to the fund. [En. Subd. (j), Sec. 11, Ch. 137, L. 1937.]

3033.41. State employment service. The commission shall create a division to be known as the Montana state employment service which division shall establish and maintain free public employment offices in such number and in such places as may be necessary for the proper administration of this act, and for the purpose of performing such duties as are within the purview of the act of congress entitled: "An act to provide for the establishment of a national employment system and for cooperation with the states in the promotion of such system, and for other purposes", approved June 6, 1933 [48 Stat. 113; U.S. C., Title 29, Sec. 49 (c)], as amended. The said division shall be administered by a full time salaried director, who shall be charged with the duty to cooperate with any official or agency of the United States having powers or duties under the provisions of the said act of congress, as amended, and to do and perform all things necessary to secure to this state the benefits of the said act of congress, as amended, in the promotion and maintenance of a system of public employment offices. The provisions of the said act of congress, as amended, are hereby accepted by this state, in conformity with section 4 of said act, and this state will observe and comply with the requirements thereof. The Montana state

employment service is hereby designated and constituted the agency of this state for the purpose of said act. The commission is directed to appoint the director, other officers, and employees of the Montana state employment service. Such appointments shall be made in accordance with regulations prescribed by the director of the United States employment service. [En. Subd. (a), Sec. 12, Ch. 137, L. 1937.]

3033.42. Financing. 3083.6. State cooperation to enforce federal fair labor standards act. The department of agriculture, labor and industry through the division of

labor and publicity, may, and it is hereby authorized to assist and cooperate with the wage and hour division, and the children's bureau, U. [En. Sec. 1, Ch. 56, L. 1939.]

3083.7. Hours of labor in eating establishments. A period of not more than eight (8) hours shall constitute a day's work, and a period of not to exceed forty-eight (48) hours shall constitute a week's work for persons employed in or about restaurants, cafes, lunch counters and other commercial eating establishments.

The hours of work must be so arranged that persons employed in or about restaurants, cafes, lunch counters and other commercial eating establishments shall not be on duty more than eight (8) hours in the aggregate of any twelve (12) consecutive hours, such persons shall have at least twelve (12) consecutive hours off duty; provided, however, that the provisions of this act shall not apply to any person or persons working more than eight (8) hours during any twelve (12) consecutive hours, or more than forty-eight (48) hours during any week for the purpose of relieving another employee in case of sickness, or where the health of the public is imperilled, or where life and property is in imminent danger, or for other unforeseen cause or causes. CHAPTER 264, PAYMENT OF WAGES—PROTECTION OF DISCHARGED EMPLOYEES

3084. Semi-monthly payment of wages.

Since Chapter 11, Laws of 1919 (secs. 3084-3089, Rev. Codes, 1921) fixing the time at which wages shall be payable, etc., excludes agricultural labor from the operation of the Act, the provision of section 3089 that where an employee is compelled to bring action for the recovery of wages due the judgment shall include a reasonable attorney's fee to be taxed as costs, does not apply in an action by a ranch-hand to recover his wages, and the district court properly eliminated such

item from plaintiff's cost bill. *Gahagan v. Gugler*, 100 M 599, 611, 52 P 2d 150.

Alleged error in striking from a cost bill in an action to recover wages under sections 3084 and 3089, Revised Codes, an item of attorney's fees, the order being made two months after entry of judgment, held properly reviewable on appeal from the judgment though the item was not incorporated therein. *Swanson v. Gnose*, 106 M 262, 268, 76 P 2d 643.

3085. Penalty for failure to pay at times specified in law.

Codes, 1921) fixing the time at which wages shall be payable, etc., excludes agricultural labor from the operation of the Act, the provision of section 3089 that where an employee is compelled to bring action for the recovery of wages due the judgment shall include a reasonable attorney's fee to be taxed as costs, does not apply in an action by a ranch-hand to recover his wages, and the district court properly eliminated such item from plaintiff's cost bill. *Gahagan v. Gnose*, 106 M 262, 265 et seq., 76 P 2d 643.

Id. A memorandum of costs, including an item of attorney's fees, in an action to recover wages due, and setting forth the nature of the services rendered, makes out a prima facie case upon which the claim for such fees is based (sec. 3089, Rev. Codes), and no further proof is required until such prima facie case is overturned.

Id. The provision of section 3089, Revised Codes, that the judgment in an action to recover wages shall include a reasonable attorney's fee in favor of the successful party, is an "express provi-

sion of law" for the allowance of costs.

Id. Contention of defendant administrator in an action to recover for work done at the request of defendant's decedent, that but for the fact that plaintiff presented his claim for a large amount, two-thirds of which had been paid (as found by the jury), instead of for the balance due which would have been allowed and the suit rendered unnecessary, and the fact that he had no other alternative than to pay it as presented, an allowance of an attorney's fee was not permissible under section 3089, Revised Codes, held not maintainable in the state of the record and in view of sections 10184, permitting an administrator to allow claims in part, and 10188, providing for reference of such a matter with the approval of the court or judge.

Id. The provision of section 3089, Revised Codes, to the effect that the judgment in an action to recover wages due shall include a reasonable attorney's fee in favor of the successful party, held unaffected, as to the matter of time within which the action must be brought, by the provision of section 3087 declaring that an employee may recover the penalties provided by section 3085 at any time within six months after default or delay in payment of wages; i. e., section 3089 applied to an action brought after expiration of six months; in the instant case the action was brought about three years after plaintiff's employment ceased.

CHAPTER 264-A, PROTECTION OF WAGE-EARNERS IN CERTAIN MINING OPERATIONS

3094.1. Labor wage and protection statutes applicable to certain mining operations. For the purposes of this act, all the provisions of Chapter 264, political code of the revised codes of Montana, 1935, shall extend to and govern every person, firm, partnership or corporation engaged in the business of extracting, or of extracting and refining or reducing metals and minerals, or mining for coal, or drilling for oil, save and except such persons, firms, partnerships or corporations as have a free and unencumbered title to not less than one-half ($\frac{1}{2}$) the fee of the property being worked; for this purpose outstanding unpaid or unredemed tax sale certificate shall not be considered an encumbrance. [En. Sec. 1, Ch. 39, L. 1939.]

3094.2. Statement to be filed with commissioner of labor and county clerks—contents. Every person, firm or partnership coming within the provisions of this act shall before commencing operations, file with the commissioner of labor of the state of Montana and also in the office of the county clerk and recorder of each county where such operations are to be carried on, a verified statement showing the names and addresses of each

party interested therein, or, if a corporation, the names and addresses of its officers and directors, the principal place of business of such corporation and the names and addresses of the person, or persons, resident of Montana, designated as the person, or persons, upon whom service of process may be made. [En. Sec. 2, Ch. 39, L. 1939.]

3094.3. Failure to file statement a misdemeanor. Every person, firm, partnership or corporation failing to file a statement with the commissioner of labor and in the offices of the county clerks and recorders, as provided in section 3094.2 shall be deemed guilty of a misdemeanor and punishable as provided by law. [En. Sec. 3, Ch. 39, L. 1939.]

3094.4. Actions against violators—duty of labor commissioner and of county attorneys. Whenever it shall appear from reliable information satisfactory to the commissioner of labor of the state of Montana that any person, firm, partnership or corporation engaged in the business mentioned in section 3094.1, and not exempt from the effect of this act, shall have failed to pay any wages or salaries due his employees as required by chapter 264 of the political code of the Revised Codes of Montana for 1935, he shall have the right to deliver such information to the county attorney of the county wherein the operations of the employer are being carried on and to request such county attorney to file a complaint in the district court of said county in accordance with the provisions of this act and said chapter 264. Should such complaint be filed by the county attorney upon his own motion, or at said request of said commissioner of labor, the same shall pray that relief be had against the employer for the greater security for the payment of salaries and wages of the employees; provided, however, that any such employees may make complaint direct to the county attorney relative to any violation of this act or of said chapter 264. If said county attorney believes, after receiving said information, that the provisions of chapter 264 of the Revised Codes of Montana for 1935, or any thereof, have been violated, and that such violation or violations of said chapter was or were wilful, or that the financial condition of the employer is such as to endanger employees in receiving prompt payment or collection of wages, it shall be his duty to file the complaint aforesaid in said district court. The county attorney of the county shall promptly notify the commissioner of labor of any complaint made by any employee relative to the violation of any of the provisions of this act or said chapter 264, and shall in writing keep said commissioner of labor advised of each step in any proceeding taken by said county attorney thereunder. Upon the filing of such complaint, summons shall issue thereon and a copy of such complaint and a copy of the summons shall be served upon the employer who shall have ten (10) days after such service to appear and defend such action. All proceedings upon such complaint shall be promptly prosecuted. [En. Sec. 4, Ch. 39, L. 1939.]

3094.5. Order of district court on hearing complaint. Upon the conclusion of the hearing upon such complaint, the judge of the district court may make findings and shall issue an order to the employer in default to pay within five (5) days all wages and salaries found by the court to be due and unpaid; or an order to appear before the court within ten (10) days and show cause why a judgment and order should not issue requiring said employer to give bond for the payment of all wages and salaries then

due and thereafter to accrue to his employees within said county. Service of such order shall be made at least five (5) days before the date set for hearing or the date to which such hearing may be continued by the court upon good cause shown. [En. Sec. 5, Ch. 39, L. 1939.]

3094.6. Hearing—decree of court—bond, amount and requirement of
Upon the hearing of such order, if the court shall determine that the default of said employer in the payment of wages and salaries was wilful, or that the financial condition of the employer is such as to endanger or delay or impede employees in collecting their wages and salaries, or that the employer is a non-resident of the state of Montana without visible property in said county subject to execution, or who has within two (2) years defaulted in payroll payments, the court may adjudge and decree that the employee or employees are endangered in the collection of their just demands, and the court may issue a restraining order against the employer forbidding further prosecution of operations by said employer until after the employer has furnished a good and sufficient bond, in form to be approved by the court with good and sufficient surety or sureties who can and do legally justify, and deposit said bond with the clerk of court of said county, obligating the employer to pay all wages and salaries as required by said chapter 264. Said bond may be that of a surety company licensed and authorized to do business within the state of Montana, or of two (2) owners of real estate situate in said county and who can and do justify as sureties in the same manner as sureties justify on appeal bonds or bail bonds. Said bond shall be in the sum of not less than five hundred dollars (\$500.00) for each unit of five (5) men or less employed by such person, firm, partnership, or corporation. Any person whose wages or salary has remained unpaid for fifteen (15) days or more after due, shall have a right to sue upon said bond for the recovery of his wages or salary. Said bond shall continue in force for one (1) year. Said bond shall run in the name of the state of Montana and shall be examined and approved by the judge of the district court, said approval to be endorsed thereon; provided, however, that nothing contained in this act shall be considered as requiring any person, firm, partnership or corporation to file a bond or bonds if he or it pays for all labor in full each day, or where such labor has been performed upon a written building or construction contract to furnish material or other consideration as well as labor; provided, however, that nothing herein shall prohibit the making or entering into of any wage or working agreement, such as grubstake agreements and/or similar agreements; provided such employer or contractor keeps in force proper workmen's compensation insurance. [En. Sec. 6, Ch. 39, L. 1939.]

3094.7. Manner of serving process. All orders and other process provided for in this act shall be served by the sheriff upon the employer in the same manner as a summons in a civil suit is served; service upon any partner or member of any firm shall be considered service upon each partner and each member of the firm. In the event that the employer is a non-resident, or a corporation without officers or directors within the county, who cannot conveniently and promptly be found for service, then service upon the manager, superintendent or foreman in charge of the work, or, there being none such, then posting a copy of the order, or other process provided to be served herein, in a conspicuous place at or near

the entrance to the principal workings shall be deemed sufficient service. [En. Sec. 7, Ch. 39, L. 1939.]

3094.8. Enjoining of mining operations when bond not furnished. In the event that the bond ordered by the district court is not executed and filed with the county treasurer within the time fixed by the court, the court may, if he deems the persons working for such employer to be insecure in the prompt payment or collection of their wages or salaries, enjoin any and all further operations of said employer within the state of Montana, for a period of one (1) year, at any mine or reduction works, or oil well or until the order, judgment or decree of the court shall have been fully complied with. The said district court shall include in any order, judgment or decree against the employer, all costs of the proceeding, which shall be taxed against the employer and paid into the clerk of the court to be by him deposited with the county treasurer to the credit of the general fund of the county. The county attorney of the county wherein such proceedings are had, or the attorney general of the state, shall, at his or their discretion, file such action and prosecute the same. [En. Sec. 8, Ch. 39, L. 1939.]

3094.9. Failure to furnish bond or pay costs as contempt. In event the employer fails for thirty (30) days or more to pay the costs of the proceeding and/or fails to furnish the bond required by the court, the court may proceed against and punish said employer for contempt of court. [En. Sec. 9, Ch. 39, L. 1939.]

3094.10. Court may order publication of notice of bond requirement. In the discretion of the court, it may order the clerk of the court to publish a brief notice or memorandum in a newspaper published in the county, of the entry of the order against the employer, requiring said employer to furnish said bond, said publication shall be for four (4) consecutive weeks. The cost of such publication shall be assessed against the employer as one of the costs of the proceeding. [En. Sec. 10, Ch. 39, L. 1939.]

3094.11. Attorney fee allowed, when. In event any person whose wages or salary has remained unpaid for fifteen (15) days or more after due, shall bring suit as in section 3094.6 provided, the court shall assess as costs against the unsuccessful party a reasonable attorney fee. [En. Sec. 11, Ch. 39, L. 1939.]

3094.12. Review by supreme court. In event any employer against whom an order to furnish the bond described in this act feels aggrieved by any order or injunction of the district court, he shall be entitled, upon payment for the transcript of record, to have his objections and exceptions reviewed and determined by the supreme court as upon a writ of certiorari. [En. Sec. 12, Ch. 39, L. 1939.]

3094.13. Remedy provided is in addition to existing remedies. The remedy herein provided for the greater security for the payment of wages and salaries and the collection thereof, shall be in addition to any remedy now provided by law for the payment and collection of wages and salaries. [En. Sec. 13, Ch. 39, L. 1939.]

CHAPTER 268-A, PHOTOGRAPHY—REGULATION OF PRACTICE

3137.1. Photography defined. (a) Photography is defined to be:

1. The production of pictures by the action of light on prepared sensitive surfaces;

2. The processes of projecting and registering images by means of lens and camera upon sensitized materials, development and fixation of the latent image to render same visible and permanent, and the subsequent reproduction or transfer of such image, either negative or positive, upon other sensitized material by aid of light and chemical action.

(b) The practice of photography is defined to be the business or profession, occupation or avocation of taking or producing photographs, or any part thereof, for hire. [En. Sec. 1, Ch. 37, L. 1937.]

3137.2. Creation of board. The board of examiners in photography is hereby created. Said board shall consist of five (5) members, to be appointed by the governor. Each of said members shall have been engaged in the practice of photography in the state for not less than five (5) years next preceding his appointment. The terms of the members first appointed shall be, one (1) for five (5) years; one (1) for four (4) years; one (1) for three (3) years; one (1) for two (2) years; and one (1) for one (1) year. Thereafter the term of each member shall be for five (5) years. [En. Sec. 2, Ch. 37, L. 1937.]

3137.3. Organization; duties of officers; meetings; compensation.

(a) Within thirty (30) days after the appointment of the members thereof, the board shall organize by electing one (1) of its members as president, one (1) as vice-president, and one (1) as secretary and treasurer. The board shall make such rules and regulations as may be necessary to the performance of its duties. A majority of the board shall constitute a quorum.

(b) It shall be the duty of the president to preside at all meetings. In the absence or incapacity of the president, the vice-president shall assume his duties. It shall be the duty of the secretary-treasurer to keep a record of all proceedings of the board, which shall be open at all times to public inspection. He shall have custody of all funds and shall hold, use or ex-

pend such funds only in the manner hereinafter provided. He shall give such surety bond as the board shall from time to time prescribe, in not less than double the amount of money he would hold at any one time, and the premium shall be a charge against the board.

(c) The board shall hold public meetings at least once each year and as often and at such places as it may deem necessary.

(d) Each member of the board shall receive as compensation five dollars (\$5.00) for each day actually in session or actively engaged in the duties of the board or of his office, and actual necessary traveling expenses and hotel bills when in session. In addition, the secretary-treasurer shall be allowed an annual expense account not to exceed one hundred dollars (\$100.00) for stenographic assistance.

(e) The secretary-treasurer shall transmit to the state treasurer all fees or other revenue received by the board. The state treasurer shall place ten per cent (10%) thereof in the general fund to assist in defraying the cost of the maintenance of the state government, and shall place the remainder in a separate fund to be known as "The Photographers' License Fund", to be used only in defraying the expenses of the board and in the prosecution of violations of this act. Any other provision of law notwithstanding, the unexpended balance remaining in said photographers' license fund as of the end of the fiscal year shall not revert to the general fund but shall be credited to said fund for the succeeding fiscal year. The board shall never incur any expense nor approve any claim against said fund in excess of the balance therein, nor shall the state auditor issue any warrant against said fund in excess of said balance. [En. Sec. 3, Ch. 37, L. 1937.]

3137.4. Authority to give examinations; certificates and licenses.

(a) The board shall have authority to examine applicants who desire to practice photography in the state; to collect fees for such examinations, and to issue certificates of registration and license to practice photography to such as qualify as to competency, ability and integrity. The board shall adopt rules for the issuance of temporary certificates pending an examination, which shall be null and void after the next ensuing examination by the board. For the advancement of the profession, the board shall also provide for temporary certificates to apprentices.

(b) In giving examinations, the board may take testimony, under oath, which may be administered by any member, as to technical qualifications or the business record of the applicant, and the board may, at its discretion, for sufficient reason, grant or withhold a license to practice. [En. Sec. 4, Ch. 37, L. 1937.]

3137.5. Forms of technical examinations. The board shall provide three forms of technical examinations, covering respectively portrait, commercial work, and kodak or amateur finishing, and shall provide separate certificates for each such branch of photography. A certificate for any one branch shall not permit practice of the other branches, but a person may hold certificates in all three branches. An applicant may take the examination in one or more such branches of photography, and if taken at the same meeting of the board, one examination fee shall suffice. [En. Sec. 5, Ch. 37, L. 1937.]

3137.6. Reports; removal of member. (a) The board shall make an annual report of its proceedings to the governor, not later than the fifteenth

(15th) day of December of each year, which report shall contain an account of all moneys received and disbursed, from what source received, and for what purpose paid out.

(b) After a full and complete hearing of charges, the governor, on a majority vote of the remaining members and himself, may remove any member of the board for continued neglect of duty, incompetency, or unlawful or dishonorable conduct. [En. Sec. 6, Ch. 37, L. 1937.]

3137.7. Examinations; fees; licenses. (a) Every person desiring to commence the practice of photography in this state after this act takes effect, shall file an application, under his true name, for a license to so practice, together with an examination fee of twenty-five dollars (\$25.00), with the secretary of the board. He shall appear before the board for examination within six (6) months, and present such references and credentials as the board may require, and shall give satisfactory evidence as to competency and fitness to practice photography, based on technical knowledge and business integrity.

(b) If the applicant successfully passes the examination, he shall be registered by the board as a qualified photographer and receive a license signed by each member, authorizing him to practice photography. Such license shall not be transferable.

(c) No company, firm, corporation or association shall practice photography under an assumed or fictitious name, unless the name of the concern, together with the name of each person working under such name, or in any way associated with such concern who shall in all cases be a resident of Montana, shall be prominently and continuously displayed in the place of business of such concern. Said sign shall be conspicuously printed in plain type in the English language, on a card not less than twelve (12) by fourteen (14) inches, and shall be framed under glass.

(d) Fees paid for examinations shall in no case be refunded, but an applicant who fails in the first examination may take a subsequent examination in branches in which he failed, and the fee for such re-examination shall be ten dollars (\$10.00). Should the applicant again fail, and desire to again come before the board for a third examination, he may make application as in the first instance, accompanied by the regular examination fee of twenty-five dollars (\$25.00). [En. Sec. 7, Ch. 37, L. 1937.]

3137.8. License to be recorded. Each recipient of a license to practice photography shall record the same in the office of the county recorder of the county in which he practices photography, and shall keep such license conspicuously displayed in his camera room. [En. Sec. 8, Ch. 37, L. 1937.]

3137.9. Fees. (a) Every person licensed to practice photography, who maintains an established place of photographic business, and who is not merely an employee of an established business, shall pay an annual fee of five dollars (\$5.00) for an establishment license.

(b) Every person licensed to practice photography, who is an employee of an established photographic business, shall pay an annual license fee as follows:

1. If employed in the portrait or commercial branch of photography, three dollars (\$3.00);
2. If employed in kodak or amateur finishing, two dollars (\$2.00).

(c) All fees shall be paid to the secretary on or before July first (1st), and he shall give a receipt for the same.

(d) The annual establishment fee shall include the issuance of certificates covering portrait, commercial, and kodak or amateur finishing when issued to the same person, provided he is qualified to hold the same. The annual employee fee shall cover issuance of all three certificates if applicant is qualified to hold same.

(e) The secretary shall notify every licensee, at his last known address, that his license fee is due on July first (1st) of each year after this act takes effect, and that his license will be revoked unless said fee is paid in full on or before October first (1st) of the same year, and thirty (30) days prior to said date shall send a second notice to all who have failed to make payment.

(f) A photographer whose license is revoked for non-payment of the annual fee may make application to the secretary for reinstatement, accompanied by a fee of ten dollars (\$10.00), and if the board shall find the applicant to be guilty of no violation of this act other than default in payment of annual dues, he may be immediately reinstated. [En. Sec. 9, Ch. 37, L. 1937.]

3137.10. Revocation of license. The board shall have power to revoke the license of any photographer found guilty of fraudulent practices, or of willful misrepresentations, or for professional inactivity within the state for a period of one (1) year, unless given further time by the board, or who is convicted of a crime involving moral turpitude. Before any license shall be so revoked, the licensee shall be given notice in writing, mailed to his last known address, advising him of the charges, and at a date and place specified in said notice, not less than ten (10) days after service thereof, he shall be given a public hearing, and shall have the right to be represented by counsel and to present testimony in his behalf. In the conduct of any such hearing the board shall be governed by the usual rules of evidence, and all testimony shall be taken and a record of the hearing made and filed with the secretary of the board. [En. Sec. 10, Ch. 37, L. 1937.]

3137.11. Photographers practicing at time act takes effect. The board shall issue a license certificate to every photographer lawfully engaged in the practice of photography in the state, at the time this act takes effect, upon receipt of an application accompanied by the fee prescribed by section 3137.9, which fee shall be deemed to be payment in full to July first (1st), 1938. Engagement in the lawful practice of photography shall be proven by the possession of a city license, issued prior to the date of passage of this act, in cities requiring city licenses, or in localities where city licenses are not required, by an affidavit signed by at least five (5) taxpayers, declaring the applicant to be engaged in the lawful practice of photography for profit, and permanently located. A resident photographer so entitled to a certificate shall make application therefor, accompanied by the proper fee, within thirty (30) days after notification by the secretary. Failure to do so shall act to forfeit the right to a certificate without examination. [En. Sec. 11, Ch. 37, L. 1937.]

3137.12. Unlawful to practice without license. (a) From and after thirty (30) days following the organization of the board, and notification by the board of the requirements of this act with respect to the filing of

application for license, it shall be unlawful for any person or firm not licensed as prescribed herein to practice photography, either directly or indirectly, or by agent or employee, or for any person representing himself to be qualified to practice photography in the state.

(b) A person shall be regarded as practicing photography who is a manager, proprietor or conductor of a place in which photographs are made and offered for sale. [En. Sec. 12, Ch. 37, L. 1937.]

3137.13. Misdemeanor to practice photography without license. Any person who shall practice, or attempt to practice, photography in the state, without first having complied with the provisions of this act, or who shall violate any provisions of this act, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine for each offense, of not less than fifty (50) nor more than two hundred (200) dollars, or by imprisonment in the county jail not less than thirty (30) days nor more than six (6) months, or by both such fine and imprisonment. Each sale shall be a separate offense. [En. Sec. 13, Ch. 37, L. 1937.]

3137.14. Exemptions. Nothing in this act shall be construed to apply:

(a) To a person in the employ of any newspaper or periodical publication, provided the negatives or photographs made by such person are not sold or offered for sale, or otherwise disposed of in this state for profit;

(b) To a person who shall make negatives or photographs for experimental purposes or for his or her own personal use or pleasure, provided such negatives or photographs are not sold or offered for sale in this state;

3137.15. Saving clause. If any part or provision of this act shall for any reason be adjudged by a court of competent jurisdiction to be invalid, the remainder thereof shall not thereby be invalidated, impaired, or affected. [En. Sec. 15, Ch. 37, L. 1937.]

CHAPTER 270, PODIATRY—REGULATION OF PRACTICE

3154.1. Definitions. Chiropody (sometimes called podiatry) shall, for the purpose of this act, mean the diagnosis, medical, surgical, mechanical, manipulative and electrical treatment of ailments of the human foot. A chiropodist shall mean one practicing chiropody. [As amended Sec. 1, Ch. 218, L. 1939.]

3154.2. License—amputations not allowed. It shall be unlawful for any person to profess to be a chiropodist, to practice or assume the duties incident to chiropody, or to advertise in any form or hold himself out to the public as a chiropodist or podiatrist, or in any sign or advertisement to use the word chiropodist or podiatrist, foot correctionist, or any other term or terms, letters indicating to the public that they are holding themselves

out as a chiropodist, or foot correctionist in any manner as defined in this act, without first obtaining from the state board of chiropody medical examiners a license authorizing the practice of chiropody in this state, except as hereinafter provided. No chiropodist shall amputate the human foot or toe or toes, or administer any anesthetic other than local. [As amended Sec. 2, Ch. 218, L. 1939.]

3154.3. Chiropody examiners—examinations—qualifications—schools—fees—non-resident practitioners. There is hereby created a state board of chiropody medical examiners consisting of one physician to be selected at its annual meeting by the state board of medical examiners from its membership, the secretary of the state board of medical examiners, and two chiropodists to be selected and to serve as hereinafter provided. The Montana association of chiropodists shall select six chiropodists from its membership, who shall be residents of and shall have engaged in the active practice of chiropody for at least two years in this state, and shall be of high integrity and ability. Within thirty days from and after the selection of said six chiropodists as aforesaid, the governor of Montana shall appoint three of their number and so designate the term of office of each, that the term of office of one member shall expire in one (1) year, one in two (2) years, and one in three (3) years, from date of appointment; annually thereafter, the governor shall appoint one member who shall be a licensed chiropodist possessing the qualifications hereinbefore mentioned who shall serve for a period of three (3) years or until his successor shall have been appointed by the governor. Should any vacancy arise on aforesaid board before the expiration of the term of office of any of the chiropodist members of said board, such vacancy shall be filled by appointment by the governor within thirty days, such appointee to possess the qualifications heretofore stated, and to be selected from those remaining of the said six chiropodists theretofore selected by the Montana association of chiropodists unless said number of selected chiropodists shall have been exhausted. Examinations shall be held semi-annually at such places and time as the state board of chiropody medical examiners shall direct. On and after the date of the taking effect of this act, all persons who may wish to begin practice of chiropody in this state, shall make application upon a blank form authorized and furnished by said state board of medical examiners, for a license to practice chiropody. This application shall be granted to such applicants, after they shall have furnished satisfactory proof of being at least twenty-one (21) years of age, of good moral character, of having attained high school graduation or its equivalent and of having had at least two years of instruction in an accredited school of chiropody recognized as being in good standing by the Montana board of chiropody medical examiners, but after June 1st, 1941, no school of chiropody shall be accredited by said board which does not require for graduation four years of instruction in the study of chiropody. However, all chiropodists, actively engaged in the practice of chiropody one or more years and licensed by the state board of medical examiners, prior to April 1st, 1939, whether meeting these requirements or not, shall, upon furnishing proof thereof to said board of chiropody medical examiners be entitled to a license without examination. A license without written examination may be issued to chiropodists of other states maintaining equal statutory requirements for the practice

of chiropody and extending the same reciprocal privilege to this state provided further that they have had a valid license for at least two years in that state prior to filing for reciprocal privilege, and by payment of fifty dollars (\$50.00) to the state medical board fund. [As amended Sec. 3, Ch. 218, L. 1939.]

3154.4. Examination—fees. From and after the passage and approval of this act, any person not exempt from examination under section 3154.3 and desiring a license to practice chiropody shall be examined in the following subjects: Anatomy, chemistry, dermatology, diagnosis, materia medica, pathology, physiology, therapeutics, clinical and orthopedic chiropody, histology, bacteriology, pharmacy, neurology, surgery (minor), chiropody, foot orthopedica, shoe therapy, physiotherapy, roentgenology, hygiene, and sanitation, ethics and culture, limited in their scope to the treatment of the human foot, and, if qualified, shall receive a license. The minimum requirements for a license shall be a general average of seventy-five per cent (75%) in all the subjects involved, and not less than fifty per cent (50%) in any one subject. An examination and license fee of thirty-five dollars (\$35.00) shall be paid to the secretary of the state board of medical examiners. Any applicant failing in the examination and being refused a license shall be entitled within six months of such refusal to a re-examination, but one such re-examination shall exhaust his privilege under the original examination. [As amended Sec. 4, Ch. 218, L. 1939.]

3154.5. Designation of licensees—renewals—re-issuance of license—display of license required—recording necessary. Every license issued hereunder shall be designated as “registered chiropodist’s license” and shall not contain any abbreviations thereof, nor any other designation nor title except that a statement of limitation shall be contained in said license referring to the licensee as “registered chiropodist—practice limited to foot”, so as not to mislead the public in regard to their right to treat other portions of the body. All licenses shall be recorded by the secretary of the state board of medical examiners in the manner of other medical licenses; the person receiving such license shall have it recorded in the office of the county clerk in the county in which he or she resides, and the record shall be indorsed thereon. In case the person so licensed shall remove to another county to practice, the holder shall record the license in a like manner in the county into which he or she removed, and the county clerk is entitled to charge and receive the usual fee for making such record. A renewal license fee of three dollars (\$3.00) shall be paid annually on July 1st of each year, and if not paid within three months thereafter, the license shall be revoked and shall be re-issued only upon original application and payment of a fee of thirty-five dollars (\$35.00). All licenses shall be conspicuously displayed by said chiropodists at their offices or other places of practice. [As amended Sec. 5, Ch. 218, L. 1939.]

3154.6. Refusal or revocation of license. The state board of chiropody medical examiners may, after due hearing, refuse to grant, revoke or renew any license provided for in this act to a person, otherwise qualified, who obtained said license by fraudulent representation, for incompetency in practice, for use of untruthful or improbable statements to patients or in his advertisements, for habitual intoxication or for unprofessional and immoral conduct, or for selling or giving away alcohol or drugs for any illegal

purpose, but said board may re-issue a license after a lapse of six months, if in its judgment such act or acts, conditions and/or conditions of disqualification shall have been remedied. [As amended Sec. 6, Ch. 218, L. 1939.]

3154.10. Application of act. This act shall not apply to any physician licensed to practice his profession in this state, nor to surgeons of the United States army, navy and/or United States public health service, when in actual performance of their duties. [As amended Sec. 7, Ch. 218, L. 1939.]

3154.11. Corrective shoes or appliances. Nothing in this act shall be construed as prohibiting the fitting, recommending, advertising, adjusting or the sale of corrective shoes, arch support, or similar mechanical appliances or foot remedies by retail dealers or manufacturers. [As amended Sec. 8, Ch. 218, L. 1939.]

3157. Examiners in optometry. A board is hereby created to be known as the Montana state board of examiners in optometry, hereinafter designated the board of examiners, which shall consist of three members appointed by the governor. The board shall have power to make rules and regulations for the conduct, business and procedure of the board and for the regulation, conduct, supervision and procedure governing all applicants for certificates of registration as optometrists and the practice of optometry not inconsistent with the provisions of this act. No person shall be eligible to appointment who is not a registered optometrist of the state of Montana and actually engaged in the exclusive practice of optometry in the state of Montana during the term of his office. Each of the members shall hold office for a term of six years or until his successor is appointed and qualified and shall be so classified that one member of said board shall retire every two years. The present members of the Montana state board of examiners in optometry shall continue to serve and act as members of the state board of optometry, but under the provisions of this act, during their respective terms or until their successors are appointed and qualified. The members of said board, before entering upon their duties, shall respectively take and subscribe to the oath required to be taken by other state officers, which shall be administered by the secretary of state, and filed in his office; and said board shall have a common seal. Appointments to fill vacancies caused by death, resignation or removal shall be made for the residue of such term by the governor. [As amended Sec. 2, Ch. 130, L. 1939.]

3159. Examinations—admission to practice—non-residents. Subdivision 1. The board of examiners shall make rules and regulations relative to and governing the qualifications of all applicants for certificates of registration as optometrists not inconsistent with the provisions of this act and if the applicant does not meet the requirements of such rules and regulations then the applicant will not be eligible to take an examination to practice optometry in this state. If the applicant meets the requirements of such rules and regulations said applicant before beginning to practice optometry in this state must pass an examination given by and conducted before said board of examiners. All examinations shall be practical in character and designated to ascertain the applicant's fitness to practice the profession of

optometry and shall be conducted in the English language. The board shall, from time to time, publish and distribute the examination requirements for a certificate to practice optometry in the state of Montana.

Subdivision 2. No person shall be eligible to take said examination who is not 21 years of age, and who is not a citizen of the United States of America, and who is not of good moral character.

Subdivision 3. On and after July 1st, 1925, no person shall be eligible to take said examination unless he shall have certificates of graduation from an accredited high school and from a school of optometry wherein the practice and science of optometry is taught in a course of study covering eight semesters, or four years, of actual attendance and which school has a recognized standing with the international association of boards of examiners in optometry. In lieu of said certificates of graduation an applicant for examination may, with like effect, furnish an affidavit that he has practiced optometry exclusively for a period of at least six years in some other state or states.

Subdivision 4. Every person desiring to be examined in optometry shall file an application in the manner prescribed by said board at least four weeks before the examination shall be held, and a fee of twenty-five dollars (\$25.00) shall accompany said application.

Subdivision 5. Every person successfully passing said examination shall be registered in the board register, which shall be kept by the secretary of said board, and upon the payment of a fee of ten dollars (\$10.00) shall receive a certificate of registration signed by the members of said board.

Subdivision 6. In case an applicant for a certificate of registration has been admitted to practice optometry in any state, and has secured an average of seventy-five per cent (75%) in his examination in such other state, he may, in the discretion of the said board, be granted a certificate to practice his profession in Montana, without examination, upon his payment of all fees, provided the state from which said applicant comes offers equal privileges to applicants for certificates of registration from this state. [As amended Sec. 3, Ch. 130, L. 1939.]

3162. Registration of certificate in county. Recipients of said certificate of registration shall present the same for record to the county clerk and recorder of the county in which they reside, and shall pay a fee of one dollar (\$1.00) to the county clerk and recorder for recording same. Said county clerk and recorder shall record said certificate in a book to be provided by him for that purpose. Any person so licensed, removing his residence from one county to another in this state, shall, before engaging in the practice of optometry in such other county, obtain from the county clerk and recorder of the county in which said certificate of registration is recorded a certified copy of such record, or else obtain a new certificate of registration from the board of examiners, and shall before commencing practice in such county, file the same for record with the county clerk and recorder of the county to which he removes, and pay the county clerk and recorder thereof, for recording the same, a fee of one dollar (\$1.00). Any failure, neglect, or refusal on the part of any person holding such certificate or copy of record to file the same for record, as hereinbefore provided, for six months after the issuance thereof, shall forfeit the same. Such board shall be entitled to a fee of one dollar (\$1.00) for the reissue of any cer-

tificate and the county clerk and recorder of any county shall be entitled to a fee of one dollar (\$1.00) for making and certifying the copy of the record of any such certificate. [As amended Sec. 4, Ch. 130, L. 1939.]

3166. Revocation of certificate for cause. Said board shall have the power to revoke any certificate of registration granted by it under this act for conviction of crime, habitual drunkenness, contagious or infectious disease, gross immorality, gross ignorance or inefficiency in his profession, or for unprofessional conduct. Unprofessional conduct shall mean: Obtaining any fee by fraud or misrepresentation; employing directly or indirectly any suspended or unlicensed optometrist to perform any work covered by this act; directly or indirectly accepting employment to practice optometry from any person not having a valid, unrevoked certificate of registration as an optometrist, or accepting employment to practice optometry from any company or corporation, or accepting employment to practice optometry for any company or corporation; permitting another to use his certificate of registration; soliciting or sending a solicitor from house to house; treatment or advice in which untruthful or improbable statements are made; professing to cure disease; advertising in which ambiguous or misleading statements are made; the use in advertising of the expression "eye specialist" or "specialist on eyes" in connection with the name of an optometrist; provided, that this act shall not prohibit legitimate or truthful advertising by any registered optometrist and provided that before any certificate shall be revoked, the holder thereof shall have notice in writing of the charge or charges against him, and, at a day specified in said notice, at least ten days after the service thereof, be given a public hearing, and have opportunity to produce testimony in his behalf, and to confront the witness against him. Any person whose certificate has been revoked may appeal to the courts or may after the expiration of ninety days apply to have the same re-granted and the same shall be re-granted him upon a satisfactory showing that the disqualification has ceased. [As amended Sec. 5, Ch. 130, L. 1939.]

3167. Penalty for violations. Any person who shall violate any of the provisions of this act or the rules and regulations of the state board of examiners shall be decreed guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than two hundred dollars (\$200.00) and not more than five hundred dollars (\$500.00), or by imprisonment in the county jail not exceeding six (6) months, or by both fine and imprisonment as the court may determine. All fines thus received shall be paid into the treasury of the board. [As amended Sec. 6, Ch. 130, L. 1939.]

(a) It shall be unlawful for any person to compound, dispense, vend or sell at retail, drugs, medicines, chemicals or poisons in any place other than a pharmacy, except as hereinafter provided.

Held, on appeal of defendant grocer in a prosecution for selling aspirin, a drug, in the original package, in violation of section 3170, Revised Codes, and section 3202.7 cited as Chapter 104, Laws of 1931, making it a public offense for any person other than a registered pharmacist to sell drugs without first having obtained a license, that the statutes are unconstitutional as an improper exercise of the

state's police power, it not appearing how, in view of the fact that druggists and pharmacists are absolved from all responsibility as to the purity and strength of drugs sold in the manufacturer's original package, by limiting their sale to them the public health can be preserved. *State v. Stephens*, 102 M 414, 416 et seq., 59 P 2d 54.

The Montana state board of pharmacy shall consist of three (3) pharmacists who shall be graduates of the college of pharmacy of the state university of Montana or of a college or school of pharmacy recognized and approved by, or a member of, the American association of colleges of pharmacy; each of whom shall have had at least five (5) consecutive years of practical experience as a pharmacist immediately preceding his appointment; provided, however, that one (1) member of the board may be a registered pharmacist of fifteen (15) years practical experience and actually engaged in the practice of pharmacy.

Term of office. The members of the board shall be appointed by the governor from the list hereinafter subscribed, one in each year; each member shall serve for a term of three (3) years and until his successor shall have been appointed and qualified. Vacancies shall be filled by appointment by the governor for the unexpired term. Any member may be removed from office by the governor upon proof of malfeasance or misfeasance in office after reasonable notice of charges against him and fair hearing thereon. The members of the Montana state board of pharmacy heretofore appointed and now holding office shall continue in office as members of the board hereby established until their respective terms expire. 3176. Examination of applicants for registration fees—certificates. (a) The board shall meet at least once a year to examine applicants for registration as pharmacists and assistant pharmacists and to transact its other business, giving reasonable notice of all examinations by mail, to all known applicants therefor. The secretary shall record the names of all persons examined by the board together with the grounds upon which the right of each to examination was claimed and also the names of all persons registered by examination or otherwise. The fee for any examination shall be fifteen dollars (\$15.00) which fee may, in the discretion of the board, be returned to applicants not taking the examination.

During this year, provided applicant has passed such examination, he shall be licensed as an assistant pharmacist only.

Reciprocity. The board may, in its discretion, grant registration without examination, to any pharmacist licensed by the board of pharmacy or a similar board of another state which accords similar recognition to licensees of this state, provided the requirements for registration in such other state are, in the opinion of the board, equivalent to the requirements herein provided. Every person licensed and registered under this act shall receive from the state board of pharmacy an appropriate certificate attesting the fact as it may be which certificate shall be conspicuously displayed at all times in his place of business. If the holder be entitled to manage or conduct a pharmacy in the state for himself or another, the fact shall be set forth in the certificate.

Pharmacists or assistants not required to be examined or to register anew under this act. Persons, who, at the time of the enactment of this law, hold certificates of registration as pharmacists, or assistant pharmacists, granted by the state board of pharmacy of this state, shall not be required to submit to examinations or to register anew under this law, but all such persons shall apply for and secure annual renewals of their present registration as provided in this act, and in all other respects be amenable to and governed by the provisions of this act and the rules and regulations of the board from time to time promulgated under this act. [As amended Sec. 6, Ch. 175, L. 1939.]

(a) The state board of pharmacy shall upon application upon such forms as it may prescribe, and upon the payment of an annual fee of three dollars (\$3.00), license pharmacies and stores other than a pharmacy wherein may be sold ordinary household or medicinal drugs prepared in sealed packages or bottles by a manufacturer, qualified under the laws of the state wherein such manufacturer resides. The name and address of such manufacturer shall appear conspicuously on each package sold by such licensee. It shall be unlawful for any such store to sell such household medicinal drugs, without first having secured such license and thereafter keeping the same in force by proper renewal, provided, also, that nothing herein shall be construed to prevent any vendor from selling any patent or proprietary medicine in the original package when plainly labeled, nor such non-medical articles as are usually sold by such vendors.

(b) The state board of pharmacy shall require and provide for the annual registration and licensing of every pharmacy now or hereafter doing business within this state within the meaning of this act. Upon presentation of evidence satisfactory to the board, it may license any pharmacy as a "certified pharmacy", provided, however, that such license shall be granted only to such pharmacies as are operated by registered pharmacists or assistant registered pharmacists qualified as herein prescribed. Such license must be exposed in a conspicuous place in the pharmacy for which it is issued, and shall expire on the thirtieth day of June following the date of issue. It shall be unlawful for any person to conduct such pharmacy unless such license has been duly issued and is in full force and effect.

(c) The board may suspend, revoke or refuse to renew any store or pharmacy license obtained by false representation, or fraud of any character, or when the pharmacy for which the license shall have been issued is kept open for the transaction of business without a pharmacist in charge thereof, or when the person to whom license shall have been granted has been convicted for violation of any of the provisions of the act or for a felony, or, if a natural person, whose pharmacist or assistant pharmacist license has been revoked or when the store or pharmacy is conducted in violation of the provisions of this act. Before any license can be revoked the holder thereof shall be entitled to a hearing by the board after reasonable notice, and judicial review of the action of the board. [En. Sec. 8, Ch. 175, L. 1939.]

3177.2. Judicial review of acts of board. (a) Review by the district court of any order revoking either permanently or temporarily a license

of any pharmacist or assistant pharmacist, or any store or pharmacy, or any order, decision or finding of the board shall be made by petition in writing filed with the clerk of the district court of the county wherein the pharmacist or assistant pharmacist, store or pharmacy, or other affected person or business was operating at the time of the revocation of any such license, or at the time of such order, decision or finding. The petition shall concisely state the facts and order complained against.

(b) Upon the filing of said petition an order shall be made by the district judge setting a time for hearing on said petition not less than twenty (20) days thereafter and directing service of the petition upon the secretary of the board not less than three (3) days thereafter. The board must file and serve answer on the merits not less than five (5) days before the hearing.

(c) The court shall have power to sustain the board's action or annul the same, or order the board to act further or to restore any revoked license. Appeals from the district court's action to the supreme court may be taken at any time within sixty (60) days after entry of the final order or judgment of the court. [En. Sec. 9, Ch. 175, L. 1939.]

3178-3184. [Repealed Sec. 18, Ch. 175, L. 1939.]

3187.1. Use of words "drug store", "pharmacy", etc., when unlawful. It shall be unlawful for any person to carry on, conduct or transact a retail business under a name which contains as a part thereof, the words, "drugs", "drug store", "pharmacy", "medicine", "apothecary", or "chemist shop", or any abbreviations, translations, extension or variation thereof; or in any manner by advertisement circular or poster, sign or otherwise, describe or refer to the place of business conducted by such person by such term, abbreviations, translation, extension or variation unless the place so conducted is a pharmacy within the meaning of this act, and duly licensed as such and in charge of a registered pharmacist. [En. Sec. 11, Ch. 175, L. 1939.]

3187.2. Wrongful labeling. It shall be unlawful for any person who prepares prescriptions, drugs, medicines, chemicals or poisons wilfully, negligently, or ignorantly to omit to label the package or receptacle, label it falsely, substitute an article different from the one ordered or deviate in any manner from the requirements of an order or prescription. [En. Sec. 12, Ch. 175, L. 1939.]

3187.3. Quality of drugs sold—adulteration—who is responsible.

(a) It shall be unlawful for any person or his agent to adulterate any drug, medicinal substance or preparation authorized by the United States pharmacopoeia or the national formulary or any revision thereof, or any drug, medicinal substance or preparation used or intended to be used in medical practice.

(b) It shall be unlawful to mix with any such article any foreign or inert substance for the purpose of weakening its medicinal effect or of cheapening it.

(c) Nothing in this act shall be construed to change any of the provisions of the food, drug and cosmetic act of Montana. [En. Sec. 13, Ch. 175, L. 1939.]

3187.4. Exceptions. (a) Nothing in this act shall subject a person duly licensed in this state to practice medicine, dentistry or veterinary medicine to inspection by the board nor prevent such person from compounding or using drugs, medicines, chemicals or poisons in his practice nor prevent one duly licensed to practice medicine from furnishing to a patient such drugs, medicines, chemicals or poisons as he deems proper in the treatment of such patient.

(b) Nothing herein shall prevent the sale of drugs, medicines, chemicals or poisons at wholesale.

(b) The medicinal preparation, or the liniment, ointment, or other preparation susceptible of external use only, prescribed, administered, dispensed, or sold, shall contain, in addition to the narcotic drug in it, some drug or drugs conferring upon it medicinal qualities other than those possessed by the narcotic drug alone. Such preparations shall be prescribed, administered, dispensed, and sold in good faith as a medicine, and not for the purpose of evading the provisions of this act.

Nothing in this section shall be construed to limit the kind and quantity of any narcotic drug that may be prescribed, administered, dispensed, or sold, to any person or for the use of any person or animal, when it is prescribed, administered, dispensed, or sold, in compliance with the general provisions of this act. [En. Sec. 8, Ch. 176, L. 1937.]

3202.22. Record to be kept. (1) Physicians, dentists, veterinarians, and other authorized persons. Every physician, dentist, veterinarian, or other person who is authorized to administer or professionally use narcotic drugs, shall keep a record of such drugs received by him, and a record of all such drugs administered, dispensed, or professionally used by him otherwise than by prescription. It shall, however, be deemed a sufficient compliance with this subsection if any such person using small quantities of solutions or other preparations of such drugs for local application, shall keep a record of the quantity, character, and potency of such solutions or other preparations purchased or made up by him, and of the dates when purchased or made up, without keeping a record of the amount of such solution or other preparation applied by him to individual patients.

Provided: That no record need be kept of narcotic drugs administered, dispensed, or professionally used in the treatment of any one patient, when the amount administered, dispensed, or professionally used for that purpose does not exceed in any forty-eight consecutive hours, (a) four grains of opium, or (b) one-half of a grain of morphine or of any of its salts, or (c) two grains of codeine or of any of its salts, or (d) one-fourth of a grain of heroin or of any of its salts, or (e) one grain of extract of cannabis or one grain of any more potent derivative or preparation of cannabis, or (f) a quantity of any other narcotic drug or any combination of narcotic drugs that does not exceed in pharmacologic potency any one of the drugs named above in the quantity stated.

Manufacturers and wholesalers shall keep records of all narcotic drugs compounded, mixed, cultivated, grown, or by any other process produced or prepared, and of all narcotic drugs received and disposed of by them, in accordance with the provisions of subsection 5 of this section.

(3) Apothecaries. Apothecaries shall keep records of all narcotic drugs received and disposed of by them, in accordance with the provisions of subsection 5 of this section.

(4) Vendors of exempted preparations. Every person who purchases for resale, or who sells narcotic drug preparations exempted by section 3202.21, shall keep a record showing the quantities and kinds thereof received and sold, or disposed of otherwise, in accordance with the provisions of subsection 5 of this section.

(5) Form and preservation of records. The form of records shall be prescribed by the secretary of the state board of health. The record of narcotic drugs received shall in every case show the date of receipt, the name and address of the person from whom received, and the kind and quantity of drugs received; the kind and quantity of narcotic drugs produced or removed from process of manufacture, and the date of such production or removal from process of manufacture; and the record shall in every case show the proportion of morphine, cocaine, or ecgonine contained in or producible from crude opium or coca leaves received or produced; and the proportion of resin contained in or producible from the dried flowering or fruiting tops of the pistillate plant *Cannabis Sativa* L., from which the resin has not been extracted, received or produced. The record of all narcotic drugs sold, administered, dispensed, or otherwise disposed of, shall show the date of selling, administering, or dispensing, the name and ad-

dress of the person to whom, or for whose use, or the owner and species of animal for which the drugs were sold, administered or dispensed, and the kind and quantity of drugs. Every such record shall be kept for a period of two years from the date of the transaction recorded. The keeping of a record required by or under the federal narcotic laws, containing substantially the same information as is specified above, shall constitute compliance with this section, except that every such record shall contain a detailed list of narcotic drugs lost, destroyed, or stolen, if any, the kind and quantity of such drugs, and the date of the discovery of such loss, destruction, or theft. [En. Sec. 9, Ch. 176, L. 1937.]

3202.23. Labels. (1) Whenever a manufacturer sells or dispenses a narcotic drug, and whenever a wholesaler sells or dispenses a narcotic drug in a package prepared by him, he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind and form of narcotic drug contained therein. No person, except an apothecary for the purpose of filling a prescription under this act, shall alter, deface, or remove any label so affixed.

(2) Whenever an apothecary sells or dispenses any narcotic drug on a prescription issued by a physician, dentist, or veterinarian, he shall affix to the container in which such drug is sold or dispensed, a label showing his own name, address, and registry number, or the name, address, and registry number of the apothecary for whom he is lawfully acting; the name and address of the patient or, if the patient is an animal, the name and address of the owner of the animal and the species of the animal; the name, address, and registry number of the physician, dentist, or veterinarian, by whom the prescription was written; and such directions as may be stated on the prescription. No person shall alter, deface, or remove any label so affixed. [En. Sec. 10, Ch. 176, L. 1937.]

3202.24. Authorized possession of narcotic drugs by individuals. A person to whom or for whose use any narcotic drug has been prescribed, sold, or dispensed, by a physician, dentist, apothecary, or other person authorized under the provisions of section 3189.5, and the owner of any animal for which any such drug has been prescribed, sold, or dispensed, by a veterinarian, may lawfully possess it only in the container in which it was delivered to him by the person selling or dispensing the same. [En. Sec. 11, Ch. 176, L. 1937.]

3202.25. Issuance and execution of search warrant—seizure of narcotic drugs. If upon the sworn complaint of any person, it shall be made to appear to any judge of the district court that there is probable cause to believe that narcotic drugs are being manufactured, sold, exchanged, given away, bartered, or otherwise disposed of, or kept contrary to law, such judge shall, with or without the approval of the county attorney, issue a warrant directed to any peace officer in the county, commanding him to search the premises designated and described in such complaint and warrant, and to seize all narcotic drugs there found, together with vessels and vehicles in which it is contained, and all implements, furniture, fixtures and other articles used or kept for the illegal manufacture, sale, barter, exchange, giving away, furnishing, or otherwise disposing of such narcotic

drugs and to safely keep the same, and to make a return of said warrant within three days, showing all acts and things done thereunder, with a particular statement of all narcotic drugs, implements, furniture, fixtures, vehicles, and other articles seized, and the name of the person or persons in whose possession the same were found, if any, and if no person be found in the possession of the same, the return shall so state. No warrant shall be issued to search a private dwelling occupied as such, unless some part of it is used as a store or shop, hotel or boarding house, or for any other purpose than a private residence, or unless such residence is a place of public resort. A copy of said warrant shall be served upon the person or persons found in possession of any such narcotic drugs, furniture, fixtures, vehicles, or articles so seized, and if no person be found in possession thereof, a copy of said warrant shall be posted on the door of the building or room wherein the same were found, or if there be no door, then in any conspicuous place upon the premises. [En. Sec. 12, Ch. 176, L. 1937.]

3202.26. Hearing of return—disposal of narcotic drugs and other articles seized. Upon the return of the warrant as provided in the last preceding section, the judge shall fix the time, not less than ten days nor more than twenty days thereafter, for the hearing of said return, when the court shall proceed to hear and determine whether or not the implements, furniture, fixtures, vehicles, or other articles so seized, or any part thereof, were used or in any manner kept or possessed by any person with the intention of violating any of the provisions of the laws of this state relating to narcotic drugs. As such hearing any person claiming any interest in any of the implements, furniture, fixtures, vehicles, or other articles seized, may appear and be heard upon filing a verified claim setting forth particularly the character and extent of his interest, but upon such hearing the sworn complaint or affidavit upon which the search warrant was issued and the possession of such narcotic drugs shall be prima facie evidence of the contraband character of the drugs and implements, furniture, fixtures, vehicles and other articles seized, and the burden shall rest upon the claimant to show, by competent evidence, his property right or interest therein, and that the same were not used in violation of, and were not in any manner kept or possessed with the intention of violating any of the provisions of the laws of this state relating to narcotic drugs. If, upon such hearing, the evidence warrants, or if no person shall appear as claimant, the court shall thereupon enter a judgment of forfeiture and order such implements, furniture, fixtures, vehicles and articles destroyed forthwith by the officer having custody of the same at the time of adjudication; provided, however, the judge may, in his discretion, appoint a special officer for the purpose of executing the judgment of forfeiture by destroying said drugs and property: provided, further, however, that if in the opinion of the judge any of such forfeited vehicles or property, is of value and adapted to any lawful use, such judge shall, as a part of the order and judgment, direct that such property, other than narcotic drugs, shall be sold as upon execution by the officer having them in custody, and the proceeds of such sale, after the payment of all costs of such proceeding, shall be paid into the common school fund of the school district in which the same were seized. Action under this section and the forfeiture, destruction, or sale of any property thereunder, shall not be a bar to any prosecution under any other

provision or provisions of the laws of this state relating to narcotic drugs and provided further, that all narcotic drugs so seized shall be held in the custody of the court issuing the order, for disposition as otherwise provided in this act. [En. Sec. 13, Ch. 176, L. 1937.]

3202.27. Duty of peace officers to arrest offenders and seize narcotic drugs. When any violation of any provisions of the laws of this state relating to narcotic drugs shall occur in the presence of any sheriff, constable, marshal, or other officer having power to serve criminal process, it shall be the duty of such officer without warrant, to arrest the offender, and to seize the drugs, furniture, fixtures, vessels, vehicles and appurtenances thereunto belonging, so unlawfully used, and to take such offender immediately before the court or judge having jurisdiction in the premises and there make complaint under oath, charging the offense so committed, and he shall also make return setting forth a particular description of the narcotic drugs and property seized and of the place and where the same was so seized, whereupon the court or judge shall issue a warrant commanding and directing the officer to hold in his possession the property so seized, until discharged by process of law, and such property shall be held and a hearing or adjudication on said return had in like manner as if the seizure had been made upon a warrant therefor. [En. Sec. 14, Ch. 176, L. 1937.]

3202.28. Replevin of narcotic drugs and other property forbidden. No narcotic drugs, vessels, fixtures, furniture or other property seized by authority of any warrant issued under the provisions of this act shall be taken from the possession of the officer seizing the same under any replevin or other process. [En. Sec. 15, Ch. 176, L. 1937.]

3202.29. Fines and costs a lien on property—disposal of. All fines and costs assessed against any person for any violation of any of the provisions of the laws of this state relating to narcotic drugs, shall be a lien upon the real estate of such person until paid; and in case any person shall let or lease any building or premises, and shall knowingly suffer the same to be used and occupied for the manufacture or sale of narcotic drugs, the premises so leased and occupied shall be subject to lien for, and may be sold to pay all fines and costs assessed against any such occupant for any violation of this act; and such liens may be enforced by civil action in any court having jurisdiction; provided, that the person against whom such fines and costs are assessed shall be committed to the jail of the county until such fines and costs are paid. [En. Sec. 16, Ch. 176, L. 1937.]

3202.30. Persons and corporations exempted. The provisions of this act restricting the possessing and having control of narcotic drugs shall not apply to common carriers or to warehousemen, while engaged in lawfully transporting or storing such drugs, or to any employee of the same acting within the scope of his employment; or to public officers or their employees in the performance of their official duties requiring possession or control of narcotic drugs; or to temporary incidental possession by employees or agents of persons lawfully entitled to possession, or by persons whose possession is for the purpose of aiding public officers in performing their official duties [En. Sec. 17, Ch. 176, L. 1937.]

3202.31. Common nuisances. Any store, shop, warehouse, dwelling house, building, vehicle, boat, aircraft, or any place whatever, which is resorted

to by narcotic drug addicts for the purpose of using narcotic drugs or which is used for the illegal keeping or selling of the same, shall be deemed a common nuisance. No person shall keep or maintain such a common nuisance. [En. Sec. 18, Ch. 176, L. 1937.]

3202.32. Narcotic drugs to be delivered to state official, etc. All narcotic drugs, the lawful possession of which is not established or the title to which cannot be ascertained, which have come into the custody of a peace officer, shall be forfeited, and disposed of as follows:

(a) Except as in this section otherwise provided, the court or magistrate having jurisdiction shall order such narcotic drugs forfeited and destroyed. A record of the place where said drugs were seized, of the kinds and quantities of drugs so destroyed, and of the time, place, and manner of destruction, shall be kept, and a return under oath, reporting said destruction, shall be made to the court or magistrate and to the United States commissioner of narcotics, by the officer who destroys them.

(b) Upon written application by the secretary of the state board of health, the court or magistrate by whom the forfeiture of narcotic drugs has been decreed may order the delivery of any of them, except heroin and its salts and derivatives, to said secretary of the state board of health, for distribution or destruction, as hereinafter provided.

(c) Upon application by any hospital within this state, not operated for private gain, the secretary of the state board of health may in his discretion deliver any narcotic drugs that have come into his custody by authority of this section to the applicant for medicinal use. The secretary of the state board of health may from time to time deliver excess stocks of such narcotic drugs to the United States commissioner of narcotics, or may destroy the same.

3228.1. License required to practice or teach cosmetology and provision for registration of schools of cosmetology. That on and after the date on which this act goes into effect, no person shall practice or teach cosmetology without a license and no place shall be used or maintained for the teaching of cosmetology, for compensation, except under a certificate of registration issued in compliance with the requirements of this act. [As amended Sec. 1, Ch. 222, L. 1939.]

3228.2. Definition. Provided, however, that itinerant cosmetologists shall not be construed to include itinerant cosmetologists who perform their services without compensation for demonstration purposes, in any regularly established store or place of business, holding a license from the state of Montana as such store or place of business. [As amended Sec. 2, Ch. 222, L. 1939.]

3228.3. Requirements for practicing or teaching cosmetology or operating a school of cosmetology. Before anyone may practice or teach cosmetology, or any person, firm, or co-partnership, or corporation may operate a school of cosmetology, such person, firm, or co-partnership or corporation must obtain a license or certificate of registration from the state board as hereinafter provided. To be eligible to take the examination to practice cosmetology, the applicant must be not less than eighteen (18) years of age and a graduate of the eighth grade school, and must be of good moral character. (4) It shall keep a daily record of the attendance of each student, establish grades, and hold examinations before issuing diplomas.

(5) No owner, or person in charge of a school of cosmetology shall permit any person to sleep in or use for residential purposes, or any other purpose which would tend to make the room unsanitary, any room used, wholly or in part for a school of cosmetology.

(6) Certificates of registration may be refused, revoked, or suspended, as provided in section 3228.11, hereof.

(7) The state board shall have the power to prescribe such further rules and regulations as they deem necessary for the proper conduct of schools of cosmetology.

If a licensee shall contract a communicable disease, endangering the public health, the board shall, upon proof of same, cancel or suspend his or her license until such time as said licensee can secure a physician's certificate showing that such licensee is free from communicable disease. [As amended Sec. 3, Ch. 222, L. 1939.]

3228.4. Creation of state examining board of beauty culturists—term—appointment—qualifications. There is hereby created a state examining board which shall be called and styled "the Montana state examining board of beauty culturists", consisting of three members, each of whom shall be a hairdresser or cosmetologist, to be appointed by the governor, from a list of six persons recommended by the Montana state hairdressers' association. are entitled to such certificate of registration in accordance with the provisions of this act. [As amended Sec. 6, Ch. 222, L. 1939.]

3228.8. Examinations. Examinations for operator's license shall be held at least two times a year and not more than five times a year and for teacher's license once each year, at a place and time specified by said board. Such examinations shall be conducted by said state board or by examiners appointed by a majority of said board for such purpose. Such examiners shall have had at least three years practical experience and shall be licensed cosmetologists and shall not be connected with any school of cosmetology in the state of Montana. The examinations shall not be confined to any specific method or system.

Provided that physically handicapped persons trained for cosmetology under the state bureau of vocational rehabilitation shall, for a period of one year immediately following their graduation, be exempted from this examination and the fees described in section 3228.15. Upon certification from the state supervisor of rehabilitation that a bureau beneficiary has successfully completed the required apprenticeship or training in a shop or beauty school, the secretary of the state board shall issue such person the necessary certificate or license to practice the profession in Montana. [As amended Sec. 7, Ch. 222, L. 1939.]

3228.9. Compensation of members of board. Each member of the board shall receive, as compensation for his or her services, the sum of ten dollars (\$10.00) for each day's actual attendance at board meetings, not to exceed three consecutive days, and each member shall be reimbursed for his or her expenses necessarily incurred in the performance of his or her duties hereunder. All such compensation and necessary expenses shall be paid by the board out of the funds received by it and no part shall be paid by the state. The secretary of the state board shall receive an annual salary to be fixed by the board, and his or her necessary expenses actually incurred in the performance of official duties. Such secretary shall not receive, in addition to the salary herein provided, the per diem herein provided for attendance at board meetings. The state board may make reasonable provisions, for its expenses in the enforcement of this act, and for compensation and expenses of examiners; provided, however, that no payments shall be made by the board except upon a verified claim filed with the board and approved by the majority thereof, and by warrants signed by the president and secretary-treasurer of the board. [As amended Sec. 8, Ch. 222, L. 1939.]

3228.10. Bond of secretary-treasurer. The secretary-treasurer of said state board shall give a corporate surety bond payable to the board, in the sum of five thousand dollars (\$5,000.00) approved by the said board, conditioned as the board may specify for the faithful performance of the duties of this office. Such bond shall have the oath of office endorsed thereon and shall be deposited with the president of the board, and kept in his or her office. [As amended Sec. 9, Ch. 222, L. 1939.]

3228.11. Powers and duties of the board to refuse, revoke, or suspend licenses and the procedure therefor. The board shall have the power to refuse, refuse to renew, revoke, or suspend licenses as follows:

The board shall not issue, or having issued, shall not renew, or may revoke, or suspend, at any time any license as required by the provisions of this act, in any one of the following cases: (a) failure of a person, firm, co-partnership or corporation operating a cosmetological establishment or school of cosmetology to comply with the requirements of this act; (b) failure to comply with the sanitary rules, adopted by the board and approved by the state board of health, for the regulation of cosmetological establishments or schools of cosmetology; (c) gross malpractice; (d) continued practice by a person knowingly having an infectious or contagious disease; (e) habitual drunkenness, or habitual addiction to the use of morphine or any habit-forming drugs; (f) permitting a certificate of registration or license to be used where the holder thereof is not personally, actively, and continuously engaged in business; (g) failure to display the license; provided, however, that the said board shall not refuse to issue or renew any license as required by the provisions of this act, or revoke or suspend any such license already issued, except upon ten (10) days' notice in writing to the interested parties, which notice shall contain a brief statement of the reasons for the contemplated action of the board and designate a proper time and place for the hearing of all interested parties before any final action is taken as hereinafter provided; provided, however, that due notice within the provisions of this section shall be deemed to have been given when the board shall have placed in the United States postoffice a copy of the notice as hereinabove provided, addressed to the designated or last known residence of the person applying for such license or to whom such license has already been issued; provided, further, that any person, firm, co-partnership or corporation whose license to do business as herein provided is revoked or suspended or who is refused a license or a renewal of a license already issued may commence an action in a court of competent jurisdiction against the state board of cosmetology for the purpose of cancelling or obtaining other relief from the act of the said board. All provisions of the code of civil procedure relating to pleadings, proofs, trials and appeals shall be applicable to such action. [As amended Sec. 10, Ch. 222, L. 1939.]

3228.13. Inspector of beauty parlors—salary and expense. The state board of health, with the approval of the state board, shall appoint and may remove one or more inspectors who are licensed to practice under this act, each of whom shall devote his or her time to inspecting beauty parlors and performing such other duties connected therewith as the state board may direct. Such inspectors may enter any beauty parlor or school of cosmetology during business hours for the purpose of inspection, and the refusal of any licensee to permit such inspection during business hours shall be cause for revocation of such license. The salary of such inspectors shall be fixed by the state board and such salary and expenses shall be paid out of the funds of the state board, and not otherwise, upon the presentation of a verified claim as hereinabove provided. [As amended Sec. 11, Ch. 222, L. 1939.]

3228.15. Fees. Each applicant for examination to practice or teach shall pay, at the time of such application, a fee of ten dollars (\$10.00). Each person practicing cosmetology as an operator shall pay a fee of five dollars (\$5.00) for the issuance of a license, and a further fee of five dollars (\$5.00)

annually for each renewal thereof. Each person teaching cosmetology shall pay a fee of five dollars (\$5.00) for the issuance of a license, and the further sum of five dollars (\$5.00) annually for each renewal thereof. Every person, firm, co-partnership, or corporation owning, operating, or conducting a school of cosmetology shall pay the sum of twenty-five dollars (\$25.00) for a certificate of registration therefor, and pay the further sum of twenty-five (\$25.00) annually for each renewal thereof. Each applicant for apprentice license shall pay an annual fee of five dollars (\$5.00). Each applicant for itinerant license as a cosmetologist, shall pay a fee of twenty-five dollars (\$25.00). 3228.16. Duration and renewal of licenses and certificates. Licenses and certificates shall be issued for no longer than one year. All licenses and certificates shall expire on the 31st day of December next succeeding unless renewed for the next year. Expired licenses and certificates may be renewed under special rules adopted by the board. [As amended Sec. 13, Ch. 222, L. 1939.]

3228.17. Penalties. Any person or persons who shall practice, teach, or operate a school of cosmetology or practice as an itinerant cosmetologist, as herein defined, without having first obtained the license or certificate of registration as required, and without complying with the provisions of this act, shall be guilty of a misdemeanor. All fines and penalties shall be paid into the treasurers of the several counties for the use and benefit of the common school fund thereof. [As amended Sec. 14, Ch. 222, L. 1939.]

CHAPTER 276, BARBERS AND BARBER SHOPS

3228.19. Sanitation of barber shops, barber schools and barber colleges and definition of term "barber shop". All barber shops, barber schools and barber colleges shall be operated and maintained in a sanitary condition so as to preserve the public health and prevent the spread of disease. The board of barber examiners and the state board of health of the State of Montana are hereby empowered to make and enforce all reasonable rules and regulations so as to preserve the public health and prevent the spread of disease. No barber, or barber apprentice, shall receive a certificate of registration, nor a renewal of same, until he has presented to the board of barber examiners a physician's certificate showing him to be free of physical ailments that would tend to endanger the health of the public, and any person practicing barbering without a certificate of registration is guilty of a violation of this act.

(a) It shall be unlawful for any barber, barber apprentice or student of barbering to practice the occupation of a barber, or do any barber work while he has an infectious, contagious or communicable disease that would endanger the health of the public.

(b) If a barber, or barber apprentice, shall, after securing his certificate contract a communicable, infectious or contagious disease, endangering the public health, the board shall upon proof of same revoke or suspend his certificate of registration until such time as the board shall have satisfactory proof that such barber, or barber apprentice, is no longer afflicted with such communicable, infectious or contagious disease.

(c) The term "barber shop" as used herein is defined as a place where any person or persons carry on, engage in, practice or causes to be carried on, engaged in or practiced the business of barbering as the same is defined in chapter 127 of the session laws of the twenty-first legislative assembly of 1929 of the state of Montana. [As amended Sec. 1, Ch. 183, L. 1937.]

Chapter 127, Laws of 1929, prohibiting persons from practicing the calling of a barber without having first obtained a license from the board of barber examiners and exempting barbers practicing in the state on the date the Act became effective, but not exempting those practicing in other states, held not unconstitutional as to one who at the time the Act went into effect was engaged in the business of barbering in a foreign state, and who

was convicted of practicing without a license, as against his contention that the Act violates the equal protection clause of the Fourteenth Amendment to the federal Constitution, as well as the due process clause of the federal and state Constitutions. *State v. Bays*, 100 M 125, 126 et seq., 47 P 2d 50.

NOTE.—Chapter 127 of the 1929 Session Laws referred to above became Sections 3228.19-3228.30, R. C. M., 1935.

3228.20. Practice of barbering defined. Any one or any combination of the following practices, when done upon the human body for tonsorial purposes, and not for the treatment of disease or physical or mental ailments and when done for payment, either directly or indirectly, constitutes the practice of barbering:

Shaving or trimming the beard.

Cutting the hair.

Giving facial or scalp massage, or treatment with oils, creams, lotions or other preparations, either by hand or mechanical appliances.

Singeing or shampooing the hair or applying hair tonic; or dyeing the hair of male persons;

Applying cosmetic preparations, antiseptics, powders, oils, lotions to scalp, face or neck. [As amended Sec. 2, Ch. 183, L. 1937.]

3228.21. Licensing and registration of barbers, barber shops, barber schools and barber colleges. A. A person is qualified to receive a certificate of registration to practice barbering:

(1) Who has practiced as a registered apprentice for a period of eighteen (18) months under the immediate personal supervision of a registered barber; and who has passed a satisfactory examination conducted by the board of barber examiners to determine his or her fitness to practice barbering as defined by section 3228.20 as amended.

(2) Who is a graduate of a standardized school of barbering, (having a curriculum as adopted by the national educational council of barber examiners, and who has attended such school for the time prescribed herein and which school of barbering has been approved by the board of barber examiners of the state of Montana), and who has passed a satisfactory and practical examination conducted by the said board of barber examiners to determine his or her fitness to practice barbering.

(3) Who has served as an apprentice. An apprentice, for the purpose of this act, is a person who receives instruction in an approved barber school, or college, or from a barber authorized to practice barbering in the state of Montana.

Every apprentice must file with the board of barber examiners a statement in writing showing the name and place of business of his or her instructor, or school, the date of commencement of the apprenticeship, and the full name and age of said apprentice, and shall pay to the board of

barber examiners a fee of three dollars (\$3.00), whereupon the board of barber examiners shall issue the said apprentice a card.

B. No registered apprentice may independently practice, or engage in the practice of barbering; provided, however, he may do any and all of the acts which constitute the practice of barbering when so done under the immediate personal supervision of a registered barber.

C. No school, or college, of barbering shall be approved by the board of barber examiners unless it teaches the curriculum of the standardized schools approved by the national educational council of barber examiners. Students of said schools or colleges may, after attending such schools for a period of six (6) months, make application to the board of barber examiners for an apprenticeship certificate to practice barbering under the immediate personal supervision of a licensed barber for the period of one (1) year, after which time said students may then make application to take the examination for a barber's certificate of registration.

D. A barber shop, school or college must be conducted at a fixed place of establishment; no person or corporation shall open or maintain a barber shop, school or college, or hold himself or itself out as engaging in or conducting a barber shop, school or college, unless first licensed so to do by the board of barber examiners. Every barber school, or college, operating within the state of Montana must be in charge of a person who has had ten (10) years continuous experience as a barber, providing that the owner of such school, or college shall first secure from the board of barber examiners a permit to operate on payment of an annual license fee of fifty dollars (\$50.00), and shall keep said permit prominently displayed, and shall, before commencing business file with the secretary of state a bond to the state of Montana, which bond shall be approved by the attorney general, in the sum of two thousand (\$2,000.00) dollars conditioned upon the faithful compliance of said barber school, or college, with all the provisions of chapter 127, session laws of 1929 as amended; and to pay all judgments that may be obtained against said schools, or colleges, or the owners thereof on account of fraud, misrepresentation or deceit practiced by them, or by their agents; provided, further, that all barber schools, or colleges shall keep prominently displayed a substantial sign as a barber school, or barber college. Provided, further, that all barber schools, or colleges, upon receiving students shall immediately apply to the board of barber examiners for student permits upon blank forms provided by the board of barber examiners for such purposes.

An application for a barber shop, school or college license shall be in writing and verified on a form provided by the board of barber examiners. Upon receipt of an application for a license hereunder, and upon payment of the initial inspection fee, said board of barber examiners shall cause an investigation and inspection to be made as to the character of the applicant, and upon proper notice and after proper hearing shall report its findings to the secretary of the board of barber examiners, who shall grant a license, if the board of barber examiners finds that the applicant is of good character, and that the proposed barber shop, school or college is equipped and will be conducted as required by this act. Every application must be granted or refused within thirty (30) days from the date of filing

of such application or within fifteen (15) days after the close of the hearing upon the application in case a hearing is held.

E. No barber shop license shall be issued in this state to anyone except one who holds a regular valid barber's certificate as provided for by this act, and no barber shop shall be maintained or conducted in this state except by one who holds a barber shop license issued by the board of barber examiners as provided by this act, and this certificate shall not be transferable as to person or place.

F. Before a license is issued to conduct a barber shop, school or college which shall be established in this state on or after the date this act goes into effect, such barber shop, school or college must be inspected and approved by the board of barber examiners and shall meet with the following requirements: (1) Must have both hot and cold running water connected with city water supply. In villages or towns where running water is not available, hot water tanks shall have not less than two (2) gallon capacity with gravity pressure. Waste water shall be disposed of through some system, carrying it away from the building. This shall be done by sewer connections, or in a manner meeting with the requirements of the state department of health rules and regulations, city ordinances, and having the approval of the city or village board of health, as required by law. (2) The head-rest of every barber chair must be equipped so that each customer will be supplied with clean fresh paper or towel before its use for any person. (3) Must have a closed cabinet for each chair, to keep instruments in when not in use, and must have proper sterilization equipment for immersing instruments before use on each customer. (4) Must have sufficient number of towels so that each customer will be served with a clean laundered towel. (5) Must be well lighted, well ventilated, and kept in a clean, orderly and sanitary condition at all times. (6) Must pay to the board of barber examiners the required fee.

G. All barber shops, barber schools or colleges shall be open for inspection at any time during business hours, to any member of the board, or its agents or assistants, and it shall be the duty of every owner or manager of a barber shop licensed under this act to make certain that each barber employed therein holds a certificate to practice barbering in Montana, and that all employees observe the sanitary rules of the state department of health and the board of barber examiners and report to the board of barber examiners the name of any person practicing barbering therein, who has a communicable disease.

H. The board of barber examiners may either refuse to issue or renew, or may suspend or revoke any barber shop or barber school or college license for any one or combination of the following causes: (1) the violation of any of the provisions of subdivisions 1, 2, 3, 4, and 5 of subsection F of this section, subsection G of this section, and section 3228.23 of this act; (2) conviction of a felony, shown by a certified copy of the record of the court of conviction; (3) gross malpractice or gross incompetency; (4) continued practice by a person knowingly having an infectious or contagious disease; (5) advertising by means of knowingly false or deceptive statements; (6) advertising, practicing or attempting to practice under a trade name other than one's own; (7) habitual drunkenness or habitual addiction

to the use of morphine, cocaine, or other habit-forming drugs; (8) the commission of any of the offenses described in section 3228.27 of this act.

I. Any applicant whose license has been refused, suspended or revoked by the board of barber examiners under this act may within ten (10) days of such action file a petition in the district court in the county in which the applicant resides. The licensee shall be named as plaintiff and the board of barber examiners as defendant. Said court shall have jurisdiction after notice to the board of barber examiners to hear and determine said petition in a summary manner, and to reverse, vacate or modify the order of the board of barber examiners complained of, if upon consideration of the record, such court is of the opinion that such order was unlawful or unreasonable. The trial of the district court upon such an appeal shall be de novo. The decision of the board of barber examiners shall not be stayed by the proceedings on appeal and such appeal shall not operate to restore the right of the licensee to operate a barber shop pending such appeal. The attorney general shall defend said action of the board of barber examiners on behalf of the state; but the county attorney of the county where the petition is filed, at the request of the attorney general, shall appear and defend such action. [As amended Sec. 3, Ch. 183, L. 1937; Amd. Sec. 1, Ch. 150, L. 1939.]

NOTE.—Chapter 127 of the 1929 Session Laws referred to above became sections 3228.19-3228.30, R. C. M., 1935.

3228.22. Present practitioners. Any person engaged in the practice of barbering in this state at the time this act goes into effect, provided he furnish a satisfactory physician's certificate, approved by the state board of health, shall be granted a certificate of registration as registered barber without other examination, provided further that such person shall apply for a certificate on or before August 1, 1929.

Any barber shop, school or college established, maintained and operated in this state prior to the date this act goes into effect, provided its owner or manager furnish satisfactory evidence of compliance with the laws heretofore governing barber shops, schools or colleges in this state, shall be granted a license, provided further, that such owner or manager shall apply for such license and pay the required fee on or before May 31, 1939. Any change in the ownership or management of a barber shop, school or college, on or after the date this act goes into effect, whether by sale or otherwise, shall render such barber shop, school, or college subject to all the provisions of section 3228.21 and section 3228.23 of this act. [As amended Sec. 2, Ch. 150, L. 1939.]

3228.23. Display of certificate and license. Every holder of a certificate of registration shall display it in a conspicuous place, adjacent to or near his or her work chair.

Every license to operate a barber shop, school or college shall specify the name of the licensee and shall be kept in a conspicuous place in the barber shop, school or college. No barber shop, school or college shall be conducted or held forth as being conducted under any name except the name appearing as licensee on the license issued by the board of barber examiners.

Every barber shop shall display a schedule of prices in a conspicuous place. [As amended Sec. 3, Ch. 150, L. 1939.]

3228.27. Powers and duties. The board of barber examiners shall conduct practical examinations of applicants for certificates of registration to practice as registered barbers, not less than four (4) times each year at such times and places as the board of barber examiners may determine. Said examination shall cover the fundamentals of barbering, dermatology and sanitation. The board of barber examiners shall issue all certificates of registration. The board of barber examiners may, at its discretion, appoint inspectors with authority to inspect barber shops, their compensation to be the same as provided for members of the board of barber examiners while engaged in said duties.

The board of barber examiners shall have power to approve price agreements, establishing minimum prices for barber work, signed and submitted to the board of barber examiners by any organized group or groups of at least 75 per cent of the barbers in any city or town, within the state of Montana, should the board of barber examiners, after ascertaining by such investigations and proofs as the condition permits and requires, find that such price agreement is just and under varying conditions will best protect the public health and safety by affording a sufficient minimum price for barber work to enable the barbers to furnish modern and healthful services and appliances so as to minimize the danger to the public health incident to such work. For the purpose of this act, a city or town shall be deemed to include, in addition to the territory within its legal limits, the territory adjacent to it and lying within three miles of said legal limits. In determining whether any such price agreement is just and will best protect the public health and safety, the board shall take into consideration all conditions affecting the barber business in its relation to the public health and safety.

In determining reasonable minimum prices the board of barber examiners shall take into consideration the necessary cost incurred in the city or town in maintaining a barber shop in a clean, healthful and sanitary condition.

The board of barber examiners, after making such investigation, shall fix by official order the minimum price for all work usually performed in a barber shop within the city or town in which such price agreement has been signed. The board of barber examiners may upon the petition of 50% of the barbers of the said city or town readjust the minimum prices and such new prices must be approved by 75% of the barbers in the city or town providing that any apprentice barber shall charge not less than 50% of the approved price in the said city or town. Provided, further, that this section shall not apply to students who have been enrolled less than six months in any barber college in the state of Montana or until they become apprentice barbers.

The board of barber examiners shall have authority to make necessary rules and regulations for the administration of the provisions of this act not inconsistent with this act nor the laws of the state. [As amended Sec. 4, Ch. 150, L. 1939.]

3228.28. Penalty. Any person practicing the occupation of a barber without first having obtained a license, as provided in this act, or any person knowingly employing a barber who has not obtained such a license, or any person who falsely pretends to be qualified to practice such occu-

pation under this act, and any person who violates any of the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than twenty-five (\$25.00) dollars nor more than two hundred (\$200.00) dollars, or imprisonment in the county jail for not less than ten (10) days nor more than ninety (90) days, or both. In addition to the penalty hereinbefore prescribed, the board of barber examiners may, after hearing, suspend or revoke any barber's certificate of registration, or license to operate a barber shop, school or college, or both by reason of any person wilfully violating this act or persistently failing to conform to the lawful rules and regulations promulgated by the board of barber examiners. [As amended Sec. 5, Ch. 150, L. 1939.]

3228.29. Fees to be paid by apprentices, students, barbers and barber shops. A. The fee to be paid by an applicant for an examination to determine his or her fitness to receive a certificate of registration to practice barbering as defined in this act, shall be fifteen (\$15.00) dollars, and for the issuance of said certificate an additional three (\$3.00) dollars. The fee to be paid by an apprentice or student for a certificate of registration shall be the sum of three (\$3.00) dollars.

B. Each person registered as a barber, or barber apprentice, shall on or before the first day of July of each year pay a license fee of three (\$3.00) dollars for the renewal of his or her certificate of registration, and if any barber, or barber apprentice, shall fail to have such certificate renewed on or before the first day of August of each year such barber, or barber apprentice, shall upon the renewal of said certificate of registration pay a penalty, or a restoration fee, of five (\$5.00) dollars, in addition to the regular fee of three (\$3.00) dollars provided for herein, and if a certificate of registration is not renewed within one year after date of expiration thereof, such barber, or barber apprentice, shall not be entitled to have such certificate of registration renewed, or a new certificate of registration issued, without first applying for and taking the examination and paying the fees provided for by this section. Provided, further, however, that physically handicapped men and women, trained for the barber profession by the state bureau of civilian rehabilitation and certified by that department as having successfully completed a six (6) months course in a reputable barber college will not be required to pay any fees, but will for a period of one (1) year immediately following their training be exempted from all except the sanitary provisions of the barber act, or any of its amendments, and provided, further, that no other or additional license, or fee, shall be imposed upon barbers, or barber apprentices, by any municipality or other subdivision of the state of Montana.

E. In addition to the fees and charges now provided by existing law, all barber shops heretofore established, and which have been under the inspection of the board of barber examiners, shall pay an annual license fee of one (\$1.00) dollar. Barber shops hereafter established shall pay an initial inspection license fee of fifteen (\$15.00) dollars for the first year or portion thereof, and shall pay an annual license fee of one (\$1.00) dollar for each calendar year thereafter.

F. All barber shops, schools or college licenses shall expire on the 31st day of May of each year, following the issuance of said license, and every owner or manager of a barber shop, school or college which continues in

active operation shall annually, on or before May 31st renew his barber shop, school or college license and pay the required fee.

Every barber shop, school or college license which has not been renewed during the month of May in any year shall expire on the 31st day of May in that year, and for the restoration of an expired barber shop license the fee shall be ten (\$10.00) dollars, and for an expired barber school or college license, the fee shall be fifty-five (\$55.00) dollars. [As amended Sec. 4, Ch. 183, L. 1937; Amd. Sec. 6, Ch. 150, L. 1939.]

3228.30. Registration of barbers required—operating without license unlawful. After June 1, 1939, no person shall practice or attempt to practice barbering or serve or attempt to serve as a barber apprentice without first having received from the board of barber examiners a certificate of registration.

After June 1, 1939, it shall be unlawful to operate a barber shop, school or college unless it has first been duly licensed by the board under the provisions of this act. [As amended Sec. 7, Ch. 150, L. 1939.]

3228.31. Invalidity of part of act, effect of. If any portion of this act is declared unconstitutional by a court of competent jurisdiction, it shall not affect the validity of the remainder of the act which can be given effect without the invalid portion. [En. Sec. 8, Ch. 150, L. 1939.]

CHAPTER 278, PUBLIC ACCOUNTING— REGULATION OF PRACTICE

3241.1. Certified public accountants—qualifications—examination. The certificate of "certified public accountant" shall be granted by the state university of Montana (hereinafter referred to as the university) to any person who is (a) a citizen of the United States or who has duly declared his or her intention of becoming such citizen, and who is and has been a resident of the state of Montana for at least one (1) year prior to the date of his application, and (b) who is over the age of twenty-one (21) years, and (c) who is of good moral character, and (d) who is a graduate of a high school with a four (4) years' course or has had an equivalent education, or who, in the opinion of the board, has had sufficient commercial experience in accounting so that, in the judgment of the board, the requirement of a four-year high school course or equivalent education may be waived, and (e) who shall have successfully passed examinations in the theory and practice of general accounting, in auditing, in commercial law as affecting accountancy, and in such other related subjects as the board of accountancy may deem advisable. [As amended Sec. 1, Ch. 106, L. 1937.]

CHAPTER 281, THE LIVESTOCK SANITARY BOARD AND STATE VETERINARY SURGEON—QUARANTINE, INSPECTION AND DESTRUCTION OF DISEASED STOCK

3277. Sale of condemned carcasses—disposal of proceeds. Where a carcass or carcasses of animals ordered destroyed by this act are found, upon official post-mortem inspection, to be fit for human consumption, the owner shall receive the net proceeds from the sale of such carcass or car-

casses, which proceeds shall be deducted from his claim against the state and county on account of such slaughter. The representative of the livestock sanitary board, may, when considered advisable or necessary or when it is desired by the owner, proceed to sell the carcass or carcasses upon such terms as shall to him seem to the best interests of the state, and the net proceeds obtained therefrom shall be paid to the owner, but such procedure shall not invalidate the owner's claim for indemnity for any balance due him as provided by law. [As amended Sec. 1, Ch. 177, L. 1937.]

3277.1. Rules and regulations—agreement with federal government. Whenever it is determined by the livestock sanitary board that it is necessary to eradicate or control any infectious, contagious, communicable or dangerous disease of livestock in the state, in cooperation with the United States bureau of animal industry or other federal agency and to appraise and destroy animals affected with, or which have been exposed to such disease, or to destroy property in order to remove the infection and complete the cleaning and disinfection of the premises, or to do any act or incur any other expense reasonably necessary in suppressing such disease, the board may accept and adopt on behalf of the state, the rules and regulations adopted by the United States bureau of animal industry or other federal agency under authority of an act of congress, or such portion thereof deemed necessary, suitable or applicable, and adopt such other rules and regulations as it deems necessary or desirable for this purpose, and to cooperate with the United States bureau of animal industry or other federal agency in the enforcement of such rules and regulations so accepted and adopted. [En. Sec. 2, Ch. 177, L. 1937.]

CHAPTER 284, BUTCHERS AND MEAT PEDDLERS—REGULATION

3298.19. Inspection of hides before disposal—person slaughtering cattle must exhibit hides. Every person or persons, firm, corporation or association, slaughtering cattle for their own use, must before selling, destroying or otherwise disposing of the hide or hides from such cattle, have the same inspected by an officer authorized to make such inspection and secure a certificate of inspection as hereinbefore provided for. It shall be unlawful for any person or persons, firm, corporation, or association to sell, offer for sale, destroy or otherwise dispose of any hide or hides from slaughtered cattle which have not been inspected and identified by an authorized inspector. And it shall be the duty of any person or persons, firm, corporation, or association slaughtering cattle, for his own use or otherwise, upon demand of an authorized inspector, to exhibit the hide or hides of such animal or animals for inspection or duplicate bill of sale issued by a hide buyer, or some evidence of inspection by an authorized inspector. [As amended Sec. 1, Ch. 47, L. 1939.]

CHAPTER 285, RECORDING OF MARKS AND BRANDS—VENTING BRANDS—MORTGAGES OF LIVESTOCK

3300. Venting brands.

The purpose of section 3300, Revised Codes, requiring the venting or counter-branding of livestock upon transfer thereof is to protect persons in their honest

dealings with relation thereto, and since it is not necessary for the state to show, in a prosecution for larceny of animals, legal title thereto in the prosecuting wit-

ness so far as record ownership thereof is concerned, the trial court did not err in refusing to give defendant's offered instruction based on the provisions of that section. State v. Akers, 106 M 43, 56, 74 P 2d 1138.

CHAPTER 287, INSPECTION OF HORSES AND CATTLE BEFORE REMOVAL FROM THE STATE

3321. Inspection of cattle to be removed from state. It shall be the duty of any and all persons removing or taking from this state in any manner whatsoever, any cow, ox, bull, stag, heifer, steer, calf, horse or mule, immediately before the shipment of same, or its removal, and at the time and place from which said shipment is to be made, to cause the same to be inspected by a stock inspector of the state as hereinafter provided; provided, however, that whenever any of the class of stock aforementioned shall be loaded for shipment with any railroad company and consigned to any point where the state board of stock commissioners maintain a stock inspector, then and in such event only, such shipments so consigned, need not be inspected in this state before shipment. [As amended Sec. 1, Ch. 136, L. 1937.]

3322. Duties of stock inspector. On receiving notice from any person that he desires to remove from this state to be sold or used outside of the state any of the class of animals mentioned in the preceding section, it shall be the duty of any stock inspector to whom such is given, to inspect said animals, carefully noting all of the brands and marks upon same, and make a report of such inspection to the secretary of the board of stock commissioners, which said report shall show the date of such inspection, the name and address of the person taking said animals from the state, the destination of the shipment, the marks and brands upon each animal together with the number of animals listed under each brand; and if in the opinion of the stock inspector the person proposing to remove the same, is rightfully in possession of the animals inspected, he shall grant such persons a certificate of inspection, containing the matter herein provided, with the further statement that permission is granted said person to remove such animals from the state. The person receiving said certificate must, if shipment is made by railroad, deposit it with the railroad agent at the point from which said shipment was made, which certificate must be filed by the agent and must be at all times during business hours accessible to the public, and the agent must at the time of filing said certificate indorse upon it the date of its receipt and filing by him; if shipment is made other than by railroad, the person receiving said certificate must retain the same until the animals are sold or delivered, after which, it shall be forwarded to the livestock commission with a verified statement attached thereto, showing the name and address of the person, firm or corporation to whom the animals were sold or delivered. If, however, any stock inspector making such inspection shall be in doubt as to whether any of said stock is rightfully in possession of the person proposing to remove same from this state, he shall withhold such inspection certificate until satisfied that the said shipper is in rightful possession of such stock. [As amended Sec. 2, Ch. 136, L. 1937.]

3322.1. Fees for inspection. For the service of inspection herein provided for, the officer making such inspections shall receive twenty-five

cents (25c) per head for the inspection of twelve head or less, or three dollars per day for the inspection of more than twelve head, and shall receive in addition thereto, his necessary actual expenses, to be paid by the person for whom the inspection is made, in the case of cattle or horses shipped to points other than those markets where the Montana livestock commission maintains a stock inspector. For the service of inspection herein provided for at points not within the state where the livestock commission maintains a stock inspector the fee authorized by the packers and stock yards act, 1921, (U. S. C., title 7, Sec. 181-229), may be collected by the stock inspector making such inspection. All fees so collected shall be sent by him to the livestock commission for deposit in the state treasury to the credit of the livestock commission fund. [En. Sec. 3, Ch. 136, L. 1937; Amd. Sec. 1, Ch. 87, L. 1939.]

3323. Penalty for violation of act. Any person removing or attempting to remove any livestock of the kind named in section 3321 of this code, without first having received the certificate of inspection and removal herein provided for, and any railroad, other carrier or person accepting for shipment any such livestock, without compelling the shipper to first give satisfactory evidence of his having received an inspection and removal certificate as herein provided, and any person refusing to exhibit such certificate upon proper demand, and any person who shall load any of such stock for shipping and consign same to any point where the livestock commission maintains a stock inspector, and who shall then reconsign them en route to any other points, so as to avoid inspection at point of shipment, and also the official inspection at the cities heretofore mentioned where such inspection is maintained, shall be deemed guilty of a misdemeanor, and, on conviction, shall be fined in a sum of not less than fifty nor more than five hundred dollars, or by imprisonment in the county jail for a period of not more than six months, or shall be punished by both such fine and imprisonment. All fines assessed and collected under the provisions of this act, fifty (50%) per cent thereof shall be turned into the state treasury, and placed to the credit of the livestock commission fund and fifty (50%) per cent to the credit of the county in which the livestock shipment originated or from which the livestock were taken, except that all fines collected where arrest is made by highway patrolmen, or upon information furnished by highway patrolmen, in which event, fifty (50%) per cent of such fines be deposited to the credit of the general fund of the county from which the livestock shipment originated or from which the livestock were taken, and the other fifty (50%) per cent be paid into the state treasury to be placed to the credit of the highway patrol revolving fund. [As amended Sec. 4, Ch. 136, L. 1937.]

CHAPTER 288, INSPECTION OF LIVESTOCK BEFORE REMOVAL FROM ONE COUNTY TO ANOTHER

3324. Inspection of livestock. From and after the passage of this act, it shall be the duty of any and all persons, associations or corporations removing or taking any cow, ox, bull, stag, heifer, steer, calf, horse, mule, mare, colt, foal, or filly from one county to another to cause the same to be inspected at point of loading for brands, by a state stock inspector, and no railroad company, other carrier or person shall accept such livestock

for shipment, unless the shipper shall produce a certificate of their inspection for brands as herein required; (provided, however, that the provisions of this act shall not apply to the said stock when driven by the owner from one county to another for the purpose of pasturing, feeding or changing the range thereof, nor to any stock so removed or taken from one county to another by any person, association or corporation, when such stock is used in the ordinary conduct of his or its business, and such person, association or corporation has been the owner of said stock to be removed for at least three months); and, provided further, that whenever any of the class of stock aforementioned shall be loaded for shipment with any railroad company and be consigned to any point where the state board of stock commissioners maintain a stock inspector, and where loading tally is filed as required in section 3341, then such shipments so consigned, need not be inspected before shipment.

If shipment is made other than by railroad, the person receiving said inspection certificate must retain the same until the animals are sold or delivered, after which it shall be forwarded to the livestock commission with a verified statement attached thereto, showing the name and address of the person, firm or corporation, to whom the animals were sold or delivered. [As amended Sec. 1, Ch. 133, L. 1937; Amd. Sec. 1, Ch. 85, L. 1939.]

3326.1. Fees for inspection. For the service of inspection herein provided for, the officer making such inspections shall receive twenty-five cents per head for the inspection of twelve head or less, or three dollars per day for the inspection of more than twelve head, and shall receive in addition thereto his necessary actual expenses, to be paid by the person for whom the inspection is made. [En. Sec. 2, Ch. 133, L. 1937.]

3327. Penalty for violation of act—disposal of fines. Any person removing or attempting to remove any livestock of the kind named in section 3324 of this code, without first having received the certificate of inspection and removal herein provided for, and any railroad, other carrier or person accepting for shipment any such livestock, without compelling the shipper to first give satisfactory evidence of his having received an inspection and removal certificate as herein provided, and any person refusing to exhibit such certificate upon proper demand, and any person who shall load any of such stock for shipping and consign same to any point where the livestock commission maintains a stock inspector, and who shall then reassign them enroute to any other points, so as to avoid inspection at point of shipment, and also the official inspection at the cities heretofore mentioned where such inspection is maintained, shall be deemed guilty of a misdemeanor, and, on conviction, shall be fined in a sum of not less than fifty dollars (\$50.00), nor more than five hundred dollars (\$500.00), or by imprisonment in the county jail for a period of not more than six months, or shall be punished by both such fine and imprisonment. All fines assessed and collected under the provisions of this act, fifty (50%) per cent thereof shall be turned into the state treasury, and placed to the credit of the livestock commission fund, and fifty (50%) per cent to the credit of the county in which the livestock shipment originated or from which the livestock were taken, except, that all fines collected where arrest is made by highway patrolmen, or upon information furnished by highway patrolmen, in which event fifty (50%) per cent of such

finer be deposited to the credit of the general fund of the county from which the livestock shipment originated or from which the livestock were taken, and the other fifty (50%) per cent be paid into the state treasury to be placed to the credit of the highway patrol revolving fund. [As amended Sec. 3, Ch. 133, L. 1937.]

CHAPTER 289-A, LIVESTOCK MARKETS

3332.1. Establishment of livestock markets. Any person upon making to the livestock commission of the state of Montana, a written statement satisfactory to said commission, of financial responsibility, and of ownership or control of adequate facilities for the care, sorting, feeding, loading, unloading, and shipment of livestock for the operation of a livestock market, and tendering the fee and furnishing the bond prescribed herein, may secure a license from the said commission, to establish and operate within the state of Montana for one year, a livestock market as hereinafter defined. The operation of a livestock market in this state without such license is a penal offense, punishable as hereinafter prescribed. [En. Sec. 1, Ch. 52, L. 1937.]

3332.2. Definitions—when used in this act. a. The term "livestock" shall mean and include horses, mules, cattle, swine, sheep and goats.

b. The term "livestock market" shall mean a place where a person, partnership or corporation shall assemble livestock for either private or public sale. c. The term "person" shall mean and include all persons, co-partnership, association, or corporation. [En. Sec. 2, Ch. 52, L. 1937.]

3332.3. License—fee—renewal—application. After May 1, 1937, no person shall engage in the operation of a livestock market within the state of Montana without first procuring a license from the livestock commission, and paying therefor a fee of one hundred dollars (\$100.00). Said license may be renewed to eligible applicants prior to May first of each calendar year thereafter, upon regular application for, and payment of the regular fee. An application for a license to establish and operate a livestock market shall be in writing upon a blank form to be furnished and containing such information as shall be required by the livestock commission, and shall be accompanied by the fee above described. If the livestock commission does not issue a license or renewal, the fee must be returned to the applicant. [En. Sec. 3, Ch. 52, L. 1937.]

3332.4. Bond—conditions—filing—actions. No license or renewal of license to establish and operate a livestock market within the state of Montana shall be issued until the applicant shall have executed to the state of Montana, a bond in the penal sum of ten thousand dollars (\$10,000.00), upon a form prescribed by the livestock commission, with surety to be approved by the commission, conditioned upon the payment of all money received, less reasonable expenses and agreed commissions by the licensee and operator of such livestock market to the rightful owner or owners of livestock so consigned and delivered to such licensee for sale forthwith upon the sale of such livestock, and also a full compliance with all of the terms and requirements of this act, and the acceptance and approval of said bond by the livestock commission, and the approval thereof as to form by the attorney general of Montana. When so approved said bond shall be filed with the secretary of the livestock commission. [En. Sec. 5, Ch. 52, L. 1937.]

3332.6. Rules and regulations. The livestock commission or the livestock sanitary board may adopt any such rules and regulations as it may deem necessary in the administration of this act. [En. Sec. 6, Ch. 52, L. 1937.]

3332.7. Cancellation or suspension. The following shall also be specific grounds for cancellation of such license:

3332.8. Records required. Each licensee shall keep such accounts, records, and memoranda, and shall make such reports as may from time to time be required by the livestock commission, and the said commission shall at all times have access to such accounts, records and memoranda. [En. Sec. 8, Ch. 52, L. 1937.]

3332.9. Investigations and hearings. The livestock commission, or any member thereof, or the secretary of the livestock commission, may upon their

own motion, or upon verified complaint in writing of any person, whenever they or either of them deem it necessary, shall investigate the actions of any licensee, and if they or either of them find it proper to do so, shall file complaint against the licensee with the livestock commission, and said complaint shall be set down for hearing before said commission upon ten (10) days' notice served upon such licensee either by personal service upon him or by registered mail or by telegram prior to such hearing.

The judge of the court shall summarily hear and determine the questions involved in said appeal and shall receive and consider any pertinent evidence whether oral or documentary concerning the matter. If the aggrieved person should fail to perfect his appeal or file said transcript as herein provided, said stay shall automatically terminate. CHAPTER 302, REGULATION OF COAL-MINING INDUSTRY

3486. Mine operators to furnish wash houses for employees. It shall be the duty of the owner, operator, or superintendent of any coal mine in the state of Montana to provide a suitable building, not an engine or boiler house, for the use of the persons employed in such mine, for the purpose of washing themselves and changing their clothes when entering the mine and returning therefrom. The said building shall not be over eight hundred feet from and convenient to the principal entrance of such mine when practicable to do so. When not practicable to build the wash house within the said distance and still conform to the other requirements of this section, the state coal-mine inspector may give written permission to place the building at a greater distance from the mine than that herein specified, and the operator shall not be guilty of violation of this section. The said building shall be kept sanitary, maintained in good order, be properly lighted and heated, and supplied with good, clean cold and warm water, and be provided with facilities for persons to wash and a suitable locker or other facility for each person to be used by him as a repository for his usual clothes and personal effects for the loss of which by fire, the operator shall be liable for the value of such aforementioned personal property to an amount not to exceed a total sum of twenty-five dollars (\$25.00), for each individual employee. Provided this section does not apply where the number of employees does not exceed twelve (12) actually engaged in the mining of coal.

If any person shall maliciously injure or destroy, or cause to be injured or destroyed, the said building or any part thereof, or any of the appliances or fittings used for supplying light, heat, or water therein, or doing any act tending to the injury or destruction thereof, he shall be deemed guilty of an offense against this act and subject to a fine as hereinafter provided for. [As amended Sec. 1, Ch. 146, L. 1937.]

3501. Ventilation of mines. The owner, operator or superintendent of every coal mine, whether operated by shaft, slope or drift, shall provide and hereafter maintain ample means of ventilation for the circulation of air through the main entries, cross entries and all other working places, to an extent that will dilute, carry off and render harmless, the noxious or dangerous gases generated in the mine, affording not less than one hundred and fifty cubic feet per minute for each and every person employed therein, and not less than six hundred cubic feet per minute for each and every animal and mobile loading machine while in operation in the mine; but in any mine, or section of a mine, where fire-damp is generated, not less than two hundred cubic feet of air per minute shall be provided for each person, or as much more as may be necessary to keep such section free from fire-damp. The

quantities of air in circulation shall be ascertained with an anemometer or other efficient instrument; such measurement shall be made by the foreman or his assistants once a week at the inlet and outlet airways, and also at or near the face of each entry, and shall be recorded in the book kept for that purpose at the mine office. The quantity of air as provided for in this act for each person shall be conducted to each working place.

The oxygen content of the air in a coal mine must be maintained at nineteen or more per cent. and the carbon dioxide at less than one per cent. and all poisonous gas must be kept below a harmful percentage as determined by samples of air taken by the state coal mining inspector. All requirements relative to the purity of air in coal mines, not herein provided for, shall conform to the recommendations and requirements of the United States bureau of mines relative to coal mines in the state of Montana.

In rooms generating fire-damp, the volume of air required by this act shall be conducted to the face thereof by the use of brattice-cloth or other suitable means. [As amended Sec. 2, Ch. 146, L. 1937; Amd. Sec. 1, Ch. 145, L. 1939.]

3504. Cross-cuts and brattices for ventilation. Cross-cuts between the entries, except where the same are within the confines of shaft bottom pillars, or are hereafter provided for, shall be made not exceeding sixty (60) feet apart, unless sufficient brattice is used to keep the air current up to the entry face, in which case they shall not exceed one hundred (100) feet apart. Where entries or rooms are being driven by entry driving machines, or any other mechanical loading device, or where local mechanical methods of ventilation are installed to furnish air to the workmen at the face, crosscuts may be driven at not exceeding three hundred (300) feet apart, provided that brattice, tubing or some other device is used sufficient to give at the face twice the amount of air per man and animal provided for in section 3501, and to clear said face of powder smoke before the men are required to return to work therein. In mines or sections of a mine where no local mechanical methods of ventilation are installed, when there is a solid block on one side of a room, cross-cuts shall be made between such room and the adjacent room not to exceed sixty (60) feet apart; where there is a breast or group of rooms, a cross-cut shall be made on one side or the other of each room, except the room adjoining said block, not to exceed fifty (50) feet from the outside corner of the cross-cut to the nearest corner of the entrance of the room, and on the opposite side of the same room a cross-cut shall be made not to exceed ninety (90) feet from the outside corner of the cross-cut to the nearest corner of the entrance of the room, and thereafter cross-cuts shall be made not to exceed eighty (80) feet apart on each side of the room.

Brattices between permanent inlet and outlet airways shall hereafter be constructed in a substantial manner of brick, blocks, masonry, concrete, or non-perishable material. Rooms must not be worked in advance of the ventilating current. [As amended Sec. 3, Ch. 146, L. 1937.]

The state board shall utilize such available services and assistance of other state agencies and of voluntary county and community committees and associations of agricultural producers as it determines to be necessary or calculated to assist substantially in the effective administration of this act.

(b) The state board shall have authority to make such rules and regulations, consistent with the provisions of this act, and to do any and all other acts consistent with the provisions of this act which it finds to be necessary or proper for the effective administration of this act.

(c) The state board shall have power and authority to obtain, by lease or purchase, such equipment, office accommodations, facilities, services, and supplies, and to employ such technical or legal experts or assistants and such other employees, including clerical and stenographic help as it determines to be necessary or proper to carry out the provisions of this act, and to determine the qualifications, duties, and compensation of such experts, assistants and other employees.

(d) All other agencies of this state are hereby authorized to assist the state board in carrying out the provisions of this act upon written request and in any manner determined by the state board to be necessary or appropriate for the effective administration of this act. [En. Sec. 12, Ch. 134, L. 1937.]

3649.16. Reports. The state board shall compile or require to be made such reports as it determines to be necessary or proper in order to ascertain whether any plans provided for in this act are being carried out according to their terms. The state board shall provide for compliance on the part of all persons and agencies participating in the administration of any such plan with such requirements and may make, or cause to be made, such investigations as it determines to be necessary or proper to assure the correctness of and to make possible the verification of such reports. [En. Sec. 13, Ch. 134, L. 1937.]

3649.17. Effective date of act. This act shall take effect upon its passage and approval by the governor and after the receipt of notification by the governor from the federal administration of the agricultural con-

servation and domestic allotment act that the administration of the provisions of the act within the state of Montana has by and with the approval of such federal agency been released to the Montana agricultural conservation board for the administration of the provisions of such act in cooperation with such federal agency. Upon receipt of such notification the governor of Montana shall by proclamation declare this act to be in full force and effect. [En. Sec. 16, Ch. 134, L. 1937.]

NOTE.—No proclamation by the governor making this act effective had been made when this supplement was printed.

CHAPTER 306-B, THE STATE SOIL CONSERVATION DISTRICTS LAW

3649.18. Short title. This act may be known and cited as “the state soil conservation districts law.” [En. Sec. 1, Ch. 72, L. 1939.]

3649.19. Legislative determinations, and declaration of policy. It is hereby declared, as a matter of legislative determination:

A. The condition. That the farm and grazing lands of the state of Montana are among the basic assets of the state and that the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; that improper land-use practices have caused and have contributed to, and are now causing and contributing to, a progressively more serious erosion of the farm and grazing lands of this state by wind and water; that the breaking of natural grass, plant, and forest-cover has interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; that the topsoil is being blown and washed out of fields and pastures; that there has been an accelerated washing of sloping fields; that these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; that failure by any land occupier to conserve the soil and control erosion upon his lands causes a washing and blowing of soil and water from his lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible.

B. The consequences. That the consequences of such soil erosion in the form of soil-blowing and soil washing are the silting and sedimentation of stream channels, reservoirs, dams and ditches; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes, and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops and range cover grown thereon, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water which causes destruction of food and cover for wildlife; a blowing and washing of soil into streams which silts over spawning beds and destroys water plants, diminishing the food supply of fish; a diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought and causes crop and range vegetation cover failures; and increase in the speed and volume of rainfall run-off, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to operate eroding and eroded lands; damage to

roads, highways, railways, farm buildings and other property from floods and from dust storms, and losses in municipal water supply, irrigation developments, farming and grazing.

C. The appropriate corrective methods. That to conserve soil resources and control and prevent soil erosion, it is necessary that land-use practices contributing to soil wastage and soil erosion be discouraged and discontinued, and appropriate soil-conserving land-use practices be adopted and carried out; that among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of water spreaders, terraces, terrace outlets, check dams, dikes, ponds, ditches, and the like; the utilization of strip cropping, lister furrowing, contour cultivating, and contour furrowing; land irrigation; seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees and grasses; forestation and reforestation; rotation of crops, restriction of number of livestock grazed, deferred grazing, rodent eradication; soil stabilization with trees, grasses, legumes, and other thick-growing, soil-holding crops; retardation of run-off by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

D. Declaration of policy. It is hereby declared to be the policy of the legislature to provide for the conservation of the soil and soil resources of this state, and for the control and prevention of soil erosion, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of this state. [En. Sec. 2, Ch. 72, L. 1939.]

3649.21. State soil conservation committee. A. There is hereby established, to serve as an agency of the state and to perform the functions conferred upon it in this act, the state soil conservation committee. The state soil conservation committee shall consist of seven (7) members. The following shall serve as members of the committee: The director of the state agricultural experiment station at Bozeman, Montana; the director of the state extension service at Bozeman, Montana; one member of the state grazing commission designated by that commission; one member of the water conservation board designated by that board and the commissioner of the state department of agriculture. Two (2) additional farmer members shall be chosen by the governor, one from each of a group of five (5) to be submitted by each of the two (2) leading farm organizations. The committee may invite the secretary of agriculture of the United States of America to appoint one person to serve with the above-mentioned members as a non-voting member of the committee. The committee shall keep a record of its official actions, shall adopt a seal, which seal shall be judicially noticed, and may perform such acts, hold such public hearings, and promulgate such rules and regulations as may be necessary for the execution of its functions under this act.

B. The state soil conservation committee may employ an administrative officer and such other agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties, and compensation. The committee may call upon the state for such legal services as it may require, or may employ its own counsel and legal staff. It shall have authority to delegate to its chairman, to one or more of its members, or to one or more agents or employees, such powers and duties as it may deem proper. It shall be supplied with suitable office accommodations at the state college at Bozeman, Montana, and shall be furnished with the necessary supplies and equipment. Upon request of the committee for the purpose of carrying out any of its functions, the supervising officer of any state agency or of any state institution of learning shall, insofar as may be possible under available appropriations, and having due regard to the needs of the agency to which the request is directed, assign or detail

to the committee members of the staff or personnel of such agency or institution of learning, and make such special reports, surveys, or studies as the committee may request.

C. The committee shall annually elect a chairman from its own membership. State committeemen shall continue as members of the state committee so long as they shall retain the offices by virtue of which they shall be serving on the committee. The appointed farmer members shall hold office for four (4) years and their term of office shall be concurrent with the governor. A majority of the committee shall constitute a quorum, and the concurrence of a majority in any matter within their duties shall be required for its determination. Ex-officio members of the committee shall receive no compensation for their services on the committee. Other members of the committee shall receive five dollars (\$5.00) per day while on duty. All members of the state committee shall be entitled to expenses, including traveling expenses, necessarily incurred in the discharge of their duties on the committee. The committee shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property; shall provide for the keeping of a full and accurate record of all proceedings and of all resolutions, regulations, and orders issued or adopted; and shall provide for an annual audit of the account of receipts and disbursements.

D. In addition to the duties and powers hereinafter conferred upon the state soil conservation committee, it shall have the following duties and powers:

(1) To offer such assistance as may be appropriate to the supervisors of soil conservation districts, organized as provided hereinafter, in the carrying out of any of their powers and programs;

(2) To keep the supervisors of each of the several districts organized under the provisions of this act informed of the activities and experiences of all other districts organized hereunder, and to facilitate an interchange of advice and experiences between such districts and cooperation between them;

(3) To coordinate the programs of the several soil conservation districts organized hereunder so far as this may be done by advice and consultation;

(4) To secure the cooperation and assistance of the United States and any of its agencies, and of agencies of this state, in the work of such districts;

(5) To disseminate information throughout the state concerning the activities and programs of the soil conservation districts organized hereunder, and to encourage the formation of such districts in areas where their organization is desirable. [En. Sec. 4, Ch. 72, L. 1939.]

3649.22. Creation of soil conservation districts. A. Any ten (10) occupiers of land lying within the limits of the territory proposed to be organized into a district may file a petition with the state soil conservation committee asking that a soil conservation district be organized to function in the territory described in the petition. Such petition shall set forth:

(1) The proposed name of said district;

(2) That there is need, in the interest of the public health, safety, and welfare, for a soil conservation district to function in the territory described in the petition;

(3) A description of the territory proposed to be organized as a district, which description shall not be required to be given by metes and bounds or by legal subdivisions, but shall be deemed sufficient if generally accurate;

(4) A request that the state soil conservation committee duly define the boundaries for such district; that a referendum be held within the territory so defined on the question of the creation of a soil conservation district in such territory; and that the committee determine that such a district be created.

Where more than one petition is filed covering parts of the same territory, the state soil conservation committee may consolidate all or any of such petitions.

B. Within thirty (30) days after such a petition has been filed with the state soil conservation committee, it shall cause due notice to be given of a proposed hearing upon the question of the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of such district, upon the question of the appropriate boundaries to be assigned to such district, upon the propriety of the petition and other proceedings taken under this act, and upon all questions relevant to such inquiries. All occupiers of land within the limits of the territory described in the petition, and of lands within any territory considered for addition to such described territory, and all other interested parties, shall have the right to attend such hearings and to be heard. If it shall appear upon the hearing that it may be desirable to include within the proposed district territory outside of the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of further hearing shall be given throughout the entire area considered for inclusion in the district, and such further hearing held. After such hearing, if the committee shall determine, upon the facts presented at such hearing and upon such other relevant facts and information as may be available, that there is need, in the interest of the public health, safety and welfare, for a soil conservation district to function in the territory considered at the hearing, it shall make and record such determination, and shall define, by metes and bounds or by legal subdivisions, the boundaries of such district. In making such determinations and in defining such boundaries, the committee shall give due weight and consideration to the topography of the area considered and of the state, the composition of soils therein, the distribution of erosion, the prevailing land-use practices, the desirability and necessity of including within the boundaries the particular lands under consideration and the benefits such lands may receive from being included within such boundaries, the relation of the proposed area to existing watersheds and agricultural regions, and to other soil conservation districts already organized or proposed for organization under the provisions of this act, and such other physical, geographical, and economic factors as are relevant, having due regard to the legislative determinations set forth in section 3649.18. The territory to be included within such boundaries need not be contiguous. If the committee shall determine after such hear-

ing, after due consideration of the said relevant facts, that there is no need for a soil conservation district to function in the territory considered at the hearing, it shall make and record such determination and shall deny the petition. After six (6) months shall have expired from the date of the denial of any such petition, subsequent petitions covering the same or substantially the same territory may be filed as aforesaid and new hearing held and determinations made thereon.

C. After the committee has made and recorded a determination that there is need, in the interest of the public health, safety, and welfare, for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within such boundaries with the powers conferred upon soil conservation districts in this act is administratively practicable and feasible. To assist the committee in the determination of such administrative practicability and feasibility, it shall be the duty of the committee, within a reasonable time after entry of the finding that there is need for the organization of the proposed district and the determination of the boundaries thereof, to hold a referendum within the proposed district upon the proposition of the creation of the district, and to cause due notice of such referendum to be given. The question shall be submitted by ballots upon which the words "For creation of a soil conservation district of the lands below described and lying in the county(ies) of _____, _____, and _____" and "Against creation of a soil conservation district of the lands below described and lying in the county(ies) of _____ and _____" shall appear, with a square before each proposition and a direction to insert an "X" mark in the square before one or the other of said propositions as the voter may favor or oppose creation of such district. The ballot shall set forth the boundaries of such proposed district as determined by the committee. All occupiers of lands lying within the boundaries of the territory, as determined by the state soil conservation committee, shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote.

D. The committee shall pay all expenses for the issuance of such notices and the conduct of such hearings and referenda, and shall supervise the conduct of such hearings and referenda. It shall issue appropriate regulations governing the conduct of such hearings and referenda, and providing for the registration prior to the date of the referendum of all eligible voters, or prescribing some other appropriate procedure for the determination of those eligible as voters in such referendum. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

E. The committee shall publish the result of such referendum and shall thereafter consider and determine whether the operation of the district within the defined boundaries is administratively practicable and feasible. If the committee shall determine that the operation of such district is not administratively practicable and feasible, it shall record such determination and deny the petition. If the committee shall determine that the operation of such district is administratively practicable and feasible, it

shall record such determination and shall proceed with the organization of the district in the manner hereinafter provided. In making such determination the committee shall give due regard and weight to the attitudes of the occupiers of lands lying within the defined boundaries, the number of land occupiers eligible to vote in such referendum who shall have voted, the proportion of the votes cast in such referendum in favor of the creation of the district to the total number of votes cast, the approximate wealth and income of the land occupiers of the proposed district, the probable expense of carrying on erosion-control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative determinations set forth in section 3649.18; provided, however, that the committee shall not have authority to determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible unless at least sixty-five (65) per cent of the votes cast in the referendum upon the proposition of creation of the district shall have been cast in favor of the creation of such district.

F. If the committee shall determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible, it shall appoint two (2) supervisors to act with the three (3) supervisors elected as provided hereinafter, as the governing body of the district. Such district shall be a governmental subdivision of this state and a public body corporate and politic, upon the taking of the following proceedings:

The two (2) appointed supervisors shall present to the secretary of state an application signed by them, which shall set forth (and such application need contain no detail other than the mere recitals): (1) That a petition for the creation of the district was filed with the state soil conservation committee pursuant to the provisions of this act, and that the proceedings specified in this act were taken pursuant to such petition; that the application is being filed in order to complete the organization of the district as a governmental subdivision and a public body, corporate and politic, under this act; and that the committee has appointed them as supervisors; (2) the name and official residence of each of the supervisors, together with a certified copy of the appointments evidencing their right to office; (3) the term of office of each of the supervisors; (4) the name which is proposed for the district; and (5) the location of the principal offices of the supervisors of the district. The application shall be subscribed and sworn to by each of the said supervisors before an officer authorized by the laws of this state to take and certify oaths, who shall certify upon the application that he personally knows the supervisors and knows them to be the officers as affirmed in the application, and that each has subscribed thereto in the officer's presence. The application shall be accompanied by a statement by the state soil conservation committee, which shall certify (and such statement need contain no detail other than the mere recitals) that a petition was filed, notice issued, and hearing held as aforesaid; that the committee did duly determine that there is need, in the interest of the public health, safety, and welfare, for a soil conservation district to function in the proposed territory and did define the boundaries thereof; that notice was given and a referendum held on the question of the creation of

such district, and that the result of such referendum showed sixty-five (65) per cent of the votes cast in such referendum to be in favor of the creation of the district; that thereafter the committee did duly determine that the operation of the proposed district is administratively practicable and feasible; the said statement shall set forth the boundaries of the district as they have been defined by the committee.

The secretary of state shall examine the application and statement and, if he finds that the name proposed for the district is not identical with that of any other soil conservation district of this state or so nearly similar as to lead to confusion or uncertainty, he shall receive and file them and shall record them in an appropriate book of record in his office. If the secretary of state shall find that the name proposed for the district is identical with that of any other soil conservation district of this state, or so nearly similar as to lead to confusion and uncertainty, he shall certify such fact to the state soil conservation committee, which shall thereupon submit to the secretary of state a new name for the said district, which shall not be subject to such defects. Upon receipt of such new name, free of such defects, the secretary of state shall record the application and statement, with the name so modified, in an appropriate book of record in his office. When the application and statement have been made, filed, and recorded, as herein provided, the district shall constitute a governmental subdivision of this state and a public body corporate and politic. The secretary of state shall make and issue to the said supervisors without cost a certificate, under the seal of the state, of the due organization of the said district, and shall record such certificate with the application and statement. The boundaries of such district shall include the territory as determined by the state soil conservation committee as aforesaid, but in no event shall they include any area included within the boundaries of another soil conservation district organized under the provisions of this act.

G. After six (6) months shall have expired from the date of entry of a determination by the state soil conservation committee that operation of a proposed district is not administratively practicable and feasible, and denial of a petition pursuant to such determination, subsequent petitions may be filed as aforesaid, and action taken thereon in accordance with the provisions of this act.

H. Petitions for including additional territory within an existing district may be filed with the state soil conservation committee, and the proceedings herein provided for in the case of petitions to organize a district shall be observed in the case of petitions for such inclusion. The committee shall prescribe the form for such petitions, which shall be as nearly as may be in the form prescribed in this act for petitions to organize a district. Where the total number of land occupiers in the area proposed for inclusion shall be less than ten (10), the petition may be filed when signed by a majority of the occupiers of such area, and in such case no referendum need be held. In referenda upon petitions for such inclusion, all occupiers of land lying within the proposed additional area shall be eligible to vote.

I. In any suit, action, or proceeding involving the validity or enforcement of, or relating to, any contract, proceeding, or action of the district, the district shall be deemed to have been established in accordance with the provisions of this act upon proof of the issuance of the aforesaid certifi-

cate by the secretary of state. A copy of such certificate, duly certified by the secretary of state, shall be admissible in evidence in any such suit, action, or proceeding and shall be proof of the filing and contents thereof. [En. Sec. 5, Ch. 72, L. 1939.]

3649.23. Election of supervisors for each district. Within thirty (30) days after the date of issuance by the secretary of state of a certificate of organization of a soil conservation district, nominating petitions may be filed with the state soil conservation committee to nominate candidates for supervisors of such districts. The committee shall have authority to extend the time within which nominating petitions may be filed. No such nominating petition shall be accepted by the committee unless it shall be subscribed by ten (10) or more occupiers of lands lying within the boundaries of such district. Land occupiers may sign more than one such nominating petition to nominate more than one candidate for supervisor. The committee shall give due notice of an election to be held for the election of three (3) supervisors for the district. The names of all nominees on behalf of whom such nominating petitions have been filed within the time herein designated, shall be printed, arranged in the alphabetical order of the surnames, upon ballots, with a square before each name and a direction to insert an "X" mark in the square before any three (3) names to indicate the voter's preference. All occupiers of lands lying within the district shall be eligible to vote in such election. Only such land occupiers shall be eligible to vote. The three (3) candidates who shall receive the largest number, respectively, of the votes cast in such election shall be the elected supervisors for such district. The committee shall pay all the expenses of such election, shall supervise the conduct thereof, shall prescribe regulations governing the conduct of such election and the determination of the eligibility of votes therein, and shall publish the results thereof. [En. Sec. 6, Ch. 72, L. 1939.]

3649.24. Number, term, business and powers of supervisors. The governing body of the district shall consist of five (5) supervisors elected as provided hereinabove.

The supervisors shall annually elect a chairman from their members. The term of office of each supervisor shall be three (3) years, except that the supervisors who are first appointed shall be designated to serve for terms of one (1) and two (2) years, respectively, from the date of their appointment. A supervisor shall hold office until his successor has been elected and has qualified. Vacancies shall be filled for the unexpired term. The selection of successor to fill an unexpired term, or for a full term shall be by election. A majority of the supervisors shall constitute a quorum and the concurrence of a majority in any matter within their duties shall be required for its determination. A supervisor shall receive no compensation for his services, but he shall be entitled to expenses, including traveling expenses, necessarily incurred in the discharge of his duties.

The supervisors may employ a secretary and such other officers, agents, and employees, permanent and temporary, as they may require, and shall determine their qualifications, duties, and compensation. The supervisors may call upon the attorney general of the state for such legal services as they may require, or may employ their own counsel and legal staff. The supervisors may delegate to their chairman, to one or more supervisors,

or to one or more agents or employees, such powers and duties as they may deem proper. The supervisors shall furnish to the state soil conservation committee, copies of such ordinances, rules, regulations, orders, contracts, forms, and other documents as they shall adopt or employ, and such other information concerning their activities as may be required in the performance of its duties under this act.

The supervisors shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property; shall provide for the keeping of a full and accurate record of all proceedings, and of all resolutions, regulations and orders issued or adopted; and shall provide for an annual audit of the accounts of receipts and disbursements. Any supervisor may be removed by the state soil conservation committee upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason.

The supervisors may invite the legislative body of any municipality or county located near the territory comprised within the district to designate a representative to advise and consult with the supervisors of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county. [En. Sec. 7, Ch. 72, L. 1939.]

3649.25. Powers of districts and supervisors. A soil conservation district organized under the provisions of this act shall constitute a governmental subdivision of this state, and a public body corporate and politic, exercising public powers, and such district, and the supervisors thereof, shall have the following powers, in addition to others granted in other sections of this act:

(1) To conduct surveys, investigations, and research relating to the character of soil erosion and the preventive and control measures needed, to publish the results of such surveys, investigations, or research, and to disseminate information concerning such preventive and control measures; provided, however, that in order to avoid duplication of research activities, no district shall initiate any research program except in cooperation with the government of this state or any of its agencies, or with the United States or any of its agencies;

(2) To conduct demonstrational projects within the districts on lands owned or controlled by this state or any of its agencies, with the cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district upon obtaining the consent of the occupier of such lands or the necessary rights or interests in such lands, in order to demonstrate by example the means, methods, and measures by which soil and soil resources may be conserved, and soil erosion in the form of soil blowing and soil washing may be prevented and controlled;

(3) To carry out preventive and control measures within the district, including, but not limited to, engineering operations, range management, methods of cultivation, the growing of vegetation, changes in use of land, and the measures listed in subsection C of section 3649.18, on lands owned or controlled by this state or any of its agencies with the cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district upon obtaining the consent of the occupier of such lands or the necessary rights or interests in such lands;

(4) To cooperate, or enter into agreements with, and within the limits of appropriations duly made available to it by law, to furnish financial or other aid to, any agency, governmental or otherwise, or any occupier of lands within the district, in the carrying on of erosion-control and prevention operations within the district, subject to such conditions as the supervisors may deem necessary to advance the purposes of this act;

(5) To obtain options upon and to acquire, by purchase, exchange, lease, gift, grant, bequest, devise, or otherwise, any property, real or personal, or rights or interests therein, and all such property shall be exempt from taxation by the state or any political subdivision thereof, to maintain, administer, and improve any properties acquired, to receive income from such properties and to expend such income in carrying out the purposes and provisions of this act; and to sell, lease, or otherwise dispose of any of its property or interests therein in furtherance of the purposes and provisions of this act;

(6) To make available on such terms as it shall prescribe, to land occupiers within the district, agricultural and engineering machinery and equipment, fertilizer, seeds, and seedlings, and such other material or equipment, as will assist such land occupiers to carry on operations upon their lands for the conservation of soil resources and for the prevention and control of soil erosion;

(7) To construct, improve, and maintain such structures as may be necessary or convenient for the performance of any of the operations authorized in this act;

(8) To develop comprehensive plans for the conservation of soil resources and for the control and prevention of soil erosion within the district, which plans shall specify in such detail as may be possible, the acts, procedures, performances, and avoidances which are necessary or desirable, for the effectuation of such plans, including the specification of engineering operations, range management, methods of cultivation, the growing of vegetation, cropping and range programs, tillage and grazing practices, and changes in use of land; and to publish such plans and information and bring them to the attention of occupiers of lands within the district;

(9) To take over, by purchase, lease, or otherwise, and to administer any soil-conservation, erosion-control, or erosion-prevention project located within its boundaries undertaken by the United States or any of its agencies, or by this state or any of its agencies; to manage, as agent of the United States or any of its agencies, or of this state or any of its agencies, any soil-conservation, erosion-control, or erosion-prevention project within its boundaries; to act as agent for the United States, or any of its agencies, or for this state or any of its agencies, in connection with the acquisition, construction, operation, or administration of any soil-conservation, erosion-control, or erosion-prevention project within its boundaries; to accept donations, gifts, and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, or from this state or any of its agencies, and to use or expend such moneys, services, materials, or other contributions in carrying on its operations;

(10) To sue and be sued in the name of the district; to have a seal, which seal shall be judicially noticed; to have perpetual succession unless

terminated as hereafter provided; to make and execute contracts and other instruments, necessary or convenient to the exercise of its powers; to make, and from time to time amend and repeal, rules and regulations not consistent with this act, to carry into effect its purposes and powers;

(11) As a condition to the extending of any benefits under this act to, or the performance of work upon, any lands not owned or controlled by this state or any of its agencies, the supervisors may require contributions in money, services, materials, or otherwise to any operations conferring such benefits, and may require land occupiers to enter into and perform such agreements or covenants as to the permanent use of such lands as will tend to prevent or control erosion thereon;

(12) No provisions with respect to the acquisition, operation, or disposition of property by other public bodies shall be applicable to a district organized hereunder unless the legislature shall specifically so state. [En. Sec. 8, Ch. 72, L. 1939.]

3649.26. Adoption of land use regulations. The supervisors of any district shall have authority to formulate regulations governing the use of lands within the district in the interest of conserving soil and soil resources and preventing and controlling soil erosion. The supervisors may conduct such public meetings and public hearings upon tentative regulations as may be necessary to assist them in this work. The supervisors shall not have authority to enact such land-use regulations into law until after they shall have caused due notice to be given of their intention to conduct a referendum for submission of such regulations to the occupiers of lands lying within the boundaries of the district for their indication of approval or disapproval of such proposed regulations, and until after the supervisors have considered the result of such referendum. The proposed regulations shall be embodied in a proposed ordinance. Copies of such proposed ordinance shall be available for the inspection of all eligible voters during the period between publication of such notice and the date of the referendum. The notices of the referendum shall recite the contents of such proposed ordinance, or shall state where copies of such proposed ordinance may be examined. The question shall be submitted by ballots, upon which the words "For approval of proposed ordinance No....., prescribing land-use regulations for conservation of soil and prevention of erosion" and "Against approval of proposed ordinance No....., prescribing land-use regulations for conservation of soil and prevention of erosion" shall appear, with a square before each proposition and a direction to insert an "X" mark in the square before one or the other of said propositions as the voter may favor or oppose approval of such proposed ordinance. The supervisors shall supervise such referendum, shall prescribe appropriate regulations governing the conduct thereof, and shall publish the result thereof. All occupiers of lands within the district shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

The supervisors shall not have authority to enact such proposed ordinance into law unless at least sixty-five (65) percent of the votes cast in such ref-

erendum shall have been cast for approval of the said proposed ordinance. The approval of the proposed ordinance by sixty-five (65) percent of the votes cast in such referendum shall not be deemed to require the supervisors to enact such proposed ordinance into law. Land-use regulations prescribed in ordinances adopted pursuant to the provisions of this section by the supervisors of any district shall have the force and effect of law in the said district and shall be binding and obligatory upon all occupiers of lands within such district.

Any occupier of land within such district may at any time file a petition with the supervisors asking that any or all of the land-use regulations prescribed in any ordinance adopted by the supervisors under the provisions of this section shall be amended, supplemented, or repealed. Land-use regulations prescribed in any ordinance adopted pursuant to the provisions of this section shall not be amended, supplemented, or repealed, except in accordance with the procedure prescribed in this section for adoption of land-use regulations. Referenda on adoption, amendment, supplementation, or repeal of land-use regulations shall not be held more often than once in six (6) months.

The regulations to be adopted by the supervisors under the provisions of this section may include:

1. Provisions requiring the carrying out of necessary engineering operations, including the construction of water spreaders, terraces, terrace outlets, check dams, dikes, ponds, ditches, fences, and other necessary structures;

2. Provisions requiring observance of particular methods of cultivation or grazing, including contour cultivating, contour furrowing, lister furrowing, sowing, planting, strip cropping, seeding, and planting of lands to water-conserving and erosion-preventing plants, trees and grasses, forestation and reforestation;

3. Specifications of cropping and range programs and tillage and grazing practices to be observed;

4. Provisions requiring the retirement from cultivation of highly erosive areas or of areas on which erosion may not be adequately controlled if cultivation is carried on;

5. Provisions for such other means, measures, operations, and programs as may assist conservation of soil resources and prevent or control soil erosion in the district, having due regard to the legislative findings set forth in section 3649.18.

The regulations shall be uniform throughout the territory comprised within the district except that the supervisors may classify the lands within the district with reference to such factors as soil type, degree of slope, degree of erosion threatened or existing, grazing and cropping programs, and tillage and range practices in use, and other relevant factors and may provide regulations varying with the type or class of land affected, but uniform as to all lands within each class or type. Copies of land-use regulations adopted under the provisions of this section shall be printed and made available to all occupiers of lands lying within the district. [En. Sec. 9, Ch. 72, L. 1939.]

3649.27. Performance of work under the regulations by the supervisors. The supervisors shall have authority to go upon any lands within the dis-

trict after a complaint shall have been filed with the supervisors charging a violation of the regulations, to determine whether land-use regulations adopted under the provisions of section 3649.25 are being observed. Where the supervisors of any district shall find that any of the provisions of land-use regulations prescribed in any ordinance adopted in accordance with the provisions of section 3649.25 are not being observed on particular lands, and that such nonobservance tends to increase erosion on such lands, and is interfering with the prevention or control of erosion on other lands within the district, the supervisors may present to the district court of the county in which the lands of the defendant may lie, a petition, duly verified, setting forth the adoption of the ordinance prescribing land-use regulations, the failure of the defendant land occupier to observe such regulations, and to perform particular work, operations, or avoidances as required thereby, and that such nonobservance tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district, and praying the court to require the defendant to perform the work, operations, or avoidances within a reasonable time and to order that if the defendant shall fail so to perform the supervisors may go on the land, perform the work or other operations or otherwise bring the condition of such lands into conformity with the requirements of such regulations, and recover the costs and expenses thereof, with interest, from the occupier of such land. Upon the presentation of such petition, the court shall cause process to be issued against the defendant, and shall hear the case. If it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence, or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may dismiss the petition; or it may require the defendant to perform the work, operations, or avoidances, and may provide that upon the failure of the defendant to initiate such performance within the time specified in the order of the court, and to prosecute the same to completion with reasonable diligence, the supervisors may enter upon the lands involved and perform the work or operations or otherwise bring the condition of such lands into conformity with the requirements of the regulations and recover the costs and expenses thereof, with interest at the rate of five (5) per centum per annum, from the occupier of such lands. In all cases where the person in possession of lands, who shall fail to perform such work, operations, or avoidances shall not be the owner, the owner of such lands shall be joined as party defendant.

The court shall retain jurisdiction of the case until after the work has been completed. Upon completion of such work pursuant to such order of the court the supervisors may file a petition with the court, a copy of which shall be served upon the defendant in the case, stating the costs and expenses sustained by them in the performance of the work and praying judgment therefor with interest. The court shall have jurisdiction to enter judgment for the amount of such costs and expenses, with interest at the rate of five (5) per centum per annum until paid, together with

the costs of suit, including a reasonable attorney's fee to be fixed by the court. [En. Sec. 10, Ch. 72, L. 1939.]

3649.28: Board of adjustment—organization—powers—duties—court review of findings.

A. Where the supervisors of any district organized under the provisions of this act shall adopt an ordinance prescribing land-use regulations in accordance with the provisions of section 3649.25 they shall further provide by ordinance for the establishment of a board of adjustment. Such board of adjustment shall consist of three (3) members, each to be appointed for a term of three (3) years, except that the members first appointed shall be appointed for terms of 1, 2, and 3 years, respectively. The members of each such board of adjustment shall be appointed by the state soil conservation committee, with the advice and approval of the supervisors of the district for which such board has been established, and shall be removable, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason, such hearing to be conducted jointly by the state soil conservation committee and the supervisors of the district. Vacancies in the board of adjustment shall be filled in the same manner as original appointments and shall be for the unexpired term of the member whose term becomes vacant. Members of the state soil conservation committee and the supervisors of the district shall be ineligible to appointment as members of the board of adjustment during their tenure of such other office. The members of the board of adjustment shall receive compensation for their services at the rate of four dollars (\$4.00) per diem for time spent on the work of the board, in addition to expenses, including traveling expenses, necessarily incurred in the discharge of their duties. The supervisors shall pay the necessary administrative and other expenses of operation incurred by the board, upon the certificate of the chairman of the board.

B. The board of adjustment shall adopt rules to govern its procedures, which rules shall be in accordance with the provisions of this act and with provisions of any ordinance adopted pursuant to this section. The board shall annually elect a chairman from among its members. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Any two (2) members of the board shall constitute a quorum. The chairman, or in his absence, such other member of the board as he may designate to serve as acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep a full and accurate record of all proceedings, of all documents filed with it, and of all orders entered, which shall be filed in the office of the board and shall be a public record.

C. Any land occupier may file a petition with the board of adjustment, alleging that there are great practical difficulties or unnecessary hardship in the way of his carrying out upon his lands the strict letter of the land-use regulations prescribed by ordinance approved by the supervisors, and praying the board to authorize a variance from the terms of the land-use regulations in the application of such regulations to the lands occupied by the petitioner. Copies of such petition shall be served by the petitioner upon the chairman of the supervisors of the district within which his lands

are located and upon the chairman of the state soil conservation committee. The board of adjustment shall fix a time for the hearing of the petition and cause due notice of such hearing to be given. The supervisors of the district and the state soil conservation committee shall have the right to appear and be heard at such hearing. Any occupier of lands lying within the district who shall object to the authorizing of the variance prayed for may intervene and become a party to the proceedings. Any party to the hearing before the board may appear in person, by agent, or by attorney. If, upon the facts presented at such hearing the board shall determine that there are great practical difficulties or unnecessary hardship in the way of applying the strict letter of any of the land-use regulations upon the lands of the petitioner, it shall make and record such determination and shall make and record findings of fact as to the specific conditions which establish such great practical difficulties or unnecessary hardship. Upon the basis of such findings and determination, the board shall have power by order to authorize such variance from the terms of the land-use regulations, in their application to the lands of the petitioner, as will relieve such great practical difficulties or unnecessary hardship and will not be contrary to the public interest, and such that the spirit of the land-use regulations shall be observed, the public health, safety, and welfare secured, and substantial justice done.

D. Any petitioner aggrieved by an order of the board granting or denying, in whole or in part, the relief sought, the supervisors of the district or any intervening party, may obtain a review of such order in any district court of the county in which the lands of the petitioner may lie, by filing in such court a petition praying that the order of the board be modified or set aside. A copy of such petition shall forthwith be served upon the parties to the hearing before the board and thereupon the party seeking review shall file in the court a transcript of the entire record in the proceedings, certified by the board, including the documents and testimony upon which the order complained of was entered, and the findings, determination, and order of the board. Upon such filing, the court shall cause notice thereof to be served upon the parties and shall have jurisdiction of the proceedings and of the questions determined or to be determined therein, and shall have power to grant such temporary relief as it deems just and proper, and to make and enter a decree enforcing, modifying, and enforcing as so modified, or setting aside, in whole or in part, the order of the board. No contention that has not been urged before the board shall be considered by the court unless the failure or neglect to urge such contention shall be excused because of extraordinary circumstances. The findings of the board as to the facts, if supported by evidence, shall be conclusive. If any party shall apply to the court for leave to produce additional evidence and shall show to the satisfaction of the court that such evidence is material and that there were reasonable grounds for the failure to produce such evidence in the hearing before the board, the court may order such additional evidence to be taken before the board and to be made a part of the transcript. The board may modify its findings as to the facts or make new findings, taking into consideration the additional evidence so taken and filed, and it shall file such modified or new findings, which, if supported by evidence, shall be conclusive, and shall

file with the court its recommendations, if any, for the modification or setting aside of its original order. The jurisdiction of the court shall be exclusive and its judgment and decree shall be final, except that the same shall be subject to review in the same manner as are other judgments or decrees of the court. [En. Sec. 11, Ch. 72, L. 1939.]

3649.29. Cooperation between districts. The supervisors of any two or more districts organized under the provisions of this act may cooperate with one another in the exercise of any or all powers conferred in this act. [En. Sec. 12, Ch. 72, L. 1939.]

3649.30. State agencies to cooperate. Agencies of this state which shall have jurisdiction over, or be charged with the administration of any state-owned lands, and of any county, or other governmental subdivision of the state, which shall have jurisdiction over, or be charged with the administration of, any county-owned or other publicly owned lands, lying within the boundaries of any district organized hereunder, shall cooperate to the fullest extent with the supervisors of such districts in the effectuation of programs and operations undertaken by the supervisors under the provisions of this act. The supervisors of such districts shall be given free access to enter and perform work upon such publicly owned lands. The provisions of land-use regulations adopted pursuant to section 3649.25 shall have the force and effect of law over all such publicly owned lands, and shall be in all respects observed by the agencies administering such lands. [En. Sec. 13, Ch. 72, L. 1939.]

3649.31. Discontinuance of districts. At any time after five (5) years after the organization of a district under the provisions of this act, any ten (10) occupiers of land lying within the boundaries of such district may file a petition with the state soil conservation committee, praying that the operations of the district be terminated and the existence of the district discontinued. The committee may conduct such public meetings and public hearings upon such petition as may be necessary to assist it in the consideration thereof. Within sixty (60) days after such a petition has been received by the committee it shall give due notice of the holding of a referendum, and shall supervise such referendum, and issue appropriate regulations governing the conduct thereof, the question to be submitted by ballots upon which the words "For terminating the existence of the..... (name of the soil conservation district to be here inserted)" and "Against terminating the existence of the..... (name of the soil conservation district to be here inserted)" shall appear, with a square before each proposition and a direction to insert an "X" mark in the square before one or the other of said propositions as the voter may favor or oppose discontinuance of such district. All occupiers of lands lying within the boundaries of the district shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote. No informalities in the conduct of such referendum or in any matters relative thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

The committee shall publish the result of such referendum and shall thereafter consider and determine whether the continued operation of

the district within the defined boundaries is administratively practicable and feasible. If the committee shall determine that the continued operation of such district is administratively practicable and feasible, it shall record such determination and deny the petition. If the committee shall determine that the continued operation of such district is not administratively practicable and feasible, it shall record such determination and shall certify such determination to the supervisors of the district. In making such determination the committee shall give due regard and weight to the attitudes of the occupiers of lands lying within the district, the number of land occupiers eligible to vote in such referendum who shall have voted, the proportion of the votes cast in such referendum in favor of the discontinuance of the district to the total number of votes cast, the approximate wealth and income of the land occupiers of the district, the probable expense of carrying on erosion control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative findings set forth in section 3649.18; provided, however, that the committee shall not have authority to determine that the continued operation of the district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum shall have been cast in favor of the continuance of such district.

Upon receipt from the state soil conservation committee of a certification that the committee has determined that the continued operation of the district is not administratively practicable and feasible, pursuant to the provisions of this section, the supervisors shall forthwith proceed to terminate the affairs of the district. The supervisors shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of such sale to be covered into the state treasury. The supervisors shall thereupon file an application, duly verified, with the secretary of state for the discontinuance of such district, and shall transmit with such application the certificate of the state soil conservation committee, setting forth the determination of the committee that the continued operation of such district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as in this section provided, and shall set forth a full accounting of such properties and proceeds of the sale. The secretary of state shall issue to the supervisors a certificate of dissolution and shall record such certificate in an appropriate book of record in his office.

Upon issuance of a certificate of dissolution under the provisions of this section, all ordinances and regulations theretofore adopted and in force within such districts shall be of no further force and effect. All contracts theretofore entered into, to which the district or supervisors are parties, shall remain in force and effect for the period provided in such contracts. The state soil conservation committee shall be substituted for the district or supervisors as party to such contracts. The committee shall be entitled to all benefits and subject to all liabilities under such contracts and shall have the same right and liability to perform, to require performance, to sue and be sued thereon, and to modify or terminate such contracts by mutual consent or otherwise, as the supervisors of the district would have had. Such dissolution shall not affect the lien of any

judgment entered under the provisions of section 3649.26, nor the pendency of any action instituted under the provisions of such section, and the committee shall succeed to all rights and obligations of the district or supervisors as to such liens and actions. [En. Sec. 14, Ch. 72, L. 1939.]

3649.32. Disposition of funds.

A. Unless otherwise provided by law, all moneys which may from time to time be appropriated out of the state treasury to pay the administrative and other expenses of soil conservation districts organized under the provisions of this act shall be allocated by the state soil conservation committee among the districts already organized, or to be organized, during the ensuing biennial fiscal period, in accordance with the procedure specified in subsection B of this section. All moneys allocated to any district by the said committee shall be available to the supervisors of such district for all administrative and other expenses of the district under this act and for all administrative and other expenses of the board of adjustment established or to be established by said district.

B. Seventy-five (75) per centum of all moneys which may be appropriated to pay the administrative and other expenses of soil conservation districts shall be allocated by the state soil conservation committee among all the districts organized, or to be organized, within the ensuing biennial fiscal period, under this act, in direct proportion to the total acreage of land within each district. The remaining twenty-five (25) per centum of said moneys shall be allocated by the state committee among the districts on such basis of allocation as shall be fair, reasonable, and in the public interest, giving due consideration to the greater relative expense of carrying on operations within the particular districts because of such factors as unusual topography, unusual severity of erosion, special difficulty of carrying on operations, special volume of work to be done, and the special importance of instituting erosion control operations immediately. In making allocations of such moneys, the committee shall retain an amount estimated by it to be adequate to enable it to make subsequent allocations in accordance with the provisions of this section from time to time among districts which may be organized after the initial allocations are made, but within the ensuing biennial fiscal period.

C. The state soil conservation committee shall submit to the state board of examiners, on or before the first day of November of each year preceding a regular session of the legislative assembly a request for an appropriation as provided in the budget act. The request for an appropriation shall state, in addition to the requirements of the budget act, the following:

The number and acreages of districts in existence or in process of organization, together with an estimate of the number and probable acreages of the districts which may be organized during the ensuing biennial fiscal period; a statement of the balance of funds, if any, available to the committee and to the districts; and the estimates of the committee as to the sums needed for its administrative and other expenses and for allocation among the several districts during the ensuing biennial fiscal period. [En. Sec. 15, Ch. 72, L. 1939.]

3649.33. Inconsistency with other acts. Insofar as any of the provisions of this act are inconsistent with the provisions of any other law, the provisions of this act shall be controlling. [En. Sec. 16, Ch. 72, L. 1939.]

CHAPTER 307, FISH AND GAME LAWS—COMMISSION AND WARDEN

3653. Powers and duties of commission.

Held, on application for writ of supervisory control to annul a temporary order restraining the State Fish and Game Commission from putting into effect its order lengthening the hunting season on elk in a certain locality in the state as fixed by section 3696, Revised Codes, that under section 3653 (as amended by the Laws of 1935) declaring that the statutes governing "such subjects" should continue to be in force and effect, except as altered or modified by the rules and regulations

of the commission, thus in effect empowering it to modify the existing statutes by its rules and regulations, and evidencing the legislative intention to place the entire matter of open and closed seasons on game in the hands of the commission, the commission had the power to lengthen the season and that, therefore, the restraining order was improperly issued. State ex rel. Fish and Game Com. of Mont. v. District Court, 107 M 289, 290 et seq., 84 P 2d 798.

3676. Creating fish and game preserves, refuges, sanctuaries, rest grounds, closed districts and closed seasons. Preserves, refuges, sanctuaries, rest grounds, or closed districts made or created by said commission, and any land or water areas or portions thereof, closed by said commission, shall be conspicuously posted for a period of twenty (20) days, with posters setting forth their purposes and the penalties for violating the orders, rules and regulations of the state fish and game commission applicable to them. Not less than twenty (20) days before any fish and game district, closed district, preserve, refuge, sanctuary, rest ground, so created by said commission, or closure of land or water areas becomes effective, publication shall be made as provided in section 3677 hereof of the boundaries of such fish and game district, closed district, preserve, refuge, sanctuary or rest ground, so created by said commission, such boundaries to be accurately designated by definite topographic monuments or public land survey. The hunting, pursuing, capturing, killing or taking of any fish or game animals or game birds or fur-bearing animals in violation of the rules, regulations or orders of the state fish and game commission governing any closed season, fish and game district, refuge, sanctuary, preserve, rest ground or closed land or water area, promulgated by said commission shall be punishable with the same penalties as provided for the violation of the state fish and game laws of this state, regarding closed seasons. All game preserves or refuges heretofore created are continued in full force and effect until such time as the same are changed by the commission in the manner herein designated; provided, that said commission shall have the right, power and authority when properly petitioned to alter, and change the boundaries of, or entirely do away with and abandon any preserve or refuge, excepting the Sun River game preserve, when in the opinion of said commission, it is to the best interest so to do. [As amended Sec. 1, Ch. 145, L. 1937.]

State ex rel. Fish and Game Com. of Mont. v. District Court, 107 M 289, 290, 84 P 2d 798.

3685. Fees and powers under licenses—tagging of carcasses and reports of killing of elk or deer—transfer of money from fish and game fund to bounty fund. Said applicant, if a resident of the state of Montana and a citizen of the United States, shall pay to the officer or person countersigning and issuing the license the sum of two dollars (\$2.00) as a license fee, and shall obtain a license of class A, which shall entitle the holder to pursue, hunt, shoot, kill, capture, take and possess game birds and to fish with hook and line or rod in hand as authorized by this act.

Said applicant, if a resident of the state of Montana and a citizen of the United States, shall pay to the officer or person countersigning and issuing the license the sum of one dollar (\$1.00), and shall obtain a license of class AA, which shall entitle the holder to pursue, hunt, shoot, kill, capture, take and possess any of the game animals of this state as authorized by this act; provided, however, that said applicant, in order to obtain said class AA license, must be the owner and possessor of a class A license, as hereinabove defined.

Said applicant, if a resident 'sportsman' of the state of Montana and a citizen of the United States, may pay to the officer or person countersigning and issuing the license the sum of five dollars (\$5.00) as a license fee, and shall obtain a license of class AAA, herein designated as a resident 'sportsmen's' license, which shall entitle the holder to pursue, hunt, kill, capture, take and possess game, game birds and game animals, and to fish with hook and line or rod in hand as authorized by this act.

All citizens of the United States who have lived in this state at least six months immediately preceding their application for a license, or officers, soldiers, sailors and marines of the United States army, navy, or marine corps, shall be deemed resident citizens for the purpose of this section, as well as officers of the forest service and of the biological survey of the United States department of agriculture.

Said applicant, if a non-resident of the state or a resident for less than six months immediately preceding his application for a license and a citizen of the United States, shall pay to the officer countersigning and issuing the license the sum of five dollars (\$5.00) as a license fee, and shall obtain a class B license, which shall entitle the holder to fish with hook and line, or rod in hand, as authorized by this act; and such non-resident, on like application and on the payment of the sum of ten dollars (\$10.00) as a license fee, shall obtain a class B-1 license, which shall entitle him to pursue, hunt, shoot, kill and take game birds, as authorized by this act; and such non-resident on like application and on the payment of the sum of thirty dollars (\$30.00), as a license fee, shall obtain a license of class B-2, which shall entitle the holder to pursue, hunt, shoot, kill, capture, take and possess game animals, as authorized by this act.

Said applicant, if an alien, resident or non-resident, shall pay to the officer countersigning and issuing the license, the sum of ten dollars (\$10.00) as a license fee, and shall obtain a class C license, which shall entitle him to fish with hook and line or rod in hand, as authorized by this act; and such alien, on like application and on the payment of the sum of thirty dollars (\$30.00) as a license fee, shall obtain a license of class C-1, which shall entitle him to pursue, hunt, shoot, kill and take game birds, as authorized by this act; and such alien, on like application and on the payment

of the sum of fifty dollars (\$50.00) as a license fee, shall obtain a license of class C-2, which shall entitle him to pursue, hunt, shoot, kill, capture, take and possess game animals, as authorized by this act, provided, however, that any person in possession of first citizenship papers shall not be considered a resident of the state of Montana for the purpose of this act.

To every license, whether issued to a resident, non-resident or alien, which authorizes the licensee to kill elk or deer in this state, there shall be attached to said license certain tags, coupons or other markers, the form of which shall be prescribed by the state fish and game commission, and when any person shall take or kill any deer or elk under such license such person shall immediately thereafter detach from his license, and attach in plain sight to the carcass of said animal or animals the proper tag, coupon or other marker, which said tag, coupon or other marker shall be kept attached thereto so long as any considerable portion of the carcass remains unconsumed. When the proper tag, coupon or other marker is so attached to the said game so killed, the same may be possessed, used, stored and transported; provided the necessary permit to transport the same accompanies the shipment. To said license to hunt or take elk or deer shall also be attached a card, which said card shall on or before the first day of January of the year following the date of the issuance of said license, be returned by the holder of said license to the fish and game commission and a report made to said commission of the game taken under said license and the place where the same was taken, it being the intent of this act to require every licensee to make said report whether any game was taken under said license or not. It shall be unlawful and a misdemeanor punishable, accordingly, for anyone killing any deer or elk under said license, to fail or neglect to attach the tag, coupon or other marker so provided by said license to any deer or elk killed by them immediately after the same had been killed or to fail to keep said tag, coupon or other marker attached to said deer or elk or portions thereof while the same is possessed by him.

The applicant for a class D license, or trapper's license, must be the owner and in possession of a class A-2 license, and upon the payment of the sum of ten dollars (\$10.00) to the officer to whom the application for a class D license is made, shall receive and obtain a class D license, or trapper's license, which shall authorize the holder thereof to trap fur-bearing animals within the state at such times and in such manner as may be lawful so to do under the laws of this state and the regulations of the fish and game commission, and at such places as may be designated in said license.

All sums collected for licenses sold, or received for permits issued, from the sale of seized game, or from fines, or the sale of firearms or other chattels confiscated, from damages collected for violations of the fish and game laws of this state, from appropriations, or received by the state fish and game commission from any and all other sources are hereby appropriated to and placed under control of the state fish and game commission. All moneys so received shall be remitted by the state fish and game warden to the state treasurer to be by him placed to the credit of the fish and game fund. [As amended Sec. 1, Ch. 174, L. 1939.]

3685.3. License fee—rights under license—term. An applicant for such temporary, non-resident license, if a citizen of the United States and a non-resident of the state of Montana, shall pay to the officer or person counter-

signing and issuing such license the sum of two dollars and fifty cents (\$2.50) as a license fee and shall obtain a license of class BB, which shall entitle the holder to fish with hook and line or rod in hand, as authorized and limited by law, for a period of ten (10) days from and after the date of issuance of such license. [As amended Sec. 1, Ch. 174, L. 1939.]

3685.5. Bounties paid from fish and game fund. The fish and game commission shall pay bounty claims for wild animals which have been filed, registered and approved in the office of the livestock commission; the state fish and game commission is empowered to and shall pay out of the state fish and game funds other than those funds derived from license fees paid by hunters and fishermen for bounties on predatory wild animals, as such bounty claims are presented, not exceeding seven thousands five hundred dollars (\$7,500.00) per calendar year.

The livestock commission shall, after the filing, registration and approval of the bounty claim or certificate in its office, deliver the same to the office of the state fish and game commission for rejection or approval. If such claim or certificate is rejected it shall be returned by the fish and game commission to the livestock commission and if approved it shall be delivered to the state board of examiners for allowance or disallowance. Provided, however, that nothing herein shall be construed as taking from the fish and game commission the exclusive power to administer said funds at their discretion.

If the state board of examiners approve and allow any such claim or certificate, they must endorse thereon over their signatures, "Approved for the sum of.....dollars", and transmit the same to the auditor, and the auditor must draw his warrant on the state fish and game fund for the amount so approved and allowed, in favor of the claimant, or his assigns, in the order in which the same is approved. [En. Sec. 2, Ch. 174, L. 1939.]

3696. Open season for elk—waste of meat unlawful.

Held, on application for writ of supervisory control to annul a temporary order restraining the State Fish and Game Commission from putting into effect its order lengthening the hunting season on elk in a certain locality in the state as fixed by section 3696, Revised Codes, that under section 3653 (as amended by the Laws of 1935) declaring that the statutes governing "such subjects" should continue to be in force and effect, except as altered or modified by the rules and regulations of

the commission, thus in effect empowering it to modify the existing statutes by its rules and regulations, and evidencing the legislative intention to place the entire matter of open and closed seasons on game in the hands of the commission, the commission had the power to lengthen the season and that, therefore, the restraining order was improperly issued. *State ex rel. v. 3699.1. Big game hunters to wear red garment. It shall be unlawful for any person to hunt any of the big game animals in this state under any of the provisions of the laws of this state without such person wearing a cap or hat, shirt jacket, coat or sweater of a bright red color. [En. Sec. 1, Ch. 74, L. 1937.]

3699.2. Penalty for violation. Any person convicted of a violation of any of the provisions of this act shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than two dollars and fifty cents (\$2.50) or more than five dollars (\$5.00). [En. Sec. 2, Ch. 74, L. 1937.]

3742. Unlawful to transport, possess or dispose of animals or parts of animals except under permit—exceptions—penalty. It is hereby made unlawful for any person to purchase, sell, offer to sell, possess, ship, or transport within or out of the state any game fish, wild bird, game or fur-bearing animal or part thereof, protected by the laws of this state, or coming from without the state whether belonging to the same or different species from that native to the state of Montana, except as specifically permitted by this act. The provisions of this section shall not apply to the plumage of wild waterfowl lawfully killed when purchased or sold for other than millinery purposes, or to birds or animals collected or possessed under a permit issued by the proper state fish and game warden for scientific or propagating purposes, nor shall the provisions of this section be construed to prohibit the purchase, sale or offering for sale, shipping, transporting, or possession for sale, any head, skin, or scalp, mounted or unmounted, or any full-sized mount of any game animal lawfully killed, provided the seller, before selling any such specimen shall first obtain from the state fish and game warden a permit authorizing him to sell it, nor to the sale of fur-bearing animals, or the skins of fur-bearing animals, except untagged beaver skins, nor to the export of fur-bearing animals or the skins of fur-bearing animals under proper permit of the state fish and game warden, provided, however, that the hides of elk and deer are specifically excluded from the provisions of this section. Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished as hereinafter provided. [As amended Sec. 1, Ch. 115, L. 1939.]

3776.7. Little Saint Joe game preserve. For the better protection and propagation of game animals and birds, the following described area in Mineral county, state of Montana, is hereby set aside and established as a state game preserve, to be known as the Little Saint Joe game preserve. Beginning at a point on the south bank of the Missoula river where Dry creek flows into said river; running thence westerly along the south bank of Dry creek to the northwest quarter (NW $\frac{1}{4}$) of section twenty-seven (27) in township seventeen (17) north, range twenty-seven (27) west of the Montana principal meridian to the watershed between Murphy creek and the dry fork of Dry creek; running thence in a southerly direction along this divide to Blacktail mountain in the northeast quarter (NE $\frac{1}{4}$) of section four (4) in township sixteen (16) north, range twenty-seven (27) west of the Montana principal meridian; running thence in a southwesterly direction along the watershed between Thompson-Oregon creeks and Dry creek to the Montana-Idaho state line; thence westerly along said state line to a point where the Deer creek government trail intersects said state

line between Montana and Idaho; thence northerly along the east side of said Deer creek trail to a point where said trail intersects the south bank of the St. Regis river; thence down the south bank of the St. Regis river to its confluence with the Missoula river; thence up the south bank of the Missoula river to the point of beginning, except that the hereinafter described land now within the limits of said Little Saint Joe game preserve as above set forth by metes and bounds shall be excluded therefrom; to-wit: All privately owned land purchased prior to this act, under fence in sections thirteen (13), fourteen (14), fifteen (15), twenty-two (22), twenty-three (23) and twenty-four (24) in township seventeen (17) north, range twenty-seven (27) west of the Montana principal meridian. An instruction given in an action for personal injuries by a motorist who collided, in the night-time, with a freight train standing on a crossing partly within and partly without the city limits, and based on section 3842, Revised Codes, making it the duty of motorists to stop before proceeding over a crossing outside of cities, held inapplicable in view of the fact that the court failed to advise the jury that the statute only applied to crossings outside the city limits, and therefore failure of the jury to follow it (rule 7, *supra*) did not justify reversal of the judgment in favor

of plaintiff. *Jarvella v. Northern Pacific Ry. Co.*, 101 M 102, 113, 53 P 2d 446.

While one of the highest obligations of a railway is to protect the public at highway crossings, and the law in that behalf requires the presence of watchmen and warning devices for the primary purpose of warning the traveling public of approaching trains, the absence of such devices does not excuse the traveler charged, as he is, with a degree of care commensurate with the danger. *Incret v. On application for a writ of supervisory control to annul a writ of prohibition, issued by the district court, restraining the Public Service Commission from entertaining a complaint of farmers living along the course of a river on which a hydro-electric company maintained a dam for storing water for use in its operations incident to generating electricity for public use, alleging that the utility by storing the water was depriving them of the use thereof for irrigation purposes, thus in

effect calling upon the commission to adjudicate water rights between the complainants and the company, held, that the remedy of the farmers was by recourse to the courts, that under section 3882, Revised Codes, the commission is expressly precluded from exercising judicial functions in the execution of its powers, and that therefore the trial court acted properly in issuing the writ of prohibition. *State et al. v. 3906. Action to set aside rates or charges fixed by commission. Any party in interest being dissatisfied with an order of the commission fixing any rate or rates, fares, charges, classifications, joint rate or rates, or any order fixing any regulations, practices, or services, may within ninety days commence an action in the district court of the proper county against the commission and other interested parties as defendants, to vacate and set aside any such order on the ground that the rate or rates, fares, charges, classifications, joint rate or rates, fixed in such order is unlawful or unreasonable, or that any such regulation, practice, or service, fixed in such order, is unlawful or unreasonable. The commission and other parties defendant shall file their answer to said complaint within thirty days after the service thereof, whereupon such action shall be at issue and stand ready for trial upon twenty days' notice to either party.

All actions brought under this section shall have precedence over any civil cause of a different nature pending in such court, and the court shall always be deemed open for the trial thereof, and the same shall be tried and determined as other civil actions; any party to such action may introduce evidence in addition to the transcript of the evidence offered to such commission. Any party in interest being dissatisfied with the order of the commission fixing any rate or rates, fares, charges, classifications, joint rate or rates, or any order fixing or prescribing any rule, regulation, practice, or service, may apply to the district court having jurisdiction, for, and upon proper showing there shall be issued by such court, an injunction, staying and suspending the operation of the order of the commission pending the final determination of the reasonableness and lawfulness of said order in the courts. All orders of the commission shall become operative within twenty days after the filing of the order by the commission subject to the right of stay and injunction as hereinbefore provided. As a condition to the granting of such injunction, the court shall require of the party seeking such injunction an undertaking entered into on the part of the plaintiff, supported by responsible corporate surety, in such reasonable sum as the court shall direct, to the effect that the plaintiff will pay all damages which the opposite party may sustain by reason of

the delay or prevention of the order of the commission becoming effective if said order is sustained in the final determination or in proceedings involving rates the court may in the alternative require the difference between the existing rate and the commission ordered rate to be impounded under the direction of the court, pending the final determination of the action.

If, upon the trial of such action, evidence shall be introduced by the plaintiff which is found by the court to be different from that offered upon the hearing before the commission, or additional thereto, the court, before proceeding to render judgment, unless the parties to such action stipulate in writing to the contrary, shall transmit a copy of such evidence to the commission, and shall stay further proceedings in said action for fifteen days from the date of such transmission. Upon receipt of such evidence, the commission shall consider the same, and may modify, amend, or rescind its order relating to such rate or rates, fares, charges, classifications, joint rate or rates, regulation, practice, or service complained of in said action, and shall report its action thereon to said court within ten days from the receipt of such evidence.

If the commission shall rescind its order complained of, the action shall be dismissed; if it shall alter, modify, or amend the same, such altered, modified, or amended order shall take the place of the original order complained of, and judgment shall be rendered thereon, as though made by the commission in the first instance. If the original order shall not be rescinded or changed by the commission, judgment shall be rendered upon such original order.

Either party to said action, within sixty days after service of a copy of the order or judgment of the court, may appeal or take the case up on error as in other civil actions. Where an appeal is taken to the supreme court of Montana, the cause shall, on the return of the papers to the higher court, be immediately placed on the calendar of the then pending term, and shall be assigned and brought to a hearing in the same manner as other causes on the calendar.

In all actions under this act, the burden of proof shall be upon the party attacking or resisting the order of the commission to show that the order is unlawful or unreasonable, as the case may be. [As amended Sec. 1, Ch. 56, L. 1937.]

CHAPTER 315-A, UNFAIR PRACTICES ACT

3946.1. Price discrimination—when unlawful—exceptions—liability. It shall be unlawful for any person, firm, or corporation, doing business in the state of Montana and engaged in the production, manufacture, distribution

or sale of any commodity, or product, or service or output of a service trade, of general use or consumption, or the product or service of any public utility, with the intent to destroy the competition of any regular established dealer in such commodity, product or service, or to prevent the competition of any person, firm, private corporation, or municipal or other public corporation, who or which in good faith, intends and attempts to become such dealer, to discriminate between different sections, communities or cities or portions thereof, or between different locations in such sections, communities, cities or portions thereof in this state, by selling or furnishing such commodity, product or service at a lower rate in one section, community or city, or any portion thereof, or in one location in such section, community, or city or any portion thereof, than in another after making allowance for difference, if any, in the grade or quality, quantity and in the actual cost of transportation from the point of production, if a raw product or commodity, or from the point of manufacture, if a manufactured product or commodity. This act shall not be construed to prohibit the meeting in good faith of a competitive rate, or to prevent a reasonable classification of service by public utilities for the purpose of establishing rates. The inhibition hereof against locality discrimination shall embrace any scheme of special rebates, collateral contracts or any device of any nature whereby such discrimination is, in substance or fact, effected in violation of the spirit and intent of this act.

Wilfully and knowingly advertising, offering for sale or selling any commodity at less than the price stipulated in any contract entered into pursuant to the provision of this section, whether the person so advertising, offering for sale or selling is or is not a party to such contract, is unfair competition and is actionable at the suit of any person damaged thereby. [En. Sec. 1, Ch. 80, L. 1937.]

Act held constitutional.

Associated Merchants of Montana v. Ormsher et al., 107 M 530, 540 et seq., 86 P 2d 1031.

3946.2. Persons responsible—unlawful intent. Any person who, either as director, officer or agent of any firm or corporation or as agent of any person, violating the provisions of this act, assists or aids, directly or indirectly in such violation shall be responsible therefor equally with the person, firm or corporation for whom or which he acts.

In the prosecution of any person as officer, director or agent, it shall be sufficient to allege and prove the unlawful intent of the person, firm, or corporation for whom or which he acts. [En. Sec. 2, Ch. 80, L. 1937.]

3946.3. Selling at less than cost—definitions. It shall be unlawful for any person, partnership, firm, corporation, joint stock company, or other association engaged in business within this state, to sell, offer for sale or advertise for sale any article or product, or service or output of a service trade, at less than the cost thereof to such vendor, or give, offer to give or advertise the intent to give away any article or product, or service or output of a service trade for the purpose of injuring competitors and destroying competition, and he or it shall also be guilty of a misdemeanor, and on conviction thereof shall be subject to the penalties set out in section 3946.12 for any such act.

The term "cost" as applied to production is hereby defined as including the cost of raw materials, labor and all overhead expenses of the producer;

and as applied to distribution "cost" shall mean the invoice or replacement cost, whichever is lower, of the article or product to the distributor and vendor plus the cost of doing business by said distributor and vendor.

The "cost of doing business" or "overhead expense" is defined as all costs of doing business incurred in the conduct of such business and must include, without limitation the following items of expense: Labor (including salaries of executives and officers), rent, interest on borrowed capital, depreciation, selling cost, maintenance of equipment, delivery costs, credit losses, all types of licenses, taxes, insurance and advertising. [En. Sec. 3, Ch. 80, L. 1937.]

3946.4. Establishing cost. In establishing the cost of a given article or product to the distributor and vendor, the invoice cost of said article or product purchased at a forced, bankrupt, closeout sale, or other sale outside of the ordinary channels of trade may not be used as a basis for justifying a price lower than one based upon the replacement cost as of date of said sale of said article or product replaced through the ordinary channels of trade, unless said article or product is kept separate from goods purchased in the ordinary channels of trade and unless said article or product is advertised and sold as merchandise purchased at a forced, bankrupt, closeout sale, or by means other than through the ordinary channels of trade, and said advertising shall state the conditions under which said goods were so purchased, and the quantity of such merchandise to be sold or offered for sale. (En. Sec. 4, Ch. 80, L. 1937.)

3946.5. Injunction—evidence. In any injunction proceeding or in the prosecution of any person as officer, director or agent, it shall be sufficient to allege and prove the unlawful intent of the person, firm or corporation for whom or which he acts. Where a particular trade or industry, of which the person, firm or corporation complained against is a member, has an established cost survey for the locality and vicinity in which the offense is committed, the said cost survey shall be deemed competent evidence to be used in proving the costs of the person, firm or corporation complained against within the provisions of this act. [En. Sec. 5, Ch. 80, L. 1937.]

3946.6. Fair prices for agricultural products. The following method shall be used in determining fair prices for agricultural products sold on local markets, in any trade area, district or city in which the major portion of any agricultural commodity or product is produced within or adjacent to said trade area, city or district.

Whenever 75% of producers of any agricultural product or commodity marketing said products or commodities within any trade area, district or city shall determine what is a fair price based upon competitive and other factors for their product or commodity, it shall be deemed the fair price for such product or commodity under the terms of this act.

Such producers through their regular constituted agents shall file with the Montana trade commission such fair price and request a hearing for the establishment of fair prices to jobbers, wholesalers, retailers and consumers of said agricultural products or commodities. Any organization representing consumers shall not be denied representation at such a meeting.

After the establishment of such a schedule of fair prices for said agricultural products or commodities, it shall be a violation of this act for any producer, jobber, wholesaler or retailer to sell or buy any agricultural com-

modity or product below such price as established by the Montana trade commission and such action shall be deemed a violation of this act and punishable under the terms provided in this act. [En. Sec. 5-A, Ch. 80, L. 1937.]

3946.7. Exceptions. The provisions of sections 3946.3, 3946.4 and 3946.5 shall not apply to any sale made:

(a) In closing out in good faith, the owner's stock or any part thereof, for the purpose of discontinuing his trade in any such stock or commodity, and in the case of the sale of seasonal goods or to the bona fide sale of perishable goods to prevent loss to the vendor by spoilage or depreciation, provided notice is given to the public thereof;

(b) When the goods are damaged or deteriorated in quality, and notice is given to the public thereof;

(c) By an officer acting under the orders of any court;

(d) In an endeavor made in good faith to meet the legal prices of a competitor as herein defined selling the same article or product, or service or output of a service trade, in the same locality or trade area.

Any person, firm or corporation who performs work upon, renovates, alters or improves any personal property belonging to another person, firm or corporation, shall be construed to be a vendor within the meaning of this act. [En. Sec. 6, Ch. 80, L. 1937.]

3946.8. Rebates, commissions and discounts—when unlawful—cooperatives excepted. The secret payment or allowance of rebates, refunds, commissions, or unearned discounts, whether in the form of money or otherwise, or secretly extending to certain purchasers special services or privileges not extended to all purchasers purchasing upon like terms and conditions, to the injury of a competitor and where such payment or allowance tends to destroy competition, is an unfair trade practice and any person, firm, partnership, corporation, or association resorting to such trade practice shall be deemed guilty of a misdemeanor and on conviction thereof shall be subject to the penalties set out in section 3946.12.

Provided, however, that nothing in this act shall prevent a cooperative association, organized and operating on a true cooperative basis, from returning to the members, producers or consumers the whole or any part of the net earnings or surplus resulting from its trading operations, in proportion to their purchases or sales from, to or through the association. [En. Sec. 7, Ch. 80, L. 1937.]

3946.9. Duty of attorney general—procedure—injunction. Upon the third violation of any of the provisions of sections 3946.1 to 3946.7, inclusive, of this act by any corporation, it shall be the duty of the attorney general to institute proper suits or quo warranto proceedings in any court of competent jurisdiction for the forfeiture of its charter, rights, franchises or privileges and powers exercised by such corporation, and to permanently enjoin it from transacting business in this state. If in such action the court shall find that such corporation is violating or has violated any of the provisions of sections 3946.1 to 3946.7, inclusive, of this act, it must enjoin said corporation from doing business in this state permanently or for such time as the court shall order, or must annul the charter, or revoke the franchise of such corporation. [En. Sec. 8, Ch. 80, L. 1937.]

3946.10. Contracts violating provisions of act illegal. Any contract, express or implied, made by any person, firm or corporation in violation of any of the provisions of sections 3946.1 to 3946.7, inclusive, of this act, is declared to be an illegal contract and no recovery thereon shall be had. [En. Sec. 9, Ch. 80, L. 1937.]

3946.11. Violations—who may enjoin—damages—testimony of defendant. Any person, firm, private corporation or municipal or other public corporation, or trade association, may maintain an action to enjoin a continuance of any act or acts in violation of sections 3946.1 to 3946.7, inclusive, of this act and, if injured thereby, for the recovery of damages. If, in such action, the court shall find that the defendant is violating or has violated any of the provisions of sections 3946.1 to 3946.7, inclusive, of this act, it shall enjoin the defendant from a continuance thereof. It shall not be necessary that actual damages to the plaintiff be alleged or proved. In addition to such injunctive relief, the plaintiff in said action shall be entitled to recover from the defendant three times the amount of the actual damages, if any, sustained.

Any defendant in an action brought under the provisions of this section may be required to testify under the provisions of the code of civil procedure of this state, in addition the books and records of any such defendant may be brought into court and introduced, by reference, into evidence; provided, however, that no information so obtained may be used against the defendant as a basis for a misdemeanor prosecution under the provisions of sections 3946.1 to 3946.7, inclusive, and section 3946.12. [En. Sec. 10, Ch. 80, L. 1937.]

3946.12. Penalties for violations. Any person, firm or corporation, whether as principal, agent, officer or director, for himself, or itself, or for another person, or for any firm or corporation, or any corporation, who or which shall violate any of the provisions of sections 3946.1 to 3946.7, inclusive, of this act, is guilty of a misdemeanor for each single violation and upon conviction thereof, shall be punished by a fine of not less than one hundred dollars (\$100.00), nor more than one thousand dollars (\$1,000.00), or by imprisonment not exceeding six months or by both said fine and imprisonment, in the discretion of the court. [En. Sec. 11, Ch. 80, L. 1937.]

3946.13. Montana trade commission to administer act—procedure and process—cease and desist orders—review by courts. The Montana trade commission shall have the administration of this act; and the members thereof shall not receive any additional compensation for their services other than their salaries prescribed by law.

Said commission is empowered and directed to prevent any person, firm or corporation from violating any of the provisions of this chapter.

Whenever the commission shall have reason to believe that any such person, firm or corporation has been or is engaging in any course of conduct or doing any act or acts in violation of the provisions of this chapter and if it shall appear to the commission that a proceeding by it in respect thereof would be to the interest of the public, it shall issue and serve upon such person, firm or corporation a complaint stating its charges in that respect, and containing a notice of a hearing upon a day and at a place therein fixed not less than five days after the service of said complaint. Any such complaint

may be amended by the commission in its discretion at any time five days prior to the issuance of an order based thereon. The person, firm or corporation so complained of shall have the right to appear at the place and time so fixed and show cause why an order should not be entered by the commission requiring such person, firm or corporation to cease and desist from the violation of the law so charged in said complaint. Any person, firm or corporation may make application, and upon good cause shown may be allowed by the commission, to intervene and appear in said proceeding by counsel or in person. The testimony in any such proceeding shall be reduced to writing and filed in the office of the commission. If upon such hearing the commission shall be of the opinion that the act or conduct in question is prohibited by this chapter, it shall make a report in writing in which it shall state its findings as to the facts and shall issue and cause to be served on such person, firm or corporation an order requiring such person, firm or corporation to cease and desist from such acts or conduct. Until a transcript of the record in such hearing shall have been filed in a district court, as hereinafter provided, the commission may at any time, upon such notice and in such manner as it shall deem proper, modify or set aside, in whole or in part, any report or any order made or issued by it under this section.

Any person, firm or corporation required by an order of the commission to cease and desist from any such act or conduct may obtain a review of such order in any district court of the state of Montana within any district where the act or conduct in question was done or carried on, or where such person, firm or corporation resides or carries on business, by filing in the court, within sixty days from the date of the service of such order, a written petition praying that the order of the commission be set aside. A copy of such petition shall be forthwith served upon the commission, and thereupon the commission forthwith shall certify and file in the court a transcript of the entire record in the proceeding, including all the evidence taken and the report and order of the commission. Upon such filing of the petition and transcript the court shall have jurisdiction of the proceeding and of the question determined therein and shall have power to make and enter upon the pleadings, evidence, and proceedings set forth in such transcript a decree affirming, modifying, or setting aside the order of the commission, and enforcing the same to the extent that such order is affirmed, and to issue such writs as are ancillary to its jurisdiction or are necessary in its judgment to prevent injury to the public or to competitors pendente lite. The findings of the commission as to the facts, if supported by sufficient evidence, shall be conclusive. To the extent that the order of the commission is affirmed, the court shall thereupon issue its own order commanding obedience to the terms of such order of the commission. If either party shall apply to the court for leave to adduce additional evidence, and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceedings before the commission, the court may order such additional evidence to be taken before the commission and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The commission may modify its findings as to the facts, or make new findings, by reason of the additional evidence so taken, and it shall file such

modified or new findings, which, if supported by sufficient evidence, shall be conclusive, and its recommendation, if any, for the modification or setting aside of its original order, with the return of such additional evidence. The judgment and decree of the court shall be final, except that the same shall be subject to review by the supreme court upon appeal as in other cases of judgments of such courts; provided, however, that said appeal shall be taken within thirty days from the date of the entry of such judgment or decree.

Such proceedings in the district court shall be given precedence over other civil cases pending therein, and shall be in every way expedited. Complaints, orders, and other processes of the commission under this section may be served by anyone duly authorized by the commission, either (a) by delivering a copy thereof to the person to be served, or to a member of the partnership to be served, or the president, secretary, or other executive officer or a director of the corporation to be served; or (b) by leaving a copy thereof at the residence or the principal office or place of business of such person, partnership or corporation; or (c) by registering and mailing a copy thereof addressed to such person, partnership or corporation at his or its residence or principal office or place of business. The verified return by the person so serving said complaint, order, or other process setting forth the manner of said service shall be proof of the same, and the return post office receipt for said complaint, order, or other process registered and mailed as aforesaid shall be proof of the service of the same.

An order of the commission to cease and desist shall become final (1) upon the expiration of the time allowed for filing a petition for review, if no such petition has been duly filed within such time; (2) upon the expiration of the time allowed for filing a notice of appeal to the supreme court, if the order of the commission has been affirmed, or the petition for review dismissed by the district court and no notice of appeal to the supreme court has been duly filed, or (3) upon the expiration of thirty days from the date of issuance of the remittitur of the supreme court, if such court directs that the order of the commission be affirmed or the petition for review dismissed.

If the supreme court directs that the order of the commission be modified or set aside, the order of the commission rendered in accordance with the mandate of the supreme court shall become final upon the expiration of thirty days from the time it was rendered, unless within such thirty days either party has instituted proceedings to have such order corrected to accord with the mandate, in which event the order of the commission shall become final when so corrected.

If the order of the commission is modified or set aside by the district court and if (1) the time allowed for filing a notice of appeal to the supreme court has expired and no such notice of appeal has been duly filed or (2) the decision of the district court has been affirmed by the supreme court, then the order of the commission rendered in accordance with the mandate of the district court shall become final on the expiration of thirty days from the time such order of the commission was rendered, unless within such thirty days either party has instituted proceedings to have such order corrected so that it will accord with the mandate, in which event the order of the commission shall become final when so corrected.

If the supreme court orders a rehearing; or if the case is remanded by the district court to the commission for a rehearing, and if (1) the time for fil-

ing a notice of appeal to the supreme court has expired and no such notice of appeal has been duly filed, or (2) the decision of the court has been affirmed by the supreme court, then the order of the commission rendered upon such rehearing shall become final in the same manner as though no prior order of the commission had been rendered.

Any person, firm or corporation who violates an order of the commission to cease and desist after it has become final, and while such order is in effect shall forfeit and pay to the state of Montana a penalty of not more than one thousand dollars (\$1,000.00) for each violation, which shall accrue to the state of Montana and may be recovered in a civil action brought by the state of Montana.

The remedies and method of enforcement of this chapter provided for in this section shall be deemed concurrent and in addition to the other remedies provided in this chapter. [En. Sec. 12, Ch. 80, L. 1937; Amd. Sec. 1, Ch. 50, L. 1939.]

3946.14. Establishing cost survey—power of commission—determination of facts. The Montana trade commission is hereby empowered and directed whenever application therefor shall have been made by ten or more persons, firms or corporations within any particular retail trade or business to establish the cost survey provided for in section 3946.5. When petition for such cost survey has been so presented to the commission, the commission shall, as soon as possible, fix a time for a public hearing upon the question of whether such cost survey should be established. Such hearing shall be held at the office of said commission and upon such notice as the commission may by rule require; provided, however, that notice of such hearing shall be published for at least two successive weeks in such daily newspaper or newspapers as the commission may designate as most commonly circulated in the counties to be affected by such cost survey. Said notice shall further state the locality or area in respect to which said cost survey is proposed to be established and the particular retail trade or business to be affected thereby.

At the time fixed in said notice any person, firm or corporation shall be entitled to appear and be heard by the commission upon all questions to be determined by it as provided in this section. If the commission shall determine that a cost survey shall be established, it shall at the same hearing proceed to classify and define the particular retail trade or business, or parts thereof, to be affected thereby, determine and delimit the particular area within which such retail trade or business shall be so affected, and find and determine the probable "cost of doing business" or "overhead expense", stated in percentage or percentages of invoice or replacement cost which would probably be incurred by the most efficient person, firm or corporation within such retail trade or business within such area.

The percentage or percentages so fixed and determined shall be presumed to be the actual "cost of doing business" and "overhead expense" of any person, firm or corporation in such retail trade or business and within the area, affected by such cost survey. [En. Sec. 2, Ch. 50, L. 1939.]

3946.15. Investigations—attendance and examination of witnesses—self-incrimination. The Montana trade commission for the purpose of conducting hearings and investigations which, in the opinion of the commission, are necessary and proper for the exercise of the powers vested in it by this chapter shall have the following powers:

The commission, or its duly authorized agents, shall at all reasonable times have access to, for the purpose of examination, and the right to copy any evidence of any person being investigated or proceeded against that relates to any matter under investigation or in question. Any member of the commission shall have power to issue subpoenas requiring the attendance and testimony of witnesses and the production of any evidence that relates to any matter under investigation or in question, before the commission, or before its duly authorized agent conducting the investigation. Any member of the commission or any agent, duly authorized by the commission for such purposes, may administer oaths and affirmations, examine witnesses and receive evidence. Such attendance of witnesses and the production of such evidence may be required from any place within the state of Montana at any designated place of hearing.

In any case of contumacy or refusal to obey a subpoena issued to any person, any district court of the state of Montana, within any district where the inquiry is carried on or where a person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the commission shall have jurisdiction to issue to such person, an order requiring such person to appear before the commission, or its duly authorized agent, and there to produce evidence if so ordered, or there to give testimony touching the matter under investigation; and any failure to obey such order of the court may be punished by said court as a contempt thereof.

No person shall be excused from attending and testifying or from producing books, records, correspondence, documents, or other evidence in abedience to the subpoena of the commission, on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. [En. Sec. 3, Ch. 50, L. 1939.]

3946.16. Unlawful to falsify invoices. It shall be unlawful for any person, partnership, firm, corporation, joint stock company or other association, as defined in section 3946.3, to change, alter, substitute or falsify any invoice where such practice tends to injure a competitor or to destroy competition or to mislead any court or commission. Said practice is unfair trade practice and any person, firm, partnership, corporation or association resorting to such trade practice shall be guilty of a misdemeanor and, on conviction, shall be subject to the penalties provided in section 3946.12. [En. Sec. 4, Ch. 50, L. 1939.]

3946.17. Saving clause. If any section, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of the act. The legislature hereby declares that it would have passed this act, and each section, sentence, clause or phrase thereof, irrespective of the fact that any one or more other sections, sentences, clauses or phrases be declared unconstitutional. [En. Sec. 13, Ch. 80, L. 1937.]

3946.18. Purpose of act. The legislature declares that the purpose of this act is to safeguard the public against the creation or perpetuation of monopolies and to foster and encourage competition, by prohibiting unfair and discriminatory practices by which fair and honest competition is destroyed or prevented. This act shall be literally construed that its beneficial purposes may be subserved. [En. Sec. 14, Ch. 80, L. 1937.]

3946.19. Name of act. This act shall be known and designated as the "Unfair Practices Act". [En. Sec. 15, Ch. 80, L. 1937.]

3946.20. Emergency measure. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, and shall therefore go into immediate effect. The facts constituting the necessity are as follows:

The sale at less than cost of goods obtained at forced, bankrupted, close out, and other sales outside of the ordinary channels or trade is destroying healthy competition. If such practices are not immediately stopped, many more businesses will be forced into bankruptcy. In order to prevent such occurrences, it is necessary that this act go into effect immediately. [En. Sec. 16, Ch. 80, L. 1937.]

CHAPTER 318, UNIFORM WAREHOUSE RECEIPTS ACT

4095. Procedure on suit when goods are claimed by more than one person.

The fact that an elevator company in its action seeking interpleader of various parties under special section 4095, Revised Codes, a part of the Uniform Warehouse Receipts Act, and not under section 9087, the general interpleader statute, to determine ownership of a quantity of grain held in storage, on which storage charges had not been paid, in its complaint sought affirmative relief by way of payment of such charges and cancellation of certain storage tickets erroneously issued to the grower, did not defeat its right to maintain the suit, section 4095, contemplating that all issues between the parties should be settled. *Rocky Mt. Elevator Co. v. Bammel et al.*, 106 M 407, 411 et seq., 81 P 2d 673.

Id. Where the vendor of farm lands upon relinquishment of the contract of sale by the purchaser, agreed that the latter should harvest the crop and store it in an elevator, the vendor to be entitled to receive a certain sum of money of the proceeds, the balance to belong to the purchaser, and in an action in interpleader

brought by the elevator company under section 4095, Revised Codes, to determine ownership of the grain stored, the vendor was awarded the amount claimed by him, he was in no position to urge an appeal that the district court erred in not ordering a marshaling of the purchaser's assets, asked for on the ground that the latter was indebted to another defendant under a mortgage on the grain and other property; the vendor having received all he was entitled to, and the other defendant not complaining, he was no longer interested in what disposition the purchaser made of his share of the grain.

Id. In an action in interpleader by an elevator company, under section 4095, Revised Codes, to determine ownership of grain held in storage by it and claimed by several parties, the trial court in ordering that the company, not responsible for the litigation, should be awarded its costs of suit and that each of the defendants should pay his own costs, properly exercised its discretion under section 9789.

[As amended Sec. 11, Ch. 146, L. 1939.]

4245. Inspection of track scales used by common carriers—penalty for short weights. (a) All track scales used for the purpose of weighing freight in carload lots within the state shall be under the control and direction and jurisdiction of the state sealer of weights and measures, and subject to inspection by him, or his deputies.

(b) The state sealer of weights and measures, or his deputies, shall have power either on their own motion or on complaint being made, to determine whether any such track scales are defective or inefficient, or whether the time, manner, or method of using same is unreasonable, ineffective, or unjust, and shall have power to condemn any such scale found to be defective or inefficient, and prohibit the use of the same while in that condition, and to render such decision and to make such order, rule, or regulation as may be deemed necessary or advisable.

(c) Any person or persons who shall knowingly and wilfully sell, or direct or permit any person or persons in his or their employ to sell any commodity or article of merchandise and make or give any false or short weight or measure, or any person or persons owning or keeping, or having charge of any scales or stockyards for the purpose of weighing livestock, hay, grain, coal, or other articles, who shall knowingly and wilfully report any false or untrue weight, whereby any other person or persons may be defrauded or injured, shall be deemed guilty of a misdemeanor, and shall be answerable to the party defrauded or injured in double damages. [As amended Sec. 12, Ch. 146, L. 1939.]

4246. Weight of commodities offered for sale to be indicated on container—penalty for selling short weight merchandise—violations—false measures—measure of berries. It shall be unlawful for any person or persons, association, or corporation, to sell or offer for sale in this state any commodity or article of merchandise in a package or container, without having such package or container labeled in plan, intelligible words and figures, with a correct statement of the net weight, measure, or numerical count of its contents, designated, where not otherwise provided, by lettering of at least 1/9 inch in height (8 point type). Provided, that nothing in this section shall prevent the sale of a commodity within the provisions of this act when such sale is made from bulk and the quantity is weighed, measured, or counted for the immediate purpose of such sale; provided, further, that nothing in this section shall apply to commodities or articles of merchandise, except milk and cream, offered for sale or sold in packages or containers at a price of ten cents (10c) or less per such package or to commodities or articles of merchandise in packages or containers which are sold by the aggregate net weight of the contents thereof.

1. It shall be unlawful for any person to sell or offer for sale in this state any commodity or article of merchandise, except by true net weight, measure, or numerical count, except where the parties otherwise agree. Contracts for work done, or anything to be sold by weight or measure, shall be construed according to the standards hereby adopted as the standards of this state, except where the parties have agreed upon any other calculations of measurement, and all statements and representations of any kind referring to the weight or measure of commodities or articles of merchandise shall be understood in the terms of the standards of weights and measures aforesaid. It shall be unlawful for any person to sell solid substances by liquid measure.

2. It shall be unlawful for any person, in buying or selling any commodity or article of merchandise, to make or give false or short weight or measure, or to sell or offer for sale any commodity or article of merchandise less in weight or measure than he represents, or to use a weight, measure, balance or measuring device that is false and does not conform to the authorized standard for determining the quantity of any commodity or article of merchandise, or to have a weight, measure, balance, or measuring device adjusted for the purpose of giving false or short weight or measure, or to use in buying or selling of any commodity or article of merchandise a computing scale or device indicating the weight and price of such commodity or article of merchandise, upon which scale or device the graduations or indications are falsely or inaccurately placed, either as to weight or price, or to use any computing scale having a horizontal registering bar with a barrel computing device, unless such scale is adjusted to register the correct weight from all angles of vision, and the view on the customer's side shall never be, in any manner, obstructed. The selling and delivering of any commodity or article of merchandise shall be prima facie evidence of the representation on the part of the vendor that the quantity sold and delivered was the quantity bought by the vendee. There shall be taken into consideration the usual and ordinary leakage, evaporation, or waste that there may be from the time a package or container is filled by a vendor until he sells the same. A slight variation from the stated

weight, measure or quantity for individual packages not to exceed three per cent is permissible; provided, that the variation is as often above as below the weight, measure or quantity stated.

Any person, who by himself, or his employee or as a proprietor or manager, shall refuse to exhibit any article, commodity or the container of any commodity, produce or anything being sold or offered for sale at a given weight or quantity, or ordinarily so sold, to the state sealer of weights and measures, or his deputies, for the purpose of allowing the same to be tested and proved as to the quantity contained therein as in this act provided, shall be guilty of a misdemeanor.

The term container used in this act is hereby defined to be any receptacle or carton into which a commodity is packed, or any wrappings with which any commodity is wrapped or put up for sale, or to be offered or exposed for sale. No containers, boxes, or baskets wherein food products or other commodities are packed shall have a false bottom, false side walls, false lid or covering, or be otherwise so constructed as to facilitate the perpetration of deception or fraud. The state sealer of weights and measures, or his deputies, may seize any container which facilitates the perpetration of deception or fraud. By order of a court having jurisdiction the containers seized shall be condemned and destroyed or released upon such conditions as the court in its discretion may impose, to insure against their use in violation of this section.

There are hereby established the following standard net weights for all berry containers, or hallocks in which strawberries, red or black raspberries, blackberries, currants, gooseberries, or any other berries are sold or offered for sale in this state:

(a) Pint hallocks or containers shall be 33.6 cubic inches in capacity and the contents thereof shall have a net minimum weight of twelve (12) ounces.

(b) Quart hallocks or containers shall be 67.2 cubic inches in capacity and contents thereof shall have a net minimum weight of twenty-four (24) ounces. The sale of, or having in possession for sale, any strawberries, red or black raspberries, blackberries, currants, gooseberries or any other berries in containers or hallocks not complying with the provisions of this act shall be a misdemeanor punishable, upon conviction, by a fine of not less than ten dollars (\$10.00), nor more than twenty-five dollars (\$25.00). [As amended Sec. 13, Ch. 146, L. 1939.]

4247. Record—report. The state sealer of weights and measures shall keep a complete record of all work done under his direction, and shall make a biennial report to the governor not later than the first of January of each year preceding the meeting of the legislative assembly. Any person authorized to seal weights and measures in accordance with this act who shall, without duly verifying the weights and measures or any weighing device of any person by comparison with the standards of weights and measures, stamp any such weighing device or measure, or attach thereto a seal that said weighing device or measure has been duly tested, is hereby declared, upon conviction thereof, to be guilty of a misdemeanor. [As amended Sec. 15, Ch. 146, L. 1939.]

4249. Denomination of weights to be marked thereon—testing apothecaries' weights and measures. Every weight for use in trade, except when the small size of the weight renders it impracticable, shall have the denomination of such weight permanently marked on the top side thereof in legible figures or letters; and every measure of capacity for use in trade shall have the denomination and kind thereof permanently marked on the outside of such measure in legible figures or letters. A weight or measure not in conformity with this section shall not be sealed by the state sealer of weights and measures, or his deputies.

(a) Apothecaries and all other persons dealing in drugs, medicine and merchandise, commonly sold by apothecaries' weight or by apothecaries' liquid measure, shall at least once in two years cause such weights and measures so used to be tested and sealed by officers authorized under this act to inspect weights and measures. [As amended Sec. 16, Ch. 146, L. 1939.]

4250. Prohibition against using weights pending adjustment. If any weights, measures, or balances can be readily adjusted by such means as the sealer of weights and measures, or his deputies, may have at hand, he or they may adjust and seal them, but if they cannot be readily adjusted he, or they, shall affix to such weights, measures, or balances a notice forbidding their use until he, or they are satisfied they have been so adjusted as to conform with the standard. It shall be unlawful for any person to remove such notice, without the written consent of the officer affixing the same. [As amended Sec. 17, Ch. 146, L. 1939.]

4251. Condemnation or seizure of weights not standard. All weights, measures, and balances which cannot be made to conform to the standard weights and measures as herein provided shall be stamped "condemned" or "C. D." by the state sealer of weights and measures, or his deputies, or the state sealer of weights and measures, or his deputies, may confiscate and seize, without warrant, any incorrect weight, measure, weighing or measuring device or part thereof which does not conform to the state standards or specifications, and which in his or their best judgment cannot be repaired. Scales commonly known as "family scales" or scales marked when sold "not in legal trade" shall not be deemed standard and shall be subject to such seizure. The state sealer of weights and measures, or his deputies, shall not be liable to the owner of the property for damages caused by such seizure. [As amended Sec. 18, Ch. 146, L. 1939.]

4252. Weights may be seized as evidence without warrant. The state sealer of weights and measures, or his deputies, may seize, without warrant, such weights, measures, or balances as may be necessary to be used as evidence in case of violation of any act relative to the sealing of weights and measures. They shall be returned to the owners or forfeited as the court may direct. [As amended Sec. 19, Ch. 146, L. 1939.]

[As amended Sec. 20, Ch. 146, L. 1939.]

4254. Regulation of containers of milk and cream. All milk, cream, and skimmed milk shall be sold only by standard wine measure, and by or in measures, cans, jars, bottles, or other vessels or receptacles, the standard measure or capacity of which shall be the gallon containing two hundred thirty-one (231) cubic inches, the half gallon containing one-half as much as the gallon, and the quart one-fourth as much as the gallon and the pint one-half as much as the quart. Any purchaser of milk, cream or skimmed milk, having reason to believe that any measure, can, jar, bottle, or other vessel or receptacle, in which milk, cream, or skimmed milk is sold and delivered to him, is not of sufficient size or capacity to contain, by standard wine measure, the amount thereof purchased, may apply to the sealer of weights and measures, or his deputies, who shall test the capacity of the same and issue to such purchaser his certificate stating the capacity thereof; and if such capacity, according to such certificate, shall be less than the amount purchased, such purchaser may make complaint to any court having jurisdiction. [As amended Sec. 21, Ch. 146, L. 1939.]

4255. Contents of milk and cream bottles to be indicated thereon—penalty for violation. No person or corporation shall, after the passage of this act, sell or offer for sale within the state of Montana, any milk or cream in bottles or glass jars, unless each of said bottles or glass jars in which said milk or cream is sold or offered for sale shall have blown into it, or otherwise indelibly and permanently indicated thereon in a legible and conspicuous manner, the capacity thereof, and the state sealer of weights and measures, or his deputies, shall have the right, at any time, to examine any such bottle or glass jar, in order to ascertain whether such bottle or jar is of a capacity not less than that which it purports to be; and if any such bottle or jar is of less capacity than that which it purports to be, or of any such bottle or jar shall not have blown into it, or otherwise indelibly and permanently indicated thereon in a legible and conspicuous manner, its capacity as aforesaid, the person or corporation selling or offering for sale milk or cream in any such bottle or jar, or having in his possession any such bottle or jar, to be used or which has been used for the purpose of containing milk or cream to be sold or offered for sale in said state of Montana shall be deemed guilty of a misdemeanor. [As amended Sec. 22, Ch. 146, L. 1939.]

4256. Penalty for using false weights. A person who uses, or has in his possession for use in trade, any weight, measure, scale, balance, steel-yard, or weighing device, which is false or incorrect, shall be guilty of a misdemeanor, and any contract made by any person based upon such false or incorrect devices shall be void and such devices shall be liable to be forfeited by any court having jurisdiction. [As amended Sec. 23, Ch. 146, L. 1939.]

4257. Weights stamped by state sealer to be legal weights. A weight or measure duly stamped by the state sealer of weights and measures, or his deputies, or by the national bureau of standards, shall be a legal weight or measure throughout the state, unless found to be false or incorrect, and shall not be liable to be resealed because used in any other place than that in which it was originally stamped. [As amended Sec. 24, Ch. 146, L. 1939.]

[As amended Sec. 26, Ch. 146, L. 1939.]

4261. State sealer authorized to promulgate rules. The state sealer of weights and measures is hereby authorized to make such rules and regulations for the guidance and direction of his deputies in conformity with this act as may be proper and necessary to carry out the provisions of this act in a uniform manner. Such rules and regulations when adopted by the state sealer of weights and measures shall have the same force and effect as is provided for in this act. [As amended Sec. 27, Ch. 146, L. 1939.]

4263. Sealers ex-officio deputy sheriffs—powers. The state sealer of weights and measures and his deputies shall be, by virtue of their respective offices, deputy sheriffs, and as such shall have power to arrest and detain any person violating the provisions of this act, without warrant. [En. Sec. 2, Ch. 123, L. 1939.]

4285.3. Lists may be examined. The list provided for in section 4285.2 shall be made available by the secretary of state to all persons for examination, and taking of copies, in order that any user of such compositions in this state may be fully advised concerning the performing rights therein, and avoid being over-reached by false claims of ownership of said performing rights, and also avoid committing innocent infringements of said works. The secretary of state may, if in his discretion he deems it necessary, in order to prevent such over-reaching and to protect the citizens of this state from committing innocent violations of the copyright laws of the United States, cause all such copyrighted material filed with him to be published once a year or oftener in a form and medium which he shall deem suitable for said purpose. [En. Sec. 4, Ch. 123, L. 1939.]

4292.2. Provisions of contracts relating to sale of commodities. No contract relating to the sale or resale of a commodity which bears, or the label or container of which bears, the trade-mark, brand, or name of the producer or distributor of such commodity and which commodity is in free and open competition with commodities of the same general class produced or distributed by others shall be deemed in violation of any law of the state of Montana by reason of any of the following provisions which may be contained in such contract:

(a). That the buyer will not resell such commodity at less than the minimum price stipulated by the seller.

(b). That the buyer will require of any dealer to whom he may resell such commodity an agreement that he will not, in turn, resell at less than the minimum price stipulated by the seller.

(c). That the seller will not sell such commodity:

1. To any wholesaler, unless such wholesaler will agree not to resell the same to any retailer unless the retailer will, in turn, agree not to resell the same except to consumers for use and at not less than the stipulated minimum price, and such wholesaler will likewise agree not to resell the same to any other wholesaler unless such other wholesaler will make the same agreement with any wholesaler or retailer to whom he may resell; or

2. To any retailer, unless the retailer will agree not to resell the same except to consumers for use and at not less than the stipulated minimum price. [En. Sec. 2, Ch. 42, L. 1937.]

4292.3. Violations of minimum resale price provisions enumerated. For the purpose of preventing evasion of the resale price restrictions imposed in respect of any commodity by any contract entered into pursuant to the provisions of this act (except to the extent authorized by the said contract):

Wilfully and knowingly advertising, offering for sale or selling any commodity at less than the stipulated price in any contract entered into pursuant to the provisions of this act, whether the person so advertising, offering for sale or selling is or is not a party to such contract, is unfair competition and is actionable at the suit of any person damaged thereby. [En. Sec. 6, Ch. 42, L. 1937.]

4292.7. Application of act. This act shall not apply to any contract or agreement between or among producers or distributors or between or among wholesalers or between or among retailers as to sale or resale prices. [En. Sec. 7, Ch. 42, L. 1937.]

4426.2. Petition for election. A petition may be filed with the county clerk of a county, asking that the question of abandoning and abolishing the organization and corporate existence of such county and attaching its territory to and making the same a part of some adjoining county, be submitted to the qualified electors of such county at an election. Such petition shall state the name of the adjoining county to which the territory of such county, so to be abandoned and abolished, shall be attached and made a part; such petition shall be signed by not less than thirty-five per centum (35%) of the qualified electors of the county whose names appear upon the registration records of such county, shall contain the post office address and voting precinct of each person signing the same, and shall state the name and address of three persons to whom notice of the insufficiency of the petition shall be sent in the event that the petition shall not have the required number of signatures of qualified electors signed thereto. It shall be the duty of the county clerk, within thirty days after the filing of such petition to examine the

same, to ascertain and determine from the registration records of the county whether such petition is signed by the required number of qualified electors. Such clerk may be authorized by the board of county commissioners to employ additional help in his office to assist him in the work of examining such petition and such board shall provide for their compensation. When such examination is completed said clerk shall forthwith attach to such petition his certificate, properly dated and signed, showing the result of his examination, and if said certificate shows that said petition is signed by the required number of qualified electors, said clerk shall immediately present said petition to the board of county commissioners, if such board be then in session, otherwise at its first regular meeting after the date of such certificate. No person, after signing any such petition shall be allowed or permitted to withdraw his signature or name therefrom. [En. Sec. 2, Ch. 105, L. 1937.]

4426.3. Action on petition—notice—separate petition for attachment of portions to be abandoned. Whenever any such petition is presented to the board of county commissioners of a county with a certificate of the county clerk attached thereto, showing that said petition has been signed by not less than thirty-five per centum (35%) of the qualified electors of such county whose names appear upon the registration records of said county, as provided in section 4426.3, said board of county commissioners shall immediately upon presentation of such petition, make and enter an order in its minutes fixing a day for considering and taking final action on said petition, which shall be not less than thirty (30) nor more than thirty-five (35) days after the date when said order is made, and shall cause a notice to be published in the official newspaper of the county to the effect that such petition has been presented to such board asking for the abandonment and abolishment of the county and that said board will meet at the time specified in said order for considering and taking final action on said petition, at which time any and all registered electors of the county interested therein may appear and be heard thereon. Such notice shall be published once a week for two (2) successive weeks immediately following the making of such order.

At any time prior to five (5) days before the date fixed for consideration and final action on such petition fifty per centum (50%) of the registered electors residing within a particular part or portion of such county, may file with the county clerk of such county a petition in writing signed by them praying that the part or portion of such county within which such petitioners reside shall not be attached to the county designated in the petition for abandonment but shall be attached to some other adjoining county, which petition shall definitely, particularly and accurately describe the boundaries of such part or portion of said county which said petitioners desire to be attached to such other adjoining county and shall specify and name such other adjoining county to which such part or portion is to be attached if said county is abandoned and abolished. Whenever any such petition is filed the county clerk shall immediately examine the same and determine from the registration records of the county whether such petition has been signed by the required number of registered electors and shall attach thereto his certificate showing the total number of registered electors residing within the boundaries described in said petition and the number thereof whose names appear on said petition, and shall deliver such petition with such certificate attached, to the board of county commissioners when such board meets to con-

sider and take final action on such petition for abandonment, separate and independent petitions may be filed by registered electors residing within the boundaries of separate and distinct and different parts or portions of such county, praying that the territory embraced within the boundaries described therein may be attached to and become parts of the same, or different adjoining counties, other than the county named and designated in the petition for abandonment, if said county is abandoned. No person after signing any such petition shall be allowed or permitted to withdraw his signature or name therefrom. [En. Sec. 3, Ch. 105, L. 1937.]

4426.4. Consideration of petitions—form of resolution relating to abandonment. On the day fixed by the board for consideration and final action on such petition for abandonment the board shall meet and examine and consider all petitions which may have been filed praying that particular parts or portions of said county, if abandoned, be attached to an adjoining county or counties, other than the county named in such petition for abandonment, and shall determine the sufficiency of each such petition filed, and shall enter its findings with regard thereto in its minutes, and said board shall thereupon adopt a resolution, which shall be in writing and also entered in full in its minutes, and which shall be in substantially the following form:

WHEREAS, there has been filed with the clerk of (name) county, Montana, a petition asking that the organization and corporate existence of said county be abandoned and abolished and its territory attached to and made a part of an adjoining county, to-wit, the county of (name), Montana;

AND WHEREAS, said petition has been presented to the board of county commissioners of (name) county, with a certificate of the clerk of said county attached thereto showing that said petition has been signed by not less than thirty-five per centum (35%) of the registered electors of said county;

(If any petition for attaching any part or portion of the county, in case of abandonment to an adjoining county or counties, other than the county named in the petition for abandonment, and found to have been signed by the required number of registered electors, insert the following for each petition.)

AND WHEREAS, there has been filed a petition signed by not less than fifty per centum (50%) of the registered electors residing within that part or portion of said county described as (give description as contained in petition) praying that the part or portion of said county within such boundaries be attached to and made a part of the county of (name of county given in petition) if said county be abandoned;

NOW THEREFORE BE IT RESOLVED, that if said (name) county shall be abandoned and abolished the territory embraced within its boundaries shall be attached to and become part of the following. (If all to be attached to one adjoining county so state, but if parts or portions to any other county or counties, then describe the part or portion to go to each adjoining county as well as to the county named in the petition for abandonment.)

AND BE IT FURTHER RESOLVED, that the county clerk of (name) county, Montana, make copies of this resolution, each with a copy of said petition for abandonment, with the signatures omitted therefrom (and copies of petitions for attaching parts or portions of said county to adjoining county or counties, other than the county named in the petition for abandonment,

if any were filed and found sufficient, with signatures omitted) and certify to the same and affix the seal of the county thereto, and transmit one of said copies to the governor of the state of Montana, and one of said copies to the clerk of each county to which any part of said county is to be attached, if abandoned.

Said resolution must be signed by the members of the board of county commissioners and the county clerk must, within five (5) days thereafter, make the certified copies of said resolution, with copy of petition or petitions attached, and transmit one copy to the governor of the state of Montana and one copy to the county clerk of each county to which any part or portion of said county is to be attached, if abandoned. [En. Sec. 4, Ch. 105, L. 1937.]

4426.5. Calling of election—governor's proclamation. Upon receipt of a certified copy of the resolution provided for in section 4426.4, the governor shall, within ten days thereafter, issue his proclamation calling a special election in the county in which the petition referred to in said resolution was filed, and in each county designated in such resolution as a county to which any of the territory of such county, if abandoned and abolished, shall be attached and made a part, at which election there shall be submitted to the qualified electors of the county in which such petition was filed the question of whether or not such county shall be abandoned and abolished and its territory attached to and made a part of the county designated and named for such purpose in said petition, and at which election there shall be submitted to the qualified electors of each county named and designated in such resolution as a county to which a part of the territory of the county, proposed to be abandoned and abolished, shall be attached and made a part, if such county shall be so abandoned and abolished, the question of whether or not such part of the territory of such county, if abandoned and abolished, described in such resolution, shall be attached to and become a part of such county. Such proclamation shall fix a day for holding such election in such counties, which shall be not less than ninety days nor more than one hundred and twenty days after the date of the date of the governor's proclamation calling the same; provided that if a general election will be held in said counties within one hundred and twenty days after the date of such proclamation, the governor, in such proclamation, shall direct that such question be submitted to the qualified electors of said counties at such general election. Such proclamation shall be filed in the office of the secretary of state and copies thereof shall be transmitted by the governor to the county clerk of each of the counties in which such election is to be held. [En. Sec. 5, Ch. 105, L. 1937.]

4426.6. Election notices and proclamations—close of registration. The county clerk of each of such counties after receiving a copy of such election proclamation shall present the same to the board of county commissioners, if such board is then in session, and if not in session, then at the first meeting thereof held after such clerk has received the same, and the board of county commissioners of each of such counties shall issue such proclamations and give such notices of election as are required by the general laws of this state when questions are to be submitted to the qualified electors of a county at an election and which proclamation and notices shall include a description of the boundaries of that part of the county proposed to be abandoned and to be attached to and made a part of such county, if said

county be abandoned, and the county clerk of each of such counties shall give notice of the closing of the registration books and shall cause the same to be closed at the time and in the manner provided by the general registration and election laws of this state. [En. Sec. 6, Ch. 105, L. 1937.]

4426.7. Forms of ballots—conduct of election. At such election the question to be submitted to the qualified electors of the county in which said petition was filed shall be as follows:

☐ For the abandonment and abolishment of the county of (name) and attaching the territory within its boundaries to and making the same a part of the county or counties of (name)

☐ Against the abandonment and abolishment of the county of (name) and attaching the territory within its boundaries to and making the same a part of the county or counties of (name).

And the question to be submitted to the qualified electors of the counties, designated in the resolution as the county or counties to which the territory of the county proposed to be abandoned and abolished, is to be attached and made a part, shall be as follows:

☐ For attaching to and making a part of the county of (name) a part of the territory within the boundaries of the county of (name) if the same is abandoned and abolished.

☐ Against attaching to and making a part of the county of (name) a part of the territory within the boundaries of the county of (name) if the same is abandoned and abolished.

Said election shall be held, voted, counted and returns made and canvassed in the manner provided by the general election laws of this state. [En. Sec. 7, Ch. 105, L. 1937.]

4426.8. Canvass of returns—proclamation of result by governor. The board of county commissioners of each county, acting as a canvassing board, must within ten (10) days after the holding of such election canvass the returns of such election, and within five (5) days thereafter the clerk of each such county must make and enter in the records of said board a statement of the vote in such county and transmit to the secretary of state, by registered mail, an abstract thereof, which shall be marked "election returns". Within ten (10) days after receiving such abstracts from all counties in which such election was held, and on notice from the secretary of state, the board of state canvassers shall meet and canvass, compute and determine the vote, and the secretary of state, as secretary of such board must make and file in his office a statement thereof and transmit a copy thereof to the governor. Upon receipt of such copy the governor shall issue a proclamation declaring the result of such election and shall file a copy of such proclamation in the office of the secretary of state and transmit a copy of such proclamation to the county clerk of each of the counties in which such election was held, and each such county clerk shall file the same in his office and present the same to the board of county commissioners of his county, if such board is then in session, otherwise at the first meeting of the board after the same has been received by such clerk. [En. Sec. 8, Ch. 105, L. 1937.]

4426.9. Abandonment—termination of offices—result of partly adverse vote. If, at such election a majority of the votes cast in the county in which such petition was filed shall be cast in favor of the abandonment and abolishment of such county, and a majority of the votes cast in the county, designated in the petition for abandonment as the county to which the territory of the abandoned county shall be attached, shall be in favor thereof, then the organization and political and corporate existence of the county in which such petition for abandonment was filed shall cease and terminate and said county shall be abandoned and abolished and disincorporated and cease to exist and its territory shall be attached to and become a part of the counties designated in the resolution adopted under section 4426.4, and the term of office of each of the officers thereof, and of the members of the board of county commissioners thereof, and of its senator and representative in the legislative assembly shall cease and terminate at twelve (12:00) o'clock midnight on the thirtieth day of June immediately following; provided that if at any such election a majority of the votes cast in any adjoining county named in the resolution adopted under section 4426.4, other than the county designated in the petition for abandonment as the county to which the territory of the abandoned county shall attach, shall be against the attaching of any portion of the territory of the abandoned county to such adjoining county, then such portion of such territory described in said resolution shall be attached and become a part of the county designated in such resolution for abandonment as the county to which the territory of the abandoned county shall attach. [En. Sec. 9, Ch. 105, L. 1937.]

4426.10. Effect on townships and township officers. The townships of a county abandoned and abolished under this act shall be townships of the county to which the territory within such townships is attached until such time as they may be changed by the board of county commissioners of such county and the justices of the peace and constables in such townships shall continue to hold such offices for the terms for which they were elected; provided that if a township of such abandoned county is divided and a part attached to one and a part attached to another adjoining county then the board of county commissioners of the county to which attached, until further order of such board, shall attach such territory to an adjoining township within such county, and the terms of office of the justices of the peace and constables within such divided township shall cease and terminate at twelve (12:00) o'clock midnight of the thirtieth day of June immediately following. [En. Sec. 10, Ch. 105, L. 1937.]

4426.11. County property—effect of abandonment. Each county to which any part of the territory of an abandoned county is attached and made a part shall succeed to, have, possess and own all real estate, and all improvements thereon, and all tangible property and all county highways situated within the territory of the abandoned county attached to such county, and all certificates of tax sale to lands and improvements thereon situated within such territory, and shall have the same right and power to sell and assign such certificates and to apply for and obtain tax deeds to such lands and improvements, and to sell and dispose of the same as were or would have been possessed by the abandoned county if it had not been abandoned. [En. Sec. 11, Ch. 105, L. 1937.]

4426.12. Ownership of other county property. The county designated in the petition for the abandonment of a county as the county to which the territory of the abandoned county shall be attached, subject to the provisions of this act, shall succeed to, have, possess and own all other property, assets, liens, right, remedies and claims of every kind owned and belonging to or possessed by the abandoned county on the date when the same ceases to exist, and shall have the right to demand, collect and receive any and all moneys to which such abandoned county was entitled for taxes for which tax sales had not been held, licenses and other demands remaining unpaid on the date when such abandoned county ceased to exist and to enforce in any manner authorized by law any and all of such rights, remedies and claims. [En. Sec. 12, Ch. 105, L. 1937.]

4426.13. Removal and transcription of records. All maps, plats, papers, documents, records, record books, indexes and files of every kind and description belonging to an abandoned and abolished county, or in the possession of any of the officers thereof, on the date when such county ceases to exist, shall be, immediately after such county ceases to exist, removed to the county seat of the county designated in the petition for abandonment as the county to which the territory of the abandoned and abolished county is to be attached, and the same shall be delivered over to the custody of the proper officers of such county and be placed in the proper offices thereof, and shall thereafter constitute the maps, plats, papers, documents, records, record books, indexes and files of such county, and the cost and expense of such transfer and removal shall be paid by warrants ordered drawn and issued by the board of county commissioners of such county against the general fund of such abandoned and abolished county.

If any part of an abandoned county shall be attached to and become a part of any adjoining county, other than the county designated in the petition for abandonment, it shall be the duty of the board of county commissioners of the county designated in said petition for abandonment, to enter into a contract with some competent person or persons for transcribing so much of the records of said abandoned county as affects or relates to the property in that portion of the abandoned county which has been attached to such other county, and to prepare complete and proper indexes for such transcribed records, and when completed to transmit such transcribed records and indexes to such other county; provided, that if portions of such abandoned county have been attached to more than one adjoining county, the board of county commissioners may enter into separate contracts for transcribing the records for each of such other counties or may enter into one contract for transcribing the records for all of such other counties; provided that chattel mortgages, mechanic and other liens, and other instruments filed, but not recorded, shall not be transcribed, but the original instruments shall be transmitted to such other county or counties. The cost of transcribing, indexing and transmitting such records shall be paid by warrants drawn by the board of county commissioners letting such contracts on the general fund of the abandoned county. All of the provisions of sections 4412, 4413 and 4414, Revised Codes, 1935, shall apply to such transcribed records. [En. Sec. 13, Ch. 105, L. 1937.]

4426.14. Contracts, effect of abandonment on—printing. All valid and existing contracts entered into by a county abandoned and abolished under this act, and which, by the terms thereof, will extend beyond the time when such county ceases to exist, shall continue in full force and effect as contracts of the county designated in the petition for abandonment as the county to which the territory of the abandoned and abolished county is attached and made a part: provided that if the abandoned and abolished county shall have theretofore entered into a printing contract in accordance with the provisions of sections 4482 to 4482.2, inclusive, Revised Codes, 1935, or acts amendatory or supplemental thereto, and such contract shall be in full force and effect on the date when such county ceases to exist, all supplies and printing for the county designated in the petition for abandonment as the county to which the territory of the abandoned and abolished county is attached and made a part shall be, by the board of county commissioners of such county divided between such contract and any similar existing contract entered into by the board of county commissioners of such county in such manner as such board of county commissioners shall deem equitable and just to the holders of both such contracts until the contract entered into by the abandoned and abolished county shall have expired; provided further, that when a petition has been filed with the county clerk of a county for the abandonment and abolishment of such county, in accordance with the provisions of section 4426.2, the board of county commissioners of such county shall not thereafter enter into any contract under the provisions of said sections 4482 to 4482.2 or amendatory or supplemental acts, until the time has expired when such petition may be presented to such board by the county clerk as provided in section 4426.2. [En. Sec. 14, Ch. 105, L. 1937.]

4426.15. Claims and demands—disposal of, on abandonment. All claims and demands for salaries, services, wages, materials, supplies and for all other current expenses and for claims and demands accruing under contracts, against any abandoned and abolished county, and for which said county was liable at the time it ceased to exist and which had not been approved and warrants issued therefor prior to the time it ceased to exist, shall be presented to the board of county commissioners of the county designated in the petition for abandonment as the county to which its territory is attached and made a part and all such claims and demands shall be acted on by the board of county commissioners of such county and warrants shall be issued in payment thereof in the same manner as though the same had been incurred by such county; provided that all such warrants shall be drawn and issued against the proper funds of such abandoned and abolished county; and provided further, that no such claim or demand shall be approved or warrant issued in payment thereof if the amount of such claim or demand exceeds the unexpended balance of appropriation for such purpose contained in the budget of the abandoned and abolished county for the year in which the same was incurred. [En. Sec. 15, Ch. 105, L. 1937.]

4426.16. Funds—taxes—warrants—tax levies—bonds and bond funds. All moneys in each of the funds of an abandoned and abolished county shall be transferred to and paid over by the treasurer thereof to the treasurer of the county designated in the petition for abandonment as the county to which

its territory is to be attached and becomes a part and shall be by such treasurer kept and maintained in separate funds in the name of such abandoned and abolished county, and used and applied for paying warrants issued against such funds by the abandoned and abolished county prior to the time it ceased to exist, and for paying warrants issued against such fund by the board of county commissioners of the county to which it is attached and becomes a part under the provisions of sections 4426.13 and 4426.15, and the interest on such warrants; provided that moneys in any bond sinking and interest funds of such abandoned and abolished county shall be used and applied for the sole purpose of paying the interest and principal becoming due on unpaid and outstanding bonds of such county. Taxes levied for all such funds which were delinquent on the days when such county ceased to exist, and for which tax sales had not been held and all licenses and other moneys owing to such county at such time shall be collected by the treasurer of the county designated in the petition for abandonment as the county to which its territory is to be attached and becomes a part and placed in and deposited to the credit of the funds of such abandoned and abolished county to which the same properly belong. When all warrants issued and outstanding against any fund of an abandoned and abolished county, with the interest thereon, have been fully paid, any balance standing to the credit of such fund shall be transferred to any other fund or funds of such county in which there is not sufficient money to pay the warrants issued and outstanding against the same with interest thereon, and if, after payment of all warrants issued against all such funds and balances remain in any thereof the same shall be transferred to and become a part of the bond sinking and interest funds of such abandoned county.

(a) After all warrants have been drawn and issued against the funds of an abandoned and abolished county under the provisions of sections 4426.13 and 4426.15, if it shall appear to the satisfaction of the board of county commissioners of the county designated in the petition for abandonment as the county to which the territory of the abandoned and abolished county is to be attached and made a part, that the money in the several funds of such abandoned and abolished county, together with all moneys which may be received for such funds from the payment and collection of delinquent taxes, unpaid licenses and other sources, owing to such abandoned and abolished county, will be insufficient to pay all outstanding and unpaid warrants issued and drawn against such funds, then the board of county commissioners of such county shall make an order creating a special warrant district and shall include within such district all of the territory embraced within the boundaries of the abandoned and abolished county at the time it ceased to exist, and said board shall thereafter, and at the time of making and fixing tax levies for county purposes, make and fix a levy against all taxable property within such special warrant district for the payment of said warrants and the interest thereon, and the proceeds of such levy, when collected, shall be deposited by the county treasurer in a separate fund which shall be used for the payment of said warrants and interest and for no other purpose; provided that said tax levy need not be made at such a rate as will pay all of said warrants, with interest, in one year, but if said board of county commissioners shall deem it for the best interests of the taxpayers owning property within

such special warrant district, such levy may be spread over a term of not more than three years.

(b) If it shall appear to the satisfaction of the board of county commissioners that a tax levy sufficient to pay such warrants and interest when spread over a term of three years will be too great a hardship on and too burdensome to the taxpayers owning property within the boundaries of such abandoned and abolished county, said board, instead of creating such special warrant district shall create and establish a special funding bond district and shall include within the boundaries thereof all of the territory embraced within the boundaries of such abandoned and abolished district at the time it ceased to exist. The board of county commissioners and the county clerk of the county to which the territory of such abandoned and abolished county has been attached and made a part shall be, respectively, the board of trustees and the clerk of such district and the county treasurer shall act as the treasurer thereof. The board of trustees shall adopt an appropriate seal for such district. After such district has been created and established the board of trustees shall direct the county treasurer to use and apply all moneys in the several funds of the abandoned and abolished county, except moneys in any bond sinking and interest funds, to the payment of warrants issued and outstanding against such funds, with the interest thereon, and said board of trustees shall thereupon issue and sell bonds of such special funding bond district in an amount sufficient to pay all warrants against such funds remaining outstanding and unpaid, with the interest thereon, and the proceeds derived from the sale of such bonds shall be used for such purpose and no other. Such bonds shall not be issued for a longer period than ten (10) years, and shall be issued without submitting the question of doing so to any election. There shall be inserted and made a part of each such bond statements setting forth the purpose for which the same are issued and that said bonds do not incur, create or constitute any indebtedness or obligation whatever on the part of the county of (naming the county whose board of county commissioners, acting as such trustees, are issuing such bonds) but that the principal and interest thereof will be paid by special millage taxes levied against all of the taxable property situated within the boundaries of such special funding bond district. Such bonds shall be issued in the name of such district, shall be signed by the trustees, the clerk shall attest the same and affix the seal of the district thereof and they shall be registered in the office of the county treasurer who shall certify such registration on such bonds. Except as otherwise provided herein, and in so far as the same are not in conflict herewith, all of the provisions of chapter 356 Revised Codes 1935, and amendatory acts shall apply to, govern and control the issuance, sale and payment of such bonds, with the interest thereon, and the levying of taxes for such purposes. All taxes levied for the payment of the principal and interest of such bonds and all taxes levied by the abandoned and abolished county for all of its funds, except, bond sinking and interest funds, and delinquent at the time such county ceased to exist, and all moneys owing to such abandoned and abolished county from all other sources, shall be, when collected, paid into a special sinking and interest fund and used for the purpose of paying the principal and interest of such bonds, and for no other purpose.

(c) If any abandoned and abolished county shall have outstanding and unpaid any bonds at the time it ceases to exist, the territory within the boundaries of such county as they existed when such county so ceased to exist, shall constitute a special district for the payment thereof. The board of county commissioners of the county designated in the petition for abandonment as the county to which the territory of such county is to be attached and made a part shall annually levy a tax against all taxable property in such taxing district sufficient to pay the interest and principal of such bonds as the same become due, and all of the provisions of chapter 356 Revised Codes 1935, and amendatory acts, applicable thereto, shall apply to, govern and control the levying and collection of such taxes and the payment of interest and principal thereof by the boards and officers of the county within which such district is situated.

Any and all moneys in any bond sinking and interest funds of such abandoned and abolished county, when transmitted and paid over to the treasurer of the county to which the territory of such abandoned and abolished county has been attached, shall be credited to and deposited in a sinking and interest fund, and all taxes levied for the payment of such bonds and interest and delinquent at the time such county ceased to exist, and all taxes levied for such sinking and interest fund in accordance with the provisions of this section, and all other moneys coming to the hands of such county treasurer for the use or benefit of such abandoned county when not required for any other purposes under the provisions of this act, shall be deposited to the credit of such sinking and interest fund and used for the payment of the principal and interest of such bonds and for no other purpose.

Whenever any levy is made under the provisions of subdivision (a), (b) or (c) of this section the county clerk of the county in which the board of county commissioners make such levy shall immediately certify such levy to the county clerk of each other county to which any part of the territory of the abandoned county has been attached, and the county clerk of each such other county shall compute and extend the taxes against the property within the portion of the abandoned county which has been attached to his county and the treasurer of such county shall collect the same at the same time and in the same manner that other taxes are collected by said county treasurer, and each such treasurer shall, at least twice each year, once during the second week in December and once during the second week in June, transmit the amount of all such taxes paid to and collected by him, and then in his hands as county treasurer, to the treasurer of the county in which the board of county commissioners made such tax levy. [En. Sec. 16, Ch. 105, L. 1937.]

4426.17. Disposal of fund balances and moneys accruing. If, after all warrants issued and drawn by an abandoned and abolished district during its existence against its several funds and all warrants drawn and issued against said funds under the provisions of sections 4426.13 and 4426.15, have been fully paid with the interest thereon, any balance remains in such funds, such balance, with any and all moneys thereafter accruing to any of such funds from the collection of delinquent taxes, unpaid licenses, and from other sources shall be deposited to the credit of any special sinking and interest fund for the payment of district funding bonds issued under the provisions of subdivision (b) of section 4426.16, and if there be no such fund then to

the credit of any bond sinking and interest fund under subdivision (c) of section 4426.16; and after all warrants issued and drawn against any of such funds with the interest thereon, all district funding bonds issued under the provisions of subdivision (b) of section 4426.16 and all bonds referred to in subdivision (c) of section 4426.16, have been fully paid, then any balance remaining in any of such funds and all moneys accruing to any or all of such funds thereafter from any and all sources, shall be deposited to the credit of such funds of the county designated in the petition for abandonment as the county to which the territory of the abandoned and abolished county has been attached and made a part as its board of county commissioners may direct. [En. Sec. 17, Ch. 105, L. 1937.]

4426.18. Liability for county debt—special warrant districts—special funding bond districts and bonds. Whenever a county is abandoned and abolished and its territory is attached to and made a part of an adjoining county, under the provisions of this act, none of the property situated within the boundaries of such abandoned and abolished county shall be subjected to taxation or taxed for the payment of any indebtedness of such adjoining county which may exist at the time such territory is attached to and made a part of such adjoining county.

(a) After all warrants have been drawn and issued against the funds of such adjoining county to pay the claims and demands existing against such county, on the date when the territory of such abandoned and abolished county was attached to such adjoining county, all moneys in the funds of such adjoining county shall be used and applied in payment of the warrants drawn against its respective funds, and if such moneys are not sufficient to pay all of such warrants, with the interest thereon, then the board of county commissioners shall make an order creating a special warrant district and shall include within such district all of the territory of such adjoining county, but shall not include therein any of the territory of such abandoned and abolished county, and shall thereafter and at the time of making levies for county purposes, levy a special tax against all taxable property in such district to pay the warrants, with interest thereon, outstanding against the funds of said county; provided that the board of county commissioners, may, in its discretion extend such tax levy over a period of not to exceed three years.

(b) If it shall appear to the board of county commissioners that it will require too large a tax levy to pay such warrant indebtedness with interest thereon within three years, such board, instead of creating a special warrant district, shall create and establish a special funding bond district and shall include within the boundaries thereof all of the territory within such adjoining county, but shall not include therein any of the territory of the abandoned and abolished county attached to such adjoining county. Such board of county commissioners may, after all moneys in the several funds of said county applicable thereto, have been applied in payment of such outstanding warrants and interest thereon, and without submitting the question of doing so to an election, may issue bonds in an amount sufficient to pay and redeem all such warrants remaining outstanding, with interest thereon. Such bonds shall be issued in the name of said adjoining county, and shall contain recitals to the effect that the principal and interest thereof will be paid by millage tax levies against the property situated within the boundaries of said county as the same existed before the territory of such aban-

doned and abolished county was attached thereto, and that none of the property within the territory of such abandoned and abolished county will be subjected to such levies. Except as otherwise provided herein said bonds shall be issued and sold, tax levies shall be fixed and made to pay the principal and interest thereof as the same becomes due in the manner provided by sections 4630.1 to 4630.33 of the Revised Codes of Montana, 1935, and all the provisions thereof, so far as applicable thereto, shall apply to such bonds.

(c) If an adjoining county to which the territory of an abandoned and abolished county is attached and made a part shall have outstanding and unpaid bonds, at the time such territory is attached to and made a part of such county, such bonds shall be the indebtedness of such adjoining county, and none of the property situated within the territory of the abandoned county shall be subjected to any taxes to pay the principal or interest of such bonds, but such taxes shall be levied only against the property within the boundaries of such adjoining county as the same existed before the territory of the abandoned and abolished county was attached to and made a part thereof. [En. Sec. 18, Ch. 105, L. 1937.]

4426.19. Assessment of property. The county assessor of a county abandoned and abolished under the provisions of this act shall, within ten (10) days after it comes to exist deliver to the county assessor of each county to which any part of its territory had been attached and become a part of all assessment lists, reports, documents and instruments relating to, concerning, or in any way affecting the assessment during the then current assessment year of all taxable property within such portion of such abandoned and abolished county, and it shall be the duty of the assessor of the county, to whom such assessment lists, reports, documents and instruments have been delivered by the assessor of the abandoned and abolished county, to complete all assessments and to fully assess, during the then current assessment year, all taxable property situated or located, on the first Monday of March of such year, within the boundaries of such part of such abandoned and abolished county, and each such county assessor shall, in all matters and things connected in any way with the making of such assessments, have, possess and exercise all of the powers and rights and shall perform all of the duties which the assessor of the abandoned and abolished county would, or could have had, possessed, exercised or performed if such county had not been abandoned and abolished. The county assessor of such abandoned and abolished county shall, until twelve (12:00) o'clock midnight of the thirtieth day of June when said county ceases to exist, aid and assist the county assessors of the counties to which any part of the territory so to be abandoned and abolished will be attached and made a part, in the listing and assessing of all taxable property situated or located within each of such counties to the end that all taxable property within the boundaries of such abandoned county will be fully assessed and taxed. [En. Sec. 19, Ch. 105, L. 1937.]

4426.20. Use and disposal of property of abandoned county. Each county to which any part of an abandoned and abolished county is attached and made a part and becoming the owner under the provisions of this act of the real and any tangible personal property of an abandoned and abolished county may use all of such property for county purposes, or may lease any of such real estate or sell any of such real estate or personal property provided that no such personal property having a value in excess of one hun-

dred dollars (\$100.00) shall be sold unless the same has been appraised within one year immediately prior to the date of sale by three taxpayers, residing within the territory embraced within the boundaries of the abandoned and abolished county, appointed by the judge of the district court to which the county succeeding to the ownership of such property is attached, on petition of the board of county commissioners thereof, and no sale of any such personal property shall be made except at public sale after notice or for a price less than ninety per centum (90%) of such appraised value; provided further, that no such real property shall be leased unless the board of county commissioners shall present to the judge of the district court to which the county is attached a petition describing the real estate, with any improvements thereon, and setting forth the terms of the proposed lease, and the same shall be approved by such judge, which approval shall be endorsed on such petition and filed in the office of the clerk of said county; and provided further that no real estate shall be sold by said board of county commissioners unless the same has been appraised within one year immediately prior to the date of sale by three taxpayers residing within the territory embraced within the boundaries of the abandoned and abolished county, appointed by the judge of the district court to which the county is attached, on petition of the board of county commissioners of such county, and every such sale of real estate shall be made at public sale and notice of such sale shall be published once a week for at least two weeks immediately prior to the date for holding the same, in the official newspaper of the county, and no such real estate shall be sold for a price less than ninety per centum (90%) of the appraised value thereof.

The full purchase price of any real estate so sold shall not be required to be made in one payment but the purchaser thereof may pay the same in four installments, the first of which shall be not less than twenty-five per centum (25%) of the purchase price to be paid at the time of purchase, the remainder to be paid in three equal annual installments with interest thereon at not less than five per centum (5%) per annum. All real estate sold, with any improvements thereon, shall be subject to assessment and taxation annually to the purchaser or his successor in interest, at a value equal to the amount paid on the purchase price thereof until the purchase price is fully paid when such real estate shall be assessed at its full cash value, and any and all improvements placed on any such real estate, after its purchase, shall be subject to assessment and taxation at the full cash value thereof. Whenever the purchase price of any real estate is to be paid in installments the board of county commissioners shall enter into a contract with the purchaser thereof and such contract shall be recorded in the office of the county clerk. When payment in full has been made for any personal property or real estate the chairman of the board of county commissioners shall execute and deliver the proper bill of sale or deed to the purchaser, or his successor in interest.

The compensation of all appraisers appointed under the provisions of this section shall be fixed by the district judge appointing the same. Moneys received from leases or sales of real or personal property by any county other than the county designated in the petition for abandonment as the county to which the territory of the abandoned county is to be allocated shall be transmitted by the officers of such counties to the treasurer of the county desig-

nated in such petition for abandonment. All moneys received from the sales of personal property and from the leasing or sales of real estate, after deducting therefrom the amounts paid appraisers and for publishing notices of sale, shall be used and applied as follows: If there are any warrants issued and outstanding against any of the funds of the abandoned and abolished county such moneys shall be applied in payment of such warrants and interest; if there are no such warrants outstanding but district bonds have been issued under the provisions of subdivision (b) of section 4426.14 then such moneys shall be deposited in the sinking and interest fund for such district bonds; if there be no such district bonds outstanding then such moneys shall be deposited to the credit of the sinking and interest funds for bonds issued and outstanding when the abandoned and abolished county ceased to exist, and if there be no such bonds outstanding and unpaid, then such moneys shall be apportioned to all of the counties to which parts of the abandoned county were attached in the proportion which the assessed valuation of the property in each such part on the first day of January immediately preceding the abandonment bears to the assessed valuation of all the property in such abandoned county and deposited in such funds of such county as the boards of county commissioners of such counties may direct. [En. Sec. 20, Ch. 105, L. 1937.]

4426.21. Intent of act as to debt. It is intended by the provisions of this act that no part of the indebtedness of an abandoned and abolished county shall be assumed by, become an obligation of or paid by a county to which the territory of the abandoned and abolished county is attached and made a part, but that all moneys in all funds of an abandoned and abolished county at the time it ceases to exist and all moneys thereafter received by such funds from the payment of taxes delinquent, unpaid licenses and from all other sources, owing to such county at the time it ceased to exist, and all moneys received from the rental or sale of the property owned by such county shall be used for the payment of its indebtedness existing at the time it ceased to exist and the cost and expense of attaching its territory to and making it a part of any adjoining county, and such county to which any part of its territory is attached and made a part shall receive only such balance of any such moneys as may remain after all of the such indebtedness and cost is fully paid. [En. Sec. 21, Ch. 105, L. 1937.]

4426.22. School and special districts. All school districts and other special districts of an abandoned and abolished county shall continue as and be such school districts and special districts of the county to which such territory is attached and becomes a part, and the members of the boards of trustees or directors of such school districts or other special districts shall continue to be the trustees and directors thereof until the terms of office for which they were elected or appointed shall expire; provided that if any of such school districts shall bear the same numbers as school districts of the county to which the territory within the boundaries of such abandoned and abolished county is attached and made a part, the county superintendent shall either renumber the school districts of said abandoned and abolished county or shall give them such designation, in addition to their numbers, as will distinguish them from the districts in the county to which such territory is attached and made a part; and provided further

that if the territory of any school district shall be divided and parts attached to two or more counties such school district shall be a joint school district of such counties.

All funds of all school districts and of all other special districts of an abandoned and abolished county shall be transferred to and paid over to the county treasurer of the county to which the territory of such school district is attached and becomes a part, and shall be accounted for by said county treasurer as the funds of such districts, provided that if a joint school district is created the state superintendent of public instruction shall designate the county treasurer to whom such funds are to be transferred and paid over. All taxes levied for all school funds and funds of other special districts of such abandoned and abolished county, remaining unpaid at the time said county ceased to exist, and all other moneys which would have accrued to such funds if said county had not been abandoned and abolished, when received by such county treasurer, shall be deposited to the credit of the proper school or special district funds. [En. Sec. 22, Ch. 105, L. 1937.]

4426.23. Effect on county high school in abandoned county. If a county high school shall have been established in any abandoned and abolished county when such county ceases to exist such county high school shall become the high school of the district in which it is situated or located, and all property, both real and personal owned by such county or acquired for and used in connection with the maintenance and operation of such county high school, shall become and be the property of such school district to be used by such school district for the maintenance and operation of such district high school, and all lawful existing contracts of such county high school shall be assumed by and become the contracts of such school districts. The terms of office of all trustees of such county high school shall cease and terminate at the time the existence of said abandoned and abolished county shall cease and terminate.

All moneys in all county high school funds shall be transferred and paid over to the treasurer of the county to which the territory in which the school district succeeding to the property of the county high school is attached and made a part, and used and applied as follows:

Any moneys in any bond sinking and interest funds shall be used for the payment and interest on any unpaid and outstanding high school bonds; if there shall be outstanding any high school warrants at the time such county high school ceases to exist, then all moneys in such county high school funds, except sinking and interest funds, shall be used for the payment of such warrants, with interest thereon; if there be no such high school warrants outstanding then the moneys in such funds shall be transferred to the high school fund of the school district which, under the provisions of this act is to maintain such high school as a district high school, and if such moneys are insufficient to pay all outstanding warrants with the interest thereon then such warrant indebtedness shall be assumed by and become warrant indebtedness of such school district.

All taxes levied for any sinking and interest fund for county high school bonds and remaining unpaid at the time the abandoned and abolished county ceases to exist, when collected, shall be deposited to the credit of such fund; and all taxes levied for high school purposes and remaining

unpaid when such county ceases to exist, and all other moneys which would have gone to such high school if the county had not been abandoned and abolished, when collected shall be deposited to the proper high school funds of the district in the county to which the territory of the abandoned and abolished county has been attached and made a part. [En. Sec. 23, Ch. 105, L. 1937.]

CHAPTER 343, GENERAL POWERS AND LIMITATIONS UPON COUNTIES

4444. Enumeration of powers.

Quaere: Is a county, while engaged in the repair of highways, acting in its governmental capacity and, therefore, immune

from liability for the tortious acts of its servants? *Johnson v. City of Billings et al.*, 101 M 462, 472, 54 P 2d 579.

CHAPTER 344, COUNTY COMMISSIONERS—ORGANIZATION, MEETINGS, AND COMPENSATION

4464. Compensation of members of board. Each member of the board of county commissioners is entitled to eight dollars per day for each day's attendance on the sessions of the board, and seven cents per mile for the distance necessarily traveled in going to and returning from the county seat and his place of residence, and no other compensation must be allowed. [As amended Sec. 1, Ch. 176, L. 1939.]

Construing Chapter 82, Laws of 1937 (section 325.1 to 325.9), The Public Welfare Act, on application for writ of mandate to compel the State Board of Public Welfare to pay the per diem and mileage of county commissioners while acting as ex-officio members of the County Welfare Board, held, that there is nothing in the Act to indicate that the state board must pay such expenses, but that under subdi-

vision (b) of section IX of Part I of the Act, declaring that the county board of public welfare shall receive the same compensation for their services as they receive as county commissioners the extra compensation is payable by the county in the absence of some provision making it payable from some other source. *State ex rel. Broadwater County v. Poetter*, 107 M 284, 288, 84 P 2d 796.

CHAPTER 345, GENERAL POWERS OF BOARDS OF COUNTY COMMISSIONERS

4465. Powers of supervision.

Held, that a board of county commissioners may under its implied powers as the governing body of the county, properly authorize the installation and maintenance of a tract index in the office of the county clerk for the purpose of securing reliable

information with relation to lands sold for taxes and facilitating the matter of making application for tax deeds. *Ransom v. Pingel, et al.*, 104 M 119, 122, 65 P 2d 616.

4465.27. Lease of county property. The board of county commissioners has jurisdiction and power under such limitations and restrictions as are prescribed by law; to lease and demise county property, however acquired, which is not necessary to the conduct of the county's business or the preservation of county property and for which immediate sale cannot be had. Such leases shall be in such manner and for such purposes as, in the judgment of the board, shall seem best suited to advance the public benefit and welfare, and all revenue derived therefrom, except as otherwise pro-

vided, shall be paid into the county treasury. On the tenth day of January and the tenth day of July in each year the county treasurers shall distribute such revenues to the several county and trust and agency funds on the basis of the tax levy for the preceding calendar year. All such property must be leased subject to sale by the board, and no lease shall be for a period to exceed three (3) years, save and except as to deposits of coal only or coal and the surface above the same, owned by any county or to which any county has heretofore or may hereafter acquire title by tax title, tax deed or otherwise, which lease or leases may be for a period of ten years and to run and continue as long thereafter as coal is being mined and extracted from the leased property in commercial quantities and that as to all such deposits of coal only or coal and surface the provisions of sections 2208.1 and 2235 of the Revised Codes of the state of Montana, A. D. 1935 and all other provisions of the laws of Montana relating to the sale by the county commissioners of a county of property owned by the county or acquired by tax title or otherwise shall be suspended during the time any such lease or leases of coal only or coal and surface made hereunder shall be in force and effect. [As amended Sec. 1, Ch. 152, L. 1937.]

4465.30. Commissioners may designate and equip places for stock inspection. The board of county commissioners may designate within their respective counties certain convenient places and provide suitable facilities at said places for unloading and loading of livestock for inspection purposes. [En. Sec. 1, Ch. 74, L. 1939.]

4466. Validation of sales made under section 4465.9. All sales heretofore made of real property owned in fee simple by any county in this state, by the board of county commissioners of any county, the validity of which may be in doubt or involved by reason of the failure of the board of county commissioners to comply with the provisions of section 4465.9, are hereby legalized and declared to be valid and binding sales, and all deeds or conveyances heretofore executed by any board of county commissioners, or by its chairman duly authorized by said board, for and on behalf of any county, transferring and conveying any such property so sold, are hereby legalized and declared to be valid, and vesting the title of the property so conveyed in the purchaser named in such conveyance in fee simple. [As amended Sec. 1, Ch. 45, L. 1937.]

CHAPTER 346, SPECIAL POWERS AND DUTIES OF COUNTY COMMISSIONERS

4482-4482.4. [Repealed Sec. 24, Ch. 118, L. 1937.]

4482. Contracts for county printing—duty of county commissioners—rates and prices—bond of printer—terms of contract.

Held, that section 4605.1, Revised Codes, requiring boards of county commissioners to advertise for bids for the purchase of automobiles, trucks, road machinery, "or supplies of any kind", and letting contracts in excess of \$1,000, "to the lowest and best responsible bidder", has no application to the letting of contracts for county printing, that subject being specifically covered by sections 4482 et seq.

State v. Board of County Commrs., 106 M 251, 255 et seq., 76 P 2d 648.

Id. Held, that under section 4482, Revised Codes, boards of county commissioners are not required to call for bids to do the county printing or to award the contract to the lowest bidder.

Id. A newspaper "of general circulation" within the meaning of section 4482, Revised Codes, requiring boards of county

commissioners to contract with such a paper to do county printing, is not determined by the number of its subscribers but by the diversity of the subscribers; if it

contains news of a general character and interest to the community, although the news may be limited in amount, it qualifies as one of general circulation.

4482.5. Contracts for county printing—price limit. It is hereby made the duty of the county commissioners of the several counties of the state of Montana to contract with some newspaper, printed and published at least once a week, and of general bona fide and paid circulation with second class mailing privilege, printed and published within the county, and having been printed and published continuously in such county at least twelve months immediately preceding the awarding of such contract, to do and perform all the printing for which said counties may be chargeable, including all legal advertising required by law to be made, blanks, blank books, election supplies, loose leaf forms, official publications, and all other printed forms required for the use of such counties at not more than the prices specified in sections 4482.6 to 4482.21, inclusive. [En. Sec. 1, Ch. 118, L. 1937.]

4482.6. Official publications and legal advertising. For every folio or fraction thereof, not more than one dollar and fifty cents shall be paid for the first insertion thereof, and not more than fifty cents per folio for each subsequent insertion thereof, required by law to be made. For rule and figure work, not more than two dollars per folio or fraction thereof, for the first insertion, and not more than fifty cents per folio for each subsequent insertion thereof, required by law to be made.

That for the purpose of establishing a basis of folio measurement, one standard newspaper column, when set in the following mentioned type size, shall constitute a folio: 12 lines of solid six point, or approximately one hundred words; fourteen lines of solid seven point, or approximately one hundred words; fifteen lines of solid eight point, or approximately one hundred words; seventeen lines of solid nine point, or approximately one hundred words; seventeen lines of solid ten point, or approximately one hundred words.

For the purpose of determining the different sizes of type hereinbefore mentioned, the following point system measurements as universally used by the graphic arts industries shall prevail: Computing seventy-two points to a linear column inch, there shall be twelve lines of solid six point; 10.285 lines of solid seven point; nine lines of solid eight point; eight lines of solid nine point; 7.2 lines of solid ten point to each column inch.

For rule and figure work the basis for determination of this style shall be not less than two justifications. [En. Sec. 2, Ch. 118, L. 1937.]

Such contract for printing shall extend for a period of not more than two years. All newspapers which may receive any contract for printing under this act and which may not be able to execute any part of such contract shall be required to sublet such contract or portion of contract to some newspaper or printing establishment within the state, which shall do the work under the contract so sub-let entirely within the state with Montana labor. orize and permit the use of any county highway or road machinery or equipment, when not in use in any rural district, in connection with the construction, repair and maintenance of streets, avenues and alleys within any incorporated city or town of four thousand population or less located in such county. [En. Sec. 1, Ch. 157, L. 1939.]

4505.1. Noxious weeds enumerated—nuisance—provision against. Each of the plants mentioned in this section is hereby declared to be a noxious weed and a common nuisance. No person residing in, or owning land within an organized irrigation district, co-partnership, corporation, company, irrigation district, or drainage district owning, occupying or controlling land shall permit any Canadian thistle, quack grass, perennial sow thistle, wild morning glory, perennial milk weed, Russian knap weed and white top to come to bloom thereon. [En. Sec. 2, Ch. 41, L. 1937.]

4506. "Noxious weeds" defined—nuisance. [Repealed Sec. 19, Ch. 195, L. 1939.]

4506.1. Definitions.

(a) noxious weeds. The Canadian thistle (*cirsium arvense* (L.) Scop.), wild morning glory or bindweed (*convolvulus arvensis* L.) white top (*lepidium draba* L.), leafy spurge (*euphorbia virgata* waldst. and kit.), Russian knapweed (*centaurea pteris pallas.*), and such other weed or weeds as may be defined and designated as a noxious weed by the board of county commissioners of each county, is hereby declared to be a noxious weed and a common nuisance. Such noxious weeds are hereinafter referred to as "weeds."

(b) Noxious weed seed. The seed of any noxious weed is hereby declared a common nuisance. Such noxious weed seed is hereinafter referred to as "seed" or "seeds."

(c) Weed control and weed seed extermination districts. The area included within the boundaries of any organized weed control and weed seed extermination district shall hereinafter be referred to as the "district."

(d) Weed control and weed seed extermination district supervisors. The three persons appointed by the board of county commissioners to supervise the weed control and weed seed extermination within the county shall be referred to as the "supervisors".

(e) The board of county commissioners. The board of county commissioners shall be referred to as the "commissioners". [En. Sec. 1, Ch. 195, L. 1939.]

4506.2. Growth of noxious weeds unlawful. It shall be unlawful to permit any noxious weed, as named in this act, or designated by the board of county commissioners of the respective county, to go to seed on any lands within the area of any district. This section shall apply to all persons, co-partnerships, corporations or companies owning, occupying or controlling lands, easements, or right-of-ways, as well as all county, state and federal owned and controlled highways, and also all drainage and irrigation ditches, spoil banks, barrow pits and right-of-ways for canals and laterals within the district. [En. Sec. 2, Ch. 195, L. 1939.]

4506.3. Quarantine against introduction of noxious weed seed and farm products conveying the same. Whenever the supervisors have reason to

believe that farm products, including seed, which will cause the spread of noxious weeds, are about to be introduced into the county, the said supervisors shall declare an embargo against the importation of such farm products and seeds into such county. [En. Sec. 3, Ch. 195, L. 1939.]

4506.4. Quarantine against introduction of noxious weed seed from other states. Whenever the governor of the state has good reason to believe that shipments of grain, plants, seed, tubers, nursery stock or fruit containing noxious weed seed or plants dangerous or inimical to the horticultural or agricultural industries are about to be introduced into the state, he shall, by proclamation, declare an embargo against the importation or shipment of any such grain, plants, tubers, nursery stock, seed or fruit into the state except under such restrictions as he, after consulting the commissioner of agriculture, may deem proper. [En. Sec. 4, Ch. 195, L. 1939.]

4506.5. Creation of weed control and weed seed extermination districts. When a petition signed by twenty-five per cent (25%) of the freeholders of any proposed district, outside of any incorporated town or city of the county, is presented to the commissioners of such county, asking for the creation of a weed control and weed seed extermination district, the commissioners shall set a day for a hearing of the same and order notice thereof to be given to all persons interested, as is hereinafter provided. Said petition shall set forth the boundaries of the district and the legal description of each piece of land within the same, together with the record owner thereof. [En. Sec. 5, Ch. 195, L. 1939.]

4506.6. Notice of hearing. Notice of such hearing shall be mailed, by registered letter, to each landowner within the proposed district, at his last known address. The address of the land owner as set forth in the conveyance by which he secured title, provided such conveyance contains his address, shall be deemed his last known address, unless by affidavit it shall appear that the landowner has another address. If no known address appears, service shall be deemed complete upon publication as hereinafter provided for. Such notice shall also be posted in three public places within the district and be published in the newspaper published nearest the district for two weekly issues, and such posting, mailing and first publication shall be at least ten (10) days before the date of hearing. [En. Sec. 6, Ch. 195, L. 1939.]

4506.7. Hearing on petition. At such a hearing, any landowner may file his written objections to the creation of the district. If landowners, owning fifty-one per cent (51%) of the agricultural land within the district, shall file written consent for the creation of the district, the commissioners shall proceed to hear the said petition, and if, in their judgment, the creation of the said district is desirable and for the best interest of all persons interested, they shall, by an order duly made and entered on their minutes, declare the district created, setting forth the name and boundaries of the district and the land contained therein. [En. Sec. 7, Ch. 195, L. 1939.]

4506.8. Weed control and weed seed extermination districts within corporate limits of cities and towns. Twenty-five landowners within the incorporated limits of any city or town may present a like petition to the

council of said city or town, and the said city or town council shall have authority to create weed control and weed seed extermination districts within the city or town in like manner as herein provided for in the creation of weed control and weed seed extermination districts within the county. [En. Sec. 8, Ch. 195, L. 1939.]

4506.9. Appointment of weed control and weed seed extermination supervisors—term of office—compensation. The commissioners shall have authority to appoint a board of weed control and weed seed extermination supervisors, consisting of three members, who shall be appointed annually for each county in which a city, town, or county weed control and weed seed extermination district is created. Said supervisors shall be public officers, and they shall organize by choosing a chairman and a secretary. The secretary may or may not be a member of the board. All such supervisors shall serve without pay, except such expenses for mileage and per diem as shall be fixed by the commissioners. The supervisors may employ suitable and competent persons as assistants and employees as may be necessary and provide for their compensation. It shall be the duties of said supervisors to supervise within the districts of there county the extermination or control program as promulgated by the commissioners. [En. Sec. 9, Ch. 195, L. 1939.]

4506.10. Inspection of premises—notice to occupant—possession. Where complaint has been made and the supervisors have reason to believe that noxious weeds described in this act are present upon the lands within their jurisdiction, in violation of the law, they shall forthwith inspect the premises, and if such weeds are found, they shall cause written notice to be served on the person permitting the same, directing him to comply with the provisions of this act, within a period of time specified in said notice. [En. Sec. 10, Ch. 195, L. 1939.]

4506.11. Destruction of weeds by supervisors if notice not observed—collection of cost. If the notice be not obeyed within the time specified in the notice, the supervisors shall forthwith destroy and exterminate such weeds and make report thereof to the county clerk, with a verified, itemized account of their services, and expenses in so doing, and a description of the lands involved, and shall include in said account the necessary cost and expense of chemicals, man hours of labor and equipment employed, at a rate paid, in the immediate vicinity, for farm labor per day and for equipment used for an eight hour day. Such expenses shall be paid by the county out of the "noxious weed fund", and unless the sum, to be repaid by the owner or occupant, is not repaid before October 15th next ensuing, the county clerk shall certify the amount thereof, with the description of the premises to be charged, and shall extend the same to the assessment list of the said county, as a special tax on said land, but if the land for any reason be exempt from general taxation, the amount of such charge may be recovered by direct claim against the state or the county for state or county owned lands. When such taxes are collected, they shall be credited to the "noxious weed fund". In destroying and exterminating such weeds, the supervisors are authorized to take possession and control of any infested tract of land, within their districts, together with any fences or ditches thereon, and to move any fence or ditch where

necessary in order to better conduct the control work and process of extermination as may be necessary. If any fence or ditch be moved, the same shall be replaced upon completion of the extermination work, if requested by the landowner. [En. Sec. 11, Ch. 195, L. 1939.]

4506.12. Destruction of weeds mingled with crop. When noxious weeds are intermixed with a growing crop within the district, so that the field is a menace to the district, the supervisors shall have power to order the destruction of the same or such parts thereof as may be necessary. The supervisors may go upon the land infested with the noxious weeds for any purpose necessary to such enforcement, provided, however, that it shall be the duty of the supervisors to confer with the commissioners as a board of arbitration, who, when they deem it proper, may extend for one year the order for destruction of the crop containing the noxious weeds. [En. Sec. 12, Ch. 195, L. 1939.]

4506.13. Creation of noxious weed fund by county commissioners—expenditure thereof. The board of county commissioners of any county in this state may create a noxious weed control and weed seed extermination fund, either by appropriating money from the general fund of the county, or at any time fixed by law for levy and assessment of taxes, levy a tax not exceeding one mill on the dollar of total taxable valuation in such county, the proceeds of which shall be used solely for the purpose of promoting the control of noxious weeds or extermination of weed seed in said county and shall be designated the “noxious weed fund”. This fund shall be kept separate and distinct by the county treasurer, and shall be expended by the commissioners at such time, and such manner, as is by said supervisors deemed best to secure the control and extermination of noxious weeds and weed seed. Warrants upon such fund may be drawn by the supervisors and countersigned by the commissioners. [En. Sec. 13, Ch. 195, L. 1939.]

4506.14. Furnishing of materials. If any landowner desires to control the weeds and exterminate the weed seed on his own lands, in accordance with the notice of the supervisors, he may make application to the supervisors for the necessary chemicals, equipment and material necessary to enable him to control the weeds and exterminate the weed seed. Upon such application the supervisors shall certify to the commissioners the amount of such chemicals, equipment and material as they deem necessary, and the commissioners shall thereupon cause to be furnished to such landowner such chemicals, equipment and material, and the same shall be charged against the said landowner and his land in the manner hereinafter provided and collected as is provided for in this act. Such chemicals and material shall be paid for out of the “noxious weed fund.” [En. Sec. 14, Ch. 195, L. 1939.]

4506.15. County commissioners to control weeds and to exterminate weed seed on public highways and county owned lands in the district. It shall be the duty of the commissioners to control noxious weeds and exterminate noxious weed seed on the highways and county owned land within the confines of the district. The total cost of such control and extermination shall be paid from the “noxious weed fund”. [En. Sec. 15, Ch. 195, L. 1939.]

4506.16. Commissioners shall determine cost of control and extermination and fix the amount to be paid from the noxious weed fund. The com-

missioners shall determine and fix the cost of the control of noxious weeds and of extermination of noxious weed seed, whether the same be performed by the individual landowners or by the supervisors. In cases where the landowner controls the weeds and exterminates the weed seed, he shall present to the commissioners a duly verified claim for one-third of such cost, and when the same has been approved by the supervisors and commissioners it shall be paid to such landowner out of the "noxious weed fund". When the supervisors do the control and extermination provided for herein, one-third of the cost thereof shall be paid out of the "noxious weed fund", and the remaining two-thirds shall be charged against the land upon which weed control and extermination was had, and such two-thirds shall be repaid or collected in the manner hereinbefore provided for. [En. Sec. 16, Ch. 195, L. 1939.]

4506.17. Cooperation with other programs. The commissioners are empowered to cooperate with any state or federal aid program that becomes available. Under such a plan of cooperation the direction of the program shall be under the direct supervision of the commissioners of the county in which the program operates. Any financial aid received from the federal government in support of noxious weed control and noxious weed seed extermination shall be applied upon the landowner's part of the cost of control and extermination, or in case the landowner has paid his part of the cost, then his portion of such federal aid shall be paid to such landowner. [En. Sec. 17, Ch. 195, L. 1939.]

4506.18. Penalty for violation of act. Any person who in any manner interferes with the weed control commissioners, weed supervisor or his deputies and employees in carrying out the provisions of this act, or refuses to obey an order of the supervisors, shall be guilty of a misdemeanor and upon conviction thereof, he shall be fined not to exceed a sum of one hundred dollars (\$100.00). All fines, bonds and penalties collected under the provisions of this act shall be paid to the county treasurer of each county, and by him placed to the credit of the fund to be known as the "noxious weed fund." [En. Sec. 18, Ch. 195, L. 1939.]

4507-4513.2. [Repealed Sec. 19, Ch. 195, L. 1939.]

CHAPTER 347, CARE OF THE COUNTY POOR

4521. The board of county commissioners vested with control.

Held, that a superintendent of a county poor farm with the exclusive superintendence of which the county commissioners are charged under section 4521, Revised Codes, who was required to work only the customary eight hours a day, and who while using a county truck without permission on a private mission collided with plaintiff's automobile, was merely an employee of the county and not a "public officer." *Gagnon v. Jones et al.*, 103 M 365, 368, 62 P 2d 683.

While repeals of statutes by implication are not favored by the courts, nevertheless,

where a later Act is in conflict with a prior one on the same subject, the last controls and works an implied repeal; and under that rule held, that some of the provisions of Chapter 82, supra, are in conflict with sections 4521 et seq., Revised Codes, relative to the county poor, among them section 4521, placing the entire and exclusive superintendence of the poor in the board of county commissioners, and that such provisions are impliedly repealed by the Chapter. *State ex rel. Wilson v. Weir et al.*, 106 M 526, 535, 79 P 2d 305.

4536. Burial of deceased soldiers, sailors, marines and nurses. It shall be the duty of the board of commissioners of each county in this state to designate some proper person in the county, who shall be known as veterans' burial supervisor, preferably an honorably discharged soldier, sailor or marine, whose duty it shall be to cause to be decently interred the body of any honorably discharged soldier, sailor, marine or nurse who shall have served in the army, navy, marine corps or army nurse corps of the United States who may hereafter die. Such burial shall not be made in any burial grounds or cemetery, or in any portion of any burial grounds or cemetery, used exclusively for the burial of pauper dead; provided, (1) the expense of burial shall be the sum of one hundred fifty dollars (\$150.00), to be paid by the county commissioners of the county in which the deceased was an actual bona fide resident at the time of death, and provided (2) that the benefits hereof shall not be available in the case of any decedent whose executor, administrator or heirs waive the benefits hereof.

In the event any honorably discharged soldier, sailor, marine or nurse, who shall have served in the army or navy of the United States, and who is a resident of the state of Montana, shall die while temporarily absent from the state or county of his residence, then the provisions of this act shall apply, and the burial expenses not exceeding the amount herein specified shall be paid in the same manner as above provided, and the veterans' burial supervisor may take charge of said burial in the same manner as he would, had such deceased person died within the county of his residence.

Whenever any soldier, sailor, marine, nurse or inmate hereinbefore described shall die at any public institution of the state of Montana, other than the state soldiers' home, and burial for any cause shall not be made in the county of the former residence of the deceased, the officers of said state institution, as aforesaid, shall provide the proper burial herein prescribed except that the expense of each burial shall not exceed the sum herein allowed, which expense shall be paid by the county in which the decedent resided at the time of entry into such institution, but no such burial shall be covered by any special or standing contract whereby the cost of burial is reduced below the maximum hereinbefore fixed, to the disparagement of proper interment. [As amended Sec. 1, Ch. 163, L. 1937; Amd. Sec. 1, Ch. 52, L. 1939.]

CHAPTER 350-A, JOINT COUNTY OR REGIONAL LIBRARIES

4562.4. Joint county or regional libraries may be established. Two (2) or more counties, by action of their boards of county commissioners, may join in establishing and maintaining a joint county or regional library under the terms of a contract to which all will agree. The expenses of the joint county or regional library shall be apportioned between or among the counties concerned on such a basis as shall be agreed upon in the contract. The treasurer of one of the counties, as shall be provided in the contract, shall have the custody of the funds of the joint county or regional library; and the treasurers of the other counties concerned shall transfer quarterly to him all moneys collected for the "free library fund" in their respective counties. If the board of county commissioners of any county decides to withdraw from a joint county or regional library contract, the county shall be entitled to a division of property in the same proportions as expenses were shared. Any library district organized under the provisions hereof, may, by majority

vote of the qualified voters present and voting at a legal meeting of either of the counties which comprise said district, dissolve its cooperative existence. [En. Sec. 1, Ch. 132, L. 1939.]

4532.5. Participation by other libraries. When a joint county or regional library shall have been established, the legislative body of any governmental unit therein that is maintaining a library may decide, with the concurrence of the board of trustees of its library, to participate in the joint county or regional library; after which, beginning with the next fiscal year of the county, the governmental unit shall participate in the joint county or regional library and its residents shall be entitled to the benefits of the joint county or regional library, and property within its boundaries shall be subject to taxation for joint county or regional library purposes. A governmental unit participating in the joint county or regional library may retain title to its own property, continue its own board of library trustees, and may levy its own taxes for library purposes; or, by a majority vote of the qualified electors, a governmental unit may transfer, conditionally or otherwise, the ownership and control of its library, with all or any part of its property, to another governmental unit which is providing or will provide free library service in the territory of the former, and the trustees or body making the transfer shall thereafter be relieved of responsibility pertaining to the property transferred. [En. Sec. 2, Ch. 132, L. 1939.]

4562.6. Trustees—term—vacancies—expenses—removal. In a joint county or regional library district the board of five trustees shall be appointed by the joint action of all the county commissioners in the district. The first appointments or elections shall be for terms of one (1), two (2), three (3), four (4), and five (5) years respectively, and thereafter a trustee shall be appointed or elected annually to serve for five (5) years. Vacancies shall be filled for unexpired terms as soon as possible in the manner in which members of the board are regularly chosen. A trustee shall not receive a salary or other compensation for services as trustee, but necessary expenses actually incurred shall be paid from the library fund. A library trustee may be removed only by vote of the legislative body. [En. Sec. 3, Ch. 132, L. 1939.]

4562.7. Appropriations and taxes for library support—expenditures. After a joint county or regional library shall have been established or library service contracted for, the legislative body of the governmental unit for which the library was established or the service engaged, shall appropriate money annually for the support of the library and so far as possible, the taxes levied and collected for this purpose shall be levied and collected within the territory to be served. The board of trustees shall have the exclusive control of expenditures from the fund subject to any examination of accounts required by the state and money shall be paid from the fund only upon vouchers of the board of trustees, without further audit. The board shall not make expenditures or incur indebtedness in any year in excess of the amount of money appropriated and available for library purposes. [En. Sec. 4, Ch. 132, L. 1939.]

4562.8. Commissioners to levy library taxes. The board of county commissioners of each county that has joined in the establishment of a joint

county or regional library as provided for in this act shall annually levy a tax equivalent to the tax which may be levied for a county library as provided in section 4568, revised codes of Montana, 1935. [En. Sec. 5, Ch. 132, L. 1939.]

4562.9. Qualifications of librarian. The librarian of a joint county or regional library shall have the qualifications required by Montana law for county librarians and shall come under the same minimum salary regulation. [En. Sec. 6, Ch. 132, L. 1939.]

CHAPTER 353, RURAL IMPROVEMENT DISTRICTS

4584. Assessment of property—apportionment of costs—railroads. To defray the cost of making any of the improvements provided for in this act, the board of county commissioners shall adopt the following method of assessment: The board of county commissioners shall assess the entire cost of such improvements against the entire district and each lot or parcel of land assessed in such district to be assessed with that part of the whole cost which its area bears to the area of the entire district, exclusive of streets, avenues, alleys and public places; provided, however, that the board of county commissioners in its discretion shall have the power to pay the whole or any part of the cost of any street, avenue or alley intersection out of any funds in its hands available for that purpose, or to include the whole or any part of such costs within the amount of the assessment to be paid by the property in the district. In order to apportion the cost of any of the improvements herein provided for, between the corner lots and inside lots of any block, the board of county commissioners may, in the resolution creating any improvement district, provide that whenever any of the improvements herein provided for shall be along any side street or abutting upon the side of any corner lot or block, that the amount of the assessment against the property in said district to defray the cost of such improvements shall be so assessed that each square foot of the land embraced within any such corner lot shall bear double the amount of the cost of such improvement that a square foot of any inside lot shall bear. Whenever any portion of the surface of a street is kept or used by any person, firm or corporation for railroad or for street railway purposes the cost and expense of making such improvements between the rails and for one foot on each side thereof shall be paid by the person, firm or corporation owning such railroad, and where double tracks of railroads are laid, such person, firm or corporation shall pay the costs of making such improvement or improvements between such tracks and between all switches and spurs. [As amended Sec. 1, Ch. 53, L. 1939.]

CHAPTER 354, CLAIMS AGAINST COUNTIES—COUNTY WARRANTS

4605.1. Request for bids necessary in making purchases exceeding one thousand dollars.

Held, that section 4605.1, Revised Codes, requiring boards of county commissioners to advertise for bids for the purchase of automobiles, trucks, road machinery, "or supplies of any kind", and letting contracts in excess of \$1,000, "to the lowest

and best responsible bidder", has no application to the letting of contracts for county printing, that subject being specifically covered by sections 4482 et seq. State v. Board of County Comms., 106 M 251, 255 et seq., 76 P 2d 648.

Id. Held, that words "or supplies of any kind", found in section 4605.1, Revised Codes, relating to the duty of the boards of county commissioners to call for bids where the money to be expended exceeds \$1,000, relate to the things immedi-

ately preceding them, i. e., automobiles, trucks or other vehicles, machinery, equipment or materials used in connection with them, and not to the matter of county printing.

CHAPTER 355, COUNTY BUDGET SYSTEM

4613.1. County budget—estimates by county officers of revenues and expenditures—form of estimates—penalty for failure to file.

A writ of mandate directing the county commissioners to pay drainage district assessments which in effect were judgments against the county for benefits to its highways, held improper where the county had no funds with which to make payment and the only feasible way to make payment was through the issuance of emergency warrants authorized by the Budget Law; such warrants could only be issued by the county clerk and the chairman of the board, and hence the writ directed the commissioners to do an act which it was beyond their legal power to do, and was

therefore of no effect. *State v. Board of County Commrs. et al.*, 100 M 581, 588, 51 P 2d 635.

In preparing their budgets and making their tax levies boards of county commissioners must take into consideration the amount of money already available in each fund for which a levy is made. See sections 4613.1, 4613.2 and 4613.4, which declare the policy in this state to be that counties shall levy taxes only as needed. *Rogge v. Petroleum County et al.*, 107 M 36, 45, 80 P 2d 380.

4613.2. Tabulation by clerk of expenditure program—classifications—items included in.

In preparing their budgets and making their tax levies boards of county commissioners must take into consideration the amount of money already available in each fund for which a levy is made. See sec-

tions 4613.1, 4613.2 and 4613.4, which declare the policy in this state to be that counties shall levy taxes only as needed. *Rogge v. Petroleum County et al.*, 107 M 36, 45, 80 P 2d 380.

4613.4. Hearings on budget—adoption—fixing tax levies. On the Wednesday immediately preceding the second Monday in August the county commissioners shall meet at the time and place designated in the notice provided for in section 4613.3, at which time any taxpayer may appear and be heard for or against any part of such budget. Such hearing shall be continued from day to day and shall be concluded and terminated and the budget finally approved and adopted on the second Monday in August and before the fixing of the tax levies by such board.

Upon the conclusion of such hearing the board shall first determine and fix the amount which it is estimated will accrue to each fund during the fiscal year from all sources, except the taxation of property, but in so doing the board shall not include any amount which it is anticipated may be received during the fiscal year from the payment of taxes which became delinquent during any preceding fiscal year, or years. The board shall then determine and fix separately the amount appropriated for and authorized to be expended for each item in the budget and shall specify the fund or funds against which warrants are to be drawn and issued for the expenditures so authorized; provided that there shall not be added to the amount to be appropriated and authorized to be expended for any item, or to the total amount appropriated and authorized to be expended from any fund any amount or percentage whatever because of any anticipated loss of revenue by reason of the nonpayment of taxes levied for such fiscal year; and provided further that the amount appropriated and authorized to be expended for any item contained in such budget, except for capital out-

lay, election expenses, expenditures from county poor funds, and payment of emergency warrants and interest thereof, must not exceed by more than ten per centum (10%) the amount actually expended for such item under the appropriation contained in the budget approved and adopted for the fiscal year immediately preceding, and the total amount appropriated and authorized to be expended from any fund, except for capital outlay, election expenses and payment of emergency warrants and interest thereon, shall not exceed by more than ten per centum (10%) the total amount actually expended for all purposes, except for capital outlay, election expenses, expenditures from county poor funds, and payment of emergency warrants, from such fund under the appropriation made from such fund in the budget approved and adopted for the fiscal year immediately preceding; provided further that the foregoing limitations shall not apply to appropriations and expenditures authorized to be made from the county poor fund for payment of bonds and emergency warrants and interest thereon; and provided further that the total expenditures authorized to be made from any fund, including reserve added thereto as hereinafter provided, shall not, in any event, exceed the aggregate of the cash balance in such fund at the close of the fiscal year immediately preceding, the amount of estimated revenues to accrue to such fund, as determined and fixed in the manner herein provided, and the amount which may be raised for such fund by a lawful tax levy during the fiscal year.

The board shall then determine and fix the amount to be raised for each fund by tax levy by adding together the cash balance in the fund at the close of the fiscal year immediately preceding and the amount of the estimated revenues, if any to accrue thereto during the current fiscal year, as before ascertained and determined, and then deducting the total amount so obtained from the total amount of the appropriations and authorized expenditures from the fund as determined and fixed by said board, the amount remaining being the amount necessary to be raised for the fund by tax levy during the current fiscal year; provided that the board may add to the amount so found necessary to be raised for any fund by tax levy during the current fiscal year, an additional amount as a reserve to meet and care for expenditures to be made from such fund during the months of July to November, inclusive, of the next ensuing fiscal year under the annual budget to be thereafter adopted for such next ensuing fiscal year, but the amount which may be so added to any fund, as such reserve for such purpose, shall not exceed one-third of the total amount appropriated and authorized to be expended from such fund during the current fiscal year, after deducting from the amount of such appropriations and authorized expenditures the total amount, if any, therein appropriated and authorized to be expended for election expenses and payment of emergency warrants; provided further that the total amount, to be raised by tax levy for any fund, during such current fiscal year, including the amount of such reserve and any amount for payment of election expenses and emergency warrants, must not exceed the total amount which may be raised for such fund by a tax levy which does not exceed the maximum levy permitted by law to be made for such fund.

The budget as finally determined, in addition to setting out separately each item for which any appropriation or expenditure is authorized and

the fund out of which the same is to be paid, shall set out the total amount appropriated and authorized to be expended from each fund, the cash balance in the fund at the close of the last preceding fiscal year, the amount, if any, which it is estimated will accrue to the fund from sources other than taxation, the reserve, if any, for the next ensuing fiscal year, and the amount necessary to be raised for each fund by tax levy during the current fiscal year. The board shall then by resolution approve and adopt the budget as so finally determined and enter the same at length and in detail in the official minutes of the board.

On the second Monday in August, and after the approval and adoption of the final budget, the board of county commissioners shall fix the tax levy for each fund at such rate as will raise the amount set out in such budget as the amount necessary to be raised by tax levy for such fund during the current fiscal year, and no more; provided, that the taxable valuation of the county for the then current fiscal year shall be the basis for determining the amount of the tax levy for each fund, and each tax levy shall be at a rate no higher than is required on such basis, without including any amount for anticipated tax delinquency, to produce the amount set out in the budget without including any amount for anticipated tax delinquency, as being the amount to be raised by tax levy, and shall be made in the manner provided by section 2148.1, revised codes of Montana, 1935.

The county clerk and recorder shall, not later than the fifteenth day of September following, forward a full, complete, itemized and detailed copy of the final budget, together with the tax levies made therefor, to the state examiner. If any county clerk and recorder shall fail, refuse, or neglect to forward such copy of the budget to the state examiner within such time, the state examiner shall, before the first day of October immediately following, notify the board of county commissioners of such county that such copy of budget has not been forwarded to him by the county clerk and recorder, and such board of county commissioners must thereupon withhold from said county clerk and recorder his salary for the month of September until such time as such county clerk and recorder shall file with such board a receipt from the state examiner showing the receipt by him of such copy. [As amended Sec. 1, Ch. 98, L. 1937.]

In preparing their budgets and making their tax levies boards of county commissioners must take into consideration the amount of money already available in each fund for which a levy is made. See sections 4613.1, 4613.2 and 4613.4, which declare the policy in this state to be that counties shall levy taxes only as needed. *Rogge v. Petroleum County et al.*, 107 M 36, 45, 80 P 2d 380.

NOTE.—That provision of Chapter 98, Laws of 1937, (this section as amended)

which prevents the county commissioners in fixing the tax levy to include in the annual budget any amount for anticipated tax delinquency is unconstitutional in that it impairs the bond obligations contracted prior thereto and also violates Section 8 of Article XII of the Montana Constitution in that it prevents the levy of taxes for the payment of the obligations of the county. Attorney General's Opinions, No. 69, Vol. 18.

4613.6. Emergency expenditures—notice and hearings—objections by taxpayers—appeal—notice and hearing dispensed with in extreme cases—emergency warrants—tax levy—lapse of appropriations.

CHAPTER 356, COUNTY FINANCES, BONDS AND WARRANTS

4622.1. Investment of sinking funds of counties, cities and towns—protection and keeping of securities. That the board of county commissioners of any county of the state of Montana, and the council or commission of any city or town of the state of Montana, shall have the power and authority and shall invest so much of the bond sinking funds of any such county, city or town, as is not needed for the payment of bonds or interest coupons, in United States government bonds or securities, state bonds or securities, county, city or school district bonds or county or city warrants or other bonds or securities which are supported by general taxation, except irrigation district bonds, and special improvement district or maintenance district bonds or warrants, provided, however, that all such investments must first be approved by the state examiner, and that all such bonds or securities must be due and payable at least sixty (60) days before the obligations, for the payment of which the sinking fund was established, shall become due and payable; and provided further, that whenever any of the bonds, for which such sinking fund was established, are not yet due but are then redeemable under optional provisions thereof, such sinking funds shall not be subject to investment but shall be used and applied in payment and redemption of such bonds. The bonds and securities in which any such sinking funds are invested shall be kept in the custody of the county, city or town treasurer and held by him for the benefit of the county, city or town, as the case may be. It shall be the duty of such treasurer to properly protect such bonds and securities by insurance, the use of safety deposit boxes, or other means, the expense of which shall be a proper charge against the particular county, city or town. All moneys derived from interest on sinking fund investments as herein authorized, shall be credited by the treasurer of such county, city or town, to the sinking fund for which the investment was made. [As amended Sec. 1, Ch. 37, L. 1939.]

4630.1. Board of county commissioners may issue bonds for certain purposes. The board of county commissioners of every county of the state is hereby vested with the power and authority to issue, negotiate and sell coupon bonds on the credit of the county, as hereinafter in this act more specifically provided, for any of the following purposes:

Subdivision (a). For the purpose of acquiring land for sites and grounds for a public building or buildings of any kind within the county and under its control, which the county has lawful authority to acquire or erect, control and maintain; for the purpose of acquiring land for any other public use or activity within the county, under its control and authorized by law.

Subdivision (b). For the purpose of constructing, erecting or acquiring by purchase necessary public buildings within the county, under its control and authorized by law, making additions to and repairing buildings and for the purpose of furnishing and equipping the same.

Subdivision (c). For the purpose of acquiring rights of way for and constructing public highways and bridges, or either of them.

Subdivision (d). For the purpose of enabling a county to liquidate its indebtedness to another county incident to the creation of a new county or the changing of any county boundary line.

Subdivision (e). For the purpose of funding, paying and retiring outstanding county warrants lawfully issued against the county general fund, road fund, bridge fund or poor fund, when there is not sufficient money in the fund against which such warrants are drawn to pay and retire such warrants and the levying of taxes sufficient to pay and retire such warrants within a period of three (3) years would, in the judgment of the board of county commissioners, work a hardship and be an undue burden upon the taxpayers of the county.

Subdivision (f). For the purpose of refunding, paying and redeeming optional, redeemable or maturing bonds when there are not sufficient funds available to pay such bonds and it is deemed for the best interests of the county to refund such bonds.

Subdivision (g). For the purpose of funding, paying and retiring outstanding seed grain warrants lawfully issued under the provisions of section 4651, and for the purpose of funding, paying and retiring outstanding special relief warrants lawfully issued under the provisions of section 4692, when there is not sufficient money available to pay such warrants and the levying of special taxes sufficient to pay the same within a period of three (3) years would, in the judgment of the board of county commissioners, work a hardship and be an undue burden upon the taxpayers of the county.

Subdivision (h). For the purpose of funding, paying in full or compromising, settling and satisfying any judgment which may have been rendered against the county in a court of competent jurisdiction, when there are not sufficient funds available to pay such judgment and when sufficient money cannot be raised to satisfy such judgment by an annual tax levy of ten (10) mills levied on all the taxable property within the county through a period of three (3) years.

The resolution providing for the issue of such bonds must recite the facts concerning the judgment to be funded and the terms of any compromise agreement which may have been entered into between the board of county commissioners and the judgment creditor.

Subdivision (i). Whenever the total indebtedness of a county exceeds the constitutional limitation of five per centum (5%) of the value of the taxable property therein and the board of county commissioners of said county finds and determines that the county is unable to pay and discharge such indebtedness in full, the said board of county commissioners shall have the power and authority to negotiate with the holders of the bonds of said county for an agreement or agreements whereby said bondholders agree to accept less than the full amount of such bonds and the accrued unpaid interest thereon in full payment and satisfaction thereof, to enter into such agreement or agreements and to issue refunding bonds for the amount agreed upon. These bonds may be issued in more than one series if the circumstances so require and each series may be either amortization bonds or serial bonds.

The plan agreed upon between the board of county commissioners and the bondholders shall be embodied in full in the resolution providing for the issue of such bonds. [As amended Sec. 1, Ch. 135, L. 1937.]

4630.3. Limitation on amount of bonds—issuance in excess of limitations void. No county shall issue bonds for any purpose which, with all

outstanding bonds and warrants, except county high schools bonds and emergency bonds, will exceed two and one-half per centum ($2\frac{1}{2}\%$) of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the issuance of such bonds; provided, however, that a county may issue bonds which, with all outstanding bonds and warrants will exceed two and one-half per centum ($2\frac{1}{2}\%$), but will not exceed five per centum (5%) of the value of such taxable property, when necessary to do so for the purpose of replacing, rebuilding, or repairing county buildings, bridges or highways which have been destroyed or damaged by an act of God, disaster, catastrophe, or accident, or when necessary to do so for the purpose of acquiring land for a site for county high school buildings and for erecting or acquiring buildings thereon and furnishing and equipping the same for county high school purposes; provided, however, that this act shall not be construed to extend limitations on bonded indebtedness for county high school purposes, as fixed by section 1262.14, and acts amendatory thereof; and further provided, that the foregoing limitations shall not apply to refunding bonds issued for the purpose of paying or retiring county bonds lawfully issued prior to January 1, 1932. All bonds issued by any county in excess of the limitations herein fixed shall be null and void. The words "value of the taxable property", as used in this section, are used in the same sense as in Section 5 of Article 13, of the constitution, and shall be given the same meaning and construction. [As amended Sec. 2, Ch. 135, L. 1937.]

4630.4. Term of bonds—power to redeem—maximum interest. No bonds issued for any of the purposes designated in subdivisions (a), (b), or (c), of section 4630.1, shall be for a longer term than twenty (20) years; no bonds issued for any of the purposes designated in subdivisions (d), or (e), of section 4630.1, shall be for a longer term than ten (10) years.

The following limitations as to term shall apply to all bonds issued under subdivision (f) of section 4630.1: No bonds issued to refund bonds issued later than June 30, 1923, shall be issued for a longer term than the unexpired term of the bonds to be refunded; no bonds issued to refund bonds issued prior to June 30, 1923, shall be for a longer term than ten (10) years unless this term will require an annual tax levy for the repayment of such bonds exceeding ten (10) mills on all the property subject to taxation in the county in which case the term may be so extended as to reduce the required annual tax levy to ten (10) mills, provided, however, that the term shall not under any circumstances exceed twenty (20) years.

No bonds issued for any of the purposes designated in subdivision (g) of section 4630.1 shall be for a longer term than five (5) years.

Bonds issued for any of the purposes designated in subdivisions (h) and (i) of section 4630.1 shall not be for a longer term than will be required to repay the bonds with interest through a tax levy of ten (10) mills on all the property within the county subject to taxation and the term shall not in any case exceed twenty (20) years. The length of the term required shall be estimated and calculated by the board of county commissioners based upon the percentage of valuation of the property upon which taxes are levied and paid within such county as ascertained from the last completed assessment for state and county taxes taking into account probable changes in the taxable valuation and losses in tax collections, provided,

however, that irrespective of any miscalculation by the county commissioners in fixing the term of the bonds the county must from year to year make a sufficient tax levy to pay the interest and installments on principal on the bonds as the same fall due.

All bonds issued for a longer term than five (5) years shall be redeemable at the option of the county five (5) years from the date of issue and on any payment due date thereafter before maturity if stated on the face of the bonds. The maximum rate of interest which any of such bonds may bear shall be six per cent (6%) per annum and shall be payable semi-annually. [As amended Sec. 3, Ch. 135, L. 1937.]

4630.6. Bonds issued for certain purposes may be issued without holding an election. Bonds issued for the purpose of enabling a county to liquidate its indebtedness to another county incident to the creation of a new county or the changing of a county boundary line; for the purpose of funding, paying and retiring outstanding county warrants issued prior to January 1, 1937; provided, that bonds issued for funding warrants shall not be in a greater amount than the amount of the warrants of such county outstanding on July 1st, 1931; for the purpose of refunding, paying and redeeming optional, redeemable or maturing bonds issued prior to January 1, 1932; for the purpose of funding seed grain warrants and special relief warrants; for the purpose of funding, paying in full, or compromising, settling and satisfying any judgment which may have been rendered against the county in a court of competent jurisdiction; and for the purpose of refunding any bonds for which the holders have agreed to accept less than the full amount of principal and interest in full payment and satisfaction; as set forth in subdivisions (d), (e), (f), (g), (h) and (i), of section 4630.1, may be issued without submitting the same to an election. In order to issue bonds for any of said purposes it shall only be necessary for the board of county commissioners, at a regular or duly called special meeting, to pass and adopt a resolution setting forth the facts in regard to the indebtedness to be paid or bonds to be refunded, showing the reason for issuing such bonds and fixing and determining the details thereof, giving notice of the sale thereof in the same manner that notice is required to be given of the sale of bonds authorized at an election, and then following the procedure prescribed in this act for the sale and issuance of such bonds.

All bonds sold without submitting the question of their issue to an election, as herein authorized, shall be sold at open competitive bidding, but all sealed and written bids submitted for the purchase of such bonds shall be considered the same as open bids. [As amended Sec. 4, Ch. 135, L. 1937.]

4630.10. Notice of election—election hours—election officers.

NOTE.—The operation of this section is affected by section 5199.3 of this supplement.

4630.12. Who are entitled to vote—closing registration—lists of electors—poll books. In all county bond elections hereafter held only qualified registered electors residing within the county, who are taxpayers upon property therein and whose names appear upon the last completed assessment roll for state, county and school district taxes, shall have the right to vote. Upon the adoption of the resolution calling for the election, the county clerk must cause to be published in the official newspaper of the

county a notice, signed by him, stating that registration for such bond election will close at noon on the fifteenth day prior to the date for holding such election and at that time the registration books shall be closed for such election. Such notice must be published at least ten (10) days prior to the day when such registration books will be closed.

After the closing of the registration books for such election the county clerk shall promptly prepare lists of the registered electors of such voting precinct, who are taxpayers upon property within the county and whose names appear on the last completed assessment roll for state, county and school district taxes, and who are entitled to vote at such election, and shall prepare poll books for such election, as provided in section 568 of the revised codes of Montana for 1935, and deliver the same to the judges of election prior to the opening of the polls. It shall not be necessary to publish or post such list of qualified electors. [As amended Sec. 1, Ch. 138, L. 1939.]

4630.29. Redemption of bonds before maturity. Whenever there is available money in any sinking and interest fund, over and above the amount required for payment of principal and interest, becoming due on the next interest payment date, sufficient to pay and redeem one or more of the outstanding bonds, or coupons in the case of amortization bonds, of the issue or series to which such sinking and interest fund belongs, and such bonds are held by the state of Montana, the county treasurer must apply such available money in payment of as many of such bonds, or coupons in the case of amortization bonds, as the same will pay. Not less than fifteen (15) days before the next interest payment date, the county treasurer must give notice to the state board of land commissioners that on such interest payment date such bond or bonds, or coupon or coupons, will be paid, and the county treasurer, before such interest payment date, must remit to the state treasurer the amount required to pay such bond or bonds, with the interest thereon, or amortization bond coupon or coupons. Upon receipt of such amount the state treasurer must cancel such bond or bonds and all unpaid interest coupons attached thereto, and the coupons paid in the case of amortization bonds, and return the same, with his receipt, to the county treasurer.

Whenever there is available money in any sinking and interest fund, over and above the amount required for payment of principal and interest becoming due on the next interest payment date, sufficient to pay and redeem one or more outstanding optional bonds or coupons in the case of amortization bonds of the issue or series to which such sinking and interest fund belongs, and which bonds or coupons are not yet due but are then redeemable or will become redeemable on the next interest payment date, and such bonds or coupons are not held by the state of Montana, the county treasurer must apply such available money in payment and redemption of as many of such bonds or coupons in the case of amortization bonds as

the same will pay and redeem. The county treasurer must give notice to the holder of such bond, bonds, or coupons, if known to him, or to any bank or financial institution at which such bonds or coupons are payable, at least fifteen (15) days before the next interest payment date, that such bonds and coupons will be paid and redeemed on such date. The county treasurer must also publish in the official newspaper of the county, once a week for two (2) consecutive weeks immediately preceding such interest payment date, a notice that such bond, bonds, or coupons have been called in for redemption and will be paid in full on such interest payment date. If such bonds or coupons are payable at some bank or financial institution the county treasurer must remit to such bank or financial institution, before such interest payment date, an amount sufficient to pay and redeem such bonds or coupons. If such bonds are not presented for payment and redemption on such interest payment date interest thereon shall cease on such date.

All bonds or amortization bond coupons paid and redeemed under the provisions of this section must be paid and redeemed in the numerical order in which the same were issued or become due. [As amended Sec. 1, Ch. 46, L. 1939.]

4630.30. Investment of sinking and interest fund. Whenever there is available money in any sinking and interest fund, over and above the amount required for payment of principal and interest becoming due on the next interest payment date, sufficient to pay and redeem one or more outstanding bonds of the issue or series to which such sinking and interest fund belongs, and such bonds are not held by the state of Montana and are not yet redeemable or due, the county treasurer, at the direction of the board of county commissioners, shall purchase such bond or bonds of such issue or series, if this can be done at not more than par and accrued interest, or at such reasonable premium as the board may feel justified in paying, not in any case exceeding five per centum (5%).

When any bonds have been heretofore or are hereafter purchased with any sinking and interest fund moneys under the provisions of this section such bonds, with attached interest coupons, if not then in the possession of the county treasurer, shall be immediately delivered to him, and such county treasurer shall at once endorse across the face of each such bond the word "paid" and the date thereof and shall sign such endorsement, and such treasurer shall, without detaching the same, cancel each interest coupon attached to such bonds by endorsing across the face thereof the word "cancelled" and the date thereof and shall sign such endorsement. After making such endorsements on such bonds and coupons the county treasurer shall enter on the record of registration thereof the date such bonds and coupons were so endorsed by him as being paid and cancelled, with the numbers and amounts thereof and the dates when the same would have become due and payable if they had not been so purchased. The county treasurer shall then deliver such bonds, with the cancelled coupons attached, to the county clerk with a report showing the numbers thereof and the amount paid on the purchase thereof, and the county clerk shall exhibit such bonds, with attached coupons and report, to the board of county commissioners at their next regular session.

If the board cannot purchase any of the outstanding bonds at such

reasonable price then such available money in such sinking and interest fund shall be invested by the county treasurer, under the direction of the board of county commissioners, in other bonds of the county, in warrants of the county or any other county of the state, in bonds or warrants of the state, or in bonds or treasury certificates of the United States; provided however, that such sinking and interest funds shall only be invested in such securities as will become due and payable at least sixty (60) days before the date when the bonds of the county of such series or issue will become redeemable. [As amended Sec. 2, Ch. 46, L. 1939.]

CHAPTER 360, COUNTY OFFICERS—ENUMERATION, QUALIFICATIONS, BONDS, AND GENERAL PROVISIONS

4725. County officers enumerated.

References

Gagnon v. Jones et al., 103 M 365, 368, 62 P 2d 683.

4728. County and other officers, when elected and term of office. There shall be elected in each county the following county officers who shall possess the qualifications for suffrage prescribed by the constitution of the state of Montana, and such other qualifications as may be prescribed by law:

One county clerk who shall be clerk of the board of county commissioners and ex-officio recorder; one sheriff; one treasurer, who shall be collector of the taxes; provided, that the county treasurer shall not be eligible to his office for the succeeding term; one county superintendent of schools; one county surveyor; one assessor; one coroner; one public administrator. Persons elected to the different offices named in this section shall hold their respective offices for the term of four (4) years, and until their successors are elected and qualified.

The county attorneys, county auditors, and all elective township officers, must be elected at each general election as now provided by law. The officers mentioned in this act must take office on the first Monday of January next succeeding their election, except the county treasurer, whose term begins on the first Monday of March next succeeding his election.

Vacancies in all county, township and precinct offices, except that of county commissioners, shall be filled by appointment by the board of county commissioners, and the appointee shall hold his office until the next general election; provided, however, that the board of county commissioners of any county may, in its discretion, consolidate any two or more of the within named offices and combine the powers and the duties of the said offices consolidated; however, the provisions hereof shall not be construed as allowing one (1) office incumbent to be entitled to the salaries and emoluments of two (2) or more offices; provided, further, that in consolidating county offices, the board of county commissioners shall, six (6) months prior to the general election held for the purpose of electing the afore-said officers, make and enter an order, combining any two (2) or more of the within named offices, and shall cause the said order to be published in a newspaper, published and circulated generally in said county, for a period of six (6) weeks next following the date of entry of said order. [As amended Sec. 1, Ch. 134, L. 1939.]

4741. Classification of counties.

Under the above rule, held, that section 4742, Revised Codes, requiring the various boards of county commissioners in each even-numbered year to make an order at their regular September session designating the class to which their counties belong as classified under section 4741, by the assessed valuation of the property therein, is directory only, and that therefore such an order made in February of the year 1937, instead of in September, 1936, substantially complied with the statute, no substantial rights having been impaired by the board's delay. *State ex rel. Jaumotte v. Zimmerman et al.*, 105 M 464, 471 et seq., 73 P 2d 548.

Id. The statute classifying counties according to the assessed valuation of the property therein, for the purpose of fixing salaries of county officers as well as the penalties of their bonds (sec. 4741, Rev. Codes), operates automatically to place a county in a certain class on the ascertainment of such valuation as shown from the records of the assessor's office in even-numbered years.

4742. County commissioners to designate class.

Held, that section 4742, Revised Codes, requiring the various boards of county commissioners in each even-numbered year to make an order at their regular September session designating the class to which their counties belong as classified under section 4741 by the assessed valuation of the property therein, is directory only, and

Id. Since county officers elected in 1936 were charged with the knowledge that their salaries might be changed by a reclassification of their county as provided by section 4741, Revised Codes, an Act in force since 1905, they took office subject to the contingency that their salaries might be reduced, depending upon the assessed valuation of the property in the county, and under such a state of facts the provision of section 31, Article V, of the Constitution, prohibiting the passing of a law increasing or diminishing an official's salary after his election is not violated.

Id. Held, that the salaries of all officers of Roosevelt county coming within the purview of section 4741, Revised Codes, formerly a county of the sixth class but reduced to the seventh class upon reclassification in 1936, after the first Monday in January, 1937, the date on which operations on the seventh class basis began were affected by such change as of that date, regardless of the actual date a new term of office began or the duration thereof.

that therefore such an order made in February of the year 1937, instead of in September, 1936, substantially complied with the statute, no substantial rights having been impaired by the board's delay. *State ex rel. Jaumotte v. Zimmerman et al.*, 105 M 464, 471 et seq., 73 P 2d 548.

CHAPTER 361, CONSOLIDATION OF COUNTY OFFICES

4749.7. Salary and bond of officer upon consolidation. When two or more offices are consolidated under a single officer, such officer shall receive the highest salary provided by law to be paid to any officer whose duties he is required to perform by reason of such consolidation and shall give a bond in the same amount as would have been required of such officer; provided, that where county offices are consolidated as herein above described, that the officer of the consolidated offices shall have any deputies they may appoint who shall be approved by the board of county commissioners; and provided further, that the board of county commissioners shall determine the number of deputies, stenographers and clerks the said officers may appoint. [As amended Sec. 1, Ch. 107, L. 1937.]

4767.4. Interest requirements on public deposits not to violate federal acts or regulations. The interest requirements on deposits of public funds under the laws of the state of Montana or otherwise by county, city and town treasurers shall not at any time be in violation of any act of the congress of the United States or of any rule or regulation of the federal reserve system or the federal deposit insurance corporation or any other fiscal agency of the United States or created by it, of which the banks of this state generally may be members or debtors. Held, that a board of county commissioners may under its implied powers as the governing body of the county, properly authorize the installation and maintenance of a tract index in the office of the county

clerk for the purpose of securing reliable information with relation to lands sold for taxes and facilitating the matter of making application for tax deeds. Ransom v. Pingel, et al., 104 M 119, 122, 65 P 2d 616.

4801. To record decrees of partition or affecting title to real property.

While sections 4801 and 4802, Revised Codes, provide for the recording of final judgments affecting title to real property and define the effect thereof so far as imparting constructive notice thereof to lienholders and others is concerned, they do not declare that a judgment attaches as a lien on real property only when so record-

ed; section 9410, on the other hand, providing in positive terms that a lien upon such property attaches when the judgment is docketed without making recordation of the judgment a condition precedent to its becoming a lien. *Gaines v. Van Demark*, 106 M 1, 10, 74 P 2d 454.

4802. Filing of copy to impart notice.

4880. Maximum number of deputy treasurers, assessors, auditors and county attorneys. The whole number of deputies allowed the county treasurer must not exceed in counties of the first class, two; in counties of all other classes, one; provided, that the board of county commissioners may allow such additional deputies as may be necessary during the months of November and December of each year. In counties of the first, second and third classes, assessors may be allowed one deputy, and during the months of March, April, May, June, July and August, not to exceed two additional deputies at a salary not exceeding one hundred dollars per month; in counties of all other classes assessors may be allowed one deputy during the months of March, April, May, June and July, at a salary not exceeding one hundred dollars per month. The whole number of deputies allowed to county auditors in counties of the first, second and third classes must not exceed one. The whole number of deputies allowed the county attorney in counties of the first and second classes must not exceed one chief deputy, and one deputy; and in all other counties such deputies as may be allowed

by the board of county commissioners, not to exceed one chief deputy and one deputy. [As amended Sec. 1, Ch. 97, L. 1939.]

4884. Mileage of all officers.

Mileage and traveling expenses allowed by law to a county officer (assessor) may properly be considered "earnings" within the meaning of section 9429, Revised Codes, exempting certain earnings of a judgment debtor when it appears that such earnings

are necessary for the use of his family, the word "earnings" being more comprehensive than "wages" and "salary". Williams v. Sorenson et al., 106 M 122, 127, 75 P 2d 784.

4916. Fees of sheriff. For the service of summons and complaint on each defendant, one dollar (\$1.00);

For levying and serving each writ of attachment of execution on real or personal property, one dollar (\$1.00);

For service of attachment on the body or order of arrest on each defendant, one dollar (\$1.00);

For the service of affidavit, order, and undertaking in claim and delivery, one dollar (\$1.00);

For serving a subpoena, twenty-five cents (25c) for each witness summoned;

For serving writ of possession or restitution, two dollars (\$2.00);

For trial of the right of property or damages, including all services except mileage, three dollars (\$3.00);

For taking bond or undertaking in any case authorized by law, one dollar (\$1.00);

For serving every notice, rule or order, one dollar (\$1.00), for each person served;

For copy of any writ, process or other paper when demanded or required by law, twenty cents (20c) for each folio;

For advertising any property for sale on execution or under any judgment or order of sale, exclusive of cost of publication, one dollar (\$1.00);

For the expense in taking and keeping possession of and preserving property under attachment, execution or other process, such sum as the court or judge may order, not to exceed the actual expense incurred, and no keeper must receive to exceed two dollars and fifty cents (\$2.50) per day and no keeper must be employed without an order of court, nor must he be so employed unless the property is of such character as to need the personal attention and supervision of a keeper. No property shall be placed in charge of a keeper if it can be safely and securely stored, or where there is no reasonable danger of loss.

In addition to the fees above specified, the sheriff shall receive for each mile actually traveled, in serving any writ, process, order or other paper, including a warrant of arrest, or in conveying a person under arrest before a magistrate or to jail, only his actual expenses when such travel is made by railroad, and when travel is other than by railroad he shall receive eight and one-half cents (8½c) per mile for each mile actually traveled by him both going and returning, and the actual expenses incurred by him in conveying a person under arrest before a magistrate or to jail, and he shall receive the same mileage and his actual expenses for the person conveyed or transported under order of court within the county, the same to be in full payment for transporting and dieting such persons during such transportation; provided that where more than one or more persons are

transported by the sheriff or when one or more papers are served on the same trip made for the transportation of one or more prisoners, but one mileage shall be charged.

But no mileage must be allowed on an attachment, order of arrest, order for delivery of personal property, or any other order, notice or paper, when the same accompanies the summons, and the service thereof may be made at the time of the service of the summons, unless for the distance actually traveled beyond that required to serve the summons. When two or more papers are served on the same person at the same time, or when any paper or papers are served on more than one person on the same trip, but one mileage must be allowed or charged, and in the service of subpoenas, but one mileage must be charged when the persons named therein live in the same place or in the same direction, but mileage must be charged for the longest distance actually traveled. Any writ, order or other paper for service, must be received at any place in the county where a sheriff or a deputy is found, and mileage must be computed from such place, but if papers are delivered for service away from the county seat, all necessary copies thereof must be furnished for service. When two or more officers travel in the same automobile in the discharge of any duty but one mileage shall be allowed. [As amended Sec. 1, Ch. 139, L. 1937.]

4922. Fees of coroner. The coroner is entitled to receive and collect for his own use the following fees:

For each day or fraction of day engaged in making an investigation relative to a death, whether an inquest is later held or not, the sum of five dollars (\$5.00), provided that not more than one day's fees shall be charged for making an investigation in any one case, except in counties of the first, second and third class;

CHAPTER 380, PLATS OF CITIES AND TOWNS AND ADDITIONS THERETO

4993. Small tracts must be platted, surveyed and certified before sale.

Any person who desires to subdivide and sell or transfer any tract of land in small tracts, such as orchard tracts, vineyard tracts, acreage tracts, suburban tracts, or community tracts, or small areas less than the United States legal subdivision of ten acres, must cause the same to be surveyed, platted, certified, and recorded according to the provisions of this chapter before any part or portion of the same is sold or transferred; except that it will not be necessary to comply with the provisions of this chapter relating to parks and playgrounds, and such sales or transfers must be made by reference to the plat on file and the numbers of the lots and blocks. It is unlawful for any further sales to be made without a full compliance with the provisions of this chapter, and the surveying and platting of the whole tract, showing the lots sold before the filing of the plat. [As amended Sec. 1, Ch. 5, L. 1939.]

5011. Election judges and clerks—voting places—additional boards.

The council or other governing body must appoint judges and clerks of election, and places of voting. Where the city or town is divided into wards there must be at least one voting place in each ward and there may be as many more as the council or other governing body shall fix, and the elector must vote in the ward in which he resides. In cities and towns divided into wards the election precincts must correspond with the wards, but a ward may be subdivided into several voting precincts, and when so divided the elector shall vote in the precinct in which he resides. In cities and towns operating under the commission, or the commission-manager plan of municipal government, where there are no wards for election purposes and the officers of the city or town are elected at large, the election precincts shall correspond with the election precincts in such city or town as fixed by the board of county commissioners for state and county elections, but such precincts may be by the city commission divided into as many voting precincts, to facilitate the voting and counting of the vote, as the city commission shall by ordinance provide, and the elector shall

vote in the voting precinct so designated, in which he resides. For all municipal elections the city council or other governing body may appoint a second or additional board of election judges for any voting precinct in which there were cast three hundred and fifty or more votes in the last general city election or in which council or other governing body believes as many as three hundred and fifty ballots will be cast in the next general city election, and such additional board of election judges shall have the same powers and duties, and under the same conditions, as the second or additional board of election judges for general elections appointed by boards of county commissioners under the provisions of section 587 of the Revised Codes of Montana of 1935, as amended by Chapter 61 of the Laws of the Twenty-fifth Legislative Assembly of the State of Montana. In all cities and towns where voting machines are used, the city council or other governing body must arrange the precincts so that there will be no more than six hundred votes in any voting precinct. All municipal elections must be conducted in accordance with the general laws of the state of Montana relating to such election. [As amended Sec. 1, Ch. 19, L. 1939.]

5022. Salary of treasurer. The annual salary and compensation of the treasurer must be fixed by ordinance, and must be for all services rendered by such treasurer in any capacity, (except, however, in cases where a city of the third class or a town owns and operates a public utility or utilities and receives revenue therefrom as hereafter in this section provided) and no treasurer must be allowed any percentages or fees in addition thereto. In cities of the first class, the annual salary of the treasurer must not exceed three thousand dollars, in cities of the second class must not exceed two thousand dollars, and in cities of the third class it must not exceed seven hundred dollars, and in towns it must not exceed five hundred dollars; provided, however, that where a city of the third class, or a town, shall own and operate a public utility or utilities such as water supply, water works, gas, lighting system, or utilities similar to the foregoing, and receives the revenue derived therefrom, then the treasurer of such city, or town, may be paid additional salary or compensation to be fixed by ordinance and the duties of the treasurer with reference to the collection and safe-keeping of the revenues derived from such public utility shall likewise be fixed by ordinance and the amount of such additional salary or compensation shall be in accordance with the additional duties and responsibilities placed upon the treasurer by reason of such public utility or utilities and shall be in such amount as the council may determine. 5035.1. Closing and removing inactive accounts. Whenever the council of any city or town having a corporate existence in this state, or hereafter organized under any of the laws thereof, shall deem it necessary to remove inactive accounts from its records where said accounts shall not have any further purpose, it shall be lawful for said council to direct the proper city or town officials to file claims against the respective inactive funds in favor of the general fund of said city or town, after which the council shall allow the same and cause the inactive funds to be closed and not continued in the record of active funds. [En. Sec. 1, Ch. 57, L. 1939.]

CHAPTER 383, LEGISLATIVE POWERS—POWERS OF CITY COUNCILS—ORDINANCES—INITIATIVE AND REFERENDUM

5039. Powers of city councils.

The powers granted to cities and towns are two-fold: Legislative, public or governmental, importing sovereignty, and proprietary, or quasi-private, conferred for the private advantage of the inhabitants and of the city or town as a legal person; as to the first class, legislative power is supreme except as limited by express constitutional prohibitions; as to the second, the theory of local self-government controls. State ex rel. Kern et al. v. Arnold, 100 M 346, 358, 49 P 2d 976.

A municipal corporation is a body politic, created by the incorporation of the people of a prescribed locality invested with subordinate powers of legislation to assist in the civil government of the state and to regulate and administer local and internal affairs of the community. 5039.3. Issuing licenses.

Where the power to license has been properly delegated to cities and towns as it has been by section 5039.3, Revised Codes, granting city and town councils the power to fix the amount, terms and manner of issuing and revoking licenses, or refuse to issue them, courts will not inter-

fere in its exercise except when there has been a gross abuse of the discretion in the premises. State v. City Council of the City of Libby, 107 M 216, 219, 82 P 2d 587.

With relation to work to be done upon the streets of a city, such streets are within the exclusive jurisdiction of the municipality through its council. State et al. v.

5039.6 Lighting and cleaning streets—regulation of sidewalks—removal of offensive material from public ways and grounds—tax levy.

The authority granted by section 5039.6, Revised Codes, to cities to remove garbage and to provide a special tax against the property from which it is removed to meet the cost falls within the police power in the interest of public health. Northern Pacific Ry. Co. v. Lutey, 104 M 321, 324 et seq., 66 P.2d 785.

Id. Judgment on the pleadings, held properly denied in an action by a railway company to recover a special tax levied by

a city for the removal of city garbage, under section 5039.6 supra, where the issue whether garbage had been removed from plaintiff's premises was raised by the pleadings, plaintiff contending that all garbage and refuse matter had at all times, and would be in the future, removed by itself, and defendant alleging that plaintiff's property had been benefited by the collection of the garbage.

5039.26. Fire department—alarm—police telegraph.

While courts may experience difficulty in determining whether a city in owning a fire-fighting equipment and in employing firemen is acting in its governmental or proprietary capacity, it would seem that the difficulty is no greater than in determining when the acts of an agent are those

of the principal, or when those of an employee create liability on the part of the employer; difficulty of determination does not render the problem incapable of solution. *State ex rel. Kern et al. v. Arnold*, 100 M 346, 358, 49 P 2d 976.

5039.61. Disposal or lease of municipal property—when approval of electors required—park commissioners power. The city or town council has power; to sell, dispose of, or lease any property belonging to a city or town, provided, however, that such lease or transfer be made by ordinance or resolution passed by a two-thirds vote of all the members of the council; and provided further that if such property be held in trust for a specific purpose such sale or lease thereof be approved by a majority vote of taxpayers of such municipality cast at an election called for that purpose; and provided further that nothing herein contained shall be construed to abrogate the power of the board of park commissioners to lease all lands owned by the city heretofore acquired for parks within the limitations prescribed by sub-division 5 of section 5162, revised codes of Montana of 1935. [As amended Sec. 1, Ch. 35, L. 1937.]

5039.74. Power of condemnation. The city or town council has power: To condemn private property for opening, establishing, widening, or altering any streets, alley, park, sewer or waterway in the city or town, and for establishing, constructing and maintaining any sewer, waterway or drain ditch outside of the corporate limits of the municipality, or for any other municipal and public use, and the ordinance authorizing the taking of private property for any such use is conclusive as to the necessity of the taking, and must conform to and the proceedings thereunder had as provided in the code of civil procedure concerning eminent domain. [As amended Sec. 1, Ch. 180, L. 1937.]

5043. Organized cities and towns authorized to take by gift, donation, devise, etc.

Sections 5043 and 5044, Revised Codes, adopted in 1917, contemplating that lands acquired by a city by gift or donation must be used for the particular purpose for which given or donated, held inapplicable in the instant case because not in existence when the land in question was granted to the city. *Lloyd v. City of Great Falls et al.*, 107 M 442, 450 et seq., 86 P 2d 395.

City of Great Falls et al.*, 107 M 442, 450 et seq., 86 P 2d 395.

5044. Who may make gift, donation, or grant—property included therein—how used and administered.

Sections 5043 and 5044, Revised Codes, adopted in 1917, contemplating that lands acquired by a city by gift or donation must be used for the particular purpose for which given or donated, held inapplicable in the instant case because not in existence when the land in question was granted to the city. *Lloyd v. City of Great Falls et al.*, 107 M 442, 450 et seq., 86 P 2d 395.

City of Great Falls et al.*, 107 M 442, 450 et seq., 86 P 2d 395.

CHAPTER 384, MUNICIPAL CONTRACTS AND FRANCHISES

5070. Awarding contracts. All contracts for work, or for supplies, or for material, for which must be paid a sum exceeding five hundred (\$500.00) dollars, must be let to the lowest responsible bidder after advertisement for bids; provided that no contract shall be let extending over a period of three years or more without first submitting the question to a vote of the taxpaying electors of said city or town. Such advertisement shall be made in the official newspaper of the city or town, if there be such official news-

paper, and if not it shall be made in a daily newspaper of general circulation published in the city or town, if there be such, otherwise in a weekly newspaper published therein, if there be such, otherwise by posting in three (3) of the most public places in the city or town. Such advertisement if by publication in a newspaper shall be made twice, the first publication to be made not more than twenty-two (22) days nor less than fifteen (15) days before the consideration of bids and the second publication shall be made not less than five (5) days nor more than ten (10) days before the consideration of bids. If such advertisement is made by posting, fifteen (15) days must elapse, including the day of posting, between the time of the posting of such advertisement and the day set for considering bids. The council may postpone action as to any such contract until the next regular meeting after bids are received in response to such advertisement, may reject any and all bids and readvertise as herein provided. The provisions of this section as to advertisement for bids shall not apply upon the happening of any emergency caused by fire, flood, explosion, storm, earthquake, riot or insurrection, or any other similar emergency, but in such case the council may proceed in any manner which, in the judgment of three-fourths ($\frac{3}{4}$) of the members of the council present at the meeting, duly recorded in the minutes of the proceedings of the council by aye and nay vote, will best meet the emergency and serve the public interest. Such emergency shall be declared and recorded at length in the minutes of the proceedings of the council at the time the vote thereon is taken and recorded. [As amended Sec. 1, Ch. 18, L. 1939.]

Before any city or town in this state shall be liable for damages to person and/or property for, or on account of, any injury or loss alleged to have been received or suffered by reason of any defect or obstructions in any bridge, street, road, sidewalk, culvert, park, public ground, ferryboat, or public works of any kind in said city or town, it must first be shown that said city or town had actual notice of such defect or obstruction and reasonable opportunity to repair such defect or remove such obstruction before such injury or damage was received; the city clerk must make a permanent record of all such reported defects and shall report to the city street commissioner immediately upon notice of such defect or obstruction; and the person alleged to have suffered such injury or damage, or someone in his behalf, shall give to the city or town council, commission, manager, or other governing body of such city or town, within sixty days after such injury is alleged to have been received or suffered, written notice thereof, which notice shall state the time when and the place where such

injury alleged to have occurred. Provided, however, that this section shall not exempt cities and towns from liability for negligence because of failure to properly place signs, markers or signals to warn persons of excavations or other obstructions existing and caused by said city or town, upon any bridge, street, alley, road, sidewalk, pavement, culvert, park, public ground, ferryboat or public works of any kind. [En. Sec. 1, Ch. 122, L. 1937.]

5080.1. Non-liability of municipality for injuries caused by accumulations of snow or ice in streets or public ways.

Under section 6, Article III, of the Constitution, argument that, since the enactment of Chapter 132, Laws of 1939 (section 5080.1), relieving cities and towns from liability for injuries sustained by a fall on an icy sidewalk, such person would be

deprived of his constitutional right to have a remedy if the abutting owner be not held liable, held not meritorious. *Stewart v. Standard Publishing Co.*, 102 M 43, 48, 55 P 2d 694.

5083.1. Municipal budget law—application—definitions.

If the Budget Act (Chap. 121, Laws of 1931) contains any provisions in direct conflict with Chapter 55, Laws of 1935—the Act prescribing a minimum wage for

policemen in cities of the first class—the latter controls the former as to such conflicts. *State ex rel. Gebhardt v. City Council*, 102 M 27, 41, 55 P 2d 671.

CHAPTER 387, JUDGMENTS—RESPONSIBILITY FOR DAMAGES

5084. Judgments against cities and towns—mode of payment.

Where a money judgment against a town in excess of \$10,000 is outstanding the town council is, under sections 5084 and 5085, Revised Codes, during a period of three years, vested with discretionary power to select either method of performance of its duty to provide for its payment,

i. e., levy a tax, where there are insufficient funds in the general fund, or fund the debt, and during the three-year period the council may not be coerced to make payment by writ of mandate. *State v. District Court et al.*, 100 M 476, 479, 49 P 2d 1119.

5085. Judgment may be funded.

Where a money judgment against a town in excess of \$10,000 is outstanding the town council is, under sections 5084 and 5085, Revised Codes, during a period of three years, vested with discretionary power to select either method of performance of its duty to provide for its payment,

i. e., levy a tax, where there are insufficient funds in the general fund, or fund the debt, and during the three-year period the council may not be coerced to make payment by writ of mandate. *State v. District Court et al.*, 100 M 476, 479, 49 P 2d 1119.

[As amended Sec. 1, Ch. 78, L. 1937.]

Payments as herein provided for, to be made to the minor child or children of police officers shall be paid to the duly appointed, qualified and acting guardian of such child or children, for the use of such minor, until such minor shall have reached the age of sixteen (16) years or shall have married and in case there is more than one minor child, upon each such child reaching the age of sixteen (16) years the pro rata payments to such child shall cease and shall be made to the remaining minor child or children until the youngest child shall reach the age of sixteen (16) years or shall have married.

5111. Powers of mayor to suspend firemen.

Appeal from a judgment of the district court setting aside an order suspending a member of a city fire department for the period of one year without pay for unbecoming conduct in receiving stolen property may not be dismissed on the theory

that after rendition of the judgment the mayor preferred a second charge of larceny against the officer resulting in his suspension for two years, and that thereby the question presented by the appeal had become moot, since the appeal involved

the right of the officer to receive his salary for the period during which he was suspended and the liability of the city

therefor. State ex rel. Wentworth v. Baker et al., 101 M 226, 229 53 P 2d 440.

M. of the last day within said fifteen days period, and said clerk shall endorse thereon the date and hour of its receipt by him. At the next regular meeting of the city or town council or commission after the expiration of the time within which said protest may be so made, the city or town council or commission shall proceed to hear and pass upon all protests so made, and its decision shall be final and conclusive; provided, however, that, except as hereinafter provided, when the protest is against the proposed work, and the cost thereof is to be assessed against property fronting thereon, and the city or town council or commission finds that such protest is made by the owners of more than forty per cent of the property fronting on the proposed work, or when the protest is against the proposed work, and the cost thereof is to be assessed upon the property within an extended district, and the city or town council or commission finds that such protest is made by the owners of more than forty per cent of the area of the property to be assessed for said improvements, no further proceedings shall be taken for a period of six months from the date when said sufficient protest shall have been received by said clerk of the city or town council or commission; provided, however, that when the improvement proposed is the paving, with necessary incidentals, of not more than one (1) cross block, to connect with streets or avenues already paved for a continuous distance of three (3) blocks or more running a right angle, or substantially so, with the single cross block so proposed to be paved, in such case the city or town council or commission shall have the right to overrule any and all objections and pave the proposed block with gravel and oil surface; and provided, too, that in case the improvement is the construction of a sanitary sewer such protest may be overruled by an affirmative vote of a majority of the members of the city or town council or commission; unless such protest is made by the owners of more than seventy-five per cent of the property affected as herein provided, in which event the protest must be sustained as to the construction of such sanitary sewer.

In determining whether or not sufficient protests have been filed on a proposed district to prevent further proceedings therein, property owned by a county, city, or town shall be considered to the same effect as other property in the proposed district. The city or town council or commission may adjourn said hearing from time to time and protestants shall have the right to withdraw protest or protests at any time before final action thereon by the city or town council or commission. [As amended Sec. 1, Ch. 36, L. 1939.]

5240. Assessment to pay cost of improvements.

Where bonds are issued in payments of the cost of special city improvements the assessments levied upon the property in the district must, under section 5240, Revised Codes, necessarily include the interest on

the bonds to maturity as an essential part of the cost of such improvement. *State ex rel. Griffith v. City of Shelby*, 107 M 571, 576 et seq., 87 P 2d 183.

5245. Interest on assessments. Upon all special assessments and taxes, levied and assessed in accordance with any of the provisions of this act, simple interest shall be charged at a rate not exceeding six per cent (6%) per annum, and the treasurer, in collecting such special assessment

taxes, if the same are payable in one installment, shall collect such interest as may be shown to be due thereon by the resolution levying such assessment; and if such assessment be payable in installments the treasurer shall, at the time of collecting the first installment, collect such interest as may be shown to be due on such assessment by the resolution levying such assessment, and thereafter he shall collect with each subsequent installment interest on the whole amount remaining unpaid. [As amended Sec. 1, Ch. 51, L. 1937.]

5249. Form of bonds and warrants. All costs and expenses incurred in the construction of any improvements specified in this act, in any improvement district, shall be paid for by special improvement district bonds or warrants. And the same shall be drawn against the special improvement district fund created for the district, and shall bear interest at a rate not exceeding 6 per cent per annum, from the date of registration until called for redemption or paid in full, interest to be payable annually on the first day of January of each year, unless the council prescribes another date. Such warrants (or bonds) shall be signed by the mayor and clerk, and shall bear the corporate seal of the city. They shall be registered in the office of the clerk and treasurer, and if interest coupons be attached thereto, they shall also be so registered and shall bear the signature of the mayor and clerk; provided, however, that said coupons may bear the facsimile signature of said officers in the discretion of the city council. Said bonds shall be in denominations of one hundred dollars or fractions or multiples thereof, and may be issued in installments, and may extend over a period not to exceed twenty years. Such warrants (or bonds) shall be redeemed by the treasurer when there are funds in the special improvement district fund against which said warrants (or bonds) are issued available therefor; provided, that the treasurer shall first pay out of such special improvement district fund annually the interest on all outstanding warrants (or bonds), on presentation of the coupons belonging thereto, and any funds remaining shall be applied to the payment of the principal and the redemption of the warrants (or bonds) in the order of their registration; and provided, further that whenever there are any funds in any special improvement district fund, after paying the interest on such warrants (or bonds) drawn against said fund, the treasurer shall call in for payment outstanding warrants (or bonds), which, together with the interest thereon to the date of redemption, will equal the amount of said fund on that date, which date shall be fixed by the treasurer, who shall give notice by publication once in a newspaper published in the city, or at the option of the treasurer, by written notice to the holder or holders of such warrants (or bonds), if their address be known, of the number of warrants (or bonds) and the date on which payment will be made, which date shall not be less than ten days after the date of publication or of service of notice, and on which date, so fixed, interest shall cease. When it is provided by the resolution creating the district that the work be paid for in warrants (or bonds), the city council shall, by resolution, fix the denominations of such warrants (or bonds), which may be of one hundred dollars (\$100.00), or fractions or multiples thereof, the rate of interest, which shall not exceed six per cent per annum, and provide for the payment or redemption of such war-

rants (or bonds) at a time certain, which time of payment must not exceed twenty (20) years from and after the date of issuance. [As amended Sec. 1, Ch. 23, L. 1937.]

Held, that in view of the speculative and indeterminable item of cost of a prospective special city improvement arising from possible delinquencies in the payment of assessments the legislature, in providing in section 5249, Revised Codes, that before the city treasurer shall pay the principal of bonds issued he must first pay out of the special improvement district fund the interest on all outstanding bonds, could not have intended to include interest accrued on outstanding bonds after maturity. *State ex rel. Griffith v. City of Shelby*, 107 M 571, 575 et seq., 87 P 2d 183.

Id. Where only 54 of an issue of 66 \$500 special improvement district coupon bonds had been paid on date of their maturity, January 1, 1930 (interest on all of them as represented by the coupons having then been paid), and in December, 1937, the holder of bond No. 55, the next in order

of registration, upon refusal of payment of principal and accrued interest thereon out of \$1,249 then in the special improvement fund, instituted mandamus proceedings against the city and its treasurer to compel payment, which was refused on the ground that under section 5249, supra, the treasurer was required to first pay all the accrued interest on the outstanding bonds before payment of any principal, held on appeal from a holding of the district court in consonance with such contention, that, under the above rules, the assessments made to pay for the improvement did not, and could not, provide a fund for payment of interest after maturity of the bonds, and that therefore plaintiff was entitled to payment of the principal of the bond sued upon, but not to interest accrued thereon after maturity thereof.

CHAPTER 399, MUNICIPAL BONDS AND INDEBTEDNESS

5278.1. Creation of indebtedness—submission to taxpayers. Whenever the council of any city or town having a corporate existence in this state, or hereafter organized under any of the laws thereof, shall deem it necessary to issue bonds for any purpose whatever, under its powers as set forth in any statute or statutes of the state of Montana, or amendments thereto, the question of issuing such bonds shall first be submitted to the qualified electors of such city or town in the manner hereinafter set forth; provided, however, that it shall not be necessary to submit to such electors the question of issuing funding or refunding bonds to fund or refund warrants or bonds issued prior to and outstanding on the 1st day of April, 1937. In order to issue bonds to fund or refund warrants or bonds issued prior to and outstanding on April 1st, 1937, it shall only be necessary for the council, at a regular or duly called special meeting, to pass and adopt a resolution setting forth the facts in regard to the indebtedness to be funded or refunded, showing the reason for issuing such bonds and fixing and determining the details thereof, giving notice of the sale thereof in the same manner that notice is required to be given of the sale of bonds authorized at an election, and then following the procedure prescribed in this act for the sale and issuance of such bonds. [As amended, Sec. 1, Ch. 12 and Sec. 1, Ch. 108, L. 1937.]

5278.6. Petition for election—form—proof. No bonds shall be issued by a city or town for any purpose, except to fund or refund warrants or bonds issued prior to and outstanding on April 1, 1937, as authorized in section 5278.1, unless authorized at a duly called special or general election at which the question of issuing such bonds was submitted to the qualified electors of the city or town, and approved, as hereinafter provided, and no such election shall be called unless there has been presented to the city or town council a petition, asking that such election be held and question submitted, signed by not less than twenty per centum (20%) of the qualified electors

of the city or town, who are taxpayers upon property within such city or town and whose names appear on the last completed assessment roll for state and county taxes, as taxpayers within such city or town. Every petition for the calling of an election to vote upon the question of issuing bonds shall plainly and clearly state the purpose or purposes for which it is proposed to issue such bonds, and shall contain an estimate of the amount necessary to be issued for such purpose or purposes. There may be a separate petition for each purpose, or two (2) or more purposes may be combined in one (1) petition, if each purpose with an estimate of the amount of bonds to be issued therefor is separately stated in such petition. Such petition may consist of one (1) sheet, or of several sheets identical in form and fastened together, after being circulated and signed, so as to form a single complete petition before being delivered to the city or town clerk, as hereinafter provided. The petition shall give the street and house number, if any, and the voting precinct of each person signing the same.

Only persons who are qualified to sign such petitions shall be qualified to circulate the same, and there shall be attached to the completed petition the affidavit of some person who circulated, or assisted in circulating, such petition, that he believes the signatures thereon are genuine and that the signers knew the contents thereof before signing the same. The completed petition shall be filed with the city or town clerk who shall, within fifteen (15) days thereafter, carefully examine the same and the county records showing the qualifications of the petitioners, and attach thereto a certificate, under his official signature, which shall set forth:

(1) The total number of persons who are registered electors and whose names appear upon the last completed assessment roll for state and county taxes, as taxpayers within such city or town.

(2) Which, and how many of the persons whose names are subscribed to such petition, are possessed of all of the qualifications required of signers to such petition.

(3) Whether such qualified signers constitute more or less than twenty per centum (20%) of the registered electors whose names appear upon the last completed assessment roll for state and county taxes, as taxpayers within such city or town. [As amended Sec. 2, Ch. 108, L. 1937.]

5278.8. Notice of election—election hours—election officers.

NOTE.—The operation of this section is affected by section 5199.3 of this supplement.

5278.10. Who are entitled to vote—registration of electors. Only such registered electors of the city or town whose names appear upon the last preceding assessment roll for state and county taxes, as taxpayers upon property within the city or town, shall be entitled to vote upon any proposition of issuing bonds by the city or town. Upon the adoption of the resolution calling for the election the city or town clerk shall notify the county clerk of the date on which the election is to be held and the county clerk must cause to be published in the official newspaper of the city or town, if there be one, and if not in a newspaper circulated generally in the said city or town and published in the county where the said city or town is located, a notice signed by the county clerk stating that registration for such bond election will close at noon on the fifteenth (15th)

day prior to the date for holding such election and at that time the registration books shall be closed for such election. Such notice must be published at least five (5) days prior to the date when such election books shall be closed.

After the closing of the registration books for such election the county clerk shall promptly prepare lists of the qualified electors of such city or town who are taxpayers upon property therein and whose names appear on the last completed assessment roll for state, county and school district taxes and who are entitled to vote at such election and shall prepare poll books for such election as provided in section 568 of the revised codes of Montana of 1935, and deliver the same to the city or town clerk who shall deliver the same to the judges of election prior to the opening of the polls. It shall not be necessary to publish or post such lists of qualified electors. [As amended Sec. 1, Ch. 182, L. 1939.]

The state of Montana or any department or agency thereof holding any of the securities of any such city or town shall have the power to consent to any plan of composition of the indebtedness of any such city or town by the board having custody of and control over any such securities

That the town or city engineer, or if there be no such officer the council may employ one for such purpose, shall prepare a plat showing such subdivisions, streets and avenues affected by such change, with the appropriate notation of change thereon, and upon approval of such plat by the council, and the filing of the same as approved with the county clerk and recorder wherein the town or city is situated, the names or numbers of said streets and avenues shall be deemed changed in accordance to the terms of said resolution as provided for in section 5307.2. 5665.2. Control of veterans' memorial fund. The veterans' memorial fund heretofore created shall be placed under the exclusive control and jurisdiction of said commission which is empowered to expend said fund and the accruals thereto for the construction and maintenance of a veterans' memorial building, and the necessary expenses of the commission. [En. Sec. 2, Ch. 131, L. 1939.]

5665.3. Construction of veterans' memorial building—gifts. It shall be the duty of the commission to have constructed as soon as said commis-

sion deems feasible, a veterans' memorial building on state owned land adjacent to the state capitol at Helena, Montana, and plainly identifying said building as the "veterans' memorial building". The commission is by this act empowered to enter into agreements, contracts, or arrangements for the purpose of securing aid from an agency or agencies of the United States, and secure plans and estimates, and let contracts for the construction of the veterans' memorial building. The commission is empowered to receive and accept gifts, devises and bequests which will in no manner affect the identity of the veterans' memorial building. [En Sec. 3, Ch. 131, L. 1939.]

5665.4. Rules for management of building. Said commission may in writing adopt rules and regulations not inconsistent with this act for the care and management of the veterans' memorial building. [En. Sec. 4, Ch. 131, L. 1939.]

5665.5. Warrants. Warrants shall be drawn on the veterans' memorial fund in payment of claims approved by the veterans' memorial fund commission. [En. Sec. 5, Ch. 131, L. 1939.]

CHAPTER 416, BONDS OF TAXING UNITS OF STATE—PREFERENCE OF AMORTIZATION BONDS—NOTICE OF SALE—FISCAL AGENCIES FOR PAYMENT OF BONDS

5668.01. Bond transcripts to be examined by attorney general. The governing body of any school district, county, city or town shall submit a certified copy of all proceedings preliminary to such issue to the attorney general, together with such other proceedings, certificates and records as he may require, and request his report as to examination and validity. [En. Sec. 1, Ch. 139, L. 1939.]

5668.02. Report as to validity of bonds—filing of. It is hereby made the duty of the attorney general to examine certified copies of all proceedings preliminary to the issuance of bonds by any school district, county, city or town, which may be submitted to him for such examination, and if found regular and valid he shall deliver to the recording officer of such municipality a report of his examination and determination as to the validity of such bonds. A certified copy of such report shall be filed with the officer required by law to register said bonds and a notation thereof shall be entered in the bond register. [En. Sec. 2, Ch. 139, L. 1939.]

5668.03. Limitation of actions to contest validity of bonds approved by attorney general. No municipal bond of any issue whereof the preliminary proceedings have been submitted to and approved by the attorney general, shall be held invalid because of any defect or failure to comply with any statutory provision relating to the authorization, issuance or sale of said bonds, unless an action to contest the validity thereof shall be brought within thirty days after the date of sale. [En. Sec. 3, Ch. 139, L. 1939.]

5668.04. Purpose of act—effect of invalidity of part. This act is intended to improve the marketability of bonds issued by school districts, counties, cities or towns, in order that said bonds may be sold upon the most favorable terms, and if any section, sub-section, sentence, clause or phrase is for any reason held unconstitutional such decision shall not affect the

validity of the remaining portions of the act, provided, they are sufficient to carry out the purposes as herein expressed. [En. Sec. 4, Ch. 139, L. 1939.]

CHAPTER 419, UNIFIED INVESTMENT PLAN FOR PUBLIC FUNDS UNDER JURISDICTION OF STATE

5668.19. Unified investment plan for investment of Montana trust and legacy fund.

Held, further, that the claim that by reason of the provision of the State Insurance Act requiring the fund thereunder collected to be invested as a part of the Montana Trust and Legacy Fund (Chap. 70, Laws of 1929), subject to the special

limitations of Article XXI of the Constitution, the credit of contributing counties and school districts is donated or loaned in violation of section 1, Article XIII, supra, cannot be maintained. *State v. Holmes*, 100 M 256, 289, 47 P 2d 624.

CHAPTER 421, PUBLIC WORKS CONTRACTORS' BOND

5668.41. Contractors performing public work to furnish bond—conditions.

Chapter 20, Laws of 1931 (sections 5668.41 to 5668.44, Rev. Codes), declares that any state board or commission (such as the state highway commission) entering into a contract for the doing of public work, shall require the contractor to furnish a bond that he will, *inter alia*, pay for any supplies furnished to a sub-contractor where the latter fails to do so. In an action by a merchant against a state highway contractor and his bondsman to recover for supplies furnished the former's subcontractor, brought in the county where plaintiff had his place of business, defendant contractor moved for a change of place of trial to the county of his resi-

dence; the court denied the motion. Held, that the court ruled properly, the action being one upon a contract between the contractor and the state made for the express benefit of a third person, the plaintiff merchant, triable in the county in which the person entitled to payment resided or had his place of business. *H. Earl Clack Co. v. Staunton et al.*, 100 M 26, 29, 44 P 2d 1069.

5668.42. Notice to contractor of furnishing provender, material or supplies required.

Contention of appellants that respondent in arguing on appeal that the notice required of one furnishing supplies to a subcontractor on a state highway project, to the contractor (sec. 5668.42, Rev. Codes) was not necessary under the facts because of the establishment of the relation of principal and agent between contractor and subcontractor, changed the theory of the case, held not well made, the fact of the agency having been pleaded in the complaint. *H. Earl Clack Co. v. Staunton et al.*, 105 M 375, 380 et seq., 72 P 2d 1022.

Id. Where a state highway contract declared that the highway commission would recognize a subcontractor only as an employee of the contractor, and the contractor agreed that he would pay all persons who should furnish supplies to subcontractors, a materialman who furnished supplies to a subcontractor commenced action against the contractor and his surety to recover therefor without having first given the notice required by section 5668.42, Revised Codes, which section makes the giv-

ing of such notice a condition precedent to the right to proceed to suit, such failure did not deprive him of his right to maintain the action instituted on the theory that the subcontractor was the agent of the contractor and that therefore the latter and his surety were liable for the indebtedness incurred, the relationship of principal and agent between the contractor and subcontractor having been established by the contracts between the commission and the contractor and that between the contractor and the subcontractor.

Id. Where the defendants in the above action, tried without a jury, did not make a motion for nonsuit but the court in effect dismissed the action on the ground that plaintiff had failed to give notice of its claim as required by section 5668.42, supra, to the contractor, but found that the evidence left the question whether the supplies furnished were all used in the construction work, or not, in doubt, and on appeal it is found that such notice was unnecessary and that plaintiff was entitled to recover in some amount, the su-

preme court will treat the finding of the lower court as tantamount to the granting

of a motion for nonsuit and remand the cause for a new trial.

5668.44. Amount and terms of bond—notice of claimant—form—actions on bonds—special provisions in bonds.

Under section 5668.44, Revised Codes, relating to contractors' bonds on public works, and providing that mechanics, subcontractors and others may not maintain action on such bonds unless they shall have presented a notice of their claims to the officer or body acting for the state, county or other public body within fifteen days from and after the completion of the contract with an acceptance of the work by the affirmative action of such officer or board, held, that the limitation of fifteen days merely marks the time beyond which claims may not be filed, and does not prohibit the filing of claims before there is an acceptance of the work. *Kirkpatrick et al. v. Douglas et al.*, 104 M 212, 214 et seq., 65 P 2d 1169.

Id. Held, in construing section 5668.44, supra, that the legislature, in declaring that the acceptance of the work performed under a public contract shall be by affirmative action of the officer or board acting for the state or other public body, did not intend that the limitation of fifteen days within which parties might file their

claims should depend upon implication, silent acquiescence or other acts which might operate as an acquiescence, but did intend positive and affirmative action by the officer or body in charge of the work, excluding acceptance by the engineer in charge.

Id. In an action by a subcontractor against the contractor on a state highway project and the surety on his bond, it appeared that while the work had been accepted by a state highway engineer, there had been no affirmative action toward acceptance by the highway commission itself. Plaintiff's claim was not filed with the commission until several months after the alleged acceptance by the engineer. Held, under section 5668.44, supra, and the above rules, that such acceptance did not constitute an acceptance by the commission as contemplated by the statute, and that since plaintiff could, as he did, file the claim prior to acceptance by it, the filing was timely and the action not barred by the fifteen-day statutory limitation.

Such resolution or resolutions shall take effect immediately upon the adoption thereof. 5668.49. Terms of refunding bonds. Notwithstanding the form or tenor thereof, and in the absence of an express recital on the face thereof that the bond is nonnegotiable, all refunding bonds shall at all times be, and shall be treated as, negotiable instruments for all purposes. [En. Sec. 5, Ch. 121, L. 1937.]

5668.50. Validity of refunding bonds. Refunding bonds bearing the signatures of officers of the municipality in office on the date of the signing thereof shall be valid and binding obligations of the municipality for all purpose, notwithstanding that before the delivery thereof any or all of the persons whose signatures appear thereon shall have ceased to be officers of the municipality, the same as if such persons had continued to be officers of the municipality until after the delivery thereof. The validity of the authorization and issuance of the refunding bonds shall not be dependent on or affected in any way by proceedings taken for the improving of any enterprise for the refinancing and improving of which the refunding bonds are to be issued, or by contracts made in connection with the improving of any such enterprise. Any resolution authorizing refunding bonds may provide that any such refunding bond may contain a recital that such refunding bond is issued pursuant to this act, and any refunding bond containing such recital under authority of any such resolution shall be conclusively deemed to be valid and to have been issued in conformity with the provisions of this act. [En. Sec. 6, Ch. 121, L. 1937.]

5668.51. Sale or exchange of refunding bonds. 1. The refunding bonds may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds may be exchanged in part or sold in part in installments at different times or at one time. The refunding bonds may be sold or exchanged at any time on, before, or after the maturity of any of the outstanding notes, bonds, certificates or other obligations to be refinanced thereby.

2. If the governing body determines to exchange any refunding bonds, such refunding bonds may be exchanged privately for and in payment and discharge of any of the outstanding notes, bonds or other obligations of the municipality issued to finance or to aid in financing the acquisition, the construction, the improving, the refinancing, or the improving and refinancing, of an enterprise. The refunding bonds may be exchanged for a like or greater principal amount of such notes, bonds or other obligations of the municipality, except that the principal amount of the refunding bonds may exceed the principal amount of such outstanding notes, bonds, or other obligations to the extent necessary or advisable, in the discretion of the governing body, to fund interest in arrears or about to become due. The holder or holders of such outstanding notes, bonds, or other obligations need not pay accrued

interest on the refunding bonds to be delivered in exchange therefor if and to the extent that interest is due or accrued and unpaid on such outstanding notes, bonds, or other obligations to be surrendered.

3. If the governing body determines to sell any refunding bonds, such refunding bonds shall be sold at not less than par at public or private sale in such manner and upon such terms as the governing body shall deem best for the interests of the municipality. [En. Sec. 7, Ch. 121, L. 1937.]

5668.52. Security of the refunding bonds. 1. The refunding bonds shall be special obligations of the municipality and shall be payable from and secured by a lien upon the revenues of the enterprise, as shall be more fully described in the resolution or resolutions of the governing body authorizing the issuance of the refunding bonds, and, subject to the constitution of the state of Montana, and to the prior or superior rights of any person, any municipality shall have power by resolution of its governing body to pledge and assign for the security of the refunding bonds all or any part of the gross or the net revenues of such enterprise.

2. As additional security for any issue of refunding bonds hereunder, or any part thereof, any municipality shall have power, and is hereby authorized, by resolution of its governing body to confer upon the holders of the refunding bonds all rights, powers and remedies which said holders would be entitled to if they were the owners and had possession of the notes, bonds or other obligations for the refinancing of which such refunding bonds shall have been issued including, but not limited to, the preservation of the lien of such notes, bonds or other obligations without extinguishment, impairment or diminution thereof. In the event any municipality exercises the power conferred by this paragraph, (a) each refunding bond shall contain a recital to the effect that the holder thereof has been granted the additional security provided by this paragraph and (b) each note, bond, certificate or other obligation of the municipality to be refinanced by any such refunding bonds, shall be kept intact and shall not be cancelled or destroyed until the refunding bonds, and interest thereon, have been finally paid and discharged but shall be stamped with a legend to the effect that such note, bond, certificate or other obligation has been refunded pursuant to the revenue bond refinancing act of 1937.

3. All refunding bonds of the same issue shall be equally and ratably secured, without priority by reason of number, date of bonds, of sale, of execution or of delivery, by a lien upon the revenues of the enterprise in accordance with the provisions of this section and the resolution or resolutions authorizing the issuance of such refunding bonds.

4. Nothing in this section or in any other sections of this act shall be deemed in any way to alter the terms of any agreements made with the holders of any outstanding notes, bonds, or other obligations of the municipality or to authorize the municipality to alter the terms of any such agreements, or to impair, or to authorize the municipality to impair, the rights and remedies of any creditors of the municipality.

5. Nothing in this section or in any other section of this act shall be deemed in any way to authorize any municipality to do anything in any manner or for any purpose which would result in the creation or incurring of a debt or indebtedness or the issuance of any instrument which would con-

stitute a bond or debt within the meaning of any provision, limitation, or restriction of the constitution relating to the creation or incurring of a debt or indebtedness or the issuance of an instrument constituting a debt. [En. Sec. 8, Ch. 121, L. 1937.]

5668.53. Refunding bonds not debts. 1. No recourse shall be had for the payment of the refunding bonds, or interest thereon, or any part thereof, against the general fund of any municipality, nor shall the credit or taxing power of any municipality be deemed to be pledged thereto.

2. The refunding bonds, and interest thereon, shall not be a debt of the municipality, nor a charge, lien or encumbrance, legal or equitable, upon any property of the municipality, or upon any income, receipts, or revenues of the municipality other than such of the revenues of the enterprise as shall have been pledged to the payment thereof, and every refunding bond shall recite in substance that said bond, including interest thereon, is payable solely from the revenues pledged to the payment thereof and that the municipality is under no obligation to pay the same, except from said revenues. [En. Sec. 9, Ch. 121, L. 1937.]

5668.54. Refunding bonds exempt from taxation. The refunding bonds and the income therefrom shall be exempt from taxation, except inheritance, estate and transfer taxes. [En. Sec. 10, Ch. 121, L. 1937.]

5668.55. Fiscal agent. Any municipality shall have power in connection with the issuance of refunding bonds to appoint a fiscal agent to provide for the powers, duties and functions and compensations of such fiscal agent, to limit the liabilities of such fiscal agent to prescribe a method for the resignation, removal, merger or consolidation of such fiscal agent and the appointment of a successor fiscal agent and the transfer of rights and properties to such successor fiscal agent. [En. Sec. 11, Ch. 121, L. 1937.]

5668.56. Duties of municipality and officers. 1. In order that the payment of the refunding bonds, and interest thereon, shall be adequately secured, any municipality issuing refunding bonds pursuant to this act and the proper officers, agent and employees thereof, are hereby directed, and it shall be the mandatory duty of such officers, agents and employees under this act, and it shall further be of the essence of the contract of such municipality with the bondholders, at all times:

(a) To pay or cause to be paid punctually the principal of every refunding bond, and the interest thereon, on the date or dates and at the place or places and in the manner and out of the funds mentioned in such refunding bonds and in the coupons thereto appertaining and in accordance with the resolution authorizing their issuance;

(b) To operate the enterprise in an efficient and economical manner and to establish, levy, maintain and collect such fees, tolls, rentals, rates and other charges in connection therewith as may be necessary or proper, which said fees, tolls, rates, rentals and other charges shall be at least sufficient after making due and reasonable allowances for contingencies and for a margin of error in the estimates;

(1) To pay all current expenses of operation, maintenance and repair of such enterprise, (2) to pay the interest on and principal of the refunding bonds as the same shall become due and payable, (3) to comply in all respects with the terms of the resolution or resolutions authorizing the issuance of refunding bonds or any other contract or agreement with the holders of the refunding bonds, and (4) to meet any other obligations of the municipality which are charges, liens, or encumbrances upon the revenues of such enterprise;

(c) To operate, maintain, preserve and keep, or cause to be operated, maintained, preserved and kept, the enterprise and every part and parcel thereof, in good repair, working order and condition;

(d) To preserve and protect the security of the refunding bonds and the rights of the holders thereof, and to warrant and defend such rights against all claims and demands of all persons whomsoever;

(e) To pay and discharge, or cause to be paid or discharged any and all lawful claims for labor, materials and supplies, which, if unpaid, might by law become a lien or charge upon the revenues or any part thereof, prior or superior to the lien of the refunding bonds, or which might impair the security of the refunding bonds, to the end that the priority and security of the refunding bonds shall be fully preserved and protected;

(f) To hold in trust the revenues pledged to the payment of the refunding bonds for the benefit of the holders of the refunding bonds and to apply such revenues only as provided by the resolution or resolutions authorizing the issuance of the refunding bonds, or if such resolution or resolutions shall thereafter be modified in the manner provided therein or herein, only as provided in such resolution or resolutions as modified;

(g) To keep proper books of record and accounts of the enterprise (separate from all other records and accounts) in which complete and correct entries shall be made of all transactions relating to the enterprise or any part thereof, and which, together with all other books and papers of the municipality, shall at all times be subject to the inspection of the holder or holders of not less than ten per cent of the refunding bonds then outstanding or his or their representatives duly authorized in writing.

2. None of the foregoing duties shall be construed to require the expenditure in any manner or for any purpose by the municipality of any funds other than revenues received or receivable from the enterprise. [En. Sec. 12, Ch. 121, L. 1937.]

5668.57. Additional powers and duties. 1. The governing body of any municipality shall have power, in addition to the other powers conferred by this act, to insert provisions in any resolution authorizing the issuance of refunding bonds, which shall be a part of the contract with the holders of the refunding bonds, as to:

(a) Limitations on the purpose to which the proceeds of sale of any issue of refunding bonds, or any notes, bonds or other obligations then or thereafter to be issued to finance the improving of the enterprise, may be applied;

(b) Limitations on the issuance of additional refunding bonds, or addi-

tional notes, bonds or other obligations to finance the improving of the enterprise, and on the lien thereof;

(c) Limitations on the right of the municipality or its governing body to restrict and regulate the use of the enterprise;

(d) The amount and kind of insurance to be maintained on the enterprise, and the use and disposition of insurance moneys;

(e) Pledging all or any part of the revenues of the enterprise to which its right then exists or the right to which may thereafter come into existence;

(f) Covenanting against pledging all or any part of the revenues of the enterprise to which its right then exists or the rights to which may thereafter come into existence;

(g) Events of default and terms and conditions upon which any or all of the refunding bonds shall become or may be declared due before maturity, and as to the terms and conditions upon which such declaration and its consequences may be waived;

(h) The rights, liabilities, powers and duties arising upon the breach by it of any covenants, conditions or obligations;

(i) The vesting in a trustee or trustees the right to enforce any covenants made to secure, to pay, or in relation to the refunding bonds, as to the powers and duties of such trustee or trustees, and the limitation of liabilities thereof, and as to the terms and conditions upon which the holders of the refunding bonds or any proportion or percentage of them may enforce any covenants made under this act or duties imposed hereby;

(j) A procedure by which the terms of any resolution authorizing refunding bonds, or any other contract with bondholders, including but not limited to an indenture of trust or similar instrument, may be amended or abrogated and as to the amount of refunding bonds the holders of which must consent thereto and the manner in which such consent may be given;

(k) The execution of all instruments necessary or convenient in the exercise of the powers granted by this act or in the performance of the duties of the municipality and the officers, agents and employees thereof;

(l) Refraining from pledging or in any manner whatever claiming or taking the benefit or advantage of any stay or extension law whenever enacted, nor at any time hereafter in force, which may affect the duties or covenants of the municipality in relation to the refunding bonds, or the performance thereof, or the lien of such refunding bonds;

(m) The purchase out of any funds available therefor, including but not limited to the proceeds of refunding bonds, of any outstanding notes, bonds or obligations, including but not limited to refunding bonds, and the price or prices at which and the manner in which such purchases may be made;

(n) Any other acts and things as may be necessary or convenient or desirable in order to secure the refunding bonds, or as may tend to make the refunding bonds more marketable.

2. Nothing in this section shall be construed to authorize any municipality to make any covenants, to perform any act or to do anything which shall require the expenditure in any manner or for any purpose by the municipality of any funds other than revenues received or receivable from the enterprise. [En. Sec. 13, Ch. 121, L. 1937.]

5668.58. Right to receivership upon default. 1. In the event that the municipality shall default in the payment of the principal or interest on any of the refunding bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the municipality or the governing body or officers, agents or employees thereof shall fail or refuse to comply with the provisions of this act or shall default in any agreement made with the holders of the refunding bonds, any holder or holders of refunding bonds, or trustee therefor, shall have the right to apply in an appropriate judicial proceeding to the district court, or any court of competent jurisdiction, for the appointment of a receiver of the enterprise, whether or not all refunding bonds have been declared due and payable and whether or not such holder, or trustee therefor, is seeking or has sought to enforce any other right, or exercise any remedy in connection with such refunding bonds. Upon such application the district court may appoint, and if the application is made by the holders of twenty-five per centum in principal amount of such refunding bonds then outstanding, or any trustee for holders of such refunding bonds in such principal amount, shall appoint a receiver of the enterprise.

2. The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of the enterprise and each and every part thereof and may exclude the municipality, its governing body, officers, agents, and employees and all persons claiming under them wholly therefrom and shall have, hold, use, operate, manage and control the same and each and every part thereof, and, in the name of the municipality or otherwise, as the receiver may deem best, and shall exercise all the rights and powers of the municipality with respect to the enterprise as the municipality itself might do. Such receiver shall maintain, restore, insure and keep insured, the enterprise, and from time to time shall make all such necessary or proper repairs as to such receiver may seem expedient and shall establish, levy, maintain and collect such fees, tolls, rentals, and other charges in connection with the enterprise as such receiver may deem necessary or proper and reasonable, and shall collect and receive all revenue and shall deposit the same in a separate account and apply such revenues so collected and received in such manner as the court shall direct.

3. Whenever all that is due upon the refunding bonds, and interest thereon, and upon any other notes, bonds, or other obligations, and interest thereon, having a charge, lien, or encumbrance on the revenues of the enterprise and under any of the terms of any covenants or agreements with bondholders shall have been paid or deposited as provided therein, and all defaults shall have been cured and made good, the court may in its discretion, and after such notice and hearing as it deems reasonable and proper, direct the receiver to surrender possession of the enterprise to the municipality, the same right of the holders of the refunding bonds to secure the appointment of a receiver to exist upon any subsequent default as hereinabove provided.

4. Such receiver shall in the performance of the powers hereinabove conferred upon him, act under the direction and supervision of the court making such appointment and shall at all times be subject to the orders and decrees of such court and may be removed thereby. Nothing herein

contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any functions specifically set forth herein. [En. Sec. 14, Ch. 121, L. 1937.]

5668.59. Remedies of refunding bondholders. 1. Subject to any contractual limitations binding upon the holders of any issue or refunding bonds, or trustee therefor, including but not limited to the restriction of the exercise of any remedy to the specified proportion of percentage of such holders, any holder of refunding bonds, or trustee therefor, shall have the right and power, for the equal benefit and protection of all holders of refunding bonds similarly situated:

(a) By mandamus or other suit, action or proceedings at law or in equity to enforce his rights against the municipality and its governing body and any of its officers, agents and employees and to require and compel such municipality or such governing body or any such officers, agents or employees to perform and carry out its and their duties and obligations under this act and its and their covenants and agreements with bondholders;

(b) By action or suit in equity to require the municipality and the governing body thereof to account as if they were the trustee of an express trust;

(c) By action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the bondholders;

(d) Bring suit upon the refunding bonds.

2. No remedy conferred by this act upon any holder of refunding bonds, or any trustee therefor, is intended to be exclusive of any other remedy, but each such remedy is cumulative and in addition to every other remedy and may be exercised without exhausting and without regard to any other remedy conferred by this act or by any other law. No waiver of any default or breach of duty or contract, whether by any holder of refunding bonds, or any trustee therefor, shall extend to or shall affect any subsequent default or breach of duty or contract or shall impair any rights or remedies thereon. No delay or omission of any bondholder or any trustee therefor to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein. Every substantive right and every remedy, conferred upon the holders of refunding bonds, may be enforced and exercised from time to time and as often as may be deemed expedient. In case any suit, action or proceeding to enforce any right or exercise any remedy shall be brought or taken and then discontinued or abandoned, or shall be determined adversely to the holder of the refunding bonds, or any trustee therefor, then and in every such case the municipality and such holder or trustee, shall be restored to their former positions and rights and remedies as if no such suit, action or proceeding had been brought or taken. [En. Sec. 15, Ch. 121, L. 1937.]

5668.60. Construction of act. This act constitutes full and complete authority for the issuance of refunding bonds. No procedure or proceedings, publications, notices, consents, approvals, orders, acts or things by any governing body of any municipality, or any board, officer, commission, de-

partment, agency or instrumentality of the state or any municipality shall be required to issue any refunding bonds or to do any act or perform any thing under this act, except as may be prescribed in this act. The powers conferred by this act shall be in addition and supplemental to, and not in substitution for, and the limitations imposed by this act shall not affect, the powers conferred by any other law. This act is remedial in nature and shall be liberally construed. [En. Sec. 16, Ch. 121, L. 1937.]

CHAPTER 421-B, MUNICIPAL REVENUE BOND ACT OF 1939

5668.61. Short title of act. This act may be cited as "the municipal revenue bond act of 1939". [En. Sec. 1, Ch. 126, L. 1939.]

5668.62. Definitions. Whenever used in this act, unless a different meaning clearly appears from the context:

(a) The term "undertaking" shall mean any one or a combination of the following: Water, and sewerage systems, together with all parts thereof and appurtenances thereto including, but not limited to, supply and distribution systems, reservoirs, dams, sewage treatment and disposal works.

(b) The term "municipality" shall include any city or any town, however organized.

(c) The term "governing body" shall include bodies and boards, by whatsoever names they may be known, having charge of the finances and management of a municipality. [En. Sec. 2, Ch. 126, L. 1939.]

5668.63. Additional powers of municipalities. In addition to the powers which it may now have, any municipality shall have power under this act: (a) To construct, acquire by gift, purchase, or the exercise of the right of eminent domain, reconstruct, improve, better or extend any undertaking, within or without the municipality, or partially within or partially without the municipality, and to acquire by gift, purchase, or the exercise of the right of eminent domain, lands or rights in land or water rights in connection therewith, (b) to operate and maintain any undertaking and furnish the service, facilities and commodities thereof for its own use and for the use of public and private consumers within or without the territorial boundaries of such municipality, (c) to issue its bonds to finance in whole or in part the cost of the acquisition, purchase, construction, reconstruction, improvement, betterment or extension of any undertaking, (d) to prescribe and collect rates, fees, and charges for the services, facilities and commodities furnished by such undertaking, and (e) to pledge to the punctual payment of said bonds and interest thereon an amount of the revenues of such undertaking (including improvements, betterments, or extensions thereof to thereafter constructed or acquired) or of any part of such undertaking, sufficient to pay said bonds, and interest as the same shall become due, and to create and maintain reasonable reserves therefor. Such amount may consist of all or any part or portion of such revenue. The governing body of the municipality in determining such cost, may include all costs and estimated costs of the issuance of said bonds, all engineering, inspection, fiscal and legal expenses, and interest which it is estimated will accrue during the construction period and for six months thereafter on money borrowed or which it is estimated will be borrowed pursuant to this act. [En. Sec. 3, Ch. 126, L. 1939.]

5668.64. Authorization of undertaking—sale, form and contents of bonds.

The acquisition, purchase, construction, reconstruction, improvement, betterment or extension of any undertaking may be authorized under this act, and bonds may be authorized to be issued under this act by resolution or resolutions of the governing body of the municipality, when authorized by a majority of the taxpayers voting at a special election noticed as provided in section 538 of the Revised Codes of Montana, 1935, and said special election shall be held not later than the next municipal election held after the council or governing body of the municipality has by resolution or resolutions approved the acquisition, purchase, construction, reconstruction, improvement, betterment or extension of any undertaking as in this act provided and ordered said special election. Said bonds shall bear interest at such rate or rates not exceeding five per centum per annum, payable semi-annually, may be in one or more series, may bear such date or dates, may mature at such time or times not exceeding forty years from their respective dates, may be payable in such place or places, may carry such registration privileges, may be subject to such terms of redemption, may be executed in such manner, may contain such terms, covenants and conditions, and may be in such form, either coupon or registered, as such resolution or subsequent resolution may provide. Said bonds shall be sold at not less than par. Said bonds may be sold at private sale to the United States of America or any agency, instrumentality or corporation thereof. Unless sold to the United States of America or agency, instrumentality or corporation thereof, said bonds shall be sold at public sale after notice of such sale published once at least five days prior to such sale in a newspaper circulating in the municipality and in a financial newspaper published in the City of New York, New York, or the City of Chicago, Illinois, or the City of San Francisco, California. Pending the preparation of the definitive bonds, interim receipts or certificates in such form and with such provisions as the governing body may determine may be issued to the purchaser or purchasers of bonds sold pursuant to this act. Said bonds and interim receipts or certificates shall be fully negotiable within the meaning of and for all the purposes of the negotiable instruments law. [En. Sec. 4, Ch. 126, L. 1939.]

5668.65. Covenants in resolution authorizing issuance of bonds. Any resolution or resolutions authorizing the issuance of bonds under this act may contain covenants as to (a) the purpose or purposes to which the proceeds of sale of said bonds may be applied and the use and disposition thereof, (b) the use and disposition of the revenue of the undertaking for which said bonds are to be issued, including the creation and maintenance of reserves, (c) the transfer from the general funds of the municipality to the account or accounts of the undertaking, an amount equal to the cost of furnishing such municipality or any of its departments, boards or agencies with the services, facilities and/or commodities of said undertaking, (d) the issuance of other or additional bonds payable from the revenue of said undertaking, (e) the operation and maintenance of such undertaking, (f) the insurance to be carried thereon and the use and disposition of insurance moneys, (g) books of account and the inspection and audit thereof, and (h) the terms and conditions upon which the holders of said bonds or any proportion of them or any trustee therefor shall be entitled to the appointment of a receiver by

the district court, which court shall have jurisdiction in such proceedings, and which receiver may enter and take possession of said undertaking, operate and maintain the same, prescribe rates, fees, or charges, subject to the approval of the public service commission of Montana and collect, receive and apply all revenue thereafter arising therefrom in the same manner as the municipality itself might do. The provisions of this act and any such resolution or resolutions shall be enforceable by any bondholder, by mandamus or other appropriate suit, action or proceeding in any court of competent jurisdiction. [En. Sec. 5, Ch. 126, L. 1939.]

5668.66. Validity of bonds. Said bonds bearing the signatures of officers in office on the date of the signing thereof shall be valid and binding obligations, notwithstanding that before the delivery thereof and payment therefor any or all the persons whose signatures appear thereon shall have ceased to be officers of the municipality issuing the same. The validity of said bonds shall not be dependent on nor affected by the validity or regularity of any proceedings relating to the acquisition, purchase, construction, reconstruction, improvement, betterment, or extension of the undertaking for which said bonds are issued. The resolution authorizing said bonds may provide that the bonds shall contain a recital that they are issued pursuant to this act, which recital shall be conclusive evidence of their validity and of the regularity of their issuance. [En. Sec. 6, Ch. 126, L. 1939.]

5668.67. Lien of bonds. All bonds of the same issue shall, subject to the prior and superior rights of outstanding bonds, claims or obligations, have a prior and paramount lien on the revenue of the undertaking, for which said bonds have been issued, over and ahead of all bonds of any issue payable from said revenue which may be subsequently issued and over and ahead of any claims or obligations of any nature against said revenue subsequently arising or subsequently incurred. All bonds of the same issue shall be equally and ratably secured without priority by reason of number, date of bonds, date of sale, date of execution, or date of delivery, by a lien on said revenue in accordance with the provisions of this act and the resolution or resolutions authorizing said bonds. [En. Sec. 7, Ch. 126, L. 1939.]

5668.68. Bonds not a general obligation of municipality. No holder or holders of any bonds issued under this act shall ever have the right to compel any exercise of taxing power of the municipality to pay said bonds or the interest thereon. Each bond issued under this act shall recite in substance that said bond, including interest thereon, is payable from the revenue pledged to the payment thereof, and that said bond does not constitute a debt of the municipality within the meaning of any constitutional or statutory limitation or provision. [En. Sec. 8, Ch. 126, L. 1939.]

5668.69. Undertakings to be self-supporting. The governing body of a municipality issuing bonds pursuant to this act shall prescribe and collect reasonable rates, fees or charges for the services, facilities and commodities of such undertaking, and shall revise such rates, fees or charges from time to time whenever necessary so that such undertaking shall be and always remain self-supporting. The rates, fees or charges prescribed shall be such as will produce revenue at least sufficient (a) to pay when due all bonds and interest thereon, for the payment of which such revenue is or shall have been pledged, charged or otherwise encumbered, including reserves therefor, and

(b) to provide for all expenses of operation and maintenance of such undertaking, including reserves therefor. [En. Sec. 9, Ch. 126, L. 1939.]

5668.70. Use of revenue. Any municipality issuing bonds pursuant to this act for the acquisition, purchase, construction, reconstruction, improvement, betterment or extension of any undertaking shall have the right to appropriate, apply or extend the revenue of such undertaking for the following purposes: (a) to pay when due all bonds and interest thereon, for the payment of which such revenue is or shall have been pledged, charged or otherwise encumbered, including reserves therefor, (b) to provide for all expenses of operation and maintenance of such undertaking, including reserves therefor, (c) to pay and discharge notes, bonds, or other obligations and interest thereon, not issued under this act for the payment of which the revenue of such undertaking is or shall have been pledged, charged or encumbered, (d) to pay and discharge notes, bonds or other obligations and interest thereon, which do not constitute a lien, charge or encumbrance on the revenue of such undertaking, which shall have been issued for the purpose of financing the acquisition, purchase, construction, reconstruction, improvement, betterment or extension of such undertaking, and (e) to provide a reserve for betterments to such undertaking. Unless and until adequate provision has been made for the foregoing purposes, no municipality shall have the right to transfer the revenue of such undertaking to its general funds. [En. Sec. 10, Ch. 126, L. 1939.]

5668.71. Consent of another municipality. No municipality shall construct an undertaking wholly or partly within the corporate limits of another municipality except with the consent of the governing body of such other municipality. [En. Sec. 11, Ch. 126, L. 1939.]

5668.72. Consent of state agencies. It shall not be necessary for any municipality proceeding under this act to obtain any certificate of convenience or necessity, franchise, license, permit, or other authorization from any bureau, board, commission or other like instrumentality of the state in order to acquire, construct, purchase, reconstruct, improve, better, extend, maintain and operate an undertaking, but the supervisory powers and duties of the state board of health shall continue as heretofore. [En. Sec. 12, Ch. 126, L. 1939.]

5668.73. Construction of act. The powers conferred in this act shall be in addition and supplemental to the powers conferred by any other general, special or local law. The undertaking may be acquired, purchased, constructed, reconstructed, improved, bettered, and extended, and bonds may be issued under this act for said purposes, notwithstanding that any general, special or local law may provide for the acquisition, purchase, construction, reconstruction, improvement, betterment, and extension of a like undertaking, or the issuance of bonds for like purposes, and without regard to the requirements, restrictions, limitations or other provisions contained in any other general, special or local law, including, but not limited to, any requirement for the approval by the voters of any municipality. Insofar as the provisions of this act are inconsistent with the provisions of any other general, special, or local law, the provisions of this act shall be controlling. [En. Sec. 13, Ch. 126, L. 1939.]

The state board of examiners is hereby authorized and empowered to issue and sell bonds of the state of Montana, payable in lawful money of the United States, in an amount sufficient to pay, refund and redeem all capitol building bonds heretofore issued by the state of Montana and held by the state board of land commissioners as investments of trust funds under the administration of said board. The proceeds from such sale shall be deposited in the treasury of the state of Montana and credited to the "capitol building refunding bonds sinking and interest fund" and shall be used exclusively for the payment of said outstanding capitol building bonds and interest thereon. [En. Sec. 1, Ch. 133, L. 1939.]

5668.75. Interest rate—terms and form of bonds. Said bonds shall bear interest at a rate not exceeding four per centum (4%) per annum, payable semi-annually. The bonds shall be either amortization or serial bonds, shall bear such date as the state board of examiners shall prescribe and shall be payable over such period of years, not exceeding twenty (20), that the said board of examiners may specify. All bonds shall be optional and redeemable five (5) years after the date of issue and on any interest payment date thereafter at the option of the state board of examiners. The said bonds shall be in such denominations and form and shall contain such recitals as the state board of examiners may determine, shall be signed by the governor, the attorney general, the secretary of state and the members of said board, and shall be payable at the office of the state treasurer of the state of Montana. The coupons attached to said bonds may bear the facsimile signatures of the members of said board. [En. Sec. 2, Ch. 133, L. 1939.]

5668.76. Levy for payment of bonds and interest—income from land grant. There shall be and there is hereby levied annually upon all property in the state of Montana subject to taxation, an ad valorem tax on each dollar of the taxable valuation of such property, sufficient in amount to pay the principal and interest on said bonds as the same become due and payable, which tax when collected shall be placed by the state treasurer in a fund to be known as the "capitol building refunding bonds sinking and interest fund", and used for the payment of the principal and interest of such bonds and for no other purpose; which tax shall be computed against the different classes of taxable property on the percentage value thereof for taxation purposes as such percentage may be provided by law. All of the income from all lands granted by the congress of the United States to the state of Montana for public buildings at the state capitol shall be placed in the "capitol building refunding bonds sinking and interest fund" to be applied in payment of the principal and interest of such bonds. The state board of equalization shall hereafter and between the first and second Monday in August of each year, ascertain and determine the amount required to pay the principal and interest on said bonds becoming due during the then current fiscal year and the amount of money standing to the credit of the "capitol building refunding bonds sinking and interest fund" and applicable to the payment of interest and principal of said bonds during the then current fiscal year, and after deducting such amount from the amount required to be paid as such principal and interest during the then current fiscal year, shall cal-

culate, determine and fix a rate of tax levy sufficient to produce the balance of the amount, if any, required to pay such principal and interest becoming due and payable during the then current fiscal year. The state board of equalization shall annually and before the second Monday in August, certify such tax levy as calculated and determined by such board to the county clerks of the several counties of the state, and such county clerks shall compute such taxes and enter the same on the assessment books, and such taxes shall be collected and transmitted by the county treasurer in the same manner as other taxes for state purposes are collected and transmitted. [En. Sec. 3, Ch. 133, L. 1939.]

5668.77. Sale or exchange of bonds. The said bonds shall be sold by the state board of examiners at such time, in such manner and in such amounts as the said board shall deem for the best interests of the state in carrying out the purpose for which the issuance of the said bonds is authorized, provided that such bonds shall not be sold for less than par plus accrued interest to date of delivery of the bonds. The bonds or any part thereof may be exchanged for outstanding capitol building bonds and in such case the state board of examiners shall fix the rate of interest which the refunding bonds shall bear, not exceeding four per centum (4%) per annum, and each institution or fund holding any part of the said capitol building bonds shall receive refunding bonds equal in amount to the par value of the outstanding bonds plus the interest accrued thereon up to the date of the new bonds. If the refunding bonds are offered for sale they shall be sold at open competitive bidding. [En. Sec. 4, Ch. 133, L. 1939.]

5668.78. Registration of bonds. Each of said refunding bonds shall be registered before delivery with the state treasurer of the state of Montana who shall keep accurate accounts of payments of interest and principal upon said bonds. [En. Sec. 5, Ch. 133, L. 1939.]

5668.83. Disposal of bonds. The bonds provided for in this act shall be disposed of by the state board of examiners in such manner as they shall deem for the best interests of the state and in carrying out the provisions of this act; provided, that no bond shall be disposed of for less than its par value. [En. Sec. 5, Ch. 168, L. 1939.]

5668.84. Use of proceeds from bonds. [En. Sec. 6, Ch. 168, L. 1939.]
